Prayer Meeting Topic For the Week

Beginning March 3. By REV. S. H. DOYLE. Topic.-Being honest with yourself and God.-Luke xii, 1-3; Josh. xxiv, 14.

Dishonesty toward God, or, as it is more commonly called, hypocrisy, has prevailed throughout all time. It began with Cain, who made an offering to God, but not a sincere and honest one. In the days of Joshua there were those among the children of Israel who professed to believe in God, yet worshiped idols, and therefore he was called upon to exhort them to "fear the Lord and serve Him in sincerity and in truth and put away the gods which your fathers served on the other side anything wrong. Public Sale Advertising.

It will be impossible for those who expect to have sale of Live Stock and Farming Implements, this Spring, to invest a few dollars better than by taking advertising space in the CARROLL RECORD. Let the people who get the paper know what you have to sell. Nine-tenths of the people do not get into hotels and public places where the bills are posted, and those who do cannot take the list of articles home with them.

You need plenty of bidders for a good sale, therefore, tell all the people you can, what you have to sell-tell them three or four times, through the RECORD, right in their homes where they have plenty of time to read.

OUR SALE CARDS

We think a great deal of the colored "Sale Cards" which may be mailed, the same as postal cards, at one-cent. They are convenient to 'hand around,'' through the schools, or at sales or other gatherings. These cards (about 3x5 inches) are especially valuable if you have good stock or implements to sell—500 will do lots of good—some use 1000 and they are not expensive. If you do not know just what a "Sale Card" looks like, send to us for a sample.

OUR SALE BILLS.

We will use, this year, as for several years past, good white paperwith a bright red border, for sale bills. Our bills are clean and bright and always attract attention. We print three regular sizes, but can also supply an extra large, and an extra small size. The bill with the red border will please you.

Interest in it all the especially ity to destroy the cities until Lot was thoroughly successful in your church. There was never a day when it had probably seen more of its failures than (Luke xvii, 28-30) and tells us that as you have and more of its successes, and I know those possibilities. And most heartily I wish you great personal blessing, as little suffering as possible and as many of the glad things of life as may come. Already I begin to think how short the time for accomplishment is. Truly I hope you may have the great delight of laying your hand to something that will help to bring in His day of justice and righteousness and love."

A Russian Convention.

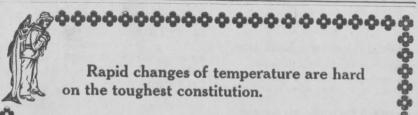

In the Evans tea house, in Wenden, a number of delegates from the Baltic provinces and Lithuania met to hold the second session of the Baltic provinces. An excursion was made to the house of prayer of the Brotherhood of Weissmanhof, and the Christian Endeavor convention proceeded by train, on invitation of their highnesses the Princesses Marie and Sophie Lwen, to Castle Kreman. There a chapel service was held and a society founded, their highnesses being enrolled as active members.

In Samoa.

The Christian Endeavor pledge is called by the Samoans "Feagaiga," which literally signifies "covenant." "The Samoans," says a missionary, "Tegard everything in the nature of a covenant as being unspeakably solemn."

Men-of-war on Paper.

Each man-of-war is built upon paper before a single plate of steel is forged. Not only are the length and breadth of a ship decided upon, but the naval constructor can tell to an ounce how much water she will displace when her armor and guns are mounted upon her, how many times her propellers will revolve in a minute with a given pressure of steam and how many tons of coal an hour must be consumed to attain a certain rate of speed.-London Graphie. Complies with all requirements of the National Pure Food Law, Guarantee No. 2041, filed at Washington.

Advice of the largest coffee dealers in the world is always to buy the oldfashioned Arbuckles' ARIOSA Coffee in

the sealed packages. Don't ask for a pound of Mocha and Java, or buy by the price, for Coffee fluctuates and you cannot get the same coffee for the same price all the time unless you pay too much for it. Most of the so-called Mocha and Java Coffee is simply masquerading, and is not nearly as good coffee for you as Arbuckles' ARIOSA, the blend of the Brazilian Coffees most suitable to the taste and health of American people. By the

looks there is no difference between roasted Java and Brazilian Coffees; many people drink Brazilian but pay for Java. The principal difference is that Arbuckles' costs you less. It is a mistake to believe that a high price guarantees quality. When you buy Arbuckles' ARIOSA Coffee, you get a full one pound package of the leading Coffee of the world. Its sales for 37 years are greater than the combined sales of all the other packaged coffees. By giving better Coffee for the money, we have built up a business exceeding the combined businesses of the four next largest coffee firms in the whole world. Stimulate the Blood.

Brandreth's Pills are the great blood purifier. They are a laxative and blood tonic, they act equally on the bowels, the kidneys and the skin, thus cleansing the system by the natural outlet of the body. They stimulate the blood so as to enable nature to throw off all morbid humors and cure all troubles arising from an impure state of the blood. One or two taken every night will prove an invaluable remedy Each pill contains one grain of solid

extract of sarsaparilla, which, with other valuable vegetable products, make it a blood purifier of excellent character. Brandreth's Pills have been in use for over a century and are sold in every drug and medicine store, either plain or sugar-coated.
