## MR. FUSS HONORED

### First Marylander Elected President of Brotherhood

Merwyn C. Fuss, of Taneytown, Md., was elected president of the Brotherhood of the United Lutheran Church in America, in its convention which ended last Sunday. Principal speakers at the convention were Dr. Franklin Clark Fry, president of the United Lutheran Church in America and chairman of the executive committee of the World Council of Churches, and Dr. Paul C. Empie, ex-

MERWYN C. FUSS

cutive director of the National Lutheran Council. The convention was held in Luther Place Memorial Church, Washington, D. C., Dr. L. Ralph Tabor, pastor.

Other officers elected were: William Shetlock, Copley, Pa., first vice-president; B. T. Bodie, Columbia, S. C., second vice-president; D. K. Bloomstrom, Augusta, Ga., third vice-president; Aubrey Mauney, Kings Mountain, N. C., secretary, and Ernest C. J. Haller, Northampton, Pa., treasurer.

The next convention will be held in Augusta, Georgia, in 1954.

## LIONS CLUB NEWS

The Taneytown Lions Club held their regular bi-monthly session at Taney Inn, Tuesday, September 23rd, 1952, at 6:29 p. m., with President Rensburg, presiding.

The meeting opened with the singing of America, followed by the "Flag Salute" and the invocation by Rev. E. P. Welker.

Following the dinner President Rensburg introduced the Assistant Vice-President of the Western Maryland Railroad who gave a short history of the Western Maryland Railroad. This Railroad is celebrating 100 years of progress. The film "Fast Freight Rolling" which has been produced by the Western Maryland Railroad in conjunction with the celebration of their 100 years of progress was then shown and very much enjoyed by all.

Ted Jester led in group singing and introduced a new trio of silent singers known to all Lions as Rensburg, Baumgardner and Reid.

"Restless" Riffle was very much in evidence.

A very enjoyable evening was brought to a close by the singing of America.

## H. S. NEWS

The magazine contest ended on Monday, September 22, exceeding the goal of \$3,000 by \$531.15. Harry Dougherty was the highest salesman with a total of \$235.50. The two runners-up were Jean Luckenbaugh with \$172.55 and Robert Clingan with \$117.50. Room 12A-G almost tripled their goal of \$200, thereby winning the mystery prize, which is still a mystery. The school will benefit by the profits from this campaign. The entire school owes a debt of gratitude to the community for its splendid support.

On Saturday, September 20, the first soccer game of the season was played on the Taneytown field at 2:00 p. m. with New Windsor as the opponents. This was an interesting, well-played game, resulting in a scoreless tie. Mrs. Bowling's home room sold refreshments. The next game will be held on Saturday, September 27, on Sykesville's field.

Mixed chorus meets regularly every Monday night at 7:30 to 9 for rehearsal. They will be glad to respond to any community calls after Christmas.

The Seniors are planning a dance to be held on October 10th at the school. They have engaged the Swingsters for the occasion.

## THE JOURNALISM CLASS.

WITH THE 25th INFANTRY DIV. IN KOREA

Army Sgt. Paul Seipp, whose wife, Lillian, lives on Route 4, Westminster, Md., recently spent a five-day vacation from Korea on a rest and recuperation leave in Japan.

A member of the 25th Infantry Division, he stayed in one of the finest hotels in Japan and enjoyed many luxuries unobtainable in Korea. The leave is part of the Army's policy to give the fighting soldier a rest from the rigors of combat.

Sergeant Seipp is serving as a member of the 25th Infantry Division Band. Sgt. Seipp's parent is Mr. Otto P. Seipp, of Route 4, Westminster.

Governments have no right to engraft into civilization the burlesque of univul economics.—Mary Baker Eddy.

## BIBLE PROGRAM IN TANEYTOWN

### In Honor Of The New Revised Standard Version

Taneytown is one of the several thousand towns which will sponsor a community-wide service to honor the publication of the new Revised Standard Version of the Holy Bible. This will take place in the Evangelical Lutheran Church and is sponsored by the Taneytown District Church School Association and will be held on Tuesday, September 30, at 7:30 p. m. On the same evening similar inter-church meetings will be held in at least 3,000 other communities throughout the United States and Canada.

As part of the special program there will be given away 4 copies of the new Bible to those four people who have the longest record of perfect attendance in their Sunday Church School. The number of years need not necessarily be consecutive. Those eligible for the receipt of the Bibles must be present at this special program.

Besides the clergy, there will be several laymen taking part in the program. The Evangelical & Reformed Churchmen's Brotherhood Quartet, the Lutheran Brotherhood Chorus and the Lutheran Church and the local high school will sing special numbers. The speaker of the evening will be Dr. Paul Schilling, professor at the Westminster Seminary, who will speak on the theme of the program—"The Word of Life in Living Language."

The completion of the Revised Standard Version of the Holy Bible marks an epoch in the religious life of the English-speaking peoples comparable to that marked by the issuance of the King James Version in 1611. Recognizing the need of a new version, the former International Council of Religious Education, representing 40 major denominations in the U. S. and Canada, authorized the appointment of a committee of 32 eminent Bible scholars to study all the past versions as well as all the available manuscripts in order to prepare a revision of the King James and American Standard Versions that would present the Word of God accurately and in good English for 20th century readers.

To accomplish the gigantic task, the Bible scholars, with Dr. Luther A. Weigle, dean emeritus of Yale University Divinity School, have been working since 1930, translating from Hebrew, Greek, Aramaic, Latin and English sources and checking and re-checking each other's work. No changes from the older versions have been made without the approval of two-thirds of the committee. The New Testament, being the smaller, was completed first and was published in 1946. The Old Testament, in two volumes, as well as published in combination with the New Testament and will be published for the first time on the publication date of September 30. The publishers are Thomas Nelson and Sons of New York, but copies are available at any church publication and printing house.

## TANEYTOWN SENIOR 4-H CLUB

Ten members were present for the regular monthly meeting of the Taneytown Senior 4-H Club on September 18, 1952 at the home of Rhoda and Dorothy Rohrbach. The meeting was called to order by the President, Joan Baumgardner. Sandra Welker, Secretary, read the minutes of the last meeting and they stood approved as read.

The new business concerned a hay ride with the boys 4-H Club which was planned for October 2, 1952.

A demonstration was given by Rhoda and Dorothy Rohrbach on butterscotch pudding. Demonstrations were also given on different kinds of mending stitches. The girls brought stockings to darn.

The 4-H pledge was said by everyone. Then we had group singing. Refreshments were then served. The meeting was adjourned.

## FOR ANOTHER'S MOTHER

The Women's Guild of Grace E & R Church will hold their October meeting on Thursday evening, October 2nd, after the Preparatory Service. The Social Service Committee will be in charge and Mrs. William Airing will be the leader.

The project for social service work this year is: "For Another's Mother"—clothing packages for mothers overseas. Each member is asked to bring some article to help with this worthwhile cause. Articles to be brought include: warm hose, slip or material for scarf, underwear, material for dress, scarf, handkerchief, coin purse, comb, washcloths, sewing supplies, etc. All clothing to be of large sizes. The packages will be assembled and sent before the end of the year.

## SQUIRRELS MAY NOT BE HUNTED BEFORE OCTOBER 6

The squirrel season opens in Maryland on October 5, but hunting is not permitted until October 6, since the 5th is a Sunday, Regional Game Warden Benjamin F. Phebus said Friday night.

Hunting on Sunday is not permitted in Maryland and Phebus warns gunners not to take aim at squirrels until October 6.

The warden also points out that doves may not be hunted before noon on any day. Some hunters have been under the impression that the noon-time start applies only to the opening day. The law defines the hunting hours for doves as from noontime, Eastern Standard Time, to sundown.

## BALLOT BATTALION

### Parade on Registration Day Tuesday, Sept. 30

The Taneytown Ballot Battalion is to parade the streets of Taneytown on Tuesday evening, at 6:30 P. M., to give the citizens a reminder that they can register that day to be able to vote on Nov. 4th. All organizations in Taneytown are invited to participate in this citizenship parade. This parade will climax the efforts of the Ballot Battalion in getting out the vote. For the past week they have been making their house-to-house canvass inquiring who is not registered, and helping those to clear up doubt concerning the laws concerning transfers, etc.

Without a doubt, this should be the biggest election on record, but Taneytown still needs a great many registered voters to bring their quota up to the place where it should be. We cannot make our democracy work by sitting back and saying, "Oh, What's the Use," or to hold a grudge against something that was unavoidable, nor by just staying home and letting the other fellow do it. Just think, that in the last election in Taneytown, 30 persons remained at home while 3 persons voted out of every 33 eligible voters. Is it any wonder that our candidates are not being elected by a majority of the people. Our constitution reads, "A Government of the People, for the People, and by the People," so let's come out and register and vote and make it that kind of a government.

Taneytown has 2 days for registration, the next two Tuesdays, Sept. 30 and October 7. Make an effort to register on the first date if at all possible in order to avoid forgetting it and missing out after it is too late.

All persons interested in marching or driving in the parade on Tuesday evening are to meet at the Taneytown High School not later than 6:15 p. m.

## DRIVE FOR FUNDS WILL BE MADE BY CARROLL COUNTY CAS

The campaign theme, "For to such belongeth to Kingdom of God," and a goal of \$9000, provided the impetus for the annual fund drive of the Carroll County Children's Aid Society at a kickoff dinner held Monday evening in the Westminster Church of the Brethren. Campaign dates are October 6-20.

Arthur P. Scott, active in his church, St. Paul's Reformed church, trustee for Hood College and Franklin and Marshall College; President of the Beacon Steel Products Company, Inc., Westminster, and a Rotarian will serve as campaign chairman this year.

Adding inspiration and fervor to the 1952 Financial Campaign, Mr. Scott had engaged two well known speakers to the county, Monsignor William E. Kelly, of St. Martin's Church, Washington, D. C., who served St. John's Catholic church for six years and endeared himself to many while here, and the Rev. Dr. Nevin E. Smith, of Hanover, Pa., who had formerly served St. Paul's Reformed church. Their enthusiasm in the work was well founded as they were familiar with the needs and the achievements over the past 23 years of the Carroll county Children's Aid Society. While here they had given their support to the drives and aided whenever called upon.

Miss Elizabeth Glover, newly appointed Executive Secretary of the Maryland Children's Aid Society, made her first official visit to the local society. Mrs. Smith accompanied her husband from Hanover. The pastor, the Rev. Harold Z. Bomberger, offered the invocation, and with him was his wife. Also seated at the head table was Mrs. R. Howard Reichard, President of the Society, who opened the dinner meeting and presented the chairman; Mrs. Ober S. Herr, Vice-President; Mrs. Alan Waganam, secretary, and Mrs. John P. Brooks, Director. Mrs. Russell Benson is the Treasurer of the organization and Mrs. Frank T. Myers, serves as second vice-president.

Mrs. Brooks, the Director succeeding Miss Bonnie Custerborder, who served for 23 years as social director explained much of the work of the Society in dealing with children and with families. With the many family problems which need personal attention, it will be necessary to have a full time caseworker for the coming year, as the first consideration is to preserve the family unit whenever possible. The foster home situations have been encouraging which includes boarding, free, wage and adoption. Stress is placed on making the child feel wanted.

It was brought out by the speakers that service to children is not cheap and the full quota will be needed for the work for the coming year.

Mrs. Reichard has stated, "In an ever changing world, children's needs are a constant demand. The Carroll County Children's Aid Society has accepted the responsibility of helping supply some of the needs of neglected and homeless children of the county. We look to the citizens of Carroll county for the financial help and prayers so that we may keep faith with these little ones."

Each speaker added new thoughts for the 105 workers present. Monsignor Kelly took for his theme the first meaning of charity is love and suggested that the citizens now give as their contributions what will make a lasting Christmas for the children, while Dr. Smith gave a version of the Good Samaritan on the Jericho road—the roads in Carroll county over which the solicitors will travel in the October campaign.

Sebastian Campesi, music director of the High School, played two violin selections accompanied by Miss Winifred Walsh. The first check received was that of \$25 from the Carroll County Society of Baltimore City.

## TANEYTOWN C. OF C. WILL DINE NOV. 6

### Gov. McKeldin Will Be the Speaker at the Annual Event

The Chamber of Commerce of Taneytown met in the regular monthly meeting on Monday, Sept. 22, at 6:30 P. M., at the Taney Inn with the opening of the group singing "America." The invocation was offered by the Rev. A. W. Garvin. A fine dinner was then served by the proprietors, the Albaughs.

The minutes of the last meeting was read and approved. President Merwyn C. Fuss presided. The annual outing which was held on August 21 was attended by 31 members. The outing was in a trip to Washington, Mt. Vernon and then to Hogates for supper in Washington and ended with the group seeing a ball game before returning to Taneytown. There were several suggestions made after President Fuss asked what the Chamber would like to do for the 1953 outing. One suggestion was to make a trip to Wilmington, or to Cumberland, or to Salisbury joining with other Chambers of the nearby vicinity and visiting the manufacturing plant of importance in that city. Then another was that the Chamber make a trip to Baltimore and take a boat trip around the Bay seeing the industrial centers and also visiting the Sun papers and see the making of the paper. There were no actions taken on any of these suggestions as they will be considered by the Executive Committee.

President Fuss announced the annual banquet will have to be held on November 6th, instead of the third Thursday of November. The speaker for the event will be the Honorable Mr. Theodore R. McKeldin, Governor of Maryland, also the first Hanover Elks Chorus, who are the U. S. champions of the Elks organization. Suggestions were then made about the kind of food to be served for this event and the committee will announce later the results.

The Christmas decorations for the town was planned and also more streamers will be added on West Baltimore and on York Street. Santa Claus was suggested to make his appearance on December 5th with the usual ceremonies which has been in former years and the turning on the lights for the town's decoration.

The nominating committee was appointed to select men for the ballot for the year of 1953 and the committee are as follows: Robert Feeser, Curtis G. Bowers and C. L. Gartrell.

The big job was then discussed about the membership and the short time that convenes before the event of the banquet. The dates set for the campaign for new members was October 1 to the 20th. The last date will be the deadline for members to receive tickets for the banquet. This is certainly important for the group serving the great number who enjoys the delicious meal and the evening program. May all the former members be ready when the information comes to your hand and kindly be prompt in making a reply as this will govern the kind of dinner which can and will be served.

Mr. Robert Smith presented to the Chamber the status quo of the Taneytown Recreation Park standing. The report was rather enlightening and the fine way the park has been kept this past year. This group needs the help of the community to support this worthy project. It was also suggested that the Park be named, "Memorial Park," as at the present no definite name has been given it. More information will be forth coming in the future.

There was a motion made that the next speaker would be from the United States Chamber of Commerce, if at all possible, and invite the surrounding Chambers of the community to join in this event. But the final information will be given near the time of the meeting, which will be the 4th Monday.

The meeting adjourned at 9:30 p. m. with 21 members present.

## BURNING REGULATIONS

The fall forest fire season is upon us again, District Forester William A. Parr said recently, advising that Maryland's burning regulations took effect again on September 15th. From September 15 to December 15, the forester warned that all burning done within two hundred feet of woodland or inflammable material that could carry fire to woodland must be done after 4:00 p. m., Eastern Standard Time.

He pointed out that practically all woods and field fires in Maryland are due to human carelessness, and asked everyone to be especially careful in and near woods, so fires can be prevented.

Parr said that fires are costly in dollars and cents, not only from the cost of extinguishing them and the damage done to the timber land, but also from the hours of labor lost from their regular jobs by fire fighters.

The forester pointed out that the number of fires in the spring of 1952 was slightly less than the same period in 1951, but that the total acreage burned during the period in 1952 nearly doubled that of 1951.

## NEW HOURS FOR DRAFT BOARD

Effective Monday, September 29, 1952, offices of the Local Boards No. 40 and 41, Carroll County will observe these hours: Monday through Friday, 8:30 a. m. to 5:00 p. m. (EST).

Economy is half the battle of life; it is not so hard to earn money as to spend it well.—Charles H. Spurgeon.

## THIS 'N' THAT (Your Chatty Column)

With all my heart, I wish you every morning A smile that shall last until the next day's dawning. I wish you health—life's greatest wealth! I wish you always near so that I may help to cheer Each future day and in some way—help to bring you happiness!

That sweet sound of the Katy-dids coming over the hills and fields as I type this column is music to my ears. "Indian Summer" is a grand time of the year and always at this time, the aged folks feel just tops! What a nice lengthy letter from my "Pen" German Jewess friend across the Sea! The letters are in English and just about the most beautiful I have ever read! Hope she never stops writing!

Ladies, have you heard that "VESTS" are to be the thing this Fall and Winter! Gray is in all the stores and a top color. Your Observer does not like gray in any shade unless it is done in a special room with a harmonizing color. Brown is still very difficult to secure in any store and the salespeople will admit that it is very hard to get.

"Box" bags in mostly brown or black are still the highlight, and they are glamorous especially those I have seen in any exclusive Midway's Shop. Have you heard that sweet song called, "When the children are asleep"? Did you know that there are 83 Channels of T.V.?

From Hollywood comes—There will be a picture called, "The Life of Grace Moore." Remember she was the one who was killed two years ago? This one you must see, "Sudden Fear" with Joan Crawford. Absolutely that is her very best! The story is quite dramatic and the acting all the way through—Superb is the word! I won't tell you the story. Just want to surprise you! That one Your Observer will see again!

From Florida and from one of my readers comes just this—"Georgia cannot take the honor for that so-called 'GEORGIA PEACH' for she is from Lakeland, Florida and attends school in Georgia!" Could be! However, she was registered from Georgia and she won for that State! That's history now! Eh?

Shiny green peppers, Mrs. Housewife are still coming from the parsonage garden and a few more tomatoes. The last of that sweet corn—Um-mmmmmmm! Hope you canned plenty of tomatoes as they will be very scarce and high this year that is this coming winter. (Due to that tomato bug!)

Thinking of automobiles. Here's a new one and a true one. The longer and harder you drive an "OLDS" the finer it rides! Especially 88! (Continued on fourth page)

## CHANGE IN MAIL SCHEDULE

Effective Monday, September 29, 1952 when the nation resumes Eastern Standard Time, all mails will be scheduled to operate on Eastern Standard Time.

It is the policy of the Post Office Department to function with prompt and efficient service to patrons. In order that this may be accomplished, it is expected that patrons cooperate with the Department. Therefore, effective Monday, September 29, 1952, all mails must be deposited in the local Post Office not later than 5:00 P. M. each day in order to be dispatched on that particular day. Mail received at this office too late in the day for dispatch on the same day will be held over until the next morning for dispatch, thus delaying your letters and messages by twenty-four hours.

The Baltimore & Hagerstown Star Route is due to leave Taneytown at 5:00 P. M. and the Lancaster & Washington H. P. O. leaves at 5:30 P. M., this being the last dispatch each day.

## FREDERICK FAIR

The Great Frederick Fair opens this year on Tuesday, September 30, and closes Saturday, October 4; five days and five nights.

This Fair at Frederick, Md., is known over the entire country as one of the oldest agricultural Fairs and emphasizes National, State and County exhibits in livestock, agriculture, poultry and household departments.

Prell's Broadway Shows will be on the midway of fun. Two bicycles will be given away on Friday, October 3, Children's Day. There will be 27 attractions and 15 modernistic rides. Sully races will be an every day attraction, except Saturday. A cavalcade of livestock will be held in front of the grandstand Thursday and Friday.

There will be fine exhibits, popular prices of admission, large grandstands and plenty of parking space within the well kept grounds.

Tuesday through Friday afternoon and night will include all the regular George A. Hamid attractions.

The Saturday afternoon and night feature will be a thrill show by Irish Horan and the Lucky Hell Drivers.

**I WILL VOTE WILL YOU?**

Don't say: "I'm all fed up with politics."

Don't say: "I can't spare the time".

Don't say: "What good will my one vote do?"

One vote in the electoral college elected Thomas Jefferson President of these United States. John Quincy Adams won by the same margin.

Election of Rutherford B. Hayes by one vote was contested. The case went to an electoral commission. Again Hayes won—by a single vote. And the Indiana congressman who decided the issue had been elected by one vote.

California, Idaho, Oregon, Texas and Washington each won statehood by the margin of one vote.

One vote in the House passed the vital draft act of World War II.

The right to vote is the privilege granted every law-abiding American citizen over 21 years of age. And with the American two party system, the individual, by voting, is exercising his greatest proof of personal freedom and fulfilling his patriotic duty in helping to guide the destiny of his country.

The Constitution of the United States and the Bill of Rights guarantee us all the privilege of working where we please... to worship where we please... to own our own homes where we please... and to raise our families as we please. And in 170 years, no one, no gestapo or secret police, has ever dared to challenge these blessings, or to interfere with our individual liberties, without due process of law.

And while our system of government may not be a perfect system yet, when compared with that of any other country on earth, it shines with the brilliance of the sun in comparison with the moon.

Then why do we Americans value our ballots so lightly? Belgians, freed from the Nazis, gave thanks by casting a 90 per cent vote at their next free election. In Britain, 82 per cent of the eligible voters cast their ballots at the last general election and returned Mr. Churchill to power. In Japan, with "made in America" democracy, 70 per cent voted.

But here in our own free country, in the Presidential election of 1948, ONLY 51 PER CENT of the eligible American voters went to the polls and voted. An average of 40 OUT OF EVERY 100 stayed at home. They couldn't be bothered. They decided that... ONE VOTE WOULDN'T MATTER.

And individual polls taken among business firms showed that in this same election an average of only 39 OUT OF EVERY 100 owners and executives of business firms had interest enough in the affairs of their government to go to the polls and vote.

But in the 1950 Congressional election when our present Congress, the 82nd, was elected, an even worse condition existed. For do you know that only 41.3 PER CENT OF THE ELIGIBLE VOTERS OF THIS COUNTRY went to the polls and voted? Think of that... a small minority of voters electing congressmen who enact the laws that affect each and every one of us even though those officials or laws do not represent the wishes of the majority of the people.

Under these circumstances is it any wonder our country is fast slipping down the road to socialism... down the road to government controls over the lives of the people, employer and employee alike... down the road to unemployment, inflation, higher and higher taxes... and to ultimate bankruptcy of the government as well as the people?

How you vote is your own personal affair. But the main point is—

VOTE. Our children are growing up to live under the type of government we are now creating for them. And unless we vote we cannot conscientiously criticize the type and kind of officials elected to public office... the men who make the laws by which we must abide.

Lincoln once said... "If this country is ever destroyed, it will be from within, not from without." How very true are those words.

But we can change this whole situation and get America back on the road to real "Americanism" IF—each of us will just PROMISE HIMSELF that "I WILL VOTE IN THE ELECTION ON NOVEMBER 4th." If each of us will do that, and if we'll spread the gospel of "I WILL VOTE—WILL YOU?" among friends and acquaintances, we will be doing our country a wonderful service.

And when the ballots are counted in November and the results are made known, you can rest assured that we will have cause for rejoicing for having done our part in helping to SAVE AMERICA.

**GRASS ROOTS OPINION**

COATESVILLE, Pa., RECORD: "The magazine Steel sent hundreds of letters to persons whose occupation was listed as 'steelworker' in the Youngstown, Ohio, city directory. One question was asked: 'If the wage issues are satisfactorily settled, would you favor continuing the strike in an effort to win the full union shop?' Of the replies received, 86 per cent were 'no.'"

WILMINGTON, CALIF., PRESS-JOURNAL: "Nobody is indifferent to high taxes. That's obvious in the fact that everybody bellyaches about them. But high taxes go on—and keep getting higher. Why? Because most of us are indifferent to the corrective measures necessary to cut down waste and extravagance in government. It's easier to bellyache than to take action."

WASHINGTON, IOWA, EVENING JOURNAL: "General Motors paid \$1,141,000,000 in taxes in 1951, which amounts to \$13.04 in taxes paid per common share of stock, compared with \$4.00 per share of dividends to stockholders. Thus, the government gets three times as much out of General Motors than the owners, themselves. They call it a 'corporation tax', and many people are inclined to think it is the corporation that pays for it. In reality, the stockholders—millions of them in hundreds of corporations—are paying it out of their savings and investments."

LE SUEUR, MINN., NEWS-HERALD: "The reason taxes seem high is because they are high. Back in the year 1900 the average person paid \$3.88 in Federal taxes, while the average per person tax today is \$472 according to the U. S. News and World Report. It isn't the high cost of living, it's the high cost of government."

ARLINGTON, WASH. TIMES: "The county treasurer's office is crowded with citizens checking up and paying taxes. By a study of his statement the taxpayer can figure his exact contribution toward the administration of his city, which provides police protection, fire protection, upkeep of his streets, lighting, library, and various services... On the other hand the immense sums the Federal government whisk away from his meekly surrendered... If the taxpayer raised half the howl... over the Federal extractions that he raises over the county pittance, the din might be heard, and have a wholesome effect in Washington."

NORWALK, CONN., HOUR: "The Federal budget under discussion in Congress is for \$85,000,000,000... And there is no Federal Communication Commission, or State Utility Commission, to see that we get our money's worth for the rates we pay."

HILLSBORO, MO., RECORD: "You might get an idea of the hugeness of a billion if you realized that since the birth of Christ more than 1900 years ago, just slightly more than a billion minutes have elapsed... If you take a look at the President's proposals further, you will see that he wants to spend more dollars in the next fiscal year than there have been seconds between the birth of Christ and the present time."

**Has America enough POWER ?**

The U.S. today uses twice as much electricity as before World War II. Is there enough for defense, for civilian needs and for such giant jobs as A-bomb manufacture? Here's how the electric light and power companies are meeting—and staying ahead of—these huge needs.

**NO JOB TOO BIG** Some people say that the really big electric power projects are jobs only the government can handle. The facts disprove this. Five local electric companies have offered to develop all additional power available at Niagara Falls with a giant new power plant. Five other business-managed companies are completing one of the largest single power plants ever built at one time—a project that will supply power to the new A-bomb plant at Paducah, Ky. Fifteen companies are ready to handle an even greater project for the Atomic Energy Commission. The electric light and power companies are ready and able to do the nation's power job—and they can save you and other taxpayers many millions of dollars by doing it!

**PLENTY OF POWER.** The electric companies have kept pace with the fast-growing demands for power. These companies met the unprecedented needs of World War II. And now, in the midst of their greatest expansion program, they have already doubled that wartime supply! The only real shortages of electricity are in countries where national governments control the power industry.

**ERA OF TEAMWORK.** The electric companies, where there is no interference from the federal government, work together with municipally-owned power systems and farm electric groups. Electric companies' rates and earnings, of course, are closely regulated by state commissions or local authorities. However, federal electric projects are not subject to such regulation.

**FEESERSBURG**

The autumnal equinox occurs Sept. 21 or 22. This year it came on the 22nd and officially ushered in fall. Already the air has changed and the sun lying farther south has lost its warmth to some degree. But so far no killing frost has visited our fields, and some corn stands a great deal more of warm weather before the corn can be picked. Although the smell of autumn is in the air, not until the leaves have changed to their autumn colors can one really believe that winter is on the way. We are doing a lot of wishful hoping that the temperatures will stay in the 70's as our furnace is torn down for repairs. There is always the wood burning range to fall back on, which not only gives out pleasant heat but also an odor of pine wood, frying sausage and brewing coffee. An enticing smell that reaches the barn these cool mornings and hurries the men with the milking.

Though this is the year when girls have the traditional right to propose, the records show that the number of marriage licenses issued thus far is running 50,000 behind the figures of last year. Not only that, further research reveals that there were similar slumps in the leap years of 1948 and 1944. This doesn't prove anything. But it does lend substance to that old theory which holds that when you let a woman have her way she doesn't want it.

Rev. Donald Warrenfeltz of the Uniontown Lutheran Parish was the guest speaker at the Sunday afternoon services held at the Frederick I. O. O. F. by the Rebekah Lodge of Taneytown, Sept. 21. The Rebekah Lodge of Manchester was also present at the services.

Mr. and Mrs. David Miller entertained the following at supper Sunday evening: Rev. Donald Warrenfeltz and son, Mr. and Mrs. Charles Leese and son, Westminster; Mr. and Mrs. Eddie Pfaff, of Baltimore; and Mr. and Mrs. Walter Hiltbricker, Taneytown.

The Elmer Wolfe School ended its magazine campaign Tuesday with the white team headed by Mr. Bubrick winning the drive. The campaign fell short of last year's quota for the simple reason that with the cost of living climbing higher and higher, the average family has to cut corners.

And speaking of cutting corners the cost of being sick is another headache to the middle income group. It has been said over and over again that criticism without a constructive solution to the problem involved is not worth the effort, but it would seem that the American Medical Association, made up of so many brilliant men and women, would be able to offer the public some solution to the high cost of being a patient, instead of using its time and talent to stand in the way of the most progressive suggestion yet offered—namely compulsory health insurance. The AMC, has battled health insurance since 1949 and yet it has failed to offer the public any workable and practical plan of their own. There are some doctors, (bless their samaritan hearts) who do try to spare the patient all the expense possible, taking in consideration their financial status. But these are in a small minority and are in rural communities there they well know the background of each family. It isn't all together the doctor's fee that worries a prospective patient, but the cost of a hospital bed and the cost for private nurses is so great that the average person just cannot afford to be sick. The wealthy can afford the cost; the poor are given the best free; but the middle class person, who makes every effort to pay as he goes is caught in a web of financial circumstances that bleed him white if he is sick longer than ten days. What is the solution? If the AMS doesn't want outsiders to solve this problem then it must make a supreme effort to set it's own house in order.

Senator Nixon in his speech tonight (Tuesday) had my sympathy until he started to cry like a three year old caught in his mother's jam pot. If he hasn't the backbone to take a ripman when he deserves it then he isn't man enough to be Vice-President of the United States. Senator Nixon or any other public official that accepts private contributions is so wrong. It may be true that we Americans do not pay public officials enough money, but every person running for public office knows before hand what he is to receive in salary. If he feels it isn't enough—that he can't live on it, then he should not seek the office. Senator Nixon is a victim of his own build-up. The American voter doesn't ask their candidates to be pure and holy. Why does each political party try to impress upon the voters that their men are a cross between Florence Nightingale and King Arthur? I wouldn't know. Surely we know better and it irritates us to be treated like a gullible Alice in Wonderland or a 5 year old listening to Anderson's Fairy tales. When will the politicians realize that the American voter has grown up—that he is willing to hear the truth, digest it and then act upon it? If three wars in the past thirty years, a major depression and the birth of the atomic age hasn't sobered and matured the American voter, then all the mud-slinging and all the political name calling will not have any effect. When this political campaign began some of us had high hopes that the vital issues of our time would be discussed frankly and realistically by both parties. Up until the present we have been disappointed, but it isn't too late yet for the two presidential candidates to come forward and talk like statesmen—not like political frauds.

Dr. and Mrs. L. C. Stutely of Denningers are spending some time with Mrs. Robert Walden. The Stutelys plan to spend the winter in Frederick

where they have rented a house on Rockwell Terrace.

Approximately 250 suppers were sold at the supper sponsored by the Elmer Wolfe P.-T. A. Saturday evening in the Firemen's Social Hall. Mrs. Joseph Coshun served as chairman. The supper was well prepared and the menu was bountiful. The public didn't respond as well as hoped, but it was their loss for they missed an excellent meal at a conservative price. This is an annual event. Plan to be present next year.

Medical science tells us that we can soon look forward to a second heart. Most of us would settle for just a second wind—to catch up with the life that is leaving us so far behind.—Ruth Roelke.

**FRIZELLBURG**

The annual Fellowship supper of Baust Lutheran church will be held on Saturday evening, Oct. 11, in the Parish House. All members and their families are asked to bring their own place setting and a covered dish of their choice. A program is being planned, you will want to attend. Those serving on the committees are: General Planning, Mrs. Vernon Zimmerman as chairman; Kenneth Lambert and Walter Myers, Jr. Program; Rev. and Mrs. Donald Warrenfeltz, William Flohr and Audrey Myers. Menu, Mrs. Harry K. Myers, Mrs. Martin Koons, Mrs. Sterling Zimmerman, Mrs. Kenneth Lambert, Mrs. Edgar Strevig and Mrs. Walter Myers; Decoration, Mrs. David Sprinkel, Mrs. Clarence Master, Mrs. Edward Haifley, Mrs. Walter Marker with their husbands assisting.

Flowers in the altar vases on Sunday were placed by the Harry Welk family in loving memory of Mr. Welk who passed away one year ago Sept. 21.

Dean, son of Mrs. Gladys Griffin, left on last Wednesday for Washington College at Chestertown, Md.

Miss Dottie Morelock, of Towson, and Mrs. Emma Rodkey, of Uniontown spent the week-end at the home of Mr. and Mrs. Allen Morelock.

Miss Jean Wantz entered Western Maryland College, on Wednesday.

Mr. and Mrs. Norval Rupp and son Dennis; Mrs. Archie Wantz, Mrs. Charles Falloure and son, Charles, visited at the home of Mr. and Mrs. Ben Keefe, Pleasant Valley, Sunday afternoon.

The regular monthly meeting of the Women's Missionary society of Baust Lutheran church met Wednesday evening with Rev. Donald Warrenfeltz in charge. The topic for the lesson was "The Book on It's Mission." The hymns sung during the meeting were "O Word of God Incarnate," "Spread O Spread Thou Mighty Word" and "The Morning Light is Breaking." The scripture lesson was read recorded in the Psalms and prayer by the leader. Those taking reading parts were Mrs. Glenn Haines, Mrs. Myrtle Zentz, Mrs. Walter Myers, Mrs. Calvin Starner, Mrs. Martin Myers, Marline Zimmerman, Mrs. Margaret Myers and Mrs. Edith Master. After the lesson study on the Bible an interesting discussion followed. Rev. Warrenfeltz had on display six different Bibles including Latin, Greek, Catholic Vulgate, King James version and the Revised Standard Version of the new testament. The Bible has been printed in more than a thousand tongues and is the most translated Book, the Book with the most influence, the oldest printed book, first product of Gutenberg's printing press five hundred years ago. More copies of the Bible have been sold and given away than any other book. The Bible goes with our soldiers into camps, and battlefields. The United Nations command in Tokyo distributed one million copies in 1951. Mrs. Vernon Zimmerman, Vice-President presided at the business meeting. Plans were made for the church fellowship supper. Mrs. Martin Koons was appointed as delegate to the 70th annual convention which will be held in Evangelical Lutheran church, Frederick, Md., Oct. 22-23. A thank you note was read from Billie and Mrs. Glenn Haines and son, Oct. 15, at the church with Mrs. Calvin Starner as the leader.

Sunday visitors in the home of Mr. and Mrs. Denton Wantz were Mr. and Mrs. H. T. Edwards son James, near Silver Run; Mr. and Mrs. Walter Haines, sons, Leonard and Delano, Westminster, and Mr. and Mrs. Edw. Wantz, Pleasant Valley.

The Carroll County Youth Fellowship of the E. & R. Church met Monday evening in St. Paul's hall, Westminster. A group from Silver Run was in charge of the program. Miss Marsha Reifsnnyder of the Baust group presided at the business meeting with the Emmitsburg group leading in recreation. The next meeting will be a Halloween party to be held in the parish house at Baust, Oct. 20. Plans were also made for a week-end to be spent at Camp Micaux in November. The host church served refreshments.

Rally Day Services will be held this Sunday, Sept. 28, at 10 a. m., in the church. Mr. George Bowen, this place will be guest speaker. There will also be special music. A Fellowship dinner will follow the regular morning worship. Bring your lunch meet old friends, make new ones. The Youth Fellowship will meet at 2 p. m., after lunch.

Sunday School at 10 a. m., at the Church of God this place Sunday, Sept. 28th. Mr. Howard Carr, superintendent.

Miss Bessie Yingling is on the sick list.

Mrs. Archie Wantz and grandson, Charles, and Mr. and Mrs. Martin Wantz, spent Saturday afternoon with Mr. and Mrs. Norval Rupp and son of Taneytown.

Mrs. Allen Morelock, Mrs. Miles Reifsnnyder, Mrs. Russell Bloom and Mrs. Denton Wantz attended the Biennial meeting of Potomac Synodical Women's Guild, Sept. 24th and 25, at St. Luke's church, Baltimore.

The Baust Girls 4-H Club met Saturday afternoon at the home of their local leader Mrs. Russell Frock. Roll call was answered by each member giving a sign of autumn. A short program was presented with group singing and the 4-H pledge. The business meeting was conducted by Kitty Orr Reese. A demonstration was given by the leader on "Table Settings and Table Courtesy." The regular

meetings have been changed from the third Saturday to the third Friday night of each month, starting at 7:30 P. M.

Mr. and Mrs. Arthur K. Myers entertained on Sunday, Mr. and Mrs. Gerard Broderick and family, of Washington, D. C.

Mr. and Mrs. Lawrence Trimmer, of Hanover; Mr. and Mrs. Charles Strevig, of Pleasant Valley; Mr. and Mrs. Sterling Myers, this place; and Mrs. Bell Duttera, Westminster, visited at the home of Mr. and Mrs. Jos. Strevig, on Sunday.

Mr. John Starr and Mrs. Lizzie Fox, Keymar, spent Sunday evening with Mr. and Mrs. Archie Wantz.

If you are over 21 go to Baust Parish House and register. If you haven't voted for five years your name is not on the book so unless you register you will not be able to cast your vote. Days to register are Sept. 30 and Oct. 7, from 9:30 a. m. to 9:30 p. m.

To cast your vote as you prefer, The first step is to register; This is important, please take note, If you don't register you can't vote.

The time for choosing our President nears, The most important election in years, Don't fail to register and miss the boat, November 4th is the day to vote.

In history making you can take part, If you haven't done so its time to start; The ills of the world need an antidote, Use your American right to vote.

**HARNEY**

Services in St. Paul's church next Sunday Worship and Sermon at 9 a. m., by the pastor, Rev. Chas. E. Held, S. S., at 10 a. m. On Oct. 5, in St. Paul church Rally day at 9 a. m., with Chas. M. A. Shildt as chairman of committee of a program given by the Primary Department, Mrs. A. C. Leatherman, Supt. and Mrs. Earl Welty, Asst. At 10 a. m., Holy Communion.

At the U. B. church Oct. 5 Holy Communion services at 7:30 p. m. Rev. A. W. Gandy the pastor.

Mr. and Mrs. Ralph Weickert and two daughters, visited with Mr. and Mrs. Luther Fox, Sunday afternoon.

Mr. and Mrs. Edgar Myerly, Hagerstown, Md., were callers Sunday of Mr. and Mrs. Wm. Snider. Mr. Snider still remains in a weakened condition, but is able to sit up part time now.

Mr. Murray O. Fuss accompanied by Mr. and Mrs. Samuel Valentine spent the week-end sightseeing through Virginia and over the Skyline drive.

Mrs. Margaret Haines was taken to the Gettysburg Hospital, Wednesday morning in the Littletown ambulance for observation of her broken limb of nearly a year ago. She has been unable to walk alone since, is on a wheel chair most of the time and does a lot of sewing by hand—quilt patches, etc.

Mr. and Mrs. John Hockensmith, of Taneytown R. D. Md., were Sunday evening dinner guests of Mr. and Mrs. Benjamin Rock and family. The ladies attended service at the U. B. church in the evening.

Don't forget about the roast chicken and ham supper on Oct. 11, in the Parish House here sponsored by the Volunteer Fire Company. They are planning a great meal and expect a large crowd, so don't fail our boys.

A large crowd gathered at St. Paul's church last Sunday morning where Harvest Home service was held. The talk by Rev. Held was especially good and the display of vegetables exceeded previous years. So much credit is due Rev. Held for his work in collecting and arranging it. A large group of folks stopped by through the afternoon and evening to see the display.

Mr. and Mrs. Benjamin Marshall and son, Geo. B. and wife and daughter, had as callers Saturday night Woodsboro, Md. Mrs. Cora Barwick and son, Claude, Mrs. Marshall and Mrs. Barwick were friends of years ago.

Mr. Richard Hockman, Washington, D. C., and Mr. and Mrs. Morris Haines and daughters, Hazel and Linda Sue, motored to Frederick Sunday. The three ladies took their first airplane ride from field there.

The from Harney and Littletown who motored to the Reformed institution 'Home Wood' Hagerstown, Md. Sunday were Mr. and Mrs. Nevin Ridinger, Mrs. Edna Snider, Mr. and Mrs. Chas. Shildt, Mr. and Mrs. Elmer Shildt and daughter, Mary Catharine and son Elmer C., Mr. and Mrs. David Shildt and son, Thomas and Mr. and Mrs. Claude Fissell, of Littletown, Pa. R. D. They went as guests of their aunt Ida (Shildt) Landis who celebrated her 97th birthday anniversary, Sept. 22. They found her in a jovial mood, as usual and in fine health for her age, eye sight not too good, but still able to write and read. They presented her with gifts and left two birthday cakes for her birthday anniversary with her friends. The above are the five children of the late Theo. Isaac Shildt and Laura Hawn and Ida Shrimmer was the wife of Landis Shildt, her first husband and a brother of Theo. Shildt. So all nieces and nephews.

Mr. and Mrs. Harry Clutz report that their granddaughter, "Betty Brown" a polio victim who had been in a York Hospital was brought to her home Sunday. She still has some paralysis. **TB Facts**

Approximately 250,000 Americans are in a position to spread tuberculosis to the fellow citizens, the National TB Association reports. The association revealed recently that deaths from TB have been cut in half in the past six years, but the decline in the large number of new TB cases nationwide is slow. About 115,000 new TB cases are developing in the U.S. each year. At least 80,000 TB patients are hospitalized for TB in this country at any one time, with 10 months the average length of hospitalization. Total cost of TB to the American people is more than \$350,000,000 yearly. The average cost of one case of TB can be estimated at \$14,000 to \$15,000.

**Cooling Device**

A cooling device so powerful that it can change a searing blast of 600-degree air into snow within 2/10 of a second has been produced by a U.S. manufacturer. No larger than a man's hand, this equipment has been devised to solve the cockpit cooling problem in high-speed aircraft. At the opposite extreme, another manufacturer has designed a heater for aircraft engines in Arctic regions that can raise temperature 345 degrees in one second.

H. Sell, Taneytown R. D. 1, in a double ring ceremony performed by the Rev. Glenn L. Stahl at the Trinity Lutheran Church in Taneytown, Sunday, Sept. 21.

The altar was decorated with baskets of fall flowers, palms and candelabra. Mrs. Zepp, soloist sang selections before the service assisted by Mrs. George L. Harner, organist.

The bride was given in marriage by her father. She wore a white gown with full train, her gown being fashioned of chintilly lace bodice with net yoke trimmed with beads and sequins, the sleeves pointed at the wrists. The full skirt was of nylon tulle over satin. Her fingertip veil was attached to a nylon gathered coronet. She carried a white Bible with white orchid and streamers with rosebuds.

Maid of honor was Mrs. Mildren Ecker, of Upperco, Md., sister of the bride. Miss Lois Ohler, sister of the bride and Miss Mildred Sell, sister of the groom were bridesmaids. All wore gowns fashioned of velvet bodice with nylon net skirts over taffeta and carried bouquets of Colonial nosegays with streamers. The flower girl, Carolyn Formwalt, niece of the bride daughter of Mr. and Mrs. Charles Formwalt, wore a gown of blue taffeta and carried a basket of mixed flowers. The ring bearer was Sonny Ecker, nephew of the bride and son of Mr. and Mrs. Mildren Ecker.

Donald Nace, of Hanover, Pa., cousin of the groom was bestman. Assisting as ushers were Murray Baumgardner, Mildren Ecker, Earl Wantz and Harry Shirk.

Immediately following the ceremony a reception was held on the lawn of the bride's parents with 130 guests attending. The table was decorated with a three-tier wedding cake, flowers and smilax.

For her going away costume the bride wore a suit of black faille with velvet trim and a white orchid corsage. The couple left on an undetermined motor trip.

The bride is a graduate of Taneytown High School, Class of '48 and was previously employed at Cambridge Rubber Co. The groom is a graduate of South High School of Akron, Ohio, Class of '43 and is occupied in farming.

**THIS 'N THAT**  
(Continued from First Page)

The demand of just one Billion Dollars from England from Canada toward the Coronation and the support also of the Mother Country! It was sent! Canada loves these UNITED STATES! Wow! And that from real English people!

**HOW PROUD REALLY ARE YOU TO BE AMERICAN?**

Remember the little boy, I wrote about in a previous column who said he did not want to go to College but just to be a Carpenter so as he could build a house for his wife? That little boy this summer worked very hard and bought a Calf and a Television! Wish there were more little boys like that! Met a cute one at the closing hour of an American grocery store Saturday night. He stood around and waited for another customer when all the kids had gone home. There were three of us to carry the boxes to the car but as I looked at that little fellow, standing so close to my side as the order was being counted up, he was right there with boxes and I handed him all the change and such a grand big smile came over his face. He quickly took the boxes one by one as we stood by watching him. He carried them to his little express wagon which was a strong affair and I asked him how old he makes and his reply—“Oh, no I save it all and put it in the bank so as I can go to College when I get old enough! My Mother did buy me the wagon, though just for this purpose!”

Last week at the Coliseum, showed that young and most alert Wrestler who is just about tops. His quick and graceful movements at all times please the most fast

Hot Predicament In Popular Bluff, Mo., while rushing to fight a fire, Fireman Bimel Wheelis detected smoke fumes nearer home, discovered his own hat was ablaze.

Average Scientist Twenty-four books a year are read by the average scientist, the American Chemical Society reports. He plays one musical instrument and speaks one foreign language.

Banner Health Year Terming 1931 "a banner health year," statisticians foresee bright prospects that the future will bring further progress in the control of mortality.

Farrowing Jacket Here is a way to cut down the death rate at farrowing time. It eliminates much of the danger of pigs being crushed by the show. The sow is placed in the jacket or pen for farrowing and left there two or three days after pigs are born. Sow is fed in front and pigs nurse from pen alongside. It is simple and easy to construct.

TRUE SIGNS OF LEARNING

Erudition does not necessarily manifest itself in big words and bewildering phrases. I am more and more convinced of that fact after hearing upon several occasions the questions asked (Propounded) candidates seeking licenses to preach.

The most profound, also the most versatile, instructor I ever sat under in a higher institution of learning was a man very explicit in his questions and also the same in his answers. He was a simple man. Never did he strive to be known for his great learning. That is one of the traits of true greatness.

What meaning is there hidden in the Twenty-third Psalm, the thirteenth chapter of First Corinthians, the Sermon on the Mount, the sermons of the late John Henry Jowett in the addresses of Abraham Lincoln! All of these were humble men. They were learned men. The world has not yet caught up with them.

Where do you find much confusion and bewilderment? In Congress. Are many of the terms, words and phrases they employ clear to themselves? Invariably when the answer is clear, or the issue is perfectly understood, the questioner will so indicate that fact by the simplicity of his question. The learned does not rejoice in questions which confuse and bewilder and embarrass the one being questioned. He is rather sympathetic for no doubt he recalls the time when he was in a similar predicament.

Confused terms and bewildering phraseology may be justified by one working on a Ph. D. thesis. Otherwise he would not be recognized as a scholar by our universities. The same principle holds true with our law makers—both state and national.

Frequently pupils in the classroom are unable to answer questions because they do not understand what the teacher is talking about. In my experience, both as a teacher and as a preacher I have learned that the smaller the capsule the easier it is to swallow and better is the taste to the patient. Very few "Quiz Kids" are found among us. Most of us belong to the rank and file, and not to the erudites if erudition means very learned precocious genius.

Yes, great learning manifests itself in simplicity, humility, sincerity and generosity.

Lieutenant Commands General By Mistake

KOREA—They're looking at 1st Lt. Charles Edmundson, Tulsa, Texas, with new respect around here—he ordered a general about and got away with it.

While repairing an airstrip, Lt. Edmundson needed help in replacing one of the pierced steel planks. Without looking up, he told the nearest man to hold it while he swung a sledge hammer. The man complied.

"Now move it around here," the lieutenant ordered. The order was carried out silently and quickly. Lt. Edmundson removed the piece of bent steel with a few deft strokes and looked up.

Major General Christian F. Schilt, commanding general of the First Marine aircraft wing, was striding away, wiping his hands on a handkerchief. Lt. Edmundson's men were grinning.

Falling Cakes

If your cakes fall perhaps you are not using the right sized pan. When pans are too small the cake batter will run over the edges and burn. When the pans are too large the cake tends to be thin and overbaked.

Never Buy a Match

Many Americans who use them regularly every day have never bought a match! These people are among the more than 60 million smokers who receive free book matches at a rate of more than one million books of 20 matches each every hour with tobacco purchase. This tremendous giveaway stream of matches is made possible by the revenue from cover advertising which cuts net costs to a point where giving them away is possible.

### Two Eggs for Breakfast, Ideal For "Hard" Worker

Sometimes a livestock feeder or a poultry farmer, in giving serious thought to the nutritional requirements of his farm stock, overlooks the necessary vitamins and proteins in his own—and his family's daily diet.

For an adult, two eggs for breakfast will contribute all the supplementary protein, all of the Vitamin D, one-half of the Vitamin A, one-third of the riboflavin and all of the iron and copper required per day, as well as sizable contributions of other important nutrients.

Truly, eggs rate highly as a protective food.

In addition to their high food value, eggs are popular because they can be easily and quickly cooked in a variety of ways and because they can be used to improve the taste, texture and appearance of so many other foods.

The per-capita consumption of eggs is much higher among people on farms and ranches where eggs are produced and eaten in a fresh state than among those who have to depend on market eggs of uncertain age and condition.

A better quality market egg is a prerequisite for increased consumption among the 80 per cent of the people living in towns and cities. An improvement in egg quality could easily double the size of the American poultry industry with benefit to consumers as well as producers.

Statistics show that the per-capita consumption of eggs in the United States for 1950 was slightly less than one per day, a surprisingly small number when considered from the standpoint of either food value or relative cost as compared with other animal food.

An increased consumption up to two eggs per day would undoubtedly greatly improve the nutritional value of the average American diet. In no other way could so much improvement be obtained at so small an increase in the food budget.

## Ordinance No. 164

AN ORDINANCE entitled "An Ordinance to repeal Ordinance No. 106 and to reenact the same so as to read as follows:

SECTION 1. Be it enacted and ordained by the Mayor and City Council at Taneytown, Maryland, that no person or persons shall hawk, peddle or vend meat of any kind, fish, bread, ice, milk, groceries, or oysters upon the streets or highways of Taneytown, Maryland, with a wagon, automobile, or truck or go from door to door to hawk, peddle, or vend meat of any kind, fish, bread, ice, milk, groceries, or oysters with a wagon, automobile, or truck without first having obtained a license from the Clerk to the Mayor and City Council of Taneytown, as herein—after provided—it being understood however that this ordinance shall not apply to farmers who occasionally sell their own products in town. (This means products raised by them within the State of Maryland and not goods bought to sell.)

SECTION 2. And be it enacted and ordained that the rate to be charged for licenses issued under the provisions of Section 1 of this ordinance shall be a minimum charge of not less than two dollars (\$2.00) per day, or fifteen dollars (\$15.00) per year, for each iceman, milkman, butcher, peddler of fish, oysters, groceries of any kind, baker or ice cream man.

SECTION 3. And be it enacted and ordained by the Mayor and City Council that all ordinances and parts of ordinances inconsistent with the provisions of this ordinance are hereby repealed.

SECTION 4. And be it enacted and ordained that any person who shall be convicted of violating any of the provisions of this ordinance before a magistrate shall be fined not less than \$10.00 and not more than \$25.00 and costs for each offense and in default of payment thereof, shall be sentenced to imprisonment in the County Jail for a period not to exceed thirty days or until such fine and costs as may have been imposed shall be paid.

SECTION 5. And be it enacted and ordained, etc., that this ordinance shall take effect from the day and date of its passage.

Passed by the Mayor and City Council of Taneytown, Maryland this second day of September 1952.  
Approved September 2, 1952

**Glory Is Brittle**

Lesson for September 28, 1952

CALL the roll of the dead nations, name any kingdom or empire you know of, that once knew glory and now is but dust. You will observe, if you know their history, that their ruin began just after a period of special brilliance. It is as if the old proverb were reversed, and the brightest hour came just before the dark. Why is this? One reason is that the glamor and the glory were not what they seemed to be. Beneath the glittering surface of things, the foundations were rotting away. Glory, personal or national, is a brittle thing.

Dr. Foreman

**Bang! Want the Empire**

YOU do not have to poke about in large volumes of history to find this out. For a small sum you can buy a book that tells the story of the most famous nation of all time,—namely, the Bible, giving the history of the nation called Israel.

Israel was a remarkably short-lived nation. Three kings' reigns spanned its whole history from beginning to end. After that, Bang! it split into two pieces, indeed into more than two. For not only did it divide into the two kingdoms of the north and of the south, but it disintegrated everywhere.

All the conquests of David were undone. The Empire of Israel (for empire it was) simply went to pieces at every seam. What had been, for a time, the greatest and only empire between the Nile and the Euphrates, fell to pieces fearfully fast. And all that crash occurred immediately after the death of Solomon, that king whose reign is still remembered for its wealth, glamor and magnificence. How could such things be?

**Glamor for the Few**

PART OF the answer is that the glory didn't spread around very far. There was no middle class, and the gap between Solomon and his crowd at the top, and the peasants on the bottom, was enormous.

Solomon's only known son, Rehoboam, told a mass-meeting of citizens shortly after Solomon's death, "My father beat you with whips." Rehoboam was not trying to blacken his father's memory; he was stating a simple fact. The common man had indeed taken a beating under Solomon.

To build the king's great public works cost money, and needed (in those non-mechanical days) armies of laborers. There was the immensely costly Temple, and then there was the royal palace, larger than the Temple, requiring nearly twice as long to build and no doubt correspondingly expensive; there were other temples, public buildings, pools, water works, fortifications, royal stables at Negiddo and what not. King Solomon found it necessary to work thousands of his people, without pay, one month out of every three.

The fact that about nine tenths of the people were ripe for rebellion within months after Solomon's death, shows that, to say the least, they were not contented and happy. Nations often do die, or blow up, just after periods of "prosperity," but it will generally be found that the prosperity was quite badly distributed. There is little true glory in a nation where a few grow rich upon the poverty of the many.

**High Income Bracket**

BUT THAT is not the whole story. Even if every one in the country were equally wealthy, it might not be good. Strange as it seems, the Bible is full of warnings, not so often against poverty as against wealth.

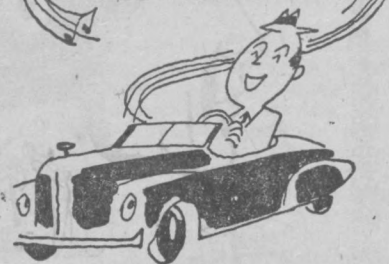

The truth about Israel is not that Solomon and his friends prospered while the rest of the nation decayed; the fact is, Solomon and his set were decaying too, not in spite of their wealth but because of it.

The king's annual income has been computed at some nineteen million dollars of our money. We hear that he built temples to other gods besides the true God, all because of his wives' influence. If he had been a poor man, he could not have married those expensive imported princesses. A man with excess income will often mis-spend it, ninety-nine times out of a hundred; and Solomon was not the hundredth man.

Today in America every dollar spent on drink, on gambling, is a surplus dollar, an uneasy dollar. Not that you can in any way wipe out sin by eliminating excessive wealth; but you might remove a lot of temptations.

**Carroll Petroleum Co-op. Inc. Solves Farm Fuel Problems**

The modern petroleum co-operative association is the farmers supply depot and as such, must be prepared to fill his every farm need. It must be viewed as not only an asset to the rural trade area, but as a vital necessity.

Each and every area has its own individual problems and needs and there is none more willing to assist in the development and progress of a section than an organization which is operated on a co-operative basis.

The Carroll Petroleum Co-operative Inc., which had its inception in Westminster in 1941, is an organization which has been offering a reliable service and dependable merchandise to farmers and rural residents of this area in everything pertaining to petroleum products.

This organization provides farmers and rural residents with gasoline, kerosene, oil, motor and tractor lubricants, farm and auto tires, and batteries, as well as rendering a complete delivery of fuel and heating oils.

The Carroll Petroleum Co-operative Inc., is capably managed by Mr. Paul Strine, who has spared neither time nor effort in helping make the organization an outstanding contributor to the agricultural advancement of this entire county. He and any member of the personnel will gladly aid you in solving any petroleum problems that arise in the home or on the farm. Can you name three farms in this region that are regularly supplied by the Carroll Petroleum Co-operative?

**H. T. FORD & SONS Feature Popular Brands of Feeds**

No better indication of the substantiality of any rural enterprise and its worth to a region can be found than the degree to which it is patronized and the growth it enjoys over a number of years. That this is true of the H. T. Ford & Sons Store in Gamber, Md., is clearly shown in the manner in which the business has progressed.

There one finds a carefully planned arrangement of diversified merchandise which provides a shopping center for the people of Gamber and the surrounding territory.

Taking one back to the scenes of a half century ago, pictures of the general store of that day graphically portrays the part that it played in the social and commercial life of the small community or rural area. Modern merchandise has relegated this store to things of the past but in many establishments such as H. T. Ford & Sons, there still exists that same old friendly atmosphere that streamlined America is beginning to recognize the need of.

At this store they feature the famous "Kasco" and "June Bug" feeds, flour, grain, and many items of general merchandise which includes groceries, work clothes, hardware, etc., as well as providing area motorists and farmers with gasoline, oils, tires and batteries.

Messrs. Henry T. Ford, Jr., and Edsel Ford have used their years of experience to good advantage in supplying efficiently, the many needs of their friends and neighbors. Do you know when H. T. Ford & Sons was originally founded?

**Prompt Removal of Dead Stock Assured by Leidy**

With the agricultural and rural areas becoming more and more congested, the modern farmer is confronted with a major problem when his domestic beasts—cattle, horses, hogs, etc., have served their years of usefulness or have come to an untimely end by traffic accident, lightning, or some other accident.

The problem of disposal is now solved quickly and efficiently by phoning collect, Westminster, 259, and notifying Mr. Frank Leidy.

Mr. Leidy conducts a rendering plant where oils, hides, bones, tallow and greases are separated and ultimately find their way into industrial uses such as glues, fertilizers, soaps, etc. In this way, the farmer's valuable time is not spent in cumbersome disposition of carcasses and at the same time our overall economy is protected against undue depletion by the present day trend to exploit our natural resources.

Leidy's have been conducting this service throughout our area for the past forty years and have gained a reputation second to none for prompt attention to all calls, whether near or far. Our many farmer readers will be glad to know of this service and will greatly appreciate the action given by this firm when the problem of removal of a no longer useful beast befalls them. Do you know how many different industries are benefited through the existence of a firm such as Leidy?

**Opportunities Given To Win Prizes!**

On this page there appears "Business Review Stories" about firms in the area served by The Carroll Record. Each of the "Business Review Stories" is concluded with a question that pertains to the firms that are described. In order to compete, it is necessary for residents of the respective communities to call or visit each of the firms that are described by the "Business Stories" on this page, obtaining from the firms the correct answers to all questions.

After getting the answers to the questions from all of the concerns on this page, it is then necessary to write a brief story in your own words, about any of the firms. Mail your set of answers and your essay about the firm with which you are most familiar, to Business Review Story Editor, care of this paper. All entries must be post-marked no later than midnight, one week from date of publication. Decisions of the judges are final and all letters become the property of this newspaper.

Cash prizes of five dollars each, are offered residents of our area. The best essay from any community, on each story printed here, accompanied by a full set of answers to the questions asked at the end of "Business Review Stories" will be adjudged the winning entry.

**Schaeffer Lumber Co. Offer Complete Building Needs**

This great enterprise which we call the building industry has many phases, some of which loom up as being highly important because of their magnitude, and some of which are regarded as inconsequential because of their smallness, but in any forward step which the industry undertakes it must assume the burden and responsibility of its activity and no phase of it is insignificant.

For the accurate knowledge on the subject of lumber and materials we must depend upon the members of the building industry; the architect, the contractor and the supply house. In this respect the Schaeffer Lumber Co., located at 27 Liberty Street in Westminster, has always rendered a most complete and satisfactory service. With a wide variety of materials such as roofing, siding, millwork, paints, storm doors and sash, building hardware and a large stock of lumber, they are in a position to supply anything in the building lines.

There too, they maintain a service whereby they not only assist one with their plans but give the exact cost of materials that are needed and can, in many ways, advise as to the proper type of construction.

Under the direction of Noah Schaeffer and sons, David and Edgar Schaeffer, the Schaeffer Lumber Co., since its establishment in April 1946, has progressed steadily to where they serve this entire region and have supplied materials for many of the finer buildings throughout this trading area. Do you know three nationally advertised lines of building materials featured by this firm?

**S. L. Bare, Jr., Provides Excellent Burner Service**

Irrespective of its line of endeavor, no firm or organization can win recognition today without rendering a service that is truly meritorious and without trying to promote the welfare of the trading area in which it operates.

In Westminster, a firm which has by virtue of its quality products and efficient service, contributed much to the commercial significance of our region, is that of S. L. Bare, Jr., engaged in the distribution of Standard Oil Company products.

This firm, with storage facilities and headquarters at 3 Sullivan Ave., in Westminster, supplies service stations, garages, farmers, homeowners, etc., with a complete line of gasolines, motor oils, lubricants and many other allied products.

This firm also distributes Esso-Heat heating oils and renders a complete burner service; featuring sales, service, and installation of the nationally famous "Williams Oil-O-Matic" oil burners. All service and installations are handled by factory trained experts who are thoroughly schooled in every phase of this highly technical line of endeavor.

Mr. S. L. Bare, Jr., who founded the business in 1941, has instituted a policy of superior service to every patron and we believe that you will find your dealings with this firm pleasant and satisfactory in every way. Call him when the need for fuel or burner service arises and rest assured of a trouble free winter of dependable heat. Can you name two area homes that are heated with increasingly popular "Esso-Heat"?

**Hahn Bros. Products Consist of only Highest Quality**

The food industry in America consists of many important phases, ranging of the growing of foodstuffs, their processing, and their distribution to the ultimate consumer. Regardless of which phase of the industry it is engaged, each concern has a responsibility to safeguard the public health and welfare.

The Hahn Bros. Inc., whose modern packing and frozen food locker plants are located on the Manchester road, in Westminster, is an independent firm through whom one can be assured of receiving only the choicest and freshest meats obtainable. They have long been known for their high standard of quality and the word quality is not only their watchword; it has become their creed.

Their plant is kept scrupulously clean and sanitary throughout and all pure food laws are met in a most satisfactory manner. They distribute all types of beef, lamb, veal, and a wide variety of pork products which include ham, bacon, sausage, scrapple, etc.

This firm has served our region since 1918 and is today under the joint supervision of Messrs. Norval, James C. and Joseph H. Hahn, Jr. They along with their entire personnel, are thoroughly conversant with every phase of the meat business and are ever desirous of serving their patrons with products of the highest quality at consistently reasonable prices. On your next trip to the groceries, insist on products bearing the "Hahn" brand. Do you know how wide an area is served by Hahn Bros. Inc.?

**Thomas, Bennett & Hunter Offering Commendable Building Services**

In excavation, grading and road contracting circles in this section, there is no business concern or individual offering a more commendable service than the firm of Thomas, Bennett & Hunter, Inc., with headquarters and offices at 70 John Street in Westminster. At this locally-owned and operated firm they have all the equipment to build all types of roads and driveways, foundations, and are conversant with all types of grading, excavating, bulldozing, etc.

At the firm of Thomas, Bennett & Hunter, Inc., they maintain the best in modern equipment and will explain to you exactly what will be done, giving free estimates on any matters. At their modern plant in Spring Mills they operate a complete Ready Mixed concrete service, which enables them to serve this entire area with transit mixer trucks.

This firm since its establishment in 1909, has built a reputation for its outstanding work in the contracting and construction fields and for the fine quality concrete that they supply.

The firm of Thomas, Bennett & Hunter, Inc., is today under the direction of Messrs. John L. Bennett, President, Charles E. Shipley, Vice-President, and J. Thomas Sinnott, Secretary and Treasurer. Back of all work done stands this firm's own guarantee of reliability and in this territory, the name of Thomas, Bennett & Hunter, Inc., has become synonymous with services of the highest order. Whether you use their contracting services or ready mixed concrete services, one may be assured that their needs will be filled promptly and efficiently. Do you know upon what basis charges are made for ready mixed concrete supplied by this firm?

**Wilson's Garage Showing Latest in Willys Auto Line**

The countless ways in which the manufacturers of Willys motor cars, Jeeps and trucks have contributed in innovations and improvements in the automotive industry at large are in a sense to many to enumerate. The sturdiness and rugged dependability of the Jeep hardly needs elaborating, it has proven its value on the farm, to rural residents, merchants and sportsmen alike.

The new models of Jeeps, station wagons, trucks and Aero Willys which may be seen on display at Wilson's Garage, located at 56 Pennsylvania Avenue in Westminster, have riding qualities that have never before been experienced. People of this entire territory will do well to visit this firm and arrange for a demonstration.

If your car is in need of repair, Wilson's Garage has every detail of equipment and are backed by a vast amount of experience in the automotive repair field. Their services include everything from the smallest adjustment to completely overhauling or rebuilding the car. A old Sneed Building on the Uniontown Road, Wilson's Garage operates a modern body shop where they perform all types of body, fender and painting work.

The owner and manager of Wilson's Garage, Mr. Edwin Wilson, is to be commended on the outstanding auto sales and service firm that he has built since originally establishing his firm as a general repair garage ten years ago and as his service as a Willys-Overland dealer since 1946. We believe that readers will find it to their advantage to see him before making a purchase of a car or truck. Do you know the delivered cost of a new Aero Willys car that can be seen on display at Wilson's Garage?

**Wolf Motor Co. Displays A-1 Guaranteed Used Automobiles and Trucks**

When we look back upon the industrial progress of our country, no one particular unit stands out as does the manufacturer of automobiles, and when we get a closer view of this industry and an analysis of the various types and makes we find that Ford products have always been outstanding where lines, perfection of mechanism, and true value giving are concerned.

The new Ford cars and trucks, which may be seen on display at the Wolf Motor Co., at 205 East Main Street in Westminster, have created more interest than any other cars or trucks in their price field, because they offer a beautiful symmetry of design, real riding comfort, economy of operation and a motor that lives up to their name of dependability.

Visit the Wolf Motor Co., and arrange for a demonstration, and whether you intend to purchase a new or used car or truck at this time, they will be glad to point out to you the many advantages that their products offer.

If your car is in need of repair they have every detail of equipment and expert mechanics to give it whatever attention it may need. This service includes everything from making the smallest adjustment to completely overhauling or rebuilding a car or truck. In addition to this they render a complete body, fender and painting service plus the installation of glass for every need. With their dependable line of A-1 guaranteed used cars and trucks they specialize in rendering a service that combines efficiency and promptness.

We believe that Mr. J. J. Wolf, the active owner and director of the Wolf Motor Co., and its personnel, are to be commended upon the outstanding new and used car and truck sales and service that they have built in some 20 years of operation. Residents of this entire district will find it advantageous to see them before purchasing a car or truck. Do you know three outstanding used car values currently on hand at the Wolf Motor Co.?

**SHORT STORY**  
**So Nice**  
By Helen Langworthy

BRUCE WHEELER looked across the restaurant table at his daughter Avis. He hadn't realized how much he missed her since he had sent her to Grand River to school. "Are you really glad you're going to Grand River? At the time you were determined to stay in Northville with me. Remember?"

**3-Minute Fiction**

"Remember!" Avis said with fire-alarm emphasis. "I was just a 15 year old baby then. I didn't know about the big wheels at Grand River, and that I'd be a main spoke. You're scrim-gran-gor-gous!" Avis eyes grew large over the fried chicken placed before her. "We don't seem to talk the same language," Bruce said slowly. "Please interpret. What's a 'big wheel' and a 'main spoke'? That scrim-something word, is it good?" Avis smiled. "Dad, I forgot you're of the vintage of the terrific twenties! 'Big wheel' is someone important around High. And I'm important—a 'main spoke'! 'Scrim-gran-gor-gous' is swooning good." Avis turned to the chicken. Bruce decided he wasn't hungry. For the thousandth time he wished Avis' mother could have lived... To avoid bringing up Avis in a

Bruce was glad when Jim came to their table.

woman-less household he had sent her to Grand River. Avis finished the chicken and whispered, "Can I have a float?" "Sure," Bruce answered, "but what is it?" "This is the \$64 business! A float is ice cream and coke mixed. Yummy!" Avis continued. "What are we doing after dinner? Frankie Martin's in town... Frankie's a sax man! Can we go, Dad? I mean, can we?" Bruce nodded and felt dizzy. Maybe a show with Avis listening would give him time to impress the new language onto his mind.

AVIS openly applied lipstick (her mother would never have done that!) as Bruce saw a familiar face across the restaurant. It was Jim McKinnon, son of an old friend. Jim returned Bruce's nod casually then Jim's eyes widened. Jim was 20. Bruce was glad when he came to their table.

Bruce pulled out a chair and began pelting the boy with questions about his father and about business. Jim responded that his father was well, business was fine, the football games had been won, but all the time his eyes were on Avis.

It hit Bruce like a wallop, Jim hadn't come for man-talk... it was Avis!

And Avis!—Bruce squirmed. Her eyes were downcast. The sparkle was gone. Bruce knew that bashful ten year old's had more personality. Plainly Avis was mentally swooning over Jim.

Jim asked her, "How do you like Grand River High?" "Nice," Avis said softly. "Do they have a good football team?" "It's—it's nice," Avis answered. She raised her eyes as far as Jim's hands like it was a terrific effort.

Bruce clenched his teeth. Didn't she know anything! If she put one tenth of the gayness of her conversation five minutes ago into talking with Jim, he would be interested. "Do you like having dinner here?" Jim asked, already searching the room for an escape.

Avis took a long time to answer, and managed to raise her eyes to the level of Jim's. "It's so-so nice here," she said. Bruce knotted his hands. Jim sighed with disappointment and politely asked Avis to dance. He probably expected her to say she couldn't push one foot ahead of the other. As they walked away Bruce closed his eyes—probably she would fall! If only her mother had lived. Maybe she could have taught Avis how to talk!

Then they were back and Avis was drawing on her coat and Jim was walking away. "He's peachy!" Avis breathed. Bruce began, "There's something I should tell you. If you want a man to be interested you have to be alive..."

Avis interrupted, "Jim? Oh, we've a date for tomorrow night, another for the fraternity party and he asked me to go to the Fall Prom too! Not bad?" she asked with lifted brows. "You'll do," Bruce whispered.

**Restricted Feeding Plan Is Outlined**  
**Plan Will Cut Feed Cost in Half, Report**

A barnyard "diet" worth millions each year to American farmers is being advocated by Dr. O. B. Kent of Chicago, widely known poultry scientist. Dr. Kent, research director for the Quaker Oats Company, believes that chickens should scratch for part of their living. Pullets, being raised for egg production on the "full feed" method eat too much for their own good, he says.

As much as half the feed cost of growing a pullet can be saved, he asserts, by using a "restricted feeding plan." Pullets raised under this plan need only about 20 pounds of feed, compared to an average of 34 pounds or more on the usual full feed grain and mash plan.

Pullets on the "diet" are fed moderately five days each week, with the accent on more oats and less mash. On the other two days they get no mash and only a few oats. The restricted method could be worth as much as 440 million dollars a year to poultry raisers, Dr. Kent declares.

Pretty Kay Norris demonstrates that there's more than one way to feed a pullet. Big pile of poultry mash at right weighs 34 pounds, the amount required to raise a pullet to egg production state by conventional feeding methods. Small pile weighs only 20 pounds. That's all that is necessary says Dr. Kent.

Dr. Kent says birds grown on restricted feeding have demonstrated better egg producing ability—to the extent of about 1 1/4 dozen eggs per year in tests over the past 12 years.

**Father and Son Team Set Production Record**

A father and son team on a north-eastern Illinois dairy farm have set a production record at a minimum of cost. They produced 383,000 pounds of milk last year—enough to give a pint a day to 1,050 persons for a whole year.

Father and son milked 35 Holsteins on their 225-acre farm. Besides nearly 192 tons of milk, the two men produced 17,800 pounds of pork, 3,250 bushels of corn, 1,600 bushels of oats, 850 bushels of wheat, 150 tons of corn and grass silage and 150 tons of hay.

Their secret for high production is made up of labor-saving tricks, careful records and good soil care. But mainly these five things spelled high returns for the team: (1) High crop yields, especially roughage, on land that is well suited to growing roughage; (2) maximum use of good-quality roughage, which means cheap feed cost; (3) high production of milk, veal calves and hogs at a low cost; (4) healthy livestock through strict sanitation, vaccination, and balanced rations; (5) attention to details, such as farm records.
