As August is a sultry month and Sep-the enforced absence of one of the regu-lar players. The game, up to the latter is still in order. He should be more special ruling to hotel keepers, that they | mert, Waynesboro. It was decided to is believed they are. It is said that some railroad men have made a practice of railroad men have made a practice of taking liquor on their engines and cabooses and drink it while at work. This the company strenuously objects to and is doing everything possible to prevent During the past few months any number of men on the Pittsburg and Connellsville divisions have been laid off 30, 60 and 90 days for over indulgence in the stuff that tangles wits.

There are those who ride in autos who have considered the battlefield avenues choice speeding grounds, to the discomfort and fear of those who do not ride in autos. They have brought upon themselves a motor-cycle policeman who will soon set the pace for all autos. The rate for autos on avenues will be six miles an hour, and this gait will have to be observed or an arrest and fine will follow. The government is placing on this battlefield a moter-cycle under management of the Battlefield Commission and Chas. Cook has been appointed its custodian and auto policeman. The auto has taken much pleasure from those who drive the avenues behind have considered the battlefield avenues those who drive the avenues behind horses. One of the charms of the avenues is the winding ways and many points must be approached on the look out for the snorting smelling auto going at an unsafe speed. The time had come for the motor-cycle policeman on the field and he is here.—Gettysburg Com-

Trying to "Rattle" the Pitcher.

Taneytown, like all towns, large or mall, has its quota of baseball "rooters," and, just like in other towns, they feel it to be their patriotic duty to try to small, has its quota of baseball ers," and, just like in other towns, they feel it to be their patriotic duty to try to "rattle the pitcher." Especially at a critical stage in the game, when the home nine has a runner or two on the bases, and runs are half peeded the "rootse".

Did you wonder I so calmly Trod the Valley of the shade, oh! but Jesus love illumined. Every dark and fearful glade. and runs are badly needed, the "rooters consider it their special opportunity to prescribe the dose of "rattles". There never was a greater miscarriage of wellmeant intentions.

The pitcher, as a rule, is familiar with his work. He is more or less keenly alert all through the game, for he is the alert all through the game, for he is the central figure of it. If he is at all fit for pitcher, he has plenty of "nerve" and is the least of all likely to be "rattled," lose his control of the ball, or his head, Oh! the joy to see you come By her daughter Fannie. or whatever "rattles" may stand for. It is the batter, who is depended on to make the safe hit, who is most likely to be unnerved by the yelling and confusion. He is not, like the pitcher, always in the thick of the game: in fact, nothing in the thick of the game; in fact, nothing

The batter, therefore, is "on edge" and likely to be over-anxious to make the hit which means so much; in other words, the hooting and yelling is much

Heaven retaineth now our treasure, Earth the lonely casket keeps; And the Sunbams love to linger Where our dear mother sleeps.

By her daughter, Annie A. Overholtzer. more likely to bring about a "strike out" than a safe hit, and instead of trying to 'rattle' the pi cher, it is much more to the point to keep the batter cool and in the posession of his best judgment. At least, so says our baseball editor.

The Improvements thereon consist of GOOD DWELLING HOUSE, Bank Barn and other outbuild GOOD DWELLING HOUSE,
Bank Barn and other outbuildings, with water at house and
barn. This property is most desirably located on Baltimore Street, in Taneytown, and is the same property that was
conveyed to Adam G. Clark, in his lifetime,
by Tobias H. Eckenrode and wife, by deed
bearing date April 30, 1870, and recorded
among the Land Records of Carroll County,
in Liber J, B. B., folio 316, etc., and which was
occupied by said Clark at the time of his
death.

death.

This tract of land will be offered as a whole and also in nine separate parcels, and sold as may appear to the best advantage. A survey of the property has been made, and plat of the same will be exhibited on the day of sale. This sale offers a splendid opportunity for persons desiring a good residence, with considerable land thereto, as well as to persons wishing building lots of proper size in desirable part of Taneytown.

Terms of Sale: One-third part of the purchase money shall be paid by the purchaser or purchasers to the Trustees on the day of sale or upon the ratification thereof by the Court; the residue shall be paid in two equal payments in one and two years from the day of sale with interest, and to be secured by the notes of the purchaser or purchasers with security to be approved by the Trustees; or all cash at the option of the purchaser. now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—Sam. H. Gwin, Concord,

RICE FOR POULTRY.

An Exceptionally Valuable Food Which Is Too Often Overlooked. Boiled rice is a good summer food 108.87 for growing bantams, says the Feather. Wheat and oats, so profusely recommended as a feed for bantams, con-239.45 tain too much protein and make them grow too fast, while rice, which is less, nutritious, as to bone and flesh forming elements is better for them. In \$1,928,39 raising Cochin bantams we have used large amounts of boiled rice during the summer months. In fact, often for 5.00 days they received no other food than 5.00 this. Wheat contains more than 10 per cent of protein, rice 41/2 per cent, 5.00 1 wheat 69 per cent carbohydrates, rice 5.00 72 per cent. Rice is good for bantams. 5.00 good for fattening fowls if you wish 5.00 white meat, but it is of but little ad-5.00 vantage as a food for large sized poul-5.00 try, that you wish to develop quickly. 10.00 Cracked rice may be fed to a limited 5.00 extent to young chicks under three weeks old. A little of it may be used 72.00 with profit for squab growing, but it

Farmer Vincent's Chick Talk. Keep the dishes neat and clean that 94.50 32.00 the little chicks eat and drink out of. 11.50 You may save their lives that way. 14.00 Little chicks love milk as well as the older ones. And how it makes them 3.75 grow! Ever try it?

cannot be depended upon as a thor-

\$ 142.00 oughly good food for poultry.

It is poor policy to keep the little 103.45 chicks all the time on one kind of food. 108.82 You would not like that yourself. Set 1.50 a shallow vessel near the coops and into it put some sour milk. See how 1.00 they will run for it and notice how Take pains when feeding the little

much faster they will grow too. 2.00 chicks to keep the older fowls away. 3.00 They will rob the little ones if they 4.00 possibly can. It is a good plan to have a hole near the top of the coop through 12.00 which one may drop the food for the chicks. Then, if one cannot stay to 5.55 keep the hens away, a board may be set up in front of the coop so that 3.60 they cannot get in behind it.—Philadel-28.00 phia Farm Journal.

An All Around Duck. Despite the many theories to the con-9.75 trary, it is now pretty well established that the Indian Runner duck is a na-2.50 tive of America, and if it is, America 2:20 ought to be proud of it, for of all the duck family there is not one which, from every standpoint, is the equal to the Indian Runner. Unquestionably 66.90 the Indian Runner is the best layer of all the ducks, and there could scarcely 1.40

INDIAN RUNNER DUCK. be imagined anything in the way of

domestic poultry which is easier to 8.70 raise or requires less attention. Once it is hatched, an Indian Runner is 4.00 pretty certain to develop into an adult, 7.33 and the flesh is as juicy and tasteful as some varieties of wild duck. More 20.00 farmers should keep Indian Runner ducks in place of the mongrel flocks which now disfigure the land in nearly 75.00 every section of the country.

Feeding Cut Green Bone. There is one thing about which the 1.50 person who has had no experience with 6.50 feeding cut green bone should be cautioned, and that is not to give the fowls too much of the feed. They devour it greedily, and unless you are very care-1.160.88 ful they will eat too much. For the average fowls we would not consider 5,062.95 it advisable to give more than one-1,000.00 third or one-half ounce to each bird, says Western Poultry Journal. Thus 3.92 to a flock of three dozen feed twelve to eighteen ounces each day. As will soon be found out, their supply must 1.839.67 Statement and Expenses at Alms be limited, and if they show any ill effects from what is given them the

food should be decreased in quantity.

Bootblack Shrewd Business Man. The sight of a man borrowing \$100 84.00 from the bootblack in an uptown hotel 75.00 barber shop the other Sunday morning 100.00 rather startled some of the customers 105.00 who were seated in the place. The 34.00 man that borrowed the \$100 is a race 94.30 track man and was only temporarily 76.25 embarrassed. The customers didn't 79.06 pay as much attention to him as they 21.00 did to the size of the roll that the boot-34.92 black carried. This bootblack, by the 7.50 way, seldom musses up his hands over 7.11 a pair of shoes. He has three boys to 34.13 look after that work, and his duties 140.00 consist of seeing to it that customers 12.66 get to chairs in proper turn. His easiest money, however, comes from the 15.00 | sale of collars. A lot of folk in the 3.50 neighborhood of the hotel on Sunday 4.87 and other mornings haven't been home 140.00 the night before. They know that col-286.92 lars are to be had at the barber shop. 205.39 Of course the customer discards his 319.22 dirty collar, and it is gathered up by 314.55 | the bootblack, who has the soiled ones 291.36 laundered and sells them over again, 61.63 He charges 25 cents for each collar, no 42.51 matter what it cost originally .-- New 51.45 York Sun.

Weight of Buff Rocks. A Buff Plymouth Rock cockerel ought to reach the standard weight of eight pounds by the time it is eight to ten months old. Pullets should reach the standard weight of six and a half \$ 4.30 pounds by the time they have reached 7.70 laying maturity, which is usually when 100.00 six and a half to seven months old.

How Frayed Furniture Can Be Recovered. Upholstery demands more knack In recovering anything, as a chair or sofa, first remove the tacks which hold the edging guimpe, then take off the plain outsides. This will reveal the tacking. Cut the tacking threads and remove the buttons, noting how they are applied.

Loose all the edge tacks, take off the old cover, mark the middle of it, brush it well and press very smooth. Go over the chair with a whisk broom and a small brush and remove every particle of dust and lint from the tufting. Spread out the new covering flat and smooth, doubling it lengthwise, right

Cut with very sharp shears and sew up wherever seams are needed. Follow the original cover in finishing. That is to say, either bind the bottom Milwaukee, Aug. 3.—No Catholic in the archdiocese of Milwaukee may herecover and bind the seam.

Next put the middle of the new os and duets being | tacks along sides and arms, then begin | forbidden; and bridal parties are admonished that a "Catholic wedding and ing great pains not to pull the new a Catholic church are not the place for a cover away. The tufting requires uplisplay of female forms and freaks of holsterers' needles and twine, to be Thread a needle with three yards

of twine double and knot it: then These are some of the rules laid down in the 'Handbook for Catholic Parishhighest middle tuft, press the cover in with the fingers, arranging it in proper folds, pass the needle back, draw it tight, then bring it out again, thread a button upon it and again pass church purposes and sociables and card parties are forbidden on Saturdays and Sundays; and lectures on profane subjects, organ recitals, sacred concerts, will not reach. When the tufting is stereopticon exhibitions and entertain- finished, lay the edge in proper plaits,

Finish the back first with a cover of paper muslin and over that a smooth stretch of the furniture stuff. It is wise to practice upon something one can afford to spoil.

How to Set a Table Tastefully. See that the center of the table stands directly under the center of the olic with less religion and probably less light you use for the center of your dining room, says Men and Women. Place your canton flannel, or felt, as it is called, even on the table, smoothing it down well, so that there are no creases to upset the water glass or in my family for the past five years and ask cloth evenly and smoothly, so as see that it hangs well over the sides known it to fail to effect a cure in any of the table, without touching the floor. Then place your linea centerpiece in the center of the tablecloth, and if edge of the table. Now place your vase filled with fresh water and garden flowers, or even wild striped grass or ferns, in the center of the middle Washington, Aug. 6.—An average of 800 people are killed in the United States you possess them) on the smaller corner pieces. At the edge of the opposite corners place at one a small bowl filled with any fruit you have in the house. Apples, bananas, oranges and grapes make a pretty showing. A ance to even the most simply laid table. Our eyes should be gratified as much as our palates. At the edge of The frequency diminishes the other corner place a china tile, until the Rockies are reached, and on | upon which set your glass water pitch-

How to Paint Iron Beds. Do you want to paint iron beds delicate colors? To make a delicate pink Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware, West to the white until the color suits. Add Virginia, Ohio, Kentucky, Indiana, East- a little varnish to give it luster; also ern Illinois, Virginia and the greater part of Maryland. In this zone more make it dry quickly and hard. For delwith white, and for green get your favorite green and shade down with white. For all this work get an extra good two inch wide brush. A poor brush makes a poor job. Clean it with wood alcohol, turpentine or hot water record of the automobile business, last for years for your household work. You can paint woodwork in the room

which is maintained on something of the "before the war" style, and noth ing delights its owner more than the arrival of a guest, particularly if the guest happen to be from the northin order that he may show what genu ine southern hospitality is. Not long ago a Boston capitalist, looking over the country with an idea of investment, happened along with a letter of Introduction

A Rapid Mover.

There is one plantation in Georgia

The owner of the place was more than pleased and insisted upon his visitor staying for several days, and when the stranger expressed a wish to ride over the plantation it was arranged that they should do so the next

The day was warm, but they presently came to a bubbling spring and here they found a negro with a brown jug and a bunch of mint. A cool jule was soon manufactured and they rode on. Shortly, at a shady spot, they found a negro, equipped with a jug. cold water and mint. After a short rest they again rode, and at another spring a negro waited with a jeg, mint and sugar. The southerner noted with pleasure the expression of surprise and satisfaction upon his visitor's face -pleasure which gave place to a gentle sadness when the Bostonian turned to him with the remark:

"Say, I think it is really remarkable the way that colored man manages to keep ahead of us!"-Harper's Weekly

"Of course it's a very pretty suit," said Miss Angles, "but it's so cheap I'm afraid to take it. I'm afraid before I'd worn it long it would lose its shape.' "Oh, of course," replied Miss Knox,

"but then you could pad it generously."-Baltimore American. The Count-Yes, I was almost posi-

tive ze fair girl was thinking of me. walk up and say, "A penny for your thoughts?" The Count-Too risky, monsieur; far too risky. I didn't have a penny.-St

maker, has gone out of his mind! Stryppes-Yes! He had been busy for three months on a mechanical tramp, and he couldn't get it to work -Sloper's Half Holiday
