The Season's New Dances. There has not been a Newport season or years when so much attention has een paid to dancing as at the present. I suppose, says the Newport correpondent of the Chicago Tribune, it is because dancing has been having so much attention in London the last season, for there was a general revival of dances at the smart balls in Mayfair, and the waltz, so long the only dance tolerated by the swells, was set aside for more elaborate forms of dancing, and the English ladies even went so

THE VOTING MACHINE.

Description of How the Balloting is Accomplished.

The voting machine is, primarily, a counting machine, or, rather, a com-bination of counting machines. It board, with one key for each candi-der conditions not particularly condudate, and two-a "yes" and a "no" cive thereto, the following anecdote

the number of keys that can be oper-ated in any one office group—the can-didates of all parties for one office. The machine is operated by a small didates of all parties for one office. rections. It is unlocked by the move-the present site of the magnificent girl to serve it. ment of the gate, in a certain direc-tion, before the voter indicates his ballot on the keyboard, while a move-forethought, and it not infrequently in the second ment in the opposite direction casts the ballot indicated, and at the same when weariness and hunger combined when weariness and hunger combined the ballot indicated parts the kays

When a ballot is cast it is counted at once by the voter himself; for the to paralyze our mentality and render further work useless, we would find wouldn't call their game at an hour at once by the voter himself; for the total vote on the counter for each candidate is advanced one step by the act. The voting is done in the pri-vacy of the booth, and when the keys of the machine have been reset for the next voter, the identity of the preceding ballot is completely de-stroyed. Consequently, the secrecy of the ballot is absolutely assured. Not only is the voting of a straight ticket a simple affair, but the mechticket a simple affair, but the mech- fee Pat's, a well known penny lunch son. He ate an unsatisfactory dinner at anism is so adjusted that a scratched establishment on Park row, whose a restaurant and then poked around ticket can be voted as easily as if the sole other patrons were the 'printers' until it was time for a variety theater yoter were marking a ballot with his pencil. He cannot yote for more than that vicinity.

yoter were marking a bandt with ins pencil. He cannot yote for more than a specified number of candidates, be-cause, when the full yote has been cast for any one group of candidates, all the remaining keys of that group are found to be locked; and when all the Bulate berg here here the servery have the Ballots have been cast every key labor that night, and in consequence time. The show bored him still more, on the machine has become immova- looking very much begrimed, that Ed- but he stuck it out, for he wanted to

le. Again, the machine is supplied with inviting Pat's: 'Say, Johnson, we had to rub it in on Mrs. Jobson. By 11 Again, the machine is supplied with levers which may be so adjusted by the judges of elections that the voter cannot cast a ballot which he is not entitled to vote. For example, in cer-tain localities a failure to pay the poll-tax debars the citizen from vot-ing on exerctions in young in the expen-tion of the second sec
