## MEETING OF MAYOR AND CITY COUNCIL

The Mayor and City Council held their regular meeting on Monday, Dec. 5. The Council talked over the matter of setting aside the money that is collected from the meters from Dec. 17 to Jan. 1. The money will be given to the March of Dimes. The Council also approved the transfer of \$12,000.00 to the Sewerage Sinking Fund, bringing the total to \$25,000.00 to pay the interest next Feb. and the interest and five—\$1000 bonds next August. The Mayor read the bids for a new furnace at the pump house from Geo. L. Harner and Wantz Brothers and also noticing some difference in the type of furnace bid on. The Mayor was instructed to straighten out this matter. The clerk called the Council's attention to the wish of a representative of the Maryland State Health Department to meet with us before the first of the year, which will probably make it necessary to have a special meeting this month.

The Council also voted to pay to the Chamber of Commerce a donation of \$150.00 to help pay for the Christmas lights. President James C. Myers gave a report from his attendance at the Maryland Municipal League Convention at Annapolis, Nov. 16. Police Chief Robert Kooz, in his report gave us the information that he has given out last month: 81 parking tickets, 3 motor vehicle arrests, 12 motor vehicle warnings, handled 6 complaints, directed traffic for one funeral and one fire.

## PAPER DRIVE A SUCCESS, NEXT ONE FEB. 2

The Scout paper drive by Taneytown American Legion Troop 348 Saturday was a large one. Appreciation is hereby expressed to the people of Taneytown and vicinity for saving their paper, rags and magazines, and to the Cambridge Rubber Company for providing the truck. These collections will henceforth be made regularly on the first Saturday of every other month, the next to be Feb. 2.

## P. O. HOLIDAY RUSH GETS UNDER WAY

### Early Mailing Advised by Postmaster Burke

The Post Office Department predicts that the 1956 pre-holiday mailings will be the greatest in the history of the P. O. Department. This year we have already noticed the increasing flow of Christmas cards, letters, and packages, and the real rush is on.

Many of our patrons have asked how they could be of assistance during the busy Christmas season. Believing that you would like to help, we offer the following suggestions:

Buy your stamps in advance and place them on your cards and letters before putting them in the box for collection. Unsealed cards without writing, other than your name, may be mailed for 2c but they cannot be forwarded or returned to you if undeliverable as addressed. Those bearing the letter rate, 3c can be forwarded or returned if undeliverable, provided they bear your return address. All sealed cards and those containing postage must bear the letter rate of postage. You can further assist by separating your cards for local and out of town delivery. When your cards are ready to be mailed, with stamps affixed, tie them in bundles with all addresses faced the same way and with the stamps in the upper right corner. The Postal Department provides labels free of charge reading "All for Local Delivery" and "All for Out of Town Delivery." We urgently asked every patron to ask for these labels either at the Post Office or thru your rural carrier. In using these labels, for example: all mail bearing the Taneytown address, both town and rural delivery should be placed in the bundle labeled "All for Local Delivery." All others would of course be placed in the "All for Out of Town Delivery" pack.

If your packages are not properly wrapped and addressed they may not reach their destination, may be damaged in transit, or may be delayed in delivery. Select a sturdy container and wrap your packages in good heavy paper and tie with cord or strong twine. Write or print the address on one side only and place your return address in the upper left hand corner. It is a good idea to place a card inside the parcel containing your name and address, just in case the outside wrapper is torn off. If you desire to enclose a letter in the package, be sure to mark on the wrapper, "First class mail enclosed" and pay the postage for the letter in addition to the postage for the package. Valuable packages should be insured. "Do not open until Christmas" or a similar notation may be placed on the outside of the package.

The Post Office will remain open all day on Saturdays the 15th and 22nd, with suspension of money order service at 12 noon on these Saturdays.

Rural patrons are requested to follow the above suggestions in cooperation with their rural carriers. The practice of placing money with letters in rural boxes expecting carriers to affix the proper postage will not be tolerated, particularly during this rush season of the year.

Your earnest cooperation with the above suggestions will be greatly appreciated by your local postal staff, and at the same time, giving your mail the very best of service.

## 4-H CLUB MEETING

The Taneytown Agriculture 4-H Club held their regular 4-H meeting Monday, Nov. 26, at Taneytown Grain & Supply Co. This was their regular Parents' Night, at which time they try to show how their 4-H meetings are conducted.

The officers elected were: president, Rebecca Wilhide; vice president, Mary Ellen Stonesifer; secretary, Marjorie Dickinson; treasurer, Harvey Dickinson; corresponding secretary, Leah Little; reporter, Vesta Null; historian, Betty Stonesifer.

Mr. Carl Shebler, District Forester for Carroll County, gave a talk on Forestry Projects.

A movie, "4-H Work and how it improves farming and home life" was shown by Mr. Richard Clem, assistant County Agent.

Club activities of the year were reviewed, for the benefit of the parents. The awards of the club as a whole, also individual awards won by the members, in district, county and state activities, were reviewed.

The meeting was adjourned and delicious refreshments were served. The next meeting will be held at the home of Rebecca Wilhide, on Dec. 28. This will be the annual Christmas party.

## MRS. MILLER LECTURES AT HIGH SCHOOL

Mrs. Charles A. Miller of Harney, Md., was invited to lecture at one of Mrs. Edmund P. Welker's classes at Taneytown High School on Thursday, Nov. 29. Her topic was hobbies and how to get started in them. Mrs. Miller described the many hobbies she has pursued since childhood and showed examples of her most recent one, the making of Christmas tree ornaments from buttons and old jewelry given to her by neighbors, former friends and schoolmates.

The class joined in a demonstration of how to make an ornament. Mrs. Miller concluded the lecture by urging that everyone should have at least one hobby, not only for the fun of it but for the many other benefits derived.

## CHRISTMAS PARTY

### Kiwanis Club Entertains Wives and Other Guests

Following a sumptuous turkey dinner served by Taney Inn to members, wives and guests of the Kiwanis Club of Taneytown, Wednesday evening, the spirit of Christmas was entered into with a fine program of songs of the holiday season presented by the Glee Club of Mount St. Mary's College, under the direction of Father David W. Shaum. The concert was enthusiastically received by everyone present.

Norman Graham, a member of the local club and the Lt. Gov. for Capital District, Division 9, was presented a handsome silver tray, engraved, in appreciation of the fine work that he has done for Kiwanis. Elwood Baumgardner made the presentation. Eighty persons were present.

## CHRISTMAS SEAL COLLECTION

Christmas seals dating back to 1907 when the movement first began in this country are on display in the window of the Westminster Trust Company, 71 E. Main Street. The window was decorated by Mr. Eltinge Reifsnider for the Carroll County Tuberculosis Association in conjunction with the Christmas Seal Sale which opened November 15th.

The collection, with the exception of seals for four years, was presented to the association by the president, Rev. Frederick R. Seibel. The board of directors commissioned Mr. John E. Myers to mount and frame the collection which is of philatelic value today. It hangs through the year in the lobby of the Carroll County Medical Center and has proved interesting to visitors.

Einar Holbell, a Danish postmaster, first thought of the seal to raise funds for tuberculosis children in Denmark in 1903. In 1907 a few doctors in Wilmington, Delaware, ran out of money while trying to cure eight charity patients. Emily Bissell, a cousin of one of the doctors, thought if Denmark could open its heart to help, America would. Instead of \$300, she expected, Emily Bissell raised \$3,000.

Since this time, it has been estimated, that funds raised through the sale of Christmas Seals have saved over 7 million lives.

Funds raised through the sale of Christmas seals by the Carroll County Tuberculosis Association are used in Carroll County to prevent TB; to teach people how to build and keep good health; to find unknown cases of TB that are spreading infection; to help former TB patients keep well, and to fund through scientific research ever better ways of preventing and treating TB. Citizens are urged to buy and use Christmas seals.

## BOY SCOUT WORK

First aid triangular bandaging and knowledge of sixteen points of the compass have featured Boy Scout meetings of late, and a peanut scramble at the beginning of one evening saw the Raccoons, temporarily captained by Roy Chapman, fined the most and adhere to the rule that patrol members locate and sound their call, but only the leader collects them. The Fox patrol won out in bandaging, but the Panthers, chiefly because of Charles Turner and Roger Blanchard, far outshone the others in a compass dash testing that night's theme.

Last meeting they enjoyed a swim at the "Y" pool in Frederick, for which transportation help was provided by Luther Foglesong. Fred Sherman, patrol leader, took the Foxes on an overnighter to Natural Dam and added another leg to hiking merit badge requirements of George Kreit, Charles Mason, Harold Raab, Donald Reaver, Lee Sherman, and Larry Six. Another swimming meeting is scheduled Friday, Dec. 21.

## BOY SCOUT NEWS

The Boy Scout meeting of November 29 conducted by Scoutmaster, Wilbur O. Thomas, aided by Junior assistant scoutmaster, Harold Slaybaugh, featured some methods of direction finding, mapping and measuring. This theme, introduced by the leader, was detailed by Explorer Scouts Grant Harman, James Hemler, Edward Reaver and Charles Turner and by Boy Scout David Hopkins.

Use of the compass, methods of determining one's pace, a few mapping symbols, and orientating by means of the sun and one's watch were employed. The last-named seemed to be a stickler, which is to be reviewed tonight to see if the explanation and practice were thoroughly absorbed. The principal contest was a recognition quiz on the map symbols, at which many individual members displayed considerable proficiency.

A game of rooster fight was used as a lively and exciting contest for teams that pitted Foxes against Raccoons, with the Panthers lending themselves to both the other patrols. A token prize for patrol corner decoration is to be presented at the next meeting.

## EXPLORER SCOUT PROGRAM

There was no Explorer meeting last Monday, since the hunting season claimed priority for many, and unfortunately the swim at Frederick "Y" will have to be rescheduled because the pool is unavailable Monday. As a result, Robert L. Bowers, Adviser, will present the theme for the regular meeting of December 10, and Carl Hively, secretary, will conduct the game session. Fred Sherman from the Boy Scouts was welcomed as a new member of Crew 2, headed by George Abrecht.

## "SANTA" ARRIVES IN TANEYTOWN DEC. 7th

### Annual "Kiddies" Party on December 14

Santa will arrive in Taneytown tomorrow (Friday) evening at 7:30 p. m. A program including a hand concert will be presented near the square. The stores are well stocked with many items for gifts and following a meeting Monday at Taney Inn the merchants present decided that their stores would present a fine gift to some lucky person. The gift will be displayed in each store and everyone will be eligible to receive this gift that will be given away right before Christmas.

The Annual Kiddies Party will be held at the Taneytown Opera House, Dec. 14, at 7 p. m. The Jr. Chamber of Commerce will provide the hall and entertainment and the senior Chamber will distribute the gifts to the kiddies.

Two free parking lots, provided by the Mayor & City Council, will help the parking situation in Taneytown this year. Use them—they were built for your convenience.

## A LETTER FROM SANTA

Hi—Boys and Girls.

Well, I'm pretty busy these days getting ready for that big trip coming up soon, but I just had to drop you a note to let you know I'm dropping in for a little visit. I'll be down at the Opera House in town on Dec. 14, at 7 p. m., for the big Kiddies Party. I know you've all been good boys and girls for the past year and I'm really anxious to see your happy faces again. Oh, by the way, I've talked with some of my Taneytown Jaycee friends and they tell me that we're going to have lots of Christmas music with almost an hour of Christmas movies to be shown. Won't that be lots of fun?

Yes, all this and then the Taneytown Chamber of Commerce has asked me to distribute treats to every boy and girl there. It really looks like a big time for all, so I'll see you then.

Good-bye for now,  
SANTA CLAUS.

The Potomac Edison Company here has announced the appointment of Mrs. Patricia F. Rocks to their Home Service Department. Mrs. Rocks will be associated with Miss Irene Caton of PE's Frederick District. She will primarily serve the Taneytown District and the Mt. Airy Division of the Frederick District.

Mrs. Rocks is a native of Emmitsburg, Md., where she attended St. Euphemia's Elementary School. She graduated from St. Joseph's High School and later graduated from St. Joseph College, receiving a Bachelor of Science degree in Home Economics and Dietetics.

Prior to joining Potomac Edison, she was associated with the University of Maryland Extension Service serving as assistant home demonstration agent for Anne Arundel County.

Mrs. Rocks has had intensive training in the care and use of electrical appliances and in home lighting and will be able to be of assistance to all homemakers of this area with their home electrical and lighting problems.

## LOCAL DEALER ACCEPTS APPOINTMENT

Appointment of the Reindollar Bros. & Co., 38 E. Baltimore St., Taneytown, Md., as authorized wheel headquarters for Gleason Wheels was announced today by E. A. Smith, Sales Manager for the Gleason Corporation, Milwaukee, Wisconsin, manufacturer of ball bearing wheels for portable home, farm and garden equipment.

In accepting the appointment, Mr. H. I. Reindollar of the local firm stated, "We will not be able to provide wheels for all types of products of the home workshop, as well as workshop equipment. A wide range of sizes available right from our local stocks will fill almost all requirements for the home craftsmen."

"Home workshopers will not be the only people interested in our newly acquired line of wheels," Mr. Reindollar went on to say "The many sizes and styles we now have available equips us to provide replacements for all types of wheels for portable equipment used in and around the home or farm. Just a few of these items are rotary lawn mowers, wheelbarrows, children's toys, garden shopping and golf carts, compressors, dairy carts and other devices generally mounted on wheels and pulled or pushed by hand."

## "SPICE 'N' EVERYTHING NICE"

The beautiful day plus the drive over to "Around the Town" added to the enjoyment and pleasure and enchantment of Carroll County. There is no other county that is more beautiful with the rolling country sides and well kept farms.

First of all, I had a nice little chat with the little (big) Editor! Seeing that faithful girl in the office, too was very nice. I wanted just to browse around the stores and talk with the home folks' again and of course for this Column, too.

I went in the Economy store first and was amazed at the low prices of house dresses and much else.

What I do admire in all the stores is the grand systematic and orderly lay out of all the merchandise which is displayed that one can see at a glance what they really came into buy. This adds to any customer's delight and makes them want to buy more.

The five and dime was next and there are oodles of gifts right in that store. Really, folks the more I brouse around, the more I realized how foolish it is for the town folks to go all the way into Baltimore to shop. Many items in all the stores are even more reasonably priced or at the same price as the big department stores. So you really save time plus bus fare to the big city. I then stopped into see "Frankie" but he was not there and talked with his Dad. Of course, I could not resist a purchase or two from the meat department!

I then walked into Reindollar's Hardware and that store surely was chucked full of Christmas for all ages. Somehow, a lump came into my throat for it was in that store where I used to purchase so much for "Loves' Retreat" both indoors and outdoors.

I was real homesick and really had to leave although I did shake hands with that nice son, Henry. It was right then that I decided not to ride out to the old Homestead!

I then called on Mr. and Mrs. Shaum and examined the grand work of the lady's and it sure does bear close inspection as to the drapery work and covers of the furniture. Truly, they fit like a glove! What I was so surprised about was to see that this store handles that "VELVET-LOID FLAT AND SEMI-GLOSS ENAMELS" (of which I wrote about in a previous column which I saw down at the home show in the Armory). This paint has the lasting Alkyd Base and comes in the most glamorous shades I have ever seen. They are called California colors and there are about 24 of them. To see a chart will convince you.

Those colors are exciting, and unique and I saw it all done in operation at the Armory and I was fascinated as I watched the operation which was filled with simplicity that even a child could use it.

Of course, I could not pass by the Post Office with its "new front do" and seeing that nice Postmaster and his assistant. The interior is such an improvement and it must have pleased that "Uncle Sam"!

Although, I don't eat bread, I could not pass the home-made loaf of Baumgardner's and a "Hello" to the nice clerk. Then I met "Blanco"!

#### GRASS ROOTS OPINION

**WALTERSBORO, S. C., PRESS AND STANDARD:** "We hate to hear any speaker, or an individual, damn minority groups for any condition which might arise. What the individual who does forgets is what this country is made up of minority groups, that this country's greatness has stemmed from the fact that minority groups have been working together for the good of the whole."

**BENTON, TEXAS, RECORD-CHRONICLE:** "... in a long list of elections, where the government-in-business principle was the issue, sentiment against it, as expressed in the vote, has been overwhelming. Socialism is usually imposed on us from above—not by the vote of the people."

**BROOKVILLE, PA., AMERICAN:** "A new long-range flood control program ... to spot emergencies before they become acute and thus forestall disasters in chronically disabled areas, will save millions of dollars in property loss and alleviate human suffering."

**ROSEBURG, ORE., NEWS-REVIEW:** "It takes difference of opinion, difference of policy and political theory to make government. The best government is obtainable when the division between major schools of thought is nearly equal."

**MANCHESTER, TENN., TIMES:** "You can always spot a well-informed man when he talks—his views are the same as yours."

**VESTA, MINN., VISION:** "... of all the bad things that a few hunters do, the thing that makes farmers maddest, is shooting around and towards the farm buildings, and in the direction of livestock or human beings."

(Continued from First Page)

I was amazed that the improvements all around as to fronts and interiors! It was nice to see that Mr. and Mrs. in the Dougherty store on the corner. What a clever arrangement as to the cozy nook where you can rest awhile and right in the window, too! Of course, I had to make inquiries about his brother and his wife.

I then walked over to Dor's and it was delightful to see his nice wife, Linda right there with him. I think it would be most interesting to work in such a store. Really appears as a big drug store in any big city. Eh? (And don't forget Mr. Losink Hair—ask Doc about Cuti-cura ointment and soap which I will guarantee to grow hair on any bald head!)

I visited the two electrical appliance shops and had a chat with those two nice wives.

There were a number who were out to lunch whom I missed but will see them during the holidays.—D.V.

Of course, I entreated "The Blumber's store" hoping to see that lovable Mrs. Harner and sure nuff—there she was!

The Rob-Ellen store was like Christmas with all the gifts and wearing apparel and even to the fancy umbrellas for a gloomy day!

A little "Angell Lady" and I clasped hands and as I walked the blocks there were a number of strange faces which I did not recognize.

However, all bid me the time of day and that is as it should be! And last but not least—there was Mr. Bowers—that nice auctioneer with his grand hand shake!

Folks, I am telling you from experience that I know that Carroll County is much more reasonably priced in merchandise, taxes and much else—no wonder the Folks move back again!

The line of clothes just taken down and brought into the warehouse gives out a delightful aroma which is so homey. Vegetable soup is on this first real cold day and I can remember so clearly when the boys used to come in from school and say, "Oh, gee, Mother it smells so good!" and then walking over to the big preserving kettle filled with soup, they used to raise the lid and take a peek. Just seems like yesterday! The years pass on so quickly and there are no little running feet—all big now with their own families.

Well, Gentlemen, what did you think of that awful wrestling at the Coliseum. The two brothers were like the Katzenjammer Funnies of years ago and as for "Zito"—I thought it was put on for a joke! Eh? It was actually childish. How his partner handled the situation was perfect! Hope you did not miss that big favorite actor of days gone by—Frances Bushman of the silent screen on the \$64,000 question. Your Observer saw him in Philadelphia when I was a little girl and in a movie which cost each one ten cents! He and Beverly Bane were partners in everything they did—even to marriage (which did not last!).

And thinking of actors and actresses—that good looking gal—Ava Gardner is truly acting most foolishly. Appears to this Observer that she still is in love with the man she is divorcing, Frank Sinatra.

Ladies, the French Kid Glove is back again in all colors and this time going over in a bigger way and the prices are big, too!

Those lovely Alpaca coats are selling in every store but there are all grades so don't be fooled by the small price unless you know that they are and have been frightfully reduced. You can immediately be the judge by the fullness, the softness the pile and so on. They are in such lovely shades but the charcoal is decidedly the richest.

If you desire one of those knit suits and you think you are too stout around the hips—just start rolling immediately and that takes inches off in less than a month but you must do it regularly and always same time of day and to the length or time to one playing large record. You will be amazed!

You do not have to go on a strenuous diet just stop eating real heavy meals especially starches such as bread and potatoes and gravies. Take no pills or reducing aids at any time. Thank God for our health! Just refuse that second helping of anything. You will look better and feel better in less than a week. You really are what you E A T!

In the Tuerke store on Lexington street in Baltimore, there is the cutest reproduction of the old-fashioned wall type telephone. As I went into the store to make inquiries about that one was told that it was by R.C.A. radio! When you raise the receiver it starts playing and when you 'hang up' the music stops or the program on the station! The public stands to gaze upon the old-fashioned thing not realizing what it really is.

Mrs. Housewife, hope you are saving those wonderful S&H green stamps from many of the stores around the town. The gifts as I call them (and they sure are) are fabulous. One visit to their gift store will astound you. You can get anything and everything—by just saving those stamps. Be sure when you do have a book full to take along some extra ones which I did and they were put in the few spaces which were needed to complete the book. The lady smiled when she saw that one extra stamp do not bring along any extra and they are so disappointed. Sometimes if they are not properly glued to the page, they fall out even in a drawer where the book is kept until filled.

Well, Folks Your Observer went down to see the display of Diamonds in Montgomery Ward's for this Column. Two policemen were right there plus the young woman to answer questions about the collections.

To this Observer they could have been displayed to better advantage as to lighting affect. There was the huge 75-carat Transvaal Pendant but the color was a brownish and many do not like that. The bracelet (Serpentine) was of the baguette type and worth \$37,500. There were more men than women taking a good look.

Hope you have a grand week-end until next week, D.V. I am,

Faithfully,  
YOUR OBSERVER.

#### IN EVERYTHING GIVE THANKS

Give thanks for the loved of your household;  
Thanks for the friends of your ways,  
Thanks for the neighbors  
Whose love and whose labors  
Add grace to the blessings of days.  
Give thanks for your life as you find it;  
Thanks that there's work you can do,  
Thanks for your health, for  
The wealth of your strength,  
And the courage to battle things through.  
Give thanks for the broad skies above you;  
Thanks for the good ground you tread;  
Thanks for the light and  
The shadows of night; for  
These, all, are your "daily bread."  
—Frank Atkinson.

#### THANKSGIVING

For the boon of life and the duties  
Each day with its dawning brings;  
For the ken of the hidden beauties  
Which dwells in the lowliest things;  
For that sense of ourselves which humbles,  
And checks the condemning word,  
By our side when a brother stumbles,  
We give thee thanks, O Lord.

For the meed of our toil and labor,  
The gifts of thy graciousness;  
For that view which discerns a neighbor  
In each creature in distress;  
For the joys of love and the laughter  
That banishes care away,  
And for faith in the glad hereafter,  
We give thee thanks today.

—W. D. Kelly

#### HEAVEN WAITS

Over all the meadow lowlands,  
Over all the heights above,  
Heaven waits to hear thanksgivings  
From our happy hearts of love.

**CURRENT EVENTS**  
FIFTY YEARS AGO

This week has been decidedly "touched" with winter, and belated farm work will now be a harder task than ever.

Wm. Gilliland of Port Arthur, Texas, who recently accompanied his father's body to Taneytown, for burial, left here last Saturday to visit places in Pennsylvania and New York, after which he will return home.

Mr. Gilliland was a student at Mr. McKinney's school, about twenty-eight years ago, and has lived in Texas for twenty-seven years.

(Advertisement) Hessons' Department Store. We are ready for Christmas with the largest stock of Holiday Goods of every description, ever shown. Toys, dolls, books, china and glassware, sleds, iron toys, pictures, mirrors, lamps, vases, rugs, Bibles, Testaments. P. S.—All millinery goods sold at reduced prices. D. J. Hesson.

The Mayberry Sunday School Christmas entertainment will be held on Christmas night December 25th.

The Christmas entertainment of Keysville Union Sunday School will be held on the evening of December 26th.

Baust Church Union Sunday School will hold Christmas exercises on Dec. 26, at 7 p. m.

Angell-Troxell.—On Nov. 13th, 1906, at Westminster, by Rev. P. H. Miller, Mr. Herbert Angell and Miss Ada Troxell, both of Detou, were married.

Staley-Staub.—On Nov. 22, 1906, at the Reformed parsonage, Littlestown, by Rev. F. S. Lindaman, Mr. Samuel T. Staley, of near Harney, and Miss Retta E. Staub, of Greenville were married.

Myers-Hull.—On Nov. 29, 1906, at the Reformed Parsonage, Silver Run, by Rev. J. Stewart Hartman, Mr. Harry M. Myers, of Tyrone and Miss Mary S. Hull, of Mayberry were married.

Hoffman-Crouse.—On Nov. 29th, at the Mt. Joy Parsonage, by Rev. W. G. Minnick, Mr. Daniel Hoffman, of Harney, and Miss Jennie Crouse, of Frederick County were married.

There were received at the office of the Clerk of the Court, for record, during the month of November, 1906, 58 deeds, 15 mortgages and 6 bills of sale, 34 marriage licenses were issued.

**MEETING OF WOMEN'S GUILD**

The Women's Guild of Grace Evangelical and Reformed met Nov. 1 in the Parish House. The program was in charge of the Missionary Education committee, Mrs. Harold Anders and Mrs. Clyde L. Hesson, co-chairmen.

The program opened with the boys quartet singing, "Lord, I Want to be a Christian" accompanied by Mrs. Marian Rue. The boys in the quartet are: Paul Andreas, Victor Welty, Wayne Hively and George Rue.

Everyone joined in singing, "From Ocean Unto Ocean" with Mrs. George Motter as accompanist. Mrs. Harold Anders led the responsive reading, Psalm 103, followed by the prayer by Mrs. Morgan Andreas, Kenneth Reifsnider sang a solo, "I Walked Today Where Jesus Walked" followed by the Women's Chorus singing "Pilot Me."

Mrs. Hesson introduced the Rev. Mrs. Mary T. Williams, who is at present living with her husband and three daughters in Philadelphia, Pa. She has been graduated from Haddenfield N. J. High School, Hood College and Yale University Divinity School. She was ordained to the Christian ministry with her husband in 1950, in a joint service. At the same time they were commissioned by the board of International Missions of the E. & R. Church to serve under the United Church of Christ in Japan, with special responsibility to teach English at the church related colleges in India. She was a part time instructor of English at Miyagi Girls College in Sendai from 1950-55, however, 1951-53 were spent in the study of Japanese language. She worked along with her husband in a new Student Christian Center in Sendai, and helped young mothers in church groups.

Mrs. Williams was attractively attired in an authentic Japanese Kimono and wore the native clogs on her feet. She took us on an imaginary trip where we met some of the interesting people that had helped her in Sendai. To further illustrate her message she showed colored slides of the city of Sendai, the churches, the Christian Center, her own home while there and the scenes of daily living, including the busy city streets, the life of a well-to-do farmer and the lovely country side surrounding Sendai. She was well received and was very happy to answer any questions concerning the life of the people in Sendai. She had on display many articles which had been brought from Japan. These included Japanese art, chopsticks, a model Japanese house, hand-made dolls and books which had been given her children.

The organization was indeed fortunate in having such an interesting speaker and were happy to have with us people from the following church Missionary Societies: Trinity Lutheran Women's Group; Trinity Lutheran Mission Circle; Emmitsburg Reformed; Baust Reformed Women's Guild; Piney Creek Presbyterian; Keysville Lutheran; Keysville Reformed; United Brethren, Taneytown. It was pleasant having so many visitors and we hope they will come back again.

**THE 1957 FORD**

DEARBORN, MICH.—The first revolutionary new idea in automotive design since the development of the closed car 40 years ago was unveiled today by Ford Division of Ford Motor Company. It is a hardtop model with fully retractable steel top which at the touch of a button slides automatically into the car's trunk, accord-

ing to George W. Crouse of Crouse Motor Sales, Taneytown, Md. The functional design of the first automatic all-weather car has resulted in a distinctive appearance previously unattained by any hardtop model. The new car combines the advantages of both a hardtop and a convertible.

Publication today of photographs of a finished model of the Ford Retractable ended nearly five years of secrecy. In that time, Ford's stylists and engineers perfected a design which has been a long-sought goal of the auto industry. The six passenger two door car is scheduled for production starting in January, and it will be sold by Ford dealers. It will be the featured car at the New York Automobile Show opening December 8.

Operation of the Retractable is deceptively simple. An instrument panel button is touched to raise or lower the steel top. Electric motors do the rest in a matter of seconds. But years of research were required to perfect the design. In the testing program, the top mechanisms have been operated approximately 10,000 times, equivalent to 30 years of normal service.

When the driver touches the top button, electric locks are released in the trunk lid and it rises up and back out of the way. Then locks are automatically released in the top, which swings up, back and down into the trunk. The trunk lid closes and locks itself. In 40 seconds, the car has been converted from closed hardtop sedan to an open-air vehicle. To change it back again, the top button needs only to be moved in the opposite direction. For complete safety, the mechanism will operate only when the car's transmission is in neutral and the ignition key is turned to the "accessory" position with the engine stopped.

Mr. Crouse said the Retractable was "another example of the type of advanced engineering, product improvement, and customer benefits which the public can continue to expect from Ford." He cited the introduction of the Thunderbird as a similar advancement.

"Since Ford cars attract larger numbers of customers who want exciting new products, the company is able to design innovations into the Ford line of cars which even the most expensive cars cannot offer today," Mr. Crouse explained.

Only twice during the long development period has Ford officially acknowledged that the Retractable Hardtop was being developed. During 1953, the company showed the press a dream-car scale model of the design idea. Three years later, during Ford's national press show last September a full-scale prototype was shown to newspapermen in Detroit but the company maintained the tight secrecy lid which prevented photographs.

The revolutionary car bears definite family resemblance to Ford's Fairlane and Fairlane 500 series sedans. However, it is three inches longer over-all than are Ford's Fairlanes. The extra length provides rear deck space for the car's flat, streamlined roof which is literally swallowed in the trunk.

To permit nesting a full-width, rigid steel top nearly 90 inches long into the trunk, the designers moved the spare tire under a floor plate in the rear deck, and relocated the gas tank further forward in the deck. Luggage space is in the center area of the huge rear deck.

One design that makes the device workable is a special linkage extending to the front section of the roof. This permits the forward ten inches of the roof to swing back like a flipper, shortening the total length to be stored in the trunk.

Another innovation is the counterbalancing that has been built into the entire top mechanism. It works as easily as the regular Ford's hood and deck lid, which are spring-balanced for easy opening. Small fractional horsepower motors that drive the retractable top require the same amount of current needed to operate a conventional canvas convertible top.

Union Bridge Parish Brotherhood, Dec. 12. Taneytown Boys 4-H, Dec. 28. Mrs. C. E. Priest journeyed to Laurel on Saturday for a visit with her aunt, Miss Stella Scott.

Frederick County Lutheran Churches are having their Evangelism Mission this week. A number of persons from this section are planning to attend some of these meetings.

The In-door Carnival held in and by the Taneytown High School was very interesting. I understand it was quite a success.

Mr. and Mrs. Carl White recently moved into one of the bank building apartments in Detour.

Mr. and Mrs. Kenneth Sharrer, Jeffery and Patricia, recently moved from the Russell Stonesifer farm near Keysville to a farm at Rocky Ridge.

Mrs. Mary Coulson, of Hanover, Penna., spent the week-end with her daughter, Mrs. Arthur Clabaugh and family in Detour.

Carroll Wilhite and Beth, visited the Walter Gills, White Hall, Md., on Wednesday. Mr. Wilhite assisted with the enlarging of the Gill barn. Miss Ada Yoder, Baltimore, returned to Detour with the Wilhites for a visit at Key-de-blue farm for several weeks.

The Keysville-Detour Homemakers Club will hold their monthly meeting at the home of Mrs. Arthur Clabaugh in Detour, on Dec. 12. Mrs. Clabaugh is making plans for this annual Christmas party. Each person attending is urged to bring a Christmas suggestion.

Jane Wilhite spent the week-end with her cousin, Audrey at the Clyde Wilhite home.

Steve Dendis of near Detour, injured one of the fingers on his hand very severely in a corn sheller. Mr. Carlton Flemming is assisting the Dendis family with their chores.

Mrs. Maurice Wilhite, of Detour, has had word from her daughter, Mrs. Harold Norcott, of Ojai, California, that the Church to which she and her family belong is written about in one of the December issues of Life Magazine.

The High School Christian Endeavor of the Keysville Church is showing a movie on Leprosy at 7:30 at the Keysville Church on this Sunday, Dec. 9. Everyone is invited to attend this meeting.

A new building has replaced the one which Upton Dayhoff has torn down on his land at Keysville. This building is off of the road and no doubt will be a great aid in Mr. Dayhoff's getting his car in and out of the garage.

Quite a number of families from this section attended the annual Carroll County Farm Banquet at the Westminster High School on Saturday evening.

Mr. and Mrs. Francis T. Fry, Sandy, Jan, Mike and Lois, of East Avenue in Baltimore, were dinner and supper guests of her mother, Mrs. Maurice Wilhite at her home in Detour, on Saturday.

Mrs. Carroll Wilhite and Miss Ada Yoder made a brief call on Mrs. Bessie Myers at her home in Detour, on Friday.

Mrs. Coral Cover, Detour, had made plans to accompany her daughter, Mrs. Monroe Pfoutz and Mr. Pfoutz and others to the mountains in Penna. Objective for the men—deer.

Rebecca Wilhite, daughter of Mr. and Mrs. Clyde Wilhite, near Keysville, was elected to the presidency of the Taneytown 4-H Club. This club has changed the regular meeting time for December from Dec. 24 to Dec. 28.

Plans for the Evangelism Mission at the Keysville Lutheran Church are being made. Lloyd Wilhite is the chairman of the committee. Rev. Jas. Hilton is to be the Missioner for Keysville.

Christmas is coming. For quite a while now the Christian Endeavor at Keysville has been saving stamps from envelopes and sending them to a lady near Towson. This gives this lady, whom we know about through Miss Merle Yoder, librarian at State Teachers' College, some worthwhile occupation. This lady, who I believe is called Mrs. Baynes, removes the stamps very carefully, then sends them to Veterans' Hospitals. The veterans then exchange the stamps with foreign countries, thus providing "something to do" for the veterans. The veterans have to have a million stamps before they can make an exchange. Mrs. Baynes is paralyzed. Christmas cards will make a lot of used postal stamps. A goal of 10,000 stamps to be sent to Mrs. Baynes should be easy to meet. Give stamps to Miss Beverly Priest, or any of the other members of the Keysville High School C. E. I am sure that you could also give your stamps to Eileen Kiser, Judy Kiser, Dottie Simmons, Eleanor Clabaugh and Mrs. Carroll Wilhite. Make sure you have enough of the envelope with the stamp in order that the edges of the stamps are perfect.

Mrs. Gilbert Stine, chairman of the Christian Service Committee, of the Keysville United Lutheran Church Women, has placed a box in the Keysville Church for used clothing to be taken to the Church World Service Center in New Windsor. This has been an annual drive for a number of years.

Marcia Edwards, Beverly Main, Eleanor Roop and Joyce Stitley were the students at the Union Bridge Girls 4-H Club sewing meeting held at the home of one of the leaders, Mrs. Roger Roop, Mt. Union, on Saturday. Mrs. Roop has planned to set aside the first Saturday of each month for the purpose of assisting in her home any of the 4-H girls who need help in their sewing projects.

The next sewing meeting will be held at Mrs. Roop's home on Jan. 5, 1957. The Union Bridge Girls 4-H will have their December meeting at the home of the Misses Betty and Mary Helen Shibley, who resides with Mr. and Mrs. Edward Coshum, near Detour. This annual Christmas Party will be held on Wed., the 19th.

Mrs. Coral Cover informs me that her son Carroll and Mrs. Cover and young daughter Rebecca of Norfolk, Va., have made tentative plans to visit her at Christmas time.

"The Best Things in Life Are Free". Belonging in this category is the surprise and pleasure one experiences in the discovery of mutual friends. Mrs. Herbert Snyder, the former Marv Louise Koons, and Mrs. Carroll Wilhite discovered they had mutual friends in Eva and Harold Hartzler. Eva is now a teacher at Juniata College, Huntingdon, Penna. Harold is a teacher at the Goshen College, Goshen, Ind. Both Eva and Harold were classmates of Mrs. Snyder at Juniata College when they both had their home residence at Bellevue, Pa. Mrs. Wilhite's family, Yoder, and the Hartzler family have been friends and associates for a long, long time.

The Keysville-Detour Homemakers Club plans to go to the Potomac Edison building in Taneytown on Dec. 13 at 8 o'clock for a demonstration on Christmas Foods and Decorations, given by the Home Service Department. DIED

JOHN H. MARKER
John H. Marker, 88, well-known retired businessman and miller of Taneytown, died unexpectedly Friday, November 30, 1956, at 1:45 p. m. at the Annie M. Warner Hospital, Gettysburg. Death resulted from a cerebral hemorrhage suffered early Friday morning at the home of his son-in-law and daughter, Mr. and Mrs. Merwyn C. Fuss, with whom he had lived for the past three years. Mr. Marker had been in his usual health until he was stricken. Born in Carroll County, a son of the late Jacob and Sarah Warehime Marker, he was the builder and operator of a flour mill near Silver Run. He later disposed of it and operated a mill of the same name in Littlestown. His wife, Mrs. Missouri Koontz Marker, died about three years ago. Mr. Marker was a faithful member of St. Mary's Evangelical and Reformed Church, Silver Run, for over 55 years and at the time of his death was serving his 42nd year as a director of the Littlestown National Bank.

Surviving are his daughter, Mrs. Fuss; two granddaughters, Mrs. John H. Skiles and Miss Alice C. Fuss, both of Taneytown; one great-grandson; two great-grand-daughters and a twin brother, Charles S. Marker, Westminster R. D.

Funeral services were held Monday at 2 p. m., at the C. O. Fuss and Son Funeral Home, Taneytown, with his pastor, the Rev. Christopher J. Noss, assisted by the Rev. Stanley B. Jennings, of Trinity Lutheran Church, Taneytown, officiating. Burial was in St. Mary's cemetery, Silver Run.

Active pallbearers were Charles R. Arnold, Murray M. Baumgardner, T. O. Brown, William Brown, Ernest Dunbar, and Lloyd Humbert.

Honorary pallbearers were officers and directors of the Littlestown National Bank of which Mr. Marker had been director for 42 years. They were: Arthur E. Bair, president; Dr. H. A. Stonesifer, chairman of the board; Theron W. Spangler, cashier; Joseph Wilson, A. C. Leatherman, W. H. Dorn, Leo Fromeyer, Eli C. Dutterer, John E. Gentzler, Paul Luther, Luther W. Ritter, directors. Also representing the bank were Miss Anna C. Weaver, assistant cashier, and Mrs. Betty Baker, teller.

MAN

A man is like a bit of Labrador spar, which has no luster as you turn it in your hand until you come to a particular angle; then it shows deep and beautiful colors.—Emerson.

God expresses in man the infinite idea forever developing itself, broadening and rising higher and higher from a boundless basis.—Mary Baker Eddy.

Man himself is the crowning wonder of creation; the stud of his nature the noblest study the world affords.—William Ewart Gladstone.

FROM THE LIGHTER SIDE OF THE READER'S DIGEST

Arriving home and finding himself locked out, he settled himself on the steps to wait for his wife's return. Considerable time passed and a neighbor, seeing his plight, invited him to dinner. The locked-out one politely refused. "If I get comfortable and fed," he explained, "I'll get all smoothed down—and I want to be good and mad when she gets here."

NO TRESPASSING

All persons are hereby forewarned not to trespass on my premises with dog, gun, or trap, for the purpose of shooting or taking game of any kind, or for fishing, or in any way injuring or destroying property. This warning applies to both Day and Night Hunting or Trapping.

FALL DINNER OF CHURCH WORKERS

The annual Fall dinner meeting of the Carroll County Council of Churches was held Thursday evening in St. Mary's Evangelical and Reformed Church.

The invocation was offered by the Rev. A. J. Caricofe after which dinner was served by the ladies of the host church.

The business meeting was called to order by the president, the Rev. Donald Warrenfeltz, and the following officers were elected for the coming year: President, the Rev. W. DeWitt Dickey, vice-president, Mr. Frank Wargny, general secretary, Mrs. Richard Bolinger, public relations secretary, Mrs. T. E. Robbins, chairman of the following commissions, Christian education, Mr. Stephen Lerda, social action, the Rev. Rufus Abernethy, community relations, Dr. John Howes, stewardship, Mr. Paul Bowman, evangelism, the Rev. Armacost. Member churches were reminded that their dues are needed to continue the work of the organization.

The Rev. Willis Ford, executive secretary of the Maryland-Delaware Council of Churches spoke on the aims and purposes of a council of churches. The church should not be an isolated group but should be helping to meet the needs of all of the community.

The spring Meeting of the council will be held April 25 in the Pipe Creek Church of the Brethren, the Rev. C. R. Simmons, Jr., pastor.

WITH OUR ARMED FORCES

(AHTNC)—Army Pvt. Robert C. Hoch, of Westminster, Md., recently qualified as a paratrooper at Fort Bragg, N. C., after graduating from the 82d Airborne Division's Jump School. Hoch received his paratrooper's wings after completing the five-week course, which included five training jumps. The 17-year-old soldier is a former student at Westminster High School. He entered the Army last May and received basic training at Fort Jackson, S. C. His mother, Mrs. Cora Gertrude Hoch, lives at 36 Carroll St.

HARD OF HEARING

A union organizer, conducting a drive, was making a round of house calls. On one call, a small boy was sitting on the porch steps, busily adjusting his skates.

"Your Pop at home, son?" the organizer asked, patting the young one on the head.

"Yup," said the boy without looking up.

The organizer rang the bell. No answer. He rang again, and again, and again. Somewhat miffed, he turned away from the door and confronted the youngster.

"Didn't you say your Pop was home?"

"He sure is."

"Then why doesn't he answer the door-bell?"

"Maybe because we live on the next street."

LONG GONE

Our local president has concluded that our members are too darned careless about their appearance. Most of them haven't appeared at a meeting in six months.

GOOD ALL ROUND

"My dear, a great doctor says women require more sleep than men."

"Indeed?"

"Yes, dear: So—er—perhaps you'd better not wait up for me tonight."

LETTER TO THE EDITOR

November 23, 1956

Dear Editor: The Carroll County Association for Retarded Children would like to take this opportunity to express appreciation to you and to all Carroll Countians for the splendid support and cooperation shown during the recent fund-raising drive for retarded children held from November 11 through 22, National Retarded Children's Week.

The reports are not yet in from all districts of the county, but it appears that this second campaign, like the first, will be a tremendous success.

Many people from adjoining counties who have watched with interest the birth and growth of the progress for retarded children in Carroll County have expressed amazement at the great progress which has been made.

We parents who have worked so hard know that our efforts would have been in vain without the support of our community. We receive this support with gratitude, and only wish that we could share with those who give it the great satisfaction of seeing the happiness and opportunities for development it brings to our children.

A very heartfelt "thank you" to you, the Press, the radio, the town and city officials, the Fire Departments, the organizations and individuals who organized and promoted the drive, the solicitors, and all the people who contributed so generously.

We are glad that retarded children have so many friends in Carroll County!

Very sincerely, Carroll County Assoc. for Retarded Children. MRS. JAMES R. LANGDON, Publicity Chairman.

What bliss is born of sorrow! 'Tis never sent in vain—The heavenly Surgeon maims to save, He gives no useless pain. —Thomas Ware

CROSS-TALK

A pessimist is one who is always blowing out the light to see how dark it is.

The class was discussing North American Indians. The teacher brought out that the leaders of the tribes were called "Chiefs."

She then asked what the women were called. One sharp little lad replied promptly, "Mischief."

We heard a teen-ager describe an adult as a person who has stopped growing—except in the middle.

One good way to widen the straight and narrow path would be for more people to walk on it.

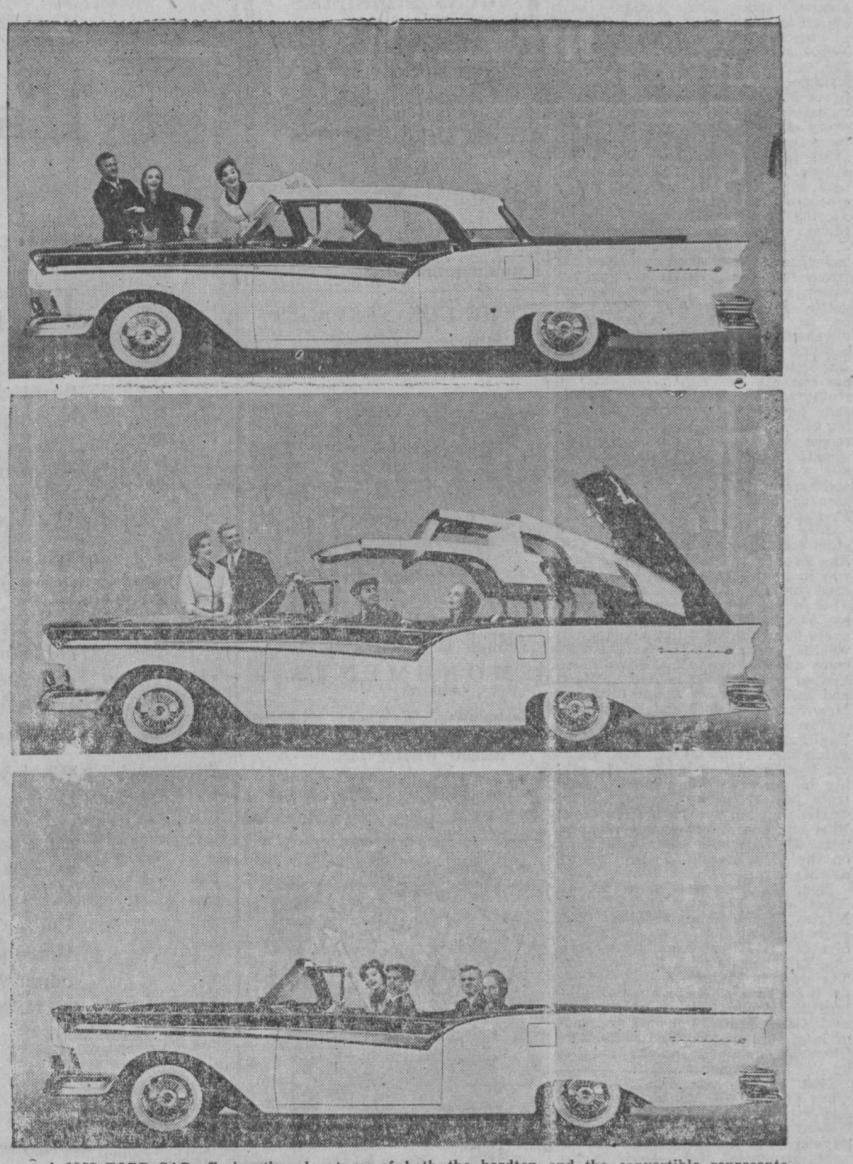

A small boy sitting in the rear of the classroom appeared to be day-dreaming. The teacher queried, "Do you have trouble hearing, Johnny?"

"No," the boy replied, "I have trouble listening."

Papa Bear: "Somebody's been drinking my whiskey."

Mama Bear: "Somebody's been drinking my gin."

Baby Bear: "Hi!"

A 1957 FORD CAR offering the advantages of both the hardtop and the convertible represents the first revolutionary new idea in automotive design since the development of the closed car 40 years ago. To change the hardtop into a convertible, the driver simply presses a button and the all-steel top automatically slides into the trunk where it is completely concealed. It's equally simple to raise the top. The center picture shows the top in operation. Production of the car, a Ford first, will start in January.

**HIGHLIGHTS OF MY TRIP TO FLA. AND OTHER SOUTHERN STATES**

Left Taneytown Nov. 6, V.I.A. Va. and N. C., arrived in Roanoke, Va., about dusk. After winding up the mountain near Roanoke you arrive at Roanoke Park and the huge Roanoke Star (The largest man made star in the world). This star can be seen from Route No. 11, but looks small. The Star is 88 1/2 ft. high, the steel structure 100 ft. It is lighted by 2000 ft. Neon tubing and weighs 10,000 lbs., and the beautiful view of the city (at night) as you look down on it reminds one of Christmas scenery.

Nov. 7, spent most of the day traveling over the Blue Ridge Parkway, this is a scenic highway and joins Shenandoah and Great Smoky Mountain National Parks. Stopped at Grandfather Mt. N. C., its a wonderful sight when you get to the parking area on top but you wonder how a car can reach it before you leave the road below. On top of this mountain is the "Mile high Bridge". It is a 228 foot pedestrian span, connecting Convention Table Rock with the spectacular Linville Peak. Bridge elevation 5,905. You look down on clouds from this peak and wait until the cloud passes on before you get a good view of the valley below.

Nov. 8, traveling through S. C. and Ga., in these states one sees large pine tree groves. The trees are tapped and cups are hung on these cuts to catch the substance. From this substance, turpentine is made. In Georgia, one sees large cotton plantations and in many areas the negroes were picking cotton by hand. (A back breaking job.)

Nov. 9, Southern Georgia and Pecan and delicious grapes. The Pecans are shaken from trees with tractors and a large rope and the negroes pick them up, oranges are picked by hand (as we do apples) crated and hauled to market for shipment. The sign at fruit stands always reads "1/2 bu. grapefruit for 45 cents. All the orange juice you can drink for 10c."

10th the highlight of our trip was the boat rides and scenery at Silver Springs, Fla. First trip is taken in a Glass Bottom Boat, over fourteen under water geological formations. The opening of the largest spring is 65 feet long and 12 ft. high. The maximum flow of the springs per day is 801,000,000 gallons, the average depth is thirty to forty feet with a maximum of 81 feet, the water is so pure and clear you can see the pebbles (that look like snow flakes) rising in the bottom at a depth of 81 feet. All of a sudden you are over a beautiful garden. Here the bottom is covered with grass, known as Bridal Wreath or Vallisneria. The grass has snow white flowers waving under water.

There are thirty-six varieties of fish, eleven of turtles. The water is seventy-two degrees the year round. Then you return and take the Phot-sub for an underwater trip. You are so thrilled (in the glass bottom boat,) with the underwater scenery that you seldom lift your eyes to the jungles, to see a monkey waiting for a banana or a crocodile taking a sun bath and many jungle birds. Now to visit Tommy Bartlett's International Deer Ranch. These deer are as gentle as kittens and range in size from 18 lbs. full grown to 1000 pounds.

The carriage Cavalcade at Silver Springs where you see antique cars shining like new. Antique cars shown cover that period from the gay nineties through the 1920's. One 1898 White steamer, the first Cadillac of 1903, a Sears Roebuck of 1906, a Rambler of 1907 and the original Stutz Bearcat of 1913. This management of the Cavalcade is making every effort to procure models of the more than 2000 makes of automobiles. Don't forget Ross Allen's Reptile Institute. Mr. Allen's collection numbers some 2000 snakes, alligators, crocodiles, and turtles, all strictly Florida reptile. We leave beautiful Silver Springs, Fla., and spent night at Okeechabee Lake. This lake seems to be Florida's water source. Here you travel for miles and see nothing but water, green fields (or swamps) and cattle. I never dreamed there could be so many hump backed cattle (Brahm) in one State. If you see a building it reads, Lake Cattle Co., Bar-D-Ranch, etc. Nothing strange to see cowboys (with their big hats) in restaurants. Now entering big sugar cane plantation. Big train loads going to the refinery and acres too green to cut. We see large fields of young tomato plants, beans and sweet corn, six to eighteen inches high, and the soil here is black as coal. I read a big sign on building - O Kelantee Sugar Plantation.

Nov. 11, Arrived in Miami. Went sight-seeing along Collins Ave. Collins Ave. is the most fabulous hotel row in the world. There are two hundred blocks of hotels and motels. There's too much to write, but will say this is one of God's given beauty spots but I think I'd like a change of weather and have some beautiful snow once a year to make it perfect. Visited with friends in North Miami and had lunch with them. (Mr. and Mrs. Stanley Eshuk and family.)

Nov. 12, Just resting on the Blue Bay Patio. Some are fishing, some swimming, others taking sun baths but I prefer sitting in the shade, taking in the beautiful scenery - palm trees, water, bridges, boats, etc. I walked out on the parking area at Blue Bay and picked up several coconuts. The coconuts hang in bunches on the palm trees and they fall off as they ripen.

Nov. 13, Crossing Fla. on Rt. 41. Miles across Fla. and up the Gulf of Mexico on the Tamiami Trail. This route is named for Tampa and Miami; also the Ta-Miami Canal runs beside this Trail and is used for irrigation. The crops in Fla. are mostly watered by these canals. There are no buildings along miles of this Trail, except an Indian village. Their huts are made of long swamp grass and palm fans. These are Seminole Indians and live by the old custom.

Nov. 14, Sarasota, Fla. Spent the night on Gulf of Mexico with niece and nephew, Mr. and Mrs. Hubert Hilton. Crossed Florida's Sunshine Skyway. This is the longest continuous structure over water in the world. The bridge is an important link in the Gulf Coast Scenic Highway between Pinellas, Manatee and Sarasota Counties, across Tampa Bay. Now it's through tall trees draped in Spanish moss, resembling weeping willows. This moss is gathered and used by upholsterers. As the wind

carries a bunch from tree to tree it soon covers the tree and is no trouble starting.

Nov. 15, Atlanta, Ga. Here are the big peach orchards and cotton again; also more pecan orchards. Visited Rock City (and don't miss the garden on Lookout Mt.) You must visit this garden of wonder and beauty as words cannot do justice by it. Leave Rock City, Ga., and travel Rt. 157 atop Lookout Mt. into the state of Ala. (No comments).

Nov. 16, Chattanooga, Tenn. Up the Tenn. Valley. Nice cattle and truck loads of tobacco for market. The mountains are very beautiful in green, yellow, red, orange and brown.

Nov. 17, Maryville, Tenn. Spent the night with relatives (Mr. and Mrs. H. C. Bell). It is cold and cloudy with light snow. Temperature 30 degrees.

Nov. 18, Kingsport, Tenn. Cool and clear. Leave Tenn. and travel north on Rt. 11, 350-400 miles. Look to your right and left, big corn fields, (in shocks), green wheat fields, large apple orchards, big white and bronze turkeys, beautiful buildings and caverns. You guessed it - beautiful Shenandoah Valley and you are right back home and seeing some of the most beautiful scenery on "our trip."

Everything is much cheaper in Fla. Hotel and motel rooms are cheaper now than any season, but double in price Dec. 15, but our Christmas decorations don't look out of season with snow to help out here and greens growing down there. The towns were already decorated, but it just didn't seem that Christmas was near.

All in all, it's been a wonderful trip.

MR. AND MRS. NELSON BELL AND MRS. PAUL TRENT  
Increased reliance on the Federal Government for services of every description has led to higher income taxes. These taxes have finally risen to a level where people are encouraged to cheat a little if the opportunity occurs. A result, we fear, is a general weakening of the moral fiber of the great American nation.—River-ton (Wyo.) Ranger.

**WANTED MEN AND WOMEN WITH IDEAS**

*Do you have any advertising ideas?*

We're looking for an advertisement that will tell everyone just how wonderful electric cooking is. If you think you can make up an ad like this, send it along and if we like your idea we'll use it in 30 newspapers of this area.

In addition to giving you credit in the ad for your idea, we'll select the advertisement we think best and send its originator his choice of a toaster, table lamp, electric clock, or hand iron.

You don't have to be an artist . . . just make up any sort of rough drawing . . . cut pictures out of magazines or newspapers if you wish . . . then write the reasons why you like to use electric cooking. That's all there is to it.

Hints: Most housewives prefer to cook electrically because it's (1) Clean, there's no smoke, soot or fumes; (2) Fast, heat is applied directly to the cooking utensil; (3) Safe; (4) Economical. You don't have to use these features, however, in your ad. We want your ideas, so use your own imagination.

All entries must be received by January 31, 1957 and become the property of the Potomac Edison System Advertising Department.

If you want to become an ad writer, just send your idea to: Advertising Department, The Potomac Edison Co., Hagerstown, Md.

**It's a Whiz at Everything  
a car should do**

It turns out that the 1957 Buick is far more than just a brand-new automobile.

It turns out that this new '57 Buick is winning the raves with a new kind of going and a new kind of stopping—a new kind of handling and a new kind of road sureness—a new kind of safety and a new kind of comfort.

We'll be specific.

When you press the pedal of a new '57 Buick, the response is literally instant . . .

Because the high-torque power of a new 364-cubic-inch V8 engine is delivered in the split of a second through a new full-range Variable Pitch Dynaflo\* that's immediate in its oil-smooth action.

When you brake to a stop, you and the car stay on a level plane . . .

Because an ingenious new ball-joint suspension in every '57 Buick virtually ends the down-in-front dip that cars have on sudden stops.

When you take a turn or swing into an "S" curve, you still hug the road like a streamliner on rails—

Because under you is a massive wide-frame new chassis that "nests" the whole car inches closer to the road with the lowest center of gravity in Buick history—yet with no change in road clearance.

And when you sit in the deep comfort of those soft wide seats, you can drive with the pleasant ease of a clear conscience, without watching the speedometer . . .

Because only in Buick today can you have an ingenious new Safety-Minder\* that acts as a warning sentinel for the miles-per-hour you preset for yourself.

There are many other new things that make this gorgeous Buick a car of limitless wonders—from the bigger and more rakish windshield that makes seeing more relieving, to the extra roominess that's so surprising in this beauty with the sports-car lowness.

But there's nothing like a firsthand sampling to know how modern the newest thing on wheels really is. Come in today for your meeting with the newest Buick yet.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special. Safety-Minder standard on Roadmaster, optional other Series.

Background Scripture: Romans 8  
Devotional Reading: Psalm 27:1-10

## In All Things, God

Lesson for December 9, 1956

THERE is far too much in the famous eighth chapter of Romans to think about in the small space of one column. So one sentence from it will be quite enough food for thought: "We know that in everything God works for good with those who love him." (Rom. 8:28) Readers familiar with the old King James translation (made in 1611) will notice that the new translation is different. The old version read: "We know that all things work together for good to them that love God." Which translation is right? The letter to the Romans was written in Greek, of course. We do not have the original letter, but we have discovered some Greek copies of it in manuscripts much earlier than any that were known back in 1611. The oldest and best of these have exactly what the Revised Standard Version accurately translates: Not things but God is the subject of the sentence—it is God who works for good in everything, it is not things that work for good.

Dr. Foreman

Dr. Foreman to the Romans was written in Greek, of course. We do not have the original letter, but we have discovered some Greek copies of it in manuscripts much earlier than any that were known back in 1611. The oldest and best of these have exactly what the Revised Standard Version accurately translates: Not things but God is the subject of the sentence—it is God who works for good in everything, it is not things that work for good.

**"In Everything, God . . ."**  
Christians who take the Bible seriously do not believe in a far-away God. It is quite true, as the Psalm writer said, there is no getting away from God. The wildest dream of the most fanciful space-fiction writer might come true, but on the last lost planet God would still be there. God is in all space and in all time, too. However old the universe may be, God is older still. But the God revealed in the Bible is not one who set the universe going as a man winds a watch and then lets it run. God is in all things, and all things are in God. This is not so hard to believe. What does call for a rugged faith is the Bible belief that God is in things we find painful and bad, not in good things alone. If we do not believe this, then we are always haunted by the fear—What if the evil in the world is too much for God? What if eventually he is overwhelmed by a universe he cannot control? What if God's intentions are better than his abilities? Have no fear, God's Word assures us. God is not on vacation, he is at work in everything, small and great, in pain and in delight.

**"God Works for Good"**  
The Bible writers never say that all things are good. Some things are good. Some things are bad, some things are just the opposite of what they ought to be. This raises a most difficult problem, the problem of evil. No one knows the answer to it; but the Bible never takes the short-cut of denying that evil exists. What the Bible does say is that even in evil things God is at work for good. Joseph, sort of Jacob, as a boy was sold into Egypt as a slave by his criminal brothers. That was not a good thing. Years later, however, the man Joseph said to his brothers, "You meant it for evil, but God meant it for good." If it had not been for that wicked act (and some others besides) the family of Jacob would have perished of starvation. History is full of illustrations of the ways in which God brings good out of evil. Tyranny and cruelty are not good things; yet if George III had been a more enlightened and just king, the American colonists might never have thought of achieving freedom. The "World Wars" were terrible things; but they did rid the world of some tyrannies. Many events in our personal lives which were frustrating or tragic, have been seen in later years to have been part of God's wise plan. After all, what kind of God would our God be, if he could not bring good out of evil?

**"With Those Who Love Him"**  
The new and better translation of this great sentence from St. Paul brings out another point which Paul's Greek suggests: God is at work with those who love him. He works for them, to be sure, but that is not the main point here. God's work is never a substitute for the work of those who love him. Loving God is no excuse for not serving him. Loving God is not mere sentiment, a sort of warm glow, a happy feeling about the "man upstairs." Love of God, like love of neighbor, is a serious thing. It calls for devotion, hard work, even sacrifice. To go back to the story of Joseph, God brought good out of evil; but suppose Joseph himself had been lazy, selfish and careless? God's work calls for many partners—not sidewalk superintendents, not slaves, but partners in the everlasting Love. SANTA HAS ARRIVED

Santa has made a pre-Christmas visit to the headquarters of the Carroll County Tuberculosis Association where gift packages, tree ornaments and lights, window and bedside decorations are arriving each day to make the holiday a merry one for the more than 400 patients at Henryton State Tuberculosis Hospital.

The project, "Operation-Christmas," under the joint chairmanship of Mrs. Paul Lawyer and Mrs. Thos. S. Diffendal, has received the generous support of numerous Service Clubs, Girl Scout and Brownie Troops, Organizations and private individuals. There is still a need for 15 additional strings of tree lights, 8 lights to a string. The public is asked to check over its supply of lights and if any can be spared, they may be left at the P. G. Coffman Stationery Store, E. Main Street, Westminster.

Funds raised through the sale of Christmas Seals make possible many services to patients in Tuberculosis Hospitals, a program of health education in the communities and an annual Chest X-Ray Survey rehabilitation and research. Answer your Christmas Seal letter today!

RED CROSS SEEKS HELP

The Carroll County Red Cross Chapter has been assigned a quota of \$820.00 as its portion of \$5,000,000.00 required by the American Red Cross to meet the demands for the emergency supplies such as food, clothing and medical needs of Hungarian refugees here and abroad. President Eisenhower urges the public to generously support this special Red Cross disaster appeal.

By contributing to the Red Cross emergency campaign each of us individually can express our sympathy and admiration for the brave Hungarian people. Send your donation to the Carroll County Red Cross Headquarters, 192 E. Main St., Westminster, Md.

"A BELATED THANK YOU LETTER"

I will begin with the Ladies Auxiliary of "Vet Home" Harney Xmas '55, then the "Lion Club" of Taneytown.

To the ladies and gentlemen of St. Paul's Church who came to my assistance on Xmas day and called my Dr. and then was brought home by four men of the church on a stretcher.

Then finally in July I spent 16 days in Gettysburg Hospital for X-ray and blood transfusions and the Drs. and nurses was not to be excelled and again my friends stood by with visits, get-well cards, flowers from friends and my Sunday school class of St. Paul, Harney, and Ministers who visited me were Rev. Steuart, Rev. Chas. Held and Rev. A. Garvin and wife, also Rev. Gideon E. Galambos and wife.

Since my return home I would like to mention the many things my good neighbors and friends have done in the way of bringing in food and just so many things not only my own church but other churches who visit me, it all helped me to recover.

Again thanks and may God bless you and keep you in my earnest prayer and I wish you all a Merry Xmas and Happy New Year.

"I am cutting out sending Xmas cards this year. Thanks again to one and all.

M. RUTH SNIDER and brother, SAMUEL.

MILLIONTH TELEPHONE PLACED IN SERVICE

Another milestone in the history of Maryland's growth was passed (Nov. 20th) when the millionth C & P. telephone was placed in service.

To commemorate the event, a special telephone set, installed in the governor's office at Annapolis, was presented to Governor Theodore R. McKeldin by W. Griffin Morrel, vice-president of the C. & P. of Maryland, in the presence of James B. Morrison, president of the C. & P. Telephone Companies, and other officials.

The Governor expressed his pleasure and accepted the installation on behalf of the citizens of Maryland.

Morrel said that it took 69 years, from 1878 to 1947 for telephones in Maryland to reach the half-million mark, whereas less than 10 years were required to double this figure.

Morrel also pointed out that the company has nearly \$300 million invested in Maryland, which amounts to about \$300 per telephone. Ten years ago, before costs began to spiral, this figure was only \$200 per telephone.

As an indication of the company's faith in Maryland's future, Morrel also referred to the 1956-1957 construction program which calls for \$100 million to expand and improve the state's communication system.

The historic millionth telephone was installed in the governor's office by Milton Colburn of the company's Annapolis installation forces. Seven years ago history was also made in Annapolis when the first telephone in the city was installed in the executive mansion for Governor McLane. This combination console desk and telephone is now on display in the museum of the Maryland Historical Society in Baltimore.

Count any day wasted if, during its course, you have failed to brighten, in some small way, the life of another.
