## ELEMENTARY P-T.A. PRESENTS CHRISTMAS PROGRAM

The regular P-T.A. meeting of the Taneytown Elementary School was in the form of a Christmas musical held Tuesday evening, December 17, 1957, at 8 o'clock in the auditorium.

Principal Frank Wargny opened the program by reading the Christmas story from the second chapter of the Gospel of Luke. Rev. Stanley B. Jennings offered the invocation and the audience participated in the flag salute.

Jerry Keeney, dressed as Santa Claus, introduced the various numbers for the evening's program.

The school orchestra under the direction of Mr. Frank Miller played a medley of Christmas carols. Some of Mrs. Phillip's second grade pupils gave two recitations, and a larger group enacted the story of "Shoemaker and Elves". Anne King told the story and the group did motions and a dance. Marian Dunham and Karen Fiscus created a story "A Christmas Fairy", told by Marian and danced by Karen. The fourth grade flute band played a medley of Christmas carols; the two first grades taught by Mrs. Gass and Mrs. Stonesifer sang several songs in keeping with the season; and a chorus of boys from the fifth and sixth grades sang several numbers. A clarinet ensemble played by Nancy Wargny, Laura Dom, and John Shorb presented "We Wish You a Merry Christmas" and "We, Three Kings". Karen Skiles performed a ballet dance to "The Skater's Waltz".

The grand finale of the evening's entertainment was performed in the following manner: the two first grades sang "Away in a Manger", and stressed the importance of "Keeping Christ in Christmas"; Mrs. Phillips second grade pupils sang "First Christmas Night"; a chorus of fifth and sixth grade boys sang "The First Noel"; and "Silent Night" was sung by the entire group on the stage.

The talent of the children was excellently shown and the teachers and pupils did a most commendable work in the presentation of this year's Christmas program.

## LOCAL PEOPLE ON NATION-WIDE TV PROGRAM

Dave Garroway's "Wide World" TV Program on Sunday, Dec. 22, at 4 P. M. will be of special interest to the citizens of Carroll County. It will include a review of the several county wheat-measurement cases beginning in the fall of 1954, which later came to trial in the Federal Court at Baltimore. The first test-case was won by Mr. H. Paul Morelock, assisted by a number of other local farmers who had also been sued by the U. S. Department of Agriculture.

The last case was carried all the way to the Supreme Court by the Shafers (Lindsay B., Joseph A., Lewis N., Jr., and Lewis N., Sr.) and resulted in a ruling against them in May, 1956. At one point during the course of these celebrated "wheat cases", three Federal agents were indicted by the Grand Jury here for trespassing on the Morelock farm, but the Government would not permit them to be tried in Carroll County.

It is anticipated that Mr. Shafer, his sons, and Mr. Morelock, together with their attorneys, John Wood and Stanford Hoff of Westminster, and Wilson K. Barnes of Baltimore, will appear in the picture which is to be televised direct from the Federal Courtroom in Baltimore.

## "SPICE 'N' EVERYTHING NICE"

(Your Chatty Column)

MERRY CHRISTMAS

across the many miles from Harford County to Carroll County to all my dear Readers! It seems like yesterday when I went outdoors a few days before Christmas and trimmed the doorways of the house by the side of the road where the Race of men went by! Remember?

And remember how many people stopped to make inquiries and much else and I always welcomed them especially when they were in trouble. Now—this following will be in about three Columns and I'll call it—"I REMEMBER PHILADELPHIA!" Ah! I remember Christmas in Philadelphia when there was always snow and sometimes when there was a real blizzard. They were bitter winters and many times due to the deep snow, the street cars would be stalled for many hours and sometimes until the following day. The housekeepers along the city row would rush out doors with hot coffee and sandwiches for the Motormen and Conductors.

The postman always arrived with his heavy leather pack strapped to his left shoulder delivering the mail, greeting cards and packages yet carrying the huge umbrella overhead, trudging through the deep snow with his high-grip rubber boots. He always had a big smile for everyone which impressed me as a child. That time, too, meant three deliveries daily except holidays and always once on Christmas morning. It was puzzling how he managed it all and yet there was always that cheerful "Merry Christmas!" to everyone as the front door was opened for him.

I remember when the big turkey all ready for the oven was carried by a member of the family to the nearby bakery store whose baker cooked the bird to perfection and the price of that service was fifteen cents. It was always brought back with every part a delightfully golden brown.

Christmas seemed wonderful those days to any child as they truly believed in Santa Claus with those reindeers and all!

The adults of each household arranged everything so secretly at a very late hour when the offspring were snug in their beds and the stockings were hung to be filled with the goodies.

How the parents managed every detail for the last minute and nothing forgotten was always a mystery to me as I think back about it all now. The Christmas tree was very tall, even taller than the high ceiling and at the very top it hung over. Many of the trees were candle-light plus the tinsel trimmings and most of it came from Germany. There were paper fancy ornaments, long chains of pop-corn and hand-made paper loops which finished in chains. The dolls and toys also came from Germany.

When our big family sat down to the bountiful feast (and I was the seventh child) it was something to remember. I remember New Year's Eve which was always a most boisterous affair in any locality in Philadelphia and much more so in the down town area. All the neighbors on any street would rush out doors at the stroke of midnight shooting off revolvers.

An older sister would awaken me about fifteen minutes before the hour and take me to the open window. Holding me tightly to her she would say, "Lean out as far as you can and see and hear all the excitement for the year is going out—one that you will never see again!" I could see way in the distance the red glaring lights and many people rushing madly in the street screaming, "Happy New Year!" I remember one very special New Year's evening being the guest of a wealthy aunt and uncle at the Bell-view-Stratford Hotel where a grand dinner had been ordered in advance. Then, to my astonishment, a cab was waiting outside to take me to the "Automat" which had just opened on Market Street!

And—oh—the Bussybody of which many homes boasted!

To be continued next week. Have a grand Christmas, folks. I'll be thinking of a very happy Christmas right here in Carroll County. Don't eat too much turkey. God Bless all of you. Until next week D.V., I am,

Faithfully,  
YOUR OBSERVER.

## REPORT OF SEAL SALE

Christmas Seal sales in Carroll County total \$5,800 according to incomplete returns, it was announced by the Seal Sales Chairman, Robert Lee Miller. This represents replies to 4,222 of the 13,000 letters mailed November 15.

Nearly 8000 reminder cards have been prepared by the students of Robert Moton School to be sent to new and former contributors.

Miller stated that the goal of \$9,800, has been set to carry on the year-round program of the Carroll County Tuberculosis Association which includes TB detection, education, rehabilitation and research. Miller stated that when one buys Christmas Seals, which are the only source of income for the association they are buying protection for themselves and children from the dreaded disease which still takes thousands of lives annually. Maryland's death rate, which is higher than for continental United States, places the state sixth in the country. Approximately 25 per cent higher than for the United States as a whole.

#### JOURNALISTS AND DOCTORS

Newspaper people and doctors have a great deal in common. That is the unusual theme of an editorial in the Louisville Courier Journal, entitled "Press and Medicine Both Serve The People."

The Journal says: "The two professions—medicine and journalism—have some notable points of similarity. Both are concerned with important functions of human life. Doctors strive to preserve and restore human health. . . . Journalists deal with the health of human minds in a democracy by trying to keep them adequately informed."

"Both professions are practiced by men and women who are passionate believers in their calling. Here is perhaps the root of some misunderstanding. A doctor believes that all must recognize the nobility of his profession. A journalist is just as convinced that the satisfaction of the people's right to know is a duty of a high moral order. Such pride can lead to arrogance on both sides. The practitioners of both professions sometimes fail to explain their actions to each other or to the public, because they forget that any explanation is necessary."

Happily, misunderstandings born of such causes are much less common than they used to be. More and more doctors—along with medical societies—now recognize the need for good public relations, within the framework of medicine's high code of ethics. More and more newspaper people, on their side, are showing a keen interest in the problems and achievements of the medical fraternity. The legitimate interests of both groups—and, of far greater importance, the public interest—is thus served.—Industrial News Review.

#### THE VOICE WASN'T LOUD ENOUGH

Sylvia Porter, the syndicated writer on economic affairs, recalls that during this year's congressional session ". . . you, the American public, demanded cuts in federal spending in the loudest voice you've used in modern times."

Just what results did this public clamor obtain? Miss Porter provides an answer to that question, based on information from the factual and authoritative Congressional Quarterly. There were 66 rollcall votes directly affecting federal spending. Moves for economy were backed in only one-third of these votes—22 out of the 66. As for the future, Miss Porter takes a pessimistic view. She thinks the chances are that government spending in general—aside from defense allocations—is likely to rise.

Recent events, obviously, have made a bad matter worse. There is a definite probability that two or three additional billions will be needed for a stepped-up missile program. Other military spending may also be increased. Congressional leaders have said that the money can be obtained by paring non-defense spending. But will it—or will it be piled on top of an already swollen budget?

The public voice demanding economy was loud earlier this year. But it is going to have to become far louder still if it is to get the answer it wants.—Industrial News Review.

#### REVISING THE MAIL RATES

Top officials of the post office department are again advocating higher mail rates. For instance, Hyde Gillette, an assistant postmaster general, speaking in Portland, Oregon, said that the department's deficit will reach \$700 million this year. He approved a bill which has passed the House and will be considered by the Senate next session. Under it, there

would be a 1-cent increase in first-class letter postage; a 60 per cent increase in second-class mail rates over a four-year period; a 50 per cent increase in third-class rates over a two-year period, and a 1-cent increase in air mail postage.

There is certainly plenty of evidence that post office charges should be revised upward, whatever the precise percentages. And this reform should not stop with the regular mail services. Parcel post—which falls into the fourth-class mail classification—has also been a heavy and consistent producer of deficits. Moreover, the argument that the mails serve a basic public need in the fields of information, education and general enlightenment and hence should not necessarily be self-supporting, certainly cannot logically be applied to parcel post. It is a purely a commercial package-carrying service, operating in competition with package-carrying business tomorrow, private enterprise. If it went completely out of business tomorrow, private enterprise would do the job—efficiently, swiftly, and at a fair price. And private enterprise pays its own way and pays taxes to boot.

Another bill before Congress (H.R. 8108) calls for rate reforms aimed at making parcel post financially self-sustaining—instead of a taxpayer-subsidized service. What can be wrong with that?—Industrial News Review.

#### FACTS AND OPINIONS

In a recent year, according to Secretary of Health, Education and Welfare Folsom, Russian children graduating from the 10th grade had completed 5 years of physics, 4 of chemistry, 6 of foreign language, and 5 of mathematics above the arithmetic level. In the same year, less than a third of American high-school graduates had taken a year of chemistry; one in 4 had had a year of physics, and but one in 15 had studied advanced mathematics. U. S. News & World Report, in an article in Soviet education, says the "Stress is on work, not 'life adjustment'."

The Portland Oregonian reports that more than a quarter—\$50 billion out of a total of \$191 billion in the year ending last March—of our retail spending was accounted for by automobiles. It cites an American Automobile Association calculation that the cost of owning a low-priced car which is bought new and driven 10,000 miles a year comes to \$952 a year. The biggest item is depreciation—\$602.

Two recent news items are particularly interesting when considered together. In October, the Department of Commerce states, there was a \$1 billion drop in the national rate of personal income, resulting from layoffs and reduced working hours. A short time ago the Federal Reserve Board eased its "tight money" policy by reducing the rediscount rate from 3½ to 3 per cent.

Investors League Bulletin characterizes the Tennessee Valley Authority as ". . . the greatest milking machine. . ." in our history. TVA, it adds, has milked the taxpayers to the tune of more than \$1,500,000,000 over the past 25 years.

A study of traffic accidents which occurred last Christmas season and claimed 609 lives shows that drunk driving was a factor in 55 per cent.

From Dorothy Thompson's column: "The common man—the average man—has never yet created what he enjoys, and his is more than ever true in the age of science and technology, which depends on men 'who can call down fire from heaven'. What we need and our education must produce if we are to survive are uncommon men."

James M. Haswell, of the Chicago Daily News Service, reports that in the last three years military spending and foreign aid spending together have risen 6.7 per cent—while domestic spending has jumped 20.1 per cent.

One industry spokesman anticipates that retail toy sales this year will reach \$1,250,000,000—a new record, and 6.5 per cent above last year.

Secretary of Labor Mitchell recommends legislative curbs on what he terms "blackmail" picketing—that is, the use of the picket line to force an employer and his employees to have a union against their will. This, he goes on, is not a part of legitimate trade unionism, but is ". . . the tool of the racketeers and hoodlums."

**'Specially For Christmas**

This Nesselrode Chiffon Pie is just right for Christmas. It's rich, luxurious and truly in the holiday mood.

It's surprisingly easy to prepare, too. That's because it's made with Chiffon pie filling mix, newly in your market. (This recipe calls for the lemon flavor). Another outstanding feature is that it can be made a day or two ahead and kept refrigerated until serving time. The toppings, of course, are added just before serving.

**Nesselrode Chiffon Pie**

- 1 package Jell-O Lemon Chiffon Pie Filling
- 1/2 cup boiling water
- 1/2 cup cold water
- 1/2 cup sugar
- 1 cup Nesselrode mixture\*
- 1/2 teaspoon rum extract
- 1 baked 9-inch pie shell, cooled
- Sweetened whipped cream
- Unsweetened chocolate, shaved

\*A commercially packed ice cream topping of chestnuts, maraschino cherries, and preserved fruits.

Place chiffon mix in a large deep mixing bowl. Add boiling water and mix thoroughly. Add cold water. Then beat vigorously with a rotary beater, or at highest speed of electric mixer, until mixture is very foamy. Add sugar and beat until filling stands in peaks—takes 1 to 3 minutes. Fold in Nesselrode mixture and extract. Pour into pie shell. Chill until set, about 2 hours. Just before serving, top with whipped cream and sprinkle with shaved chocolate. Makes 8 servings.

FEESERSBURG  
"Christmas"

This is 1937 and all evidence points to the fact that we are approaching a new era when all of us will experience new ways to do things and have new avenues of thinking opened to us. So we thought that the time is right to tell the Christmas story in modern English. Here it is:

"In those days an edict was issued

by Emperor Augustus that census of the whole world should be taken. It was the first census taken, when Quirinius was governor of Syria. So everyone went to his own town to register. And Joseph went up from Galilee from the town of Nazareth to Judea to the city of David called Bethlehem, because he belonged to the house and family of David, to register with Mary, who was engaged to him and who was soon to become a mother. While they were there, the time came for her child to be born, and she gave birth to her first-born son; and she wrapped him up, and laid him in a manger, for there was no room for them at the inn. There were some shepherds in that neighborhood keeping watch through the night, over their flocks in the open fields. And an angel of the Lord stood by them, and the glory of the Lord shone round about them; and they were terribly frightened. The angel said to them "Do not be frightened for I bring you good news of a great joy that is to be felt by all the people, for today, in the town of David, a Savior for you has been born who is your Messiah and Lord. And this will prove it to you: You will find a baby wrapped up and lying in a manger."

Suddenly there appeared with the angel a throng of the heavenly army, praising God, saying,

"Glory to God in heaven and on earth!  
Peace to men He favors!"

When the angels left them and returned to heaven, the shepherds said to one another, "Come! Let us go over to Bethlehem, and see this thing that has happened, for the Lord has told us of it!" And they hurried there, and found Mary and Joseph, with the baby lying in a manger. When they saw this, they told what had been said to them about the child. All who heard it were amazed at what the shepherds told them, but Mary treasured up all that they said, and pondered over it, and the shepherds went back glorifying God and praising him for all that they had heard and seen in fulfillment of what they had been told. For us the Christmas music season got into full swing Saturday evening when we attended the Peabody Senior Choir program of yuletide music in the Institute library. Donald Becker conducted the sixty-five trained voices in one hour of delightful music. The one song we especially enjoyed was a Czechoslovakian carol titled "Carol of the Drum". This carol tells of a little boy who shyly asks Mary if he may play his drum for the Christ child. The basses sounded exactly like a drum beating in the background, while the sopranos and tenors carried the melody of the carol. Another impressive song was "Holy Night" sung by the choir in total darkness except for a lighted candle in each singer's hand. The choir may be heard Sunday, Dec. 22 from 5 p. m. to 5:30 p. m. over WMAR-TV on channel two. There are two students from Carroll County in the choir. They are Miss Diane Speicher of Westminster and Miss Nancy Roelke of Mt. Union.

Christmas trees seem to be plentiful this year, but many are of poor quality. Not often does one find a hemlock which is our idea of how a Christmas tree should look. But any sort of pine tree will do for after it is bedecked with lights, tinsel and colorful balls every one of them looks beautiful. While we admire the modern tree decorations very much, every year we think about our childhood tree trimmed with popcorn, cards, candles, sugar cookies and candy snowballs. In fact this year we have been so overcome with nostalgia for our old time tree that we are making some candy snowballs. May you would like to do the same so here is the recipe. The ingredients are 6 cups of puffed rice, one-half cup of butter or margarine, one-fourth cup of peanut butter, one-half dozen fresh marshmallows and four dozen pecan halves. Heat puffed rice in shallow pan in moderate oven, 350 degrees, ten minutes. Pour rice in large greased bowl. Melt butter, peanut butter and marshmallows in top of double boiler over boiling water; stir until smooth, pour marshmallow mixture over puffed rice, mixing until all kernels are evenly coated. With greased hands shape candy into balls. When candy is set, frost outside of balls with confectioner's sugar frosting. After frosting sets slightly, roll each ball in colored sugar. Thread a large needle with a Christmas ribbon, tie bow in the end; string a pecan half, then a frosted candy ball, then another pecan half. Cut ribbon, leaving several inches for a loop. Makes two dozen snow balls.

Last week while we were shopping a group of school girls came into the store. I was waiting for the clerk to count up my bill and the school girls were waiting for the salesgirl to finish with me. They were in high spirits telling each other what they were expecting for Christmas. Not once did they mention what they were giving to someone else. As I left the store the thought kept nagging me that maybe we as parents have failed to teach our children the real idea of the holiday. That to give to others with some sacrifice on our parts is the thing that gives one the feeling of the Christmas spirit. Have we only instilled in our children the "gimme" ideal? If we have, where is the Christmas spirit headed for? The cheery Christmas cards arrive every day now. We are happy the printed name is out for it means a more personal contact with the sender to see their name in their own hand writing on the card. An added joy is a comment or two about the family's pursuits during the year. It does take time to write a personal line or two but it is so welcome.

Each church in the community will have its own Christmas program. Attend one of these, even if you have to give up something real important. The music will give you a chance to relax and for a few minutes at least to search for the answer for "Peace on Earth" and may that be, far more than just a phrase. May it be the promise Christmas holds, for all the coming days.

Merry Christmas to you all, where ever you are!—Ruth Roelke.

Games were played and the Christmas gifts were exchanged. Mrs. Donald Baltzell, of Union Bridge, daughter of Mrs. Austin, and Mrs. Rachael Bostian of Detour assisted Mrs. Austin in serving delicious, delightful refreshments of sandwiches, candy, cookies, coffee and ice cream. Two visitors, Barbara Edwards and Barbara Stitley, said they planned to join the Club. Adults present were the two leaders, Mrs. Paul Bowman and Mrs. Carroll Wilhide, three other mothers, Mrs. William Main, Mrs. Betty Repp and Mrs. Edwards. The roll-call was answered by each member telling what she enjoyed most about Christmas as well as the progress which has been made on the various projects during the past month. It was decided to have family night on January 11th at the Brethren Church in Union Bridge at 8 o'clock. This means that the whole family is supposed to be interested in the 4-H Club work and attend this most special night of the year. A special planning meeting is to be held at the Brethren Church at 2 p. m. on Monday, Dec. 30th. The next regular meeting is scheduled for Jan. 2nd at the home of Irene Ausherman. Some dancing was enjoyed until the refreshments were served. Gifts were exchanged. The Club surprised the leaders with very nice gifts. A CHRISTMAS GREETING  
The bells are ringing a Merry chime,  
Telling the world it is Christmas time  
And faces are bright and hearts are gay,  
For folks have driven dull cares away,  
And lips are ready with greetings sweet,  
As friend meets friend in the crowded street,  
Oh! world so busy, Oh! folk so gay,  
What of the Christ who was born to-day?  
He is with us now, just as much you know,  
As he was that Christmas so long ago,  
He meets you still in the crowded street,  
Or the busy mart where the workers meet,  
And offers a crown and a kingdom fair,  
Instead of the pleasures you're seeking there,  
Oh! world so weary, be wise and stay  
Nor turn your back on the Christ to-day.

I take this means of wishing the Editor and his staff and all the readers of this paper a very Merry Christmas.

HISTORICAL SOCIETY WILL  
HOLD "OPEN HOUSE"

The Historical Society of Carroll County announces its annual Christmas Open House for Friday and Saturday, December 20 and 21 from 2 to 5 o'clock in the afternoon and from 7 to 9 o'clock in the evening. The decorations are in charge of the Carroll Garden Club. This club recently received the award of merit from the Federated Garden Clubs of Md. for planting and maintaining the beautiful 19th century garden at the Home of the Society.

The attractive wreaths at the windows and swags at the front door are made of juniper, blue spruce and cones. Entering the hall an arrangement on the hall table and a "kissing branch" are featured. The "kissing branch" is made of two 20 inch rings of juniper which have been crossed at right angles and decorated with lady apples, tangerines, bows of red ribbon, paper flowers, holly and mistletoe in the traditional manner. Suspended from the center are figurines representing the Holy family.

The old fashioned cedar Christmas tree is the center of interest in the Gov. Brown room. The decorations are tinsel ornaments and balls of a generation or two ago and have been given to the Historical Society by Mr. Harry Bevard, Sykesville. The tree, the gift from Uniontown district. An unusual table arrangement in the dining room is noted. The kitchen decorations are in charge of the Junior Garden Club, who in the garden also trim a tree for the birds. Hanging from the branches are lemon and orange cups of suet and seeds, strings of raisins, popcorn and cranberries. Pine cone filled with peanut butter and suet will furnish food for the birds during the holiday season.

The various greens for the decorations are the gift of Mr. and Mrs. E. Miller Richardson and have come from Bowling Brook Farm, Middleburg. The hostesses are members of the Carroll Garden Club and the Historical Society. Visiting hours during the holidays will be from 2 to 5 p. m.

## HIS STAR

Across the winter darkness  
That shrouds the withered earth,  
His star is brightly shining  
To herald Jesus' birth,  
And while the false gods crumble  
With their creeds proved untrue,  
His star grows strangely fairer,  
Age-old, yet ever new.

When earthly paths are tangled,  
When eyes are blurred with tears,  
As we go bravely faring  
Along the fleeting years,  
In spite of grief and sorrow,  
As our dreams lure us far,  
Though all our hopes betray us,  
Lo, we still have his star!!

So kneel in adoration,  
Lift up your hearts in song,  
Because his star is gleaming  
Where darksome shadows throng,  
And though our weakness wanders  
In ways dead fools have trod,  
His star, undimmed, eternal,  
Will lead us back to God.

ABLED WORKERS

Severely disabled workers 50 to 65 years of age who could qualify for the new social security disability benefits which became payable last July, will lose some of their monthly payments if they do not apply to their social security district offices before January 1, 1958, announced M. Laurie J. Gillespie, field representative of the Baltimore (North) social security office today.

Qualified workers who make application for disability insurance benefits before the end of December can be paid benefits back as far as the month of July, Mr. Gillespie said. After December, no back benefits can be paid.

To be eligible for social security disability insurance benefits between 50 and 65 years of age, a worker must have a disability so severe that he cannot do any substantial gainful work. In addition, he must have social security credit for at least 5 out of the 10 years before he becomes disabled, including at least a year and a half out of the 3 years before his disability began.

For those who meet the requirements, disability benefits can begin with the 7th month of disability, but no earlier than July 1957, the first month for which the new benefits became payable. Mr. Gillespie points out, however, payments to disabled persons who apply for these benefits after December 31 of this year may begin no earlier than the month in which their applications are received, no matter how long they have been disabled.

The budget allowances made for the Board of Education for the year 1958 are as follows: Current Expenses \$1,292,715.34; Capital Outlay \$185,000.00; and Debt Service \$264,896.89. The item of Capital Outlay includes half the cost of paving at Westminster Junior High School, half the cost of the Architect's fees for Westminster and Francis Scott Key schools, inspection, furniture and equipment, the prospective purchase of additional school sites, and the sum of \$50,000.00 towards the cost of construction of Key High School at Uniontown.

Debt Service comprises the payment of 1950 County School Bonds maturing in 1958, \$100,000.00; payments on four loans for school construction under the State Bond Issues of 1953 and 1956, amounting to \$119,713.13; and interest on said indebtedness amounting to \$45,183.76.

RECREATION—\$23,870.00. This includes an appropriation of \$400.00 to Carroll County Historical Society, and \$23,470.00 from the Tobacco and Cigarette tax revenues, appropriated for the establishment of public library service throughout the County.

As a result of this library appropriation, the County will receive substantial grants from the Federal and State Governments towards the cost of operating such library service, and also will have the use of all the library property, books and other facilities belonging to Davis Library. When the Library Board is appointed by the Governor, and the proposed contract with the Trustees of Davis Library is executed, full details of the expected revenues and costs of operation will be made public. It is expected that the income from the endowment fund created by the late Walter H. Davis will be used towards the maintenance and operation of the Davis Library Building, which will be the central library until in the county and that the other revenues, including the County appropriation, will be expended largely in the establishment and operation of library services to those sections of the county outside Westminster which do not now enjoy the services that are provided by Davis Library for Westminster.

PUBLIC SERVICE ENTERPRISES—\$17,105.00. This includes an appropriation of \$16,155.00 for Agriculture Extension Service, salaries and expenses, and \$950.00 for the salaries and expenses of the Board of License Commissioners for Alcoholic Beverages.

MISCELLANEOUS—\$25,000.00. The appropriations under this heading are \$550.00 for Teachers' Retirement; \$12,000.00 as the County's share of the cost of Employees' Retirement; \$4500.00 Social Security Contributions; \$1500.00 for three Medical Student Scholarships; and \$500.00 for Miscellaneous expenses.

The sum of \$25,000.00 has been appropriated for the Budget Surplus Account, from which extraordinary expenditures, not foreseen and included in the budget, are made.

The balance of anticipated revenues not committed by the foregoing budget items of expenditures is the sum of \$18,369.24, which is set up to cover contingencies which may arise in the operation of the schools and the County, and for the absorption of losses and deficiencies in tax revenues as estimated.

Any citizen of the county desiring information concerning the budget in greater detail than is here set forth is invited to inspect the whole budget as adopted by the Commissioners and on file in their office in Westminster.

THOUGHTS PERTAINING TO CHRISTMAS

There are many Christmas thoughts void of the true spirit of Christmas.

One fellow said, it will take him six months to pay for the things he buys for Christmas.

We like to be known as generous givers but with our generosity is there the spirit of cheerfulness!

How many give that they might receive in turn! Stop giving and you soon are forgotten.

The ring of the cash register has deaden the ring of "Jingle Bells."

What has become of the spirit which prompted the "White Christmas" of a few years ago?

If Christ were to ask whose birthday is celebrated during Christmas, a multitude would answer Santa Claus's.

Of scores and scores of letters in a certain newspaper, written by children to Santa, they invariably begin, Dear Santa, I want. When are we going to teach our children to say, Dear Santa, I give.

We will have to put Christ back into Christmas if we are going to recognize it as the anniversary of the birth of the Christ Child.

Joy to the world! The Lord is come; Let earth receive her King; Let every heart prepare Him room, And heav'n and nature sing.

That is Christmas with its real meaning!

COUNTY BUDGET AND TAX RATE FOR 1958

(Continued from first page)

CONSERVATION OF HEALTH—\$41,486.00. This appropriation represents approximately 40% of all public health costs, as estimated by the State Health Department.

HOSPITALS—\$99,000.00. This includes \$50,000.00 from tobacco and cigarettes revenues appropriated towards the cost of construction of Carroll County General Hospital; \$17,000.00 for the maintenance of patients in State Mental Hospitals; and \$2,000.00 for the maintenance of patients in State Chronic Hospitals.

PUBLIC WELFARE—\$6,777.53. This is the cost of the Welfare Department to the County. The balance of the funds expended are furnished by the State and Federal Governments.

In addition to this sum \$16,000.00 has been allocated for the operation of the County Home, which probably will yield \$6,000.00 in revenues from produce sold, leaving the net cost of such operation \$10,000.00. \$400.00 has been appropriated for Pauper burials and \$4200.00 to Children's Aid Society to cover the cost of boarding children committed to its care.

CORRECTION—\$10,000.00. The operation of the County Jail is estimated to cost \$5,000.00, and \$5,000.00 has been appropriated to cover the cost of delinquents in other institutions.

SCHOOLS—\$1,742,612.23. This accounts for the expenditure of approximately 72% of all revenues received.

The principal items as shown by the budget allowances made for the Board of Education for the year 1958 are as follows: Current Expenses \$1,292,715.34; Capital Outlay \$185,000.00; and Debt Service \$264,896.89.

### Did You Wonder Why Santa Drops Gifts Down Chimney?

How did it come about that Santa drops his gifts down the chimney?

For the answer to this common belief about Santa and Christmas, we must go back to Saint Nicholas, responsible for so many other customs related to Christmas.

There's a story about an impoverished nobleman who was unable to find husbands for his three daughters because he could not afford a dowry for each. He was about to sell the daughters into slavery when St. Nicholas heard about it. Silently, Old Saint Nick dropped three bags of gold down the chimney. All three daughters soon married and lived happily ever after.

Thereafter, Saint Nicholas was often pictured holding three bags of gold. It is thought that about 343 A.D. and historians say that for 30 days after his death his genial spirit roamed the earth, filling the hearts of mankind with love and generosity.

It could be said that St. Nick and Dr. Clement Moore, who wrote "A Visit From Saint Nicholas" (now better known as "Twas the Night Before Christmas") contributed most to our present concept of Santa Claus.

### Outdoor Decorations Should Not Harm Evergreen Shrubs

It won't be a chilly Christmas for many outdoor evergreens and shrubs this year, with outside home decorations expected to be even more popular than in past years.

It's nice to have bright decorations outside, tree experts say, but too many home owners give their home grounds evergreens a hot foot while stringing them with overly-powerful Christmas lights for a blinking, brilliant colorama.

They offer this advice to protect trees while utilizing them to the best advantage in achieving that beautiful outdoor display:

Use only electrical fixtures designed to be strung on outdoor trees.

Use bulbs no stronger than 15-watts. They're bright enough to be gay and colorful, yet don't generate enough heat to burn foliage, even on direct contact.

Check periodically to determine if needles or foliage are turning brown in vicinity of lights. If so, rearrange the lights. Not even a beautiful light display is worth marring valuable evergreens that are a source of beauty the year round.

**To Share Our Life**  
Lesson for December 22, 1957

THE baby Jesus we have been seeing everywhere these days. His picture is on the greeting cards, songs about him are sung (mechanically for the most part) on every street. Fresh candles are lighted in front of his statue in many churches.

Dr. Foreman

Luke 2 is memorized in a thousand Sunday schools. Now that is about all some people ever see or think about Jesus. He is the baby we have to hear about once a year. Christians know better than this. Indeed Christians, from very early times, never saw only a baby in the manger at Bethlehem. Here is no ordinary child, made romantic by the hardships of his birth. He is more than a symbol and example of the sweetness and helplessness of all babies in the world.

**"Who for Us Men Became Man"**

The Child of Bethlehem is the Event of all time. For this child is the Son of God made man. What men have often longed for, what poets have dreamed, what every man needs, here it is... only not as we expected. What we want is a God who is near us, nearer than heaven, nearer than Mount Olympus, yes nearer than the nearest temple. If possible—and who dared it could be?—we want God in human form. But what we might have expected is a very grand human figure, some super-man, born to power and majesty. What God has sent us is quite different: just a baby. A baby who cannot talk nor walk nor live without help, a baby born to displaced persons in the poorest of circumstances, with no very bright future likely. Yes, this is He. When God became man he came all the way. He came to share our life.

**Sharing Struggle**

Theologians say that Christ had a human "nature" and a divine

"nature." The Bible seldom if ever uses such language. The New Testament just calls Jesus "He." Jesus himself called himself Son of God; he also called himself a man. (John 8:40.) The Nicene Creed, one of the most ancient and widely used creeds of the church universal, says that the Son of God "was made" (i.e. became) man. We can make this clearer to our minds if we simply say that Jesus shared our life. He shared it to the full, he identified himself with mankind. He shared the circumstances and the conditions under which all men live. We said just now that a baby born as Jesus would have no rosy future; and this was true of Jesus. His life was one of constant struggle. In his boyhood it must have been a struggle with poverty; as he grew older he had to wrestle with temptation, with misunderstanding and hatred.

**Sharing Suffering**

Possibly not all human life is a struggle; but there is no man with lifelong exemption from suffering. We know Jesus suffered on the cross; we often forget that he was always a "man of sorrows and acquainted with grief." We do not read that he wept on Calvary; we do know that he wept at the death of a friend. We know the Pharisees hounded him to his death. We forget the times when he was nearly lynched by angry mobs. He knew a kind of suffering which is harder for a sensitive soul than physical pain: suffering of the mind and heart. That his mother misunderstood him, that his brothers did not believe in him, that he "could do no mighty work" at Nazareth, his own home town, because of their stubborn unbelief.

**Bearing Sin**

One thing Jesus did not share with us: sin. And yet even this he shared in two ways. He always sided with the sinner, so much so that his critics called him "friend of sinners;" and in the end he suffered because of sin. Paul in one place writes, "For our sake he (God) made him to be sin who knew no sin" (I Cor. 5:21). This brings us face to face with the awesome mystery of the Atonement; but as a Scottish minister once said, the reason we do not understand the Cross is not because our minds are dull but because our hearts are too poor to understand love. If the baby in the manger had died then and there, it would have been sad. But only if that baby lived, and grew, and suffered, could the child become Man, giving his matured life a ransom for many.

**HUNTING IN TANEYTOWN TO RESULT IN ARRESTS**

At the regular meeting of the Mayor and City Council Monday evening the City Council instructed Chief of Police G. Emory Hahn to arrest any one who hunts or discharges firearms within the city limits.

Each year complaints have been made during the small game season, and the city fathers have decided to end hunting within the town. After investigation in each case reported prosecution will be brought under the ordinance #145 prohibiting the discharge of firearms within Taneytown. 11-14-tf

**MERRY CHRISTMAS MORNING**

Christmas morning breakfast should be one with all the trimmings. It's the family's first chance to relax after the hectic pre-holiday rush. A menu that makes relaxing easy includes: tangy orange segments in orange juice; golden French toast with butter and jelly; bacon, crisp and so-good-smelling; white-frosted sweet bread. And of course breakfast should begin and end with full-bodied Instant Chase and Sanborn Coffee, now with natural coffee aroma that says "come hither" the moment the jar is opened.

Although the menu sounds like a lot, it really can go to the table with very little fuss. Prepare the orange segments the night before and chill them in juice overnight. French toast takes only a few minutes to make, and directions are in any good cookbook. If bacon is placed on a rack in a shallow open pan, then baked for 10 minutes at 400 degrees, it needs no watching and no turning. The sweet bread comes from the baker. And of course, the Instant Chase and Sanborn Coffee spares the cook and makes the meal complete.

**Stagemanage Your Home With Light ... Christmas Is A Time To Start**

There could hardly be a happier gift for your home, yourself, your family — than the gift of controlled light. A little device called the Luxtrol Lamp Control makes it possible. It permits you to turn any incandescent lamp — or the whole Christmas tree — as dim as you'd like, for as long as you'd like, and then, with a turn of the dial, to transform it to full brightness, or to any degree along the scale of light you find just right. The convenience is a joy you can value only after you've lived with it awhile (in the baby's room; in the entrance hall; by the phone; for a spot of sewing; while you make up). The pleasure is one you can only relish, too, with experience (nothing like soft light to set a mood, to say nothing of no longer stumbling in the dark). And the control actually saves money, too. (You'll be using considerably less electric current.) Luxtrol is a good looking table accessory. It comes in bronze gold or silver rhodium, combined with grass cloth or beige or brown leather. Controls 150 watts. Made by the Superior Electric Company, Bristol, Conn., it can be bought in almost any lamp or department store.

**NEW CARROLL COUNTY HOSPITAL ASSURED**

Scott S. Bair, general chairman of the Carroll County General Hospital Fund Campaign, revealed yesterday that the hospital's management committee is proceeding with plans to assure early construction of the hospital.

Construction of the hospital, on a site adjoining the Carroll County Memorial Medical Center in Westminster, will start at the earliest possible date, Mr. Bair said.

B. E. Starr of Harrisburg, Pa., has been instructed to begin work on the final plans for the hospital for submission to the hospital's building committee for approval.

Although announcing that the first steps would be taken to assure early construction of the long awaited Carroll County General Hospital, Mr. Bair said that the committee's campaign for funds would continue until after January 1.

At that time, the general chairman said, the final accounting of contributions would be completed and the results made public.

In announcing the continuation of the drive, Mr. Bair pointed out that only about 50 per cent of the people in Carroll County and the Reisterstown-Glyndon area have had an opportunity to contribute to the campaign. Many persons, he said, were either out of town, ill, or not at home when volunteers called at their residences.

"We wish to extend to these people the opportunity to participate, along with their neighbors, in the sponsorship of the Carroll County General Hospital," Mr. Bair said.

Persons desirous of contributing to the hospital fund were requested to call Tilden 8-8521, the fund headquarters, and arrangements will be made to pick up contributions.

The general chairman expressed the hope that at least 2,000 Benefit Plans would be subscribed to prior to the campaign's conclusion. To date, Mr. Bair said, almost 1300 of these plans have been requested.

Hospital Headquarters announced that a gift of \$60.00 or more will be known as a Founder's Gift. The names of the donors of these gifts will be so recorded in the hospital's cornerstone at the time of dedication.

Total to date in Taneytown contributions to the hospital fund is \$13,267.

**JOINT MEETING OF CHURCH SOCIETIES**

The Women's Guild and The Churchmen's Brotherhood of Grace United Church of Christ met jointly, Dec. 5, 1957, in the Parish House.

Mrs. Romaine Motter played a piano prelude to begin the program and provided accompaniment for the carol, "Come Hither, Ye Faithful" which was sung by all.

Mrs. Harry Mohney read a meditation and this was followed by everyone singing the first 3 verses of "O Little Town Of Bethlehem". Mr. Harry Mohney read a prologue and Rev. Morgan Andreas read the story of the Nativity followed by a meditation on the story by Mrs. Otis Shoemaker. The last verse of the carol was then sung.

The offering was received and consecrated and Rev. Andreas installed the following officers of the two organizations: Women's Guild—president, Mrs. Marian Rue; vice president, Mrs. Louise Abrecht; secretary, Mrs. Otis Shoemaker; treasurer, Mrs. George Fream. Brotherhood—president, Ellsworth L. Lambert; vice president, Edgar Fink; secretary, Roland Reaver; treasurer, Donald R. Baker.

Mrs. Rue, incoming president, called for remarks from the retiring president, Mrs. Motter from the Guild and Rev. Andreas from the Brotherhood. Each responded by thanking everyone for the support given them and urging the same support for the newly elected officers.

The Jr. High Boys' Quartette, Geo. Rue, Paul Andreas, Wayne Hively and Victor Welty with Mrs. Marion Rue as accompanist, sang "A Christmas Carol."

The Womens' Trio, Mrs. George Motter, Mrs. Murray Baumgardner, and Mrs. Marian Rue, with Mrs. Romaine Motter as accompanist, sang "Under The Stars".

The programs was concluded with prayer by Mr. Murray Baumgardner. A social period was held in the Parish House Dining Room which was beautifully decorated for the

Christmas season. Refreshments were served and carols were sung with Rev. Andreas as leader and Mrs. George Motter accompanist.

The program had been planned by Mrs. Marian Rue, Mrs. Harry Mohney, and Mr. Murray Baumgardner and their committees.
