Monthly Meeting Held Monday, June 20th

The Taneytown H. S. Alumni Association held their regular monthly meeting at the High School, on Monday, June 20 with Robert Waddell, presiding.

The success of the annual banquet was discussed and even though the Association went "in the red" as usual, it was felt that it was well worth the time, effort and money. There are some Alumni who overlooked paying their dues and may still do so by sending their dollar to Mrs. Harry Dougherty, Jr., Taneytown, Md.

The announcement of the annual beach-outing was made which will be at Beverly Beach, Sunday, July 17th. Anyone desiring transportation should contact President Waddell. The group will leave the High School at 8 a. m.

The weiner roast will be held at Taneytown Memorial Park, Monday evening, Aug. 15. The refreshment committee of Edward Sell, Marlin Rittase and George Sauble was appointed. The games committee consists of Mr. and Mrs. Harry Dougherty, Jr., Dean Brown and Fern Bachman.

The annual card party which is scheduled for Oct. was brought up. The committees will be announced later. The Thanksgiving Dance was discussed and committees appointed. It was pointed out that many of the Alumni cannot plan to attend the dance on Thanksgiving night, due to family dinners, visiting, etc. There have been many inquiries on the advisability of holding the dance on Thanksgiving eve, instead. It was decided that if there are no other Thanksgiving Eve dances scheduled in the area and if the date can be cleared, that this change be made. The music committee will have charge of this and of making recommendations for the orchestra. This committee consists of Mr. and Mrs. William Rittase, co-chairmen; Everett Hess, Geo. Sauble and Elwood Baumgardner.

Delicious refreshments including strawberries and ice cream were served by Mr. and Mrs. Elwood Harner.

C. OF C. INSPECTS NEW DISPOSAL PLANT

Last Meeting of Chamber Follows

The New Sanitary Disposal Plant, along Piney Creek, that is nearing completion, was visited by the Taneytown Chamber of Commerce Monday evening.

Located one mile down stream this plant, that is modern in every way, should be not only a credit to the town but efficient in its purpose in the highest degree.

This plant is built to handle 200,000 gallons of raw material daily. In a breakdown this amounts to 80 gals. daily for a population of 2500 persons. With the present population of about 1500 persons it can be readily seen that the facilities are ample to take care of present demands. The plant is so constructed that it can be enlarged easily and at a very small cost that could take care of a 5000 population demand.

The Sanitary Sewer Plant at this point consists of two large treatment tanks, a pump house, a chlorinator building and three 20x50 large drying beds. The two large round treatment tanks are constructed of reinforced concrete. The other two buildings are similiary constructed but are square.

The Plant when completed, will run automatically but the other work required here will necessitate the services of a full-time employee. Incidentally, the cost of the chlorine used in the treatment of the "sludge" will be approximately \$1.60 per day.

Much credit to this fine addition to Physical Taneytown can be given to the Mr. O'Shea, who represents the town in supervising the construction. The firm of W. F. Wilson & Sons, Inc., can be highly commended in the expert manner of their work and the consideration given the citizens of Taneytown, individually and collectively.

Following the tour, the Chamber returned the Municipal building for their regular meeting. Mr. Merwyn C. Fuss, President, presided.

Considerable discussion, led by Harvey Dickinson, regarding the dumping of rubbish, garbage, etc., by irresponsible persons, on county roads and private properties, was debated.

Plans were made for the Chamber's Annual Outing Thursday, July 28. It was decided that a trip be made by bus to the new Bay Shore Park, afterwards returning to Baltimore for dinner and then attendance at a ball game between Detroit and Baltimore. C. L. Gartrell is the chairman of the committee making the arrangements for the outing.

Following the meeting refreshments were served at the "Jimmy" Baumgardner's restaurant.

This was the last meeting of the Chamber until Fall.

PROFESSIONAL DESCRIPTION OF TANEYTOWN'S SEWAGE TREATMENT PLANT

The following letter received by us from Whitman, Requaert and Associates, engineer for the New Sewage Treatment Plant in Taneytown follows:

In accordance with your request last evening, we are writing you this letter summarizing the highpoints in the design and operation of the new Taneytown Sewage Treatment Plant as presented by the writer last night to the members of the Mayor and City Council and the Chamber of Commerce of Taneytown.

The Sewage Treatment Plant has been designed for a population of 2,500 persons, which design figure allows for an increase in the present day population of approximately 1,000 persons. The plant is so arranged that when the contributing population requires larger facilities the treatment plant can readily be doubled in size. The collecting sewers within the corporate limits of Taneytown and the outfall sewer from the Town to the treatment plant have been sized in such a manner that additional capacity will not have to be provided for normal growth of the Town.

The treatment plant being constructed for Taneytown is of a complete type. Sewage is lifted by means of pumps into an Imhoff Tank which is approximately 34 feet in diameter and 25 feet in depth. This structure separates the solids from the liquids. The liquids then flow into a high rate trickling filter for further processing and thence into a final clarifier. The overflow from the final clarifier passes through a chlorine chamber where it receives an application of chlorine and is thoroughly mixed and then discharged into Piney Creek and treated sewage.

Solids are digested in the lower section of the Imhoff Tank for an average of sixty days. After complete digestion has taken place the sludge is drawn off and allowed to dry on the sludge drying beds.

After the sewage has been treated and discharged into Piney Creek, its quality is such that fish life can be maintained in the creek, that is, sufficient oxygen will be contained in the mixture of the treated sewage and the water in Piney Creek to adequately sustain fish life.

At the meeting last night, this treatment plant was discussed in greater detail, however we believe that the above is a fairly complete summary of last night's discussion and will provide enough information to answer considerable questions in the minds of your readers concerning the operation of the treatment plant.

After singing "The Church in the Wildwood" by the group, Scripture was read by Mrs. Pauline Seabrooks, followed with prayer by Mr. Murray Baumgardner. The song "Brighten the Corner Where You Are" was sung next by the group. The rest of the program was given in quite a unique form as a T V program. The following took part: song by Emma Jane Formwalt, "Grandfather's Clock"; a reading by Mrs. Ruth Shoemaker, "Betty at the Ball Game"; a piano solo by Allen Baumgardner; reading by Billy Formwalt, "Grandma on a Wintry Day"; song by Owen Ecker, "Jesus Wants Me For a Sunbeam"; recitation by Nancy Forgest, "It Is True"; piano solo by Dorothy Rohrbaugh; vocal duet by Mrs. Virginia Baumgardner and Mrs. Ruth Jean Sell; piano solo by Joyce Strickhouser; vocal solo, "Dennis the Menace" by Dennis Baumgardner.

GLASS REUNION HELD

The 9th annual Glass reunion was held Sunday, June 12 at Mt. Tabor Park, Rocky Ridge, Md. Despite the rainy weather a good attendance (approximately 150) was recorded.

Immediately following the basket lunch (served at noon) the business meeting was held. Music was furnished by Mrs. Roy Glass and group singing; Prayer was led by Mrs. Nelson Bell, after which prizes were awarded the following: Door prize, Carolyn Glass; Oldest man, Ellis R. Glass; oldest lady, Mrs. Nelson Bell; "oungest baby, Debbie Lynn Blackstein, 4 months; farthest distance, Pvt. Donald E. Glass, Ft. Riley, Kan.; largest family, Mr. and Mrs. Kermit Glass, 9 children.

The following officers were retained for another year: Treasurer, Mr. Roy Glass; Secretary, Mrs. Erdman L. Walls; the games committee, Mrs. Roy Glass, Mrs. Wilson Glass and Mrs. B. L. Roller.

Mr. James Glass was elected Pres. Mr. Kermit Glass, Vice-Pres., and Miss Betty Ann Glass, historian.

There were eleven births and four marriages reported by the historian.

We all enjoyed a nice time, but the sudden storm broke up the reunion before the prizes were awarded for games.

We were sorry that Mr. and Mrs. B. I. Roller were absent this year. They are visiting their son, Mr. Bartee Roller and family, in Texas and hope to return by next reunion, same date and place.

CHURCH PICNIC HELD

On Sunday evening a representative group of Grace Evangelical & Reformed Sunday Church School and Congregation met together in the pavilion of the Taneytown Memorial Park for a church picnic. A picnic basket-lunch was enjoyed after which there were games and recreation in which both children and adults participated.

High-lighting the evening's program was a vesper worship program which follows: The hymn of praise, "Come, Thou Almighty King," was sung after which Mrs. D. Leonard Reifsnider read the Holy Scriptures recorded in Psalm 91. Rev. Andreas led the prayer of praise and thanksgiving after which Kenneth Reifsnider rendered a cornet solo of "For The Beauty Of The Earth" and "Saviour, Teach Me Day by Day." The hymn of adoration, "Fairest Lord Jesus" was sung and was followed by an interpretation on that hymn in a reading given by Mrs. Otis Shoemaker. A mixed quartet composed of Mrs. Murray Baumgardner, Mr. and Mrs. George Motter and Mr. Delmont Koons sang "I Would Be True" and "Day Is Dying in the West."

Rev. Andreas presented a sermon meditation on "Living Close To God's Universe" and concluded with a prayer of self-dedication and all joined in the Lord's Prayer. The hymn of eventide "Now The Day Is Over", and the benediction concluded the program.

It was felt by those attending that the first endeavor of this type was very worthwhile and that it should be made an annual event in the calendar of the church in the future years. The committee which planned the worship program consisted of Mrs. G. Emerson Rue, Mrs. Otis Shoemaker and the minister, while the committee that arranged the recreation was made up of Mr. and Mrs. George Fream, Mrs. William Airing and Mr. Murray Baumgardner.

"SPICE 'N' EVERYTHING NICE"

(Your Chatty Column)

With all my heart, I wish you every morning
A smile that shall last until the next day's
I wish you health—life's greatest wealth
I wish you always near so that I may help
to cheer
Each future day and in some way—help
to bring you happiness!

Just picked the loveliest Gardenia from the thriving bush at the bungalow which I purchased from the Five and Dime at Easter time. Remember? A white butterfly was constantly taking the sweetness from a very special Gardenia and so I have it pinned on my housedress as I type this column. The aroma is delightful and so much of it for one flower.

Mario is singing as though his little throat will burst. Buttons is lying in the Sun and Spice (the latest addition) is saying, "Meow!" to come in doors to be by my side. The day is a delightful June day—not too warm.

Don't forget, folks to sprinkle that D.D.T. on to keep those awful Japanese Beetles away for it is soon that they make the grand March on everything worthwhile.

This coming 4th of July will be the biggest week-end—ever! Be most careful when you drive as there will be four long days of it. If possible arrange a nice affair for the big meal right at home on the lawn and watch the maddening crowd go by.

So long, folks. Have a grand week end. See you soon. Until next week. D. V. I am,

Faithfully,

GRASS ROOTS OPINION

CORVALLIS, ORE., GAZETTE-TIMES: "The Tennessee Legislative appropriated \$50,000 to be used for lobbying activity on behalf of the Tennessee Valley Authority. Looks as if the rest of the states are going to have to put up lobbying money to protect themselves and their taxpayers from pouring any money into a project which provides power for people in seven states at the expense of people in the other 41."

COVINGTON, TENN., LEADER: "Good roads are necessary, but we wonder if it is necessary to build so much so fast, putting so great a strain on our already sorely-taxed incomes."

CARLSBAD, N.M., CURRENT-ARGUS: "Progress is an expensive necessity in the growth of any nation, granted. However, there are times when a little vision and sound thinking by members of Congress could give old John Q. Taxpayer a little relief without endangering the future of the country."

CUERO, TEX., RECORD: "The free expression of criticism and disagreement, by newspapers, political leaders and private citizens, is the surest check on those in authority and the greatest safeguard of representative government."

ODESSA, TEX., AMERICAN: "It may be true that unionism protects some persons, but for every person aided by union compulsion, at least one other is injured. A man who is kept on at his job by a union after he has demonstrated his incompetence, is merely keeping some other man who is more competent from having gainful employment. The incompetent is protected, the competent discriminated against. Economically, the result is less production per dollar spent, wherefore higher prices for consumers."

WEST POINT, MISS., DAILY TIMES LEADER: "While sound spending and economy are all important, it is well to remember that if people bought only what they need this would be a poor country indeed. Our actual needs, you know, are simple. It is for this reason that we encourage folks to wear better clothes, to ride in automobiles, to invest in labor-saving appliances, and to attend the ball games and the movies. Otherwise, business volume would diminish, a lot of folks would be thrown out of employment, and our civilization would be little better than that maintained by the Indians."

BASSETT, VA., HENRY COUNTY JOURNAL: "Ours is a profit and loss system. Any time the possibility of loss is eliminated you can be as certain that the system has been destroyed as you could be if the opportunity for profit were no longer available."

A Bang-up Cake for the Fourth

FOR AN INFORMAL PARTY after the Fourth of July fireworks serve this unusual Firecracker Cake. The cake roll itself is a delicate angel food made from premium cake flour. Lusciously filled with chocolate ice cream, it is gaily decorated for the occasion in red and pink.

FIRECRACKER ICE CREAM CAKE

- 3/4 cup sifted Swans Down Cake Flour
- 1 cup sifted granulated sugar
- 1 cup egg whites (8 to 10)
- 1/2 teaspoon salt
- 1 teaspoon cream of tartar
- 1 teaspoon vanilla
- 1/2 teaspoon almond extract
- 1 quart chocolate ice cream
- Pink Peppermint Glaze
- Colored ornamental sugar or tiny red candies
- Few long strands of coconut

Sift flour once, measure, add 2/3 cup of the sugar, and sift together four times. Place egg whites in large mixing bowl; add salt, cream of tartar, and flavorings. Beat with flat wire whip or egg beater until egg whites are stiff enough to hold up in soft peaks, but are still moist and glossy. Add remaining 1/2 cup of the sugar in three additions, sprinkling 2 tablespoons at a time over egg whites and beating 25 strokes or turns each time.

Add flour-sugar mixture in two additions, sifting it over the egg whites. Fold in each addition with flat wire whip or large spoon, turning bowl gradually. Use 15 complete fold-over strokes each time. After last addition, use 10 to 20 extra strokes.

Spread batter in a 15 1/2 x 10 1/2 x 1-inch pan which has been lined on bottom with paper. Bake in moderate oven (350°F.) 20 to 25 minutes, or until cake springs back when pressed lightly with fingers.

Cool 10 minutes. Then turn out on cloth covered with powdered sugar, remove paper, and trim off edges. Roll up, rolling cloth in cake. Cool thoroughly (at least 1 hour).

When cool, unroll, removing cloth. Spread with chocolate ice cream. Roll up again and freeze in home freezer or freezing compartment of refrigerator (0°F.) at least overnight or longer, if desired. Then frost with Pink Peppermint Glaze and sprinkle the colored sugar in diagonal lines across top of cake. Insert a few long shreds of coconut at one end of roll to resemble a wick. Freeze at least 2 hours longer. Then slice and serve at once. Makes 8 to 10 servings.

Pink Peppermint Glaze. Combine 1 cup sifted confectioners' sugar, 1 tablespoon water, a few drops of red coloring, and a few drops of peppermint extract; mix well. ANS

THE UNIVERSAL SOVEREIGNTY OF GOD

PSALM 24.

Sovereignty of God means that God possesses the authority to rule. God's sovereign authority is inherent. It belongs to Him, naturally. Man's is delegated authority. This is authority or power that is granted. It is representative authority.

Sovereignty involves three functions of government. The power to declare the law, to interpret the law, and to enforce the law. This power involves the right and the duty to exercise the threefold function.

The first two verses of the present psalm tells us to whom the universe belongs. God is acknowledged and praised as the Creator and owner of the earth and everything in it. Jehovah is the rightful possessor of the world because He has founded it and has established it.

Verses (3-6) describe the character of those who may enter the Temple. This portion of the Psalm is a ritual sung at the entrance to the Temple, alternatively by the laity and the temple-priests.

Those qualified to enter the Temple must come with clean hands, no blood upon them, and with pure hearts. Hearts free of malice, ill-will, and void of deceit and falsehood. Only such could expect the Divine blessing and vindication.

The remaining verses (7-10) constitute a hymn of procession, which the worshipers with the ark in their midst representing the presence of the Lord of hosts, sang before the gates.

There is a twice-repeated scene in which the gates of Jerusalem are summoned to open that Jehovah, as represented by the ark, may come in. While the watchmen, the keepers of the gates, ask who the approaching conquerer is, the people cry out, "He is the Lord of hosts".

Probably the 'hosts' include the armies of Israel, and also the stars and angels which form the host of heaven.

He who cometh is not only the Lord of hosts, he is the King of glory! He is strong and mighty, mighty in battle! Victorious over all.

The Sovereign of the universe is He!

THOUGHTS FOR THOUGHT

Attitude is the measure of one's interest in a matter.

A 'Common' divisor in many families is another man.

Some guys believe they are lady killers, while some gals think they are men smashers.

WITH OUR ARMED FORCES

He travels fastest who travels alone,
 In an adage hoary with years,
 But what does the swift one do when
 Of the cliff

It is better to travel more slowly, and
 walk
 With one's hand in that of a friend.
 The meadows are lovelier shared with
 another;
 Hills easier, far, to ascend.

And we all come at last, traveling
 slowly or fast,
 To the Gate of Unknown Land,
 Whose latch lifts more gently for
 those who've had,
 And have given a helping hand.

—Marion Doyle.

FEESERSBURG

The calendar tells us that on Monday we will again celebrate the Fourth of July. It is hard to believe that a thing called freedom was won for us just 179 years ago. So much has happened in that short time. Some of those happenings have been an inspiration to all of us; others have been right down silly. Not too many years ago we thought it a bright idea to outlaw the July firecrackers. We did this to save our children's fingers and our own peace of mind. Five years ago man made for him-

self a giant firecracker called the H bomb. It can be used to wipe out a large city with all the inhabitants. It was not invented to guarantee freedom. The only thing it promises is death and destruction. It was easy to outlast a child's firecracker but so far man has not been able to agree to outlaw the H bomb. It would seem that the bigger and more frightful our means of waging war become, the less liberty any of us have. Liberty, as those Yankee forefathers fought for it, held a different meaning then the word we take for granted today. Freedom, of course must mean different things to different people. To a simple housewife the word conveys the idea of no meals to get, on beds to make or no Monday washdays. But the thing that George Washington and his men starved, froze and died for was freedom of the spirit. It sometimes appears that in the last 20 years we have somehow confused the word "security" with that of "freedom". There are some who will never know the difference. But to many who still believe that the spirit of man is more powerful than anything man himself has invented, the words "freedom" and "security" should be used cautiously. These are just some random thoughts as we near the 4th of July and take stock of our heritage.

Mr. and Mrs. Charles Bush and daughter, Charlene; Mr. and Mrs. Clarence Leppo and Mr. and Mrs. David C. Miller and son, Randy were guests of the David Millers last Sunday at a combination dinner, which was in honor of Father's Day and Mr. Miller's birthday.

The Union Bridge Babe Ruth baseball team played Woodsboro last Friday at Union Bridge in a very exciting game. In the 4th inning Woodsboro was leading by a score of 18 to 0. Union Bridge in its half of the 4th scored 11 runs. The final score was 19 to 16 in favor of Woodsboro. But the scoring was only half the story. Some of the plays defied description—they were so wild and unorthodox. But the spectators had a lot of fun and so did the players which is the objective of the ball clubs. It is nice to win sometimes but enjoying the game is far more important.

Out of a clear blue June sky Monday afternoon we had a vicious electrical storm which struck close to the barn and burned out the electric fence charger. This makes the third one this year that has been demolished by lightning.

The C. & P. telephone company has changed its line on the Hape Mill road. Some of the subscribers who were on the Taneytown exchange are now on the Union Bridge exchange. The change was made to accommodate several families that have moved in from Baltimore.

Mr. and Mrs. Leon Tanner and Mr. and Mrs. Woodrow Miller and daughter, Virginia, and son, Stevie, of Baltimore visited the David Millers this week.

Joseph Davies last week set an example which all Americans should follow. He willed his estate to the Government. It has been my contention for many years that wealth should not pass from generation to generation. Unless a man or woman has dependents, the wealth they accumulate during a life time should be turned back to the Government at their death. This idea is not new in England where the inheritance tax reduces an estate to a minimum. Here in the U. S. where the primary aim of most men is to accumulate property, a law barring inheritance to a man would have the effect of putting a brake on man's greed, and power, through the use of wealth.

Cows to Carroll's farmers mean just one thing—his livelihood. But in Pakistan a cow means prestige. The villagers keep cows, not for milk or meat but as a sign of luxury. The Hindus worship cows and they are usually found only around the city shrines. Therefore any villager who can afford his own private cow to worship has a great deal of prestige.

The annual Sunday School picnic of the Mt. Union Church will be held July 5, at Memorial Park in Taneytown at 7 p. m. In case of rain, the picnic will be held in the Parish House, at Mt. Union.

The average American doctor works 60 hours a week. The only person that can top this is the farmer, who on the average must work 75 hours. J. C. Hare writes that few people have courage or stamina to appear as good as they really are. If you think about this statement it is true. For some reason Americans think being good, kind and compassionate is sissy. And sentiment is only used on special days. This attitude is a holdover from Sparta and about as wrong as wrong can be. There wouldn't be as many nervous victims if we would give expression to our real feelings more often.—Ruth Roelke.

Next week I shall have a more detailed account of her talk in the column. The Intermediate Class at Bible School left some things in the basement at Keysville Church which they hope will be examined by some of the interested adults in the community. John Young, Ronald Chipley and Jas. Weishaar made what is called a "Time Line", John Leib and Neal Wilhide made a map using flour and salt to show the land mark of the map—they showed that Christianity had spread from Jerusalem to Rome during Paul's life time. Another project in this class was a newspaper called "Biblical Times"—Lois Priest, Joan Motter and Bonnie Bair prepared the paper. In this paper are stories which were studied and put into today's words. This paper is being passed around to anyone who wants to look at it. The other departments had very interesting projects too but they were not left at the school.

A RECEPTION

Wednesday evening, June 22, a lawn reception was given by Mr. and Mrs. Lloyd Wilhide at their home in honor of their son, Lt. Fred R. Wilhide and his fiancée, Miss Verona Mae Carino.

After approximately 200 guests had arrived, all formed in a line and received a tray on which was placed the following food, chicken salad, ham sandwiches, potato chips, pickles, heavenly salad, fruit punch, cup cakes decorated with pink rosebuds, cookies, party mints, "roses and white Bells", crystalized coconut pears, mixed nuts in cups and ice cream.

All were seated on the lawn, being electric lighted. Ferns, potted plants and baskets of cut flowers on the porch gave a beautiful background for the guests of the honor table which was decorated with a cake lighted with large candles, banked with rose buds and surrounded with fern.

A receiving line was formed to meet Miss Verona Carino, the bride-to-be, June 25, 4:30 and parents, Mr. and Mrs. Anthony Carino, Indiana, Pennsylvania.

Many beautiful pieces Fred had brought home from Japan were on display, lights, dishes, etc. The embroidered table cloth used on the honor table was from Japan.

Fred and Verona were the recipients of many beautiful and useful gifts, silver, china, glassware, linen, etc. When leaving, friends greeted them with a hand shake and best wishes.

FARM BUREAU TO OFFER STREAMLINED AUTO POLICY SEPT. 1

Farm Bureau Mutual Automobile of Columbus will introduce on Sept. 1 a new automobile policy offering larger print, illustrations, and fewer words. The policy will be sold after the company changes its name to National-wide, but the new form has already been approved in eight states.

In its new policy, Farm Bureau has cut the number of words from 6,092 to 2,843 and has increased the size of type from 8 point to 9 point. There are 15 drawings to illustrate coverages.

A great number of the words were eliminated by employing more simple phraseology or eliminating provisions that are not used. C. W. Leftwich, vice-president, said that for example the company never requires a policyholder to reimburse it for liability payments to a man he ran into, so a 75 word section which has given the companies such a right for years has been scrapped. Also, the steps required for reporting an accident were reduced from 20 to 4, saving about 600 words.

In some cases, the company has removed parts of the policy because courts decisions over the years have made them void. Among these is one saying that the company will not consider assault and battery an accident, although the courts have decided the offense is an accident to the person on the receiving end.

The new Farm Bureau contract covers occurrences as well as accidents. The exclusions of undeclared incurrence and confiscation by civil authority have been eliminated, and many exclusions listed separately from the agreements in the old policy have been put in the same paragraph with the new one.

The new policy includes all of the features found in the new standard automobile policy of the National Bureau.

Patriotism

Lesson for July 3, 1955

IS A man subversive if he—has an international outlook? fails to conform to popular styles of patriotism? will not promise to support every war in which his country engages? speaks out against his nation's sins?

In this year of grace 1955, men who fill the above qualifications are cried down as subversive. Perhaps it has always been so. But in the sight of God, some such men have been honored above their stone-throwing fellow-citizens. One such person of record had what most people would call a "bad" record. He had been accused of subversive activities. He had predicted defeat for his nation while at war, and had publicly advised surrender. He had a record of jail sentences. He just missed being executed, several times; and finally died, so tradition says, at the hands of a lynching party. Nevertheless he was one of God's great prophets. His name was Jeremiah.

Dr. Foreman

Professional Patriots

Jeremiah's chief enemies were also called prophets by their contemporaries. History calls them false prophets, though to the "man in the street" of that time they seemed to be the true ones. The false prophets did not really have a word from the Lord. Their words were suggested by what the people wanted to hear. Their sermons were suggested by their own desire for prestige. They were suggested by their wish for a good income. Not long ago an American organization, professedly patriotic, was selling mottoes to put on automobiles, reading "The only good Ism is Americanism," or some such phrase. The decals with that motto were selling like hot cakes, for people did not like to seem unpatriotic by refusing to buy and carry a slogan like that. But the mayor of the city investigated and as a result the sale of the things was stopped. He discovered that an advertising agency was getting 75% of the money and the "patriotic" organization 25%. The real promoters were not patriots, they were profiteers. They would have sold any motto at all for a 75% rake-off. Not every one who hollers for his country is a patriot.

Justice for All

Nevertheless, just as glass "diamonds" don't make real diamonds impossible, so false prophets do not destroy the truth of real prophets, and false patriotism does not do away with true love of one's country. That man Jeremiah was a real patriot. That is to say, he had a real love for his people and his land. (Incidentally, he was one of the first persons to call mistreatment of the soil a sin.) The word "prosperity" has a magic sound for most minds. Jeremiah was tough enough to ask questions about the prosperity some people had in his time. He threw pitiless light on the fact that some few were getting rich at the expense of the many. He had what seemed then a strange idea, though it turned out to be true, that the very wealth which was piled up in the palaces of Jerusalem was an unhealthy sign for to use modern language, the wealth was badly distributed. Most of his fellow-countrymen were under-paid, many of them were slaves, while the king and his court were rolling in luxury. True patriotism asks as Jeremiah did: What is happening to the people, all the people? and simply: Am I getting ahead?

Leadership

Jeremiah preached to the people, but some of his most important messages were directed to the leaders of his nation, the kings, the princes, the priests. He knew that the men at the top make the policies which affect the masses. Jeremiah's preaching failed to stave off the end which he predicted, for the men at the top did not change their ways. The success or failure of a nation depends on the stamina and character of the people, but especially on the leaders. No one can consider himself patriotic who votes for a second-rate candidate for public office if a first-rate candidate is available.

OUR
GREATEST
NATIONAL
ASSET

The "freedoms" that make this nation great are valued highly by us all. They began on July 4th, many years ago, with the signing of the Declaration of Independence. We still proudly celebrate Independence Day and seek to live up to the example set in 1776 by our brave and patriotic colonial forefathers.
