UNOFFICAL VOTE

Totals of the Vote in Carroll County

Election results in Carroll were not final until last night, therefore a complete table showing the results in each precinct is not available. Herewith appears the unofficial totals which came to us through the courtesy of the local Democratic headquarters. Where an (*) asterisk appears, denotes

the winner in each case. Democrats pulled up a bit on the Republicans by electing three to office instead of the customary one. Although Carroll is a county where Democrats are much in the majority, Republicans have been able to take over the county offices almost 100 percent at each of the

recent elections.

THIS 'N' THAT (Your Chatty Column)

With all my heart, I wish you every

morning A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth!

I wish you always near so that I may help to cheer

Each future day and in some way—
help to bring you happiness!

That same "Old Harvest Moon" still shines down with all its glorious light upon the country sides! It just

could not have been written only for, "Me and My Gal"!

There is the gas stove of "May Tag" that is something out of this world! It actually cooks with the gas off! It is equal to the old-fashioned "Brick Oven" which baked an entire meal with the heated bricks of those

days. The same even heating is acquired with this wonderful invention which is called "The Dutch Oven". It is perfection and most economical to use. It will delight any house wife and an entire meal can be prepared and placed in the oven and upon your return or a busy day, your evening meal will be ready to serve. Here's a sweet one! Your Observer

called upon a Mother of nine children who had a heart attack and is in bed in the Union Memorial Hospital in in the Union Memorial Hospital in Baltimore just resting without any medicine whatsoever. Her youngest child, a boy of fourteen has a newspaper route near the hospital and each evening after he sells his papers he calls at the hospital with a pint of ice cream! Now, Mother that does taste sweet! What think you?

Your Observer has often wondered why we do not have those big, luscious five cent pretzels in the baker-

cious five cent pretzels in the bakeries in our town and especially during school days and with the Pennsylva-nia State so near as that is where they originated many years ago!
(Your Observer would be a steady
customer)! They must be bought
daily so as they keep soft and fresh!
Down in Reisterstown about a
month ago, a car was being driven
to Baltimore and suddenly the back

door opens and what appeared as a bundle thrown out the door to the street! Suddenly the front door opens street! Suddenly the front door opens and a woman appears to have jumped out, the car was then brought to a sudden stop and the car driver's door opened and he jumped out running in the direction of the woman. Folks, the bundle was a little girl of three years of age who had open-

Folks, the bundle was a little girl of three years of age who had opened the door as she was riding in the back. Frantically, the Mother jumped when she realized even before the car stopped. The child was unhurt—not a scratch but the Mother had lost several teeth and her face was bleeding as she had fallen on her face ing as she had fallen on her face when she jumped! How awful! That is the reason Your Observer has always objected to any four door car where there are children!

Now, here's to that Farmer man!
When the movie with Judy Garland
and Gene Kelly comes to our local
movie house, "The Earle" called,
"Summer Stock" by all means drop
whotever you have planned and see whatever you have planned and see it! It sure is packed full of "Down on the Farm" stuff and you will get a big laff! When you hear and see Judy driving one of those tractors Judy driving one of those tractors and singing, "Hi Neighbor! When you work for Mother Nature, Father Time will take care of you!" you will want a "Judy" and wish you had one "Down on Your Farm!" She is really better than ever! Go to it!

Years ago, when I visited Balti-

Years ago, when I visited Balti-more for the first time and remained a few weeks, I heard the sweetest Harp music just below my window! As I gazed out there was a musician sitting on one of those small collap-sible canvas seats on the sidewalk of Eutaw Place playing the sweet-est music I ever heard! He was always paid liberally by all the neighbors and this was a nightly occurrence throughout the entire warm summer evenings! Those evenings were full of enchantment!

Now, here's something to think about—A Tulane University Psychologist has trained four alley cats from New Orleans famed French Quarter to live happily with a team of white rats and says he thinks the world could learn a lesson in peaceful cooperation from them! These natural enemies have been trained not only to live together but to help one another get a good feed by overcoming mutual handicaps! So why not Human Beings, Races and National-ities? Could be!

What a nice surprise to receive a letter from my 'pen' friend from Germany after so many months! She had to await the translater although the English written words were very good inasmuch as she writes German letters most of the time but was man letters most of the time but was taught English when she was a little girl in the German schools, many years ago. She writes that she would like to come and visit me but they cannot take their dollars which is not remained to be applied further. not permitted to be explained further

One of the sweetest photographs held. No further business, a motion was made and carried to close the meeting after singing "Blest Be the Tie". Closing with the Mizpah Benediction. The hostess served refreshments.

One of the sweetest photographs Your Observer has ever seen is the one published in 'The Carroll Record' of that dear little 100 year old mother around our town!" Whistler's Mother has been popular all down through the years yet there is no comparison with the picture of that little Mother of 100 years of age! It would be most of 100 years of age! It would be most

beautiful in pastel Oils on the front page cover of a prominent magazine!
So long, Folks. Have a grand week end. Drive carefully especially after Sundown when more accidents oc-cur! Will be seeing you next week. D. V. Unitl then. I am,

ARTHRITIS

Hundreds Claim Its Grip Broken!

Dear Friend:

Do you have Arthritis? Have you a relative or friend that is suffering from this painful, distressing ailment?

I came upon a simple remedy, that ended my long search and battle to rid myself of Arthritis. I had teeth pulled, tonsils out, serum shots, electric fever treatments, special built shoes, hot baths, pills and salves. The Arthritis withstood them all, and examination in several of the best known clinics could

all, and examination in several of the best known clinics could detect nothing. Finally, I discovered Sulgly-Minol. Today, after seven months I am more free of pain and soreness than at any time in twenty years. Can work ten hours a day, with nothing more than tired feet. Legs, hips, back, neck and arms are practically free of pain and soreness. This has cost me less than six dollars.

This is all I did, and all you will have to do to try Sulgly-Minol. Just rub it on the soles of both feet before going to Minol. Just rub it on the soles of both feet before going to bed. A bottle will last about a month and will be enough to

bed. A bottle will last about a month and will be enough to tell whether it will help. If it helps, keep it up for a month, and after that, just as you feel. If my feet feel sore from too much activity, I rub some on for a night or two. In my opinion, the benefits of Sulphur are more sure and complete on the soles of the feet. The results obtained have been acclaimed by many as a Godsend.

Often I have asked the question, "Why can't something be done to help me?" I sincerely believe that here is something that will help people who are suffering from Arthritis and want to tell as many as I can about it. I am sure you do too.

Snafu, Snarlieu

The French Government would like very much to get 500 new dwelling units put up in Paris, for Paris is home to nearly 3,000,000 Frenchmen. Paris is terribly overcrowded. This fabulous city would like to have room for tourists and visitors, too. But, unfortunately, France is a country where the government "controls" things, and things are in a snarl. Housing is one thing controlled by the government. Housing, alas, is in a snarl.

To build 500 units of "public" housing, the government would have to have money. But the national budget is already loaded down. In France, there are salaries of multitudes of government employees, there are pensions, and there are numerous other things the government is doing for the people. All these things cost money. fact, costs to the government of France are legion. The government figured it could run things properly, and it is still spending.

Enterprise Deceased But, alas, the money for the needed 500 units cannot be found. Well. why does not free enterprise do it? In France there is hardly such a thing as free and private enterprise. The government, you see, has made laws against this and that. It is still all right to own property, but it is getting mighty unpopular. Even so, a group of property owners has proposed to build some rental housing, if the government will let them.

These private owners have asked to build this housing on a nonprofit basis, without any return on investment, if the government will permit them to collect rents to cover maintenance and depreciation. This is the kind of situation that exists in a country where government management is the order of the day. In France, a man spends three times as much a year for his pipe tobacco as he does for his house rent. (Tobacco is plentiful, but houses are scarce.)
Under "Control"

In fact, rents are cheap in France. But then, you see, everything is in a snarl. Housing and rentals of all kinds are shrinking to the vanishing point. Rent is very well controlled. The average worker is said to be paying from 1 to 2 per cent of his annual wages for rent. Even a well-to-do family that makes about \$5,000 a year, pays only \$45 a year for five rooms and bath. Their bill for tobacco is likely to run higher!

Of course, there isn't much housing, and not likely to be much more. The government cannot build, because it cannot afford the costs. Private interests cannot build, because the government will not let Moreover, nobody wants to Anyone who owns property, especially property for rent, is looked upon with suspicion. It is said that property owners who rent ware popularly known as "vultures The joy of owning a cottage is fad-

Freedom to Build I am glad things are not that way in America. America is blest with a system that makes possible the highest living standards known to man. Our system lets each one of us work as hard as we please to make our dreams come true. We do not depend upon hand-outs from the State, nor do we wait for gov-ernment to build us houses. In fact, a public housing bill, if passed by Congress, would do much to take us downhill-the way France has

The Union Bridge Methodist church celebrated Homecoming Sunday with three services during the day. The Rev. Donald McIntosh, pastor and four former pastors took part in the services. The Rev. A. O. Osteen, now of Damascus had charge of the marning service. In the afternoon morning service. In the afternoon a covered dish supper was served by members and friends of the church, and the Rev. Paul Sampson and Mrs. Sampson were present. The evening service at 7:30 p. m., was well attended with the sanctuary of the church filled. The Rev. Clifford Richmond took part in the evening service with Rev. Ernest Colwell, assisting. The Junior choir sang one hymn at the evening service.

Miss Barbara Jean Pfoutz will reign as Homecoming Queen of West-ern Maryland College this year. She will be crowned in an elaborate ceremony between the halves of the West-ern Maryland College—Johns Hopkins University football game. The night of the homecoming game she will preside at a dance to be held in the Gill gymnasium on the campus. Also on the program for the three-day Midcentury Homecoming convention will be an address by Alben W. Barkley, Vice-President of the United States. The Vice-President will deliver his talk at 10:30 a. m. on Nov. 18 and the public is invited to attend. Along with the Vice-President and Mrs. Barkley, Miss Pfoutz will be a guest of honor at a luncheon given by the college president, Lowell S. Ensor. Miss Pfoutz is the oldest daughter of Mr. and Mrs. Elmer Pfoutz, Westminster, and former residents of

Union Bridge. The Carroll County Chapter of the American Red Cross makes the following appeal: A young couple just recently began making a home for their family. They are in great need of a crib for the baby, a high chair and a play pen; also a used kitchen table and chairs. Anyone having these used things and would like to help a needy family, may contact the Red Cross office, phone 212 Westminster. Arrangements will be made to pick up the furniture.

The supper put on by the ladies of Mt. Union Lutheran church, Saturday evening was an outstanding success with 402 suppers being sold. The supper committee with Mrs. Ralph Bair as chairman thanks every one who contributed in any way toward the success of the supper.

The Women's Missionary Society of Mt. Union church held its regular monthly meeting in the parish house Monday evening with 14 members present. Mrs. Cleon Wolfe gave a report on the Missionary convention she attended as a delegate in Hagerstown several weeeks ago. Plans for a Christmas party was made. Mrs. Scott Koons acknowledged with thanks and a gift for the society, the decorative plate the Society sent her. Refreshments were served by Mrs. Frank Martin. Mr. and Mrs. Charles Lease and

The Elmer Wolfe P. T. A. supper on Monday evening was not too well supported by the community. The committee had worked hard to prepare a fine menu, but only sold about 180 suppers. Last year the same thing happened and one has to won-der why the Union Bridge community will not support a supper in its own vicinity. There must be a reason and the persons serving on the committee would like to know it, so that if it is with in their power to remedy the situation, they will do so in the

Mr. and Mrs. Millard Roelke were entertained Tuesday evening by Mr. and Mrs. Elmer Pfoutz at their home in Westminster.

Election day is over and while some of the results were surprising, the nation has taken a step neither to the right or left. As a whole the peo-ple seem to want things to continue on as before. The campaign in many places, was bitter and ill-mannered. Often personalities were the center of bitter debate instead of sticking to the general issues. Here in Maryland, it wasn't so much that certain leaders were defeated, but why they were defeated, must be the con-cern of the intelligent. The sales tax Gov. Lane and Senator Tydings evidently was voted out because of the way he conducted the hearings on communism in Washington. Sometimes the voter does not have a wide range of choice. He may have to de-

same place were: Mr. and Mrs. J. Click, Mr. and Mrs. Raymond Click cide between two candidates for a given office, neither one wholly satisfactory to him. But he can make his preference felt. He can rebuke the candidate whom he thinks has be ome too arrogant, too inefficient and too powerful. I voted for Gov. Lane because I think the sales tax is necessary and the fairest kind of tax or the majority of the people. Maryland is in need of roads, schools and hospitals and they must be paid for. I do not mind paying a 2% sales tax when I know I am paying a hidden tax of 5 cents on every loaf of bread I buy. I voted for Senator Tydings because I never believed in the witch nunts of the early Colonial days nor do I believe in them in this year 1950. The election has not changed my opnion about these things but since the majority are against them. I must abide by their decision. That is de-

mocracy. Only one state, Vermont, has no maximum load limit for trucks. The catch here is that Vermont first thoughtfully fitted itself up with nountains.

The Family Rosary for Peace in the World will be said at the home of Mr. and Mrs. James Myers, 49 York St., on Wednesday evening, Nov. 15th, at eight o'clock.

The first legal hunting in Maryland, was for raccoon and opossum which opened November 1, and will continue until January 31. The next opening date will be Wednesday, November 15, when at sunrise it will be legal to hunt Bobwhite rabbits, wild turkeys, pheasants, ruffed grouse and woodcock; the season on these species will close at sunset, Saturday, December 30; actually it does not close until sunset on De-cember 31, but it so happens this date is Sunday, and it is unlawful to hunt any game in Maryland on the Sabbath. There are two exceptions to this closing date, however, as the turkey season is for 15 days only, and under Federal Regulations the woodcock season closes at sunset December 14. Incidentally, there is no open season on wild turkeys in Garrett County.

The waterfowl (wild ducks, geese and coots) season opens at noon, Monday, November 27, and extends to one hour before sunset on January 5, 1951. On other open days shooting will commence at one-half hour be-fore sunrise and extend to one hour before sunset. Then last but not Maryland's deer season opens December 4, at sunrise, in Garrett, Allegany, Washington, Frederick, Cecil and Worcester Counties, extend-

The Taneytown High School Alumni Association is planning their sec-ond annual Thanksgiving dance to be held Thanksgiving night in the Taneytown High School auditorium.

The Association sponsored a Dance last year on Thanksgiving night and since it was a social and financial success and everyone seemed to en joy themselves it was decided to make it an annual affair. At that dance last year "The Tones", an outstanding group from York, were introduced as strangers to most of the people ind Mr. Charles Bankert, Hampstead istrict, quota \$220.00.

The following chairmen have been surrounding communities left only opinions that even though they couldn't dance too well, that they just enjoyed the music of this combination so well that they stayed until the final number. Alertness

NE of the first instructions given a beginner in the work of picking apples for market is, "Don't pick a windfall." A windfall is usually an apple that has fallen to the ground after being loosened from the branch by the wind.

Sometimes a picker will knock an apple off the tree or even drop one that he has carefully picked. All such apples are windfalls and are not to placed with those that are to go to the packing house, because they are invariably bruised and in time will become spoiled, though they may be perfect in appearance at first. If one is packed in a case of good fruit, it will eventually spoil not only the fruit near it, but the entire case.

Many thoughts we entertain, or things we hear, may at first to all outward appearances be harmless, yet underneath error is at work in its subtle way. If we fail to recognize the "windfall" and discard it from our thinking and conversation, the contaminating effects of error can soon result in our consciousness being filled with many wrong thoughts, producing for us such discords as unemployment, sickness, lack, unhappiness, loss of friends, and resentment, jealousy, fear, and unkindness...

When Christ Jesus said (Matthew 6:33), "Seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you," he did not mean by "these things" sickness, disease, unhappiness, unemployment, world disorders, and the like. On the contrary, he meant just the opposite - and proved it! Man is, because God is. At no time can man be outside God's sphere of influence.

God is eternal, unlimited, boundless, and we are never in any place or circumstance where God's guidance, wisdom, and protection are not instantly available. Man expresses and reflects only Godlike qualities, and they are humanly evident in kindness, brotherly love, health, activity, happiness, tenderness, wisdom, intelligence, compassion, peace. There are no "windfalls" among such

Mary Baker Eddy writes, in "The First Church of Christ, Scientist, and Miscellany" (p. 189), "When the human senses wake from their long slumber to see how soon earth's fables flee and faith grows wearisome, then that which defies decay and satisfies the immortal cravings is sought and found." . . . - The Christian Science Monitor.

Uncle Sam Says

Graduation days are over and the hopes of those leaving school for the last time are flying high. There is one bit of advice your Uncle Sam wants you graduates to remember, and that is—"the only money you'll ever have is the money you are saving right now. Saving part of each pay-check is the ONLY way to save." And one of the best ways to do it is to buy U. S. Savings Bonds through your company's Payroll Savings Plan. Those Bonds are backed by the full resources of the Government and will return you \$4 for eyery \$3 ten years later.

Interflowing Life

Lesson for November 12, 1950

AN AUSTRALIAN minister once remarked: "If ever a church could be found whose members treated one another better than people treat one another on the out-

side, the world would flock to its doors." In that exaggerated remark there is a pointed truth. As a matter of fact, that was the case in the early church and the world did flock to its doors. From

six score people Dr. Foreman that church grew to 5,000 in no time, and in less than three centuries it was the religion of a world-

This Scrambling World

ON THE "outside" what is the rule? David Harum put it in a nutshell: "Do unto your neighbor what he would like to do to you." "Every man for himself and the devil take the hindmost." "Every man has his price." "Look out for Number 1." "Blessed is he that tooteth his own horn, for he that tooteth not his own horn, the same shall not be tooted.'

People get tired of living in a world like that. Something tells them that the everlasting scramble is not the way to live, there must be a better way. Suppose they could look down the street and see that better way actually being put into practice by a little community of people?

They ought to be able to see it wherever there is a Christian church. But—is the average church that kind of community? Do the members treat one another (on Mondays, that is) with more understanding, consideration and affection than the local atheists or Nothingarian's show toward one another? Indeed, is there anything whatever that seems to link these First Whatsis Church people together with a common bond?

Making Fellowship Real

IN A large city there will be a page or more of Smiths in the telephone directory. These all have the same name, but most of them don't know one another and don't care. Too often it is this way with Christians even in the same congregation. They all bear the same name, but that is about all.

What they ought to have is fellowship. This is not a mere can be a real thing. It is like a two-way blood transfusion, in the realm of personality. It is interflow of life. It can be the source of the Christian's finest growth and service. Musicians develop musically through sharing with other musicians. Every "Future Farmer of America" is going to be a better and more enthusiastic farmer through his associations with the F.F.A.

So our Christian faith and life are kept glowing and growing through the fellowship of like-minded persons. One thing your Sunday school class, and indeed the whole congregation, may well consider seriously, even adopting it as your Project for the Year is this: What can we do to make fellowship more real in our church?

Wider Horizons

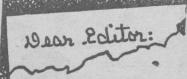

CHRISTIAN fellowship needs not only to be enriched: it needs to be enlarged. In a town or section where denominational lines run sharply across the population, there is too much cross-fire. Such a community has a hard time being a community. Many a denomination has been afflicted with the disease of pride. Loyalty to one's own denomination too easily replaces loyalty to the kingdom of God.

Whatever be your own church connection, there are unnumbered true Christians outside the bounds of your church. Do you know them? Do you worship with them from time to time? Do you encourage visitors from other churches? Not only in other denominations but across lines of race and color you can find a thrill in coming close to Christians who may even be much better Christians than yourself.

Young people in your church may be interested in a new organization which is interested in bringing together the thinking of young peo-ple in every land. Young Christians can bring to such a project the insight and the spirit of Christian Faith, and learn to know young Christians in other lands than ours "Youth of All Nations" at 16 St. Luke's Place, New York 14, N. Y. serves as a clearing-house for the exchange of letters and will be glad

to hear from you.
