MARYLAND GOVERNOR VISITS CARROLL COUNTY LANDMARKS

Governor Theodore Roosevelt McKeldin of Maryland spent much of Thursday, Sept. 11, in visiting three of upper Carroll County's historic buildings and museums. These include the Westminster home of the Historical Society of Carroll County, its museum in the County Office building, and the Homestead building at Union Mills.

Arriving in Westminster about 11 a. m., Governor McKeldin was received at the Historical Society Home, 206 East Main St., Westminster, Md., the officers and committee chairman headed by Dr. Theodore M. Whitfield, and the Curator, Miss Lillian Shipley and co. He expressed much interest in the 150-year old building, its furnishings and the early Nineteenth century garden as an example of the possibilities of restoration and preservation of historical material and landmarks. On leaving he presented the Society with an original etching of the State House by Hans Figure and a copy of his own booklet Washington Bowed.

The Governor then proceeded to the County Office Building, where he was met by Dr. Arthur G. Tracey. A brief tour of this building and its very complete and modern facilities and an inspection of the Historical Museum.

Accompanied by Senator and Mrs. Sherman E. Flanagan, the Governor went on to the Union Mills Homestead on Route 140 about five miles above Westminster. Here more than an hour was spent in going through this historic landmark, a quaint, picturesque country home of twenty-three rooms and out buildings dating back to 1797. The house is filled to repletion with exhibits of tools, toys, utensils, furniture, musical instruments, Civil War relics, historical documents and other materials accumulated in the home over the years.

The Governor's hosts at the Homestead were Professor Frederic Shriver Klein of the Franklin Marshall College, Curator, Mrs. Klein and other members of the Shriver family. These were descendants of the Ardrew and David Shriver, who built the house and mill. The home has since been occupied by this family. A recent renovation has been the opening to visitors from June 10 to September 10.

It is believed that Governor McKeldin is the first chief executive of State to visit this Homestead in its long history. Following a short speech of felicitation by the Governor or luncheon was served on the porches and spacious lawn to about fifty invited guests.

The committee of arrangements consisted of Senator Flanagan, Curator Klein and Miss Lillian Shipley for the Historical Society.

"SPICE 'N EVERYTHING NICE"

With all my heart, I wish you every morning A smile that shall last until the next day's dawning. (I wish you health—life's greatest wealth! I wish you always near so that I may help to cheer Each future day and in some way—help to bring you happiness!

It is "Orchids" to you down at the Armory this week in honor of National Home Week! Upon entering one is handed the lovely aristocratic flower and that pleases all the ladies. The Home Show is larger than ever and believe it or not there are two houses built right there for you to enter even to the lawns in front. This year it all appears much more glamorous as the highly waxed or polished floors puts much oomph to the appearance.

Truly it is not the living room any more which was the highlight years past but the kitchen—perhaps there is a little secret to that and that would be to make the Mrs. love to be in her special room.

One company called, "Shields" has just about the most attractive which they named "The Pavilion Kitchen" and you will love that one, I am sure. It is designed by St. Charles. It would fill an entire Column just to write about the Show so don't miss it—hours from 6 to 10 in the evenings of the week and next Sunday and Saturday 2 through 10 P. M.

This year also there are some "Beauties" too and I don't mean houses but gorgeous Gals representing the various business concerns. One Fence Company and they were dressed with tight and they were black with a circular fence around the waist and of course everyone stopped to touch the fence!

And—now, Folks-Whoops—for it sure is "Hoops!" Everybody's doing it! Not the type of hoop that I used to roll along the city sidewalks of Philly when I was a little girl although the size is there. These Hoops are plastic, highly colored and sell for the price of \$1.00 and up. It is swung around the hips—now—there, Ladies that could be a grand way to reduce and make you most supple. Try the exercise when the Kiddies are in school!

Did you remain up to see Miss Mississippi, MISS AMERICA Crowned right there in your own living room? That was the girl Your Observer picked right from the start. No wonder she had gorgeous legs and everything that goes with them! Eh?

Then, on the real late show there was Greta Garbo and Frank Taylor in "Camille" that was real acting!

Well, Ladies velvets are to be worn much this winter and that in most any shade but it must be the soft silk velvets for glamor. Pointy shoes are more pointy than ever and they are selling fast.

What a surprise to see many Wash Boards in the window at Shreiber! How come? Are the housekeepers going back to those?

Seems as though there are fewer people in the P. O. these days.

Am wondering if it is the raise of that postage stamp. If so it will just be a matter of time or until everyone gets accustomed to it and then the letters will be written just as always.

And now comes news of the Gettysburg Symphony Orchestra with that wonderful Dr. William Sebastian Hart as Music Director and Conductor who is radio commentator and lecturer, is the founder of the G. S. O., a member of the faculty of the Peabody Conservatory College of Music and that since 1959, he is listed in Symphony Conductors of the USS, Who's Who in American Education, Directory of American Scholars and the latest supplement of Who's Who in America. Dr. Hart's radio program, "Concert Hall" is heard Fridays 9:05-10 P. M. over WGET in Gettysburg as well as mid-western radio network. This program is a weekly feature over Maryland Airwaves since Nov. 6, 1955 and has been mentioned in March 11, 1957 issue of "Time" Magazine. The Gettysburg Orchestra consists of a 85 piece Orchestra and the next concert will be Tuesday, October 7, at 8:30 P. M. in the Gettysburg High School auditorium. How wonderful for all those in Carroll County and surrounding territory! The program for that evening will be a most interesting and delightful one. The selections are beautiful.

The next time you visit your Chiropractor ask him for the folder called, "The Chiropractic Story". Chiropractic has been practiced since 1895 and Your Observer has seen some wonderful results with patients right in the office of that smart little Dr. Hornstein on Madison Street next door to the Park Plaza Hotel.

What a delight it was to see the expression of my eldest son when I brought out the huge bag of marbles which he had when he was a little boy and hand them to his little girl of 7 and also his penknifer Nuff Sed!

And this from a Teen-ager when I was telling him what a sweet mother he had as I talked with him over the phone and this was his reply, "She's a Doll!" Cute?

See you next week. D.V. Have a grand week-end. Until then, I am,

Faithfully,
YOUR OBSERVER.

MILLIONS OF DECISIONS

All manner of people, with varying qualifications, have been forecasting what the economy is going to do in coming months. But at least one leading industrialist, Pierre S. du Pont, 3rd, frankly admits he doesn't know what is going to happen. In his words: "I don't have the slightest idea whether the short-term economic trend will be up, down or even sideways. I don't believe anyone else knows, either, including Congress and all the economists."

Then he points to something that is certainly obvious enough but often seems to be over-looked—that what happens to the economy is determined by millions of decisions, large and small, that are constantly being made by American consumers. To quote him again: "When the overwhelming sum of these decisions is to buy now, we have a boom, and when it is to buy later, we have a slump."

These millions of decisions, of course, are made voluntarily. But they can be encouraged—and that is one of the big jobs of the producers and distributors of goods of every kind. This is done by advertising and in other ways. Retailers, for instance, have kept their promotional efforts in high gear, recession or no recession, and the result is that sales have held to excellent levels for the most part. And a huge program of store modernization and new store construction, undertaken by the chain system and by other distributors, has helped too, by making shopping a more convenient experience.

The editor of Chain Store Age, in fact, expects most of the chains to exceed their 1957 sales figures this year. If that happens, we cannot help but have a good level of business activity generally.—Industrial News Review.

Teens Vote

Sewing Favorite Summer Pastime

Proper fitting is one of the most important steps in dressmaking. Here, a sewing-minded teen gets expert help, in one of the summer classes conducted especially for teens through local Singer Sewing Centers.

Brides are getting younger every year. Consequently, more and more of today's teens are spending their summers learning the domestic arts—cooking, sewing, baby-care and housekeeping. Sewing is high on the list of things to learn, as teens on a tight clothing budget discover the fashion-at-a-price possibilities of a length of pretty fabric cut and stitched into a becoming dress. Most youngsters prefer learning the fine points of dressmaking from experts in the field, and this summer an unprecedented number of youngsters are flocking to Singer Sewing Centers to take the special teenage sewing courses offered by the company.

Many of these girls will compete in the annual Teenage Dressmaking Contest, and will share in the \$85,000 offered in prizes for girls with the best sewing know-how. Prizes in the contest range

from sophisticated hat boxes fitted with sewing accessories to slant-needle sewing machines to \$1,000 for the lucky young lady who will wear the crown of Queen of the nation's teenage dressmakers.

The contest is divided into two sections: the junior division for girls aged 10 through 13 and the senior division for girls aged 14 through 17. Four junior winners and four senior winners will be selected to come to New York, to receive their prizes and see such famous New York landmarks as the Empire State Building, Radio City Music Hall, and glamorous Fifth Avenue shops.

Classes are held once a week through the summer, and girls interested in entering the contest may register at local sewing centers through August 16. In these classes, each girl makes a dress for herself, and is judged on that dress.

"I just can't say enough for Blue Cross!"

says Harry E. Hall, Driver,
Harry T. Campbell Sons' Corp., Towson

"It was a fortunate thing for me that our company, the Harry T. Campbell Sons' Corp., decided to provide its employees with a Blue Cross program. My wife and I have been subscribers for a long time, but until recently, when she was hospitalized, I guess we never really appreciated Blue Cross. Believe me, I just can't say enough for Blue Cross now! Without it, that hospital bill would have been a real setback to us. And what's more, I didn't have to get involved in filing claims; Blue Cross handled the whole thing direct with the Hospital."

Blue Cross provides care rather than cash, paying the hospital directly for services covered by your membership. Ask your employer how you can join. Or call the Blue Cross office listed in your telephone directory.

TO ALL DAIRY FARMERS

August milk checks were mailed last week to members of the Maryland Cooperative Milk Producers, Inc. The basic prices were: Quota, \$4.63; Over-Quota, \$2.90 and Non-Quota, \$4.32.

August, 1957 prices were, Quota \$4.92; Over-Quota, \$3.23 and Non-Quota, \$4.61.

August, 1956 prices were, Quota \$4.64; Over-Quota, \$3.05 and Non-Quota, \$4.40.

WHY THESE DIFFERENCES?

Note the similarity between 1958 and 1956 prices,, with the 1957 increase.

Here's why:

In 1956, while some dairies bought mostly from the MCMP, others were buying from non-members, at the MCMP "blend" plus a few cents in some cases.

A large quantity was coming in from Greencastle, Pa. Its producers received even less than the "blend". This undercutting of the Cooperative's Class I price reduced (as it always will) returns for all dairy farmers.

In 1957, through an arrangement made by the Cooperative, Baltimore dairies purchased at least 60 per cent of their milk from MCMP members. They paid the Cooperative's price on that 60per cent. Members received \$1,250,000 more in revenue, or \$625 for the average dairy farmer.

WHAT NOW?

Today some Baltimore dairies, including several of the largest, are actively soliciting dairy farmers. They make various offers, mostly based on the MCMP "blend".

As in 1956, every farmer who sells independently cuts into the milk checks of all farmers. Only in unity can the dairy farmer obtain the true market value of his milk. Otherwise he is subsidizing the purchase of independent milk.

I have been told that Mr. Robert Valentine, who had been a patient at the Hagerstown Hospital, and whose home is in Keysville, had been transferred to a Convalescent Home. (Information received on Sunday).

The Keysville - Detour Homemakers Club will hold its Sept. meeting at the home of Mrs. Harold Thomas, Hollow Rock farm, near Detour, on Thursday, Sept. 18th. The topic is Family Fun.

Mr. Eto of Kumamoto, Japan, gave away some hechima seeds when he was in this vicinity. There are some growing at the picket fence at the Carroll Wilhide place and anyone wishing to see them grow is welcome to stop and investigate.

Rev. and Mrs. Donald Brake and Sharon are expected to return to the Union Bridge Lutheran Parsonage, on Sept. 17th after having had a two weeks vacation.

Fred Stonesifer, son of Mr. and Mrs. Russell Stonesifer, of Keysville is now attending Penn State University at State College, Pa. Their son Richard expects to attend Western Md. College again this year.

Supper guests at the home of Mr. and Mrs. Carroll Wilhide and family on Sunday were: Mr. and Mrs. Lewis Yoder of Long Green and Mr. and Mrs. Kenneth Fowler and Claude, of Providence, near Towson.

Mr. James Kiser, who is now staying with his daughter Mrs. Carroll Dougherty and family, of Detour, was the recipient of the flowers which had been put on the altar at the Keysville Lutheran Church on Sunday. Mr. James seemed much better on Sunday—in very good spirits and able to get around better than he had been.

Word from Mrs. Harold Norcott (the former Margaret Wilhide) of Ojai, California, gives the information that she and her family enjoyed the visit which Mr. and Mrs. Carl Haines of near Taneytown, paid them this summer. Mrs. Haines is the former Virgie Kiser, daughter of Mr. James Kiser. The church bulletin sent from Mrs. Norcott's church had Rev. Vaughn scheduled to speak on "The Unpardonable Sin" on Sunday evening. Keysville Lutheran had a sermon preached to its congregation on the same subject on Sunday morning by James W. Hechler of Scalp Level, Pa.

Raymond Myers of near Detour, has been home from work ill with (maybe) the virus coupled with asthma. Mr. Myers, with his wife and son Wayne, is to be complimented on the well arranged flower bed, color and height of flowers have been well planned, located at the bend of the road at the Junction of the Naylor's Mill and Detour roads. The flowers of the Blue Morning Glory which is climbing the electric light pole heightened the beauty of the whole group. If the Myers family regularly waters and picks away any dead parts from these flowers, they have been rewarded with one of the freshest looking flower beds in this dry weather around these parts.

Mrs. Edward Coshun of Redland, Keysville-Detour road, is now working in the Detour Bank.

It has been planned to have a Luther League meeting at the Keysville Lutheran Church on Sept. 30. Rev. Brake is working with this group of young people from the Union Bridge and Keysville churches. Parents, see that your young folks come to this meeting.

The Union Bridge Girls 4-H Club met on Saturday at the home of its leader, Mrs. Paul Bowman, Union Bridge, at 3:30. The demonstration was on a "Cook-out". The girls were told how to wrap potatoes and put them into the coals. Then hot dogs, tomatoes and peppers were put on wires, melted butter rubbed on them and then they were cooked on a barbecue grill. Apples and bananas were also fixed, wrapped in foil and baked. Mrs. Bowman made slaw and had ice tea. For dessert the group made "S'mos". Virginia Massmore and Shirley Myers were present and declared their intentions of joining the club. Jean Kiser, President, was in charge of the business meeting. Program books were given out. The dividing of this club is being planned—but has been delayed until November. The next meeting will be held at the Union Bridge Brethren Church on October 20th at which time some one (possibly Mrs. Hawkins) from the Westminster office will be present. One of the mothers, Mrs. Wayne Repp, was present.

Clay Hahn who is employed on the Carroll Wilhide farm, is getting along well. He was a guest on Sunday of the Mrs. Mary Flohr and the Chas. Clabaugh families at the Clabaugh home at the junction of the Naylor's Mill road and the Six's Bridge road.

Mrs. John Harner and Mrs. Ralph Shoemaker are the leaders for the United Lutheran Church Women's meeting which will be held at the Keysville church on October 6th. The topic is "The Christian Citizen" I am only One, But I am One".

Mrs. Carroll Dougherty, president of the Keysville ULCW, held an executive committee meeting at her home on the 10th of September. The officers and a good number of the committee chairmen and their committees were present.

Robert Frock, son of Mr. and Mrs. Ross Frock, of near New Windsor, former residents of near Detour, was injured when his car was in a one car accident last week when he fell asleep on his way home from Towson. Bobby was taken to the Gettysburg Hospital. Get well soon, Bobby, it could have been a much more tragic ending.

Mr. and Mrs. Norman Waltz and son, Bobbie, of Frederick were recent visitors at the home of her sister, Mrs. Edward Oshun and family.

Mrs. Mary Plaine, of Mt. Wolfe, Pa., is spending a week with her niece, Mrs. William Weishaar and family, Forest and Stream Club road, Miss Beverly Priest, daughter of Mr. and Mrs. C. E. DRIVE FOR FUNDS FOR BOY SCOUTS

The Carroll County Boy Scout District Group will launch a drive for funds to support the continuance and growth of Scout Troops, Cubs and Explorer Units for 1959. Due to the failure of the Community Chest appeal, the Carroll County organization finds itself facing the problem of raising the necessary funds through a direct campaign aimed at business and industry, as well as individuals, and including a door-to-door solicitation. Approximately \$7,500.00 must be raised to insure the continued operation of existing organizations and to promote the organization and development of new units, badly needed in our rapidly expanding county community.

The finance campaign is already underway, several preliminary meetings having been held. A publicity committee has been appointed with Samuel M. Jenness, Supt. of Public Schools, as chairman. The committee includes: Mrs. Virginia Minnick, Democratic Advocate; Charles Stonesifer, Carroll Record; Russell Morgan, WTRR Carroll County Broadcasting Co.; Malcolm Rakestraw, Union Bridge Pilot; William F. Church, Sykesville Herald. This committee will function to release to newspapers, radio station and others the facts of the campaign and the progress made by the committee.

James M. Shriver has been named as general chairman of the financial campaign assisted by J. Cullum Barnsley (Westminster), Mr. J. Pearce Wantz, Jr. (Westminster), Mr. Raymond Wright, Union Bridge; Mr. Felix Westine, Taneytown; Mrs. Kenneth Bohn, of Westminster; Mr. Robert Greenshields (Sykesville), Mr. Stanley Tevis (Westminster) and others.

Special appeal by mail and personally is being made to outstanding businesses and industries, as well as individuals, by the Special Fight Committee headed by Mr. J. Pearce Wantz, Jr.

An intensified door-to-door appeal is planned for the period October 20 to November 20 under direction of selected local leaders in each community.

Liberal support of the campaign is urged by the County Scout Organization. Success of the campaign will depend on realization by citizens, of the many significant contributions being made by local volunteer workers, and of the continued need for expansion and development.

Robert McNew is the County Scout Executive and will lend encouragement and assistance to the campaign in all possible ways.

CARD OF THANKS

We wish to express our sincere thanks to our relatives and friends for the many cards, visits, and gifts which we received while in the Annie M. Warner Hospital and since our return home. Again many thanks.

BASEBALL

PEN-MAR Fairfield evened its best-of-three series with Taneytown, emerging a 6-2 victor on the Carroll Countians diamond, while Blue Ridge Summit, hosted and spanked Cashtown, 7-3, when the Pen-Mar League reeled off Shaughnessy playoff semi-final games Sunday.

The rubber match of the Fairfield-Taneytown series will be held Sunday at 2 p. m. on the Fairfield ball park. Cashtown, meanwhile, will be the home club in the second game of its series with Blue Ridge.

A four-run, ninth-inning explosion enabled Fairfield to top Taneytown. The Marylanders, who capped the semi-final opener, 7-4, in 14 innings Sept. 7, had erased a 2-0 deficit with singletons in the seventh and eighth. But Fairfield answered right back and Gus Weikert slammed the door to insure matters.

Bob McCrea's two-out twp-run home, clearing the left-center field in the second inning, led to the downfall of Cashtown's sandlot army. Two errors set up McCrea's circuit clout. Max Slike won it, scattering eight hits.

Justice for ALL

Lesson for September 21, 1958

THE LAST man on the totem pole is still a man. The man at the bottom of the ladder, the man underneath the heap, the last man, the least man; if there is no justice for him then there is no justice. For the ideal of justice, as the Bible upholds it, is that ALL men shall be treated with fairness, and more— with consideration, pity and helpfulness in the name of God. If everybody gets fair treatment except the bottom layer, then when you who have been fortunate all these years slip into that bottom layer you will discover there was not so much justice as you thought. In Mark Twain's story "The Prince and the Pauper" the prince thought everything was smooth and fine; but when he changed places with the pauper and looked at things from the seamy side, he could not find justice anywhere.

Dr. Foreman

Who they are
So-called justice which only "divides the spoil with the strong" and leaves no share for the weak, is only so-called. It is precisely the persons who cannot fight for themselves, the little people without votes, the unimportant people, the forgotten and obscure, those who live and die in the shadows, it is precisely these whom a true and Christian justice will not forget. The strong will get their share and more besides if they can get by with it. It is the weak who need protection and defense.

The Bible lines them up for us, and a sorry rag-tag lot they are to look at. Here is the poor man who needs a loan and (as everybody knows) will never be able to pay it back. Here are the people so poor that they cannot buy food, but have to live on the wheat they pick up from somebody else's harvest

field, the grapes they pick off some land-owner's vines. Here is the family uprooted—wanderers on the face of the earth, without home or job. Here are the nameless, countless people totally obscure, for whom history has no name except in the lump—"the multitudes." Here are the sick people too poor to have a doctor; here is a woman some doctor has made poor. Here are the people in prison, here is a beggar shivering at the back door.

What they need
Of course, such helpless people need not have been so helpless if perhaps society had been differently organized, or if there had been better laws. Such desperate situations ought to be prevented in the first place, to be sure. For example: it has not been a lifetime since there were beggars on all roads. The tramp and the hobo were common sights. Now how long is it since you have seen a tramp? How many beggars do you know by sight? The reason why we have fewer beggars now even in a depression than we used to have even in times of prosperity is partly due to the fact that the man who lost his job in hard times used to have nothing; now he draws unemployment insurance. Prevention of poverty is much easier than curing it. Nevertheless, with all the prevention we have the wit and the courage to provide, we still have the problem cases, the hopeless and helpless ones.

Forgotten Folk
It is not only individuals who have run into personal hard times who need help, but whole groups and classes of people in trouble, need more help, more fair treatment, than they usually receive. There are, for example, the people in the mental hospitals of America, a half million of them at a recent count. Unless your state is a most unusual one, such patients in your state do not have nearly enough doctors, nurses, attendants, or attention. Then consider that for every patient who can get into a mental hospital, even the understaffed, overcrowded ones we have, there are numbers of others who cannot be admitted. What is being done for these people by your church, your community, your state? Or consider juvenile delinquents, or adult lawbreakers on parole. Does your community ignore these bottom-rung derelicts, or does it do anything to help them, or to prevent their being derelicts?

THE FORGOTTEN AGES

Not one on this earth has ever seen the real you; It is through him God tells us what to do; Men call him their conscience—(they do not know Who it is that tells them the right way to go).

God does not speak to the physical man— (That has never been a part of His plan); He only speaks to these physical bodies of ours, Through Nature—(the earth, the trees, and the flowers.)

Each one of us has a psychic body, they say; So, God communicates, with us, in that way; The body of the real you, great writers say, Excels the Sun for brightness at noon day.

Man was etheric when, to earth, he first came; (He gave to all of the animals their name, Just as the Indians named our rivers, they say, Before the Pilgrim fathers came this way.

In all of the ages of Time since age No. 1, God's will on this Planet has been done; That is one of the proofs which go to show That, He is the Great Generalissimo here below.

Of the age before this, they tell us, little is known; The winds of Time its records have blown Into the sea of oblivion; but, great men all say "We are the people who lived yesterday".

Only a handful were left, as seed, they say, To usher in the peoples of our day; So, of all who lived before, Adam was the man Whom God selected to carry on His plan.

And, just so it has been with all the ages of Time; When one age went down, another would climb; At the Time of the Flood, Noah took Adam's place; So, it was he, God sent, to start a new race.

This Earth now is God's schoolhouse where all must be Taught and trained how to live in Eternity; So, back to Earth man must return It is here the fires of hell still burn.

To visit the Planet earth, there is no other way Than, to come, by way of physical birth, they say; That was how God sent Jesus when He came; So, with all of His children, things are the same.

Reincarnation, they tell us, is the only way By which to prepare for the endless day; Just like the rivers, man must come and go Till he is made perfect here below.

A single life's span too short would be To prepare one to live through Eternity; So God keeps sending us back, to learn of His plan; And to make what He calls a perfect man.

On every mortal God's face we must see Before he can go from Time to Eternity; As the tree in the acorn an Oak must be, So it is with God and all humanity.

Jesus was the Pattern God gave to mortal man, So, for us to be like Jesus is God's plan; When man becomes perfect you shall see The kind of creature God intends him to be.

Man is supposed to represent God here on earth; Instead, he emulates man from his day of birth; That is why our progress here has been slow We listen to teachers who do not know how to go.

The age when Adam came on the scene Shall be the greatest that has ever been; It will be the last of the ages governed by man; Henceforth, things shall follow God's great plan.

In our story book we read about the "Age of Gold"; Of its many enchantments we are told; But, that all took place aeons ago, Of the day and the year we do not know.

The Greeks and the Romans placed the day, Under Saturn, when the "Golden Age" held sway; They also said that it would return When life's many lessons we all shall learn.

The age of Gold has no counterpart in this; It shall be an eternal era of exquisite bliss; Man shall know God as in days of old, And the truth about Him shall be told.

Edom was the last of the old ages of which we know; And, like former ages, it got too hard to go; From the patriarch Job, it got its fame; And, its knowledge all went to Egypt, they claim.

Judging by the way men talk, it is not hard to see Why, on Biblical matters, some fail to agree; Says the skeptic: "Where did Cain get his wife?" There were many to choose from, at his time of life.

Ages before Adam and Eve had their birth Millions of people were here on earth; Things did not start when Adam was born, That was only the dawn of another morn.

The Garden of Eden of which we are told Was an allegory taught in days of old; Man's body that garden shall always be; And, in it, he shall dwell in Eternity.

The earth itself is two billion years old; Many fantastic stories about it are told; But, its real history—(the things we know) Is of recent date, as the ages go.

There is much talk today about the end of the world; But, over this planet God's flag is unfurled; And, that flag shall wave over land and sea Through all the long years of Eternity.

Just think of the ages God has spent on His plan To make earth His future home of man! Only those who do not know Him fail to see What a Paradise this earth shall be.

There are many reasons why I think this is true— (In the first place, here God trains me and you) We are His hands; and, always shall be, Not only in Time; but, through all Eternity.

Through us, God shall rule all the planets in space; (On every mortal we shall see His face!); It is the first to be made perfect, so far as we know; So, God sent Jesus to show us how to go.

There are many other things I would like to say; But, Jesus said to all the peoples; "I am the way"; So, try to emulate Him; and study God's plan, To make of yourself a perfect woman or man.

Lutheran Brotherhood Representative Given Top Insurance Honor's

James H. Fair, of 10 Mill Avenue, Taneytown, Md., Lutheran Brotherhood district representative in this area, set the pace for 179 fraternal life insurance representatives who received Quality Service awards from the Fraternal Insurance Counsellors Association.

Mr. Fair had a persistency rating of 100 per cent as of last Dec. 31 based on his paid life insurance volume in 1956 and 1957. He was the only one in the group of 179 to achieve that standing.

This means that none of the insurance constituting that volume was allowed to lapse by the policyholders. To qualify for the Quality Service award, a fraternal life insurance salesman must have a persistency rating of at least 90 per cent. Forty-six Lutheran Brotherhood representatives received the award.

Mr. Fair previously received the National Quality award of the National Association of Life Underwriters. He is secretary of the Carroll County Association of Life underwriters.

He has represented Lutheran Brotherhood in this area since August 1954. A graduate of Taneytown high school, he is past president of the school's alumni association. He attends Trinity Lutheran church where he has served on various committees and as church councilman. He is President of the Trinity Church Men and church school attendance secretary.

Mr. Fair and his wife, Audrey, have three children: Diana, Dennis and Beverly.

Lutheran Brotherhood, headed by Carl F. Granrud, president, is one of the nation's largest fraternal life insurance societies, with more than 900 million dollars of insurance in force. Home offices are in Minneapolis.
