E. E. STULLER LOW BIDDER ON CARROLL COUNTY BUILDING

Contracts were awarded in Westminster Friday morning for a \$275,700 office building for Carroll County to relieve congestion in the present court house.

The new building will be three stories, located across the street from the court house on Court Street. Construction is expected to begin as soon as weather permits.

The new building will house the offices of the magistrate and county agent on the semi-ground floor; commissioner, assessor, tax collector and treasurer on the second floor and the board of education and conference rooms on the third floor. These offices now are housed in the court house, city hall and another building in Westminster.

The general contract was awarded to E. E. Stuller, Taneytown, at \$185,900; heating and plumbing to J. H. Allender, Hampstead, at \$66,500 and electrical to J. E. Shaeffer, Reisterstown, at \$23,000.

The bids were awarded at a meeting of the commissioners, John D. Young, president; Edmund L. Carr, secretary; and James E. Shilling.

MEETING OF MAYOR AND CITY COUNCIL

Several Pieces of New Equipment Will Be Purchased

The meeting of the Mayor and City Council met on March 5, 1956, with all members present but Mr. Jimmy Baumgardner. The president, James C. Myers read a letter from the Post Office Department, in relation to the parking in front of the Post Office. The Officer was instructed to keep the parking space clear of parking and to see that it is only used for patrons of the Post Office.

The Mayor presented a request of the Fire Company to put their name (Taneytown Vol. Fire Department) in front of the Maryland Municipal Building. It was discussed and granted. The Mayor also noted to the Council the breaking of a water main in the process of digging a sewer connection at the Brown Equipment Store. It necessitated the closing off of the water at the extreme end of East Baltimore Street and Wantz's development.

They discussed the purchase of two lawn mowers, one for the park and one for the sewer treatment plant. The purchase is being held off until the next meeting. It was then brought to the attention of the Town Council the need of a pick-up truck for the general use of the town. The Mayor was then instructed to ask Oiler Chevrolet Sales and Crouse Motor Sales for a proposal on a one half ton pick-up truck. Six ply tires and the difference in price of a six or eight cylinder.

It was brought to the attention of the Council the definite need for the installation of a telephone. Officer Robert Koontz reported that there were twenty parking tickets given out. He escorted four pay rolls. There were three traffic violations and two criminal investigations.

MEETING OF WOMEN'S GUILD

The Womens Guild of Grace E & R Church held its regular meeting, March 1, 1956. The program was in charge of the Christian Education committee, Mrs. Murray Baumgardner and Mrs. Morgan Andreas, co-chairmen. The topic was "Modern Man Asks: 'What Do We Mean By Discipline?'" Mrs. Ned Musser read a meditation and gave an explanation of the topic and everyone joined in singing, "Jesus, Keep Me Near The Cross". Mrs. George Fream read the Scripture from Ephesians 5:1-20, followed by Mrs. Louise Abrecht leading the group in prayer and the Lord's Prayer. The Guild Theme Hymn, "I Bind The Heart This Tide" was sung. The offering was received and consecrated. During the discussion period, the following gave reports on the topic: Mrs. Glenn Martin, Miss Helen Bankard, Mrs. Geo. Motter, Miss Margaret Shreeve and Mrs. Morgan Andreas. Mrs. Ellsworth Lambert and Mrs. Frank Wargny voiced their opinions to two very important questions. Everyone joined in singing, "Jesus, I My Cross Have Taken" and were led in the closing prayer by Mrs. Ned Musser.

Mrs. Murray Baumgardner arranged the following program and it was well received: piano solo, "Skip To My Lou", Faye Martin; vocal duet, "When Irish Eyes Are Smiling", Misses Nancy Baker and Mary Alice Rue; reading, Mrs. Elvin Study; vocal duet "Somebody Better Than You And I", Danny and Stella May Study; piano solo, "Dorothy", Cynthia Andrews.

Mrs. George Motter, president, was in charge of the business meeting. Reports were heard from the secretary and treasurer and accepted. A letter from Senator John Marshall Butler acknowledged the receipt of the letter from Guild members urging action on the Langer Bill, Bill 923.

Mrs. Wm. Airing and Mrs. Glenn Martin of the Christian Social Service Committee announced forth-coming projects include: "Christmas in June" for the children at Hoffman's Orphanage and Used Clothing Drives in the Spring and Fall. There was some discussion concerning items from the Winnebeago Indians and Ready-Cut garments to be sewed for World Service. More information will be secured and presented to the Guild at a later date.

Mrs. Mervin Wantz read a letter from the Homewood Auxiliary President, explaining what it means to be a member and what use dues are put to.

The Easter Flower Committee for Palm Sunday and Easter is: Mrs. Mervin Wantz and Mrs. Clyde Hesson.

The Guild voted to give its annual donation to the Red Cross.

The president announced these forth-coming activities: the 8th Biennial Meeting of the Potomac Synodical Women's Guild in Martinsburg, W. Va., April 12 and 13. The Sorority Banquet, April 20, and the Laymen's Dinner, April 26, in the Parish House dining-room. The annual Mother's Day Food Sale, Miss Helen Bankard to arrange date.

The April meeting will be in charge of Mrs. Ralph Stoniesfer and her Spiritual Life Committee.

The meeting adjourned and a brief social period followed.

LADIES AUXILIARY WILL HOLD MEETING TONIGHT

The Ladies Auxiliary of the Taneytown Fire Company will hold their monthly meeting in the Fire Hall this evening at 7:30.

DISASTROUS FIRES

Man Burns to Death on Tuesday

A Baltimore truck driver burned to death in the cab of his tractor about 12:30 o'clock Tuesday afternoon when the tractor and empty trailer crashed into the Monocacy bridge at Bridgeport, east of Emmitsburg on Md. 97, formerly Md. 32, and burned.

Victim of the accident was Arthur Gordon Cooper, 27, 5113 Arbutus Ave. Baltimore. His remains were moved to the C. O. Fuss and Son funeral home in Taneytown.

Taneytown firemen said they were unable to save the tractor and trailer, belonging to the Southern Motors Transport Co., 20 Caton St. Baltimore.

State Trooper 1/c J. J. Brown said Cooper was driving east on the highway, apparently at rapid speed. He is thought to have tried to slow down for the approach to the bridge and the trailer jack-knifed when he applied the brakes on the wet highway.

The officer said the trailer swung around with the rear end on the western span of the bridge, headed in the opposite direction from what it was originally traveling.

The tractor crashed into the concrete bridge wall and the entire vehicle burst into flames.

Trooper Brown said the bridge was not seriously damaged by the crash or fire.

State Trooper Richard Dishong and the Deputy Medical Examiner assisted in the investigation.

The bridge separates Frederick and Carroll counties at Bridgeport, between Emmitsburg and Taneytown. The accident happened in Frederick County.

FIRE DESTROYS MICHAELS' HOME

Four persons were made homeless when fire destroyed their nine-room frame house in Carroll County Friday night.

Firemen from six companies were unable to check the flames which leveled the home of Mr. and Mrs. Arthur (Bill) Michael, Jr., and two children, one mile south of Silver Run on the Mayberry Road. About 150 firemen from Taneytown, Pleasant Valley, Westminster, Littlestown, New Windsor and Union Bridge battled the blaze which had roared out of control before their arrival. They were hampered by lack of water and had to rely entirely on their booster tanks.

Pleasant Valley Fire Chief Scott Smith reported that by the time firemen arrived about 9:20 p. m., the fire house was aflame. All of the Michaels' clothing and household furnishings were lost. There was no estimate of the amount of damage and only about half was covered by insurance. Cause of the fire was undetermined.

The fire was discovered by a passing motorist, Earl Null, Silver Run, who notified neighbors. The Michael family was not home at the time.

Firemen saved a nearby wash house.

50th ANNIVERSARY OF LODGE

Taney Lodge No. 28, I. O. O. F., celebrated its 50th Anniversary last Thursday evening, March 1, with a well attended banquet, served in the Parish Hall in Harney, Md., by the Ladies' Aid Society of St. Paul's Church.

With District Deputy Walter Hiltnerbrick, presiding, the event began with the invocation by Past Grand, Wm. F. Corbin, Jr.

At the conclusion of the very fine meal, several selections were sung by the Gospelaire Male Quartette, consisting of Robert Goodwin, Daniel Graybill, Clarence Staub, and Edward Haifley, with Mrs. Robert Goodwin at the piano.

Mrs. Wm. Corbin then read an article pertaining to the 50th anniversary of the Lodge, written by the Secretary of the Lodge.

The two remaining charter members, Charles P. Cashman and S. White Plank, were present and extended a hand of congratulation.

Past Grand Master, George I. Seiders, of Sparrows Point, was presented. He spoke briefly and then presented his daughter, Miss Carol Seiders, who presented the feature of the evening. About a year ago Miss Seiders had the distinct honor and privilege (after much meritorious competitive endeavor) of having been chosen by the Tri-Hi-Y Club, of which she is a member, to make a seven-week tour sponsored by the YMCA. There were 50 in the particular group with which she traveled, being from both the United States and Canada. She showed many pictures she herself had taken on this trip and gave interesting details of trip as they were shown. These pictures comprised many interesting beautiful scenes and historic buildings in France, Germany, Switzerland, Austria, Holland, England, and Canada.

After the singing of several more selections by the quartette, the affair was concluded with prayer by the Secretary of the Lodge.

REGISTRATION OF FIRST GRADERS

Registration of children who will enter the first grade of Taneytown Elementary School this coming September will be held on Thursday, April 5, between 9:30 and 1:00 in the school library. Families new to the community, whose children were not counted in last year's school census, so that our estimate of enrollment may be as accurate as possible. On registration day parents are reminded to bring the vaccination and immunization records together with the child's birth certificate.

NEW SCHOOL FOR WESTMINSTER

County Commissioners Outline Plans

About a year ago the County Commissioners were advised by the Board of Education that additional school facilities would be needed for the Westminster area, and after discussion of possible locations, it was decided that the County should make available to the Board of Education sufficient acreage of the County Home farm for this project. Accordingly, a deed was made to the Board of Education for 25 acres of land, which was regarded both by the Board of Education and the County Commissioners as suitable for a new Senior High School. An architect was employed to prepare the necessary plans.

Before these plans were completed it became evident that there was considerable resistance on the part of many of our citizens to the idea of abandoning the many necessary high school facilities in the presently occupied building, which building was being considered for use as a Junior High School, and protest also was made to the County Commissioners against the County Home site that had been selected.

After due consideration, and in order to have the advice of a reasonable number of responsible citizens concerning the problem with which the County was confronted, the Commissioners on Jan. 9, 1956, asked the service clubs and chamber of commerce each to appoint one of their number to serve as members of an Advisory Building Committee, and this Committee consisting of 11 members was set up and appointed as follows: Daniel B. Stoner, representing the Rotary Club; Ray D. Riley, Kiwanis Club; John P. Donofrio, Civitan Club; Lloyd M. Elderdicke, Lions Club; Charles H. Armacost, Chamber of Commerce; Paul K. Dell, Junior Chamber of Commerce; together with the following 5 members appointed by the Commissioners as follows: Samuel L. Bare, Earl D. Heard, Richard H. Richardson, Mrs. W. Glenn Spechtner, and Mrs. Paul W. Lee was substituted for Mr. Lloyd M. Elderdicke as the representative of the Lions Club on this Committee.

The Commissioners met with the Committee and outlined the problem furnished the members with pertinent information concerning the County's current financial position with respect to the problem.

BRIDAL SHOWER HELD

A bridal shower was held at the home of Mrs. June Ripley, Thursday evening, Feb. 23, in honor of Mrs. George Reaver. Mrs. Ripley, Miss Betty Johnson and Miss Lois Hammett acted as hostesses. Those who attended were Miss Mary Ellen Snyder, Miss Beverly Bostian, Miss Doris Cartzendafer, Miss Sylvia Roelke, Miss Shirley Sipes, Mrs. Shirley Altwater, Mrs. Patty Zile, Mrs. Annetta Sherman, Mrs. Patsy Welty, Miss Judy Welty, Mrs. Donna Smith, Miss Wandra Sherman, Miss Oneida Myers, Miss Sandra Weishaar, Miss Glenna Green, Mrs. Truman Hambrug, Miss Anna Mae Wenschhoff, Mrs. Doris Lookingbill, Mrs. Jane Brumgard, and Mrs. Lillian Johnson. Refreshments were served.

MITE SOCIETY MEETS

The Mite Society of Trinity Lutheran Church met after the Lenten service on Wednesday evening. The program was a vocal duet, "The World Children for Jesus" by Kathy and Susan Jennings, accompanist Mrs. Stanley B. Jennings; piano solo, "Holiday in Naples", Peggy Kiser; vocal solo, "He", Sandra Shorb, accompanist Mrs. Kenneth Shorb; piano solo, "A Teen Age Prayer", Bonnie Bair.

The April meeting will be a social. The program committee is Miss Angie Keefer, Mrs. George Lookingbill, Mrs. Cleve Legore and Mrs. Luther Luckenbaugh.

ATTENTION! GIRL SCOUTS AND BROWNIES

Girls who have sold all cookies in their possession can continue to take orders for additional cookies to be obtained from Troop Cookie Chairmen.

All opened cartons MUST be sold by end of Cookie Sale, March 15. Only unbroken cartons can be returned to Headquarters. It is necessary that we continue to sell cookies right up to the end of sale. So, come on, girls—let's take orders!

SCOUT NEWS

Tentative Date for Paper Collection March 17

Hiking has begun to figure prominently in the Boy Scout program of Troop 348, Taneytown, having been lent considerable impetus by the successful 20-mile jaunt carried out from Natural Dam to Gettysburg and nearby battlefield points in January under the leadership of Assistant Scoutmaster Robert L. Bowers.

Last Sunday, which turned out a perfect spring day, he scheduled a 10-mile round trip out the Middleburg road for boys working on this merit badge, aided by Junior Assistant Scoutmaster Harold Slaybaugh and Scoutmaster Wilbur O. Thomas. Several who had just joined made the trip and are really getting into the swim of things. Boys in the principal group were Roger Blanchard, James Hemler, Harold Raab, Frederick Sherman, Lee Sherman, Donald Tracey, James Tracey, and John Whalen, while three others, Ronald Hopkins, Francis Nelson, and Edward Reaver, who took a "short cut" are in the throes of determining whether or not they fulfilled the distance, since they finally reached the others when the latter were doubling back on the return lap.

Explorer members of the troop, under Adviser Stanley F. Frock, (after filling the Scout hall wood closet with choice hardwood some weeks ago out on their woodlands through the courtesy of A. D. and Henry Alexander and with the Paul Bunyanesque aid of Assistant Scoutmaster Bowers and his whizzing chain saw) have relaxed with a series of swimming lessons at Frederick "Y" on Monday evenings. Aiming at the merit badge, they have also attracted Boy Scouts of Explorer age and newcomers Jack Bowers and Carroll Hively. Last Monday's swim was enjoyed by William and George Abrecht, Jack Bowers, Ray Ditzler, Robert Fittz, Mr. Frock, Philip Garrett, Hively, Larry Martin, Nelson, Slaybaugh, and Thomas.

One of the largest groups of Boy Scouts from the outfit ever to make use of the "Y" pool was transported to Frederick for their March 1 meeting by Bowers, Slaybaugh, and Thomas, and Mr. Myron R. Tracey. They also reckoned with several newcomers, among the Luther Fogleston and Larry Hively and also Donald Tracey, a former member now active again with his buddies. Others who swam last Thursday night were Blanchard, Roy Chapman, Grant Harman, Hemler, Ronald Hopkins, David Hopkins, John Knox, George Kreit, John Myers, Raab, Edward Reaver, Donald Reaver, George Rue, Frederick Sherman, Lee Sherman, James Tracey, Charles Turner, Larry Weishaar, and Whalen.

Recent advancements include Tenderfoot rank completed by Blanchard and personal fitness merit badge by Scribe Ronald Hopkins.

A tentative date of Saturday, Mar. 17, has been named for the next paper drive in Taneytown and vicinity, with confirmation next week and a definite route to be outlined.

COOKING SCHOOL AND FASHION SHOW TODAY

A combination cooking school and fashion show sponsored by seven local PTA groups will be held on Thursday, March 8, at 7:30 p. m., at the Taneytown High School.

Fashions will be from the Lobell Shops, the Rob-Ellen Shop, and the Wächter Shop and will feature the latest in Spring wear by the nation's leading designers.

The cooking school portion of the program will be presented by Catherine T. Mutchner, head of the Potomac Edison System Home Service Department. Cooking shortcuts, economy hints, modern home laundry methods, baking and broiling will be featured.

Mrs. Mutchner is well known in this area for her home economic advisory work. For some time, she was Potomac Edison's Home Service Advisor and now supervises the entire utility company's home service activities. Assisting Mrs. Mutchner will be three other Potomac Edison Home Service Representatives.

During the show, electrical prizes will be given and free recipe leaflets will be distributed to all those attending. Tickets for the program may be purchased from any PTA member or at the door the night of the show.

GRASS ROOTS OPINION

PORT HURON, MICH., TIMES HERALD: "Socialized medicine is just one of the socialist programs that does not work—and never has worked. The United States did well to turn down socialized medicine—this Country is the healthiest Country in the world and free enterprise medicine is responsible for that happy state of affairs."

BROWNSVILLE, PA., TELEGRAPH: "What built the electric industry and gave the nation light and power? The answer is free enterprise. And Edison was the ultimate exponent of that free enterprise."

ALLENDALE, S. C., CITIZEN: "The federal government feeds on itself. The more power it gets the more it goes after. At times government agencies are guilty of using the people's money to buy control of them in areas where the people can well do without federal control."

KNOXVILLE, IOWA, EXPRESS: "The man who is hopelessly in debt is a lot worse off than the national government which is in the same fix. The individual is subject to laws which can seize his property; the government just raises the debt limit a few more billions and pays more interest which accounts for much of our high taxes today."

MINIMUM WAGE UP

The minimum wage under the Fair Labor Standards Act increased to \$1 per hour on March 1. Farmers are exempt from the provision. Neither does it apply to any individual employed within the area of production engaged in handling, packing, storing, compressing, pasteurizing, preparing in their raw or natural state, or canning of agricultural or horticultural commodities for market, or in making butter or other dairy products.

The area of production is defined by the Secretary of Labor, and has an uncertain legal status at present, due to a court ruling it was not valid. The case has been referred to the Supreme Court, which may consider it by the first of May.

This situation had raised a management problem where there would be an increase. Once an increase is made it is nearly impossible to reverse it. Some concerns are considering a wait-and-see policy even though it involves a calculated risk of retroactive wage increases.

The Farm Bill (S. 3183) fight goes into its third week. Some fifty amendments are to be acted upon when the voting starts around March 8.

IN BRIEF

A man of few words but great deeds, Lincoln wrote his complete autobiography, for "The Dictionary of Congress" in 46 words. They were: "Born Feb. 12, 1809, in Hardin County, Kentucky. Education, defective. Profession, a lawyer. Have been a captain of volunteers in Black Hawk War. Postmaster at a very small office. Four times a member of the Illinois Legislature and a member of the lower house of Congress."

Soon after he became President, Abe Lincoln began to grow a beard, and the story comes down to us that he did so because of a little girl who admired him. She told him that his face "looked so sad and thin without some whiskers."

Lincoln's humor usually packed a point and a punch. . . . Commenting on bigoted attacks on foreign-born people in our land, he observed with a wry smile, "I know a man who wanted to be born in America—but his mother wouldn't let him."

Upon one occasion, Abraham Lincoln heard his son bragging about his mother's ancestors. Observed Old Abe, "I don't know what my grandfather was—I am much more concerned to know what his grandson will be!"

A record ratio of one doctor for every 730 persons in the U.S. was reached during 1954, thanks to the graduation of the largest class of physicians in history and continued expansion of the nation's medical schools.

NEW WESTMINSTER SCHOOL

(Continued from First Page)

to schools, a detailed statement of all school indebtedness, and requested that the Committee make its own study with particular reference to the adequacy and suitability of the proposed site for the new school, the building plans as they had been projected by the architect, the desirability and necessity of a new Senior Auditorium, and suggested that contact be made with the Superintendent of Schools, the architect, the Westminster High School Principal, the Chairman of the Building Committee appointed by the Board of Education, and with all known citizens who had lodged a protest against the construction of a Senior High School Building on the County Home site, as well as any other interested citizens, organizations or groups, in the discretion of the Committee.

No civic group has ever worked with greater zeal and interest than did this Committee. The membership selected Mr. Richard H. Richardson as their Chairman, and the County Home site, and every other probable location for a new school building were visited and studied, costs and pupil population trends were considered, and finally on Monday, Feb. 27, the Committee of 11 members unanimously joined in a report and recommendation to the County Commissioners.

This recommendation was that the County Commissioners purchase 32 acres of land from the Albaugh-Babylon Grocery Company located adjacent to Carroll Street in the west end of the City of Westminster, and extending towards Pennsylvania Ave., for the total price of \$99,200.00, which was arrived at after a long period of negotiation with the officers and directors of the owner corporation. The Committee set forth in its recommendation its numerous reasons for the selection of this property, and after several consultations between the County Commissioners and the Superintendent of Education, the Commissioners decided on March 2 to accept the Committee's recommendation and forthwith proceeded to secure an option to purchase this property. A joint meeting of the Board of Education, Superintendent of Schools, and the County Commissioners then immediately was scheduled to be held next Friday, March 9, for further discussion and consideration of the whole problem.

It seemed to be the feeling of all the members of the Advisory Building Committee that the practice, so long adhered to by our County, of providing new school facilities throughout the County to accommodate only the pressing needs of the present should be abandoned, and that when a new building is authorized and constructed it ought to be of sufficient size to insure against the necessity for the further construction of extremely costly additions almost immediately.

This practice was discussed with Mr. Jenness, Superintendent of Schools, after the receipt of the Committee's report, and he advised us that the present school population in the several Westminster Schools is 2344 pupils; that by Sept., 1958, which probably is the earliest date that a new school could be ready for occupancy, an additional facility comprising at least thirty classrooms will be required to relieve the present conditions of overcrowding and to comfortably accommodate the prospective student body in Westminster at that time. Therefore, it is the purpose of the County Commissioners to make known to the Board of Education at the joint meeting to be held Mar. 9 that they are willing to make available the necessary funds not only to build a school that will adequately house the number of pupils expected to be in attendance in Sept., 1958, but a school of sufficient size to take care of our needs for a reasonable period thereafter. This should then make it unnecessary to attempt the construction of other additions to the present Westminster school buildings.

In line with the suggestions of the Committee, the Commissioners are of the opinion that an Upper Elementary-Junior High School should be constructed on the Albaugh-Babylon site, and that there then will be sufficient land left for the construction of a new West End Elementary School when needed. The Superintendent of Schools concurs in this opinion, and will cooperate fully in making provision for the needed facilities in as economical a manner as is possible.

There appears to be a number of advantages that will accrue to the benefit of the County if such a plan is followed. The suggested location will make it possible for more pupils to walk to school, thereby eliminating transportation congestion and costs; the high school equipment presently located in the existing building will not have to be moved; a fixed seat auditorium, similar to the one in the present building would be eliminated; all utilities, particularly water and sewer connections, are readily available; according to the architect's estimates, the sum of \$50,000.00 will be saved in providing an adequate combination auditorium and gymnasium, instead of an additional auditorium with fixed seats; the sum of \$15,000.00 will be saved in excavation costs over the site at the County Home; the sum of \$25,000.00 to \$40,000.00 will be saved by being High School to the City sewerage system, since it would cost \$25,000.00 to make provision for sewage disposal on the land at the County Home, and the sum of approximately \$40,000.00 to put in the necessary pumps and sewer lines from the County Home site to the City lines.

It is the desire of the County Commissioners that the citizens and taxpayers of Carroll County be made familiar with the plans as above outlined, and the Commissioners are not at all unmindful of the pressing school needs in many other sections of the County. Appropriate planning is in process, in collaboration with the Superintendent of Schools and the Board of Education, for such new school facilities as now appear to be needed elsewhere within the County.

Is 12c Asking TOO Much?

IF the Cambridge Rubber Company is able to pay —Then we of Local 468—UNITED RUBBER WORKERS, AFL-CIO believe it is a fair request.

According to the most recent official information the *Average Weekly Earnings in Manufacturing Industries was up to \$78.36—\$4.39 a week above January, a year ago.

Locally—the average is about \$51.00.

12c hourly would raise this average to \$56.00 which would yet be far below the National and State levels.

According to available reports Corporations have fared pretty well in 1955 (about 37% increased earnings.)

There is no evidence that Cambridge Rubber Company has not, also, had its share of these prosperous times.

Should not the employees expect similar treatment?

No one would suffer—the whole community would benefit from the increased buying power.

WITH OUR ARMED FORCES

Army Pvt. Ronald A. Phillips, son of Mr. and Mrs. Arthur P. Mundorf, Rt. 2, Littlestown, Pa., is scheduled to leave the U. S. for Germany late in March as part of Operation Gyroscope, the Army's unit rotation plan.

Pvt. Phillips Unit the 25th Signal Battalion, now stationed at Fort Devens, Mass., is replacing the 40th Signal Battalion in Europe.

A member of the battalion's Company A, he entered the Army in October 1955 and completed basic training at Fort Jackson, S. C.

FILE EARLY

C. I. Fox, District Director of Internal Revenue, today again urged taxpayers to file their income tax returns.

Mr. Fox said to date only 600,000 taxpayers had filed, out of approximately 1,650,000 due by April 16th. Processing the balance of returns due throws a tremendous work load on the office if taxpayers wait until the last minute.

Taxpayer assistance days are Mondays and Fridays, 8:30 a. m., to 5 p. m., at 222 E. Redwood St., Baltimore. Tuesdays, Wednesdays and Thursdays a fewer number of agents are on duty.

In addition, telephone information is available at the same hours if you are preparing your return at home. Call Plaza 2,8460 and ask for Tax Information Service.

The final date for filing is April 16, as April 15 falls on Sunday. Mr. Fox asks the taxpayer not to wait until the final day.

WESTMINSTER YOUTH FELLOWSHIP

The meeting of the Westminster Youth Fellowship was called to order by President Koons on Monday evening. Walter Plank read and explained the Scripture. The group was led in prayer by Rev. Galambos. The minutes were read and approved, followed by the treasurer's report. A motion was made that Mr. Paul Snyder be thanked for his donation; also a motion made to have a paper drive. The meeting was then adjourned. Present were 14 members and 1 guest.

POSSESSIONS

The real measure of our wealth is how much we should be worth if we lost our money.—J. H. Jowett

Man, made in His likeness, possesses and reflects God's dominion over all the earth.—Mary Baker Eddy.

There are two things to aim at in life: first, to get what you want; and after that, to enjoy it. Only the wisest of mankind achieves the second.

—Logan Pearsall Smith

FAITH

When you take each new day As a gift from above,
To enjoy ev'ry way
To make fullest use of,
And let go of the past
Its mistakes and its grief,
To the present hold fast:
You'll affirm your belief
In the future—the way
Of God's plan and His love—
When you take each new day
As a gift, from above.

—Carl C. Helm.

FEESERSBURG

(A Voice from Carroll)

Spring isn't round the corner because it arrived today with 70 degree temperatures and spring birds with a song in their hearts proclaiming that although it is the beginning of March and we may see some more of winter weather, definitely spring has one foot in the door. After a very dull and cold winter, not only the birds will welcome spring but every two footed and four footed animal will be happy to get out in the warm sunshine. Already smoke signals are visible in the sky as people clean off their garden plots and burn the trash. Seeds are in display in the stores and we have already bought some rose-bushes and planted them. The urge to be out and digging in the ground must be a hangover from prehistoric times because even the apartment dweller in a large city has the same urge when "spring comes round with rustling shade and apple blossoms fill the air. But they have to do their digging in a flower pot or window box. We are warned each spring not to over-plant because along about July our enthusiasm starts to wane and we wish that our garden was about the size of a large flower-box or less. It is so easy to stick things in the ground, but when its time to weed and hoe and sometimes carry water to keep the plants alive then the true gardener is separated from the amateur.

Any woman who feels that preparing meals is drudgery and that it takes up too much of her time can take off her apron and spend almost all of her time in other parts of the house other than the kitchen. For today's housewife can buy a completely precooked meal in the freezer of her favorite store. But there is a flaw in all this work-saving set-up. A recent survey discloses that a family of four using home-cooked meals can eat for \$4.90 per day. If all the foods are pre-cooked and pre-baked, the daily food cost is \$6.70. So if the woman of the house prepares her own meals she saves \$1.80 per day. The consumer must remember that she pays for all the packaging and preparation of pre-cooked meals. This is the main reason why food remains high while the farmer gets less and less of the consumer's dollar. Not that we object to prepared meals and foods from the grocery store. Indeed we use them whenever it is more convenient than preparing food ourselves. But we would not care to eat them day after day.

Although we are one of those women who thinks too much time is spent over the stove, we get tired very quickly of frozen foods, and in the long run prefer home cooked meals.

It looks to us like money is no longer the root of evil—oil has taken its place. With Congress up to its ears in too much oil lobbying and the Middle East ready to go to war over oil, it looks like some one is bound to get oiled. This may sound somewhat flippant in writing about a grave matter, but sometimes one has to be frivolous to keep one's temper. Congressional morals seem to have become so lax that our leaders cannot remember whom they are elected to serve—the people or the lobbyists.

Did you know that Maryland was third in the Nation to pass last year's Christmas seal sale? On January the 26th, the combined seal sale of all Maryland Associations passed the 1954 final figure by \$2500. A generous and understanding public has again demonstrated its willingness to join in a fight against a common enemy.

While we are on the subject of organizations this column would like to salute the people of Carroll County for the splendid work of a new group called the Society for Retarded Children. It is a heart-warming example of how people can help themselves and each other when banded together for a common effort. This organization has made amazing headway in a short time and its work is so vitally needed here in our county. We hope every citizen will lend its support to this energetic group.

He accepted his defeat like a man—he blamed it on a woman.

When we voiced our dissenting view on high school basketball last week we felt we had stuck our neck out, but we

were agreeably surprised to learn that many parents share our view and even some teachers. Naturally there are some parents who share their children love of the game and they most certainly have a right to their opinion. But for all parents and students there comes a time for a rest and with the game at Western Maryland College on Saturday completed the basketball will be put on the shelf until next fall. Amen.

For those parents with a girl or boy planning to enter college there is an interesting test in "This Week" Magazine. The test is designed to determine whether a student should enter a large or small college. Since this question has been argued about for a long time with no satisfactory answer, the article in the Sunday Sun makes interesting reading. The test itself is revealing and will no doubt help parents to determine whether their child will be better served by attending a small college or a large University.

I salute you. The gloom of the world is but a shadow. Behind it, yet within our reach is joy. There is radiance and glory in the darkness, could we but see—and to see we have only to look. I beseech you to look. Life is so full of meaning and purpose, so full of beauty, beneath its covering—that you will find earth but cloaks your heaven. Courage then to claim it; that is all! But courage you have; and the knowledge that we are pilgrims together, wending through unknown country toward home. And so, at this Lenten season, I greet you—with profound esteem and with the prayer that for you now and forever, the day breaks and the shadows flee away, Fra Giovanni, A.D. 1513.

Would you like a good Lenten dish? Cook one package of frozen broccoli. Drain, arrange in buttered casserole. Bone one precooked chicken and lay over broccoli. Pour white sauce over top and top all with buttered crumbs. Bake in moderate oven one half hour or longer. Serve with a crisp salad and hot rolls. Make a double recipe and invite me lunch. Ruth Roelke.

MARRIED

MYERS — SHIPLEY

Richard Ivan Myers, son of Mr. and Mrs. Ivan Myers and Anna Mae Shipley, daughter of Mr. and Mrs. Donald S. Shipley, of New Windsor, R. D. #2 were quietly married Friday evening, February 24, 1956 in the Lutheran parsonage in Uniontown by the Rev. Donald Warrenfeltz. The couple will reside for the present at the home of the bride's parents.

HERRING — GASTLEY

Lloyd L. Herring, of near Emmitsburg and Mary Frances Gastley, of near Gettysburg, exchanged nuptial vows in a quiet wedding ceremony before the Rev. Donald Warrenfeltz, pastor of the Uniontown Lutheran Parish, Saturday, Feb. 25.

CARBAUGH — WARNER

Baust Church was the scene of a pretty wedding March 3, at 2 p. m., when Marie L. Warner, daughter of Mr. and Mrs. David Warner, Route 5, Westminster became the bride of Raymond Earl Carbaugh, son of the David Carbaugh of near Taneytown. The maid of honor was Mrs. Richard Airing, sister of the bride and Mr. Airing was bestman. The double ring ceremony was performed by the Rev. Donald Warrenfeltz, pastor of Baust Lutheran Church. The bride wore a dress of tourquoise with matching accessories. The groom is engaged in farming with his father. The newly weds will make their home in Mayberry.

CONDITIONS DRY COWS

for MORE MILK after calving

If you're not feeding your dry cows a good dry cow ration, you'll probably help yourself two ways by feeding Purina D & F Chow for 60 days before calving. 1. Cows will be in better condition... will calve and clean easier with less udder cake. 2. The extra condition will make up to 2,000 lbs. more milk per cow in the next lactation.

OUR FARM—ADVICE TO FARMERS—

For many years I have wanted to say
The things I am telling you today;
So, take my advice—(advice is free);
And be the man God wants you to be.

Whether you are a renter or own your home,
Remember this, God oversees the loam;
So, to make Him your partner you should do
If you would have your dreams come true.

Nothing on earth has greater charm
Than rural life—a life on the farm;
For many years, I took a small hand,
And still am a lover of the land.

My grandfather's farm was one of the best—
It is true, he worked hard, but God did the rest,
He sent the early and the latter rain
Which made him bushels of golden grain.

There were seasons when the raindrops did not fall;
So, He sent the dew, to take place of them all;
He had only one corn crop failure in 50 years;
God always seemed to take care of the ears.

So I say, make Him your partner, wherever you are,
Fertilizers are good; but don't go far,
When the raindrops have ceased to fall,
Its He who makes and sends them all.

The chemist can make a grain of wheat,
Which, in every way, seems to be complete;
But, if you plant it, it will not grow
Because God is not in it to make it do so.

Our farm was located at the north end of Taneytown;
And, in some respects was a place of renown;
The women of the town did their wash at the creek;
So, at noon, in our cornfield, their lunch would seek.

But, of such demeanor he did not complain,
For he knew it was God who gave him the grain;
Four times each day his voice could be heard
Giving thanks to God for things which occurred.

If I had more space I should like to tell
Of things on the farm I liked so well;
It just seemed as if God stood there each day
Causing things to come our way.

Each winter he would butcher a steer,
And its tallow made candles for the year;
And, among the viands, we all loved so well,
Were oysters he bought by the barrel in the shell.

Few other farms in the country, I understand,
Have had so few tenants in command;
The Indians were there, shortly before he came,
So for many years the fields lay the same.

Each year he would cut down trees he would need;
And, instead, plant corn, many mouths to feed;
He followed that custom year after year,
Till most of the fields from trees were clear.

On one 8 acre plot no trees could be found;
That spot he always called "the new ground";
It was there those who did their wash at the creek
Used to pay weekly visits their lunch to seek.

In that field stone-hammers and axes he found
When he turned the sod on the new ground
The last of the Indians were beginning to flee
But some still had wigwams near Monocacy.

On Saturdays, when my father was a boy,
"Shooting mark" was a game the Indians would enjoy
They were skilled archers and did not cease
To hit the center of a ten-cent piece.

There is one thing more of which I must tell;
That is about the fruit trees I liked so well;
We had beautiful trees of every kind,
And pumpkins and watermelons red to the rind.

In one field an old "grindstone" apple tree stood,
And the taste of those apples was surely good;
They were of a bronze color, the taste was sublime;
So, to get those apples, the tree we would climb.

In another field stood a huge persimmon tree;
After the frost, its fruit also tasted good to me;
Many opossums there could be found
Eating persimmons which fell on the ground.

When one approached, they acted as if dead;
But they were only pretending, people said;
They are just as cunning as can be,
And always pitch their tent near a persimmon tree.

Two lovely trees bore fruit early in July;
From them we got our harvest apple-pie;
The apples were pea-green, mellow, and part sweet,
Good for cooking, and delicious to eat.

Another big tree I remember quite well—
On it the turkeys and guineas liked to dwell;
It was a purple mulberry tree
And its fruit was as delicious of fruit can be.

A big tree stood close by the kitchen door,
And on its branches many figs once bore;
We also dug peanuts out of the ground
And their flavor was also good we found.

Chestnuts, shellbarks, walnuts, everywhere grew;
And, just where to find them, every boy knew;
We would put them on piles to dry in the Sun,
And, in winter they were relished by everyone.

This is a brief story of my life on the farm
In those early days it was my chief charm;
Modern dainties had not come to take the place
Of things we then had to delight the race.

The poem may be tiresome to some of you;
But, it tells others, how people used to do,
God then seemed to be closer to earth,
And life was peaceful and full of mirth.

MARYLAND WILDLIFE

Prepared by the MARYLAND GAME & INLAND FISH COMMISSION

SKUNK

(Mephitis mephitis)

Sometimes called "polecat" and also "wood pussy."

RANGE: Is found from Lower Canada to southern Florida, excepting in parts of coastal plain; inhabits dry and wet lands, where there is soil suitable for digging out their food; found throughout Maryland, only recently however, on lower Eastern Shore.

DESCRIPTION: Length about 30 inches including tail; average weight will be around 6-8 pounds; either all black or black with conspicuous white stripe down the back, ending on tail; known best by and for its very strong scent; amount of white is variable. Species integrate in Pennsylvania and Maryland.

BREEDING: Mates last of February and March; male remains away from family until about July after young are partly grown. Young number from 4 to 10, born

naked, and blind for about three weeks.

HABITS: Analyses shows over one third of food is insects; perhaps a fifth of diet is berries and fruits; eats turtle eggs, bird and chicken eggs; also destroys mice. More or less nocturnal. The skunk is a slow mover and generally minds his own business unless disturbed. Has few enemies due to its defensive weapons, the spraying of an oily, smelly substance, the odor of which it is almost impossible to eradicate.

MANAGEMENT: None; while the fur at times is of some value, no attempt is made to raise in captivity, probably due mostly to its odor and action when aroused.

VALUE: Valuable for its fur, and also for its destruction of injurious insects and some small rodents.

Jesus on History

Lesson for March 11, 1956

HALF way through a movie you may see people getting up and walking out. That does not necessarily mean they are disgusted with the picture. It's just that they came in right there in the first show. "This is where we came in," they say, and they don't care to see the second half of the film twice. (Query, by the way: Is a movie, or a book, that isn't worth seeing or reading twice, worth seeing at all?) In ancient times, the learned Greeks thought that history was like a motion picture shown over and over again. Dr. Foreman If a man lived long enough he could see history repeat itself, they thought. The diagram which to the Greek mind best represented history would be a circle. Fly, moth or man, going around in circles will never get anywhere. History, the Greeks thought, is like that. It moves, but it never gets anywhere.

History Goes Somewhere

The Bible's view of history is a different one. History is more like a straight line than a circle. "Straight" line is too simple. If you will read the book of Judges in the Old Testament you will find a line of history that goes uphill and down in dizzy succession. But crooked or straight, it is a line going somewhere. On a circle, you pass a given point. Now, after you have passed that point, are you getting farther away from it as you move, or are you getting nearer? The answer is both, of course. Now if history is a kind of circle, then if you ask the question: Are we getting farther away from barbarism? is the world getting better at all? The answer will have to be: it doesn't make any difference. We are farther from that period of barbarism through which we last passed; but we are getting closer to the next period of barbarism. History, bad and good, will repeat itself.

Now the Bible, and Jesus especially, have a different view. The world is moving away from a past that will never happen again. It is moving, we are moving, toward a future that has not yet happened and will happen only once. The course of history is not like a toy airplane that buzzes around and around, captive on a wire; but like a real plane that soars swiftly to its distant port.

History Keeps Going

Human history will have an end, so far as this earth is concerned, some day. (Of course no human being's final destiny would be ended even if the whole human race were destroyed by H-bombs. But we are talking about history on this green planet.) But it is a mistake, as Jesus pointed out, to jump to the conclusion that we are living in history's last chapter. "The end will not be at once," he said. Many times men and women have been sure they knew the end of the world was at hand; but they have always been mistaken. There is a theological seminary which was built by contributions from the churches which it serves. But there were some churches back when the seminary was built, that would not contribute. The end of the world is too close, they said, to be wasting money on brick buildings. It is never wise to refuse to build for tomorrow, for it is never wise to assume there isn't going to be a tomorrow. History is going somewhere; but it will not reach its destination "in nothing flat."

The Goal of History

Where is history going? The Christian answer is: Toward the reign of the Lord Jesus over all mankind. Jesus taught his disciples to look forward to one event above all others: his coming again. Now the Christian church from earliest times has had various ideas about how and when Christ's Coming will be, and what it will mean in detail. But surely no Christian can accept seriously the idea that history just goes on and on, a line that has no direction and no end. God and evil are in conflict: must we believe that this war will never end? On the contrary, Christians are united in believing that what Christ bade us hope for will come true, and indeed many Christians believe that it is beginning to come true now; namely, that God in his own time will bring our time to an end, that soon or late as we count it, but surely, the Son of Man, in power and glory, will be Lord of all.

WOMAN'S WORLD

Textured Cottons Make Best Fashions For School Girls

PLANNING to make dresses for young fry for the holidays? Your wisest choice, and most fashionable one, as well, will be textured cottons because their easy to sew as well as practical and wearable.

Using Two Fabrics
Denim is an outstanding success for young girl fashions, and rightly so because it takes wear and always looks neat. These are featured in dark colors and you can add touches of white to collar, cuffs and pockets to liven them.

The use of two fabrics or two designs in the same fabric are very fashionable. Striped denims, for example, are very effective with plain shades, or they may be used with plaids. Brown denim is very new this season.

If you're planning on a plaid dress, two plaids are fashionable.

It looks like jersey, but this Sanforized flannellette has none of the jersey's stretchiness and has the added virtue of not shrinking when washed. Beige-colored, it is brightened with vertical, inch-wide stripes of red and green in regimental fashion.

Light, small plaids are used for yoke treatment, a rib hugging bolero or a contrasting skirt trim.

Brushed Cottons Popular
Brushed cottons are making news whether they're called suede cloth or flannellette.

One of the outstanding brushed cottons looks like knit jersey, and is especially good for every day dresses that go to school and look neat and efficient. Several of these feature small broken check designs while others snow plaids and geometrics.

Sprigged flannellette show up beautifully in nightgowns and pajamas, of course, while blouses and coveralls may be made of the plain styles.

Style Garments Properly
When sewing anything for the youngsters, make certain the clothes are designed for action. A too tight waist, binding sleeves or neck are very uncomfortable and impracticable. Choose material with a firm weave so it can take hard wear but have it flexible enough for rough and tumble action.

Bear in mind the growing rate of the child, but do have the garment fit so that the youngster does not look cumbersome and awkward.

Festive Pudding For Holiday Feast

Steamed puddings are traditional for holidays, but many homemakers have given up the idea in recent years because the preparation was so time-consuming and involved.

The idea is a good one, however, and especially so when you can prepare the pudding easily. Here's one made with chopped, dried figs and grated rind which saves much time:

- FIG PUDDING**
(Serves 6-8)
- 2 cups chopped, dried figs
 - 1 1/2 cups milk
 - 1 cup butter
 - 1 cup sugar
 - 3 eggs
 - 1 1/2 cups sifted, all-purpose flour
 - 2 teaspoons baking powder
 - 1 teaspoon salt
 - 1 1/2 cups soft bread crumbs
 - 1 teaspoon grated lemon rind
 - 2 tablespoons grated orange rind

Cook figs and milk in top part of double boiler for 15 minutes. Cool. Cream butter, add sugar and beat in eggs. Add fig mixture. Mix and sift dry ingredients and combine with bread crumbs and fruit rinds. Add to first mixture. Pour into well-greased 2-quart pudding mold and steam for two hours on a rack in a closely covered kettle. Serve with:

- Honey Hard Sauce**
- 1/2 cup butter
 - 1 cup confectioners' sugar
 - 1 teaspoon lemon juice
 - 2 tablespoons honey

Cream butter and gradually add one-half the sugar. Add lemon juice and honey, and remaining sugar. Cream thoroughly until well blended. Chill slightly before serving.

MEETING OF THE LADIES' AID SOCIETY

The regular monthly meeting of the Ladies' Aid Society, of St. Paul's Lutheran church, Harney, met Tuesday evening, March 6th. The president, Mrs. Earlington Shriver called the meeting to order.

The meeting was opened by singing two songs, "There is a Green Hill far Away" and "Angry Words! O Let Them Never." The scripture was read by Mrs. Wesley Mummert from the 1st Psalm, followed with prayer by Mrs. Nevin Ridinger.

The minutes of the last meeting were read and approved, followed with roll-call with 25 members present. The payment of dues was then accepted by the secretary, Mrs. Clyde Frock gave a report of the banquet served to the Tany Lodge No. 28, I. O. O. F.

A report of the apron social was given which was a very great success. The Society wishes to thank all those who contributed. A hobo social will be discussed at another meeting.

It was discussed of selling stationery with the picture of the church on it.

The covered dish social will be held March 13th, at 6:30 o'clock in the parish house. The committee decided there would be no menu, anything brought would be alright. At this social the capsule sisters will be revealed and a new one taken. The society decided that the capsule sisters give only two gifts in the next year, for birthday and St. Patrick's day, not over a 50c gift each time. Any member who does not have her name in the capsule sisters and wishing to have her name in, please contact the secretary, Miss Treva Ridinger by March 13th.

The chairman of the flower committee presented a bill which was ordered paid.

The program committee for the next meeting is as follows: Mrs. Marion Haines, Mrs. James Hall and Mrs. David Hess, Jr.

The following program was then given, solo by Brenda Hess, "I Washed My Hands This Morning", a duet by Brenda Hess and Bonnie Bowers, "Jesus Loves Me." The meeting was closed by all repeating the Lord's Prayer.

CARD OF THANKS

I wish to express my sincere thanks and appreciation to all my relatives, friends and neighbors who so kindly remembered me with cards, flowers, visits, gifts and the comforting prayers while I was in the hospital and since my return home; also to the Fire Company for the use of the ambulance and the drivers. Your many acts of kindness have been very much appreciated. May God Bless you all.

ONE GREAT HOUR OF SHARING

On Sunday, March 11, thousands of our Protestant Churches will observe "One Great Hour of Sharing", highlighting the United Appeal for overseas relief and reconstruction.

Hundreds of millions of pounds of food, clothing and medicines—including U. S. surplus commodities—will go to victims of war, disaster and famine in many parts of the world through this great American voluntary overseas relief effort expressed unitedly.

In this sharing through their houses of worship with needy persons throughout the world, our people strengthen the bond of brotherhood and friendship that unites all peoples for peace and good will among men, bear witness to their religious convictions and keep faith with traditional American compassion for those buffeted by circumstances beyond their control.

Ever wake out of a sound sleep to an emergency call?

No need any more to stumble and fumble your way downstairs to the phone. Get yourself a bedside telephone extension with an Illuminated Dial. The dials on these phones are softly lighted (they light up when you lift the receiver) so you can dial your number in the dark, without even turning on a lamp. Costs only pennies a day.

To find out about extension telephones of all kinds, call your Service Representative at the telephone Business Office. She'll be glad to answer your questions and take your order, too.

ARE
WOMEN
SMARTER
THAN MEN?

One might get into trouble answering a question like that—but we will say that these days many of them know as much about banking procedure as men do (sometimes more). Women make good loyal customers—and we appreciate their patronage.
