TRIBUTES TO MOTHERS

"All that I am or hope to be I owe to my angel mother", said Lincoln, after he became President of the United States.

"All that I have ever accomplished in life, I owe to my mother", exclaimed the famous evangelist, Dwight L. Moody.

Jean Paul Richter declared: "To the man who has had a mother, all women are sacred for her sake."

"A kiss from my mother made me a painter", Benjamin West announced.

"My own mother has been in heaven for thirty-five years; but her memory is to me most precious, and grows more beautiful with each passing year." Such was the testimony of the Reverend Dr. J. Wilbur Chapman.

There is a Jewish saying that "God could not be everywhere and therefore he made mothers."

"All that I am my mother made me", is the tribute of John Quincy Adams.

Napoleon is reported as having said, "The future of the child is always the work of the mother;" and again, "Let France have good mothers and she will have good sons."

"She made home happy!" these few words I read:
Within a churchyard, written on a stone;
No name, no date, the simple words alone,
Told me the story of the unknown dead.

A marble column lifted high its head
Close by, inscribed to one the world has known;
But ah! that lonely grave with moss o'ergrown
Thrilled me far more than his who armies led.

"She made home happy!" through the long sad years,
The mother toiled and never stopped to rest,
Until they crossed her hands upon her breast,
And closed her eyes, no longer dim with tears.
The simple record that she left behind
Was grander than the soldier's to my mind.
—Henry Cole.

QUEEN OF THE WORLD

The Mother in her office holds the key
Of the soul; and she it is who stamps
The coin
Of character, and makes the being,
Who would be a savage
But for her gentle cares, a Christian
man
Then crown her Queen of the world!
—From an Old Play.

THE GIFT

God thought to give the sweetest thing
In His almighty power
To earth; and deeply pondering
What it should be—one hour
In fondest joy and love of heart
Outweighing every other,
He moved the gates of heaven apart
And gave to earth—a Mother!

It makes each drop of gas say uncle

ACCORDING to combustion experts, there's as much energy locked in a drop of gasoline as there is in a drop of nitroglycerine.
 But the problem is to put that energy to work.
 So Buick engineers aren't content just to mix that drop with air and touch it off. They've designed an engine that brings it catapulting into a cylinder head where it strikes a turbo-top piston—gets whipped into a churning, swirling ball of tight-packed energy.

Then it's fired. And when that happens, a drop of gasoline certainly lets loose power.
 This isn't something that happens in a "car of the future."
 It happens in a Buick Fireball 8 Engine today. It's a high-compression engine. It's a valve-in-head engine. But it's also a Fireball in performance as well as name.
 And it puts extra power under the hood—and extra miles in the fuel back in the gas tank.
 Now, power is great, but what goes with it?
 Mister, that's something you ought to find out—and soon.
 What goes with it is an automobile as sweet-handling, eager and willing as anything that ever made your pulse leap to a faster beat.
 It's a car that seems to know what you

want it to do—true and sure in its course on a straightaway—beautifully balanced on curves.
 It's a car with Dynaflo Drive* to feed power with infinite smoothness—and a road-hugging levelness of ride that took a million in cold cash to perfect.
 And it is, with all this, a very tidy bargain. Why not price it, drive it, know it for yourself? We'll be glad to arrange a demonstration.
 Equipment, accessories, trim and models are subject to change without notice. Wheel Crests standard on Roadmaster, optional at extra cost on other Series.
 *Standard on Roadmaster, optional at extra cost on other Series.

International Uniform Sunday School Lessons

BY DR. KENNETH J. FOREMAN

SCRIPTURE: Exodus 20:8-11; Mark 2:23-3:6; Luke 4:16ab; 13:10-17.

DEVOTIONAL READING: Psalm 84.

Whose Sunday?

Lesson for May 11, 1952

A newspaper column is entitled "My Day," not such a conceited title as you might think at first glance. Whose day is this, anyway? Yours, of course. What? you ask in surprise. My day? I have to work from morning to night in the house or on the farm or in the schoolroom or in the office or on the road somewhere. My day, indeed! I'd like to get ten minutes of it for myself if I could.

Dr. Foreman

Now wait a minute. Suppose you do have only ten minutes worth. What do you do with part of the day?

But that's not the whole story, not the whole question. The day is more yours than you think. For you can bring, and you do bring, to every day you live, a certain mood, an intention, a spirit. The same scene in sunlight and under heavy clouds is quite different. The same person in sickness and in health is not one but two people.

How Will You Feel on Monday?

THERE is one day of the week which, as Christians believe, is God's special gift to man. It is for everybody's benefit.

Let us suppose there is a town where everybody works, one way or another, for one man, spending most of their time making one man rich. Six days a week, that is; then comes Sunday and nobody works. This is everybody's day, not the boss's day.

Such a town would be a little hard to find; but even there everybody does have one day.

Jesus said, The Sabbath is made for man. Not for preachers, not for a favored few, not even for Jews and Christians only: but for man. The Jewish Sabbath of which Jesus spoke has its successor in the Christian Sunday. It is quite true that Christians appreciate the day more than atheists; but God made Sunday for man just as he sends rain and sunshine on one and all.

Our forefathers sometimes got hold of Sunday by the wrong handle, just as the Pharisees did in their time, with the Sabbath. They talked a good deal about not "breaking" the Sabbath as if it were a very fragile something to be kept under glass and never touched.

No, Jesus meant that the day is to be used; and the purpose of it is to keep man from being broken.

But this is still not all of it. This blessed day is not simply a day which we rise back, so to speak, to our normal level after the weariness of the week has dragged us down. It should be, and it can be when wisely used, a day on which we can grow, mentally, socially, spiritually.

Do you need a rule or guide on how best to spend your Sundays? Then ask yourself this question: How do I feel Monday mornings? I should be a better person Monday morning than I was on Saturday night. The best way to spend Sunday is to spend it in such a way that I shall begin next week a little better than I began last.

The Lord's Day

WHOSE day is it? Jesus said something else about it: The Son of Man (by this he always meant himself) is Lord of the Sabbath. So the Christian church has called it the Lord's Day ever since.

Now this particular Sunday in May happens to be "Mother's Day" in the United States, and every one can understand that there are good ways and poor ways to celebrate Mother's Day. You write your mother or visit her, or if she is gone from this earth you think about her, you spend the day doing the kind of things that she would enjoy doing with you.

So on the Lord's Day you celebrate in Christ's honor.

The Day of God

WE must also remember that this is God's Day, the "Sabbath of the Lord thy God." It is his because he gave it; his because it is dedicated to him.

It is for man, yet; but man is never fully man so long as he leaves God out. Man without God is a ship without water, a bird without air, an earth without the sun. Man needs God; and Sunday is the golden day for finding him.

This is the day when we have the most time for reading and hearing and thinking about God's Word; a day when we have greater freedom to do something in his service; a day when the loneliest soul may find the heavenly friend.
