## AN INEQUITY FOR TANEYTOWN

The wider range calling area for Taneytown telephone users is very limited compared to the Westminster patrons. Taneytown was given Union Bridge and Westminster in addition to their previous calling (Taneytown) area.

Westminster was given a new calling area consisting of Hampstead, Taneytown, New Windsor, Union Bridge and Sykesville in addition to their previous calling area (Westminster).

The new schedule went into effect last Sunday which included new basic monthly rates.

Although Taneytown patrons cannot enjoy the wider calling area that Westminster patrons have, their rates have increased almost comparably.

A comparison of rates are:

TANEYTOWN	WESTMINSTER
1 Party Business	10.20
2 Party Business	8.45
Rural Business	6.70
1 Party Residence	5.85
2 Party Residence	4.96
4 Party Residence	4.30
Rural Residence	4.55

## TANEYTOWN VOL. FIRE DEPT. WEEKLY REPORT

Tuesday, Feb. 18, 1958, at 7 p. m. A rescue call was received to take food and fuel to families that were snowed in on the Bullfrog road. Firemen used a sled to travel some two and a half miles which they could not reach by car.

Tuesday, Feb. 18, 1958. All Carroll County Fire Departments had personnel standing by all night in case of fire, the radio operator was to notify other surrounding fire departments so they could try to reach the fire from another direction due to the snow blocking so many roads in the county.

**Ambulance Transports.**  
Thursday, Feb. 19, 1958, 11:27 p. m. Mrs. Betty Kooztz, of York St., was transported to Frederick Memorial Hospital.

Friday, Feb. 20, 1958, 12:15. Mr. Edwin Baumgardner was taken to Gettysburg Hospital and returned to his home.

## MISSIONARIES TO SPEAK

On Sunday afternoon at 2:30, March 2, 1958, Melvin and Margie Whitacker will be at the Frizellburg Church of God, Frizellburg, Md. This young couple are missionaries home on furlough from Quito, Ecuador and were personal friends of the five martyred missionaries we have heard so much about who gladly gave their lives for the sake of the Lord Jesus Christ and the Gospel. They will give a challenging message to the missionary-minded public who is warmly invited. The Men's Quartet from the Missionary Bible Church of Hanover, Pa., will furnish special music.

## PUBLIC SPEAKING COURSE

The Junior Chamber of Commerce is sponsoring a course in public speaking which will begin on Tuesday, March 4. The course will be held in the American Legion Home every Tuesday night, from 7 to 9 p. m., for the next nine weeks. Mr. Robert Cook, Westminster, is the instructor for the course. This course is being offered free of charge and is open to anyone interested in training for public speaking.

## C. OF C. ANNOUNCES NEW INDUSTRY

### Protest of New Telephone Rates Another Item of Business

The Taneytown Chamber of Commerce met in the Municipal Building on Feb. 24, 1958 at 7:30 p. m. with President Merwyn C. Fuss presiding. 12 members were present.

Minutes of the last meeting were read and approved.

President Fuss reported that pledges have put the industry project over the top. Treasurer Arnold reported that the required amount for the industry has been subscribed for and part of the money has already been turned in. Mr. Arnold also reported that the deed for the 180,000 sq. ft. of land purchased from the Motter farm has been recorded.

Our Road Improvement Chairman A. H. Carpenter reported that he had nothing new to give on the Harney road project at this time. Mr. Carpenter had been given permission and did attend a meeting of the Mayor and City Council with the Districts Roads Engineer concerning the Taneytown-Keymar road and the Taneytown-Westminster road. Mr. Carpenter hopes to have a report of the standing of these two projects in about ten days.

President Fuss reported that in as much as an option had been renewed for the purchase of a farm in Carroll County for the use of Baltimore City for a penal institution it would seem that the intentions are to carry out this program. It was reported that citizens of Westminster have petitioned against the locating of this penal institution in Carroll County. A motion by A. H. Carpenter was seconded and passed that the Chamber would go on record as being against this penal institution locating in Carroll County.

A discussion was held concerning the new telephone rate. The Chamber felt that our letter asking for broader coverage toll charges had not been properly considered. This was based on the fact that we did not get a reply to our letter and received only Union Bridge and Westminster without toll charges. The Chamber opened that a letter should be prepared and sent to the Telephone Company expressing our dissatisfaction with the outcome of this new program. A. H. Carpenter made the motion, it was seconded and passed. The president ordered that the letter be sent.

It was reported that President Fuss had been appointed on a committee of 18 persons to study the pro's and con's of zoning for Carroll County. The committee is only to study the situation and report its findings to the County Commissioners.

The next meeting will be a dinner meeting at Taney Inn on March 17th, 1958. Frank Wargny will be in charge of the program.

E. G. DORNON, Sec. pro tem.

## TANEYTOWN JAYCEES PROTEST INCREASED TELEPHONE RATES

The Taneytown Junior Chamber of Commerce, at its regular meeting on Monday, Feb. 24, 1958, discussed the new increased telephone rates and free-call areas which are extended. It was unanimously decided to send a letter to the C. & P. Telephone Co., asking for their consideration of extending this free-call area.

When C. & P. first made public their proposed increases, there was some opposition and according to reports from both the C. & P. and the public service commission, it was assumed that either the rate increases would be considerably less, or the free-call area substantially increased. This, however, was not the case. Comparisons show that most flat rates have been increased over 40%, and only very few patrons may not experience a large increase in their over-all bill.

The rate increase may be warranted, but it is pointed out that Westminster patrons will have the entire county with the exception of Mt. Airy as their free-call area. Taneytown patrons can call only Westminster or Union Bridge. The Jaycees feel this is unfair and unreasonable. It would seem that the Taneytown area should include at least New Windsor, Silver Run, and Emmitsburg.

It might be possible that consideration would be given this request if enough patrons were to call or write their business office requesting the extension of this free-call area to include other nearby communities.

## PROGRAM AT KEYMAR TO BE PRESENTED BY GOOD NEWS CLUBS

The Taneytown and Harney Good News Clubs will present a program on Sunday, March 2, 1958 at 7:30 p. m., in the Holiness Christian Church, Keymar, Rev. Paul Freeman, pastor. In addition to flannelgraph stories by some of the teachers, the children will be singing and taking part in a "Question Bee", dealing with a series of lessons they have had on "Learning to Grow the Bible Way." Miss May Hoover, Maryland Director of Child Evangelism Fellowship and Miss Marge Cochran, Baltimore City Director of C.E.F. are expected to have part in the program. Everyone is cordially invited to attend this service and observe for themselves the value of Good News Club work in the lives of children.

Mr. McNulty, who is associated with radio station WINN in Baltimore, was active in the organization of the Maryland Society for Retarded Children. His deep concern for and interest in helping retarded children everywhere have brought him to Carroll County on several occasions as a guest speaker for various civic clubs. The public is invited.

## STATE TAXES AND BUDGET DISCUSSED

### Senator Flanagan Makes Report from Annapolis

This is our budget session and all I have heard is how we can increase our revenue to meet an expanding budget, instead of reducing the budget to meet our falling income. At a time when we should be coming to the rescue of the taxpayer, we are devoting our energies in inventing new ways to skin him. The very least we could do would be to hold the line.

The over-governed people of this country are about to rise up in their might and indignation and demand an accounting of their public servants. We keep saying that the people have demanded these services and therefore must pay for them. But where are these folks that make these demands? I never see any large segments of the population converging upon Annapolis. The fact is they are always very small minorities who make big noise. Who lobbied for the plan whereby we would teach in twelve years what we once did in eleven? Who was it that sold our government on the idea that millions of self-reliant citizens became wards of the State instead of being cared for by relatives in their homes? Who demanded that a fleet of State cars stand poised for action at each of our health officers? Who demanded

## FIRE COMPANY AUXILIARY NEWS

The Firemen's Auxiliary held their regular meeting Thursday, Feb. 13 with 25 members present. We were given 2 donations for the Hospital beds. We were asked to help with the Baseball Club bake sale on Saturday, March 1, with the following committee appointed: Dorothy Baker, Ruth Shank, Carrie Austin, Helen McNair and Frances Tracey.

A committee was also appointed for our food sale in April: Rhoda Dayhoff, Ethel Harman, Catherine Baker, Pauline Vaughn, Beulah Saubel, Madeline Reifsnider, Flora Leister, Mollie Crouse and Ruth Fowler.

We have invited the Ki-Wives to our next meeting March 13. We are planning a Big party in the near future with the following committee in charge, Hazel Lambert, Anna Mae Crebs, Louise Riffe, Grace Putnam, Naomi Dodder and Pauline Vaughn.

The following delegates were elected for the county and state convention: Ethel Garber, Carrie Austin, Catherine Baker, Hazel Lambert and Emma Reifsnider.

Delicious refreshments of cherry pie, ice cream, cake and coffee were served by the committee.

## MEETING OF TANEYTOWN ROD AND GUN CLUB

The Taneytown Rod and Gun Club Inc. met in regular monthly session on Feb. 26, 1958, at 8 o'clock.

The meeting was called to order by President, Charles Anders. The minutes were read and approved. The secretary reported application for one new member and 23 additional members had paid dues, also card of thanks from the Howard Baker family.

The treasurer's report was read and approved.

The chairman of the rest room reported that they had been installed and the septic tank and lines had been installed.

President Anders reported that he has been feeding the pheasants on the club grounds.

President Anders designated the 15 of March to cut the saplings on the club grounds. The meeting adjourned at 8:40 o'clock.

## POTOMAC EDISON ANNOUNCES WINNERS

Two local ladies have been announced as winners in the awarding party office last week in connection with the showing of the new 1958 Frigidaire Home appliances. Mrs. Paul Hymler, George Street, won a gift certificate good for \$100 towards the purchase of any new 1958 Frigidaire appliance and Mrs. Harwood Tydings, Sr., Rt. 1, Taneytown, won a gift certificate good for \$50 towards the purchase of any new 1958 Frigidaire appliance.

## TANEYTOWN SCOUT PAPER DRIVE MARCH 1

The bimonthly drive for rags, magazines, and paper will be conducted Saturday, March 1, by American Legion Troop 348, Taneytown, with the aid of Guy Long and a Cambridge Rubber Company truck. Soliciting will be confined to Taneytown and its outskirts, with individual calls on all rural residents who regularly save paper and are on the troop's pickup list. Everyone is invited to place his name on this list for regular canvassing on the usual collection day, the first Saturday of the odd-numbered months. Public cooperation in support of these drives continues to be highly gratifying, the proceeds earmarked for a meeting hall in the Memorial Park when the unconditional green light for ground breaking is beamed on them by the Park Board.

## "SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning  
A smile that shall last until the next day's dawning.  
I wish you health—life's greatest wealth!  
I wish you always near so that I may help to cheer  
Each future day and in some way—help to bring you happiness!

It's cold! As I type this column, Your Observer is really 'hemmed in' due to the snow-drifts all around the house and the buildings. The phone bell rings all day with the many friendly voices, "Are you alright?" We have thought of you all day! And much else. My good neighbors were dressed just like Eskimos when they came over to ask what I wanted from the store and after giving them a list, I watched fascinated as they trudged through the field for a short cut instead of the long lane which has not been opened by the snow-plow. On the radio came the familiar voice stating this was the very worst snow storm since 1840. I wonder about that.

Believe it or not, Your Observer saw a man driving his horse which was pulling the old-fashioned sleigh. What a thrill! And yet as I was driving last week, a beautiful red robin flew right past in front of my car. Cheer up, folks, as The Farmer's Almanac states the very first day of March will be mild. And that is only just around the corner. In the meantime, don't forget the crumbs for the birds. If you want even more insulation be sure and pull down your blinds at night or close the venetian blinds—what a difference. The proof is in the pudding. Florida real estate will, no doubt, take a heavy loss as to sales and even those renting for another winter.

Don't miss Emma Jean Coco and Sid each Sunday night. They have proven they are still the big favorites. Eh?

That precious cocker spaniel "Sugar" is getting sweeter all the time. When I drop anything, she quickly runs to pick it up. She is delighted with the pure cold white stuff outdoors and scampers lively all over the place.

In the Hahn Shoe Store on Lexington Street, their one window is filled with all types of red, red shoes and bags. Glamorous is the word for spring.

Going up in the elevator to Hochschild's tea room meant much to me. The atmosphere was so peaceful, the huge room so inviting with the attractive decoration. There was no hustle and bustle right there and even the waitress fitted in with the atmosphere. The meal? Well, folks, I asked the chef's name, Sam Carroll, as the English clam chowder was just the tastiest ever. The shrimp salad was delicious, served with buns and corn bread and the kind of coffee which a president said, "Good to the last drop." The desserts are brought around on the white wagon for your selection—Ummmmmmgood! If you want a real treat, folks, run right to Hochschild's tea room, you will always go back for more, I can assure you.

One big disappointment for me will be to miss the "Orchid Show", not having the long lane cleared to the main road (for driving).

This is the time I keep the fire-place blazing all day. Remember when you do buy wood be sure it is seasoned and not green.

Don't forget, gentlemen, please the best half by flowers now and then. That will be a greater speech than you could ever make. There is a little man who stands in all kinds of weather at the corner of Charles and Lexington Streets and as for orchids, they are simply grand and for such a tiny price and you may select your own right from the glassed case. Flowers always say, "I love you" in any language. Such little things to make others happy.

No other state can boast of any finer State Police than our own Maryland. They are most gentlemanly, kind, thoughtful, considerate, understanding and the big thing, fearless!

Letter from a reader: Dear Observer, Will you kindly let me know just how to go about the following? I have been dating a young man now for almost two years and we both are very much in love but he does not pop the question and here is the reason. He wears a small toupee and he thinks that I do not know it and he is sensitive about it. How can I make him understand that it won't make any difference to me? Thank you! M. G. I.

Answer—M. G. I. Mention the fact frankly to him that there are so many men on T.V. who wear a toupee and that you don't object in any way as long as it makes them appear better. Start naming the ones—Frank Parker, John Daly and a number of others. Tell him that you would love him all bald. Ever notice that saying "Bald men are the smartest"? A little or big bald spot should never interfere with two people who are in love. Best wishes!

Until next week, D. V. Have a grand week end by remaining at home looking out at those foolish people racing by. I am, Faithfully,  
YOUR OBSERVER

#### MODERN DISCIPLES

"But he said to them, 'You yourselves give them some food'. And they said, 'We have not more than five loaves and two fishes unless we are to go and buy food for all this crowd'."

"For there were about five thousand men present."

"Then he said to his disciples, 'Make them recline in groups of fifties.'"

"And he took the five loaves and the two fishes and looking up to heaven blessed them and broke the loaves, and gave them to his disciples to set before the crowds."

"And all ate and were satisfied."

In all reverence, we should like to point out that miracles of feeding the hungry, clothing the naked, sheltering the homeless and binding up the wounds of the suffering continue. In AD 1957, more than 20 centuries after St. Luke's report—the \$5 million Catholic Bishops' Relief Fund—under the administration of Catholic Relief Services—National Catholic Welfare Conference—provided to 40 million suffering humans of all races, creeds and colors in 53 countries around the world goods and services valued at well over \$148 million! And in the hands of seasoned veterans, who have been at their labors of love and mercy for 15 years and who last year enlisted the selfless and devoted assistance of more than a million and a quarter volunteers, management of this world-wide human salvage operation was held below two per cent of the subscribed fund.

Once more, as in the years past, the nation's Catholic school children began, on Ash Wednesday, to make their 40 days of Lenten self-denial a devotional contribution of this work in 1958. The pennies and nickels and dimes that would ordinarily go for candy, soda pop and bubble-gum and ice cream—and which last year added up to more than a million dollars—constitute the initial response to the Catholic Bishops' Relief Fund 1958 Appeal. Their sacrificial contribution will be augmented by their elders during the week of March 9, to 16th, culminating in the Bishop's Fund Collection in all 16,300 parishes in the US, Alaska and Hawaii on Laetare Sunday.

Monignor Edward E. Swanstrom, executive director of CRS-NCW, reports that in 1957: "Better than one billion pounds of clothing, medicines and US Government surplus foods were shipped overseas—twice the amount shipped the Bishops' agency in the first ten years of its existence, 1943-1958". This year, he says, the need is still greater.

To contribute to the work of this greatest person-to-person overseas relief program were conducted by any private, volunteer agency, should be considered a privilege by any American, of any faith. It can be done through any Catholic church in the land—in the name of Him who fed the multitude so long ago, and who said: "Whatever you do unto the least of these—you do also to Me"—U. S. Press Association.

#### GOING TO CHURCH GIVES PEACE AND PERSPECTIVE

Going to church is a rewarding experience. A doxology which may be 21 centuries old, and the majestic words of the King James Version of the Bible provide peace and perspective in a troubled world, and give you a chance to measure your plans against the eternal yardstick of right and wrong.

"It is very much like having an annual physical overhauling, or seeing your dentist twice a year," Stanley High writes, in an article, "I Go to Church," in the March Reader's Digest.

"Except in the area where the church operates, I think most of us need to be overhauled oftener than that. I go to church because after having sized things up all week by more or less selfish standards, I am ready for an hour in which they are all sized up by moral standards."

"We sing the doxology, 'Praise God From Whom All Blessings Flow.' Some form of doxology has been sung by men and women at worship for at least 21 centuries. The hymns do not go back that far. But they go back far enough to be out of the running for the radio's Song Hits of the Week. I sang them on Sunday mornings when I was a boy. My father and mother sang them, and their parents before them . . ."

"The minister reads the Old Testament lesson. That goes back farther than either the hymns or the doxology. It may go back 30 centuries—a thousand years before Christ. There is nothing new enough in what he reads to make the headlines. I heard the same passages in my youth. Men and women not very different from those in our church have heard them, generation before generation in the past. My children and their children will hear them generations into the future. That is what I mean by perspective."

"I find that I have become consciously aware of something which, the rest of the week, is no more than a hunch. I realize that people like myself, with problems like mine, have been here a long time. I know that tomorrow is another day. But I can say to myself: 'Why so hurried, my little man?'"—The Reader's Digest

#### GRASS ROOTS OPINION

##### HAGERSTOWN, MD., MORNING HERALD:

"For decades it has been taken for granted that the rail companies do not generally find the passenger business profitable. Now, however, the picture on freight traffic, always the lines' bread and butter, is growing extremely dark."

"Rail officials told the Senate group that the combination of mounting passenger losses and sagging freight volume has so constricted their financial reserve that they are being forced to curtail outlays for improvements and new equipment."

CHAPLIN, KAN., CLARION: "The way to find out how many folks read the hometown paper thoroughly is to make a mistake or print something which can easily be misconstrued. Newspaper folk are human—they try to satisfy but mistakes do creep in."

SANTA PAULA, CALIF., DAILY CHRONICLE: "Is there too much debt? Who knows how much 'too much' is? As far as the private debt is concerned, the soundness of the debt structure simply depends on the soundness of the individual loans. Even if there were no debt whatever in existence it would be still unsound for a merchant to extend credit to a poor credit risk."

DUNN, N. C., RECORD: "The idea of the century comes from Bill France, founder and president of NASCAR, the National Association for Stock Cars, who journeyed to Washington at the close of the year to lay before The President's Committee for Traffic Safety a program for licensing automobile drivers as realistically as airplane pilots . . ."

"Mr. France, whose goal is to make highway travel as safe as a ride on a merry-go-around," pointed out to The President's Committee the folly of testing drivers on quiet streets at 25 mph and expecting that this could qualify them for handling cars under present highway traffic conditions and at speeds of 40, 50, 60 and 70 mph."

SHREVEPORT, LA., SUN: "A prominent newspaper recently reported on the movement to unify most of the Protestant churches in the United States . . . Not an expert in theology, nor in church organization on a high level, we nevertheless think that it is desirable for those of similar views to merge their churches into larger and more influential ones. We are happy that this is not a country of one church, and that our system of freedom of religion safeguards us from the dangers inherent in a one-church system."

FRANKLIN, VA., TIDEWATER NEWS: "The actual increase in military spending in next year's proposed budget is less than a billion more than is being spent in the present fiscal year . . . Come on, Congress, let's slice off some of the non-military fat, and let the states handle some things they should be handling anyway."

QUINCY, MASS., PATRIOT LEDGER: "A group known as the Field Representatives Federation has been refused an AFL-CIO charter to represent 215 AFL-CIO employees sent out to organize unions. The incident shows that when a labor union acts as an employer it talks like an employer—and often like an unlightened employer at that."

BARNESBORO, PA., STAR: "As Millions of Americans are now finding out to their sorrow, inflation creates just as much hardship, bread-and-butter wise, as does a depression. Our lawmakers now need to be made aware of that realization and take the necessary steps to stem the creeping tide of inflation which has dealt our pocketbooks such a severe jolt."

LIBERAL, KAN., SOUTHWEST DAILY TIMES: "The corporation executive seeking to finance expansion plans or a wage-earner shopping for a new home or car, will find loan money a little more plentiful in the first half of 1958 than in the latter part of 1957. This means of course you must be a good credit risk."

TERRE HAUTE, IND., TRIBUNE: "Kruschey is forever announcing that the Soviet Union is studying reduction of its armed forces. Wonder when the Russians find time to plan for defense against the war they say the U. S. A. is hatching?"

#### POWER OF THE PRESS

A leading association of retailers recently held a convention. And one of the highlights developed, according to an Editor & Publisher account, is that "Newspapers remain tops among retailers as the prime implement for moving goods."

That speaks well for the power, prestige and durability of the press, in this era when all manner of media are scrapping for a share in the advertising dollar. The printed word, in regularly-issued periodicals, has not lost its magic.

#### FACTS AND OPINIONS

A reason why President Eisenhower and Secretary Dulles are reluctant to hold a "summit conference" with Russia at this time is found in some information gathered by U. S. News & World Report. Since 1943 there have been 19 top-level conferences, in which the chiefs of state or foreign ministers participated. Forty agreements were made—and the Soviet government has kept exactly three of them.

Economic Intelligence reports that average hourly earnings of workers in manufacturing increased 10.6 per cent from 1955 to 1957, and total compensation increased 15.2 per cent. In the same period, on the other hand, net corporate profits after taxes declined 1.2 per cent.

At a recent conference, the mayors of 82 per cent of our big cities said that parking is the most urgent-municipal problem. It's common for four or more cars to compete for each space on the streets.

Many observers expect a rough, no-holds-barred battle between the "big three" car makers and the United Auto Workers union when new contract negotiations take place this year. Victor Riesel writes of the possibility of the companies stockpiling as many as 4 million cars and Walter Reuther building up a \$50 million strike fund. Then both sides would be ready for a prolonged shutdown.

The President's \$73.9 billion budget for fiscal 1959 breaks down as follows: \$47.1 billion for national security projects; \$16.4 billion for benefits of various kinds; \$7.9 billion for interest on the national debt; \$2.5 billion for general government. Revenues, estimated at \$74.4 billion, would come from these sources: \$38.5 billion from individuals; \$20.4 billion from corporations; \$9.3 billion from excise taxes; \$6.2 billion from other levels.

Delegates to the latest convention of the American Farm Bureau Federation approved a resolution opposing compulsory unionism and favoring a national right-to-work law. The resolution states: "No person should be deprived of his right to work because of membership or lack of membership in any organization."

Vice President Nixon has emphasized that the jobs of more than 4,500,000 Americans depend upon foreign trade, and that we exported some \$8 billion worth of non-military goods last year. He quoted Cordell Hull as saying: "Either goods will cross borders or soldiers will."

Tax Economics Bulletin states that in the last 20 years or so more than \$4.5 billion of highway user tax funds has been diverted to non-road purposes. And the trend of this diversion has been upward in late years.

A railroad spokesman says this about his industry: "The vicious circle of loss of markets, higher rates, still further loss of markets, still higher rates, can be stopped only by providing the railroads with far greater freedom to price competitively and to price for quantity, thereby reflecting the railroads' inherent efficiency."

WHEN YOUR HOLIDAY dance is likely to last into the wee sma' hours, it's a good idea to mind your make-up manners. For a radiant glow the evening long, select a pinky powder that will accent the rosy tones of your complexion. Then, try this powdering trick to keep your powder-glow "anchored on" all evening . . . dip a span-white cotton ball into powder and press it onto your skin; repeat several times until the whole face is coated generously. Let it "set" while you apply lipstick; then, take another fresh white cotton ball and ever so lightly using gentle downward strokes, wipe off the excess powder. The absorbent cotton will banish that coated powdered look and even out skin tones, allowing your skin's natural glow to come through.

With this careful preparation before the dance, you'll find that make-up lasts longer, looks prettier. If you should have to repowder that pert nose tip once during the evening, a light fluff with a cotton ball will do the trick.

**CURRENT EVENTS  
FIFTY YEARS AGO**

Last Friday afternoon, the teachers and pupils of Hobson Grove school gave an entertainment, which was very much enjoyed by the friends and patrons of the school. The school room was appropriately decorated for the occasion. The different parts were well rendered and did credit to both teacher and scholars. Mr. Eli Dotterer gave some excellent selections on his graphophone. The teacher, Mr. Harry Fogle, has given the people enjoyment this winter, by having spelling bees and entertainments, and it is hoped there will be more in the near future.

A pleasant time was spent at the residence of Mr. and Mrs. V. J. Harman, near Hobson Grove, last Friday evening, when several of their neighbors, fifteen in number, called to spend the evening. The evening was spent in social conversation and music by Farquhar's Run orchestra and the ladies at the organ.

A festival and supper is being held this Friday and Saturday evenings in the Catholic school house for the benefit of St. Joseph's Catholic Church. Supper each evening, 25c.

Stonesifer-Hockensmith—Miss Alice Jane Hockensmith, daughter of Mr. and Mrs. Robert E. Hockensmith, of Emmitsburg, and Marion Arthur Stonesifer were married at the home of the bride, last Wednesday by Rev. Charles Reinwald. Miss Clara Hockensmith, sister of the bride, was maid of honor and Mr. Edgar Stansbury was best man.

Harney—Mrs. Sarah Lighner has been seriously ill with lagrippe and pneumonia. Dr. Benner and a trained nurse of Baltimore have the case in charge and we are informed that she is slightly better, but still in a very weak condition.—Miss Grace Shriver, Mrs. Maggie Shoemaker and D. L. Shoemaker, who have been sick for some time, are all slowly improving.

—Mr. John W. Harpel is spending some time at Hotel Harney, with Mr. C. G. Brown.—On last Saturday the Daniel Hess property was bid up to \$1140 but was not sold.—On Thursday evening the citizens of Harney and vicinity held a meeting in the interest of "Good Roads" Bill. A permanent organization was formed and the following officers elected: president, Norman Hess; vice president, J. W. Eckenrode; secretaries, J. W. Fream and J. W. Reck.

Dr. Salsbury's 3-NITRO in your starter and growing feeds puts extra vim and vigor in chicks. They grow stronger, have greater resistance to disease, utilize feed better. Chicks raised on feed containing 3-NITRO fill out quickly, develop fully faster. Pulletts mature sooner, start laying top-grade eggs earlier—up to a dozen extra eggs per bird, the very first year on feeds containing Dr. Salsbury's 3-NITRO.

**Big Treat for Little Lovelies**

A "dress up" dessert to delight the little lovelies in the family—and all the grownups too—will make any occasion from St. Valentine's Day to that next birthday at your house a real occasion! For a party special that's as romantic as it is delicious, try brand new "Choco-Berry Pie". This elegant treat is topped with a giant heart made of sliced strawberries fenced in with rich cream-filled chocolate cookies. You can make it in minutes; no cooking is needed! Here's how:

- Choco-Berry Pie**  
30 Sunshine Hydrox Cookies (1 12-oz. package)  
1 dozen marshmallows  
1 quart vanilla ice cream  
1 10-oz. package frozen sliced strawberries, thawed (or 1 pint fresh strawberries, sliced and sugared)

Cut the round cream-filled cookies in half until you have 10 to 12 perfect halves. Crumble remaining halves and rest of whole cookies into small bits, to make 2 1/4 to 2 3/4 cups of crumbs. Melt marshmallows in the top of a double boiler over hot water. Blend crumbled cookies and marshmallows. Cool slightly, and press mixture to bottom and sides of a 10-inch pie pan. Chill. Fill with ice cream, smoothing it slightly on top. Press the perfect cookie halves, flat edge down, into the ice cream, outlining a heart-shaped "fence" in center. Fill inside of heart with berries. Makes 8 servings.

Why guess? Have your soil sampled and tested free by A.A.C. Soil Service.

**How much fertilizer  
will your crop need?**

YOU CAN'T expect to get a high yield on next year's crop unless there is enough plant food available in your soil. But guessing how much fertilizer your soil needs to grow that big crop is risky business. You can eliminate this risk by taking advantage of the free A.A.C. Soil Service.

Guided by the size and topography of your field, an A.A.C. fieldman will take an adequate number of borings for a good soil sample. He'll record a complete and accurate crop history of the field, too. Then the carefully marked sample will be mailed to the nearest A.A.C. laboratory where trained chemists will analyze it to find out how much available plant food it contains. Tests will also be run to determine soil pH. Results and field history will then be studied carefully by A.A.C. agronomists familiar with farm practices in your area.

In a few weeks you'll receive a complete report of the fertility level of the field, with sound, practical advice on how and when to fertilize and lime to grow a better crop. Recommendations will be made for your particular crop and soil. This report can take the guess out of buying fertilizer.

**Location, Style of House  
Determine Exterior Colors**

The exterior color scheme of a house should be in harmony with its setting and architectural style, says one of the nation's leading color stylists.

Margaret Hargreaves, of South Pasadena, Calif., says that, although there is no such thing as a formula for color planning, there are certain groups of colors that go best with different settings and styles. Miss Hargreaves says:

"On an open, relatively treeless site, use lighter, sharper colors. The purpose is to make a house stand out as an individual unit, distinct in its own right."

The color stylist says that a site rich in trees and other natural landscaping needs siding and roofing colors in relation to this background. She suggests grayed, subtle colors, such as

asphalt shingles in one of the soft blends of green or brown. Here are some of her suggestions for color styling various architectural styles:

Contemporary. Light blue, green, white, soft gray. These make excellent roofing colors and all are available in asphalt shingles. These colors also can be used for siding, but should harmonize with, and not match, the roof color.

Colonial. Use grayed-down, muted colors. Good choices are grays, blues, yellow beiges, and yellow-greens.

Farmhouse, Provincial. Use casual, earthy colors to suit the rustic, country-style of living usual in this type of house. Soft-brown blends of asphalt shingles are good for the roof, while siding can be in natural wood tones, colors like deep, soft red, brown, or yellow.

FEESERSBURG (A Voice from Carroll)

We are in the third day of the blizzard here in Carroll and the novelty has begun to wear off. It has been seventeen years since we experienced anything like this and most people were caught totally unprepared in one way or another. The storm is so intense and widespread that one hardly knows where to begin to dig out. Seventeen years ago the farmers had horses and sleds and by working together they were able to open the lanes in a day or so. But now the horses and sleds are no more and modern trucks and tractors cannot navigate snow drifts like horses could. In spite of being isolated people have for the most part managed so far to get by with good humor. As long as one has the radio and telephone isolation isn't too bad although after three or four days one begins to get restless. Most lives are governed by routine and when that is interrupted too long then discontent sets in. At times all of us wish for a few days to call our own, but when we get them they aren't exactly what we planned. For instance, school seems a terrible place for most children, but right now they would be very happy to be back with their books and schoolmates and teachers. After a few days of being confined indoors they learn that there is nothing as terrible as boredom.

After this week Carroll Countians are going to appreciate the local radio station more than ever. All day long the cheerful and humorous announcers on WTTR kept one informed of the conditions in the county and helped the morale of everyone by their neighborly attitude. Their voices sounded encouragement and optimism to all that listened and we are sure persons completely isolated with food and fuel supplies had needed to hear their cheerful words. Paul and Charley did a very fine job and we are sure Kay Cobb marooned in Mt. Airy by the storm was very proud of their performance.

Monday afternoon when the blizzard had some what subsided on the south side of the house we shoveled snow away from some low shrubbery and placed food for our feathered friends. Since then we have spent much of our free time watching the birds congregate for the food. This afternoon there were sparrows, starlings, three redbirds and one crow. Like humans, birds maintain a social protocol. Sparrows and starlings will eat together but not the redbirds. The crow eats alone because he is so large he frightens the others away. Redbirds just feel too important to associate with others even when hungry. We placed food in the tree branches but too many crows were attracted and we know there wasn't enough food on hand to feed crows. One and then two showed up at first and before long the trees were black with them. So today with no food in the trees only one lone crow came around. They say crows will not come close to the house but this one did. Hunger makes most every animal or bird lose its natural fears. This kind of weather places a real hardship on wild life and everyone should remember this and help feed the birds and other wild life.

Those who are ill or become ill now will be worried for fear no doctor or help can travel for the drifted roads. But firemen and ambulance drivers make every effort to bring aid. Today a helicopter from Camp Detrick was used to take an expectant mother to the Frederick Memorial Hospital from Woodbine. It is a time when everyone tries to be a good neighbor.

While the weather inconveniences all people the ones who have the toughest problems are the farmers. Trucks cannot get through to collect the milk and usually there is only storage space on the farm to keep just two days milking. We suppose many farmers had to dump some of it. Also the feed supply for the dairy stock is a headache in deep snow. We can think of no harder job than to get ensilage out of a trench silted in a blizzard. But still the job must be done and some how does get done.

After waiting four days for the snow plow to open Hapes Mill road the men who live on it decided to wait no longer and banded together and opened it up themselves with the help of tractors. It was impossible to follow the road, but by cutting across fields and by-passing drifts a one way road was made to the main highway. Most of the families living along Hapes Mill road were out of bread and feed for the stock. One family needed coal and another needed milk for small children. In a couple hours after road was opened all needs had been taken care of with the cooperation of business firms. This situation happened all over Carroll County. It seems to take an act of nature to make people understand one cannot live alone and survive. Only by pooling human ingenuity can some obstacles be overcome.

A mild case of claustrophobia seemed to be attacking most people after three days of being isolated. They just didn't like being shut-in by snow. But some used the time to good advantage by writing long overdue letters or doing months old mending. Others made ice cream and ate themselves into high blood pressure or gained some extra pounds where it wasn't needed. We missed the mail more than anything and this column is just one week late because of the snow. Whenever some one suggests that we don't have old fashioned winters any more we can all point with pride or disgust at the winter of '58. However there were several good things to remember about it. The electricity didn't fail us and the telephone lines bore up under a terrific

load of calls. Also that people did not let each other down which is about the most important thing that happened.

Several truths became evident during the blizzard. Enough snow can stop modern machinery dead in its tracks and that helicopters are worth their weight in gold during an emergency. Civil defence can also learn that stalled cars can be an unbreakable bottleneck in an emergency.

This is about all from the storm. Today (Monday) spring is outside with the temperature around 60 degrees. Mother Nature can certainly change her moods fast but we have no quarrel with her when she beams at us with a sunny smile. Footnote: Its an ill-natured blizzard that doesn't bring some good.—Ruth Roelke.

Mrs. Frank Zimmermann, of near guest of her daughter, Mrs. George Rogers, of Baltimore. Little Timmy, who is making his home with Mr. and Mrs. Rogers came with Mrs. Zimmermann when she returned to her home. Timmy was a guest in the Zimmermann home for over a week.

Those who visited with Mr. and Mrs. Maynard Ausherman and family of near Detour on Thursday evening were Mr. and Mrs. Robert Cramer from Germany. The Cramers are from Mt. Airy.

The United Lutheran Church Women of Keyville will meet on March 3 with Mrs. Rachael Bostain and Mrs. Raymond Myers as the leaders. The topic is "America's Younger Churches; ULCA". Those who will arrange for the special are Mrs. Ralph Shoemaker and Mrs. Luther Keeney, the hostesses are Mrs. Loren Austin, Mrs. Russell Stonesifer and Mrs. Clara Clabaugh. All ladies are urged to attend.

What a snow storm! The Keyville-Detour road was opened on this past Monday; it was snow-bound for over a week.

Mrs. Carroll Cover of Detour returned to her home on Monday. She had spent several months with her daughter-in-law, Mrs. Carroll Cover, Jr., and the girls Wanda and Becky in Rhode Island. Mrs. Cover spent a week with her daughter, Mrs. Monroe Pfoutz and family of near Union Bridge before returning to Detour.

Rebecca Wilhide, daughter of Mr. and Mrs. Clyde Wilhide of near Keyville, was one of the members of the girls' basketball team of Taneytown which won the county championship.

Visitors on Sunday evening with Mr. and Mrs. Edward Coshun and family were the C. E. Priest family and the Carroll Wilhide family.

The Keyville-Detour Homemakers Club invited the members and their husbands and any interested 4-H members to attend the joint meeting being held at the Brethren Church in Union Bridge on March 4. A special speaker will be heard and refreshments will be served.

A large group attended the 4-H Club which was held in the basement of the Keyville Lutheran Church on Feb. 27. Mary Helen and Betty Shibley, Georgia Asbury and Louise Nelson were the hostesses. Joan Kiser, president, was in charge of the business meeting. Adults present were Mrs. Lon and Mrs. David Edwards, Mrs. Edward Coshun and Mrs. Carroll Wilhide. Georgia Asbury led in the singing of the songs "Christ for Me", "Thank you, Lord" and "V is for Victory". Betty Shibley led in the repeating of the pledge. Betty Shibley, chairman of the 4-H window honoring 4-H Week, asked for suggestions. It was decided to have display room at the village store in Detour.

The girls were divided into sewing groups. The youngest group is to meet at the home of Mrs. Roger Roop, Mt. Union, this Saturday, the 1st, for the Singer sewing course. Meeting time, 9:30. It was decided to not have the bake sale and just give \$5 to the hospital fund. In honor of 4-H Week, the group has planned to attend the worship service (and S. S., if possible), at the Keyville Lutheran Church on March 9 in a body. Parents are urged to come with their children. The worship service starts at 10:45. The 4-H Club will endeavor to start their meetings at 7:30. Georgia Asbury assisted in giving a demonstration on the making of a sewing box and then showed the things which should go into the box. We were reminded of Valentine's Day by the Valentine table cloth. Refreshments of chicken salad sandwiches, pickles, punch, candy and home-made ice cream were served by Mrs. Coshun. The next meeting will be held at the home of Misses Lois and Marian Priest.

On Feb. 14 Mr. and Mrs. Maynard Ausherman and family were surprised by a visit from his sister and brother-in-law, Mr. and Mrs. Arthur Gardner, Jr., of Glen Burnie, Md.

Word has been received from John Nafziger of Chesapeake City that his wife Shirley is in the Union Hospital, Elkton, Md. She is to undergo an operation on Thursday, Feb. 27. John is a cousin of Mrs. Clyde and Mrs. Carroll Wilhide. Mrs. Nafziger is the former Shirley Poff, daughter of Mr. and Mrs. Clifton Poff of Linwood, and a sister to Mrs. Wm. Main of Union Bridge.

Mr. and Mrs. Ausherman, Lewis and Irene visited with Mr. and Mrs. Ray Zimmermann and family of New Market on Saturday evening.

Mr. Jake Myerly of Detour is still confined to his home in Detour. I understand he is better but still not able to do much stair climbing.

Word from the Melvin Schnappingers reveal that Melvin is getting along fine. The Schnappinger family is expected to be week end guests at the Carroll Wilhide home.

Mr. Charles Fox, who resides on the Hammond farm, Six's Bridge, was taken to the hospital last week. Great difficulty was experienced in

getting him out through the snow drifts.

Lois Priest, daughter of Mr. and Mrs. C. E. Priest, has made a recording on the subject of the Union Bridge Girls 4-H Family Night. This recording will be played over WTTR on one of the days during the week of March 3 to 8. Listen to the farm news at noon, then the recording will be played again between the hours of 4 and 5 o'clock. Other 4-H members of the county have been asked to make recordings, among them is Bob Meunier of Taneytown who will talk about Square Dancing. This is being done by WTTR in honor of the 4-H Club Week. A recording is to be played each day of the week.

Other guests the same day were Mr. and Mrs. Harley Black, Waynesboro, Pa., Mr. and Mrs. Kenneth Etzler and Ricky of Walkersville, Mr. and Mrs. Charles Myers of Baltimore and Mr. and Mrs. Melvin Amoss, Wayne and Karen Lee of Keymar.

The Union Bridge Parish Lenten service which was to have been held at the Keyville church on Ash Wednesday was cancelled due to the drifted roads. This Wednesday (26th) Lenten services will be held at Rocky Ridge, and March 5 the meetings will be held at the Union Bridge church.

Mr. and Mrs. Carroll Wilhide, Myron and Jane were lunch guests at the home of Mr. and Mrs. Walter Gill and family, Mrs. Emory Yoder and Elizabeth of White Hall, Md., on Saturday. Beth returned to her home with them after having spent a week and a half as their guest. Mrs. Yoder is able to be up after having to be in bed because of illness.

Mrs. Maurice Wilhide is improving at the home of her daughter Mrs. Francis Fry in Baltimore. She is not expected to come to her daughter, Mrs. Charles Minnick, Union Bridge, until possibly some time next week. The 100-year-old grandmother, Mrs. Lizzie Eicholtz, of Eleanor's husband, Francis Fry, appeared on WMAR TV via film around Feb. 4. She appeared on a program which was being handled by George Rogers, who is the son-in-law of Mr. and Mrs. Frank Zimmermann of near Detour. Mrs. Eicholtz is a former resident of Long Green, Md.

The enlarged free calling area for the telephone has been used extensively. There has been quite a lot of trouble on the Union Bridge exchange; however, I understand the telephone company is making the change-over as rapidly as possible.

Paul Deivilbis, Charles Conover, Charles Trout, Luther Keeney, Vernon Schaffer and Carroll Wilhide, council members of the Keyville Lutheran church, attended the dinner meeting at the Woodsboro Lutheran church on Monday evening. The meeting concerned Multiple Parishes.

The flowers for on the altar committee at the Keyville Lutheran church for March is Ellen Kiser, Mabel Keeney and Thelma Schaffer.

Nelson Sulauf, of the Gettysburg Seminary, had charge of the worship service at the Keyville Lutheran church on Sunday morning. Mr. Sulauf is from Sunbury, Pa.

Interested in attending the 2nd Annual Camelia Show in Baltimore on April 19th? Mr. and Mrs. Emerson E. Waltz, 2700 Bayonne Ave., Baltimore, Md., have sent word to her brother Maynard Ausherman and Mrs. Ausherman concerning this show. A group of ladies in this section are planning to make this trip; any flower-lovers who would like to go along call either Mrs. Ausherman or Mrs. Carroll Wilhide. Mrs. Ausherman tells me that persons in this section would be welcome to put exhibits in this Camelia Show.

led by Robert Shaffer, and with Wayne Patman assistant, although leading most of the way, staved off by a single point the close-running Foxes, under Larry Six patrol leader and James Tracy assistant, in the annual inter-parcel contest ending last month. Other members of the winning group were Samuel Bowers, Ronald Bowers, Arthur Eyer, Charles Mason and Terry Rifle, and besides them recruits Terry Bell, James Bowers, and Thomas West, not quite of age to be scouts, were of assistance in some of the meeting room contests which were a part of the competition.

When the Explorers sponsored the Ice Capades bus trip to Hershey last Monday, in which about half the contingent were boy scouts, Shaffer, Bower, Ronald Bowers, and Mason (and James Bowers and West at half price) elected this for their prize. Other flaming arrows are holding out for the ice hockey spectacle originally promised, to be scheduled in March.

**Explorers See Ice Capades**

The Ice Capades trip by Hess bus to Hershey February 24 was successfully carried out by the Explorers of Troop 348 under Robert L. Bowers, Advisor, 34 troop members and friends witnessing an unusually beautiful and melodious edition of this colorful fantasia.

The Explorer dances staged each Friday from 8 to 11 in the Taneytown Opera House are performing a real service as a teen-age drawing card, with refreshments served nightly, and some ticket taking help by boy scouts. It is the hope of the hall owners and the objective of the Explorer group to broaden the Teen Center idea of the project if satisfactory arrangements can be worked out. This should be possible following the rigorous basketball routine and with a desirable enthusiasm and backing both by Explorer scouts and interested citizens.

**Re-Registration**

The annual charter renewal for the troop goes in with Institutional representative Stanley W. King and Chairman Francis E. Lookingbill heading the list. Serving with them are Committeemen Glenn V. Day, Hoff, James D. Fiscus, Clarence A. Harner, Martin Leister, John E. Myers, and Neal W. Powell, all American Legion appointees of Harner, who is Commander of Hesson-Snyder Post 120. Explorer leaders in charge of the older group of scouts are Advisor Bowers, and assistant William B. Abrecht, Jr., Larry I. Barnhart, and Larry D. Eckard. Boy Scout leaders are Scoutmaster Wilbur O. Thomas and assistant Robt. J. Rock, with Grant Harman acting as Senior patrol leader. Harold W. Slaybaugh continues to remain with the Explorers this year, but often he acts as Assistant Scoutmaster too.

**Paper Drive 8 A. M.**

The collection of paper begins promptly at 8 o'clock Saturday morning, and all members of the troop who can are urged to be present then, or else to be available for the unloading job later.

**HOME ECONOMIST REPORTS LOCAL PATTERN OF LIVING TO McCALL'S MAGAZINE**

Shirley S. Lindsey, Home Service Advisor for Potomac Edison Co., at Taneytown, Md., has been chosen by McCALL's magazine to report on the homemakers' pattern of living in this area. McCALL's recognizing the important roll of the home economist closely associated with the needs and preferences of so many women, selected her as one of 200 home economists across the country to contribute her ideas on consumer patterns in meat buying and cooking. The information furnished by Miss Lindsey has been combined with that of other economists for an article, "The Home Economist Speaks," which appears regularly in McCALL's Home Ec. Barometer. The Barometer, a food publication is distributed to the nation's home economists and executives in the food retailing and manufacturing field as an industry service. "I am always irked at people who say they don't like children. They came full-grown?" "Your best is bound to be good." "Losing gracefully makes you look like a winner." "Giving is more fun than getting."

**STATE TAXES AND BUDGET DISCUSSED**

(Continued from First Page)

that we spend over a million dollars to safe guard our forests? Who demanded that our State University give college training at half price? Who demanded that an elementary teacher remain in a teachers college the extra two years before they could teach? Who demanded that these prospective teachers receive an education at 1/5 cost? What large group of people demanded that state employees receive a double-barreled retirement allowance almost equal to their salary while in active service? Who demanded that all the taxpayers of Maryland subsidize an Orchestra for a few music loving friends? Who demanded that we pay St. John's College \$70,000 annually after it went "on a frolic of its own" to satisfy a small group who want to experiment with a new type of education for one hundred students none of whom can qualify to teach? And you could go on for a full hour reciting similar instances.

The facts are that past legislatures have humbled themselves and bowed to the demands of very small well intentioned minorities over the years. Now we are faced with a deficit in the midst of a recession and we stop to take stock of our follies. Now I am confident that taxes could be raised to meet the requirements of the present budget. But if we do this we will be faced with new additional increases next year until the backs of the taxpayer will break under the load. Then instead of small minorities lobbying for their pet theories, there will be a mass movement on Annapolis of the once inarticulate majority. However, if we have the courage and the foresight to resist the call of the few, we can forestall such a move. Now is the time to take steps to stop our progress toward State socialism. I propose that we fix the present sales and income taxes where they are and have the departments manage their affairs within these limits. We should resolve to freeze these taxes at the 2% ceiling and let the salaries of the employees be adjusted at a point where the present income can meet them. Then as the economy expands so will the functions of our State government. First we must cut every non-essential from our budget and then have every agency cooperate in adjusting its services within the frame work of present tax structure. In the Maryland Manual of 1934 it reads: The Budget for next year contains the following provision applicable to the State payroll. Deductions from salaries of all individuals included in this payroll shall be retained in the State Treasury for the purpose of reducing the expenses of the State government, which deductions shall be made at the time of each salary payment on the following annual salary scale: Less than \$1200 not less than 10% etc. up to 15% for the larger income brackets. This was done during the

administration of one of our wisest Governors.

Except for our hospitals, schools, police force and tax collecting agencies, I see no reason why other departments cannot offer reasonable services with last year's allowances. Industry is doing this because of necessity and a State can profit by adopting their methods. Yes, there will be dislocations and a few apparent hardships, but no one need lose their employment as is happening outside public employment. A few sacrifices will be made until the adjustments can be worked out. Some will leave, but the devoted worker will cooperate in the name of fair play and appreciation for the security that only state employment can give. In cases of death and retirement the gap will be filled by harder work and better habits and longer hours. I believe we receive full value in the services of the devoted teacher, the patient nurses and attendants at our hospitals and the faithful trooper who is on call at all hours, but many of our agencies are over-staffed resulting in duplication of effort.

Casting no reflections upon the integrity of our State employees, but millions can be saved by improved work habits and rigid discipline. Consider the waste by caissons at the water fountain, toilet conferences and newspaper reading during office hours. And I understand that during the summer months they work less than thirty-five hours a week. To me this is part-time work. If we had a forty hour week of diligent endeavor every department could save at least 15% of their budget requirements. And if every one was fully occupied they would be much happier and enjoy the fruits of their labor to a degree unknown to the present worker. Then at the end of the year if there were a surplus the reductions could be restored accordingly. In a few years our offices would be staffed with faithful employees who would be proud of their accomplishments.

No one would suffer unduly and the overburdened and in many cases unemployed taxpayer will have a chance to catch his breath. First we in the legislature must take the cut. The income and the sales tax follow very closely the economy of the country and if inflation continues to increase our living costs so will the take home pay of the employees. I have no fear of the future if we conduct the affairs of the government at all levels in a manner becoming to mature people. Let us rededicate ourselves to the task that is ours and reaffirm our confidence in the future so that our children will inherit a government of efficiency rather than one of debt and chaos.

GOD IS OUR FATHER—

Never, in any of the ages, since Time began  
Has our God been known to mortal man;  
As a physical Being, He was pictured, by every clan;  
But, He differs, in every way, from mortal man.

At one Time people thought He was the Sun;  
So, He was worshipped in that way by everyone—  
Even as an animal, some thought Him to be  
In the early days, they say, of humanity.

But the Bible says: "God is Spirit" (like you and me)  
These bodies of ours are, His temples, said to be;  
Here He trains us all like Himself to be;  
For, through us, He shall reign in Eternity.

This planet is not the only one we shall know;  
God has many places to which we shall go;  
He now lives in a body with you and me;  
And, just so, in Eternity things shall be.

Even to-day, in his ignorance, mortal man  
Is trying to figure out some sort of plan  
By which we can visit the worlds we now see;  
But, that is a secret of Eternity.

These bodies of ours are God's eyes, feet, and hands;  
So through us, He carries out His plans;  
That is why, they tell us, He created mortal man;  
And, the Scriptures say, He never changes His plan.

Some of the planets are millions of miles away;  
But, space is no barrier to God, they say;  
In us He shall travel with the speed of light—  
(Light crosses the earth instantly in its flight).

Some of the Stars are still far from complete,  
Because it takes ages God's requirements to meet;  
Many, they tell us, have no water and no air;  
So, thousands of deserts exist everywhere.

This earth is a sample of how things must be  
On all of the Stars in space we now see;  
But, for ages, it too had no mountains and no sea  
To protect and bless all humanity.

1500 B. C., the antediluvians all had to drink dew;  
That was the only beverage of which they knew;  
It took aeons of Time to get earth ready for man  
Because Perfection is the Key Word in God's plan.

This earth is God's model of worlds, it seems to me  
For, it shows how, in Eternity, things shall be;  
Else, why did He send Jesus to tell of His plan  
To make it the future home of man?

Here is where mortal man always shall be—  
Not only in Time, but, through all Eternity;  
That is why God keeps sending us back to Earth;  
We must make a heaven the place of our birth.

Your body renews itself every 11 months, Scientists say;  
But, to rebuild it, you use the old model, day after day  
You ignore the truth; and, do as men say;  
So, it finally wilts, and goes to decay.

To listen to men is a law of Time, they say;  
But, in Eternity we shall do things God's way;  
Every 11 months, in a new body you shall be—  
Just so, things shall be in Eternity!

So, the old story that man must go up in the sky,  
To meet his loved ones "In the sweet bye and bye"  
Is one of the stories told by primitive man;  
And, is out of tune with God's great plan.

People had all kinds of dreams, in days of old,  
Some of which, by many, still are told;  
They even told us that the earth is flat—  
(All such "Tommy rot" as that!)

They thought the Sun and Moon which shone  
Were only made for this planet alone;  
But, God made them heat and light to give  
To 8 other planets that they too might live.

Thy saw alabaster cities with streets of gold—  
(Many fabulous tales by them were told!)  
Now, those streets, men tell us, shall be 10 lanes wide;  
And beautiful flowers shall embellish each side.

That is how this earth of ours shall be  
When the time arrives for its great jubilee;  
Jesus shall be King over all the "New Earth";  
And God's name shall be hallowed, because of His birth.

I should like to tell more about God's great plan,  
To make this old Earth a heaven for man;  
But, we would need a Webster to do such a thing,  
For, the Bells of Peace shall forever ring!

God has worked through all the ages, they say;  
To make this planet what it is to-day;  
But, the Bible says, it is impossible for us to see  
How wonderful, in Eternity, things shall be.

## YEAR END TAX TIPS NUMBER 3 More Tax-Saving Deductions And How To Time Them

This is one of a series of four articles on federal income taxes. The articles are based on information provided by the American Institute of Certified Public Accountants and the Maryland Association of Certified Public Accountants.

If you are one of those individual taxpayers who is constantly being collared and dollored for charitable contributions, you may save money by paying particular attention to the timing and planning of your year-end donations.

Before paying-off on any more 1957 pledges you might have made, remember that you will not receive a tax credit for your charitable contributions unless you itemize deductions on your return. You can't take the standard 10-per cent deduction and a special deduction for donations to charity. You may take only one or the other; so plan your year-end pledge payments accordingly.

### Planning Charitable Gifts

If you will be forced to take the standard 10-per cent deduction this year, your best tax move would be to defer payment on your outstanding pledges until after January 1, pyramiding them into 1958 when you may be able to itemize deductions. However, if you have had a better-than-average income year and are trying to bunch itemized deductions on this year's return, you should pay not only the pledges you have made but possibly the pledges you would ordinarily make in early 1958.

Here is an important point to keep in mind as you plan your year-end pledge payments: a charitable contribution will be considered paid—and therefore deductible—in the year when the check is delivered to the charity and not when it is actually cashed.

### Property Donations

A gift does not have to be in cash to entitle you to a charitable deduction. It can be in property, and since you can claim a deduction for the full market value of a property gift, it may actually pay you to give away items that are now worth more than they cost.

For example, suppose that you own a few shares of stock that cost you \$100 a few years ago. Today the stock is worth \$150, and apparently fully priced if you know you are going to be approached by a church, charity, college or the like for a sizeable donation within the next few months, you might consider contributing these securities before the end of the year.

By giving this property away, an organization you care to favor will benefit by receiving property which

they may hold or sell, and you will establish a \$50 charitable deduction for your 1957 tax return. Furthermore, you avoid paying a capital gains tax on the profit.

If you must dismiss the idea of giving away a piece of real estate or a block of stock within the next few years, don't overlook the opportunity of building up your charitable deduction by donating such "property" as used furniture, clothing, books and toys to a worthy charity. The value of these items is deductible, too.

### Prepaying State Taxes

The state and local taxes which you pay are also deductible items that often can be pyramided to give a tax advantage. Some taxes that fall due early in 1958 can be prepaid to give you an additional deduction on this year's federal tax return. On the other hand, it may be to your advantage to delay payments until 1958. Be careful when you do this, however. You may incur a late payment penalty.

### Farmer Tax Tactics

While businessmen and farmers can do everything that a salaried worker can do to cut their tax bills, they also have special opportunities to time year-end deductions.

A farmer, for example, who reports for tax purposes on a cash basis, can deduct his expenditures in the year paid. By purchasing his 1958 grain requirements in December, he can increase deductions on his 1957 return. If he borrows money to make this purchase, the interest paid on the loan during the year is also deductible.

A businessman, whose year-end tax plan calls for bunching deductions on this year's return, can time the sale of used equipment to establish loss deductions. For example, by selling a truck that has a depreciated value of \$800 and a real market value of \$500, a businessman may claim a tax credit for his \$300 "loss." If he sells the truck before December 31, he can take this deduction on his 1957 return.

**One In Christ**

Lesson for March 2, 1958

WE HEAR the preacher saying things we feel sure he ought to say, but some of the time all we can do is credit him with good intentions. What he is actually saying, or what he means by what he says, may seem dim to us. The words are clear enough, but what do they mean?

A high example of this is the expression "One in Christ." We have heard it in sermons, maybe we have read it somewhere. Oh, to be sure, it is in the New Testament, is it not?

The words glimmer vaguely in our minds: "They in us . . . I in them . . . that they may become perfectly one." "We are to grow up in every way into him who is the head, even Christ." No doubt a mystical soul would gather the meaning here at first sight. But the simple words seem to point to something beyond experience, something almost frightening to that great majority of us who are not mystics and not inclined that way.

Dr. Foreman

**Net in Loud Language**

Is there some simple meaning for us plain people? Is the expression "One in Christ" anything but an emotional slogan? The great Church Universal, the Ecumenical Church, that greatest of all Protestant church movements today, expressing itself in the World Council and the conferences at Madras and Amsterdam and Lund and Evanston and Oberlin, has used often that phrase, "One in Christ." The Oberlin Conference, made up of 279 representatives from 39 American Christian bodies, last September sent a Message to the Churches, wherein they spoke of unity; and the very first thing the message says about it is that it is a "unity in Christ who died for us." What exactly does this mean — "Unity in Christ?" It certainly

does not mean that we Christians are made one by loud language about Christ. All churches sing hymns sounding much alike. Watch any large gathering of Christians from all denominations singing "All hail the power of Jesus' name." Most of them can sing it without the book. But singing all together, even in perfect tune, is not being "one in Christ." Even using and memorizing the same creed is not unity in Christ.

**One in Loyalty**

There are two simple, plain meanings of "one in Christ." The first is oneness in loyalty. This again is not a matter of words. Most of the married couples in America have "plighted their troth" in much the same words. Very impressive words, too: "For richer, for poorer, for better for worse . . . till death do us part." But anybody can plainly see that while all wives and husbands have promised to love and to cherish each other, they don't all do it. Married loyalty is a far deeper thing than saying fine eloquent words. Girls make this mistake time and time again: they give their heart to the young man with the smoothest line. You would think any girl would have better sense; but not all of them do. Loyalty in a public official means more than taking the oath of office, it is living up to it. Loyalty in a soldier is more than signing up for the recruiting officer; it is standing and not running away when the fighting is hot. Loyalty to Christ is more than signing up for him, it is standing by him and fighting even when the danger runs high. Wherever people are loyal to him, there is unity in him.

**One in Likeness**

Some one wrote a book called "The Galilean Accent." The idea of that book, it was said, was that all Christians can be told by their "Galilean accent," they sound like Jesus. Of course the writer meant something deeper than that. Christians who grow in the knowledge of Jesus come to think like him. They come to be like him. There is a family resemblance among Christians everywhere. Just as people who belong to the same fraternity tend to resemble one another; just as employees of the same corporation sometimes come to form a type of their own, so even more, and far more, do those who belong to the brotherhood of Christ and do his work come to resemble one another because they are in truth his brothers. But it is not automatic! Only with the loyalty will there be much likeness.

and suggest how Savings Bonds can help you and your family

All of the state winners in the 1957 Mrs. America® Contest were asked how they felt about U. S. Savings Bonds. Here are some of their answers. Which one comes closest to your reasons for investing in Bonds?

Mrs. Virginia Bream, Glenview, Ill., Mrs. Illinois  
"We are regular purchasers of U. S. Savings Bonds. They will provide for college educations for three children, security for retirement and future emergencies."

Mrs. Marcia E. Dessy, Wilmington, Cal., Mrs. California  
"Matured U. S. Savings Bonds enabled us to purchase our home. My family reinvests stock dividends in Bonds. And our children's birthday gifts are Bonds."

Mrs. Mary C. Eytte, Butler, Pa., Mrs. Pennsylvania  
"No one can afford not to save. A little savings soon adds up to a lot. The U. S. Savings Bonds we purchased were the solution in several family emergencies."

**LIONS CLUB HOLDS LADIES' NIGHT**

The Taneytown Lions Club met Tuesday evening at Taney Inn with President Ralph Stonesifer, presiding. This was a ladies night and the ladies present enjoyed the program presented by program chairman Frank Dunham.

Mrs. Helen Timmerman, of Hagers-town, an employee of the C. & P. Telephone Company entertained those present with an interior decorating talk entitled "Color Comes Calling" in which she suggested the proper color telephone set to go with the individual home furnishings.

Guests present were 4 Lions from Thurmont, Messrs. Hamaker, Saylor, Daily and Bartz; also Elwood Baumgardner of town.

Wilbert Hess reported the success of the bake sale held last Saturday. The net proceeds were \$74.60.

Raymond Perry, chairman of the Shrimp and Oyster Feed, announced that this event will be held in Crouse's Motor Sales Garage, March 25, beginning at 6 o'clock.

**NATIONAL LIBRARY WEEK**

The first National Library Week will be March 16-22, 1958. The theme will be "Wake Up and Read". Reading will be promoted on nation-wide scale to expand reading in America to all age levels and income groups. Your County librarian at Westminster could get some good material if your 4-H or Homemakers or church groups want to plan a week of reading. Perhaps a series of book reports in Christian Endeavor meetings could be the reason for everyone reading a book between 16-22 of March. She could give you book lists to make choices. Of course you would do a good service if you had some group visits to the library. Many people never go to one. Your book mobile could come to Keysville or Detour that week if there is one.

**KI-WIVES MEETING**

The Ki-Wives met at Taney Inn Monday, Feb. 24, at 6:30 p. m. The meeting opened with the singing of America, followed by the pledge to the flag. The guests present were Mrs. Ruth Shoemaker, Mrs. Esther Koutz, Mrs. Marcia Ray, Mrs. Joseph Funk and the speaker of the evening Mr. Walter Myers, Jr. and Mrs. Mrs. Ruth Shoemaker, Mrs. Esther Harner, presided over the business sessions. Rev. Reifsnnyder, Chairman of Support of Church Committees for the 9th Division of Capital District of Kiwanis and Mr. Ned Musser, local Kiwanis president, invited the Ki-Wives to assist them in promoting "The Green Candle of Hope" program, as explained by Mrs. Reifsnnyder. To people in the countries behind the "iron curtain", green is the color of hope. Knowing open resistance is nearly hopeless, they still express their independence of feeling by celebrating the festival of the Fir Tree and lighted a single green candle. Now the hopeful place a green candle on their tables at Easter as well. They call it the "Candle of Hope and Resurrection." This custom was adopted by the Kiwanis Club of Rochester, Minnesota in 1955 as a token of friendship and sympathy for the captive people. The idea spread and became part of the 1957 program of the International Committee on Support of Churches in their Spiritual Aims. Promotional ideas are directed toward community-wide participation. Every family is encouraged to obtain a green candle, light it on Easter morning and offer prayer for the expressed peoples of the world. The club decided it was a worthwhile project and decided to assist the Kiwanis club in promoting the project.

The program chairman, Mrs. Tamsey Stonesifer, introduced the speaker of the evening, Mr. Walter Myers, Jr., who used as his theme, "Hobbies". Mr. Myers makes a hobby of collecting old phonographs and records. He has 155 machines with 130 of them in working order. He had a number of them on display. Some of the records he played for the group were "Meet me in St. Louis", "School Days", "When you were a Tulip", "Uncle Josh" and the only record that Edison ever recorded of his voice, which was a tribute to the boys of the armed forces in World War I. Mrs. Myers and Mrs. Royer had a few items on display of their hobby collections.

The Ways and Means Committee, with Mrs. Hesson, chairman, held an auction which was entertaining and profitable.

**NATIONAL 4-H CLUB WEEK MARCH 1-8**

With the theme, "4-H Salute to Parents", more than 2,165,000 boys and girls will join in observing National 4-H Club Week from March 1 to 8. These young people—between 10 and 21 years old—are members of the Nation's 4-H Clubs.

Carroll county's 750 4-H Club members will take part in 4-H Club week activities, according to Richard Clem, Asst. County Agent, and Joyce Hawkins, Asst. Home Demonstration Agent. Among the special events planned are:

1. A series of radio talks to be broadcast over WTRR between Mar. 1 and 8.

2. A window display telling the benefits of being a 4-H Club member in the J. C. Penney Company window.

3. Assemblies and bulletin board displays in schools.

Nationally, 4-H Club Week will be highlighted in Washington, D. C., when six top 4-H members present

the annual 4-H Club "Report to the Nation." In stories and pictures the report will summarize the 4H accomplishments and pay special tribute to 4-H parents who helped to make the achievements possible.

The 4-H'ers expect to review the report with President Eisenhower personally at the White House. They also plan to visit Secretary of Agriculture, Ezra Taft Benson and C. M. Ferguson, administrator of the Federal Extension Service.

Along with the 4-H'ers and their parents, honors will go to the 358,000 volunteer 4-H leaders who help to guide 4-H work in some 90,000 local clubs throughout the 48 states, Alaska, Hawaii, and Puerto Rico.

The overall purpose of National 4-H Club Week is to inform the public about the meaning and value of the 4-H program, to invite boys and girls to join 4-H, to assist new members in starting 4-H projects, and to honor 4-H parents and leaders.

Success isn't luck—the word is PLUCK.
