with all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth!
I wish you always near so that I may help to cheer
Each future day and M some way—help to bring you happiness!
How beautiful the weather (although wary dry) last week driving

How beautiful the weather (al-though very dry) last week driving up Route 1 to Philly for that special, "CINERAMA" for this column. The trees with their dresses of red and gold plus the leaves upon the ground appearing as a gold carpet. The many pumpkins added to the beauty with the red of the scarlet sage. What beauty in those vivid colors at this time of the year. How could one doubt the Wisdom in back of it all?

Many new business places along the highway since last my drive up and many houses for sale with, "Ap-ply Within"!

Coming to the Lincoln Universityall down through the years since 1854! Next the "Rose Gardens" with their thousands of Rose Bushes all in full bloom across the fields and that for many years. Then those "MUSHROOM BUSINESS" companies and right there the packing of it all to be sent to the markets and that for many years. I remember when that delicacy was only for the rich.

What a lovely letter (most elo-quent) from that nice and popular Bishop Sheen! (Whom is held in great esteem by thousands since he has been on T. V.) That one, too, I'll keep with my famous collection of noted people for which I have a spe-cial "Scrap Book" from Celebrities and Nobility! and Nobility!

If you desire, Ladies, just a special wrap (to keep the oil bill down) just knit quickly in two colors the plain stitch for a stole.

Did you hear and see Arthur Godfrey on last Monday evening's show on the Talent Scout programe? What a welcome with cheers after his ab-sence for just one week! Too bad the misunderstanding about La Rosa! Af-ter all Godfrey did that very thing himself. Any place and time to secure more money!

Here's a cute one up along Route 1 on the right side in a tremendous ad-vertisement, "DON'T GET MAR-RIED!" then this follows-"UNLESS -you can purchase all the finery" at (the name of the business house)!

Walking along Chestnut Street in Philly has always intrigued me even if it just means "Window Shopping" And this in Wanamaker's! Large pictures of the men at work in the U. Glass Company and there in the window showing some of the most beautiful glass ware you have ever seen. Samples of the New Official White House Stem Ware-colored glass in "TWILIGHT BLUE". It really is as attractive with beauty

of and color as the word implies! And now comes "CINERAMA". chairmen and workers in each of the committees And contributors who have not been contacted may send their contributions to Mrs. Robert W. Smith, who is Taneytown's repre-sentative on the (Carroll County) District committee. Carroll County classes are like. Next, the students groups and ministers should see this enjoyed a program presented by the one. It truly is the Birth and Growth for the sale of cookies in Taneytown, assisted by girls who will belong to the new Girl Scout Troop. Glee Club and Orchestra and a scene from "Twelth Night" was presented by The Glen Players. A free lunch you will want to see it again! This is a new adventure in sight and sounda new technique in the art of motion picture telling—a thrilling experience with a new medium that creates all the illusion of reality—the greatest invention since talking pictures! You will sit in spellbound wonder and watch images come alive on a sea of screen six times the ordinary size And then-suddenly, you will find yourself right in the picture being taken in the Plane to Spain where you will sit viewing the Bull fight, to Italy in Naples and Milan, the magic moments in Venice, A bit of Old Scot-land. You will see the Ballet of beau-tiful women in the Opera "Aida". You will be taken in a Gondola. You will hear voices of Spring in Vienna. You will see the church and hear voices. You will be taken from New York and visit the Grand Canyon, The Golden Gate, Yellow Stone, Lake City— the wonderful Rocky mountains. You will see the shadow of the Plane. If you do not expect to visit foreign shores or our big and wonderful United States—you must see this one if no other way. And even if you have visited all this, you will say as Lowell Thomas did, "I thought I had seen every thing there was to see across America but Cinerama changed my mind. Here is AMERICA as no one has seen it. Here is breath-taking beauty and splendor from a different angle. Here is an America that only Cinerama can picture and bring you"! Lowell Thomas is the Com-mentator all throughout CINERAMA. THIS COLUMNIST will see it again! I really had not lived until I saw CINERAMA!

THE SUM OF GOOD GOVERN-MENT

What is good government?

Perhaps the best definition of all is found in Thomas Jefferson's first inaugural address: "A wise and frugal government, which shall restrain men from injuring one another, which shall leave them otherwise free to regulate their own pursuits of industry and improvement, and shall not take from the mouth of labor the bread it has earned-this is the sum of good government."

40 THRESHERS FOR DINNER!

An interesting insight into the way modern farm machinery has revolutionized the work of the farm is found in an editorial in the Drovers Journal.

It said, "One can't help but recall nostalgically the days of the threshing ring. When pop told mom there would be 40 for dinner, he wasn't fooling. No matter how hot it was, the coal stove in the kitchen ran full blast to turn out mountains of food for the crew.

"Slowly the scene changed. The fascinating steam engine departed for the tractor. Later the thresher left the picture. One-man combines came in, tractor-pulled, each man doing his own harvesting with his own crew, to be followed by the self-propelled combine. Harvest is fast and simple. Everyone is harvesting at the same time, helping a neighbor if need be."

In every phase of farming, on the small farms and as well as the big ones, machines of one kind and another have been responsible for equal-

What good did it do-to be grouchy today? Did you surliness drive any troubles away? Did you cover more ground than you usually do because of the grouch that you carried with you?

If not, what's the use of a grouch, or a frown, if it won't smooth a path, or a grim trouble down? If it doesn't assist you, it isn't worth while. Your work may be hard, but just do it—and smile.—Sunshine.

UNIONTOWN

A surprise birthday dinner was giv-en to Chas. Simpson at his home on Sunday, Oct. 25, by his daughter, Mrs. sunday, by the second s

time every one has chosen sides. At least for a few days we had our minds focused on something besides serious

matters. Some Senators and Congressmen may call the farmers that descended on Washington this week radicals and irresponsible citizens but their pic-tures on T.V. and in the newspapers showed that they were men of middle age, with character and hard work showing in their faces. They were mer who were seeing their work of twenty and thirty years disappearing in the face of drought and falling prices. They are no longer young. They need help and have a right to expect it from Washington. These are sensible men. They don't blame Benson for the drought, but they expect something more from him than optimistic state-ments and the suggestion they stay home and pray their troubles away.

The dairy industry has scheduled Bob Hope and Bob Crosby to launch their new radio and television advertising campaign this fall. The objective i a line of communication between the industry and the consumer thus boosting the sale of dairy products-w

hope. Mr. and Mrs. Russell Bohn and Mr. and Mrs. Claude Bohn enjoyed a drive through parts of Maryland and Virthat the drought has hit Virginia harder than Maryland. But even with the scarcity of rain the trees and fields are colorful and the scenery is

lovely. One of the things that impresses students from other countries studying in the United States is unchaper-oned dating. This is a thing unknown in most European and Latin countries. We wonder how our sons and daugh-ters would react if when they started out on a date, we would don our hat and coat and say we were going along. How do Europeans react to this unknown freedom? Naturally they like it for everyone enjoys freedom but there are times when some parents feel that probably they are giving their children too much freedom in dating and picking out their own marriage partner. There is much to be said for the European approach to dating and marriage. Allowing youth to choose a mate solely on an emoone becomes the more one is certain that marriage must be based on more

than the biological urge. The P.T.A. of the Uniontown school will serve a public turkey and oyster supper at the school this Saturday

timore, Sunday. Even the classic Fairy tales have lost their punch with the younger generation. CARD OF THANKS

I wish to express sincere thanks and appreciation for the visits, cards, and flowers, while I was a patient in the Annie Warner Hospital, Gettysburg,

MRS. RAYMOND DAVIDSON. DIED

FOX—In loving memory of our dear mother, MARY, who passed away November 4, 1918.

Oh, mother, dear, when you were here, We had your tender care; And none can ever take your place,

Or fill that vacant chair.

You were the sunlight of our home Till God took you away; But we never will forget you,

And we'll meet in Heaven, we pray. Loving daughter, MURTY and son-in-law VICTOR WINDE-SHEIM and daughter-in-law, MRS. EARCY FOX. the country side made the trip memorable one.

The Youth Choir of the Evangelical United Brethren church sponsored a Hallowe'en party on Tuesday evening in the church basement. Prizes were awarded to the best dressed and most

comical costumed persons. After an evening of games and entertainment refreshments were served to over thirty young people and children... Mr. and Mrs. John W. Smith had as

visitors for the week-end: Mr. and Mrs. Charles E. Walker, of Frederick; Mr. and Mrs. Griffith Meredith, of Passe-A-Grille, Florida; Mr. and Mrs. Allen Roadcap, Mrs. William Matthews and daughter, Martha, of Hampstead, and Doctor and Mrs. Ancil Spindler, of Washington, D. C.

Mr. and Mrs. Bernard J. Arnold, entertained their daughter, Bernadette and five classmates from State Teachers' College over last week-end. The Misses Lois Haupt, Joan Hoffman, Eleanor McHenry, Nancy Shower, Dorothy Stackhouse and Patsy Koons. The girls were entertained at dinner Saturday evening, by Mr. and Mrs. Geo. N. Shower. At dinner on Sunday at the Arnold's they were joined by Mr. Frank Bastow and Chas. W. Foreman, of Baltimore.

Mrs. Margaret Ohler, son Richard, daughter Mary, Donald Baker, Mr. and Mrs. Carroll Garber, spent last Saturday and Sunday at Norfolk, Va., visiting Robert Ohler, who is stationed at Norfolk choord the U stationed at Norfolk aboard the U. S. S. Newport News CA-148 ship. The families of these sailors on this ship were invited to attend an open-house. We toured the different decks of the ship which were very inter-esting. We were then served lunch

with the boys on ship, and then we were invited to the recreation room

where we saw a movie. The boys aboard this ship call it the show boat. It is some fine ship. Mrs. Cliff Hatch, of Bluffs, Ill., and Mrs. Wendell Bracket, of Naples, Ill, who were recent house guests of Mr. and Mrs. Charles Cluts returned home last Thursday. They visited other relatives while here and accompanied Mr. and Mrs. Cluts on a three-day trip over the Sky Line Drive on to Richmond, Williamsburg, Jamestown, Yorktown, New Port News and Vir-ginia Beach where all visited with Mr. and Mrs. Lawrence Quintal From there the Illinois folks took the boat trip to Baltimore and then to Washington, D. C., and from there back to Illinois Mr. and Mrs. Cluts drove back by Fredericksburg and Washington. The coloring of the trees was a sight to behold. Price? Would You Believe It? You Can Own A *Packard* CLIPPER FOR \$2,624 * delivered here

Your Packard dealer will show you the year's most newsworthy car ... the new <u>Packard</u> CLIPPER

From the time it was introduced, the new CLIPPER made news

It made news because of quality—real Packard quality that thousands of buyers instantly recognized as meaning more fine-car features for their dollars. Ask the man who owns one!

It made news because of modern contour styling that gives you a better view of the road ahead, behind, and to each side.

It made news because of the sparkling, smoothflowing stream of power from its famous Packard engine. Packard has a *world reputation* as a builder of fine engines. You've heard of Packard engines ever since you took your first car to your heart.

No power like this power

It made news because of power shifting. Packard-designed and Packard-built ULTRA-MATIC is generally conceded to be the smoothest, sweetest, safest, surest power shifter available today. And it is used on Packard-built cars exclusively. (Optional at extra cost.)

The new CLIPPER made news for many other reasons, too-not the least among them: *its* spontaneous public acceptance.

Don't let the big type about "best deal in town" fool you. A *best buy* is another matter, and the best directions we can give you for finding such a buy is to look up your Packard dealer.

Do that, and you're where the "best deal" is!

Do that, and you'll see for yourself how the new CLIPPER gives you more fine car features per dollar because Packard builds it.

WESTMINSTER Plus state and local taxes, if any. Optional equipment, including white sidewall tires, extra. Prices may vary slightly in nearby communities due to shipping charges.

law of God was to be known by aircraft, hail and other hazards. the parents and taught by them to the children. This is not simply the It's sound business to guard your Ten Commandments, but the whole investment with Farm Bureau's commanagement of life under the will prehensive protection. Check today of God. Now it should go without ... call -

saying that if parents try to teach their children what is right, without doing right themselves, failure is certain. Some of the most important matters can be taught only by example. To take one illustration: parents should be the best persons to tell their children what Christian marriage is and how to

J. Alfred Heltebridle FRIZELLBURG, MARYLAND Phone: Westminster 924W1

Taneytown Office 5141

achieve success in it. But if parents live in constant strife or even break up altogether, then what?

A recent study was made of 12,000 young people. It was discovered that in the homes where they came from, where the parents were both Roman Catholics, only 6.4 per cent of the homes had broken up; where both were Protestants, 6.8 per cent had broken up; where the parents were of different religions, 15.2 per cent were broken; and where there was no religion at all, 16.7 per cent of the homes were broken. What those unsuccessful husbands and wives did about their own marriages will have much more effect on their children than any good advice.

Love In The Home

A good home is much more than a place where everyone behaves correctly and does just as he should. A well-managed penitentiary might be that sort of place too. The great difference between the model penitentiary and the model home is that in one, the good behavior is compulsory, in the other the ruling motive is love.

* * *

There is no home where love never makes mistakes; none where love is complete and flawless. But where love is, there is hope. Without love, the least differences pile up into unscalable mountains of incompatibility and resentment; where love is, even mountains of difficulty can be brought low.

What the Bible teaches everywhere, especially in the New Testament, is that love, in the home or anywhere, to have its perfect work must not be one-sided. If every member of a home really set out to be the kind of person Paul describes in I Cor. 13 or Eph. 5, break-ups would be seldom indeed. Love ought not to be left to mothers alone! * *

God's Planning

A Christian home is one where God's plan of love is followed. But God never does for us what we can do for ourselves. We have to plan for our homes just as we do for anything at all that we want to succeed. This should begin early, too, like all good planning. Young people do not always ask the right questions before they fall in love.
