FIRE COMPANY DRIVE FOR FUNDS

Solicitation Will Begin April 15

Usually when the siren sounds there is a desperate need for help—it could be your friend or neighbor.

At your service are the unselfish volunteer firemen who are willing to risk their lives while responding to the call in order to help their community.

Your firemen are trained on their own time through the University of Maryland Fire Extension Service to bring to their community the best protection for your health and safety.

The Taneytown Volunteer Fire Company is equipped with the most modern, efficient equipment. This includes fire trucks carrying the latest and best accessories and free ambulance service. If necessary, available in the ambulance is an inhalator which is used for the introduction of oxygen.

Continued efficiency and progress by the company is dependent upon your generosity. Your contribution is urgently and respectfully solicited. Encouraging firemen will continue to use every possible method of raising funds but they must still depend largely upon your individual contributions to carry on their very essential and worthwhile work.

The firemen who are making the solicitation and their territory are as follows:

Frederick St. and Hysler Alley—David Smeak, Maurice Parrish.

York Street and Commerce St.—Donald Tracey, Charles Lookingbill.

West Baltimore St. Square to George Angell's—Doty Robb, Thomas Smith.

East Baltimore St.—Square to George St.—George Kiser, Eugene Eyer.

East Baltimore St.—George St. to Fairground and Fairground Ave.—Roy Smith, Delmont Koons, Sr., Mervin Conover, Binnie Staley.

No solicitations of funds was made last year, so everyone should give doubly liberally to this most worthy cause.

EGG HUNT AND EASTER PARTY

An egg hunt and Easter party was held for Carroll County retarded children Saturday afternoon, April 5, in the social hall of the St. Paul's Methodist Church in Sykesville. Approximately seventy-five children and adults attended this party which was sponsored by the Bonn-ettes of Sykesville. There were eight present from the Rosewood State Training School.

Following singing games, the children enjoyed several Mickey Mouse and Donald Duck cartoons. Highlighting the occasion was the Easter egg hunt held outside on the church grounds. Before refreshments were served, each child was given a bag of Easter candies and a colored egg "dressed" for the occasion by the 5th graders of the Winfield School under the direction of Miss Miriam Freter. This egg decorating project took the form of a contest and was judged by two of the Winfield teachers. There were eggs decorated as Indians, clowns, ladies in their Easter bonnets, frogs, etc. Decorating these eggs became very meaningful to these 5th graders when they learned that the eggs would be given to the retarded children at their Easter party.

Speaking for both the children and their parents, Fern L. Smith, president of the Carroll County Association for Retarded Children, thanked the Bonn-ettes for a wonderful party.

Mrs. Marcella Hodges was chairman of the Bonn-ette committee planning this party with Miss Miriam Freter, Mrs. Hilda Haugh, Mrs. Caroline Jones, and Mrs. Betty Duncan serving with her.

ANNUAL MEETING OF SCHOLARSHIP FUND, INC.

At the first annual meeting of the Carroll County Scholarship Fund, Inc., Dr. Lowell B. Ensor, president of Western Maryland College, will be the speaker. The meeting will be held on Tuesday, April 15, at Westminster High School at 8 p. m.

The public is invited to attend and become more familiar with the goals and operation of this organization. It is the plan that Carroll County can help reduce its own teacher shortage.

Through support from over 35 organizations, P-T. A. groups, Homemakers Clubs, service organizations and individual contributions, several Carroll County students were able to prepare themselves for the teaching profession.

In one instance, very little financial aid was necessary but sufficient given to enable one individual to complete the final college year, and who now teaches in the Carroll County schools. Two recipients of scholarships are attending college, one at Towson State Teachers and one at Western Maryland.

This Scholarship Fund was initiated by the Carroll County Council of Parent-Teachers Association last year because of the need expressed by high school principals and vocational guidance counselors that aid be given qualified individuals desiring to teach but unable to provide funds.

It is the aim of the Carroll County Scholarship Fund to interest high school students and those needing additional training for the teaching profession so that the increased number of teachers necessary can be supplied and the quality maintained.

All contributing organizations have been notified by letter to send a delegate to vote at this first annual meeting. Along with the public, school principals and P-T. A. presidents who are members, are urged to be present.

The agenda will include the election of the Board of Directors and action on the Constitution and By-laws.

Mrs. William B. Culwell has served as the organization's president; Mrs. Horatio Fox, vice-president; Mrs. Randolph Shilling, secretary; Elwood Baumgardner, treasurer; Mrs. John McCormick, publicity; members of the board of directors are Dr. Joseph Bailer, Harrieton Merritt, president of the Carroll County Teachers Association and Samuel M. Jenness, superintendent of Carroll County Schools.

"SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth!
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

Wow! What a Easter Sunday! Yet the Mt. Vernon Place church was crowded as hundreds walked in the rain.

Photographers were there from the newspapers and most everyone had on that Easter Chapeau covered up with plastic!

Later in the afternoon, the Sun shone brilliantly for a few minutes and your Observer dashed out for the Bus headed for North Charles Street for the Easter Parade for this Column. When I arrived at 29th & Charles—there was the Baltimore Sun photographer with whom I had a little chat and quite a number of policemen but not one individual as the skies again were most threatening and at any minute we expected the rain again.

Automobiles were plentiful and all seemed to be hurrying to places. There the fine drizzle of rain started again and I hurried away to a dinner engagement. Your Observer had the same Easter hat—pink Milan Straw—and this makes—the 9th Easter wearing—because there is much sentiment in that little hat with the huge pink and handsome roses. That was when my eldest 'Step' son said, "Daddy, why don't you buy Mother a Easter hat?" And he went with me to purchase the hat and each time I wear it, back in the box it goes until next Easter!

On Saturday evening many had on their Easter finery in this neighborhood going to the various functions throughout the city and what I did observe immediately were the beautiful stockings of all colors. For instance, with a Navy suit a lady wore the most beautiful shade of blue hose, and so on. It surely gave glamor to the leg!

My dinner engagement was with the most charming family I ever knew. The Mother was past 80 appears as a Queen and her beautiful daughters as "Ladies in Waiting". Never have I seen such devotion at all times and this is the way it should be. The Queen spends her winters with the one daughter and then in the summer returns to the old homestead in Harford County. What a beautiful life and as it should be.

What a crowd at the Hi-Fi Show at the Lord Baltimore Hotel!

It was most interesting and fascinating to see and hear. What is Hi-Fi? HiFi sound reproduction is the attempt to come as close as possible to hearing sound as it is heard at the actual source of the sound with the added flexibility of enabling you to control the sound. As I stood in each room and listened to the various records—I thought I was before the very band or orchestra right there in the room. It truly is most original. You can get a set just for the record playing or plus the radio or T.V. and the nice part there are all sizes and makes which will fit your pocket book! The entire show was glamorous, exciting, elegant, dramatic and splendid! Make your next a Hi-Fi!

Did you see on T.V. the funeral in Harlem of the late W. C. Handy—the composer of the St. Louis Blues? Chopin's Funeral March was played and there were many sad faces and tears as he was loved by the Colored Race as everyone knew him.

From my bedroom window, folks—I can look down on all the beautiful pastel colors but not flowers—the tops of the candy colored cars! At the bungalow around the Oak tree the three dozen Tulips, bulbs which I planted of Orchid, purple and pink are up about four inches!

Well, folks that's all for this week hoping to be seeing you around the town the first nice day and in the meantime will be seeing you at "South Pacific" D.V. Have a grand week-end. If you have just started going to church do keep it up for every Sunday during the year—not on special holidays and when you are asked to partake in any activity do not refuse! Until next week-end. I am,

Faithfully,
YOUR OBSERVER.

GRASS ROOTS OPINIONS

QUINCY, MASS., PATRIOT LEDGER: "No form of transportation is isolated from the weather but rail-roading is less affected than any other."

ABILENE, KANS., DAILY REFLECTOR-CHRONICLE: "The nation's prosperity has been at such a high level for so long that a flat tire on the highway now is getting to be regarded as a major auto accident."

JUNCTION CITY, ORE., TIMES: "... Interest cost on the national debt has risen \$1.2 billion since 1953. Thus, a smaller part of each tax dollar goes to pay for actual government service; a larger part to those who lend money to the government through bonds and notes."

CANTON, GA., NORTH GEORGIA TRIBUNE: "Obviously, the nation has millions of citizens who read carelessly, with resulting confusion as to facts, figures, ratios and relationships. There are educators in the United States today who assert that education is largely a matter of acquiring the habit of intelligent reading. The columns of a daily newspaper, for example, take on a new significance if one understands the background and implications of events. The same observation applies to reading, in connection with any subject."

HARTFORD, WISC., TIME SPRESS: "We still maintain that if the postal service were turned over to private industry, and given exactly the same budget that it now operates on, said private enterprise would make a fabulous profit and give far better service than is now the general rule. The sooner that Uncle Sam starts stepping out of an activity that could be handled by private enterprise, the sooner that the government will start shrinking back to the job that it was originally designed for—the simple (not really so simple) task of running the government. Any other activity simply does not belong."

WEST BRANCH, IOWA, TIMES: "An Old Timer is a fellow who remembers when a man did his own withholding on his take-home pay!"

ADDISON, N. Y., ADVERTISER: "It is true enough that industries as well as individuals are over-taxed. But the remedy is not to be found in shifting the burden from one pair of shoulders to another's. The remedy is to seek out waste in government and unnecessary expenditures. Double taxation is one of the greatest burdens now pressing down the brow of the people."

"Nor can the individual owning no stocks escape the effect of this double taxation. No one will willingly invest their money in a company which pays no return. To have anything left after taxes for dividends, every company is obliged to sell its product for higher prices. And since every individual must at some time buy the products of some of these corporations they in turn are helping to pay this double tax."

"It is as simple as two plus two make four."

CROWN POINT, IND., LAKE COUNTY STAR: "Any lingering doubt that the need for income tax rate reductions had reached the full-blown status of critical urgency was dispelled at the 24-day House Ways and Means Committee public hearing."

"Aparade of witnesses—representative of all facts of the nation's economic life—offered strong evidence that the current business recession results largely from oppressive personal corporate tax rates and that reform of these rates is vital to recovery."

BEAVER FALLS, PA., NEWS-TRIBUNE: "Government financing is puzzling to the average citizen under

any circumstances. It is especially difficult trying to figure out how taxes could be cut, more billions spent and the budget balanced all at one time."

BETHEL, OHIO, JOURNAL: "... Kids want something exciting. Perhaps they just ought to belong to a fire department, they'd either go plumb crazy or then learn to settle down right quick."

Dr. C. M. Benner narrowly escaped a serious accident on Wednesday morning at the railroad crossing, due to a passenger train pulling up to the station very quietly and no person warning him of its approach. He was so near being caught that both horse and buggy, in swerving aside to avoid the train, were within a few inches of being struck. Not long ago Mr. Samuel Galt, of Copperville, had practically the same experience. Evidently there is need of a flagman at the crossing.

Taneytown merchants are anticipating a fine Spring trade, as their purchases have been very satisfactorily made, resulting in large, handsome and carefully selected stocks.

Scout Projects Boost Safety

By Jeanne Smith,
Dodge Safety Consultant

THE FAMOUS BOY SCOUT "good turn" credo has taken on a new and vital meaning this year.

During 1958, the four and a half million Scouts in the United States will devote their efforts to "safety good turns" in the areas of traffic, bicycle, railroad and farm equipment safety.

A typical Scout traffic safety program is that of Explorer Post 2563, part of the Chicago Council of Boy Scouts.

Post Leader Lafayette Morrison, Jr., has tailored projects to the age group (14 years or older) and interests of his members. One of the boys already is a licensed driver, and seven are in the process of learning.

"I want to make good drivers out of the boys," Morrison told me, "not only for their own safety, but for that of other drivers and pedestrians."

"It's important to establish good driving habits in young people even before they are licensed to drive. Such habits can be effective safety guards for the rest of their lives."

As part of this training, Morrison's post has embarked on a "Find The Errors" campaign. Each boy keeps a tally of the driver and pedestrian violations he notes in traffic, and then reports back to meetings for group discussion.

In ways like these, Boy Scouts everywhere can boost traffic safety as part of their 1958 "Live For Tomorrow" safety campaign.

Insulation Produced From Molten Minerals

Mineral wool insulation is made from three principal materials: rock, glass, or slag.

In the manufacturing process, one or more of these raw materials is mixed with coke and heated to a molten state. Jets of steam blow the molten mass into millions of fibers.

The fibers fall naturally into a thick, interwoven mass containing millions of tiny dead-air spaces. These dead-air spaces provide an efficient barrier to heat transmission.

The interest cost of a mortgage can be calculated by multiplying each payment by the number to be made; then subtracting the total from the original loan.

The Wilhide and Ritter families succeeded in surprising Mrs. Lloyd Wilhide with a birthday party at the Keysville Lutheran Church on Saturday evening. Between 65 and 70 persons were present.

The United Lutheran Church Women of Keysville met on April 7th with Mrs. Mary Devilbiss and Mrs. Anna Stoniesfer as leaders. The topic was "Cooperative Education in Asia". Five plays were given by a group of young ladies. Those taking part were Joan Kiser, Mary Helen Shibley, Georgia Asbury Mary Lou Sappington, Irene Ausherman, Marfa Steffen, Beverly and Lois Priest. Jean Stoniesfer, Mrs. Bernice Study gave a reading "White Lilies". Mrs. Carroll Dougherty, president, had charge of the business meeting. The nominating committee, Mrs. Rachael Bostian, chairman, gave a report as follows: President, Mrs. Carroll Dougherty; Vice-President, Mrs. Roy Baumgardner; Secretary, Mrs. Mary

Devilbiss and Treasurer Mrs. Clara Clabaugh. At the next meeting there will be an opportunity for anyone who wishes to make nominations from the floor. During the social hour Miss Stella Study and her mother demonstrated their skill with some ventriloquist acts. These specials were arranged for by Mrs. Verna DeBerry and her daughter Mrs. Henry Feaser.

The hostesses were Mrs. Roy Baumgardner, Mrs. Carroll Dougherty and Mrs. Gilbert Stine. Easter decorations along with the good food of coffee, candies, brownies, ham sandwiches, cakes made in the shape of Easter eggs and a rabbit were helpful in making us all feel the happiness of Easter. Each person found a paper cross at her place—on this was written "Up From the Grave He Arose"—this was used instead of the Grace. Mrs. Ralph Shoemaker had charge of the games. During the time between the presentation of the topic and the business meeting a filmstrip on "Buddhism" was shown—following that Mrs. Carroll Dougherty read Mrs. Ruby Dille's account of her visit to a Shinto Shrine.

FEESERSBURG

(A Voice from Carroll)

The first question people ask us now since we moved from the farm to our home at Uniontown is "Are you going to like the change?" It may be too soon to answer because we are so busy with paint brush and sanding machines that none of us have had the time to think about it but right now we feel at home and when one can say that much everything is bound to turn out alright. We are having lots of fun mixed with a few headaches making our old house accept us with our new ideas. After years and years of living in peace and quiet the house resents having its joints disassembled and its floors scraped and sanded and its walls changed with color. It is really fighting back. Sometimes it just refuses to cooperate. The oak flooring in one room just taunts us and the sanding machine. It seems to say that it has lived a hundred years or more without wax and polish and its not going to change now for no one. And it looks like it is going to win. We wonder too how the house will react to teenagers. It been so long since youth made merry in its rooms. Maybe much too long, for a house can absorb the habits of its occupants and become too prim and proper and too empty of happy living. We hope the house will like the gaiety, the fads and the noise of teenagers and become young again with them. Old people are always flattered by attention from youth and we hope our house will feel flattered too when youngsters live and play within its walls, and one of them calls it "home".

The amount of water a woman puts into the dishpan to wash dishes at a church supper shows whether she has running water at home or has to carry it from the pump.

The Lutheran Parish Choir sang the Easter Cantata in the Emmanuel Baust church Sunday evening. Mrs.

Blaine Broadwater conducted the choir and Mrs. Gerald Lightner was the pianist. Soloists were Mrs. Andrew Buffington, Marianna Burkholder, Gerald Lightner, Robert Royer and Howard West. Other members of the choir are: Isabel Sprinkle, Nancy Roelke, Mary Lease, Theo. Bohn, Virginia Fink, Catherine Flanagan, Mary Koons, Viola Liester, Margaret Martin, Gertrude Munshauer, Edna Myers, Marian Reaver, Charlotte Shorb, John Angel, Ralph Bair, Frank Bohn, Floyd Devilbiss, Willy Flohr, George Martin Emmert Miller, Charles Stansbury and David Starnier. Pastor, J. F. Callahan. The church was beautifully decorated with Easter lilies and filled with worshippers.

At twenty we don't care what the world thinks of us; at forty we worry what it is thinking of us; at sixty we discover it wasn't thinking of us at all.

March has passed but not before it dropped seven inches of moisture in one form or another over our state. At the time we didn't appreciate it but before summer has come and gone we will be thankful for it. We still remember last summer when one inch of rain would have meant so much to everything and everyone. Nothing can live or grow without water. So whenever we get rain or snow we should think about that instead of how inconvenient it is at times.

If there is one thing all homemakers have in common it's the task of feeding the family as economically as possible without cheating on health. Can you feed your family on one dollar per day per person? Maybe you can do better than that. If so you are an exceptionally good manager and deserve your family's unstinted praise. Imagination in the use of low priced foods plus a family that has no dislikes for certain foods is needed to stay within the dollar budget. One woman that I trade cooking secrets with told me that her family does not care for any kind of vegetables so she gets around that by serving plenty of salads. It would be a great public service if there was a method invented for all homemakers to share their trade secrets. There are many short cuts and ways of doing things learned by experience that would benefit the young homemakers just beginning their homemaking career without going through the "trial and error period".

Many farmers learned during the last snow storm that cows do not like being milked by hand anymore. When the electricity went off and the milkers were useless one farmer tried the hand method. The first cow looked back over her shoulder to see what was going on, didn't like what was being done and kicked over the milk bucket. The farmer tried soothing the cow with sweet talk but it did no good. The cow wanted the milking machine and not cold human hands jerking out her milk in a haphazard way. Even cows have become mechanical minded.

SHORT STORY

Foster Mom

By Fran Pachter

MARTHA strove to hide the tears as Will read the letter. Will had foreseen this happening someday and it had been his main objection to her taking foster children to care for. It had been easy to promise then that she'd not let herself become emotionally involved.

It had all started when Martha learned that she and Will would not be blessed with children of their own. To Martha this denial made the future look very bleak. She had borne this grief in philosophical manner until learning of the foster children plan. Her plaintive begging finally wore Will down and he agreed. Their first children had all stayed but a limited time, never quite long enough for her

It was love at first sight for Martha, as the tiny bundle gave her a chance to let loose with all her stored-up love.

to become attached to them. They had also all ranged in age from six upward until Billy came.

It was love at first sight for Martha for the tiny bundle put in her arms gave her a chance to let loose with all her stored up love. Will had watched her closely and saw by her expression that this baby could only bring her the heartbreak he feared.

They had had Billy for four years, years that encircled them all as a family unit when out of the blue had come this letter from

Billy's father. He wanted his son. Will remained silent after reading the letter. Truth was that he dared not comment lest he'd blubber. He filled his pipe and trying to sound casual said, "Well, we knew it would happen someday, didn't we."

"Martha, that's the law. The boy's dad has first claim. He owes us nothing, his keep was paid for."

"They can have their old money. I banked it for Billy."

"He's mine. He's our baby."

"We'll sleep on it. Maybe tomorrow things will look brighter."

Will fell asleep almost immediately and did not awaken until the sun was high. Thinking Martha had overslept he looked toward her bed. It had not been slept in. It was empty! Will dashed into Billy's room and as he suspected it, too was empty. She must have taken leave of her senses to leave and take Billy too. Dressing quickly he went down to the kitchen in search of a note or some clue to where she had gone. Propped against the stove was a piece of paper. Martha had written: "I can't give up Billy. This is all I could think of to do." Before Will could properly digest the happenings of the past few moments he was interrupted by a knock on the door. Opening it he saw on the doorstep a blonde young man.

Inviting him in, Will watched him as he glanced eagerly about the room. Spying Billie's picture he walked over and picked it up. "I have waited a long time for this moment. You see, I was overseas when his mother died, hospitalized all this while. It took awhile for me to get over being bitter that he lived and she didn't. He is all I have left now and I need him."

"We need Billie, too," replied Will. He handed the man Martha's note, then adding, "My wife is not an intense person about most things but she loves Billie as if he were born to her."

The young man read the note, becoming very excited and angry as he asked, "Will she bring him back?"

Will nodded wearily, "I'm sure she will once she's had a chance to think." Almost as quick as the words left Will's mouth the door opened to disclose a weary tired woman holding Billie.

Billie's father walked toward her looking first at the little boy then at her. They exchanged looks and Billie's father spoke first. "Have you room for a boarder Ma'm? You've more right to him than I, but I'd like to get to know my boy."

Martha hesitated but a moment then laid the child in his arms. "That will make three boys to take care of Martha, me, Billie and his dad."

ORIOLES OPEN AT HOME NEXT TUESDAY

The Baltimore Orioles inaugurate their fifth season in the American League next Tuesday afternoon when they take on the Washington Senators at 2:05 P.M. at Memorial Stadium. It will be the first time since Baltimore rejoined the junior circuit in 1954 that the Birds have played their first game at home.

Oriole fans will have an opportunity that day to welcome back such old favorites as Billy Gardner, Gus Triandos, Bob Nieman, Willy Miranda, Bob Boyd, Connie Johnson, Billy O'Dell, George Zuverink and others.

Also on hand will be two veterans who returned early this month to don Oriole uniforms. Outfielders Gene Woodling and Dick Williams, both of whom played for the Birds in former years, rejoined the Baltimore club April 1, along with southpaw Bud Daley, when Manager Paul Richards dealt Larry Doby and Don Ferrarese to Cleveland. The pair have both expressed sincere delight over their return to Baltimore and are expected to fill key roles in the Oriole picture this year.

Bird fans will also have their first opportunity to see veterans Jack Harshman and Foster Castleman in action for the Orioles. Harshman came to Baltimore last winter from the White Sox while Castleman, a sure-handed shortstop, was acquired from the Giants last March.

A few rookies are expected to be on hand for opening day in Baltimore. Jim Marshall, a first

baseman, and Bert Hamric, drafted from the Los Angeles Dodgers organization last winter, are both making strong bids to land jobs with the Orioles this summer. Rookie shortstop Ron Hansen, only 19 years old, may well nail down a steady job with the Birds this year.

Manager Paul Richards' crew can look forward to playing 20 of its first 27 games of the season in Memorial Stadium and Oriole fans will have an opportunity to see every team in the American League by the time the Birds embark on their first western trip May 12.

The Orioles and the Senators will meet in a night game on Thursday evening, April 17 after an off-day. Following brief visits to New York, Washington, and Boston, the Orioles return home on Friday evening, April 25 to open an 18-game home stand.

The Orioles will square off against the American League champion New York Yankees on Friday evening, the 25th, and the Bronx Bombers will also be in town on Saturday afternoon as well as Sunday, the 27th, for a doubleheader.

Following an off-day April 28, the Orioles will meet the Chicago White Sox, Cleveland Indians, Detroit Tigers, Kansas City A's, and the Boston Red Sox. The home stand features doubleheaders on Sunday, May 4, between the Orioles and the Tigers and on Sunday, May 11, between the Birds and the Red Sox.

Up From Slavery

Lesson for April 13, 1958

THE most amazing race in the world got off to a bad start. An Emperor once asked a scholar of his court if he could give him in one sentence the greatest proof of God. The answer was "The Jews, sire." What he meant was that nobody with any sense, ordinary common sense that is, would have expected the Hebrew race to survive, much less to over-spread the earth, still less to contribute to the world as they have. What became of the Hit-

Dr. Foreman

"You Shall Remember"

You can't get farther down than slavery. That is where the Israelite nation started, or if you like, that was where it was before it started. You might think that as their astonishing history rolled on, and they took a dignified place in an ancient world,—you might think they would like to forget their exceedingly low origins. Some did, no doubt, forget all about it. But their prophets and their great men remembered. It was written into their Law: "You shall remember that you were a servant in the land of Egypt." The Ten Commandments begin: "I am the Lord your God, who brought you out of . . . the land of bondage." What was the point of remembering those grimy days in Egypt? One reason was that by remembering from time to time, they would be more thankful for the safety, the prestige, the luxuries even, which they later came to enjoy.

Divine Deliverer

The other thing the Hebrews were taught to remember, another reason for remembering their long slavery years, was that God delivered them. They did not deliver themselves, they had no powerful friends among the nations. Nobody fought to set them free, they did not raise a hand on their own behalf. They just walked out. Without getting ahead of our story, we can recall that the entire exodus from Egypt is set forth as God's doing. So when the Israelites thought back on their past, their not only humble but rather horrible beginnings, they were expected to be grateful to God for taking them out of there. It can be so with us. Even a poet who lived before Christianity could make one of his heroes say, after a terrible shipwreck, "Perhaps one day it will be a pleasure to remember even this." And a Christian can say far more. Every trouble we have had, every disaster we have survived, every danger passed, every humiliation and hardship endured,—if we have come out of it with a Christian spirit, will make us all the more grateful to God.

"Uses of Adversity"

Some people's only university is adversity; the "University of Hard Knocks." "Sweet are the uses of adversity," said a poet once. Adversity is not sweet, and no one should pretend to like it. But its uses are many. Besides the two already mentioned, a heightened appreciation of present blessings, and a sense of gratitude to God our Father, let us set down a third: The capacity for sympathy. There were many minority groups in the Hebrew nation, from their first days to their last. They would always be tempted to treat those minorities,—people of a different race and background—with contempt. They would consider them fair game for exploitation. They would tolerate them only as second-class citizens. But one of the main good uses they could make of their memories of slavery, was not to despise minority groups, the helpless men and women on the fringes of society. So it is today. There is not a race in the world that did not have a lowly, even savage background. No people was ever born civilized, no people was ever born powerful. Any nation that forgets its own small beginnings is on the way to fatal pride.

Hints For Easier Housecleaning

Housecleaning is more fun, and easier, when you let family members help, and when they do, they take more pride in keeping the house clean.

Allocate jobs to be done. Father can do the ladder jobs. Sub-teens and teens can sort out toys, comic books, records and outgrown clothing to be given away. They can plan play for the little folks, too, and supervise them.

To make your part easier, look at new products, and choose some to try. They are designed to make housecleaning easier, and lend newness to old chores. Childproof floors in heavy family traffic areas—especially kitchen and bath. Childproof with self-polishing vinyl floor wax for long lasting brightness, water repellency and scuff resistance. Use vinyl floor wax on all floors. And lastly, plan a housecleaning week treat—dinner out, a picnic, or a show—something the family and you will enjoy.

STRENGTHEN AMERICA'S PEACE POWER

What is Peace Power?

Peace Power is the strength to keep the peace, of course. But that's not all. Peace Power is also the scientist, patiently probing in the laboratory . . . and the kid starting his first awkward experiment at high school.

It's the lean young man in uniform . . . the men in coveralls at the factory . . . and the lone farmer, carving a furrow under open sky.

It's the professor, away "out in space" on the blackboard . . . and his intent students.

It's the hopeful diplomats at a conference table . . . men who must be able to talk strong and back it up . . . but whose real job is peace.

And you, too, are Peace Power. Because, wanting peace, you back your wanting with money. Peace costs money. Money for many different things: To help us keep the peace, through industrial and military strength. To help make it lasting for the future, through science and education. And, most important, it takes money saved by individuals. Your Savings Bonds, as a direct investment in your country, make you a partner in the job of strengthening America's Peace Power. Are you buying all you might?

LATE IN APRIL IS CRITICAL
TIME FOR FIRST ALFALFA CROP

The last 10 days in April can be critical in the outcome of the first growth of alfalfa on Maryland farms. Under ordinary conditions, a spray applied in this time will know out alfalfa weevil infestations and save the crop from possible ruin.

This insect pest has demonstrated its ability to ruin the first crop of alfalfa if nothing is done to stop it.

The crop should be sprayed with heptachlor when most of the plants show signs that the insects are feeding, according to L. C. Burns, County Agent for Carroll County. Most years this will come about April 20 on the Eastern Shore and the last of April in Central Maryland.

Mr. Burns adds that the time of outbreaks varies slightly depending on weather conditions, so the best thing is to keep a close watch on alfalfa after the middle of April, and spray as soon as damage develops.

Heptachlor is applied at the rate of 1½ pints per acre. Most spraying is done with low-gallonage, tractor-mounted machines putting out 15 to 25 gallons of spray per acre. Fan type nozzles are used on the boom and the height should be adjusted so the spray jets meet in the tops of the plants. The operator should first calibrate the machine so he knows how much spray per acre he is putting out at a given speed and pressure.

Heptachlor controls meadow spittlebug as well as alfalfa weevil. Many growers add malathion to the heptachlor to control the pea aphid, which also infests the first crop. Malathion is applied at the rate of 1½ pints per acre - the same rate as for heptachlor.

Complete instructions for spraying against alfalfa weevil and other insects of hay crops are given in University of Maryland Extension Service Fact Sheet 87, "Spraying Hay Crops for Insects." Copies are available from county agents' offices.

REPORT OF CONTRIBUTIONS OF
MARCH OF DIMES

The Carroll County Chapter of National Foundation of Infantile Paralysis reports through its campaign director, Gladys M. Wimer, that a total of \$13,652 was collected for the 1958 campaign. The reports of Districts are as follows:

Mrs. Gladys Haines, Taneytown, \$814.66; Mrs. Roy Parver, Franklin, \$245.73; Mrs. Melvin Miller, Hampstead, \$1091.93; Mrs. Glenn McGrew, Manchester, \$1082.50; Mrs. Lloyd Wilhide, Middleburg, \$159.68; Mrs. Melvin Hollinger, Myers, \$348.13; Mrs. Hazel Barnes, Sykesville, \$618.45; Mrs. Eugene Six, Union Bridge, \$498.02; Mrs. Edwin Harrison, Woodbine-Berrett, \$188.51; Dr. R. P. Klinger, Jr., Westminster, \$85408.51; Mrs. Edward Derr, New Windsor, \$483.05; Mrs. Harold Smelser, Uniontown, \$163.03; Mrs. James Cartland, Woolerys, \$1801.15; Mrs. Gill Morgan, Mt. Airy, \$750.46.

ANOTHER TAX BITE

When Marylanders go to file their State income tax returns for 1958, they will find they will have to shell out a hump sum in addition to that committed on their withholding forms. The General Assembly increased the State income tax from 2 to 3 per

cent as part of Governor McKeldin's program to raise revenue to balance the budget.

The increase was made retroactive to last January 1, but obviously the three months between this date and the signing of the bill could not be included in the withholding program.

So, when 1958 returns are filed on or before April 15, the taxpayer will have to pay in a lump sum the tax on approximately one-quarter of his annual salary, which was not subject to withholding.

"SPRING COMES TO CARROLL
COUNTY"

Mrs. M. K. Talley is president of the Club and Mrs. Leeds K. Billingslea is serving as chairman of the Flower Show with Mrs. Charles H. Kable, co-chairman. The public is cordially invited.
