which was presented in May. The play was an outstanding success and everyone who had anything to do with it should be congratulated.

Reports were given on the annual Alumni banquet which was held in the high school, June 9. The fried chicken dinner was served by the Ladies' Auxiliary of the Fire Com-pany and they did a splendid job. The program which consisted of a unitar program, which consisted of a variety. of entertainment, seemed to please everyone and all in all the banquet and dance was a social success in every respect. As usual the treasury of the Association suffered a large loss

since the Alumni members are always given more than their money's worth in food, entertainment and music.

Plans for a moonlight excursion, which had been suggested at the May meeting, were discussed. It was de-cided by the group to go on a moon-light cruise in place of having a meeting in July. After reports on places and arrangements were given it was decided to have an excursion for all the members, their husbands, wives or friends on July 17 if a full bus can be acquired The committee on ar-Weilord, Elmer Wolfe High School; Mrs. Martha Bill, County Instrumen-tal Music Teacher; Phillip Warner, Miss Janet Musselman, Miss Jean Somervell, Miss Helen Walker, Mt. Remember this, rain, rain, go away so as I can go out to play! The hard rains recently brought that back to Your Observer thinking of the pressed noses against the window panes.

It is nice to know that Carroll County can boast of one of the three cities as to no traffic accidents in 1950. Eh? If that 50 per was only taken down and replaced with a 40 per that would surely mean a decrease in accidents.

crease in accidents. Now here's a funny one—Paging Mr. Paul E. Burke. Last week a let-ter was returned to me stating stamped in big red letters on the en-velope "Unknown". Umph! Here's something to think about. Mrs. Walter Roberts of Keedysville who is the mother of 8 children bakes 70 loaves of bread and 240 biscuits each week for her family! Wow! My, how times have changed! In

My, how times have changed! In the Ladies Home Journal there appeared which stated 50 years ago there were 181 articles which a bride needed in the kitchen as far as utensils including a cleaver, meat saw, whip churn, sardine scissors and an ice cream freezer

Did you know there are exactly 7,500 companies who make ice cream in these United States and all started by just one man in Baltimore one hundred years ago?

What a cute and intelligent boy with his father plus the Hop-a-Long Cassidy hat in the Reindollar Hardvare store!

It's a boy, for the nice manager of the American store. He was handing out cigars that day a plenty and even offered one to Your Observer to pre-sent to my minister. Now, that was funny! Anyway, congratulations! No Methodist minister ever indulges in that habit.

There was a lovely looking young woman down in Westminster last week with a crate of strawberries and she surely had the customers in front

Thinking of that little town! Calling all fathers even if Father's Day has been around just a week ago. A big jewelry man and a very nice one lost two sons in their prime of life. Both sons were married and just recently a letter arrived to the jewelry man from one of these form-Soviet authorities have restricted American travel through the Rus-sian zone to South Austria.

That sweet girl out in the windy city writes that she would not know what to do without this Chatty column. Now, there's a girl who real-ly loves around these parts! Eh? So you see, folks, "Home is where the heart is!" Here's to the ladies! As soon as raspberries come in be sure and make "raspberry vinegar" and keep it in the refrigerator at all times when hot days arrive. It is really something very special and will delight the palate of any individual. So much nicer than the five cent drinks! Babes in the woods! That middle son who brought over the German wife and who is now a father of two sons purchased a house in the big city and Your Observer arrived just after all the furniture was unloaded from their apartment and there they were crying! It was all confusion and there I stood telling them what to do to straighen it all out. It is simple of course when experience has been the teacher! Eh? On Flag Day what a nice picture it made down at the Will's Dairy in Frizellburg with all the guests plus the colorful umbrellas! What a big surprise to see Nelson Eddy in making his T.V. debut, on the "ESSO" Fred Alen show! What a change in the appearance of Nel-son Eddy!The last time Your Observer saw him was from the very first row at the Lyric in Baltimore. Wonder why the seclusion? He sang two old numbers. He always was such a big favorite especially with Jean-nette MacDonald. (as his partner). Armour—(their once weekly) gave the show on T.V. called "The Texas Preacher" He had to learn to shoot before he could preach! Ugh! A real wrestling bout to a packed ouse was the ladies wrestling at the Coliseum last Tuesday night with the Champion Wrestler Mildred Burke and Ann La Verne. That was real if you ask me! NOTICE TO CONTRACTORS:

The Board of Education of Carroll County will have availble June 28th plans and specifications for the construction of a cafeteria and general purpose room addition at the Manchester School, Manchester, Maryland. Plans and specifications have been prepared by Mr. B. E. Starr, Harrisburg, Pennsylvania. Bids will be received on the date of the bid opening to be held Mednesday, June 18, 1951, at 7:30 P. M.

A deposit of \$25.00 will be required for the plans and spec ications which will be separated into:

- (A) General Contract work
- (B) Plumbing and heating

VIEW: "Economy in governmental spending should be effected not only on the national level but on that of every political subdivision in the nation. Inflation is an insidious force that can undermine us as it has other countries and leaves us an easy prey for communism".

MINDEN, LA., HERALD: "There is no hope for this city, nor this nation, if the citizenry does not do the right kind of thinking in regard to the fighting of Socialism so apparent in America today. Bitter denunciation of the principles of Socialism and Communism in speech amounts to nothing if, while blasting Socialistic onment. policies verbally, citizens fail to fight it in practice.

MEYERSDALE, PA., REPUBLIC-AN: " The real cause of our epidemic of price spiraling is government economic meddling (which passes for planning), regimentation (which passes for stabilization), and exhorbitant taxation (which passes for welfare contribution). Government interference with private business and excessive taxation must go before we can hope to see the cost of living level off."

DAVIS, CALIF., ENTERPRISE: "Following hard on the heels of the peanut fiasco in Africa the British Labor Government confessed that its scheme to raise poultry on the Dark Continent has also been a colossal flop. One can well understand the effort to alleviate the shortage of 'hen fruit' in England where each person is allowed but one a week".

JEFFERSONTOWN, KY., JEF-FERSONIAN: "Pity the poor retail-ers as they tackle the tape that ties together the big bundle of price control regulations. O, simplicity, thou art a jewel."

For the last several years I have been waiting for someone to com-plain about the slaughter of wildlife along our highways. The other morn-ing on my way to Taneytown over the Otterdale road I saw within the the Otterdale road 1 services of less than a mile, a baby distance of less than a mile, a baby woodchuck, someone's pet cat, a grown oposum and the most heart-breaking of all—a cock pheasant with its itigent plumage torn and twisted in the utigent plumage torn and been killed in Union Bridge. Miss Fidelia Kaetzel, Boonsboro, with her grandparmore wildlife is destroyed by automobiles than by the hunter's gun. I do not know whether anything can he done about this wanton waste of our four and two legged friends or not. But it seems so pathetic to drive along our highways and see birds and animals killed so unnecessarily. May-be its too much to ask of human nature these days to be considerate of animals when we kill each other with the same wanton recklessness and without a backward glance or undisturbed. sleep.

The executive committee of the El-mer Wolfe P.-T. A. met Tuesday evening with the president, Earline Alexander in the school to draw up plans for the 1951-52 year. Frank H. Haines, 64, prominent merchant and lifelong resident of Un-iontown, died at his home Thursday morning at 7 o'clock after an illness of several months. He was a director of the Carroll County Sawings bank. Mr. Haines continued the business with which he was earlier associated with his stepfather, the late J. E. Formwalt. He was a member of the Uniontown Methodist church and at the time of his death a trustee of the lay leadership of the church. A son of Emma Bankerd Haines Formwalt and the late Llewellyn Haines, he is survived by his mother, his wife, Mrs. Maud Stremmel Haines, a brother, Harry H. Haines, Uniontown, and a Funeral services will be conducted Saturday at 2 p. m. at the Haines home by the Rev. R. C. Nimon, niece. his pastor. Interment will be in the Methodist cemetery, Uniontown.

CHARLES E. RIDINGER

Charles E. Ridinger. aged 87 years, died at the home of his daughter and son-in-law, Mr. and Mrs. Curtis H. Reid, Fairview Ave., about 4 o'clock this Friday morning. He had been in declining health for some time.

He was a son of the late Isaac and Susan (Snyder) Ridinger. His wife Annie (Clingan) Ridinger preceded him in death 48 years ago.

He was a life-long member of Trinity Lutheran church and a charter member of Taney Lodge No. 28, I. O. O. F. of which he served as secretary for many years until ill health forced him to relinquish this office. He was also interested in other fraternal organizations.

He is survived by two daughters and three sons, Mrs. Curtis H. Reid with whom he made his home for the past 9 years, Mrs. Norris F. Sell, Taneytown, George, of Haverton, Pa., Lloyd, of Manheim, Pa., and Robert of York, Pa. He is further survived by 13 grandchildren and 10 greatgrandchildren.

Funeral services will be held Sun-day at 2 o'clock at the C. O. Fuss & Son funeral home in charge of his pastor Rev. Glenn L. Stahl. Graveside rites will be conducted by the I. O. O. F. Lodge. Burial will be in Trin-

ity Lutheran cemetery Friends may call at the Fuss funeral home Saturday evening from 7 to 9 o'cock.

LITTLE—In loving memory of our dear Mother and Father, Bervina V, who passed away June 16, 1949 and Louise R, who passed away July 30, 1949.

The golden sun is shining, Upon my dear mother's grave, One I loved so dearly.

And tried so hard to save, When I lost you dear mother, I lost a wonderful friend, I love you now and miss you More and more and ever shall.

Broken is the family circle, Our father has passed away; Passed from earth and earthly dark-

Into bright and perfect day: But we must all cease to languish O'er the grave of him we love, Strive to be prepared to meet him,

In the better world above. Loving daughter, VIOLA son-in-law, WILBUR LONG.

CARD OF THANKS

We wish to thank our friends, neighbors and relatives for their acts of kindness and expressions of sympathy during the illness and death of our father, Peter Baumgardner. THE FAMILY.

Mrs. David Little and granddaughter Betty Ann Fowler attended the wedding of Dolly Malone to Jerry Muller of Baltimore last Saturday. The couple were married in St. Bernadine Catholic church at 10 o'clock. William Malone, father of the bride, is a cousin of Mrs. Little.

Mrs. G. Ray Wettling, of Upper Sandusky, Ohio, spent last week with her mother, Mrs. Edward Zepp and family and sister, Mrs. Hubert Null and family. Her husband, of Upper Sandusky, and their son, Charles, Baltimore, spent the week-end here. All returned to their homes Sunday.

Mr. and Mrs. Kenneth Baumgardner and children Darrell and Kennile of Tampa, Texas spent this week visiting relatives and friends in and around Taneytown and Emmitsburg. Mr. Baumgardner, who is a super-visory-Teacher in Texas, is taking a summer course at Columbia University, New York.

At the reorganization meeting of The Mayor and City Council Monday evening Mr. Harry M. Mohney was selected to serve as president of the Board. The following reappointments were made: Elmer Crebs, Supt. of of Water Works, Henry I. Reindol-lar, Jr., Clerk-Treasurer, Ray Yohn, policeman and Mrs. U. H. Bowers, janitor

The following firemen are attend-ing the State Firemen's Convention being held this week, June 20-22, Cumberland, Md.: Charles Baker, Edwin Baumgardner, George Kiser, Scott Smith and Wilbur Miller. At the same time and place the Ladies Auxiliary is in session and the fol-lowing ladies are in attendance. Ethel Garber, Louise Riffle, Hazel Lambert, Grace Rogers and Ruth Fowler.

Miss Beulah Englar brought in from her garden Tuesday a ripe to-mato. It was a nice size and ripe and rosy. The plant got its start in a flower pot, uninvited, and grew in an unheated room. When planted out in the garden it was forty-six inches tall with two tomatoes. After it was planted the weather got very cold, about freezing at night, but the stalk was not hurt. There are now three tomatoes and blooms on it.

CARD OF THANKS

I wish to extend my sincere thanks for the many cards and remembrances shown us in the hospital and

To keep beets from losing their bright red, leave on the long toproot and an inch or two of stem. A quick dip into cold water loosens the jacket of a cooked beet so it slips off like a glove.

Arranging and adjusting power spray booms and nozzles for con-trolling tomato diseases is covered in Fact Sheet No. 26 available at the County Agents office.

When buying boneless meat, count on a pound to yield 4 to 5 servings. Examples are ground meat, boneless stewmeats, liver or other variety of boneless meats.

The tomato was first found in the Americas but was thought to be poisonous. It didn't become popular in this country until it had made good in Europe.

Woman of Year Award Received By Perle Mesta

U. S. newspapers voted Perle Mesta, Oklahoma born "hostess with the mostest" who is now U.S. minister to Luxembourg, as 1950 'woman of the year."

Mrs. Mesta, famed as Washington's greatest party giver at the time of her appointment in 1949, has surprised critics by settling down to a serious job in her diplomatic post and winning the apparent respect and affection of the Luxembourgers.

edy hit on Broadway concerns the doings of a lady ambassador and thus focuses the attention of the public on Mrs. Mesta. The show's star, Ethel Merman, was named the year's outstanding actress of the legitimate state.

was Mary Martin, star of the Broadway success, "South Pacific.'

Actress Is Named

Other outstanding women of the year as voted by the editors included Gloria Swanson as the most outstanding movie actress for her sensational comeback in the motion picture, "Sunset Boulevard," which won critical acclaim throughout the nation.

Pearl S. Buck, first American woman to win the Nobel prize, was named outstanding woman in the field of literature for 1950. Her moving article, "The Child Who Never Grew," written about her own daughter, caused nation-wide comment and was reprinted in book form. A new novel will be published in April.

Dr. Irene Corey Diller of the in-stitute for cancer research, Philadelphia, was named by the poll as outstanding woman scientist of the year. She discovered tiny fungi present in all cancers. The fungi are of the common variety found in soil, food, plants and trees. Her discovery was hailed as one of the most startling of the century in cancer research.

In the field of sports, Gussie Moran, the "lace pants tennis player," was named woman of the year. At present she is on a cross-country professional tennis tour for which she reputedly is receiving \$75.000.

Mary Margaret McBride was named outstanding woman in radio and Vivien Kellems of Westport, Conn., was named tops among women in business.

Smith Tops in Politics

Margaret Chase Smith, Republican senator from Maine, who was the first woman to win a seat in the U.S. senate on her own merits, was once again named the outstanding woman in politics. She has raised her voice frequently in

Tops in news interest in the field of music for the year is Margaret Truman, the president's daughter, continuing her concert career amid wide fanfare.

Much Less Coddling Please, **Youngsters Advise Adults**

WASHINGTON, D. C .- The mid-century White House conference on children and youth held recently in Washington got something of a shock.

Three teenage high school pupils and a college student put their case bluntly to adult delegates of the conference. They demanded less coddling and more responsibility.

"Our aims are simple," said Ar-nulf M. Pins, Columbia university student and chairman of the youth advisory council. "We want to work for responsible citizenship and individual happiness. We want the opportunity to share the total concerns of our society and to begin now to share them as full citizens."

Other youths attending the conference emphasized that young people need the "practical experience" of working with their elders. The adults were also told that parents know about the problems of youth but "won't take time out" to do something about them.

FATHER'S DAY

Father's Day is not a day of pomp. There is no band leading a procession of Fathers. No grand march characterizes the occasion. The purpose of Father's Day will make his path not be entirely forgotten, that he be given recognition as one who keeps the wolf from the door. On this day there is an opportunity to empha-size the sterling qualities of Father-

The praise of Father is not sung as frequently in these trying days as it should be. His burdens are heavy. it should be. His burdens are neavy. His yoke is galling. His responsibili-ties are many. A proper observance of aFther's Day will make his path smoother, there will be more buoy-ancy in his stride, and more sunshine in his sky. Few churches mention Father on Father's Day. And usual-ter the schools have come to a close ly the schools have come to a close by Father's Day so he receives no by rathers Day so he receives no recognition from the school. Then, the word of praise and commenda-tion must come from his own chil-dren, from his immediate family.

There are some who think of Father as the greatest person in the world. He is their Hero. A few days ago, a small boy was overheard say-ing, "I won't tell my momie, I'll tell my deddy on you?" my daddy on you".

my daddy on you". The turning point in a boy's life is often made through a father's influ-ence. The direction he takes may be either to the right or to the left. He may take the narrow way or pur-sue the broad way. Father's hands so used to heavy toil also help to fashion the life, character, and career of his son. The glow of God's love must be in the father's heart, if the son is to exercise the power of a noon-day light. Every father has the privilege to beget in his son a memprivilege to beget in his son a mem-ory which time cannot destroy, to create in his breast an ambition to look at the foot of the rainbow for his own pot of gold—a mind trained for noble living, talents dedicated to unselfish services, and a yearning for moral and spiritual attainments.

for moral and spiritual attainments. Earl L. Douglass has said: "The secret of wholesome family life is religious faith consistently adhered to. When parents and chil-dren trust God and yield their lives into his hands, they face life's bat-tles with unbroken front and enter into life's possibilities with a joy which is quiet and immeasurable."

THIS 'N' THAT (Continued from first page) crown. I was caught out in the re-cent rain and when the hat was dry, it appeared a deeper shade of blackike, shiny jet and I went to the five and dime around our town and bought two sprays of cherries and sewed them around the crown! dear little elderly ladies looking down at me from the balcony to, whom I blew a kiss or two and then there was another just as sweet standing on the porch alone a few

doors from there. Have you heard Ladies about the "Charles Antell" hair creme of Balimore?

A sample was sent to Your Observer and it will do much for your hair in making it remain in place and in it's original curl. It is really the best on the market today and will bring a beautiful lustre especially if your hair is inclined to be dry. Ask your Beauty Salon operator about it or the Pharmacist around your town. Now, here's to those born from June the 20th to July 20th. That is the sign of the Crab and like the Crab whose progress forward seems to result from a backward motion-they

are retrospective! The ideal Mother is of this sign in fact many make better Mothers than they do wives. They are sweet dispositions and make friends easily. They love home. The women are quite talk-ative while the men in this sign are just the opposite. The men are excellent mechanics- none finer and are daring and brave often enduring many hardships in life. In no other sign of the entire twelve of the Zodiac is there such a contrast in the characteristics of the sexes. (of this same sign) All love comfort, luxury and ease and dis-like haste of all things. Their voice and even their speech is mellow and full of expression.

If you have a child born in this sign you must see that he or she will stick to the thing they start out to do otherwise they will have many irons in the fire at one time. After they once have started on the road to success, the progress is very rapid. These people are most devoted to their families. Many times they are misunderstood because they think they know it all. In this sign, both men and women should wait for marriage until well along in life as it may mean a hazardous step if attempted at an early age.

So long Folks. Have a grand week end. Will be seeing you next week D.V. Until then. I am, Faithfully, YOUR OBSERVER.

On a trip to London, Andrew Car-negie was seated in the nonsmoking carriage when one of the passengers lit an evil-smelling stogie

"This is not a smoking car," protested Mr. Carnegie.

"All right, governor," replied the an. "I'll just finish this one man. cigar." But after finishing it, he pulled out a second stogie.

"See here," warned Carnegie, "if you persist, I will notify the guard at the next station." And he handed the man his card to let him know whom he was annoying. The smoker glanced at the card, stuck it in his pocket, and touched a match to his stogie. At the next station, however, he changed to another carriage.

Still angered at the man's insolence, Carnegie reported the incident to the guard and demanded that some action be taken. The guard hurried away, but returned a few minutes later with a card in his hand.

"If I were you," he advised, "I wouldn't try to prosecute that man. He just gave me his card. He's Andrew Carnegie."

When Christian Meant Criminal A^T the time the Christian religion began, it came under fire from the authorities of Jerusalem. It was to be expected that the same men who had condemned, cast out and crucified Jesus would try to stamp out his followers as well. But one of the leading men of

Jerusalem said, in effect: "If this new cause is God's cause there is no use in our fighting it." It was God's cause, and so the opposition at Jerusalem not only did not stop or destroy the church but actually only succeeded in spreading it.

As the new Christian religion then moved out into all parts of the Roman Empire, at first the imperial and local authorities paid it no attention; and in fact for some years it enjoyed the protection of the government. So long as it was supposed that Christianity was simply a sect of Judalism, the Roman government let it go.

But when it came out that Christianity was a new religion, and especially when it became clear that the Christians acknowledged only one Lord, and would not worship the Emperor, the Roman government began a long series of persecutions, which lasted for close to three hundred years.

Inspiration Behind Bars

FIVE letters of Paul, including II Timothy, were written from Roman jails, and reliable tradition tells us that Paul was finally beheaded just because he was a Christian.

you will look on a map of the Roman Empire for the places mentioned at the beginning of I Peter, you can see how widespread was the "fiery trial" which the readers of that letter were then suffering. As for the book of Revelation, its writer was, he says, "on the isle of Patmos for the word of God and the testimony of Jesus Christ."

Patmos Island was no resthaven for tired missionaries; it was not a missionary field either. It was a barren island, a convict camp, where many Christian missionaries, on being arrested, were sent after their trial and sentence, to work at forced labor in the mines there. If the scenes of that book often flow with blood and blaze with fire, it is not because the writer had a too vivid imagination. He might have seen with his own eyes Christians, men, women and even children, with their heads chopped off by the public executioner, or dying amid the flames at the stake. Those were terrible times, and it took courage to be a Christian at all.

The Victory

THE message of the New Testamet is never optimism, but always hope. That is to say, no one in the New Testament, from Jesus in Galilee to John on Patmos, holds out any promise or picture of smooth and easy going for the Christian church.

It will have trouble, and the more faithful it is to Christ the more trouble it is likely to meet. But in the long run, Christ's true church (which means simply all those who are true to Christ) will conquer all her enemies, for the reason that it is Christ's church and not ours alone.

It has recently been reported that t h e Russian government has thought up a smart idea. They find that the more religion is persecuted, the more stubbornly vigorous it grows. So the government has given up persecuting religion, and pro-poses to let it "die on the vine."

That may work; if Christians have too easy a time, the church will attract only the lazy and the comfort-loving-which will kill off the church. But the vine will not die, if only every branch is closejoined to Christ, the ever-living Vine of God.

STARTLING GADGET Mechanical, Heart Made

CLEVELAND, O.-Dr. Charles B. Bailey, renowned heart surgeon of Hahnemann Medical College, announced a new mechanical heart, which could open a new era in chest and lung surgery and may even bring humans back from the dead, is ready for trial on human beings.

It has worked successfully on dogs, keeping one dog alive for 71 minutes while the spare heart circulated its blood. The dog's heart took over its usual job again when the machine was disconnected. The dog recovered completely. The machine has been kept ready

in an operating room at Hahnemann waiting for the first need of it. Its first use probably will be to try to revive a person whose heart has stopped beating.

Amazingly Compact

The machine is amazingly com-pact and substitutes for both the heart and lungs. Through plastic tubes, it draws dark-red, wasteladen blood from the veins. A steel lung gives the blood oxygen. A spe-cial pump, not bigger than the human heart, pulses refreshed, bright-red blood back into an artery.

The mechanical heart must be proved safe for humans before any doctor could risk using it on a living patient. Dr. Bailey plans to try it first only as a last desperate measure on someone whose heart stops during surgery, or from other causes.

causes. Then if all other means fail, the surgeons will hook the patient to the spare heart, and try to bring him back to life. The other means are massaging the heart by hand,

and use of drugs. Time will be the important factor whenever the machine is used. Within three minutes after death irreparable damage is caused from stoppage of blood circulation. The brain tissues are most quickly damaged.

New Type Operations

Medical authorities have reported rare cases when persons "dead to all intents and purposes" have been revived with no brain damage, after the heart had been halted for as long as eight minutes.

Dr. Bailey said one of the most important values of the new ma-chine if successful would be in permitting many new types of heart operations. He reported such a machine could make possible safer, better operations for blue-baby conditions, better repair of faulty heart valves or other defects inside the heart, operations to keep a person alive while a blood clot was re-

moved. The machine could also permit the transplanting of new pieces of arteries in place of faulty or old arteries. The human heart would nourished by blood stay alive, still from tiny capillaries, still beating, but with no blood to pump or work to do. It could be invaluable in treating such medical heart conditions as angina pecoris and coronary arteries, and such lung conditions as asthma and pneumonia.

Woman Wills U.S. Bonds and Her Ashes To Red Army Chief

NEW YORK-Miss Agnes Smed-ley, the Missouri born newspaperwoman and well-known writer on China, bequeathed her ashes and her residuary estate to Gen. Chu Teh, commander of Red China's armies.

Miss Smedley, who won a retraction of charges that she spied for Russia, died last May 6 at the age of 56 in Oxford, England.

She willed her bank accounts and cash to her niece, Mary Smedley. Chu Teh was named heir to U. S. government bonds and royalties and "anything else of value included in my estate."

The will was dated April 27, 1949. It directed that her personal possessions, such as clothes, typewriter, and furnishings, be sent to China for relief or other purposes.

The will also ordered her body cremated and directed that the "be shipped to China for ashes Gen. Chu Teh, commander in chief of the peoples' liberation army or his heirs, and there be laid to rest at any place designated by General Chu or his heirs."

It was in February, 1949, that a United States army report named Miss Smedley as a Soviet spy in Shanghai. Miss Smedley called this a "despicable lie" and the army soon retracted the charge, saying it had no proof.

She served as a correspondent with the Chinese armies fighting the Japanese and her magazine and newspaper articles on that conflict were widely read. She wrote five books, including an auto-biography, "D a u g h t e r of the Earth."

Mounties Are Mechanized, Now Have Only 153 Horses

OTTAWA, Canada—The Royal Canadian Mounted Police have only 153 horses, it was disclosed recently.

In its annual report, the R.C. M.P. revealed the force of 3,-489 uniformed members is gradually going mechanical, with 17 fewer horses than the year before. It added an airplane to its equipment and is seeking a helicopter.

But its members in the vast northland patrolled 539,000 miles, 46,869 of them by dog sled last year

Activities included everything from recovering a lost wallet to getting its man-43,000 convictions.

Britain Launches Inquiry Into Falling Blocks of Ice

LONDON, Eng.-The air ministry has taken over the investigation of the bombardment of England by flying blocks of ice.

Reports of strange ice falls from the sky have been reported in the southern part of England for some time. In Doven, dozens of chunks whizzed down into a flock of sheep, killing an ewe. A piece weighing five pounds crashed through the roof of a London garage.

One man said he saw a block 12 inches long and four inches thick plummet from the clouds as he was riding his motorcycle near Braughing. It landed, unbroken, in a plot of grass only three feet from him. Tumore said a motorist rode away with the block.

About the same time, a one pound brick of an old transparent material bounced in front of the home of R. M. Butcher in the Essex village of Stebbing.

Butcher said it was neither ice nor glass.

The air ministry said the block which went through the garage roof and the one which landed on Butcher's lawn had been turned in and would be examined. The experts will analyze the blocks to determine whether they contain chemicalssuch as airplane de-icing fluidswhich give a hint of their origin.

Walko's New Daughter Born In Snowdrift During Storm

ELYRIA, O .- Frank and Cordelia Walko have a new daughter-born in a snowdrift.

The couple left their farm home seven miles from Elyria in their automobile for the hospital. The car bogged down in the snow a mile from home.

Along came a neighbor who put the couple in his car. But it bogged down, too, four miles from the Walko home.

The father and neighbor then started to carry the expectant mother to a near-by farmhouse. The men stumbled when they were nearly at the doorstep of the house and Mrs. Walko fell into a snowdrift. It was
