Delicious refreshments were served and a social hour was enjoyed by all. (Continued on Fourth Page)

## KIWANIS NEWS

### Miss Ruth DeVore was the Guest Speaker

President David Smith presided over the meeting of the Taneytown Kiwanis Club held Wednesday evening at Taney Inn. Mrs. Smith was also present.

Due to the absence of Edward Reid who had charge of the evening's program, Mr. Albert Baldwin substituted and introduced the speaker, Miss Ruth DeVore, Supt. of Elementary schools in Carroll County. Miss DeVore gave an interesting account of her recent trip to Europe. She described a few of the many highlights of her trip which was made in a large British airship crossing the ocean at a speed of over 300 miles per hour. She described the wreckage of some of the buildings in Europe that were damaged in World War II. She was quite enthusiastic about the hospitality, courtesy and kindness shown her by the people, the beautifully laid-out roads and highways. Two weeks of her six weeks trip were spent on the continent of Europe, the other four weeks spent in England.

The Club "took up" a free-will offering for the Cancer-control Drive. Some of the members of the Club will journey to Baltimore next Wednesday evening to join that Club in an inter-club meeting. The balance of the members of the club will meet as usual at Taney Inn. A good program will be presented.

## HIGH SCHOOL NEWS

The 8th grade classes under the supervision of Mr. Ervin made a trip to Westminster on Wednesday, April 18, to view William F. Myers Son Meat Packing Company. They have been studying meat packing in their Core classes. The group stopped at Warner's Dairy Bar for lunch on their way back to the school.

Under the work experience program girls from the 12th grade Commercial course have been working in various business places in town.

The 9th grade under the direction of Mrs. Yingling and Mrs. Shipley held an assembly program on Wednesday morning during the activities period. The program was called "The Festival of Freedom". This program will be presented for the public on April 24th when the annual Spring Festival will be held.

On Thursday afternoon the high school grades under the supervision of the teachers went to the homes of several of the pupils in the community to view the television program from Washington. The program they viewed was General MacArthur's speech.

Recruiting officers from all branches of the services visited Taneytown High school on Tuesday at 11:05 to speak to the boys and girls of the 12th grade. Their speech emphasized the importance of a high school diploma in the Army, Navy, or Air Force to receive a rating.

### CAPT. ROBERT C. LAMBERT PROMOTED TO RANK OF MAJOR

Captain Robert C. Lambert, whose wife and two children, Michael and James, live in Libertytown, was promoted to Major at the First Corps Command Post in Korea. Major Lambert, an operations officer with the G-2 section of First Corps Headquarters, received the promotion through a special order of 8th Army Headquarters.

Major Lambert graduated from Taneytown High School and attended Western Maryland College, receiving his bachelor of arts degree in 1941. He entered the Army in June, 1941 at Fort George Meade and served with the 82nd and 13th Airborne Divisions in the European Theatre of Operations from 1944 through 1945. He was an employee of The Cambridge Rubber Co. His father, Oliver E. Lambert, lives near Taneytown.

A reception was held Tuesday evening in honor of the Grand Master Rev. Parke Heller, pastor of Dunkirk, Baptist Church. Gov. Theodore R. McKeldin was the guest speaker. Those from Taneytown who attended the reception were Mr. and Mrs. Birnie Staly, Mr. and Mrs. Merwyn C. Fuss and daughter, Alice.

## 4-H NEWS

The monthly meeting of the Girls Jr. 4-H Club was held at the home of Betty Ann Fowler, April 5. 15 members were present. Judy Hailey joined our Club at this meeting. The meeting was opened by the pledge. Doris Bollinger gave a demonstration on making paper flowers and Miss Belva Koons gave a demonstration on making a bed.

Games were played and refreshments were served.

DORIS BOLLINGER, Club Reporter.

The Brotherhood Church, which is preparing for their concert, May 24, will have a very important rehearsal Sunday evening in the church, at 8:00 P. M.

## CONVENTION OF WOMEN'S GUILD

### Ladies of the E. & R. Church Hold Session in Taneytown

About 300 delegates, guests and visitors attended the 10th annual Spring Convention Meeting of the Maryland Regional Women's Guild comprising Washington, Frederick and Carroll counties held in Grace E. & R. Church, Taneytown, Wednesday.

Following the registration the Guild of St. Paul's Church, Westminster, had charge of the morning devotion. The official welcome-greeting was extended by Mrs. Morgan Andreas, following which Mrs. Paul Bovey, Hagerstown, regional president took charge of the business meeting. The various officers and departmental chairmen then presented their reports.

The latter group stood in a semi-circle in the chancel and lighted candles after they had placed the symbols of their departmental activity upon the altar. The symbols used were the lamp of knowledge (education), a string of pearls (membership), time, talent and treasure (stewardship), a globe of the world (missionary), a coin box (thank-offering), figures of God's children standing in the shadow of the flags of the United Nations (Christian citizenship), willing hands (social service), and the flame of consecration (spiritual life).

Mrs. E. J. F. Dettbarn, Baltimore, synodical president, brought heartfelt greetings and challenging information from the national guild board meeting at Cleveland, O. She emphasized the appreciation of the disrupted peoples of the world for used clothing, materials, needles, pins, thread yarn and other little and common things of life which help to ease the burdens of life for those who have lost so much during the war days and to whom Church World Service means so much.

Following a delightful luncheon served by the host church women the Guild of St. John's Church, Clear Spring, had charge of the afternoon devotion. Mrs. E. Romaine Motter served as the organist of the day.

The Recommendation Committee presented 14 practical suggestions concerning the strengthening of local guilds and the practicing of Christian Social Action. The place of meeting committee reported that invitations for the fall and next spring meetings had been received from Christ church, of Hagerstown, and the Glade Charge, Walkersville and Woodsboro, respectively. Both reports were unanimously accepted.

The highlight of the day was a most inspirational address given by Mrs. Frederick A. Goetsch, St. Louis, Mo. Mrs. Goetsch is the widow of the denomination's former Executive Secretary of International Missions and is an elected delegate of the denomination to the National Council of Churches. She spoke on "building a highway for our God" using the simile of Isaiah in the 40th chapter. And she built it around the theme of the day which was "Beginning with Me." She emphasized the qualifications of the roadbuilding individual as being able to recognize existing evils which he labors to eliminate, having faith in the future so as to work for a better day, and being ready to suffer so as to sacrifice all, including life itself if necessary.

She spoke very dynamically and dramatically concerning the physical and especially the spiritual needs of the peoples of the world as they hunger and thirst for righteousness and what a great privilege American Christians have inasmuch as they can by prayer and their very ways of life show forth unto them "the light of the world." She had attended the meeting of the World Council of Churches at Amsterdam, Holland, and spoke graciously and sensitively concerning her inspirational visits with the world-famous Dr. Albert Schweitzer, today's most outstanding living witness for Christ in the mission-field as he serves in Africa. Earlier in the day Mrs. Goetsch had presented two touching vocal solos.

Mrs. William Seibert, Clear Spring sang "The Lord's Prayer." Mrs. R. Paul Smith, Hagerstown, served as the accompanist of the day. The re-consecration prayer was offered and the benediction was announced by the Rev. Morgan Andreas, minister of the host church. The free-will offering of the day was given to the cause of Church World Service.

### DAYLIGHT SAVINGS TIME BEGINS IN TANEYTOWN, APRIL 29.

A special meeting of the Mayor and City Council was held Tuesday evening with John Chenoweth presiding. It was learned that daylight saving time will become effective in Taneytown, April 29th and that the sewer system will not appear on the ballot at the annual June election. The Maryland Legislature recently passed a bill authorizing the Mayor and City Council with the consent of the people, to issue bonds to defray the cost of installing a complete sewer system.

Many citizens are interested in proceeding at once with the project but only a field survey has been completed and the final plans have to be formulated before the overall cost can be determined. The Council is of the opinion that until the cost per family can be determined and materials become less critical the vote should be delayed.

## LAUDS MODERN SCHOOL

### Dr. Benjamin Speaks a Elementary School P-T. A.

Speaking at the meeting of the Elementary School Parent-Teacher Association on Tuesday, Dr. Harold Benjamin of the University of Maryland stated that the schools of today are teaching more of the fundamental subjects to pupils and doing it in a much more effective way. Attacking vigorously those groups who are working to undermine public education, he reaffirmed his belief that we are making a mistake in comparing the pupils of today with those of forty years ago. Pupils of today's schools not only are better educated in reading, writing and arithmetic, but are also better citizens, accept more responsibility and are better prepared to take their places in our troubled world.

Comparing our heritage with that of other nations, he pointed out that our nation does appear to have more natural resources, and more productive power, but this has been attained only because of our system of public education which produced the trained personnel capable of discovering and putting to practical use those riches which our land possesses. Elementary education is the foundation upon which this advanced training has to be based and therefore must be given a great deal of attention. In his closing remarks, Dr. Benjamin warned that our greatest natural resource, children, are in danger of being neglected in the midst of technical and cultural advancement.

The remainder of the program consisted of several numbers by the school orchestra, under the direction of Mr. Kenneth Sampson, and demonstration meeting of the school student council.

During the business session which followed, it was reported that the playground has been tremendously improved through the efforts of the committee in charge. Special recognition was given to Mr. Wilson Utz and Mr. Robert Clingan for their efforts. A letter of appreciation from the student body was also read.

A nominating committee consisting of three members, Mr. Glenn Groshon, Mr. Wilson Utz and Mrs. Kenneth Shorb was elected to prepare a slate of officers to present at the May meeting.

## HIGH SCHOOL NEWS

The Taneytown Junior and Senior High School will present their Spring Festival Tuesday evening the 24, at 8 o'clock in the high school auditorium. The theme of the program is entitled "A Festival of Freedom." Representative groups of the high school will participate in the vocal and instrumental numbers.

The program will be as follows: H. S. Orchestra March; Scene I "The Land of the Free and the Home of the Brave" Core 9 pupils and High School mixed chorus; Scene II "The Freedom of Conscience," Core 9 pupils; Scene III "The Spring Festival," Core 7 pupils; Scene IV "America Sing" 10th Grade mixed chorus; Scene V "America Marches Along" 11th and 12th grade mixed chorus.

There will be several solos, vocal as well as instrumental. Students accompanists for the evening will be Suzanne Shower and Fairy Frook. The program in vocal music is under the direction of Mrs. Wallace Yingling, Kenneth Sampson, instrumental instructor and assisted by the two core instructors Mrs. Edward Shipley and Miss Madeline Myers.

## NEW RELIGIOUS MOVIE

"Fire Upon the Earth." This is the title of the new religious picture to be shown in the Taneytown Presbyterian church, Sunday night at 7:30 and at Piney Creek Presbyterian church, at 8:30. This new sound motion picture, put out by the Presbyterian church, comes in full color. It presents the dramatic story of the church on earth from the time of Christ till now. The music accompanying the picture, is provided by the famous Westminster Choir and follows the changes in church music over the years.

"Fire Upon the Earth" has been in great demand and is booked up for many months ahead in the churches. At the present time it is being released only to Presbyterian churches using the New Curriculum. Later it will be released on a rental basis to all churches.

This production is a screen translation of Norman Langford's book of the same title. It presents the brief and dramatic story of how the church began on earth, and what it has accomplished through the centuries, and its great God-given purpose in the world.

All who wish to see it are invited Sunday night.

## PROMOTED TO CORPORAL

Francis E. Shaum, Jr., son of Mr. and Mrs. Francis E. Shaum, 12 Middle Street, Taneytown, Md., has been promoted to Corporal in the United States Army Corps of Engineers.

Corporal Shaum graduated from Taneytown High School in 1942. He entered the military service in December 1948 and served with the United States Army in the occupation of Japan until he entered the European Command in November, 1950.

The Taneytown soldier is a personnel technician and is assigned to the 83rd Engineer Depot Company at Hanau, Germany.

## CONVOCATION AT HOOD COLLEGE

### Speakers of National Repute Will Deliver Addresses

Miss Caroline Shriner daughter of Mr. and Mrs. George W. Shriner, Taneytown, Md., will be the student escort of Mrs. Milton C. Lang, Baltimore, Md., for the Convocation on the Defense of Democracy at Hood College, April 20-22.

General George C. Marshall, Secretary of Defense and Mrs. Margaret Chase Smith, Republican Senator from Maine, will be the principal speakers at the 3-day event which is expected to draw several thousand visitors from the East and Middle West. General Marshall will speak at 10:30 A. M., April 21, on "Preparing for the Defense of Democracy." At two o'clock that afternoon Senator Smith will discuss "Woman's Role in the Defense of Democracy."

Citations will be presented to outstanding laymen of the Evangelical and Reformed Church, with which Hood is affiliated, to alumnae and to outstanding women of Maryland, persons who the college feels have made a contribution to the American way of life and who typify the ideals for which Hood stands.

An all-day career conference aimed at guiding the students into the vocations in which they can best serve society will open the Convocation. Also on the schedule are open-house demonstrations in each academic department, a concert by the Hood College Choir and a closing service of dedication at which Albert E. Day will be the speaker.

Mrs. Lang will receive a church citation for her work in medical missions. It will be Miss Shriner's duty to serve as a personal guide to Mrs. Lang during her stay on the Hood campus.

## REFORMED MEN MEET

Last Friday evening 97 men from the 7 charges of the Evangelical and Reformed church in Carroll Co., met in St. Paul's Fellowship Hall in Westminster for their semi-annual laymen's conference. Following a delicious meal served by the Veritas Club of the host church Mr. Denton Wantz, president of the conference, took charge of the meeting. A period of folk-song singing on the part of the group led by Rev. Morgan Andreas followed.

The speaker of the evening was national Congressman John Philip Saylor, who came directly from the Senate Chambers in Washington to Westminster. He was introduced and presented by Rev. Edmund Lippy, who had been a classmate of the speaker at Franklin and Marshall College.

In a very personal manner and with a direct delivery the speaker held his appreciative audience as he spoke concerning current events in the national capital. He stressed the armed service draft bill and explained some of its modifications as it affects the population in general. He also spoke concerning the MacArthur Truman episode which is such a vital subject in today's discussions. He also spoke briefly on other subjects and the work of the Congress following which there was a question and answer period. The meeting which had begun with the singing of "Praise God from Whom all Blessings Flow" concluded with the singing of "Blest Be the Tie that Binds."

## THIS 'N' THAT

(Your Chatty Column)  
With all my heart, I wish you: every morning  
A smile that shall last until the next day's dawning.  
I wish you health—life's greatest wealth!

I wish you always near so that I may help to cheer  
Each future day and in some way—help to bring you happiness!

Folks, you won't have to go as far as Washington to see the "Cherry Blossoms" for there will be "Pink Peach" ones right along the Highway this year at "Loves Retreat!" There are thirty-six peach trees.

In the month of May, the movie called, "I'd Climb The Highest Mountain" will be at the Earle and this you don't want to miss. "Royal Wedding" with Jane Powell and Fred Astaire are sweet and different and if you enjoy dancing you will love this picture and become fascinated when Astaire dances right upon the ceiling (through of course mechanical devices of the Motion Picture industry).

"Uncle Miltie" (Berle) has a thirty year contract with his sponsors on T.V. Ugh!

That lovable Arthur Godfrey is still the favorite because he is just like that song of Betty Hutton's, "Doing Things Naturally". If you missed last week's Wednesday night with Arthur Godfrey, you missed an hour's fun right on the farm! There was the cow, horse, ducks, chickens and the pig! Arthur fed the little pig a bottle of milk right there on the stool and then to top that actually milked the cow on that stage! The entire show was, "Down on the Farm". The ending was sweet when Arthur Godfrey sang (still in his farm suit) "When Day is Done!"

Cupid shot his arrow in the home of my nice neighbor. The marriage may take place before the young man goes off to war! What a sweet bride she will be! Best wishes!

There was only a handful of people at the "Civil Defense Meeting" last week! Remember about the little town of Coventry in England? So we never can tell! Eh?

They say that Rita and her "Khan" are really separated but in a nice way! I wonder how nice it is?

Now, this from Phila! If you are too plump, Ladies and really are serious about losing weight this is all you have to do—two days a week. Breakfast—black coffee—noon a piece of meat but no fat whatsoever and for supper exactly six prunes! That from a M. D. and a big one too!

In Hanover, a gentleman who was formerly in the furniture department of M. W.'s opened his own store about a year ago on Carlisle Street. In his store is a "Loom" where you can stand and watch him weave the most attractive throw rugs of all colors and sizes. The name is "Stempfly".

During the Easter Holidays, Your Observer saw that great actor Dexter who is impersonating Rudolph Valentino. It was perfection in every detail. The only difference of the faces—this actor, Dexter has a dimple in his chin and his nose is broader at the base. His dancing was beyond describing not the light footed Astaire type but a real dancer. His shoulders are as broad and muscled as any wrestler I have ever seen. The coloring was most beautiful in every scene and the girls were glamorous.

Thinking of Wrestlers, was surprised to see Lord Spears on the "Sing It Again" program as one of the contestants. The biggest surprise was his (Continued on seventh page)

## ORCHESTRA CONCERT AT WESTERN MARYLAND COLLEGE

The Western Md. College Little Symphony Orchestra under the direction of Prof. Philip Royer will present its 20th anniversary Spring Concert in Alumni Hall, tonight (April 20), at 8:15 P. M. Of unusual interest this year, will be the return of many former orchestra players (by special invitation) who will unite with the present orchestra for this special concert.

The program will include the following numbers: "Prelude and Fugue in D minor by Handel"; Symphony in F major by Carl von Dittersdorf and "Concerto No. 3 in C minor" by Beethoven.

Presiding at the piano for the first two numbers will be Miss Marian Martin daughter of Mrs. Olive Martin formerly of Taneytown and Dr. Thomas A. Martin A. Martin, Raleigh, N. C., formerly of Taneytown. The final and concert number will be played by Miss Arleen Hergemeier a member of the music faculty.

Miss Martin who is a sophomore and quite active in musical organizations at Western Maryland will also be the accompanist for the Girls Glee Club concert which will be presented at Alumni Hall on Sunday, April 22, at 7:15 P. M. At that time the Glee Club under the direction of Miss Grace Cordelia Murray will present Vaughan Williams' "Magnificat" with Miss Olga Greison well known Baltimore contralto singing the solo part.

There will be no admission charge to either of these programs and the public is cordially invited.

## KEYSVILLE-DETOUR WOMEN'S CLUB

Due to a change in plans the regular monthly meeting of the Keysville-DeTour Women's Club will be held on Monday evening, April 23 in the demonstration room of the Potomac Edison building in Taneytown.

It's now time to prune your shade trees.

### HOW OLD IS EARTH?

There are those who sincerely believe that earth is only 6000 years old. The eternal mountains and great sequoia trees of California indicate a much greater age. No one has yet figured out a workable plan to determine earth's age. It seems to me that there is a way and simple at that. The saltine contents of the oceans can readily be determined and from the rivers that flow into the ocean it can be determined what amount of sodium chloride is discharged. This amount per year divided into the total ocean content would give the earth's age which would be found to be much more than the 6000 years. The probabilities are that it would reach a billion years, and maybe a trillion.

Whatever the age be Moses hit it right when he said "In the beginning God created the heavens and the earth." Note the heavens (stars) were created before earth. God is eternal. He had no beginning and will have no ending. How long is eternity? I don't know but I think the old Negro preacher came pretty near being right when he used the little and for illustrations. He said if a little ant were to go to the Atlantic Coast and take up a grain of sand and cross the continent and deposit it on the Pacific Coast then return and get another grain and carry it across the continent and continue this until all the sand in the Atlantic Coast were deposited in the Pacific Coast —when done eternity about yet begun. That is intellectual reasoning far excellence.

### GRASS ROOTS OPINION

**QUINCY MASS. PATRIOT LEADER:** "For centuries the world has sought the amelioration of its evils, maladjustments and misfortunes, physical and spiritual, through transitory and worldly remedies. But the real, the spiritual solution for these human ills was revealed nearly 20 centuries ago by Jesus, and the failure of mankind to understand and apply His teachings is responsible for most of humanity's troubles today."

**CANANDAIGUA, N. Y. TIMES-JOURNAL:** "We are reaping an unsavory harvest. For years we have been demanding more from government. For years we have been ignoring our responsibilities to government. The two do not go together. If we want government to provide greater and broader services, we must expect to pay the piper."

**BROWNSVILLE, PA. TELEGRAPH:** "If history is any criterion, reform will not come from within big government. It will come from the American people. Higher standards of morality will be imposed from outside Washington."

**RADFORD, VA. NEWS-JOURNAL:** "Price control defeats the free growth of a free economy. We may accept it as a temporary measure during a crisis, but we must beware lest the temporary measures become permanent fixtures in our society."

### THE AMERICAN DREAM

WHETHER THE CITY BOY DREAMS OF LIFE AMID WOODS AND STREAMS AND LEAFY LANES

—OR THE COUNTRY BOY OF FORTUNE AND FAME WHERE LIGHTS ARE BRIGHT AND TOWERS TALL

THE RIGHT TO DREAM, AND DO —THE RIGHT OF US ALL— IS THE ESSENCE OF OUR DEMOCRACY.

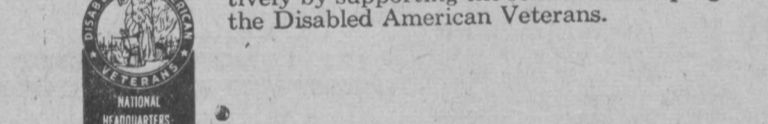

TO DEFEND THAT RIGHT, YOUTH ONCE AGAIN PUTS ITS PEACEFUL DREAMS ASIDE AND PREPARES TO CONFRONT FORCES THAT WOULD TRAMPLE DREAMS INTO DUST.

## ALUMNI ASS'N MEETS

The regular meeting of the Taneytown High School Alumni Association was held Monday evening in the High School. Correspondence was read and a report on membership was made by Anna Sanders, Sec. The Business Manager of the basketball teams was directed to get all basketball uniforms cleaned and moth-proofed. The awards committee reported that the trophies had not yet been received which will be awarded to members of the graduating class. The Association President will make the awards at the graduation exercises.

Committee reports were heard on the play, "While Wifey's Away", which will be presented in the High School, May 3 and 4th. Doris Harner reported for the general committee that everything was coming along nicely. The play should prove to be one of the best presentations of this kind to be given here for some time. It is full of laughs from start to finish and the complications which arise while Wifey's Away are real entertainment for the whole family. Tickets are now on sale and may be obtained from any member of the cast, active members of the Alumni Association or at Dougherty's Grocery. Pictures of the cast will be in the local paper in the near future and shots of different scenes will be posted in the windows of the Potomac Edison Co. and the Taneytown Mutual Fire Insurance office. Refreshments will be on sale preceding and following the play and many home-made goodies will be available.

The annual Banquet and Dance was then discussed. The report of the menu committee was accepted. The banquet was awarded to the Ladies' Auxiliary of the Fire Company. "The Four Squares" of York will provide music for dancing and entertainment following the program. This orchestra came highly recommended to the committee. The Senior Class was appointed to have charge of decorations with Helen Wantz and Ann Wilson as co-chairman. The secretary was appointed to write invitations and cards for the Banquet. Leo Sanders was appointed to have tickets printed. It was suggested that those who send cards to members of their class would submit the list of names and addresses to the Secretary. This would help to bring the mailing list up to date. Every alumnus of T. H. S. will want to stretch every point to be present at this year's banquet because it should be the biggest and best ever held.

The Senior Class has been invited to attend the May meeting. The Alumni President gave a short talk to the class last Thursday explaining the Association to them. They will be honorary members for the year '51 and will be guests of the Association at the banquet.

After the meeting delicious refreshments were served by Mildred Rittase and Minnie Ingram.

## WHILE WIFEY'S AWAY

The cast has been announced for the three-act comedy "While Wifey's Away", which will be presented in the High School, May 3 and 4 by the T. H. S. Alumni Association.

A fine cast has been selected and under the direction of Mrs. Mildred Stine the production will be one that everyone should see. A picture of the entire cast will appear in this paper next week. Watch for it!

George Motter will have the leading role as Milo Dillon, the absent minded, but otherwise average husband who loves his wife, but who would just like to have a peaceful vacation without her. Mildred Rittase has the role opposite Motter as Clarice Dillon, his wife. Clarice is a devoted but suspicious wife, but what she sees when she returns unexpectedly to her home would make any trusting wife sue for divorce. John Harner, Jr., is cast as Chester Bivin, a henpecked friend of the Dillons who takes everything his wife throws at him including the rolling pin. His gossiping and domineering wife, Nina, is played by Catherine Martin. George Sauble, II, portrays the conceited dashing bachelor, Elliot Blair, who seems to make quite a nuisance of himself in the Dillon household. Laura Simpson, the younger single sister of Clarice who arrives for a visit and complicates matters even worse, is played by Minnie Ingram. Petunia, the colored maid of the Dillons is depicted by Ruthanna Airing. Petunia is a lazy and somewhat nosy darky who thoroughly enjoys a good joke and seems well satisfied with the hilarious consequences which entangle the people around her.

Pearl Bollinger portrays an old Maid (Aunt of Clarice's who has the screwy notion of a way to help educate the children of Berangaria, (which incidentally is near the north pole). Claudia Cattleboard, a female attorney who comes with impressive news for Milo, is played by Charlotte Bollinger. Dixie Bell Garfield is the colored washwoman who hates work just as much as Petunia. Dixie and Petunia make a fine pair. Dixie Bell is portrayed by Anna Sanders. La-Reina Fream is cast as Mrs. Jimmy, Queenie. Queenie is a newly-wed who, because of a heartless draft board, was separated from her husband immediately after the wedding and is sent to the Dillons for a visit. Francis Myers depicts Uncle Barnaby, Milo's uncle who collects pets.

Pictures of numerous scenes will be displayed in the windows of the Potomac Edison Co. and in the Mutual Fire Ins. Co. office. Tickets are now on sale and may be obtained from Alumni members, several pupils of the Elementary and High schools, or at Dougherty's Grocery.

## USE OF GAS

For the second consecutive year, the liquefied petroleum gas industry added a million new domestic customers in 1950. Mr. James T. Hays, of Town and Country Gas Service, Inc., local LP-Gas distributor, announced today. Citing the results of a recent national survey. Mr. Hays revealed that the fast-growing LP-Gas business has made such tremendous progress in the past few years that it now supplies modern

gas service, directly or indirectly, to more families than the manufactured gas industry and to about two-thirds as many as the natural gas industry. LP-Gas (also known as butane, propane, bottled and tank gas) is used today in upwards of 7,500,000 American homes. Domestic consumption of the fuel in 1950 reached an estimated 2,143,000,000 gallons. This outstrips the industry's total sales for all purposes in 1947 and represents a 31.7 per cent increase over the 1949 domestic figure. Sales for all classes of business, excluding products used in the manufacture of aviation and motor gasoline and synthetic rubber, are believed to have aggregated 3,333,000,000 gallons last year, a gain of 25.4 per cent over 1949.

Used in the home for cooking, water heating, refrigeration, heating, clothes drying and incineration, LP-Gas also has hundreds of applications in agriculture, commerce and industry. The total retail value of equipment and appliances sold by the LP-Gas industry for domestic purposes alone in 1950 approximated one-third of a billion dollars, Mr. Hays said.

## MARYLAND MUSINGS

Inu fertilizing your lawn this spring, you'll get the best results from a straight form of nitrogen-type fertilizer, such as ammonium nitrate.

Watch the temperatures in storing potatoes. Keep potatoes cool but not cold. Remember to keep them in the dark. Light may cause greenish discoloration with deterioration of eating qualities.

It pays to have your seed tested for purity and germination whether you plan to use the seed on your own farm or sell it.

In frying or roasting poultry, birds should not be covered, say home economists, specialists of the University of Maryland Extension Service. The meat is more juicy and there is less shrinkage.

If eggs are marked according to U. S. weight classes, "extra-large" eggs will weight at least 27 ounces; "large" at least 24 ounces; "mediums" at least 21 ounces; "small" eggs at least 18 ounces.

For a trick to save work come dish washing, use a small pan and rack when broiling just a few chops or line the broiler pan with aluminum foil which can be thrown away without washing.

If cows are turned out on pasture too early they often drop in milk production and the pastures are ruined by the early grazing. Wait until the grass is 4 to 6 inches tall and the ground is firm enough so the cows won't cut up the sod.

Teen-ages desire strict but fair discipline which is not selfishly imposed.

Wise discipline at home gives the feeling of security which all children need and want.

If you leave crust on bread when you make sandwiches, you will avoid waste and the sandwiches will stay moist longer.

It is estimated that during World War II, clothing a soldier for a year took the wool production of 26 sheep.

To avoid spoilage, refrigerate lard, butter, margarine, drippings and rendered fats and opened containers of salad oils. Hydrogenated fats (certain shortenings sold under brand names) can be kept at room temperature.

### FEESERSBURG

In all trying positions in which I shall be placed, and doubtless I shall be placed in many such, my reliance will be upon you and the people of the United States; and I wish you to remember, now and forever, that it is your business, and not mine; that of the union of these United States and the liberties of this people shall be lost, it is but little to any one man of fifty-two years of age, but a great deal to the 30 millions of people who inhabit these United States, and to their posterity in all coming time. It is your business to rise up and preserve the Union and liberty for yourselves, and not for me. I appeal to you again to constantly bear in mind that not with politicians, not with Presidents, not with office-seekers, but with you is the question: Shall the Union and shall the liberties of this country be preserved to the latest generation?

The above lines were written by Abraham Lincoln in 1861 but they seem to apply to this year 1951, as well. It seems to this average citizen that we have had a tendency lately to get excited over trivial matters and to ignore the more important ones. For instance, this past week the whole nation has been almost hysterical in its debate over President Truman and General MacArthur. Most of the arguments were childish and superficial. Only a very small group of people attempted to bring before the nation the real issues involved. And only a very small fraction of the people made any effort to find out for themselves. It is this willingness on the part of the people to accept the newspaper headlines as facts and to accept the commentators and immature politicians statements as gospel, that is giving our nation a name of "intellectual delinquency" among the other nations of the world. Whether we want to or not, we are the number one nation in the world and its about time to think, speak and act like a citizen of the number one nation.

I worry, I putter, I push and shove. Hunting little molehills to make mountains of.

A party telephone is one place where good manners are a must if one wishes to keep friends and neighbors thinking well of us. When you answer the phone say "hello," rather than "the Brown's residence," or "Central 2121." Talk distinctly, loud enough to be heard, but not so loud that your voice is blurred. Avoid calling at meal hours. Give the other person time to answer the phone, it is suggested you wait for ten rings. If you have more than a short message to give, ask, "Do you have time to chat awhile?" Your friend may have company or be busy. When you do the calling it is up to you to say goodbye. And for friendship sake and for the good of the telephone put the receiver down gently. If your's is a party line, be sure to share it with the other parties and not act like it's your private line.

The square dance held last Friday evening at the Elmer Wolfe school by the elementary grades for the benefit of the library brought out the teen age group, but was shunned by the parents. I must admit this type of dancing is too strenuous for most adults but one can have just as much fun from watching the children as actually taking part. In fact, it is rather a comforting feeling to be able to sit back and "act ones age" knowing one isn't expected to kick up one's heels like a ten year old.

Word came to friends in Middleburg last week of the death of Sam Pelser who died in Boston last Monday. He will be remembered by many in the community. For many years he rode horses for Mr. Robert J. Walden at Bowling Brook racing farm and lived there until he retired from riding and went to Boston to live.

Mrs. Earle Wilhide and Mrs. Samuel Keyton attended the Missionary Convention held last week in Emmitsburg. About 250 members attended from the different Missionary Societies throughout the state.

Things that everyone should know. The historic Mason-Dixon line is not an imaginary line but was marked every mile by five-foot limestone monuments, many of which still exist.

One and a half million children of school age were not in school last year due to shortage of teachers, buildings and school equipment.

There were 11,002 books published in the United States last year. This means new books just recently written. A good many of this number were text books used in schools and colleges, but there were also a great many books of fiction written. In spite of radio and T. V. there still remains a large group of people who enjoy reading for pleasure.

Gov. McKeldin vetoed the bill giving the teachers of Maryland a \$300 raise. It seems to me that it is a case of penny wise, pound foolish, to practice economy on education, when even a first grader these days knows that the destiny of our country will one day rest upon the shoulders of our young boys and girls. If they are poorly educated and equipped to handle the problems that come up so will our country suffer, as it is suffering today for lack of brave and honest leadership.

Visitors over the week-end at Merry Knoll were Miss Barbara Wisner, of Baltimore, and David Buffington of Western Maryland College.

Future first graders were registered Tuesday at the Elmer Wolfe school and given a physical check-

up. About 35 boys and girls signed in—an increase over last year of about ten pupils.

Our English Mockingbird is sitting in the pine tree outside the kitchen window looking very much disgusted with this very cold April weather. He doesn't seem much in the mood of setting up housekeeping or taking a wife. In fact, he is looking right in the window as if he would like to come in and get warm.

The world will take on a different look when each one of us start asking ourselves "What am I giving to life?" instead of "What am I getting out of it?"

## What Sacrifices

### Are Required?

WHAT sacrifice is required of us in the cause of peace? Our money? Our labor? Our life? It may well be one or more of these things, but primarily it exceeds them all. Money, work, and human life have been liberally poured forth in two world conflicts, but they have not been adequate to purchase peace. In the power and humility of his words and works, Christ Jesus set the true standard of living for all people. His teaching of love for God and man as the bedrock of right living drew from the scribe the comment (Mark 12:32, 33): "Well, Master, thou hast said the truth: for there is one God; and there is none other but he; and to love him with all the heart, and with all the soul, and with all the strength, and to love his neighbor as himself, is more than all whole burnt offerings and sacrifices."

This, then, is the sacrifice that we are all called upon to make in peace as in war—to lift up a standard of spiritual living; to let go of everything that falls short of it. Referring to Christ Jesus and the Sermon on the Mount, Mary Baker Eddy, the Discoverer and Founder of Christian Science, writes in "Retrospection and Introspection" (p. 91): "What has this hillside priest, this seaside teacher, done for the human race? Ask, rather, what has he not done. His holy humility, unworldliness, and self-abandonment wrought infinite results." Are his avowed followers lifting up these qualities in their own lives, and achieving proportionate results?

We need to sacrifice our frightened sense of a god of war, a god of famine, a god of senseless destruction, from whose despotism there is no escape and in subservience to whom there is neither freedom nor dignity for the human race. We need to acknowledge one universal, omnipotent God, who is Love, and man glorious in the humility of being His reflection.

When we look with apprehension at the despotic tendencies of a nation or a system, let us make sure there are no despotic tendencies in our own thought. If there are, let us sacrifice them quickly. If we are holding another in the grip of human hate or enslaving, possessive love, we must release him in the dignity of his true being.

When we stand aghast at the greed of another, are we sure that no slightest taint of greed inheres in ourselves? May we not sacrifice willingly the urge to hoard, or to defeat government demands by squandering what we have, and re-

place it with trust in Love's infinite provision?

While carping at the tardiness of nations or individuals to come to the rescue of freedom, do we spontaneously answer the call? Are we alert to sacrifice materialistic thinking for the prayerful unfolding in thought of those upon whom the conduct of world affairs especially rests? Or are we secretly relieved that no upheaving demands have yet been made upon us, or upon those we love?

To sacrifice effectively for peace means constant, consistent struggle to sacrifice materialism, apathy, smugness, despondency, criticism, and narrow, jealous, or spiteful thinking. It means sincere endeavor to lift up the standard of Christly living and bear it quietly and courageously in our day-to-day dealings. It means quickening, enlarging, and spiritualizing affection so that it may grow from faithful beginnings in the home and the community to embrace all mankind. . . .

What can we do to better serve our country and humanity? May we not, each one of us, loving God with all our heart, and our neighbor as ourself, make our life a continuous, dutiful act of service in its highest sense, by striving to be more Christlike? Loyalty to God and to spiritual man in the freedom and dignity of His likeness embraces in its bigness every true loyalty and brings to our living a consistent singleness of purpose and usefulness. No less a sacrifice is called for, and we may make it with glad and wholehearted devotion.—The Christian Science Monitor.

### 4,000-Year-Old Skeleton

#### Found in Bronze Age Site

SINGEN, Germany — A human skeleton, that of a woman, believed to be 4,000 years old, has been found near Singen and is proof of human settlement there from the early stone age to shortly before the Roman conquests.

The discovery was made near Lake Constance, together with the excavation of 10 other ancient graves.

According to experts, the excavation sites are the only ones in central Europe through which human history since 4,000 B.C. can be traced with continuity.

The 4,000-year-old bronze age skeleton, was buried in a sitting position, facing east and had a ring, necklace, a large needle and two ankle hoops, all made of bronze, with her in the grave.

The other burial places revealed urns dating back 3,000 years.

### DIED

#### LEVI D. MAUS, SR.

Levi D. Maus, Sr., 81, prominent citizen of Carroll county, died at his home, 81 Westmoreland Street, Westminster, Friday evening, April 13, 1951 following a seven weeks illness.

He was born Sept. 24, 1869, in Adams county, a son of the late Levi D. and Lydia A. Maus. Mr. Maus was active in farming for a number of years near Tyrone, Carroll county, until he moved to Westminster and accepted the position as deputy clerk in the office of the clerk of the court under Edwin M. Mellor, Jr. He served as first deputy until the death of Mr. Mellor and was then appointed clerk during the remainder of Mr. Mellor's term. In 1928, he was elected to the office of clerk of court and finished his service in 1942 retiring after 21 years as a public official in Carroll county.

Mr. Maus was a member of Door-to-Virtue Masonic Lodge, Westminster, since 1905, and a past master for ten years. He also was a member of the Knights of Pythias Lodge, Frizellburg, and a member of the Westminster City Council at the time of his death, having served for eight years. He was a faithful member of St. Paul's Reformed church and Sunday school, Westminster. He and his wife, Harriet Babylon Maus, celebrated their 50th wedding anniversary on Jan. 3rd.

Surviving besides his wife are five children: Stanley R. Maus, Hanover; Levi D. Maus, Jr., Pleasant Valley, and Mrs. Ralph E. Yealy, Mrs. Franklin S. Gilds and Charles H. Maus, all of Westminster; a sister, Mrs. Ellen Rinehart, Westminster, and a brother, Charles W. Maus, of Lexington, N. C.

Funeral services were held Monday afternoon, at the J. E. Myers, Jr., Funeral Home, Willis St., Westminster. His pastor, the Rev. J. Edmond Lippy, officiated. Burial was in Kriders' cemetery. The Westminster Masonic Lodge conducted graveside services.

In Loving Memory of my dear wife,  
MYRTLE MYERLY,  
who passed away 1 year ago April 16

I often sit and think of you,  
And speak of how you died;  
To think you could not say good-bye  
Before you closed your eyes.

We think of you in silence,  
No eyes can see us weep;  
But many silent tears are shed,  
When others are asleep.

My heart still aches with sadness,  
My eyes fill with tears,  
God only knows how I miss you  
At the end of one year.

Knowing you are gone,  
That I cannot forget,  
But believing we will be reunited  
Is the greatest thought yet.

No one knows how much I miss you,  
No one knows the bitter pain  
I have suffered since I lost you  
Life has never been the same.

There is not a day, dear wife,  
That I don't think of you.

Those whom we love go out of sight,  
But never out of mind.  
They are cherished in the hearts  
Of those they leave behind.

Loving and kind in all her ways,  
Upright and just to the end of her days;  
Sincere and true in heart and mind,  
Beautiful memories she left behind.

A happy home we once enjoyed,  
How sweet the memory still.  
But death has left a loneliness  
The world can never fill.

By her husband,  
S. ARTHUR MYERLY.

## DISPOSITION OF LEGISLATIVE BILLS

## Senator Hoff Explains Status of Several Measures

To the Editor:

Dear Sir:

In this and following letters I will attempt to summarize some of the more important statewide and local (Carroll County) measures that have been passed by the Legislature and signed by Governor McKeldin.

As copies of these laws are not yet available in printed form I will not be able to comply with the requests that I have had for some measures. I will, however, be glad to answer any inquiries concerning new laws that may be directed to my Westminster office.

## RENT CONTROL ELIMINATED

A Bill declaring rent control no longer necessary in Carroll County was signed by the Governor this past Friday. Under the provisions of the Federal Rent Control Act controls in Carroll County will end 15 days after a copy of this Bill is forwarded to the Housing Expediter of Maryland. The Bill provides that such copy shall be forwarded to the Expediter immediately upon its approval by the Governor.

Six Districts of Carroll County were freed from rent control in October, 1949. They were Uniontown, Myers, Franklin, Middleburg, New Windsor and Berrett. This new law will free the balance of the county.

Other housing accommodations not subject to control were those that were not rented prior to February 1, 1947.

## SCHOOL ATTENDANCE LAW CHANGED

In 1947 a law was passed raising the age for compulsory attendance at school, from 14 to 16. Senate Bill 335, signed by the Governor, now permits the County Superintendent to authorize the withdrawal from school of any child between the age of 14 and 16 who would not be benefited by continuance in school.

**TEACHERS' PAY RAISE VETOED** Governor McKeldin vetoed the Bill that would have given all public school teachers a \$300.00 increase in salary. In a statement issued since the veto the Governor stated he was following his policy of not signing any Bills that would increase taxes. The teachers' pay Bill would have been paid for by a 1% increase in corporate taxes. The Governor also declared that further salary increases for teachers was the responsibility of the several counties of the State and not the responsibility of the State as a whole.

## ROAD FUNDS FOR STATE POLICE

Before 1947 the cost of maintaining the Department of State Police was paid out of moneys raised from taxes on motor vehicles and gasoline. When the Sales Tax was passed this Department was supported from the General Funds of the State. This year, due to the decrease of revenue resulting from the increase of the sales tax exemption from 14c to 51c it became necessary to again charge to road funds the cost of supporting the State Police. The only alternative would have been an increase in existing taxes or the imposition of a new tax, neither of which would have met the approval of the Governor.

## SERIAL NUMBERS PROTECTED

Senate Bill 309, signed by the Governor, makes it unlawful for any person to remove or deface the serial number stamped upon or affixed to any manufactured article with the intent of preventing identification. This law was requested by police authorities to assist them in tracing and recovering stolen or lost articles that have been given some identifying serial number. Possession of such manufactured article, having had its identifying marks or plates removed, is made a misdemeanor.

## LOCAL BILLS SIGNED

House Bill 187 authorizing the Sheriff of Carroll County to appoint more than one Deputy Sheriff at such salaries as may be fixed by the County Commissioners.

Senate Bill 297 permitting the Mayor and Council of Taneytown to regulate the construction of buildings and the sub-division of land within the corporate limits.

Senate Bill 201 reestablishing by new survey the corporate boundaries of the Town of New Windsor.

Senate Bill 93 authorizing the County Commissioners to levy \$105,000.00 over a three year period to match the \$100,000.00 gift of Scott Bair, and other gifts for the purpose of building a general hospital in Carroll County.

Sincerely,  
STANFORD HOFF.

## UNCHANGED

Entering the house just as her husband put down the telephone, the wife said:

"Whom were you talking to, dear?"

"Your mother called," he replied.

"And how is she?"

Warily he answered, "About the same—unfair to meddling."

## Atom Reactor Plants Safest Places to Work

RICHLAND, Wash.—The Hanford atomic reactor plants are the safest working places in the world, according to records.

Unprotected, a man could not safely come within a quarter of a mile of such nuclear chain reaction as takes place in a Hanford pile.

Let no worker at Hanford get gotten in an entire year as much radioactivity as having your chest X-rayed. Thick concrete walls furnish most of the protection but there are jobs in which workers walk right into the rays.

For instance, men with periscopes, magnifying lenses and powerful lights detected a piece of apparatus out of order. A remote control crane lifted it over a wall to an area free from rays. But the piece itself was emitting powerful gamma rays.

## Safety Fence Put Up

A crew taped paper on the floor where the piece was to rest to save the floor from getting radioactive. The distance the rays would travel from the apparatus was calculated, and a safety fence set up at the limits of danger.

The piece had to be repaired. First a crew trained on an identical piece of apparatus, to save time when they came to the "hot" apparatus.

After training, the crewmen stripped. Those with cuts or scratches on hands and arms were rejected. The others dressed in two pairs of white coveralls, two pair of gloves, rubber and leather, cloth hats fastened down over hair, and rubbers over shoes. They wore masks furnishing their own oxygen for breathing.

At the fence the men found their tools already laid out at points nearest each tool's probable need. All the tools were long handled. Parts of the crew stepped inside the fence, into the direct rays, which then bathed their bodies. New men on this kind of job say they feel the rays pricking their skin. That seems to be nerves, because experienced men never feel anything.

## Timekeeper Keeps Watch

A timekeeper watched them, checking how much of the rays each worker got. Presently he signaled one to come out. That man left the job, because he had received all the rays permissible on one day. One of the reserves took his place. So it went until the job was done.

By that time every man's clothes were presumed to be covered with radioactive atoms. The crew went to a room where they stripped these clothes, washed and had their skin tested for radioactivity.

Some had radioactivity on their hands, the parts which had been closest to the "hot" apparatus. These had to scrub several times with special green soap and other chemicals.

The amount of radioactivity permitted these workers is less than the natural radioactivity which everyone gets from the air at one mile altitude. Dust and air might get radioactive in the Hanford plants, and for this robot monitors detect the contamination long before it is dangerous. The robots blow whistles, ring bells and flash lights in warning.

## Czech Paper Blames Atom For Shortage of Onions

PRAGUE, Czechoslovakia—Prace, the trade-union newspaper, reports many people in Czechoslovakia are buying heaps of onions to protect themselves against atomic radiation. Others are stocking up on vinegar to guard against gas attacks.

Prace blamed such citizens, "insuring themselves against all eventualities", for current shortages of those two commodities. A bad onion harvest and insufficient vinegar production has nothing to do with the current shortage, the newspaper said.

The newspaper said a woman spread the rumor that the smell of onions helped counteract the effect of radiation after an atomic bomb explosion.

"And so, people bought a quintal (220 pounds) of onions and put them under the bed."

Another woman, Prace reported, gossiped that in case of a gas attack a handkerchief dipped in vinegar was a good thing to have.

"And so these people have their larders full of vinegar bottles."

Other newspapers have reported an onion shortage.

## 8-Year-Old Wields Wrench, Knocks Out Home Prowler

SEATTLE, Wash.—An eight-year-old boy has captured his bandit.

Robert Dixon was alone in his home at 4:30 a.m. when he heard someone attempting to force the front door.

When this failed, the man broke a front window and started to climb in. Robert was waiting just inside, armed with a monkey wrench and a kitchen knife.

Wham! He let the prowler have it over the head twice, and, for good measure, he took a slice at the man's hand with the knife.

The prowler collapsed. A few minutes later the boy's parents returned.

The prowler was still unconscious when police arrived.

### God In a Nation

Lesson for April 22, 1951

#### WHEN IS GOD IN THE LIFE of a nation?

It depends on what you mean by the question. God is the Ruler of all nations, and Judge of them all. But some nations have been far more conscious of the true God and obedient to Him than other nations have.

Dr. Foreman

#### God's Name on Paper

GOD CAN be mentioned often, yet not count for very much in a nation. For instance, His name can be on the money, it can be in the state ceremonies, it can be in the constitution, or if there is no constitution, the monarch may be said to rule "by divine right."

But such things may be no better than formal. The money can pass from wicked hand to wicked hand, it can be used for godless purposes by men who do not have God in all their thoughts. The name of God in public ceremonies (such as oaths of office) or in the constitution may mean no more than decorative designs on a letter-head. The king ruling by "divine" right may be a cruel and corrupt man.

Religious-sounding songs, such as "God Bless America" or "God Save the King", can be sung by rascals. No. God in a nation's life must be more than a name on paper, green or white.

#### God in Great Men

GOD BEGINS to get into the life of a nation when He gets into the lives of people. It is not disparaging the common man to point out the plain fact that as between one believer in God who is obscure, and another who is prominent and powerful, the latter means more in the long-run life of a nation.

It was so in the era of Moses. That was a time of religious confusion, just as it is today. Doubtless there were many humble persons at that time who had a living faith, but if it had not been for Moses, the nation of Israel would never have been a nation, but would have shrunk back into the ruck of little no-account tribes, never to be heard from again. When we hear that even Moses' own brother was so stupid or bad as to lead the people in worshipping a gold-plated calf, we can imagine what the masses of the people were like.

If the United States and Canada can be called Christian nations today, it is because we can point to men on both sides of the line who have been not only high-calibre, influential men, but also men not ashamed of their faith in God.

An American congressman who is respected by friends and opponents alike, has said it is more important to him to know what God wants than what his constituents want. Most governors of states profess religion; and some of the best of them practice it. What America would have been without such men, one can only guess; certainly far worse than it is.

#### God in Laws and Lives

GOD CAN also be in a nation's laws. It is true, we cannot run a modern nation or municipality on the laws of Leviticus, and nobody wants to, not even the preachers and rabbis. Still, the laws of a land either reflect the will of God or they do not. So far as the laws of a nation are in line with the teachings and truth of Christ, so far God is in the life of that nation.

But the question is not finally: What do the laws prescribe, but do the people respect the laws? God does not get deeply into the life of a nation until He gets into the homes of high and low alike.

If the nation of Israel ever became godly, they had Moses to thank; yet he himself was under no illusions as to the people he left behind him. "I know that after my death ye will utterly corrupt yourselves and turn aside from the way which I have commanded you." (Deut. 31: 29.)

It took centuries of toil and patience on the part of God and His prophets to change Israel from a nation mostly indifferent to God, to a people mostly God-fearing; and the change took place only as homes changed.

Is ours a Christian nation today? The answer is not in our constitution, not in our leading men, not in our history or laws or traditions; the answer is in our homes. When the cry goes up "Back to God!" the place to start back, and the place that counts most, is our homes.

#### THIS 'N' THAT

(Continued from first page)

fine face in the close up and his appearance. He is truly a handsome man with a wonderful personality. Is more of the actor in appearance of The Shakespeare roles!

There is a farmer's daughter out Walkersville way who gives beautiful "Tonies" by appointment! Did you hear, Ladies that there are men now who also have the "Toni"?

Have you ever noticed that the man who smokes a pipe is the contented and substantial type?

In the latest news of last week, there are always two sides to every story which was very evident all around and just like that old saying! Here's one that did surprise Your Observer as it did several members of the Union Bridge Methodist church! For many years this sign which was most spiritual, "GOD IS LOVE" was up over the pulpit and which was an incentive for any one entering that church. Since the redecoration, that sign has been torn down! Umph!

The "Taurus" born from April 20 the May 20 (both men and women) have the greatest strength of all the signs of the Zodiac. They are keenly alive and usually act on the impulse of the moment because they think fast. They can endure all kinds of hardships for one they love. They have a remarkable personality and most sympathetic and kind and can readily adapt themselves to all classes of society which makes them a leader with fine qualifications. Both men and women in this sign are truly friends and most loyal. They are independent and most self-reliant and always manage to overcome all obstacles which arise in any situation. They have excellent memories. They never grow old in fact are quite handsome both men and women as the years come on. The men are inclined to be jealous and must refrain from anything intoxicating as at times they may indulge. The men should take great care in selecting a mate especially if he is of the higher planet to realize true happiness or select one that will be harmonious with Taurus. These people should not be in any business with any partner but should be on his own. He can take suggestions and ideas as to listening but he should do as he thinks best. That way he will be sitting on top of the world! Many a Taurus young girl or boy have been led in wrong directions, many in fact running away to be married. Taurus people can do about anything and should make use of every idea to be successful!

The five year sentence of that famous "Pumpkin" of Carroll County seemed very small in comparison with the husband and wife team who were given the sentence of "Death". A traitor is a traitor in the opinion of this Correspondent and all should be treated alike! So long, Folks. Until next week D.V. Thank God seven days of every week that you are an American! I am,

Faithfully,

**HYBRIDS**

Are Bred to Resist Diseases and Insects

Treated to Resist Diseases and Insects

You're sure of bigger and better yields of corn when you use Southern States Hybrids because they are both treated and bred to cut down insect and disease damage. Each kernel is given the Slurry Treatment—a 3-way chemical treatment for protection against soil and seed-borne diseases ... and insect control before planting. These treatments, which make for larger yields, combined with stronger stalks, greater ease and economy of harvesting, make Southern States Hybrids your best buy whether you raise corn for grain or ensilage. Try Southern States Hybrids this year!

#### OUR DEMOCRACY—by Mat

#### GRIN AND SHARE IT

HIGH TAXES ARE PART OF THE PRICE OF PREPAREDNESS,  
BUT WE MAY WELL SHARE UNGRUDGINGLY IN PAYING  
THAT PRICE—IF NON-DEFENSE SPENDING IS CUT TO THE BONE.

—BECAUSE THESE TAXES CONTRIBUTE TO THE MILITARY  
AND ECONOMIC STRENGTH OF OUR DEMOCRACY.

—BECAUSE THE POLICY OF PAY-AS-WE-GO IS A LIMITATION  
ON DEBT—A CHECK ON INFLATION.

—BECAUSE THESE TAXES THUS HELP TO MAINTAIN THE  
BUYING POWER OF THE SAVINGS WE HAVE, AND THOSE  
WE MAKE AS THRIFTILY PATRIOTIC CITIZENS.

HEAVY TAXES ARE NEVER A WELCOME BURDEN—  
BUT WE CAN GRIN AND SHARE IT.

#### Preparing Libya for Independence

An Advisory Council has been established in accordance with a resolution of the United Nations General Assembly to aid and advise the U.N. Commissioner for Libya, Adrian Pelt, in the formation of an independent government for the former Italian colony. Here, the United Nations Commissioner at a meeting in Tripoli confers with the Council's Secretary, Mr. Thomas Power of the United States.

## Let's Think

G. H. ENFIELD

### UNSCHEDULED STOPS

Life has no through schedule. Unscheduled stops are not necessarily due to lack of vision or to the lack of planning. No progress is made without interruptions. Every trip has its red lights. Think of the rough road traveled by Lincoln from a cabin to the White House! Edison's path had its detours. Thousands of unscheduled stops were experienced by the famous men and women of history. The paths of many people lead through thickets and jungles. Still they press on toward their goal. The larger portion of the journey of life is not pursued according to schedule, for frequently there are unscheduled stops. In every sphere of activity there are uncertainties. Barriers cause delay. Obstructions on the roadway bring a traveler to a halt. However, they need not cause him to turn back.

A weak body did not prevent Theodore Roosevelt from pursuing his ambition. Despite blindness Fanny Crosby wrote inspiring hymns many years ago which are sung in our modern churches with fervor, and which will continue to be sung in ages to come. The purposeful traveler is not thwarted by disappointments, misrepresentations, resentments, and rejections. He presses on toward the mark of his high calling. Some unscheduled stops necessarily occur in the line of duty. They may afford additional discipline in those qualities making for strong manhood and exemplary womanhood. He who refuses to climb when he comes to the foot of a mountain may never reach his intended destination. Valleys alone do not lead in the direction of final destiny.

To live is like a man taking a far journey. The sacred writer reminds us also that the Kingdom of Heaven is as a man taking a far journey. Even the heavenly way is not smooth nor reached by a single bound. John the Baptist went before to remove the obstructions for his Master. Perhaps there would be less joy to living were there no pebbles in the way, and no thorns among the roses. Such for a time may cause unscheduled stops. What football player, in a single season, has not experienced many unscheduled stops! Nevertheless, he presses toward the goal for a touch down.

G. H. ENFIELD.

### BUY CANNING PLANT

The Sanitary Products Corporation which operates a manufacturing and processing plant at Taneytown, having need for additional warehouse and processing space in connection with its products which are manufactured for the drug industry, has purchased the acreage and buildings of the Monocacy Valley Canning Company at Walkersville.

The sale embraces about seven and a half acres of land and several buildings, it is understood.

### Soldier Loses Papers, Army Can't Decide on His Rank

KOREA — George Adrian of the First cavalry division is all mixed up. He doesn't know whether he is a lieutenant, a sergeant, or a corporal.

A mortar platoon commander in the Pacific in World War II, he was discharged as a lieutenant. He left the University of South Carolina to re-enlist—as a sergeant.

But he lost his papers. The adjutant general ordered him reduced one rank until the papers were found.

That brought Adrian up to the Korean war—and Korea, where he is with a heavy mortar outfit, as a corporal.

Now Corporal Adrian hears from home that he may become an officer again—just as soon as he is recalled to active service.

When shopping for celery, avoid pithy stalks or branches. Pithy branches are those of open texture with air spaces in the central portion. Pithiness can be detected by pressing or twisting the branches, and stringiness can be detected by breaking.
