Let us Prove This Record!

Vol. 6., No. 20. TANEBTOWN, MARYLAND, SATURDAY, NOVEMBER 11, 1899. \$1.00 Per Year.

### Local and Personal.

This is meant to be a purely local news column, to which the Record invites contributions. Events of local importance—whether current or of past history, accidents, cases of extreme illness, society and church happenings, marriages, deaths, etc., should be reported to the Editor in writing, otherwise they may not appear.

Beginning with January 1st, the box rent at Harney P. O., will be ten cents per quarter.

An Orchestra of seven pieces has been organized in town, with Charles Martin as instructor.

Miss Anna Whitlode and Mr. Edgar Thomson of Baltimore, visited friends in Taneytown last Sunday.

### COUNTY AND STATE.

The case of mill owners on lower Marsh Creek against the Gettysburg Water Co., which was to have been heard before the U. S. Circuit Court at Philadelphia, last week, has been postponed till next April term, at the instance of the plaintiffs.

We are in receipt of a large colored map of our new possessions—Cuba, Puerto Rico, the Philippines and the Hawaiian Islands, from the Parry Mfg. Co., of Indianapolis, Ind., manufacturers of buggies, surries, etc. This map is 26x40 inches in size, and will be sent to any address by the company on receipt of 25 cents.

### FREE MAIL DELIVERY.

The rural free delivery mail service, which was inaugurated, as an experiment, in the southern portion of this county, last April, is likely to be extended to the whole county within a few months. It is said that after the first proposition to this "postoffice on wheels" were off, the experiment has been very successful. Its cost to the government is \$125, per annum, and performs the service rendered by four star routes and eight postoffices, the cost of which to the department was about \$1600, per annum.

While we are not in possession of the full details of the scheme for carrying the whole county, it seems to be that from a few of the larger offices, wagon routes will radiate so as to reach every section for the free delivery of mail. Each office will work leaving these central offices at an early hour as possible in the morning after the arrival of the main mails of the day. It is probable that Westminister, New Windsor, Linwood, Union Bridge, York Road and Double Pipe Creek, in this portion of the county, will be used as distributing points.

### PROF. FARRAR'S ADDRESS.

We are indebted to our Union Bridge correspondent for the following extracts from an address made by Prof. D. L. Farrar, school examiner of Carroll County, at the opening exercises of the Maryland Collegiate Institute at Union Bridge, Md., Nov. 1st, 1899. After the customary greeting Prof. Farrar said:

"I am glad of this opportunity to be present at the opening exercises of the Maryland Collegiate Institute, because I believe in the higher education of our sons and daughters, in order to enable them to meet the demands of the times for those who can successfully engage in the higher activities of this advancing age. It is not possible for our sons and daughters to go into the world with a reasonable hope to attain prominence and pecuniary success in life without being first equipped with a liberal education."

### MARYLAND DEMOCRATIC.

John Walter Smith was elected Governor, on Tuesday, by over 12,000 majority. Both branches of the legislature are democratic; the Senate by 14 to 2, and the House by 66 to 32. The following figures represent, in 1899, the vote of the counties voting. Owing to the great amount of cutting for local officers, the exact figures cannot be given. William V. Frazier, Republican Judge of the Orphan's Court, was the only republican elected in Carroll county.

Nathan Englar, republican, for House of Delegates, was defeated by 1,000 majority, over Chas. J. Flater, republican, by 50 votes.

The vote in the county for the amendment was 180, against 326. Eleven votes were cast in the county for the other candidates for Governor.

In the state, the vote was, for the amendment 1,858, against 36,437.

The prohibition vote for Governor in the state was 3860.

James A. C. Bond carried Carroll county by 510 majority.

Robert W. Clingan left, on Tuesday, for Harney, N. C., where he will try shaving the "tar heels."

An important meeting of the Fire Company will be held this Friday evening, at 6.30 at the School house.

It is an exploded theory, at least, it refers to Maryland, that fine weather on election day is favorable to the republicans.

Burglars visited the home of George Stead, on Louest street, York, Saturday night, and after securing \$28 in cash, turned off the gas and then returned to get in several bed-rooms, with the evident intention of suffocating the family. Mrs. Stead fortunately awakened and smelling the gas, aroused the other members of the family in time to save their lives.

Eugene V. Bond, aged 30 years, dropped dead from heart failure, on his father's farm, near Finkburg, Carroll county last Saturday. He was a son of Mr. Wesley Bond and a grandson of the late Benjamin Bond. He was driving a four-horse team loaded with corn when first stricken. He made an effort to walk to the house, but had only gone about 200 yards when he fell on his right side and expired almost instantly, in the presence of his father.

On Monday night a burglar broke into the store of Edward Evans, at Carrollton, and stole a quantity of clothing, gloves, etc., valued at \$75 to \$100. The burglar also took \$12 in money, which belonged to the Church of God, near Carrollton, of which Mr. Evans is treasurer. A lot of blacksmith's tools were found about the premises Tuesday morning, and were identified as the property of Morris Green, from whose shop, about a mile from the store, they were stolen.

William Burrall, Sr., died at his home, near Johnsville, on the 2nd, in his 69th year. He had been in bad health for several months and about ten days before his death received a paralytic stroke. He leaves a wife, and six children as follows: Wm. E. Burrall, of near Johnsville; John S. Burrall, of near New Windsor; Mrs. Samuel Brandenburg and Mrs. Taylor Spurrer, of Johnsville; Mrs. Chas. Kreglo, of near Libertytown, and Mrs. Clemmie Gosnell, of near Mount Airy.

An unsuccessful effort was made to rob the postoffice in Emmitsburg, last Thursday night. The burglars gained entrance to the building by prizing open the front door with a crowbar; then attempted to crack the iron safe in the office by boring holes in its top and exploding powder. The safe was badly injured but entrance was not effected. It is said that it contained no money. Owing to the frequency of postoffice robberies, postmasters, as a rule, keep their surplus of cash and stamps in bank, or some other safe place.

We booked our first sale this week—Luther Hiltbricker, March 9th. Those who desire to do so may hand in their dates at any time. Our sale register will be commenced about January 1.

The increase in the price of broom corn is at present engaging the attention of the broom makers. It is said that by January 1, brooms may be as high as \$5 a dozen, or over 41 cents apiece. Broom corn has increased during the past two months 4 cents a pound, or from 44 and 5 cents a pound to 8 and 9 cents a pound. The prospects are that it will continue to increase at about one-half a cent a week. Brooms that were sold by the manufacturers at \$1, \$1.50, \$1.75 and \$2 are now being sold at \$1.45, \$1.80, \$2.40 and \$3 a dozen.

A general improvement of the condition of the roads traversed by the rural carriers in the Western States, especially the construction of good roads has been a prerequisite for the establishment of rural free delivery service. It is said that this is the special agent reports that the farmers incurred an expense of over \$2,600 to grade and gravel a road in order to carry rural free delivery.

George W. Motter, our citizen sheriff-elect received the compliment of ninety-eight republican and five prohibition votes in this district, a record not often made. Dr. C. Birnie received thirty-four democratic and seven prohibition votes.

The weighing of the mails originating at the Postoffice at Taneytown, for thirty-five days previous to November 7th, as directed by the Post-office Department, resulted in the aggregate of 806 pounds, or 2590 pounds in weighing pouches. No account was kept of mail matter passing through, or that which arrived—only that mailed at the office.

While the bars were all properly closed, according to law, on election day, there was lots of whiskey here, presumably for the purpose of influencing votes. The law, as we understand it, prohibits giving, as well as selling, liquors on that day. This infamous business, no matter which party practices it, and should be broken up through proper course of law.

Throughout the United States, to a large extent, the republicans have won, which seems to indicate the confidence of the people in the National administration. The following are the majorities in a number of states, in the above figures:

Pennsylvania	10,000 Rep.
Ohio	50,000 "
Iowa	61,000 "
Massachusetts	63,000 "
New Jersey	20,000 "
Kentucky	4,000 "
South Dakota	4,000 "
New York	15,000 "
Kansas	12,000 Dem.
Nebraska	30,000 "
Mississippi	30,000 "

We received a program of the Maryland C. E. Union convention, which assembles in Westminster Presbyterian church, Baltimore, on Tuesday 14th. Want of space prevents its publication.

Oyster Eating.

A young man sitting on a stool in an oyster bar last night had just finished his fourth dozen. He drew a gratified sigh and looked at the barrels of empty shells with a mixture of pride and apprehension.

It will not be a surprise to any who are familiar with the good qualities of Chamberlain's Cough Remedy to know that people everywhere take pleasure in relating their experience in the use of that splendid medicine.

For Her Lesson.

Mrs. D. had invited some friends to dinner, and desiring to make a favorable impression, she had previously cautioned her little daughter Belle as to her conduct at the table.

"No cake," replied the little miss, abruptly.

"No cake," answered little Belle, innocently, and Mrs. D. collapsed.

Bismarck's Iron Nerve. Was the result of his splendid health, indomitable will and tremendous energy.

SHAVING A DEAD MAN. "I have just finished shaving a dead man," said a local artist.

"I had to depend entirely on the recollection of the family for my data, and I found, to my alarm, that each member had retained a different impression of the old gentleman's chin.

YOUTHS' DEPARTMENT.

How Silver Dimes are Made—Love Causes Her Death—A Good Little Boy, So Mamma Says.

In making the little pieces of silver money commonly called dimes the silver bullion is first melted and run into bars that weigh two pounds each.

The finished dimes are dropped by the machine into a receiver and are taken charge of by the counter. The machine used by him is simply a tray, having raised edges extending across its surface at such a distance apart that a dime fits exactly between them.

In all silver coins from the dollar down to a cent, the grains are allowed. In silver dimes, however, the deviation from the standard is so insignificant that they are not required to pass through the welsher's hands, as do the larger pieces of silver money.

Love Causes Her Death. There is something really pathetic in the way a mother butterfly builds a nest for her children.

Conclusive Logic. Clara—No, I am afraid he isn't greatly smitten by me.

His Generosity. Manager to actress, who has made a hit—Bravo, my dear! I'll raise your salary.

The Leaves, Too, are Turning Now. "I don't see how you can assert her hair is red. It is distinctly Auburn."

The Basis of Value. "My sweetheart gave me a pair of silver backed brushes that cost \$25."

How Some Men Like It. "Do you believe in the observance of the golden rule?"

She Would Scream—Softly. Grace—Johnny Ujohu, if you try to put your arm around me I'll call mamma.

A Lively Game. Get a large sheet or tablecloth and a small feather. Have the company take hold of the edges of the sheet and form a ring.

Old Enough For Something. Flossie—Mamma, I want some water to christen my doll.
