DEDICATION SERVICES IN THE U. B. CHURCH

Full Program Will Be Presented on Sunday

The Messiah Evangelical United Brethren Church will have this Sunday, Oct. 15, a full day's activities. The Sunday school period is at 9:30 a. m., with Rev. Brian King as the messenger for the lesson for the whole school. Mr. King is from York, Pa., and was a Bible teacher in one of the schools in one of the Carolinas. He is also an accomplished musician and during the services of the day he will furnish several piano solos.

The Homecoming service will be held at 10:30 a. m. with gifts to those who come the farthest in distance, to the oldest person and to the youngest child present. There will be special musical selections by Mr. and Mrs. Herman Smith, of York in the singing of Gospel songs. This service will be of interest to know of the expense of the building project at the church. There will be recognition given to those who have been of help in the task of making the church. The pastor will bring the message of the morning.

Then at noon there will be a basket lunch which will be served in the basement in order to help those who come a distance and who will stay for the afternoon service. All who wish to join in this event are cordially welcomed to have the fellowship in the name of our Lord Jesus Christ.

The Dedication Service will be held at 3:00 p. m., with the Rev. F. Berry Plummer, D. D., of St. Paul's E. U. B. church of Hagerstown as the speaker and the representative of the Pennsylvania Conference who will have charge of the Dedication part of the program. Dr. Plummer is one of the outstanding ministers of Hagerstown and is now serving the St. Paul's Church for the thirtieth year. There will be special from the sister churches of Taneytown, the Smiths, Brian King, and the choir of the E. U. B. Church.

A light lunch will be served in the basement at 5:00 p. m., for those who are willing to fellowship one with another. This is to care for those from a distance and for those willing to help make the day worthwhile for the glory of God.

The Sr. Christian Endeavor meeting will be at 6:30 p. m. and the leader will be Roland E. Garvin.

At 7:30 p. m., the Evangelistic Services will begin and will continue nightly until Sunday, Oct. 29th. The Rev. Brian King and Mr. and Mrs. Herman Smith, of York, will have charge of the messages and song services. Mrs. Orpha King will also bring solos from time to time. These services are for all who are willing to hear and experience good music and the Word of God.

The history of the new project which was added to the Sanctuary is that the church was enlarged to the depth of 20 feet. This gives the pulpit the size of 11x20 feet in comparison of 5x20 feet. The choir loft on the same level of the pulpit is 9x11 feet. The floor of the pulpit was covered with the rubber tile blocks with a border of brown, the field of cream and three crosses in the design of brown and cream.

The front of the church was then arched on both sides to give the appearance the right symmetry of beauty. The altar rail was divided and moved to the left of the audience for the entrance upon the pulpit from the front.

The foundation had to be repaired and so the congregation decided to build a new foundation with the excavation of the cellar so as to have a place to teach the children in a better manner the things of God and the church. The one-room with all ages present cannot teach and handle the classes as they ought to be handled. So the basement of the new section which was added to the church. In the basement there are two sets of accoridian doors which will give two small rooms and another large section which will eventually be separated with a curtain.

There are two toilets in the hallway from the front of the church into the basement. The furnace room next to these and then a kitchen, which is not furnished at the present time. This will be cared for in the future. This kitchen is 8x29 feet. It has a serving window and two swinging doors.

The basement does not have any obstructions in the building as large girders of steel were used to support the floor of the auditorium and upon the girders were placed the tracks for the accoridian doors. The basement is heated with the radiant heat, or hot-water pipes in the concrete floor. The basement can be heated in two sections so as not to heat the whole building for class meetings, etc. The auditorium can be heated and not the basement or the auditorium or the whole church can be heated at one time.

The basement has an exit at the rear which enters into a hallway behind the pulpit. There are hallways which lead into the auditorium and also into a room behind the choir room where shelves and bookcases will be built in the future. Time is pressing to finish this project for the dedication service.

There is an exit at the rear of the church to enter the parking lot which the Taneytown Fathers will take over as soon as the wall of concrete

E. & R. WOMEN MEET

Fall Conference Held in Westminster

The Fall Educational meeting of the Maryland Regional Women's Guild, attended by 239 women, was held yesterday in St. Paul's Evangelical & Reformed church, Westminster, Rev. J. E. Lippy, minister. The theme of the meeting was "A Highway for our God." After a brief worship service conducted by the guild members of Silver Run, Mrs. H. Paul Bovey, president, took charge. After the routine business was concluded she introduced some guests among whom were Rev. Mark G. Wagner, Supt. of Homewood, who informed the gathering concerning the needs of the new home. Rev. J. Odell Zechman, Cavetown, then gave a talk on evangelism. She also called on Mrs. E. J. F. Dettbarn, Baltimore, who is president of the Potomac Synodical Women's Guild. She presented the speaker, Mrs. Ralph Holland from Indianapolis, Ind.

Mrs. Holland, Denominational Christian Citizenship Chairman, outlined the program of the guild for the new year and gave an inspirational message. She used the theme of the meeting "A Highway for our God" and likened the work of the church as a highway going either uphill or downhill depending on how we as Christians meet the challenge for service. Emphasizing the importance of personal stewardship of service, she declared: "That which we do not use, we lose." Also along the highway are mountains of prejudice and national hatreds which must be overcome. Our insincerity she likened unto a crooked pathway. Along the highway are also detours which form islands of self-interest where-in we think only of ourselves.

In order to make the highway straight we as Christians must be ever working to remove all these obstacles. We must carry out God's will for the church and must never say "No" when challenged if "His Kingdom is to come, and His will is to be done."

After luncheon the women met in various groups outlining and discussing their particular phase of the guild work. Mrs. Holland conducted an open forum during which helpful suggestions were given to the women to help in their local guilds. The meeting adjourned after a brief worship service to meet in the spring at Grace church, Taneytown.

SUBSCRIPTION DRIVE SUCCESS

Taneytown High school closed its annual magazine subscription drive on Sept. 25, 1950 with a bang! Contrary to mid-campaign observations, the activity proved a bigger success than ever. A record breaking total of \$2684.70 was collected by the rival teams, the Wildcats and Tigers. The student average was \$10.01, another high mark.

Almost \$2700 worth of magazines could never have been sold had it not been for the spirited competition among the teams, and the loyal support of Taneytown community. Students and faculty of Taneytown High School take off their hats to a civic minded group of people.

blocks are laid. There has been a great difficulty in getting the blocks and concrete to finish the work on the outside of the church. So there will be some of the work that will not be completed for the services on Sunday.

Building materials have been hard to get to do what the plans called for in the making. The people have been patient and have been working hard to get done what has been accomplished. An invitation is extended to the friends and people of Taneytown to pay a visit to the church. The doors are open to all who wish to see what has been done thus far.

When the voting upon the enlargement of the church and basement was voted upon at the congregational meeting, there was not a dissenting vote cast. The members and friends have been wonderful, so an invitation is extended to all to visit the church.

The pastor, Rev. Arthur W. Garvin, was returned to the Taneytown Charge for another year. This is his thirteenth year of service in Taneytown. This is the longest pastorate of any E. U. B. Minister in the history of the church, for over one hundred and two years. The longest pastorate of any minister before was four years, several served that long in the Taneytown church.

THIS 'N' THAT

(Your Chatty Column)

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth!
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

You, too now will believe that life does begin at 80! Think of George Bernard Shaw at the age of 94! The wonderful come back after a severe operation!

How interesting it is to watch on T.V. the City Dr. and Nurse for the schools! They have a real job and no detail escapes them! In Philadelphia each school child was examined once monthly when I was a little girl. It is wonderful to see on T. V. the actual news of the same day on C.B.S. with Douglas Edwards reporting—the films brought over by plane of the actual fighting in Korea! Thinking of T. V. what a brute with that the dishonorable holds of that Leslie English guy on the mat on Tuesday night at the Coliseum. Betcha, that an American wrestler would never be able to get by with that in a match in England! He was so cowardly that after the Bout was over, he ran through the crowds to his dressing room for fear of being mobbed by the Fans!

Down in Westminster there is one of the most honest "Used Car" salesman I ever met. Wonder if it is because he is so Chubby? Your Observer would believe anything he told me. He is an owner of that used business and brother to that Nash man. Thinking of honest people that tall young man around the town with his wife by his side is another one of those kind of people with his big modern electric store!

Now here's one that will please any one in Carroll County! A Housing Engineer right from Washington was to see Your Observer and examined the heating plant at "Loves' Retreat" and this is what he said, "The individual who installed this plant sure know his business as it is perfect!" Nice? And when Your Observer passed it on to the individual "Modesty" was not the word as the adjective to modify was not strong enough. He just said, "Thank you" smiled and quickly walked away!

Christmas is just around the corner! Often wonder why so many send cards with the name engraved instead of written by hand. That engraving seems so distant not a bit of warmth at the holiday season. Eh!

So long, Folks. Have a grand week end. Be good—and be careful. Will be seeing you. Until next week D.V. I am Faithfully,
YOUR OBSERVER.

THE PRIMARIES

The primaries are over and now candidates and their friends will exert themselves to get out the vote to elect their favorite. Sorry, I shall not be here to vote. It will be the first time in sixty years that I have failed to vote in primary or general election. Sixty years ago over in New Jersey I saw negroes being purchased right at the polls—the vote going to the highest bidder. Such may be conditions now at some places, but I know no such.

There are two classes of citizens who are to be dispised—one that class that fails to vote, the other that class that tries to vote too often. Every citizen physically and mentally able should vote at all elections.

WHO IS SOULLESS

Washington, D. C. has become a hard taskmaster. The hundreds of billions of dollars it collects from the people come from earnings that represent the profit of industry and labor. Yet a stranger to the country, listening to its attacks on industry, would think that business was an enemy of the government rather than its primary source of support.

An example of the Washington attitude toward industry is seen in the Justice Department suits for alleged overcharges by the nation's railroads during World War II. During the war, government authorities were empowered to arrive at rates with the railroads, which they did, generally at lower figures than those charged private shippers. Freight shipments were made by the government at these rates and the government collected nearly two billion dollars in taxes on the income derived by the railroads during that period.

Now the government claims the rates it authorized were too high, and wants its money back. If the Justice Department wins its suit, many railroads will be in bankruptcy, and will the Treasury Department pay back the millions that would be due in tax refunds?

What will become of the savings of hundreds of thousands of citizens who are stockholders in the railroads? Would such disregard of agreements be tolerated between private citizens?

Yes, Washington is a hard taskmaster. It makes the "soulless corporations" and "big business," which it berates but from which it takes the last ounce of flesh in the shape of taxes on earnings, look like a Fairy Godmother by comparison. —Industrial News Review.

THE COUNTRY PRESS SAYS

ALBANY, OREGON, DEMOCRAT HERALD: "The rank and file of the American people who pay the taxes pay little attention to national government. This has encouraged wastefulness to a degree which has become alarming."

DENVILLE, N. J., HERALD: "The elaborate tables prepared by the New Jersey CIO on the voting records of the state legislators don't say directly whether a senator or assemblyman voted 'yes' or 'no'; they list him as having voted 'right' or 'wrong'....For instance, all three Morris County representatives were listed as voting 'wrong' on the utility anti-strike law because they voted to extend the law and thereby give the public some measure of protection against sudden irresponsible action by the leaders of utility unions."

CHEWELAH, WASH., INDEPENDENT: "The Hoover survey showed that the U. S. government owned 848,567 typewriters which are being used by 235,000 persons. The difference between government and

private business is that private business would dispose of 613,567, of the typewriters while the government will employ 613,567 persons to run the idle typewriters."

WAKEFIELD, MASS., DAILY ITEM: "Curious to know how the female bathing-suit industry is to comply with the government's desire to have us get along with less of everything."

FAIRFIELD, IOWA, DAILY LEDGER: "We better return to the Constitution instead of trying to plunge any deeper into the mud-hole of totalitarianism which is as far removed from our way of life as the North Pole is from the South Pole."

NAZARETH, PA., ITEM: "The women who pay the increased costs, the men who work to make the money to buy the higher priced food, are voters. Maybe they are voters who... figure that if our government, through Congress, can create inflation, as it did four years ago, it can prevent inflation, as of today."

FRANKLIN, INDIANA, REPUBLICAN: "Social security is paid for by payroll taxes exacted from workers and employers; hence bigger benefits spell higher levies."

ITALY, TEXAS, NEWS-HERALD: "What fools these mortals be that cannot learn from European socialists that government ownership means inefficiency, scarcity, low pay—and most important, no remedy for the laboring man!"

FRIZELLBURG

The Missionary Society of Emmanuel Baust Lutheran church met at the church on Wednesday evening with 26 members and two guests present. Mrs. George Sanner led in devotions. The topic for the lesson was, "We Learn to Worship." Those taking part in the presentation of the lesson were: Mrs. Sterling Zimmerman, Mrs. Norman Myers, Mrs. Clarence Masters and led by Mrs. George Sanner. Miss Carrie Myers read the Thankoffering thought, this was followed by a duet, "There's no Other Friend Like Jesus." Mrs. Harold Shorb and Mrs. Walter Myers, Mrs. Shorb also sang a solo, "Evening Prayer." All members participated in the prayer period. Piano solo, by Marlene Zimmerman. The business session was in charge of the president, Mrs. Delmar Warehime. Mrs. Vernon Zimmerman read the minutes of the previous meeting. The birthdays of Miss Carrie Myers, Mrs. Mora Gilbert and Mrs. Harold Shorb were recognized. Announcement was made of the convention to be held at Trinity Lutheran church, Hagerstown, on Wednesday and Thursday, Oct. 18 and 19. The quiz questions were asked and answered. The public thankoffering service will be held Nov. 19, at the church, at 7:45. After closing with the Lord's prayer several readings were given as follows: "The New Church Organ," Mrs. Harry K. Myers; "A Problem in Mathematics," Mrs. Clarence Masters, and "A Scripture Puzzle" by Mrs. Walter W. Myers. The next meeting will be held Nov. 1, with Miss Edna Myers as leader.

Mrs. Kenneth Stonesifer, Mr. Claude B. Reifsnider, Paul Hymiller and Robert Willet, are attending the Church of God Leadership being held in Westminster this week. They were sent as delegates from the church at this place. The Frizellburg Community Homemakers Club met at the home of Mrs. Howard Carr, on Friday afternoon with Mrs. Walter Brillhart as co-hostess. Mrs. Howard Reichard, president was in charge of the meeting and read the proclamation of Land Week. Some successful floor cleaning suggestions were given at roll-call. It was called to my attention that two other families in the Burg, have television, that of the Wilbur Wantz family and the Wm. Flickinger family. Some of our folks attended the Frederick Fair, last week. We wish to express our heartfelt sympathy to Mr. Edward Haines and family on the loss of his wife, and mother who passed away on Sunday. She was a lovely person and will be missed in the home, church and community. "God saw the road was getting rough. The hills were hard to climb; He gently closed her loving eyes. And whispered: Peace be thine, Her weary hours, her days of pain, Her weary nights are past; Her ever-patient, worn-out frame Has found sweet rest at last."

FEESERSBURG The Governor of Maryland has made a proclamation setting aside October 8-14 as "Land Week." The land is the most precious material possession we have. We should love and preserve it. Without the good soil, a nation is poor indeed. Regardless of your occupation, income or place of residence, you are almost completely dependent upon the land and its products for your food, clothing and shelter. For that reason alone, you should be as interested in maintaining the productivity of the land as the farmer who actually tills the soil. Productive land, has played an important role in the development of our high standard of living. However, as a result of our own carelessness, much of this land has been ruined for future cultivation. Our freedom and prosperity, as well as our continued world leadership, may depend upon the effectiveness with which we use and conserve our remaining land. All of us have an obligation to use the land wisely and providently so that it may continue to provide "the good things of life" for our children and our children's children.

Mrs. Jacob Snare, formerly of Middleburg, died Monday at the home of her nephew, John Wagner, in Dundalk. Funeral services will be held Friday at Hartzler's Funeral Home, in Union Bridge. Interment will be made in Haugh's church cemetery. The preliminary campaign for the "March of Dimes" for 1951 got under way when the county workers and officers met at Hoffman's Inn in Westminster, Tuesday evening for a business meeting and dinner. Dr. Ross Cameron, county health officer, gave an interesting talk on the prevention of polio. Mrs. Truman Myers and Mrs. Clinton Kelly represented the Union Bridge district at the meeting.

The George S. Smith family, of Feesersburg held an old-time apple butter boiling at their farm, Tuesday with all the neighbors helping with the apple peeling. Fourteen bushels of apples were pared and sliced for the big iron kettle. The Raymond Wilsons moved from Middleburg, on Monday to the Smith house in Feesersburg. What this world needs is more people who disagree without being disagreeable. The Francis Scott Key Grange held its regular monthly meeting at the home of Mr. and Mrs. Russell Stonesifer Friday evening. A committee was appointed by the Master, Millard Roelke to obtain signers for the "Crusade for Freedom" scrolls. Those appointed were Earl Wilhide, Russell Stonesifer and Mrs. Merhite Wilhide.

This is also Fire Prevention week, and fire prevention is one case where the "ounce of prevention" is worth considerable more than the "pound of cure." Statistics show that the majority of farm fires are due to eight causes. All of them are easily prevented: 1. Defective chimneys. 2. Sparks on combustible roofs. 3. Inadequate lightning protection. 4. Carelessness with matches. 5. Spontaneous ignition. 6. Improper use of kerosene and gasoline. 7. Unsafe stove and furnace installations. 8. Misuse of electricity and appliances. It's mainly a case of inspection to see if your setup is free from hazard. Check chimneys for cracks, add a spark arrester unless you have a metal or slate roof. Close up unused flue openings with incombustible stops, see that wall, ceilings and floor are protected when they are close to the chimney or stove. Carelessness in the hay mow gives you a chance to build yourself a new barn, it will be a costly excuse, however. Don't allow fire of any kind in the barn. That includes smoking, lanterns, combustion engines or anything else which might give off a spark. Use dust-proof electric motors, enclosed switches and lighting fixtures if you have electricity. Any spark could set off explosive dust mixtures which can occur. No matter what the circumstances, call the local fire department as soon as you spot a fire. While they are on the way, do what you can to extinguish the fire.

Mark Twain said "Man is the only animal that blushes. Or needs to." A would-be soap-box orator who had reached the argumentation stage sat down next to a clergyman in a streetcar. Wishing to start something, he turned to the clergyman and said: "I won't go to heaven, for there ain't no heaven." The expected rise was not forthcoming. "I say there ain't no heaven. I ain't going to heaven," he shouted. The clergyman replied quietly, "Well, go to hell, then, but be quiet about it."

Mrs. Raymond Buffington spent Friday with Mrs. Frank Martin and family. Nancy Roelke had her right hand caught in the door of the school bus last week and two of her fingers were badly crushed. There seems to be

quite a few accidents occurring in the school—some of them quite serious. If they are due to carelessness then something should be done to prevent it. Naturally with several hundred children in daily contact, some accidents are bound to happen, but it seems lately there are too many accidents. Children should be taught early in life to look out for each other's safety. The greater responsibility in this matter lies with the parents rather than the teacher. If children are taught in the home to be considerate of one another, they will carry this lesson into the classroom and on the playground. Visitors at Merry Knoll over the weekend were Mr. and Mrs. Amos Heefner, Miss Betty Bissett of Harrisburg, Pa., and Lt. Robert Heefner of Norfolk, Va.

Who Runs America?

the Congress? the President?
OR YOU AND THE MAN NEXT DOOR?

RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

FREEDOM COMES UNDER ATTACK. The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

THE PEOPLE WEIGH THE FACTS. In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organ-

izations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

General Federation of Women's Clubs
American Farm Bureau Federation
National Grange
Veterans of Foreign Wars
National Conference of Catholic Charities
American Protestant Hospital Association

American Legion
National Association of Small Business Men
United States Chamber of Commerce
National Association of Retail Grocers
National Retail Dry Goods Association
American Bar Association

• Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. • Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. • And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the proudest security of a free and self-reliant people!

THE VOLUNTARY WAY IS THE AMERICAN WAY!

• Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. • Today

THE BIBLE SPEAKS

Using Your Bible

Lesson for October 15, 1950.

THE BIBLE must be approached in three ways: with the head, with the heart and with the will. With the head for understanding, the heart for appreciation and reverence, and the will for obedience. That was the first question Philip asked the Ethiopian: Do you understand what you are reading? Not, do you enjoy it, or do you believe it, but do you understand it? If not, then the reader can neither fully believe nor rightly enjoy it.

Dr. Foreman

The King James Version

THE BEST and simplest help in understanding the Bible is to read it in the language we speak. Now unfortunately it was not written in that tongue, but in Hebrew and Greek. We have to read it in translations. There are scores of translations in English alone. The most widely sold of these is the one known by various names: the King James, or the Authorized, or the 1611, version. This was first published in 1611, being essentially a revision of the Bishop's Bible, a still earlier translation. The name "authorized" is misleading, however, for it never was authorized by church or state. It is a noble example of 17th century English and has had a wide influence wherever English-speaking people have gone.

The fact is, however, that people today do not speak 17th-century English any more, and very few of us even read it. Consequently the Bible, in this King James version, has a quaint Shakespearean sound, and the difficulty of the language is one of the main reasons why the average American today finds it hard to read. Furthermore, the King James is inaccurate in many places. At the time it was published, the translators were working from Greek manuscripts which are now known not to be either the earliest or the best available. For these reasons, fresh translations of the Bible were greatly needed.

20th Century Translations

THESE modern-English translations of the Bible haven't changed the Book; they are simply helping the reader to get back to the ideas of the original apostles and prophets; they are putting the Bible again into the language people actually speak.

Some of the more important versions may be noted here. Practically all the churches of Protestant North America have been co-operating through the International Council of Religious Education, in producing what is called the "Revised Standard Version" of which the New Testament is already out, and very popular too. The whole Bible in this version is due to be off the press by September 1952.

This is an excellent version for church or liturgical use, as it keeps close to the King James rhythm wherever it can; for the King James version, whatever its fault, has a rhythm about parts of it (notably the Psalms) which has never been surpassed.

Two other translations have been before the public, and have won many friends, for a score of years now: Moffat's, and the American Translation by Goodspeed, J.M.P. Smith and others. (This latter includes the Apocrypha, to which most Protestants are strangers).

At One Sitting

THE average reader, used to taking his Bible in snippets of a verse or two, or a chapter at most, at one time, will find that he can sit down with one of these modern translations and just read on and on, fascinated by the book he has discovered for the first time.

One of the "hardest" yet most important parts of the Bible, for instance, is the Epistles section of the New Testament. Every one of these epistles is a short letter, but how few persons ever read one straight through! Let the reader who is puzzled by the Epistles get a copy of "Letters to Young Churches," a translation by J. B. Phillips, and he will find that dark part of the New Testament simply opening up and shining.

The work of translating will go on and on as long as language keeps changing; let us thank God for all those who in our time have been making the Word of God again an open book for all men.
