## TANEYTOWN PARK

### Plans for this Summer Outlined

Requests have been mailed out asking the people of the community to renew their membership in the Taneytown Recreation Association. Membership, donations and profit from the association's various activities, such as baseball, card parties and suppers, are the only means the association has with which to develop the park site into a complete recreation park and playground.

The success of the future development of the Recreation Park depends entirely on our citizens. Progress will be fast or slow depending on how the community supports the efforts of the Association.

The Taneytown Recreation Park is primarily a youth program, designed to develop strong, healthy and patriotic citizens for the future. Our children are our greatest asset and for them we are asking support.

Plans are being made to complete immediately a playground area which, it is estimated, will cost \$1000. The Lions Club and Kiwanis Club are cooperating in this project. More than one third of this amount is available now.

A rose garden, trees and shrubbery will be planted in the fall if the money is available.

Picnic shelter, fire place and maintenance building are included in the plans for this summer.

The Taneytown Recreation Park is not a dream but a reality. Your immediate renewal of your membership or a generous donation at this time will speed the work planned by the Association.

## HELP FIGHT JAPANESE BEETLE

A generous supply of spore dust, to combat the spread of the Japanese Beetle, has been received in Carroll County, according to word from the County Agent, Mr. Landon Burns.

This spore dust, when applied to the soil of lawns and meadows, will inoculate the soil against the Japanese Beetle grub and greatly reduce the infestation of Beetles. Residents in Carroll County may obtain a spore dust application to their properties by making application to the County Agent's office, Westminster, Md.

A limited supply of traps for leasing purposes are available and leases may be obtained from the County Agent's office as long as the supply lasts. Traps and bait may be obtained from the storage barn below the County jail, on Saturday mornings from 8:30-12.

## QUITE A SURPRISE

June 7th, I was getting breakfast and I happened to look out the window and saw an egg in the yard and one hen. So I went out to get the egg. As I picked it up she layed another one. They had soft shells.

I thought gee I hope the rest all lays today. So I went out to get the eggs in the evening. There were five eggs. What a surprise, and I only have six hens. They always said a hen cannot lay two eggs in one day. Now I know it can be done.

## VACATION BIBLE SCHOOL NOW IN SESSION

### Picnic Next Thursday, Closing Friday with Program

The Vacation Bible School, sponsored by the cooperating churches of Taneytown, opened last Monday morning in the public school building. A staff of 24 teachers and leaders, who volunteered their services, are doing a fine piece of work for the children of the community. Last Sunday night the staff and teachers were installed at a union service held in the Presbyterian church. The Rev. Nevin E. Smith, of Hanover, gave the installation sermon, and the Rev. Glenn L. Stahl had charge of the installation ceremonies.

Sessions of the school have been held each morning of this week from 8:30 to 11:30. These three hours are divided into four periods, namely worship, study, play, and handicraft period. To date 138 have been enrolled. A similar school at Keyville this year, with an enrollment of 62 have taken a number of students who otherwise would come to Taneytown. It is the policy of our school, however, to encourage neighboring communities to set up similar schools of their own. Eliminating these factors, there are more children in the Vacation School in Taneytown and vicinity this summer than have been registered any year heretofore. Sessions will continue each morning next week.

Because of the unusual large number of children in the fourth and fifth grades, this group has been divided into two sections. The services of Mrs. Jean Harman have been secured to teach this group of children. She is being assisted by Shirley Null.

At the beginning of the school all the students were given a badge to show forth that they had enrolled.

## ANNUAL PICNIC

On Thursday of next week the annual outing and picnic, will be held at Big Pipe Creek Park. This outing this year will be sponsored by the Kiwanis and Lions Clubs. Cars will leave the school grounds at 10 a. m. and return at 3 p. m. On Thursday the children will come to the school at 9:30 a. m. instead of the usual time. A food committee has been set up under the leadership of Mrs. John Skiles so that the children will be provided abundance of good things to eat. The transportation and admission to the Park, will also be provided for the children.

On Friday night of next week June 30 the closing exercises of the Vacation School, will be held at 8 p. m., in the auditorium of the public school building. This will consist of a moving picture and a program by the children. As heretofore the public and patrons of the school, are invited to the closing ceremonies of the most important summer program by the cooperative efforts of the churches.

## MUSICAL RECITAL

## ALUMNI HIGH SCHOOL NOTES

The annual banquet and dance was Saturday, June 17th, in the High School auditorium with approximately 160 members present.

A delicious dinner was served by the Ladies' Auxiliary of the Fire Company.

The music for the dance was furnished by the Tones, of York, Pa.

There was a short program in charge of the President, Edmund Morrison. Short talks were given by the Rev. Guy P. Bready, Lancaster, Pa., a former High School teacher, and Mr. Samuel Jenness, Superintendent of Schools of Carroll County. The Rev. Mr. Bready and Mr. Jenness were honored by the association by being made life members. Group singing was led by Mrs. Wallace Yingling. The roll-call by classes from 1920-1949 followed.

Plans are in the making for the annual weiner roast to be August 21st. The annual card party will be October 12th. This is to be an annual affair, to be held each year the 2nd Thursday in October. A bake sale will be August 26th. The Tones have been engaged for the Thanksgiving night dance.

## KIWANIANS MEET

### Speaker from Sales Tax Division Addresses Club

Mr. Edward F. Engelbert, assistant director of the retail sales tax division presented an interesting explanation of the Retail Sales and Use Taxes of Maryland at the regularly scheduled Kiwanian meeting held at Taney Inn on Wednesday last. In the absence of both president Lewis Crumpacker and Vice-President, David Smith past president, John Skiles presided. The invocation was given by Kiwanian Clyde Hess with the group singing again conducted under the capable leadership of Kiwanian Wallace Reindollar accompanied by Mrs. Estella Yingling at the piano.

The program for the evening was in charge of Dr. Charles H. Hopkins, a member of the local club, who introduced the speaker. In beginning his talk Mr. Engelbert explained the difference between the sales tax and the use tax stating that the sales tax was a levy on retail transactions within the bounds of the State of Maryland and that the use tax covered retail transactions out of the state on goods being brought into the state for consumption. It, the use tax, is established as a form of protection for Maryland merchants.

As in all legislation the acts prescribing the sales and use taxes laws certain exceptions or exemptions are being that merchandise purchased for resale is not taxed. The acts are designed to cover all sales transactions of a retail nature and effects all residents of Maryland plus those of other neighboring states involved in retail transactions with Maryland merchants.

The money collected from this source, contrary to common opinion, goes into the general funds of the state treasury. It is from this fund that a certain portion is designated for teachers salaries, the salaries of attendants at mental institutions, etc.

Because of the monies which revert back to the counties and municipalities as a result of taxes on a state-wide basis Carroll County's tax rates in 1949 was \$1.331/3 rather, than \$2.11 had it not been for this assistance.

Much interest was shown by those present in Mr. Engelbert's remarks and a rather long period of discussions was held at the conclusion of his talk.

Next week's meeting will be in charge of Kiwanian Norman Graham of the program committee. It will be an outing at Big Pipe Creek Park to which the ladies will be invited.

## PILGRIMAGE TO GETTYSBURG

There will be a Parish wide Pilgrimage June 25 to the Church of the Abiding Presence at Gettysburg Seminary. The four congregations of the Uniontown Lutheran Parish, Emmanuel-Baust, St. Luke's, Winters, St. Paul's, Uniontown, and Mt. Union will meet for the 11:00 A. M. Worship service at which time the Rev. Dr. Gould Wickey will bring the message.

Dr. Wickey was once a supply pastor (during his student days) in this parish and is now Executive Secretary of the Board of Education of the U. L. C. A.

The Parish Choir will render an anthem and Mr. Harris Frock will sing "The Lord's Prayer" with Robert Rau officiating at the organ.

The Rev. Donald Warrenfeltz, who was recently installed as pastor, will conduct the service.

Many families are taking a picnic dinner along and will spend the afternoon visiting the Lutheran campuses there as well as the battlefield. The public is cordially invited to attend the service.

## TRINITY MISSION CIRCLE HOLDS LAWN PARTY

On Thursday evening, June 22, at 7:30, Trinity Mission Circle entertained the Women's Missionary Society and several other invited guests, to a lawn party at the Lutheran parsonage. The program was opened by Miss Marian Martin playing several selections on the xylophone. Miss Belya Koons and Mrs. Alma Baer were the leaders for the program. A poem "God's Autograph" was read by Mrs. Nadine Riffle; a duet "For You I'm Praying" was sung by Janice Naylor and Shirley Null. Since the topic for the evening was "Sharing Ideas," several members of other societies were invited to tell of the work their Missionary Society was doing. Those participating were: Mrs. Carroll Wilhide, Mrs. Murray Baumgardner, Mrs. Fern Hitchcock, Mrs. Elwood Baumgardner, Mrs. Ernest Dunbar and Mrs. Delmar Riffle. The lovely song "Trees" was sung by Miss Dorothy Alexander. The program was closed with the poem "Out in the Fields with God" read by Mrs. Alma Baer and the entire group singing "Day is Dying in the West."

Each of the ladies having part in the program were presented an old-fashioned nosegay which was made by Mrs. Baer and Miss Koons.

Following the program delicious refreshments were served consisting of cake, ice cream, potato chips and punch.

The entire evening was a big success and all those who helped to make it so are to be congratulated including Our Heavenly Father who gave us such a beautiful evening.

From 1940 to 1948 the population in the United States is estimated to have risen nearly 2 million persons per year, according to the USDA.

The International night with the theme of "World Brotherhood" will be held the evening of July 6th. All Scouts will make a one day tour of our national shrines in Philadelphia. Religious observances will be held at the Jamboree so that each boy will be able to carry out any religious obligations he may have, such as daily prayers, morning Mass, devotions, grace at meals, and night prayers before retiring.

## ORIGIN OF "STANDING" WHILE NATIONAL ANTHEM IS BEING PLAYED OR SANG

Who was instrumental in the custom of standing when the "Star Spangled Banner" is sang or played? "The custom was adopted by the army and navy long ago, but was not originated by them. Many years ago when Jenny Lind, one of the sweetest singers the world has ever produced was the chief attraction at a Boston concert, Daniel Webster, the great patriot was present. Jenny Lind sang the "Star Spangled Banner" as only that song bird could sing it. The audience called her back several times and she sang a verse of our present national anthem. Each time one man stood up and at the close gracefully bowed to the singer. That was Daniel Webster. It was a good example to set, a needed custom to establish, and one that has been an important factor in impressing patriotic lessons." (From Providence Journal dated Feb. 19, 1916. It was made the National Anthem on March 3, 1931.)

## TRINITY BROTHERHOOD MEETS

The regular monthly meeting of Trinity Lutheran Brotherhood was held Wednesday evening at 8 o'clock. Mr. Merle Ohler was in charge of the devotional topic and program with Wilbur G. Naylor, Jr. and James Fair and Rev. Glenn L. Stahl as portional topic speakers. Mr. Geary Bowers read the scripture and Wilbur Naylor led in prayer.

A committee for Cub Scouting was appointed with Elwood Baumgardner, chairman, Stanley King, James Fair and Fred Garner. Committees were appointed to be announced later to plan the program, refreshments and games for the annual outing at Big Pipe Creek Park when the wives and families of the members will be invited.

Election of the Brotherhood was held with Franklin Fair, President; David Wilhide, Vice-President; Geo. Naylor Jr., Rec. Secretary; Kenneth Smith, Financial Secretary, and Herbert Bowers, Treasurer.

## CITY COUNCIL RE-ORGANIZES

John Chenoweth was selected to preside over the deliberations of the Mayor & City Council body for one year, at a re-organizational meeting of the town's governing group held Monday evening. Raymond Perry former president of the council will serve as Mayor to which office he was elected. Another new member of the Board, Carel E. Frock took his oath of office at this meeting.

The clerk Henry I. Reindollar, Jr., Elmer Crebbs, water plant operator, and officer Ray Yohn were re-appointed to their respective offices.

Now is the time to renew soil-improvement and erosion-control practices that have been delayed because of war production and world food shortages.

## THIS 'N' THAT (Your Chatty Column)

With all my heart, I wish you every morning  
A smile that shall last until the next day's dawning.  
I wish you health—life's greatest wealth!  
I wish you always near so that I may help to cheer  
Each future day and in some way—help to bring you happiness!

On Monday, Oct. 10, 1949 from the hours 10 a. m. to 4 p. m., eleven homes were opened to the public as a courtesy to the William Winchester Chapter, D.A.R. The proceeds to be used for various projects of this great organization to which they contribute.

The day was an exceedingly warm one plus the Sun shining brilliantly. All "The Ladies in Waiting" at the homes were most gracious and charming hostesses as they welcomed the guests which were from surrounding states as well as those nearby or in Carroll County.

Visiting "The Crapster Home" at the beginning of the tour interested Your Observer greatly because it is 'around the town'. The fine collection of glass and dishes which Mrs. Crapster possesses is worth seeing and, no doubt excels as to all the other ten homes. It is a cozy home besides and the type of furniture displayed beautifully in arrangement which has been handed down on both sides of the house which made it more interesting.

The second home was "Thorndale" and which is about the most spacious home and the most gracious of any home that I have visited for many months. What a delightful place for entertaining which holds much charm. It has the appearance of a strictly Southern architecture and is rich in design! From 1837 to 1872, a private school for girls was conducted at Thorndale by the Misses Birnie, daughters of "Clotworthy Birnie." There were two sessions with a month's vacation in the Fall and Spring. This school which was one of the first and best of its kind in the State offered an "English Education" to young ladies including their needlework, religious instruction and the traditional academic subjects. The mere tuition including board \$110.00 a term!

I met that grand "Bachelor Lady" from 'around the town' (who is the very finest in any town) and I was most fortunate as otherwise I would not have been able to locate the other homes which were a distance and far apart. This lady was with a few friends and the "chauffeur" was that "antique man" also formally from 'around the town' and he led the way.

Each old home had its original and individual personality.

At the Unger home in Westminster there were very old newspapers displayed called, "The South" which covered Carroll County many years ago and they were most interesting to Your Observer.

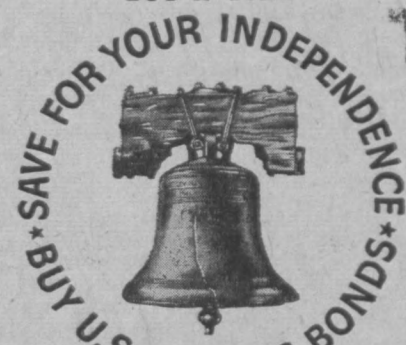

Space does not permit me to write in length about each home in detail. The real highlights of the houses were—one—a grand hanging circular stairway which today is something out of this world with the exception in Millionaires homes and one which I saw a few years back in the residential part of 5th Ave in New York City which was made mostly of gold with a running fountain beautifully lit on the ground floor. Ah! Now comes the part that took my breath away on that trip to the homes. Words fail me to convey to my readers the real beauty of the scene from the 'up to the minute' week-end Morrow home. It's view of the Blue Ridge Mountains from Big Round Top at Gettysburg to Point of Rocks in Virginia could be seen plainly. There is only one other scene to compare with that of which I wrote in a column in the Fall and that was looking down into the valley known as National Highway US. 40—Cumberland to Hagerstown.

There was a cute little daughter at "Four Winds" with whom every caller fell in love. She was dressed in a white "Pinafore" apron of olden days and which are now in the limelight. That cute pinafore fitted beautifully to the background of it all!

The place known as "Hidden Valley" surely is a hidden affair and as the antique man was in the lead, I thought surely he had the wrong pathway which went winding up and up into the woods. It is lovely upon reaching there but I don't wonder about that story of the bride who refused to marry her lover when she saw where the home was being built.

## SPEED AND DRINK

Now another organization has said it. Speeding and driving under the influence of alcoholic liquor are the two leading causes of the tragic toll from automobile accidents in the United States.

This is the declaration made by the National Committee for Traffic Safety in a resolution urging governors of States to take drastic action against these two offenses. It repeats what has been said by numbers of other groups and authorities.

As many persons know, speeding and tipsy driving are often the same thing. Liquor releases the normal controls and makes for recklessness. Other people pay.

The committee's resolution advocates a national system of license revocations to take convicted speeders and drunken drivers off the roads.

Intensified law enforcement activities can help in this. But police officials need the backing of clearer precedents in courts on the acceptance of chemical tests as proof of intoxication.

If a man drives a car with defective brakes or headlights there is little reluctance in convicting him; why should there be if tests show there is enough alcohol in his system to impair his muscular reactions and his judgment.—Christian Science Monitor.

## BETTER BUILDING CODES

The National Board of Fire Underwriters reports that substantial improvement in American municipal building codes was made last year. In that period, it helped prepare new codes or revise outmoded ones for 232 cities and towns throughout the country—more than double the number which asked such assistance the year before.

The organization's National Building Code has been revised six times since it was originally published in 1905. It also has an Abbreviated Edition for towns which do not feel the need for more detailed Code.

This is an encouraging development. A sound building code is one of the most effective and fundamental weapons in the war against destructive fire—and that goes for the small towns no less than the great cities. Firetraps, substandard commercial buildings, inadequate and improper exits, excessively flammable materials—these and other kindred dangers have been responsible for a huge amount of property loss and for a ghastly number of deaths and maimings. Fire is always waiting for its chance to strike—and poorly built and maintained structures are just what it is looking for.

The war against fire must be fought on all fronts, in all salients. Sound building codes are one, as are adequate fire-fighting facilities and a public which is alert to hazards and knows how to correct them. Our gigantic fire waste is something for which we can have no excuse.—Industrial News Review.

Well managed woodland can pay its own way in a farm economy. Too often woodland management work—whether it is thinning for cordwood, culling for woods improvement, or harvesting mature timber—is considered slack time work. Since there is little slack time work on any farm, the woodland operation usually ends up as unfinished business.

The top five or six inches of the asparagus stalk is the most tender for freezing.

As many bones as possible should be cut from pork that is to be frozen to save space in the freezer.

Notice the difference. A man will stand on the street corner, doing nothing, going no where—merely gazing into space. A woman never does that. But what she does is so much worse. She will stop another woman in the center of the sidewalk, stand for 20 minutes talking to her, and get in the way of all pedestrian traffic on that section of the pavement. A man telephones. A woman visits over the telephone.

### FEESERSBURG

This past Sunday was Father's Day, and it is a day supposedly set aside to honor the head of the house, the man that pays the bills and does all the other disagreeable tasks around the house. But many fathers from past experiences know that Father's Day is just another disguise for children's day or mother's day.

Generally that day has been set aside many weeks before as the day for a picnic (which father hates because he has an allergy to red ants crawling on the food) or the day mother decides to pay a long overdue visit to Aunt Minerva whom father hasn't spoken to since she accused the democrats of running the republican party. Anyway, dear father, brave soul that he is bears up pretty well and takes it like a man. He goes on the picnic and eats the red ants along with the other foods and greets Aunt Minerva with the enthusiasm of a ward boss greeting a precinct worker with a hundred votes up her sleeve.

And so Father's day ends as most days do with father getting the short end of the string. But he thrives on it, for if he didn't why are there so many fathers?

The guests were treated to a bountiful feast of good things to eat including two beautiful birthday cakes and the favorite American dessert—ice cream.

The Union Bridge Girl Scouts met at the home of Kay Luttrell, Friday afternoon and under the supervision of Mrs. Luttrell made cloth bags to use on a hiking trip which they plan to take this week. Mrs. Charles Lovell, Scout leader is on her vacation and the mothers are taking turns acting as leader in her place. During the month of July the Scouts will take swimming lessons in Westminster under a Red Cross instructor.

It is cherry picking time and soon it will be berry picking time which reminds me of the summer I use to spend with my aunt on her farm when I was about 12 years old. My Aunt had a mania for filling every glass and jar in her house with jam and jelly. So whoever happened to be visiting her at the time was forced to pick cherries or berries. It was a task I detested and I use to think up all kind of schemes to get out of it. Snakes terrified me, bees and hornets were my enemies—so also were grasshoppers or any other insect I could remember. But my Aunt saw through all my phobias and it would end with me putting on a bonnet and heavy shoes and going along to the tree or berry patch. We weren't allowed to eat a berry until our pail was filled and then we could gorge to our hearts content. The only thing that sustained us through the hot hours of berry picking was the thought of the swimming hole. For after our allotment was completed all of us (even my aunt) donned Mack Sennett bathing suits and went swimming. As I look back now it was all very wonderful and my Aunt was wonderful too (even her jam and jelly) for as judged by the 1920 standards she was modern. She was firm but she knew how to play to my heart and I have her to thank for many happy days and many precious jam spread thick with her berries.

Some towns and cities are keenly disappointed that they were larger than the census figures show. One town increased by the substantial figure of one. That was Leesburg, Va.

Thank you for your nice letter, but I wish you had signed your name and given me your address so I could have thanked you personally.

Miss Hazel Hess, of Taneytown will present her music students in a series of recitals this week.

Last fall when coffee prices took a

leap toward the sky housewives were warned that there was no actual coffee shortage and not to hoard coffee as this would only cause the price to go still higher. The recent investigation by congress into the coffee industry shows that there never has been a coffee shortage—in fact the very opposite exists—there is an over abundance of coffee and the price to the grower is so low that it doesn't pay him enough to bring it to market. However the speculators in coffee as in wheat are manipulating the market so that the grower and the consumer is getting the old squeeze play. The one that is getting the profit is the speculator. What to do about it? Well, use your own judgment. If you stop drinking coffee the poor coffee farmer will starve to death and if you keep on drinking it at the present high prices you are helping the very person who doesn't need it—the speculator. In fact you are where the consumer generally is—in the middle.

There is a book just off the press which should be a "must" for every American to read. Its title is "Incredible Tale" and it's written by Gerald W. Johnson. It is the story of the average American in the last half century, how he has reacted to the awesome phenomena of having lived at the time when three giants of history lived and passed on and the fourth giant remains to be reckoned with. The four giants are Wilson, Roosevelt, Lenin and Stalin.

The average American is the anonymous but not inglorious hero of this book which happens not to be fiction but facts. Read it for then you will better understand yourself and the times you are living in.

#### HAWTREY — BIRNIE

On June 17th, at 12 noon, Miss Jean Hawtreay became the bride of Mr. Clotworthy Birnie, Jr., son of Mr. and Mrs. Clotworthy Birnie, of Richmond, Virginia.

The ceremony was performed at

Christ Episcopal Church in Milwaukee Wisconsin by the Rector Dr. Day assisted by Dr. Allan W. Watts, of Evanston, Illinois.

Mrs. Birnie is the daughter of Mrs. E. K. Hawtreay, of Milwaukee. Edw. R. Hawtreay gave his sister in marriage. The rites were followed by a reception at the Federated Women's Clubs.

A small lace collar finished the fitted bodice of the bride's white marquisette gown with train orange blossoms edged the brim of the net cloche that held the fingertip veil. The bride carried an old-fashioned nosegay of white flowers. Two cousins of the bride, Mrs. Donald W. Almon, matron of honor, and Miss Dorothy Ann Koss wore gowns of white embroidered organdy over aqua taffeta. The two other bridesmaids wore white all over embroidered organdy over pink taffeta, with small shoulder capes. They all carried old-fashioned nosegays of blue and pink carnations and wore carnations in their hair.

Miss Betty Swadley, daughter of Mr. and Mrs. W. H. Swadley of Route 4, Johnson City, became the wife of Charles F. Rinehart, son of Mr. and Mrs. Norval Rinehart, Taneytown, Md., at a candlelight ceremony performed June 9, at 7:30 P. M., at the First Church of the Brethren.

The Rev. Sherman Ray, pastor of the church, officiated at the double ceremony. Vows were exchanged before an altar decorated with evergreen and baskets of hydrangeas and lace fern. Seven-branch candelabra entwined with fern held cathedral candles.

Mrs. Thrasher sang, "Oh Perfect Love" by Barnby, "A Sweet Mystery of Life" by Herbert and at the close of the ceremony, "The Lord's Prayer" by Malotte.

The bride was given in marriage by her uncle, D. C. Swadley. Her floor length gown had a fitted lace bodice with self-covered buttons to the waist. The skirt of nylon illusion fell over taffeta. A taffeta sash and taffeta mitts ending in points over her hands completed her gown. The finger tip veil of bridal illusion fell from a coronet of seed pearls. Her bridal bouquet of white carnations was centered with a purple orchid.

Mrs. Robert H. McKay, sister of the bride, was matron of honor. Her gown of blue embroidery organdy and net was made over the same lines as the bride's. Bridesmaids, Miss Margaret Swadley and Mrs. Troy Lee Broyles, wore dresses of pink dotted swiss and net fashioned like the gown of the matron of honor. The attendants wore matching mitts, crowns of net and sweet peas and carried nosegays, of sweet peas.

The groom chose as his bestman, Paul R. White. Ushers were: Thomas A. McKenzie, William Jackson, David Swadley and Sam H. Sherfy.

Immediately following the ceremony the reception held in the church social room was attended by about 130 guests. The bride's table was overlaid with a lace tablecloth. The table was centered with a cut-glass bowl of pink roses and crystal holders held burning tapers. The four tiered wedding cake was decorated with lilies of the valley and calla lilies. Mrs. Thomas A. McKenzie and Miss Marcella Thomas served the cake and Misses Grace White and Ruth Saylor presided at the punch bowl. Miss Barbara Swadley was in charge of the bride's book. Those helping at the reception wore corsages of rosebuds.

## THIS 'N' THAT

(Continued from first page)

The end of that story was that the man lived there alone!

There was a real "Georgia Brown" as a hostess in the Unger home, plus that Southern accent and just like the song!

One thing that was essential and which would have gone over in a big way if a lunch had been served at one of the homes and that way more money for all the endeavors for the day to go toward this wonderful cause.

There were many antiques which were admired by the callers and all beautifully placed. Over the Mantel in the library in the Unger home, I immediately recognized the wide bands which were the bell pulls years ago to signal the maid.

All in all that tour was most interesting and nice to look back upon and one which I would not have wanted to miss thanks to the antique man! It was a long day that was just different and although two of the roads were very long ones from the main highway nevertheless all the guests were delighted.

So long, folks. Have a grand week-end and always try to teach that little boy or girl the real value of your possessions when you keep them long enough and by the care they will be most cherished for them in years to come. Will be seeing you. Be good and be careful. Until next week D.V. I am,

Faithfully,  
YOUR OBSERVER.

Farmers should learn to "plant" a new kind of seed—that of security in the form of investment in U. S. Savings Bonds. The returns will be much more than the cost of production.

You'll need a grade A milkhouse if you are going to produce grade A milk.

## YOU CAN'T MATCH

An Electric  
Water Heater

## Water Heater

That's why only an  
Electric Water Heater  
gives you all six

**SAFE**—no flames, no fumes,  
nothing to leak, spill, burn or ex-  
plode—nothing to light—nothing  
to put out—install it and forget it.

**AUTOMATIC**—an electric  
water heater is so completely au-  
tomatic that there is absolutely  
nothing to adjust, change or fix in  
any way, once it's installed.

**LOW COST**—a special low  
electric rate for water heating  
brings operating costs down to a  
most attractive figure compared  
with other methods of water  
heating.

**CLEAN**—no ashes, soot, smoke or  
fuel of any kind to cause dirt, grime  
and muss. That means you can install  
your electric water heater anywhere.

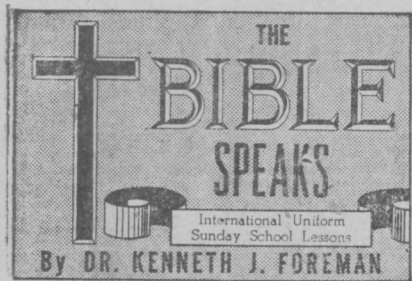

**PLENTY OF HOT WATER**—  
always plenty of hot water instantly avail-  
able with an electric water heater. Just  
be sure that you get a heater large  
enough to take care of your particular  
needs.

**CONVENIENT**—since no flue is required to remove smoke or fumes,  
and since it is completely dirt-free, an electric water heater can be in-  
stalled wherever convenient, from cellar to attic.

Electric water heaters come in a wide variety of sizes, designed to care for  
varying hot water needs. When considering an electric water heater be  
sure that your hot water requirements are understood, so that the proper  
size can be recommended.

SCRIPTURE: The Book of Jonah.  
DEVOTIONAL READING: Ephesians 3: 14-21.

## Peevish Prophet

Lesson for June 25, 1950.

JONAH THOUGHT he knew better than God. When men said, "Be a prophet," Jonah decided to take a long vacation. He took a ship for a far place so far away he thought even God could not follow. When God said, "Preach to Nineveh," Jonah decided that was the very thing he did not want to do. When God said, in effect, "Be a missionary," Jonah thought he would rather be a tourist. Of all the prophets on record, Jonah was the peevish one.

Dr. Foreman

The remarkable and unique little book of Jonah is perhaps the most misunderstood book in the Bible. Nobody knows how much ink has been wasted on the whale (which, incidentally, was not a whale but a fish!), whereas the real message of Jonah is not about whales at all. It is about taking the message of God to the most unlikely places in the world; it is the story of how the very people who ought to be doing it, sometimes won't do it.

### Does God Care?

CONSIDER the good reasons Jonah might have given for not going to Nineveh. They are like the reasons people give nowadays for not believing in foreign missions. (A mission to Nineveh was about as foreign a mission as any one could have thought of, in those days.)

Reason number one: The Ninevites were mean people. So they were. Assyria, of which Nineveh was the capital city, had done, and would do, Israel more harm than any other enemy she had.

The Ninevites were an unscrupulous, greedy people. They knew no law but force. They spread by violence into many a country. They were the nation nobody loved.

Should the message of God be given to such a city? Jonah thought not; God said it should.

And of course, God was right. If the message of God had been sent only to peoples and nations that "deserved" such a favor, God's messengers would all have stayed at home.

### Too Far From God

REASON number two: Nineveh is a long way off. Indeed it was. To reach Nineveh, Jonah would have to pass through at least a dozen other cities, all of which no doubt needed preachers. Were there not enough people at home who needed preaching? Of course there were. Only Jonah did not preach to them. He had a wonderful missionary opportunity there on the ship. Every man of the crew was a heathen. But Jonah was fast asleep.

This is often too true. People will protest about foreign missions; why send preachers and doctors and teachers and money so far away? Aren't there plenty of heathen right at home? Of course; but you won't often find the objector to foreign missions doing much about it.

Any church that is awake and active in supporting foreign missions will be found to be just as alive and intelligent in meeting the problems of the neighborhood.

### Judge The World

REASON number three: (This sounds like a silly reason, but Jonah actually put it forward—Jonah 4:2.) God is too good! What was the use of preaching to Nineveh, Jonah wanted to know, if God was going to be gracious and not destroy the city with fire from the sky?

If God is good and merciful, why should we bother about sending missionaries anywhere? Won't he save every one anyhow? Isn't God too good to judge the world?

Jonah overlooked the fact that God had mercy on the Ninevites because they repented. Nowhere in the Bible is there any encouragement to believe that God has mercy on the unrepentant. To all who turn to him, God is gracious; and the job of the missionary, whatever else he does, is to persuade people to turn to God. Be ye reconciled to God," said Paul, the great Christian missionary. If rebels will not lay down their arms, how can there be an amnesty?

The great tragedy of Judaism is the tragedy of Jonah: God wanted his people to win the world; but they became ingrown, they ceased even to wish to be a missionary faith. Shall the same tragedy overtake Christianity?

# KEYSVILLE-DETOUR WOMEN'S CLUB

Fifteen members and three visitors attended the regular meeting of the Keysville-DeTour Women's Club Thursday, June 15 at the former Keysville Store.

Mr. Fred Wilhide showed a reel of the films he took on a trip across the country last summer. It was an enjoyable picture showing various scenic wonders of Yosemite and Yellowstone National Parks, the Bad Lands of South Dakota, and typical scenery along the way from California through the states of Oregon, Washington, British Columbia, Canada, Idaho, Montana, Wyoming, Utah, etc.

The vice-president opened the business meeting. After the roll-call and minutes of the previous meeting a letter of resignation from the President, Mrs. Edward Coshun, was read. Mrs. Harold Thomas was then elected to that office, and took over the meeting.

The program committee, consisting of Mrs. Miles Neidig and Mrs. Melvin Bostian, ably assisted by Mrs. Gilbert Stine planned a most instructive program for the remainder of the year. Such things as learning to make rugs (hooked, braided, crocheted or what have) and quilting are among the various demonstrations scheduled for the future. The program includes a quiz program and a spelling bee among other interesting and amusing entertainment to follow the demonstrations.

The business concluded, the program was turned over to Mrs. Loren Austin who showed one group how to make cutwork and at the same time two of our visitors, Mrs. Earl Stitley and Mrs. Russell Stonifer, showed another group how to tat. Mrs. Ruth Shiffer was our third visitor. Mrs. Neidig assisted by Miss Vallie Shorb started to put a rush seat in a chair. Our hostesses, Mrs. Mark Baumgardner and Mrs. Miles Neidig served refreshments.

## MAN KILLED BY FREIGHT TRAIN

Roy Austin Louis Diehl, 35, was instantly killed Tuesday at about 11:56 P. M., when struck by a freight train while walking along the Western Maryland Railroad tracks about 50 yards from his home in Union Bridge.

Dr. James T. Marsh, Carroll county Medical Examiner, and State Troopers Poteet and Stallings were called to investigate. Dr. Marsh attributed death to multiple fractures of the skull and amputation of both legs just below the hips. His remains were said to have been strewn for some distance along the tracks. The engineer is reported to have said the train was traveling about 25 miles an hour when it struck Diehl and could not be brought to a halt before the entire freight of about 25 cars had passed over his body. It is understood a certificate of accidental death has been issued.

The victim was born March 12, 1915 in Pennsylvania, a son of Mrs. Margie Diehl, of Taneytown, and the late Mervin Diehl. Besides his mother he is survived by his wife, Mrs. Lillian A. Diehl, and a son, Richard, at home. He was employed as a carpenter with the Lehigh Cement Company. He was a member of the Lutheran church and of the Moose Lodge, of Frederick.

Funeral services will be held today (Friday) at 3:30 P. M., in St. James Lutheran Church, Union Bridge in charge of Rev. R. S. Poffenberger. Interment will be in Mountain View cemetery, Union Bridge.

## HIGHWAY HORSE SENSE

Use "low beam" when following cars at night. "High beam" causes an uncomfortable glare in the rear view mirror of the vehicle ahead.

In the hours of darkness when the driver ahead snubs his brakes several times for no apparent reason, it generally means that you are following him too close for his comfort.
