With the start of school the troop program has taken on new vitality also, the boy scout younger group en-joying a corn bake and insect hunt at Natural Dam; swimming and first aid in the dark at Crouse's Mill; softball, judging distances which cannot be traversed, and star directions in Memorial Park; tent pitching at night as well as indoor sessions centains about a Tonderfoot test wind. tering about a Tenderfoot test quiz, a first aid problem with complications, and knot tying relays. To award prizes for the last two annual inter-patrel contests, the Fox patrol and the Racz coon patrol, both placing first and second, alternately, were guests of the troop as a whole when they witnessed an exciting Oriole doubleheader Sept. This was made the occasion for a joint excursion of Explorer and Boy Scouts and their friends, some 34 people in all traveling by chartered bus. Fox boy leaders at the time of their triumph were Harold Slaybaugh and Peter Westine, while Francis Nelson and John Myers led the Raccoons to win that which ended Sept. 1. Explorers have been concentrating

on Firemanship and First Aid merit badges since the close of the outdoor swimming weather, in sessions conducted by Adviser Stanley F. Frock with the aid of Harold W. Slaybaugh. The meeting of Sept. 19 was in charge of Robert L. Bowers assistant sout of Robert L. Bowers, assistant scout-master, who has also been the prime mover in a boy scout schedule which contemplates an Appalachian trail overnight hike and a Hallowe'en straw ride which has been set for October 28 for the younger lads, as well as a participant in a second Explorer Potomac fishing trip that attracted a good proportion of the membership. In the near future Mr. Frock expects to resume at indoor pools the swimming merit badge instruction begun after the week at Broad Creek Camp in August.

This month and next is recruiting time, and candidates who are 11 and older (for Boy Scout activities), or 14 and older (for the Explorers) are urged to seek applications from any troop leader if interested in getting into these programs, which are alike exciting and beneficial. At a later date Mr. and Mrs. George Stansbury, of Middleburg, Mr. and Mrs. John Crabbs, Keymar, and Miss Joan Mitten, Glyndon, were dinner to the standard beneficial. At a later date a special outing will be planned, to which prospective members are invited. Meanwhile, the older age group meets Mondays, the younger have Thursday.

> PAPER DRIVE STARTS 8:30 A. M Saturday's paper collection will start at 8:10 a.m. and take place rain or shine. If other pick-ups are de-sired, a postcard to "Boy Scouts, Taneytown", will insure that they also will be made.

#### **GROWTH OF** POTOMAC EDISON

#### Milestone of 150,000 Customers Just Passed

The Potomac Edison System passed a significant milestone on September 1, when the 150,000th electric customer was added to the System.

Because of the wide spread operations of the System, it is not possible to single out the individual 150,000th customer, but the number of customers being served by the System reached the new all time high of 150,028 on September 1.

The signing of the 150,000th customer had been anticipated for some time with most predictions placing the event nearer the end of 1955, but an unusually high increase in the number of new customers during 1955 has brought the new record at an ear-

Potomac Edison has long looked forward to the signing of the 150,-000th customer for this marks a new high point in the System's steady growth. In many ways, the new cust-tomer mark moves PE's accomplish-ments into an even higher bracket among private utility companies when they are considered in relation to the number of customers served.

Many factors have contributed to the achievement of this goal. Among these are the increase in the popula-tion of the territory served by PE, the acquisition of new property by the PE System, a post war building boom unparalleled in United States history, the policy of Potomac Edison to offer service to all types of installations whether farm, home or factory, regardless of location, and a high standard of service that has been proved efficient and capable. All these, coupled with the general acceptance of the electric way as the modern way have had a part in bringing the 150,-000th customer to the PE System. One hundred fifty thousand custom-

ers is a long step from the number served by Potomac Edison when the Company came into existence. In 1923, the year of the incorporation of the Potomac Edison System, 24,412 customers were being served. From that date forward, customer growth has been tremendous. The average growth in every five year period has been nearly 20,000 customers. The single five year period that brought about the biggest boom in new customers was the period 1945-50 which found more than 34,000 customers becoming a part of the PE System.

Population growth of the area served by Potomac Edison is, of course, one of the factors contributing to the 650% increase in the number of customers served. While population growth since 1923 has been spasmodic, especially during the period from 1930 to 1940, since that time and especially during the period from 1930 to 1940, since that time and especially described by the service of the service pecially during the years of World War II, it has been rapid. In 1923, the population of the Potomac Edison territory was an estimated 425,000. proximately 500,000 This growth of population is clearly evident in the inreased school facilities that have been required, especially during the past ten year period. But population growth bears little relation to customer growth. While population has increased some 15% authors growth. increased some 15%, customer growth has been increased by 650%. Obviously, there is more to reaching the 150,-000 customer mark than an increase

#### "SPICE 'N' EVERYTHING NICE"

(Your Chatty Column) With all my beart, I wish you every morning A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth!
I wish you always near so that I may help
to cheer
Each future day and in some way—help
to bring you happiness!

That song called, "Paris in The Spring!" does not mean as much to this Observer as "New York in the Spring, in the Fall in fact any time at all!" There is something enchanting about that old New York that all the spring about that old New York that all the spring about the spring was to go back even

ing about that old New York that always makes me want to go back even if it is once or twice a year.

Going up by train (of course B & O—the only way) where the service is always excellent as you step on the train and then the ride in those nice clean and attractively decorated cars! There is one colored Porter, Charles Daniels who has been right there since 1937 and he treats every lady as though she was a Queen! There was a delicious meal served in There was a delicious meal served in the Diner and at the end, the long and all down through the years—the

finger bowl! finger bowl!

There were quite a number of real "Stars" going to New York from Washington (the Chapter of Lebanon O.E.S.) to spend the week-end and there were two big shows scheduled. They had a huge box lunch served by the B&O. Due to the World Series, New York was jammed and every hotel room reserved in advance. There is tel room reserved in advance. There is only one Broadway in the world and that—right in New York! The throngs were terrific, and as they walked along both old and young couples were hold-ing hands. This was more prominent than ever before.

The girls are surely painfully thin but the older group both men and women seemed to have that extra spare and (I think you know just what I mean) Eh? Newspaper booths are on every corner and at Times Square any paper can be bought from any big city in these United States. There is so much food in all the

restaurants and cafes in the show windows that one is compelled to stop and gaze upon it all. The mob was as always. I learned there a few hundred Johnson Restaurants right in New York just as you see on the highway when traveling by machine. Ladies, suits seemed to be the leading fashion and especially the ones which are fur lined. They are beautiful and attractive. The girls and those I mean up to about 35 years of age I mean up to about 35 years of age were stockingless wearing severe sandals with much foot exposure! Many of the women are wearing the fabulous "Arty Nail" which appears quite glamorous and which lasts for months. The new jewelry "Damascene" (Oriental)! The grand facial soap is "Neutrogena" which makes your skin sing! It is a dollar a bar and comes from Belgium and the disand comes from Belgium and the distributor is the Natone Company in Los Angeles, California, "Pears" was

just such a soap when I was little girl in Philly.

The highlight of my trip to New York was to interview that nice man from Indiana, Herb Shriner! What a surprise I did get in fact I must have registered the surprise Herb Shriner registered the surprise. Herb Shriner has the most beautiful red gold thick and wavy hair I have ever seen on any girl. He has big dark violet blue eyes and eye lashes unusual for a man! He is over six feet tall and appears as a big football player (and so does that nice professor who asks all the questions). Television does not do a thing as to appearances for these two men. Never have I met a more sincere celebrity than Herb Shriner. (The Professor is about 6 feet 4!) Herb will appear wonderfully well on color T. V.

And that reminds me that all sets of color T. V. are \$795.00 and up and in about five years they will come down as the black and white did. Remember? Just go on and enjoy your set, Folks, and don't be timid about

purchasing another.

There is a plant called, "Hawaiian Ti Log"! It is going over big in New York. It can grow in soil or water and is a real house plant. The only difference is, if grown in water, the water must be character water, the water must be character water. must be changed weekly and if in soil, the soil must be kept damp. It takes from 3 to 6 weeks for the first bud to appear after which the growth is rapid and the "Ti" plant will flourish for many years! After awhile your five and dime will sell them!

So long, Folks. Be good and be careful and if you are good today you will be glad tomorrow. See you next week. D. V. I am,

#### KEYSVILLE MISSIONARY MEETING

The Keysville Lutheran Missionary meeting began by singing "Faith of Our Fathers". The responsive reading was led by Mrs. Edawrd Coshun, followed by prayer. Mrs. Robert Stine introduced the topic "We Look at Ourselves" and conducted the panel discussion. Mrs. Carroll Wilhide talked on Ourselves and Our Work, Mrs. Charles Cluts on Our Church, Mrs. Carroll Dougherty on People Every-where, and Mrs. Gregg Kiser on Our Neighbors and Our Nation. Through the discussions and the panel discus sion Mrs. Stine tried to bring out various phases of growth which is our Christian responsibility. She also read the poem I'll Go Where you Want Me

Master Eddie Simmons played two cornet solos, "Two Little Stars" and "The Little Commander" accompanied by his mother at the piano. The other members of the Simmon's family were welcomed by Mrs. Lloyd Wilhide. The other hymn used was 'When I Survey the Wondrous Cross".

Mrs. Clyde Wilhide conducted the regular business meeting. Mrs. Gregg Kiser is the delegate to the 73rd an-nual Convention to be held Oct. 19-20 at the Lutheran Church of the Reformation, Washington, D. C. At the close of the business meeting all went into the main auditorium of church to see a movie on Japan. It was presented by Myron Wilhide. Following the picture a group of young folks namely, Judy Kiser, Audrey Wil-hide, Eileen Kiser, Nancy Stine, Jane Wilhide, Marion Priest and Jimmie Cushon sang Christmas Carols. This aroused Christmas spirit for the offering then taken was to be sent to Japan for their Christmas present. The offering amounted to thirty-eight dollars. May it spread Christ-

mas cheer.

#### ACCIDENT FACTS

Chicago-Dying for dear old Rutgers may be an exaggeration, but college athletics do account for almost one out of three injuries to college students.

That was revealed by a special study of student injuries at 11 colleges made by the National Safety Council and the American College Health Association and reported in the 1955 edition of the Council's statistical yearhook "Anaident Frets" tistical yearbook, "Accident Facts", just off the press.

The study showed that an average of one out of nine students was injured during the school year. Athletics led the list of causes, with residents accidents, recreation, motor vehicle and laboratory the next most import-

#### FIRE WARNING

The fall forest fire season is upon us again, District Forester William A. Parr said today. Pointing out that the regulation, which prohibits all burning in the open within 200 feet of woodland or inflammable material which will carry fire to woodland until after 4:00 p. m. (EST), is effective from September 15 to December 15, inclusive, the forester urged strict compliance to keep woods fires at a minimum.

Practically every fire is caused by human carelessness, he stated, praising the cooperation of the which has kept fires down in this area. "Remember, only you can prevent forest fires" is the slogan of Smokey, the fire prevention bear, and his mes sage is meant for everyone.

BOARD OF EDUCATION

(Continued from first page) Westminster High; and Victor Makovitch, Taneytown High.

The Board also approved the appointment of Lavine Magruder as custodian of the Robert Moton School. The Board was advised that work was proceeding on the plans for the Mt. Airy High School construction. The superintendent was given authority to advertise for bids to be opened and considered at the next regular meeting of the Board of Education in November. The date of the November meeting was not decided upon because of uncertainty as to the date for bid

The Board also acted to give authority to the superintendent to advertise for bids for furniture and equipment for the North Carroll High

After discussion the Board approved a set of resolutions related to the integration problem and directed that said resolutions be made a part of the record of the meeting. It was directed that copies of this resolution be kept on hand for consideration and use by any interested persons and that copies be sent to the State Department of Education and to the Maryland Attorney General's Office.

The Board considered a number of items connected with the purchase of equipment and discussed problems connected with the preparation of the Budget for 1956-57. In this connection it was directed that the Budget be prepared so as to bring teacher's salaries into a comparable position with the surrounding counties

The Board heard a brief report on progress at the North Carroll High School building and improvements to grounds at Mt. Airy, Mechanicsville, Robert Moton, Union Bridge, and New Windsor. Also, following the meeting the Board inspected the work which had been done, through the courtesy of the County and the Westminster authorities, to improve the entrance to the Robert Moton School by the extension of Center Street.

The Board considered a from the auditor, Mr. Harold House, relating to the financial statement for the fiscal year 1954-55. After consideration, it was directed that the re-port be made a part of the minutes of this meeting and that it be used in the publication of the regular annual report as soon as said report can be

prepared.
The Board considered several items
The Board considered several items related to transportation and its improvement and heard a brief report on progress in connection with the establishment of special classes in the county for retarded children. In this report it was noted that three teach ers are to work in the retarded chil-dren's classes and that good results

are being achieved. The Board was notified that the Livestock Judging Team from the Mt. Airy High School F. F. A. Organization had been awarded first honors at an interstate show in Richmond, Va. After consideration the Board directed that the high schools be notified that the cap and gown should be considered standard dress for high school graduations in all the county

high schools, effective June, 1955.

The Board considered a number of other items of correspondence and approved replies by the superintendent's

from the year before.

The death rate in 1954 was 55.8 per 100,000 persons—a 7 per cent decrease from the 1953 rate and the lowest rate on record.

This decrease in accidental deaths occurred despite an increase in population, high employment and booming motor vehicle travel, according to the 1955 edition of "Accident Facts", the National Safety Council's statistical yearbook, which is just off the press. The greatest reductions were in industry, which achieved a 7 per cent reduction in fatal accidents, and in motor vehicle deaths, which dropped 6 per cent. Home deaths were down 5 per cent and public (non-motor vehicle) deaths showed a 3 per cent re-

#### Jesus Is Baptized

Lesson for October 16, 1955

THERE is one notable day the church does not celebrate. We have a day for the birth of Jesus, one for his presentation in the Temple, a whole season (Lent) to recall his temptations, a day for the crucifixion, the resurrection, the ascension. But for remembering his baptism, no day is set aside. So it is well that the Sunday

schools should do what the church does not do; for the baptism of Jesus was one of the most important events in his life. The reason why the church does not care to

Surely Not for His Sins

The heart of the difficulty is just this: Jesus was baptized by John, and John's baptism, we read over and over again, was a baptism of repentance. So we can put the dilemma this way: Was this baptizing of Jesus also a baptism of repentance, and if so, what could he have had to repent of? Or was it altogether different, and if so, then what did it mean if it did not mean repentance? Since the Bible does not answer this question clearly, and since the church has no standard or "orthodox" explanation, perhaps the best thing this column can do is to run over a few answers to that question: Why was Jesus baptized? The reader is invited to think about these and take his choice. One answer, which has three forms, the church has thought about, but generally has not taken seriously. It is the theory that Jesus was baptized, like every one else there at the Jordan, in token of

repentance for sin. One extreme form of this theory is that Jesus repented of his own sins. Only a person who thinks of Jesus as an ordinary man could believe that, and the church does not believe it. Another form of this idea is that Jesus repented of his sinful nature; the idea being that if it ad a really hun nan nature it have been a sinful one even if he never sinned. (Just as one may have a weak constitution that never breaks down.) This again the church has overwhelmingly op-

"To Fulfill All Righteousness" Jesus himself gave a reason

for being baptized. The trouble is, he did not explain what he meant. He said he did it "to fulfill all righteousness." (Matthew 3:15). It is quite plain that he meant he would not be doing right if he were not baptized. But just what does "fulfilling all righteousness" mean? The explanation most widely accepted in the church is that being baptized was part of the Jewish law at the time, and that Jesus as a loyal Jew observed this as he observed other laws of his religion. There are two weak spots in this theory. One is that there is little or no evidence that baptizing or being baptized was a regular religious observance among the Jews, and the other is that Jesus did not feel obligated to keep strictly all the laws, otherwise he would hardly have had the attitude toward the Sabbath which we know he had. Friend of Sinners

Still another explanation which is impressing a large number of Christians today, is that Christ, by insisting on being baptized, over John's protests that he did not need it, in a dramatic way was taking the side of sinners. We think of Jesus taking our part and representing us on the Cross. But, it is asked, when did Jesus first identify himself with sinners? Not until his last Friday morning? On the contrary, the suggestion is that Christ there at the Jordan had the opportunity to take his place, publicly and for all to see, either with those who despised sinners and made it hard for them and were proud of themselves, or with those who by being baptized were honest enough to confess their sins and to express their deep desire to be rid of them. So Jesus identifies himself once and for all with the repentant,-not that he himself needed to repent, but to show that the repentant are his people. First to last, he was the Friend of Sinners.

P.E. SAFETY REPORT

Simple presentation ceremonies at the Taneytown District Office on September 1, marked the eighth consecutive year without a lost time accident for the district.

Commercial Vice-President S. S. Bradford presented the safety plaque to Taneytown District Manager, S. E. Breth, and see the program.

Mr. Bradford pointed out that the mark set by the Taneytown District is the highest among company divisions, the nearest being the Frostburg Service Department which has completed 299,168 accident free man hours.

District Manager S. E. Breth, accepting the award, stated that the nail was placed in the wall for the award as early as a year before the mark was reached. This optimism, he said, is evident in Taneytown because all members of the district force are proud of their fine record and intend to date the members of the district sachievement and for their fine contribution to the Company's safety program.

HOW THE PEN SAVES TIME

FOR THE PLOW

Few farmers like to take time from plowing, or other tasks, for mere bill paying. So they take the easy, quick way-writing checks. When the farmer writes his check he is writing his own receipt and record of the transaction at the same time.

This bank invites farmers' checking accounts because we know how much these facilities will help them.
