## RECREATION IS IMPORTANT

Recently a civic club of Sulligent, Ala., earned \$475 with its "Coon on Log" day. Expenses for the event were raised by selling advertising space to local merchants. Approximately \$4000 dollars was spent in lighting the combination field for football and baseball. Most of the work was done by members of the club, and all the money was raised by their efforts. Small loans, bearing no interest, were solicited from citizens and patrons of the school. The money will be repaid by receipts of games played there.

## KIWANIS NEWS

### Easter Dawn Services Will Be Conducted by the Club

The regular meeting of the Kiwanis Club of Taneytown was held on Wednesday evening at Taney Inn. President Lewis Crumpacker presided. The program for the evening was in charge of Chas. Cluts of the Agricultural Conservation Committee. Mr. Cluts introduced Mrs. J. Miles Neidig who spoke to the club briefly in regard to the importance of promoting better homes and gardens. She stressed the difference between a house and a home and stated that before a home can be considered as such it must involve human life and thus become a unit of ideas which is a product of God working through mankind. She further stated that the general trend in home building is causing the home to lose its individual status. That is, she had reference to the construction of apartments and row houses such as are being built in the large communities and in some instances even in rural areas.

Also attending the meeting was Mr. J. Miles Neidig, husband of the speaker.

Announcement was made by Raymond K. Wright of the Easter Dawn Service to be held at the Trinity Lutheran Church at 6:00 A. M. Easter Sunday morning, which is to be conducted by the members of the Kiwanis Club. Those having to do with the preparation of this program are Rev. Glenn L. ## CATHOLIC WORK IN THE SOUTH

### Rev. Owens, Assisted by Fr. Walker, Writes--

#### XIV CATHOLIC WORK

In describing the picturesque religious capitols of the Baptists, Presbyterians, and Methodist Bodies, whose living monuments of distinguished services in the Southern Mountains, have attracted national attention, it was not meant to imply that these alone were worthy of mention. Numerous other religious bodies could be mentioned with equal merit. One among these, worthy of special mention, is the splendid services of the Roman Catholic Church.

As the tourist travels through the southern areas he frequently sees evidences of the good work of this Church. Sisters of Charity, Sisters of Mercy, Parochial Schools, beautiful Churches, Hospitals, and other Catholic institutions, are often in evidence.

It was not the original intention of this travelogue to describe any religious centers. It grew out of visits to some of these centers of picturesque interest that have attracted wide attention. Inasmuch as this has been done, some observations about the work of the Catholic Church, are worthy of mention.

The impressive achievements of this Church in rural America including the Southern Mountains, constitutes an admirable piece of work. One of these, in particular, is the fine school for girls and Sanitarium at Asheville.

#### CARDINAL GIBBONS

The Catholic work in N. C., is closely linked with Baltimore where the imprint of the great soul of Cardinal Gibbons, is still felt. And like wise as one travels about N. C., he can still feel the imprint of the great soul of the famous Cardinal, one of the ablest and most popular churchmen in American history, and one of the brightest stars in the firmament of Baltimore and Maryland. This distinguished churchman, born in Baltimore, July 23, 1834, was the father of Catholic work in N. C., where he was made Vicar Apostolic in 1868. At that time Catholic work in that state was negligible, only 3 churches, two priests, and 1000 members in the whole state.

In a period of four years this famous Cardinal (he was not yet a Cardinal at that time), visited every Catholic home in the state, from the coast to the mountains, a distance of 400 miles. He studied the Protestant point of view, and made himself as popular with Protestants as Father Walker, in Taneytown. He preached in many Protestant pulpits, in Court Houses, Masonic Lodges, and other places, as opportunity afforded. He made himself the friend of everyone. His charitable understanding, wide sympathy, and fraternal tolerance, crowned him with distinguished success. In many communities he opened Parochial Schools. In a brief period of four years he built six churches. He introduced the Benedictine Order at Belmont that later grew into a noted Abbey.

The fruits of his labor can be seen in Asheville, as well as in many other communities, in the Catholic Institutions that remain as monuments to the energetic work of the great leader from Baltimore, later to be made a Cardinal.

#### FATHER WALKER

Inasmuch as this story today ought to be made part of the record of this travelogue, the writer has asked Father Charles J. Walker, the genial and charitable minded priest of Taneytown, who, in so many ways, reminds us of Cardinal Gibbons, to supplement this story with official information about the work of his Church in N. C. Father Walker's statement follows:

"Dear Mr. Owen: Pardon my delay in sending you a little information for your interesting account in the Carroll Record."

"The Catholic Diocese of Raleigh comprises the entire State of N. C., with the exception of Gaston County. It was established as Vicariate Apostolic in 1868, with the Most Rev. James Gibbons, of Baltimore, being made its Bishop. From 1868 to 1924 it remained as a Vicariate. During these years the following Bishops ruled: The Most Rev. John J. Keane, Most Rev. H. P. Northrop, and the Most Rev. Leo Haid. In 1925 the Most Rev. W. J. Hafey, of Baltimore, became the first Bishop of the Diocese of Raleigh. In 1937 the Most Rev. E. J. McManess became the Bishop. In 1945 the present Bishop, Most Rev. Vincent S. Waters, took charge."

The Catholic population in 1940 was 17,602. The Population of the State of N. C., is given as 3,484,092. There are 163 Catholic Priests, 303 Sisters of different Religious Orders. There are five Catholic High Schools, 37 elementary schools, one University. There are 3800 children in Catholic Schools.

There are six Catholic Hospitals that treat about 25000 patients each year. The more important parishes are those whose history go to make up the better part of the growth and importance of North Carolina; St. Lawrence's at Asheville; St. Joseph's at Burgaw, Blessed Sacrament at Burlington; St. Patrick's at Charlotte; Immaculate Conception at Durham; St. Benedict's at Greensboro. The late James Cardinal Gibbons,

## THIS 'N' THAT (Your Chatty Column)

With all my heart, I wish you every morning. A smile that shall last until the next day's dawning. I wish you health—life's greatest wealth! I wish you always near so that I may help to cheer. Each future day and in some way—help to bring you happiness!

A brilliant moon is shining down upon the entire country side as I type this column. What is more beautiful than a moon this time of the year? God's Lantern All The Way!

On a Saturday night, a few weeks ago, Your Observer was walking on North Avenue in the big city at St. Paul Street after visiting my favorite sweet shop, (Doebringer's) and saw the old familiar huge electrically lit sign over the church door (Presbyterian) shining, "COME!" I walked in the vestibule of the church (my Minister following me) and looked through the glass door and I saw across the foot of the pulpit in big lettering, "YOUTH FOR CHRIST." I opened the door and we walked in. The church was crowded with the exception of the usual few Pews way down front. I can't understand why individuals hesitate about being seated in the front pews. Your Observer is always glad when one is vacant as I never want to miss one single word any Minister says regardless of denomination. I was glad the real Sermon was yet to come. Finally, a young Minister from Bristol, Penna. (Baptist) by the name of Krauss was introduced and never have I heard any Sermon especially for young people preached with such enthusiasm as that Sermon. (And I do like any Minister to be demonstrative). That Sermon was interesting from start to finish! Coming into the church walking down to the front pew, I particularly observed the vast number of young people seated there in that House of God! And yet many think that the young people do not attend church. Seeing is believing!

The Baptist Minister in the midst of his Sermon said something which impressed Your Observer deeply as it did, I am sure everyone seated there. He said he never could understand why people suppress their love for Christ as though they were ashamed to let it be known to the public. He continued, "You go to a basketball game and become most enthusiastic, you attend a theatre and applaud for the big actor or actress and the show, you go to a ball game and shout with joy at the winning side but you seem timid to show your real love for Christ. In fact you rarely whisper of your love!" Then he went on in detail about showing our love for God!

A minister visited his brother who also was Minister of different denominations and as they were going to make several calls, the visiting brother said, "Arthur, I have some money that I would like to leave here!" The brother quickly replied, "It is best to take it along due to the fact that we will be gone all day!" Walking over to the bedroom table he picked up his brother Arthur's Bible and placed the bills amongst the leaves! "I'll place it in these pages, Arthur for no one reads the Bible!" There is a little church over in Dover which is one hundred and fifty years old. The architecture of the type of the 16th Century of the William Penn period. The balcony in the rear which held the slaves. Your Observer has been in it many times with my Minister as it was on his charge almost seventeen years ago—One of three churches. Many of the members in fact all but one have moved away from the community and once a year the church is opened for the surviving member!

So long, Folks. Have a grand week end. Go to church and if the day is a rainy one there will always be sunshine in God's house of any denomination! Until next week. Will be seeing you. Faithfully, YOUR OBSERVER.

## "GOLDEN RULE" CLASS MEETS

The "Golden Rule" Class of Grace Reformed Church met at the home of Mrs. William Simpson, Tuesday evening, April 4th.

The program was in charge of Mrs. Simpson after which it was turned over to the President and the usual procedure of business was performed. A tentative date of June 10 was set for a bake sale.

Mrs. Jacob Stambaugh won the prize for the social activities. The meeting closed with the Lord's Prayer after which the hostess served very nice refreshments. Next meeting will be May 2, with Mrs. Emma Rodgers.

of Baltimore, who was the first Bishop at Raleigh, did exceptional work both for Catholics and non-Catholics during his years from 1868 to 1872 to bring about a better feeling and understanding, and worse for the better conditions of the people, and was a great aid to those that ruled the State during his time. His work still lives, and among all classes he is remembered with love, respect and gratitude. We still hear him spoken of by the good people of N. C.

The writer wishes to thank Father Walker for his interesting comments and helpful information. Without his help, this religious part of the travelogue, completed today, would have been unbalanced and incomplete. Next week

### EASTER SEASON

When I was a boy about ten years old we had a youth 16 years old as one of our hands and I recall that at Easter it was then the custom to feast on eggs (they cost or fetched, 16c per dozen). This youth that year ate 16 hard boiled eggs for breakfast, and lived to tell the tale for half century later he visited me at my office where we reminisced on old times. He was a fine fellow, tho illiterate. He just wouldn't go to school and preferred to go to work instead.

But he was a good workman and held his own with the rest of the men in all the duties of farm life. John never got far from his home. He went with the crowd, of which I was one, to the Hampstead camp meeting, and he later came to see me in Baltimore. That was the extent of his travels. But he was a good worker. He could plow as straight a row as any of them, and swing a cradle with the most experienced.

He was a good hand at quarrying lime-stone, and could and did fire the kiln with expertness, and in due season spread the lime with ease and grace. I haven't seen John for many years but I am pleased to reckon him among my best friends.

### LISTEN TO HENRY J. TAYLOR

Big questions are put up to Henry J. Taylor, the famous radio broadcaster who talks on "Your Land and Mine," every Monday night. He was asked: "How does the outlook for payrolls and jobs look to you, Mr. Taylor, as you travel around the country?" The reply by Taylor, was: "It seems to me that the country is getting a bad case of the jitters. Apprehension loads the public mind everywhere I go. Up and down this country I meet the folks in every walk of life who are apprehensive. There are many reasons for it—most of which could be cured....folks sense great personal danger in our growing debt. The Government is spending \$75,000,000 a day more than it takes in.

"Even many farmers I visited who have received Federal cash for cotton, peanuts, wheat, or potatoes, which they know the Government cannot market are beginning to wonder where they will come off in the end with wastages like this."

"Now the construction industry is actually booming for this time of the year, and that's fundamental. It supports the surface activity at the roots....Machinery industry, in turn, is estimated by the Department of Commerce to be running at the big rate of \$19,000,000,000 this year."

Taylor is an optimistic gentleman as is proved by this statement of his:

"Let the people know the truth and the country is safe. There is nothing wrong with America that the truth and more courage and more wisdom will not cure."—National Industries News Service.

Ford is the only car in automotive history to twice receive the Fashion Academy's Gold Medal Award as "Fashion Car of the Year."

YOU ACTUALLY "pocket" up to 15% of every gas dollar of highway driving. Because in Ford Automatic Overdrive your engine speed relaxes 30% while your road speed remains unchanged. Your car hustles at 50 m.p.h., for example, while your engine loafs at only 35. This saving, plus extra long engine life, adds up to a smoother "4th gear" ride that pays its own way. And for added safety, a slight touch on your gas pedal releases a powerful surge that makes passing and hill-climbing a breeze.

The Death Angel again visited our little town for the third time since the beginning of the year 1950. This week we extend heartfelt expression of sympathy to the family of Mr. William Arthur one of our oldest and highly respected citizens who died Palm Sunday morning, April 2. He will be missed in the home, his church and community in which he lived 92 years. Personally he was one of the nicest men I ever knew. Funeral services were conducted from his late home on Wednesday afternoon at 2 P. M. The Rev. Charles S. Owen, pastor officiating, interment in Baust church cemetery. The flowers were many and beautiful.

Easter, one of the most important seasons for the entire world, is also the time nature extends a greeting to an awakening universe. All growing things emerge from their winter sleep to flourish again in strength and beauty. There are many pretty legends of flowers, trees, animals and birds associated with the crucifixion of Jesus and his resurrection. The date of Easter is determined by the phase of the moon. The rule was adopted in 325 which makes Easter day to be always the first Sunday after the full moon which happens upon or next after March 21, and if the full moon happens on a Sunday, Easter day is the Sunday after. By this arrangement Easter may come as early as March 22, or as late as April 25th. An old story says that at the time of the Crucifixion, many flowers died of utter sorrow on that terrible night, but the jasmine folded its leaves and lived. However, when it opened in the morning, it was not pink, but had turned white, and was never to show color again.

The most popular flower of Easter is the lily. Its whiteness is a sign of joy and light and symbolizes purity. The white lily is sacred to the Virgin. "Madonna lilies" burst into bloom on Easter dawn.

The dogwood, at the time of the Crucifixion, according to folklore, has a large and beautiful forest tree. Its wood was so strong it was selected for the timber of the Cross. But the dogwood was so sad because of having been put to such use that, by divine decree, it was never again to grow so large and strong as to be made into a Cross, but to remain slender and twisted. Its blossoms would be in the form of a cross, and in the center of the outer edge of each petal there should be nail prints brown with rust, and stained with blood.

The census takers are on the loose again! All over the United States, in every hamlet and on every farm a census enumerator will call within the next ten days. Farmers again will be asked the most questions—334 queries about their operations.

The questionnaire is expected to give a complete picture of farm operations, equipment, production and income. For crops harvested in 1949, the farm operator will be asked to report acreage, yield and value of the crops sold or to be sold. Livestock inventories will be reported as of April 1, 1950, while inquiries and live stock products will refer to the 1949 calendar year. Questions will be asked by the enumerator about your housing. These questions will deal with everything from the mortgage to the kitchen sink. You are asked to be patient and helpful. The enumerator will explain anything you don't understand. The census is helpful in many ways to farmers, businessmen, statisticians, and government officials. The district your Congressman represents, for instance, depends on the census. Much light is thrown on crop and livestock trends and marketings. What happens if you refuse to answer the census questions? If you refuse the information elsewhere, such as from your neighbors or relatives. But census officials have the power to take drastic legal action against you. Questions on income cannot be answered by government officials for purposes of taxation, regulation, or investigation. The law is explicit on that point.

There were fourteen members present and after a very interesting program refreshments were served. Her condition is satisfactory. Thousands of persons were attracted to Hanover on Sunday to see the damage done by the fire which left the Gitt building facing center square a gaunt building with gaping windows and fire blackened interior. Plans are already under way to rebuild the Gitt property and repair the Farmers' State Bank. The Penny Store started salvage operations early Sunday morning. While the merchandise was not affected by water, truckloads of clothes still on garment racks were taken to different places in the city where lines were erected and the garments hung on them to dry. The Penny Store plans to hold a fire salvage sale as soon as arrangements can be made.

Visitors at the home of Mr. and Mrs. David Miller over the week-end were Mr. and Mrs. Ralph Snyder, of Hanover; Mr. and Mrs. David C. Miller and Mr. and Mrs. Charles Bush and daughter, Charlene.

The three small daughters of Mr. and Mrs. Lee Fink are ill with the whooping cough. These are the first cases of whooping cough reported in the community this year. While some progress has been made in treating this childhood disease, it is still a dangerous thing for a small child to have.

This is the time of year when dandelion fixed over ones favorite recipe is a delicious treat and one that doctors say tones up the system.

luncheon in Frederick on Wednesday.

Mr. and Mrs. Alton Dudderar, of Frederick, and Mr. and Mrs. Clarence Myers and two children of Baltimore, were visitors of the Russell Bohns over the week-end.

Each time I pass the new elementary school being built in Taneytown, I wonder why Union Bridge school children are being given only a bare minimum of what they really require in the addition to the Elmer Wolfe School. For some reason the leaders of our community are failing their boys and girls. Why? Is it due to our children are worth the effort to see that they get the kind of school they are entitled to?

The Lions Club will sponsor an Easter Egg Hunt at the local Firemen's park grounds, Saturday, at 2:00 P. M. for children up to the age of 12 years.

Nancy Roelke spent Sunday with Louise Stouch, at Littlestown. No one is rich enough to do without a neighbor.

Treated to Resist Diseases and Insects

You're sure of bigger and better yields of corn when you use Southern States Hybrids because they are both treated and bred to cut down insect and disease damage. Each kernel is given the Slurry Treatment—a 3-way chemical treatment for protection against soil and seed-borne diseases ... and insect control before planting. These treatments, which make for larger yields, combined with stronger stalks, greater ease and economy of harvesting, make Southern States Hybrids your best buy whether you raise corn for grain or ensilage. MR. CAVALIER IN TANEYTOWN  
 WEDNESDAY

Tall, handsome and dressed in a costume representing one of the most romantic periods in history, Mr. Cavalier arrived here Wednesday. Mr. Cavalier headed a friendly force of several automobiles bearing banners heralding R. J. Reynolds Tobacco Company's new, extremely mild King-size Cavalier cigarettes. Following the parade, Mr. Cavalier dismounted from his unique musical car and mixed with crowds in the shopping district. He dispensed complimentary Cavalier cigarettes to the curious, among whom were many members of the fair sex who frankly admired the young gentleman. Cavaliers are now on sale at stores all over town.

## Let's Think

by  
G. H. ENFIELD

### I SHALL ARRIVE (An Easter Message)

The Gospel of St. John may be  
thought of as the Easter Gospel. It is  
full of resurrection thoughts. Thus it  
is a gospel of hope, faith, and assur-  
ance.

"I shall arrive" is a conviction, a  
faith, an assurance. It is more than  
a hope. Many hopes never arrive.  
Many hopes are too weak to strive.  
No weak child can fight a strong  
fight.

"I shall arrive" is the faith of one  
who walks in the footsteps of Jesus.  
To walk in His footsteps means to  
go all the way. Would Jesus urge one  
to follow Him and then shut one out  
at the entrance to the Father's  
House? Hardly would any earthly  
father be guilty of a similar act. No,  
Jesus said: "In my Father's House  
are many mansions; if it were not  
so, I would have told you. I go to  
prepare a place for you." One of  
those mansions is mine. It will be mine  
forever. There will be no mortgage  
attached. It will not depreciate in  
value except as I discount it before  
I inherit it.

In the deep recesses of the human  
heart are questions which only Eas-  
ter can answer. What is man? What  
is life? What is death? What lies  
just beyond death? What is resur-  
rection?

"I see my way as birds their  
trackless path. I shall arrive." So  
declared Browning. Is this not also  
the message of Easter? The fore-  
going is the poet's way of stating  
what Jesus had stated in John 6:40:  
"And this is the will of Him that  
sent me, that every one that seeth  
the Son, and believeth on Him, may  
have everlasting life: and I will raise  
him up at the last day." The Apostle  
continues to quote Jesus, "because I  
live, ye shall live also." And we know  
that through the Resurrection Jesus  
lives. "I am the resurrection and the  
life; he that believeth in Me, though  
he were dead, yet shall he live."

Easter is the assurance of con-  
tinued life. Easter dispels the hor-  
rors of the grave. The unqualified  
message of Easter is, "I am the  
Resurrection and the Life." I shall  
arrive at Immortality for Jesus has  
prepared the way.

Immortality is a yearning of the  
soul of man. Many of those who de-  
stroy their earthly life hope for an-  
other life elsewhere. The lessons of  
Easter sustain one who lays a loved  
one in the grave. Whittier expressed  
the Christian's attitude and faith in  
verse.

"Yet Love will dream, and Faith  
will trust,  
(Since He who knows our need is  
just.)

That somehow, somewhere, meet  
we must.  
Alas for him who never sees  
The stars shine through his cy-  
press trees!

Who, hopeless, lays his dead away,  
Nor looks to see the breaking day  
Across the mournful marbles play!  
Who hath not learned, in hours of  
faith,  
The truth to flesh and sense un-  
known.

That Life is ever lord of Death,  
And Love can never lose its own!  
Someone has said: Easter cele-  
brates the festival of Faith, the  
heights of Hope, the lessons of Love.  
Yes, I shall arrive at the height of  
Immortality.

## Look how you save with Dynaflow

FIRST thing you notice, of course,  
is the bother and effort Dyna-  
flow Drive\* saves.

Next, that Dynaflow saves you  
physically—after long trips you're  
less tense and tired, more relaxed.

But then, as the miles pile up—and  
this comes from cold, recorded fact  
after Dynaflow's two years of pub-  
lic operation—you spot savings you  
hadn't expected . . .

You save on tires—because power  
application is steady, even. On  
clutch expense—the usual friction  
clutch is gone.

You save on transmission mainte-  
nance, and the rear-axle expenses  
likely to go with it. And the way  
your engine is oil-cushioned against  
normal shocks and strains shows  
up in less engine upkeep.

\*Standard on ROADMASTER, optional at extra  
cost on SUPER and SPECIAL models.

#### FOUR-WAY FOREFRONT

This rugged front  
end (1) sets the style  
note, (2) saves on  
repair costs—verti-  
cal bars are indi-  
vidually replaceable  
(3) avoids "locking  
bars" (4) makes  
parking and garag-  
ing easier.

You may well discover another  
pleasant surprise, too.

We are getting a steadily mounting  
number of well-satisfied letters  
about gasoline mileage with Dyna-  
flow cars.

The SPECIAL has shown some rec-  
ords little short of phenomenal. The  
SUPER is delivering mileage that  
compares most favorably with gear-  
shift cars. And the ROADMASTER  
more than holds its own with cars  
of its size and bulk.

In short, there's a lot more to  
please your budget in the 1950  
Dynaflow than its new lower price.  
Refinements over the past two  
years result in savings that are siz-  
able over the life of the car.

Knowing that, don't you want us to  
demonstrate the big side of Dyna-  
flow—the utter smoothness of  
America's first oil-does-it-all drive?

### Truth About Easter

Lesson for April 9, 1950

"UP THIS WAY," writes a friend in a great city, "the hats and the bunny-rabbits have run away with Easter." The fact is, the world has stolen Easter and made something silly out of it. The world will not believe the truth about Easter, yet the world wants a holiday.

Dr. Foreman

The Man from Mars, visiting our planet at Easter time, would have a hard time guessing what the festival means. Rabbits? New clothes? A day off? The return of spring? Not at all, nothing of the sort. Bunnies and hats are gay; but the right word for Easter is not Gaiety, it is Glory.

#### God's Victory

EVEN IN churches you will not always hear the whole truth about Easter. You may hear that it is the festival of Returning Hope, or that it symbolizes new life, or that it stands for the triumph of faith over despair, or that it expresses our belief in immortality. In a way, all these ideas about Easter are true, but if that is all, then we have not yet got down to the truth about Easter.

The fact is—the fact which gives a solid ground for all these other facts—the first Easter was the day when God raised Jesus Christ from the dead. It was the day of God's victory over death, when the gates of death swung backward and the bars of death were broken.

The truth about Easter is that something happened on that day that never happened before and never will happen again. Because never before had the Son of God risen in personal triumph from the grave, and never will that have to be done over again.

If it were not for that fact, Jesus might have been remembered as a long-dead Jewish teacher, a hopeful but mistaken and defeated teacher, a name to be found only in encyclopaedias. But the truth about Easter is that Jesus is not dead, his hopes were not mistaken, he was not defeated, his Name is above every man! He is the Christian's living Lord.

#### His Power in Us

THAT STRANGELY TWISTED man Kierkegaard called Christianity "God's attack on man." You could not get that idea from the New Testament.

Marvelous as it is, Christianity is God offering to man the power to rise out of our dead selves, to do for us what we could never have done for ourselves. What has this to do with Easter? Just this: That when the Apostle Paul wants to explain what the power is which God sets at our disposal, what it is like and what it will do, he tells us it is the same power with which God raised Christ from the dead. (See 1 Cor. 6:14 Eph. 1:19,20; 2:6; Phil. 3:10.)

You see the truth about Easter is that it is the day when the Christians celebrate the most tremendous act God ever performed on this planet, or rather that day when God brought to a climax the whole mighty action of the coming and the life and death of Christ. And that is the power which is available for the Christian.

#### A Christian Is Supernatural

IF ALL YOU WANT of God is to have him do something for you, then you are rather like a baby who keeps crying for some one to bring him more toys . . . but he stays a baby. If your want of God is to have him do something with you, in you and through you, then you are like a child who really wants to grow up.

The Christian is a supernatural being. As C. S. Lewis puts it, we are not God's little toy soldiers, we are intended to be his sons and daughters.

But if the Christ is the "first-born among many brethren" then here is this life those who accept him have access to the same power that wrought in him. And at the end of life we shall not be afraid, knowing that we belong to the same God who raised our Lord Jesus Christ from the dead.

The glory of Easter is not something merely to be remembered or sung about; it is something to be experienced. The same God who conquered death "giveth us victory through our Lord Jesus Christ."

Those who want to keep an eye on the calorie content of their foods, may enjoy ice cream too. For contrary to popular opinion, ice cream is surprisingly low in calories. For example an average portion (1-5 quart) of vanilla ice cream contains only 200 calories—the same as a large baked apple.

## ...and such a replacement is READILY AVAILABLE!

Is Your Barn a Labor Saving  
Profit Producing Barn?

You know what modern farm machinery has done in the field. Has your dairy barn kept pace with that progress? Dairy men, it has been shown, spend upwards of a third of their time doing barn work. But in a barn that has been planned and equipped the Jamesway, chore time is cut way down, steps and time and labor are saved every day in the year and the herd's health and production

is notably increased. Your present barn can be made over, at a surprisingly low cost, into a labor-saving, profit producing "milk factory." Come in and let us show you how you can have the kind of barn you want and need.
