The election in Baltimore, on Tuesday resulted in the carrying of all the jobs—sewer, annex and park by the majority, and the carrying of a majority in the second branch of the City Council by the Democrats. The City Council is now safely democratic in both branches.

An old criminal was once asked what was the first step that led him to ruin, and he said: "The first thing that led to my downfall was changing an editor out of a two years' subscription. When I had done that the devil had such a grip on me that I could not shake him off."

Isaac C. Brown, of Camden, N. J., is a grandfather, although only 36 years old. Brown was married at 17. He is the father of 10 children—6 boys and 4 girls. He is laughing at the idea of a grandfather, who is the wife of Edward Nelson, on Monday. She followed the example set by her father and married when but 17.

York people are beginning to complain about the fast speeding of automobiles on the streets of this city. In speaking of the York race track, it is said that a week ago a Yorker when called before Squire Sell in Hanover, charged with fast driving, becoming drunk and driving a motor car, he said he was going slower than he ordinarily ran on the streets of York.

The banana war is still on between the United Fruit Company and the Atlantic Fruit Company. They are competing to see which can bring the greatest amount of fruit to the York market. The prices have been depressed to 3 cents a bunch, bought at the steamer. This is the lowest figure for bananas ever reached, although there has been a decline when they were given away because too ripe for transportation or retailing.

Miss Cora Burgess, a public-school teacher in Howard county, in charge of the school at Highland, was fined \$5 and costs, altogether amounting to \$14.45, for whipping a pupil. The case was brought by Constable Davis Linn, whose son, Norman, aged between 7 and 8 years, was punished with a whipping. Miss Burgess admitted inflicting the punishment, and Justice Charles R. Simpson, of Simpsonville, who tried the case, said there was no law for whipping a child in school.

The new line fence law which was recently approved by Governor Pennypacker, will be of benefit to every farmer and property owner in Pennsylvania. The act provides that each property owner must keep up half of the fence and the adjoining property owner must put up the other half and collect the cost for so doing. In case of disputes the township auditors are made the arbitrators and in this capacity township auditors will be important officers hereafter as line fence disputes are numerous.

Andrew Carnegie signaled his departure for Europe last week by giving to the public for the first time the intelligence that on April 10, 1905, he intended to be paid \$100,000 for an disabled teachers and professors in the colleges and universities of the United States and Newfoundland. The donation is in shape of \$10,000 United Steel Company first mortgage five per cent bonds. The State officers are not going to do anything to drive manufacturing plant away from the city.

Mary Strife, of Hagerstown, is not in the best of health. Her home grievance a serious one, or the possibility of the loss of the Pope works very great. "The authorities here certainly have a lot to say about the matter," said, "and our policemen are slow to make complaints. On the other hand, I am afraid that some of the owners of machines have been a trifle unreasonable in their behavior. But it is hardly necessary to say that we who are interested in the growth of Hagerstown are not going to do anything to drive manufacturing plant away from the city."

The annual Frederick County Christian Endeavor Convention will be held at Myersville, on May 16th, and 17th. An earnest effort is being put forth by those in charge to make this the best convention in the history of the Frederick County Union. The State officers will be present and strong speakers have been secured to deliver addresses at the several sessions. The musical part has not been neglected and there will be hearty, enthusiastic singing. Indications point to a large attendance of delegates and visitors to this Convention.

Close of Missionary Convention.

The Missionary Convention closed, on Friday evening, after a series of delightful sessions, the delegates being a unit in expressing their pleasure with the arrangements which had been made, and with the social spirit which pervaded all the meetings. Following the account given in last issue, the session of Friday morning concluded with an address by Rev. J. W. Enders, of Union Bridge, followed by open discussion. The substance of the conclusions reached, was that fraternalism is the best and most successful method more generally practiced if the fullest success is to be attained.

In presenting the subject of "Our Fund," Miss Ida Mehring said that can be no one plan adopted for all societies; local conditions must be considered. On this point, she was in accord with the delegates who gathered and disbursing funds. The delegates participated pretty generally in the discussion and the ideas were advanced. That many of the societies had failed to meet their obligations, was the only discouraging feature, and some pretty plain dealing was done on this point, was indulged in. (We regret that we have no notes of the afternoon session.—Ed.)

The evening session's opening services were conducted by Rev. G. W. Baughman, of Uniontown, and Chas. H. Reindollar, of Union Bridge. Rev. G. W. Baughman, of the Gunter, Ind., Mission, was the chief speaker of the evening, and his remarks were delivered in a very impressive manner. He mentioned, first, the idol worship of the natives, and their various heathenish superstitions, as well as their various customs, and things which they may do them no harm. She said that the \$25,000 Silver Jubilee fund now being raised, \$10,000 of it was being used in erecting a boarding school building in India, and proceeded to expand on the needs for such a building.

Proper work cannot be done in any other way. The work that is done there must be ample facilities. Teachers must be developed and manual training introduced. The special use of the proposed building is to accommodate girls who first pass through the primary, or village schools. Pupils for the higher training are now being sent to the boarding school. The natives are constitutionally lazy, hence calisthenics and athletics are necessary for development; sewing and household work are also necessary. The girls usually married as soon as they leave the school, hence it is now one of the requirements on admission that they be 9 to 12 years, therefore, by keeping them in the school for married life and their obligations.

At present, the 100 girls who are in the high school, are very happy and contented. The school room, which is also the sleeping room, is 15x28 feet. At night, each one lies on a mat on the floor, and the girls are in the wall and feet together, the entire length of the room in two rows. A building is needed large enough for at least 200 girls, with room for laundry, sewing, and that they may sleep in rooms separate from the school room.

The girls are now being taught in English, and are learning to read the Bible and have the advantage of the best literature; the teaching of English is being done with little or no effort, the children of the best families, and these, on their graduation, often do whole-souled, ungrudging work for the school. The school must commend itself to all true missionary workers, and in fact to all Christians, for those work best at home who also work earnestly away from home.

Miss Lizzie Trump, of Manchester, read the report of the resolutions committee, which extended to the convention a cordial welcome to everybody who contributed to the success of the meeting.

Mrs. P. A. Hellman closed the meeting in an order of prayer. She prayed for the members of the society to go home believing more in the work; if the present meeting has not awakened in you a new interest, you would not be persuaded through one more rose from the dead." She paid an eloquent tribute to Dr. Mary Enloe, who has recently undergone, at the hands of a surgeon, that she might be permitted to go back to India for further work; she prayed for the members of the society who hear of the needs of the work and respond not, and who are overcome with lethargy and indifference through their opportunities are so many.

Lamberton-Clabaugh. On last Saturday afternoon, at St. Thomas, Md., a marriage ceremony was performed by the Rev. C. Ernest Smith, for Miss Helen Margaret Clabaugh, daughter of Mr. and Mrs. C. E. Smith, of Union Bridge, and Mrs. Clabaugh, and Benjamin Paulding Lambert, Jr., son of Mr. and Mrs. Benjamin Lambert, of Union Bridge. The wedding was attended by relatives and friends of the couple, and the event was one of the most notable of the season.

Mr. M. Jackson, of Schenectady, N. Y., was best man. The bride was escorted by her father and preceded by six bridesmaids. The bridesmaids were Miss Elizabeth Lambert, Miss Mary Lambert, Miss Constance Adee and Miss Blanche Burrell; and the groomsmen were Mr. C. E. Smith, Mr. C. E. Smith, Jr., and Mr. C. E. Smith, Sr. The bride's gown was a dainty one of white satin trimmed with duchesse lace; an enveloping veil of tulle was carried; a shower bouquet of lilies of the valley and bride roses.

Miss Catherine Clabaugh wore white and carried a bouquet of yellow marguerites. The bridesmaids' dresses were of yellow chiffon, their hair being styled in waves and with roses and foliage. The entire effect was exceptionally becoming and dainty. A reception was given at the home of Mrs. Clabaugh, where the bride and groom were entertained by the bridesmaids and the groomsmen on Sunday afternoon.

Gen. Fitzhugh Lee, United States Army, died at Providence Hospital, Washington, on Friday night, of apoplexy. He was stricken on a train while enroute from Boston to Washington.

Some people make themselves miserable by imagining things. Many a man has said, "and our policemen are slow to make complaints. On the other hand, I am afraid that some of the owners of machines have been a trifle unreasonable in their behavior. But it is hardly necessary to say that we who are interested in the growth of Hagerstown are not going to do anything to drive manufacturing plant away from the city."

By the vote cast on Tuesday the people of Baltimore have ratified their important improvement loans—\$100,000 for sewerage, \$2,000,000 for the annex and \$1,000,000 for parks. By far the most important measure is the sewerage loan, as the city has nothing approaching a complete sewerage system. This loan is to run for 75 years, and the money is to be expended in constructing a complete sewerage system, reaching all parts of the city. The work will be done under the supervision of a commission of seven members, three democrats and three republicans, with the mayor ex-officio the seventh member. The mayor will appoint the commission.

CHRISTIAN ENDEAVOR.

Prayer Meeting Topic For the Week Beginning May 7.

Topic.—The making of a Christian; his exercises.—Jas. I, 2-7.

In the growth of a Christian exercise plays as important a part as it does in the development of the physical man.

The Christian should exercise in good deeds. "Be ye doers of the word and not hearers only."

Works of philanthropy we should ever be advancing. "Pure religion and undefiled before God and the Father is this, to visit the fatherless and the widows in their affliction."

The Christian should grow in personal purity and to keep himself unspotted from the world.

Christian Endeavor in Jamaica. That Christian Endeavor has obtained a firm foothold on the island of Jamaica is evidenced by the fact that...

India now has 607 societies, with 18,200 members, according to a cablegram just received at the headquarters of the World's Union, Boston.

The holding of cottage prayer meetings is a strong feature of Christian Endeavor work in Australia.

The French society in Boston, which started a few months ago with seven members, now has forty-two, and its pastor, Rev. Paul Ellessor, says it is the best help of his church.

The Pacific Christian Endeavorer tells about a young boy who deserted his vessel in the United States service in order to go home where sickness and death had entered and taken mother and sister.

THE SUNDAY SCHOOL.

LESSON VI, SECOND QUARTER, INTERNATIONAL SERIES, MAY 7.

Text of the Lesson, John xv, 1-12. Memory Verses, 5, 6, 7, 8, 9, 10, 11, 12. John xv, 1-12. Commentary Prepared by Rev. D. M. Stearns.

Unless we include in our meditations much that the lesson committee has led to omit we shall have had but a very small glimpse of the life and teaching of our blessed Lord.

Could there possibly be more helpful words for all believers at all times, assured that in the world we shall have tribulation, than the opening words of this discourse?

Chamberlain's Cough Remedy the Very Best. "I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever used."

Mother's Doughnuts. "If you think there's no use trying to do anything of the kind, if you think you're but a cipher in the multitude of earth, remember mother's doughnuts."

My Favorite Fruit. Some folks are fond of the succulent pear. Others think more of the date. Others desire who will eat the Naught with the apple may rate. Some for the cherry unguished shout. And its rumored there may be a few folk who even take up for the prune.

A Good Suggestion. Mr. C. B. Wainwright of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drunk.

Progress in China. The fact of Chinese progress in Western methods cannot be denied. China is now making progress with a question. It is, therefore, important to inquire what are the motives which encourage this development.

Health of Women. "Every time we are ill it is part of our remaining youth we squander. Every recovery, whether from headache or pneumonia, is accomplished by a strenuous effort of life's capital."

A MATTER OF HEALTH.

Some People Bury Them and Keep Flowers on the Grave. "What becomes of the hundreds of legs and arms of unfortunate amputees at the Louisville hospitals annually?"

Ida M. Tarbell. Few women have ever attained such authority and eminence in letters as Miss Tarbell, who for some time as Miss Tarbell, who for some time as Miss Tarbell, who for some time as Miss Tarbell...

Marketing Turkeys. Kill nothing but well fattened stock. It seldom pays to send ill favored stock into market, says the Feather. Do not give any food to the turkeys for twenty-four hours prior to killing.

The Wrong Patient. When you go to consult a distinguished physician whose time is precious, your statements, advise the Buffalo Commercial, which adds: "A young woman who was slow and confused in explaining her wants in the anteroom of a busy Buffalo physician one day was carried into an inner office, placed in a chair and had her stomach pumped out with the neatness and dispatch that come with daily practice."

The Very Latest. Ferly Fuzzpot—Now I want you to make me a very fashionable coat, you know—of the very latest and most ultra style, you can build. Ferly's Tailor—Yes, sir. Would you like it too long or too short?—Cleveland Leader.

Ornamented Teeth. The admiration which Bob felt for his Aunt Margaret included all her attributes and even possessions which the aunt herself was not wont to consult with her admirer.

Camphor For the Piano. "Now," said the tuner, when he had finished tuning the piano, "you ought to put some camphor in the piano." "Camphor?" said the owner of the instrument.

Sealy Finger Sails. When a nail appears scaly and broken it is useless to treat it with the ordinary appliances of the manicure set. It may be worked fairly smooth by rubbing with a piece of wash-leather that has been dipped in a little moistened punice powder.

Vegetable Substitute. Here is an addition to either a meat or fish course which can be served instead of a vegetable: Break crisp, well browned soda crackers (selecting only thin ones) into small pieces. Pour scalding water over them, then drain and press dry in a jelly bag.

AMPUTATED LIMBS.
