Review of the Season.

The weather conditions of the crop we are sorry to lose him, and trust his successor here will be of the same obliging disposition.

Our school at Pine Hill has 30 pupils enrolled, and under the careful make rapid progress. An artesian well 50 feet deep has been dug at the school house, and an ample supply of excellent, water is enjoyed by our school. The committee who had charge of the picnic to raise funds to dig the well, desire to thank all who contributed toward the success of their undertaking.

Will moving his traction engine, one day last week, Mr. Samuel Sterner was obliged to leave it in the woods some distance from his house. Some distance from his house. Some ille miscreant tried to injure it by burning the wooden platform from the wood of the provided and the organization for adoption and grasses suffered to some extent from lack of snow protection during December and January. They were saved from irretrieves the improvements content and grasses suffered to some extent from lack of snow protection during December and January. They were saved from irretrieves and destroin during December and January. They were saved from irretrieves and destroin during December and January. They were saved from irretrieves and extent from lack of snow protection during December and January. They were saved from irretrieves and extent from lack of snow protection during December and January. They were saved from irretrieves and save average to abundant yields.

Winter grain and grasses suffered to some extent from lack of snow protection during December and January. They were saved from irretrieves and the surface of the injury during the extreme cold of February 9th. to 15th. by the heavy snow that fell at that time, but as the snow melted the ground underwent repeated freezings and thaw ings, and as a result the crops were favorable, the vields of wheat, rye and heavy and early summer were favorable, the vields of wheat, rye and heavy and early summer were favorable, the vields of wheat, rye and heavy and the vields does the summer of the save and s some distance from his house. Some idle miscreant tried to injure it by burning the wooden piakform from the rear end. Such vandals should be most severely punished.

Miss Zona T. Smith who spent the summer in West Virginia, has returned home, much improved by her visit.

Linwood.

This section was visited by a deluge on Tuesday afternoon last. Rain fell in torrents from 1 p. m. until after o'clock, swelling the streams, overflowing the meadows, washing deep gullies in the newly prepared wheat fields, and even running through a newly shingled roof, flooding a garret. Yet we were not quite so unfortunated and an answer to make at this roof.

fields, and even running through a newly shingled roof, flooding a garret. Yet we were not quite so unfortunate as one of our neighbors, who was boiling apple butter in an out house. We were informed that he left the stirring process to his wife, while he ran to the spring-house to save his milk, and when he returned he found his wife standing on a bench stirring through a newly shingled roof, flooding a garret. Yet we were not quite so unfortunate as one of our neighbors, who was boiling apple butter in an out house. We were informed that he left the stirring process to his wife, while he ran to the spring-house to save his milk, and when he returned he found his wife standing on a bench stirring through a newly shingled roof, flooding a garret. To bacco experienced an unbroken the had no answer to make at this time, but would reply when he got and Lot! To bacco experienced an unbroken period of favorable weather for bedding, field planting and growth, until the severe wind and hail storm of August 2nd., which was very destructive in portions of the tobacco grow-low districts, and then remarked that he had no answer to make at this time, but would reply when he got and Lot! Tobacco experienced an unbroken period of favorable weather for bedding, field planting and growth, until the severe wind and hail storm of August 2nd., which was very destructive in portions of the tobacco grow-low districts, especially in St. Mary's county, where the crop was entirely ruined in some localities. As a whole, however, the crop has oeen large and saved in fine condition.

home on Wednesday last, accompanied by her cousins, Misses Mollie and Mand Shriver.

Been obtained in many districts of the section the generally throughout the section the generally throughout the section the crop is above the average. Late corn promises good returns, and it is hard-promises good returns, and it is hard-promises good returns, and it is hard-promises good returns.

Interment at Woodsboro, on Tuesday afternoon.

Woodsboro.

Mrs. Charles M. Anders spent several days last week at Pen-Mar, where her husband has his new and elegant hotel almost completed.

Mrs. Henry Crets met with a very painful accident last week by falling out of a cart, and breaking her collar bone; she also received other injuries, but at present is deligned as well as each of the liveliest description.

Impton, who had returned to Cumberland, who had the meaning factories were running day and night during the height of the season. The strawberry crop was excellet, and the berries of large size and fine quality. Watermelons and cantaloupes yielded abundantly; early in the season they were very good, but later the heavy were very g
