HIGH SCHOOL HIGHLIGHTS

The Taneytown High School wishes to express its sincere gratitude to the Taneytown Grain and Supply Company for the donation of six animal cages to the science department. Although these items of science equipment are vital in experimentation, they are not ordinarily provided by public funds. This is a fine example of how, through the help of local industry, our schools and their endeavors can be greatly enriched.

The Junior and senior high school science students will exhibit their Science Fair projects on Friday evening and Saturday morning, April 24 and 25 in the high school auditorium. The projects, which serve as a means of recognizing and complimenting the work of each individual, will be in the form of display. Each display will explain the problem, the method of solving, and some tested results. In order to reach a conclusion, each student must have read about his subject, kept notes, and experimented. Through this experience, it is hoped that the pupils will acquire an appreciation for the part research plays in science.

The Science Fair is under the direction of Mr. Ned Musser, senior high science teacher.

The regular meeting of the high school PTA will be held March 9 at 8:00 p.m. in the auditorium. Teachers will be in their rooms at 7:30 for conferences with parents.

The skit "Parents Can Be Problems" will be presented in addition to the regularly scheduled March program of a panel discussion on the topic, "Are Our Teen-Agers Growing Up Too Fast?"

The FHA Club, sponsored by Mrs. Mary Copenhaver, was host to two speakers on Wednesday, February 18. Miss Nancy Caten and Mrs. Wilma Whitman from Potomac Edison Company spoke on the lighting problem in the home and showed a film to emphasize further the strides being made in this area.

The basketball season came to an end for the girls with the game against Westminster in which the Taneytown Tigerettes lost by a score of 58-34. The team for this season consisted of Virginia Hahn, Rebecca Wilhide, Wanda Fair, Elaine Welty, Loretta Lieb, Sandra Rensburg, Ravina Arvin, Audrey Singel, Eileen Davidson, Donna Deal, and Joan Cartzenadafner. The manager was Dorothy Snook, timer was Janet McCusker, and the scorekeeper was Dale Deal.

The school wishes to congratulate the girls on a job well done.

On Wednesday, February 25, Mr. Quinn from DeVry Technical Institute in Chicago, Illinois spoke to the senior boys. His speech included comments on electronics, television, radio, military communication, automation, and industrial electronics. Former students of Taneytown who have graduated from or who are attending the Institute are Robert Royer, Leslie Null, Lamar Hiltnerick, and James Sell.

Mrs. Urith Shipley, guidance counselor, with the assistance of the classroom teacher, has recently completed the administering of the Kuder Preference Vocational Record to the ninth and eleventh grades. The ninth grade results will be used in connection with a unit on careers. The eleventh grade results will be compared with results obtained by the student as a ninth grader. As a result of having this test, each student will be guided in his choice of subjects.

The Mt. St. Mary's Glee Club, under the direction of Father David Shaum, will present a program for the student body in the high school auditorium on Tuesday, March 10. The Student Council is sponsoring the appearance.

The Taneytown High School basketball team lost to New Windsor by a score of 39-38 in the opening game of the Carroll County Tournaments. Allen Baumgardner was high scorer for the Tigers with 16 points. In the game with Elmer Wolfe on Tuesday, February 24 the score was 43-50 in favor of Elmer Wolfe. Gene Eyer was high scorer with 17 points.

Friendship Carriers Meet

The Friendship Carriers' Class of Emmanuel Baust Lutheran Church met at the home of Nancy and Norman Pittinger, Tyrone, Md., on Sunday afternoon, Feb. 22, 1959.

The devotions were led by Donald Null and Donald Myers. Scripture was read from I Chron. 13. The topic was entitled "Memorization" and it pointed out the basic steps in memorizing scripture verses of the Bible.

The class attended the Lenten service at Winter's Church on Wednesday night, Feb. 25.

A skating and bowling party will be sponsored by the class on Saturday, March 14, at the Rainbow Roller Rink.

Yvete Hull and Tamara Myers will have devotions for the next meeting at the home of Kenneth Weishaar. Nancy Pittinger will have games.

The meeting closed with prayer. Refreshments were served and a social hour followed.

CARROLL COUNTY TUBERCULOSIS ASS'N Free Chest X-Ray for Citizens During March and April

The Board of Directors of the Carroll County Tuberculosis Association met Monday evening, Feb. 16 at the Medical Center, with the president, Edwin W. Shauk, presiding. Robert Lee Miller, chairman of the Christmas Seal Sale Committee, reported returns of \$9393.64 from the sale of Christmas seals with money still coming in. Mr. Miller thanked all who had in any way contributed to the success of the campaign which is the sole support of the Carroll County Tuberculosis Association. Miller also reported a total of 255 1/2 volunteer hours given to the association by students of the commercial classes of Taneytown High, Sykesville High, Westminster High, North Carroll, Mt. Airy High, New Windsor High, Elmer Wolfe High and Robert Moton; Mr. Albert C. Albrecht's shop class of Westminster High; Roland Hailley of the Board of Education, Sandymount Homemaker Club; Civinette Club and Mrs. Mabel Reese, Westminster's Woman of the Year.

Committee reports were also given by Miss Maude Manahan, chairman of Health Education; Mrs. Paul E. Lawyer, X-ray Survey Committee and Rev. R. S. Abernathy, Volunteer Services. Mrs. Lawyer reported that the Mobile X-Ray Unit, a Christmas Seal Service of the Association, will be in Carroll County from March 16 to April 9. Detailed announcement of this will be made at a later date. Announcement was also made that free chest x-rays may be obtained at the Medical Center on Wednesday from 2:00 to 3:00 p. m. and Tuesdays from 9:00 a. m. to 10:00 a. m. and from 7:30 p. m. to 8:30 p. m. Mrs. Lawyer pointed out that this service is provided in cooperation with the Carroll County Health Department by the Carroll County Tuberculosis Association, from Seal Sale funds.

Rev. Abernathy reported on "Operation Christmas" which provided Christmas presents, tree decorations, evergreens and entertainment to the patients at Henryton Hospital. Participating in "Operation Christmas" were the Rotary Club of Westminster, United Lutheran Church Women of Westminster, Woman's Club of Westminster, the Home Economic and Core Classes of Robert Moton School, and Girl Scouts and Cub Scouts.

A Program Planning and Budget Committee to plan the 1959-60 program of the Association was appointed with Mrs. Paul E. Lawyer as chairman. Serving with Mrs. Lawyer will be Rev. R. S. Abernathy, Mrs. Elwood S. Falkenstein, Miss Maude Manahan, Robert Lee Miller and Charles Stonesifer.

April 13 was selected for the date of the annual Dinner Meeting at Hoffman's Inn. The committee for the dinner will be Mrs. Wm. B. Culwell of Mt. Airy and George Otto of Union Bridge.

A nominating committee headed by Preston G. Coffman with Mrs. Gladys Wimer, Samuel M. Jenness and Raymond Buchman serving as members, was appointed to select the officers and new board members for the 1959-60 year.

Frank T. Jones, executive director of the Maryland Tuberculosis Association, presented a film strip entitled "Approved Principles" which augmented his talk regarding the tuberculosis association's role in the control of tuberculosis, general program objectives and the association's structure. Also attending from the Maryland Tuberculosis Association were Miss Virginia Shoffett, director of Volunteer Services, and Mrs. Aaron Libowitz, chairman of the annual Meeting Planning Committee. Mrs. Libowitz extended an invitation to the board members to attend the Maryland Tuberculosis Association's annual meeting to be held at the Harundale Mall on the Ritchie Highway on April 16.

Girl Scouts Will Conduct Cookie Sales

Carroll District Girl Scouts are included in the approximately 20,000 Girl Scouts of the Baltimore Area Girl Scout Council who will participate in a cookie sale scheduled for March 6-21. The purpose of the sale, with a goal of over one-half million boxes, is to finance further development of the Council's five camp sites, provide more camperships in all areas and help send 42 Girl Scouts to Colorado Springs in June for a nationwide Roundup.

Advance cookie orders will be solicited after February 20th.

A. A. U. W. News

The Carroll County Branch of the American Association of University Women will meet at the home of Mrs. Joseph Bailer, 81 New Windsor Road, Westminster, on Tuesday, March 3, at 8 p.m. Mrs. William Hinshaw, State President is expected to attend this meeting. Dr. Mary Keeler, Dean of Faculty, Hood College, will be the principal speaker. Her topic will be "The Hows and Whys of Fellowships." Dean Keeler is the National Chairman of AAUW Fellowship Awards.

Many Leaders at Taneytown Lions' Farmers' Night

A large group — the leading men of the farming community hereabouts — was present Tuesday evening, February 24, at the annual Farmer's Night of Taneytown Lions Club held in Taney Inn at 6:29 P.M., with William H. Johnson, Baltimore, as the principal speaker. Following the opening by President Frank T. Dunham, who called on Merwyn C. Fuss to pronounce the invocation, an excellent meal was enlivened by the group songs which Lion Tamer Singleton E. Rensburg led to Harry L. Reindollar's accompaniment. In the course of the proceedings Thomas J. Smith was lucky enough to walk off with a beautiful rod, reel, and creel that Homer Y. Myers's Convention committee offered.

During the introduction of the farmer guests by their Lion hosts, a visiting delegation from Hampstead was recognized, consisting of Lions Joseph Murray, David Reed, and James Sirk.

Norman R. Sauble, Agriculture committee chairman, thereupon presented a fine program which began with the rendering of "Down Mobile Way" and "I've Been Working on the Farm Road" by the Jaycee Quartet, Elwood Harner, Herbert Bowers, Paul Roop, and Robert Royer, who were accompanied at the piano by James H. Fair. The chairman then introduced Mr. Johnson, Extension representative for the Farm Credit Banks of Baltimore, whose brief message on leaders was an inspiring one by a fluent speaker.

"There are five kinds of leaders," he said, those who are out front and have the ideas that others follow, those who are pushers and know how to get others to go their way, those with the personality to make others want to do things for them, the dictators who have everyone doing what they command, the politicians who promise everything to all people in order to get what they want. Perhaps a sixth kind is that group who think they are leaders.

"How do they get into their leadership positions?" he asked. (1) They deserve it; (2) nobody else would have the job; or (3) just by chance. No matter what kind of leader one is, however, Mr. Johnson urged, "Don't overestimate your importance."

These leaders have certain responsibilities: First, they must learn a degree of humility, but without apology. Second, they must be honest with themselves, for they are watched by their real friends, their jealous neighbors, and their competitors — those who are doing the same kind of thing. Also, the speaker went on to say, there is the opportunity to be somebody, to be a professional, and, "since somebody is going to be a leader anyhow, why shouldn't it be you." Certain curious references pointing to particular leaders present displayed an astonishing familiarity on the part of the speaker who locally eminent figures and were greatly enjoyed by his audience.

Following hard upon an inspired Father and Daughter night when Mrs. William E. Price spoke to the club on teen-age interests at the invitation of Lions Donald R. Baker and Sing Rensburg, this Farmers' night of Lion Sauble's carried on a fine tradition of good programming; and that notwithstanding the special advantage afforded by two Lion daughters, Jane Gilds and Sandra Shorb, who graced the earlier meeting with vocal solos and piano accompaniment of professional caliber.

The meeting of March 10 will be the public Shrimp and Oyster feed at 6:30 P.M. in Crouse's Motor Sales Garage, tickets for which have been distributed to all members by chairman Kenneth C. Shorb, while donations are also being received for a Portable TV set which will be given away the same evening. Other committee chairmen are Harry B. Dougherty for food, J. Alfred Heltebride for beverages, Homer Myers for serving, Wilbert N. Hess for staging, and Ralph W. Stonesifer for demolition.

Lion Glenn O. Reeve will present the program for the next ladies' night, the meeting of Tuesday, March 24.

Guernsey Breeders Hold Dinner Session

The annual Carroll County Guernsey Breeders' Association meeting was held at the Baust Church parish hall on Wednesday evening with 73 persons present.

The invocation was given by Earl Beard, followed by a turkey dinner prepared and served by the ladies of the church. After a short business meeting when Howard Devillibus, John Hall, Carl Weant were elected directors, a program was enjoyed. Douglas Gunther spoke on his 4-H showing at the National Dairy Show in Waterloo.

Remarks were made by Al MacKay, American Guernsey Cattle Club field representative; William Powell, president of Maryland Cooperative Guernsey Breeders Association; Robert McLaughlin, field secretary for the co-op. Associate County Agent Robert Jones showed colored slides. John Seibert, assistant county agent, led group singing. A water-proof jacket was won by Raymond Brown and set Golden Guernsey glasses by Patricia Hibberd. John Hull, county president, was toastmaster. Frances Brown provided dinner music on the organ.

SENATOR WEANT'S LEGISLATIVE REPORT

Many Important Bills are Being Presented, and Passed

We have been receiving many letters and cards regarding the various bills now involved in the Legislative process. Many of these letters contain useful information and suggestions. Others appear to be of the form type, which we are also happy to receive, but which generally bring to mind the question of whether or not the writers understand the bill which they mention. It has been our experience that some have been urged to write in support or opposition of certain bills with which they are not completely familiar. It is our hope that all of our constituents will make certain they completely understand the problems about which they are writing.

For those who might be interested, we would like to pass along the word that the Governor signed the following bills on Monday, Feb. 16: Senate Bills, 3, 4, 7, 17, 22, 25, 27, 28, 30, 31, 32, 33, 34, 35, 59, 67, 76, 82, 83, 84, 85, 104, 107, 108, 114, 115, 117, 125, 128, 129, 130, 140, 141, 230, and 231; House Bills 12, 17, 22, 24, 30, 31, 38, 39, 40, 41, 42, 45, 46, 49, 61, 64, 81, 94, 101, 102 and 179. Some of these were emergency bills which take effect immediately upon signing; others are designated to become effective as of certain dates, generally June 1, 1959.

Because of a shortage of water which is apt to exist in Carroll County in the foreseeable future, we are considering sponsoring enabling legislation to provide for the formation of public water shed associations. This is new legislation and would permit the creation of Public Water Shed Associations, for the purpose of carrying out works of improvement for the conservation, development, utilization and disposal of water. It is our understanding that this proposal has been brought to the attention of the Maryland Farm Bureau, the Maryland State Grange, the State Drainage Engineer and the Association of County Commissioners. We hope that this plan will serve to protect Carroll County's future water needs.

This past week we introduced legislation to allow the Trial Magistrate to appoint his own clerical help. In the past, this has been done by the County Commissioners and it was our thought that an official serving in capacity such as that of the Trial Magistrate should have the authority to choose his own assistants. This is the case in the great majority of the Counties of the State.

Further hearings on the Budget and Capital Improvements Bills will be held at 10:30 a. m. by the Senate Finance Committee and at 2:30 p. m. by the House Ways and Means Committee as follows: Wednesday, Mar. 4, Department of Education (Headquarters), Teachers' Colleges; Morgan State College, St. Mary's Seminary Junior College; and Thursday, Mar. 5, Department of Parole and Probation and Department of Correction.

EDWARD O. WEANT, JR.
State Senator

Taneytown Kiwanians Attend Congressional Dinner in Washington

Delegations of Kiwanians from all over the United States and Canada attended the sixth Biennial Kiwanis Congressional dinner at the Statler Hotel in Washington, D.C., on February 18th, honoring Kiwanians in Congress and those serving in the Executive Branch of the United States Government.

The Taneytown Kiwanis Club was represented by President George W. Crouse, and three other members, Howell Royer, Otto Olsson and George Shower.

The banquet dinner was followed by organizational announcements and introductions of Samuel J. Ervin, Jr., from North Carolina and Congressman Page Belcher from Oklahoma.

Musical entertainment was provided by the Clipper Choir of Patterson Park High School of Baltimore, Md., under the direction of Robert D. Johnson.

Mr. Kenneth B. Loheed, President of Kiwanis International, delivered the principal address. The speaker drew a graphic and colorful word picture in his interpretation of "Building Individual Responsibility."

He analyzed the components of this objective by using well chosen examples, presented in a forceful and forth-right manner.

The meeting adjourned with the singing of God Bless America.

C. E. News

The Executive Committee of the Carroll County Christian Endeavor Union met at the home of Mr. and Mrs. Roy B. Kiser, Tuesday evening, with 10 members present. Plans for the St. Patrick's Social to be held in the Taneytown E. U. B. Church, on Thurs. evening, Mar. 12, were completed.

A food sale will be held in the Firemen's Building in April. Plan to attend the 45th International C. E. Convention in Philadelphia, July 6-11.

"SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth!
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

This year tops all of previous Valentine Days with gifts of all types for every member in the family. One would think it was Christmas as far as giving is concerned. Years ago it was the L O V E R when I was a little girl who sent his "Lady Love" one of those gorgeous lacey Valentines which are not in the stores today. And thinking of Valentines, I opened the huge Scrap Book and turned to the pages of tiny Valentines which my precious Step-sons sent me expressing their great love for me. And then I started r e m i n i s c e n g ! One cute one from the youngest reads, "I think I could rise quickly in the world with a Sweetie like you." The middle boy, John who has a position with the Douglas Aircraft Co. in Cal.—"I love you so much, Mother—I just can't say it on this Valentine!" and the eldest—then seven and who now is a school teacher in Casa Grande—"I want to get in."

THE FARMER IS THE GOAT

The farmer is once again the butt and not the beneficiary of his co-op managers. Threatened with a Federal income tax on their big earnings, cooperative corporations are screaming to Congress: "Don't tax us; tax our members!"

Commenting on a proposed bill submitted by the Treasury Department, a high-ranking member of the House Ways & Means Committee, which is expected to get this controversial matter off the ground within the next sixty days, said: "Co-op leaders don't want a three-year time limit on their paper; they don't want to pay interest to the farmers who get paper instead of cash; they don't want their co-op corporations to pay any tax at all - but they just don't seem to care what happens to the co-op members!"

The proposed Treasury bill, promised by President Eisenhower in his budget message and designed merely to "insure the ultimate payment of a single tax on cooperative income", would permit a cooperative to deduct from its own income amounts paid to its patrons during the taxable year if paid in the form of "qualified" patronage certificates.

Contrasted with the worthless patronage certificates permitted by the ineffective legislation of 1951 - which failed to plug this king-size tax loophole, and has since been riddled by court decisions - the proposed patronage promises would draw interest at not less than four percent and be redeemed in cash within three years.

If the Congress passes the bill as submitted, it is at least a step (however feeble) in the right direction. But it does not add up to tax equality between the cooperative and the tax-paying proprietary corporations.

Tax-paying competitors of the relatively tax-free corporations object to a plan under which taxes on co-op business are collected from the members rather than from the cooperative corporation itself. And they note, too, that the Treasury bill gives the co-ops the advantage of a three-year accumulation of earnings.

And, of course, the cooperatives are unhappy at the thought even of "ultimate" taxation. They complain that the President and the Treasury are trying to deny the farmer's right to invest in his cooperative company. The fact is, he never had a chance to invest - for the reason that he never had a chance to collect his patronage dividends in cash. It is just plain wrong - from any viewpoint - to make the farmer the goat when the cooperative should be paying its own taxes.

The fairest solution to the long fumbled problem is offered by the Davis bill (HR 3848). It provides that co-ops be fully taxed on total earnings before distribution, and that patrons be given a credit against their individual income taxes on the dividends received. This is simple, foolproof and preserves the single-tax principle. It is honest and just and protects all concerned - including the Government.

LETTER TO THE EDITOR

Dear Editor:

Down in Tazewell, Tenn., Publisher Louis Spilman, Jr., of The Claiborne Progress, reports on a discovery that we think every newspaper shop should hear about and—if any talent is available—act upon.

In his "Taking It Easy" column, Mr. Spilman writes:

"We were called upon to make a quick trip into North Carolina last weekend and after leaving Asheville on our way back we decided to stop and see the newspaper plant at Marshall.

"The editor (J. L. Story, Ed., H. L. Story, Pub.) of the Marshall paper (News-Record) has a very

nice looking plant for weekly newspapers, but to our surprise right in the middle of the pressroom stands a beautiful mahogany upright piano.

"We asked its purpose and he said playing a piano is his hobby and quite often he would go back in the shop during the day and spend an hour or two playing old-time hymns.

"We have never developed this kind of hobby. However there is many a Wednesday when I could see an advantage to having a piano and holding a short prayer service before continuing to put out the paper.

And then, from up in Wareham, Mass., comes word from Editor J. Robert Kershaw on the versatility of the long-esteemed Courier of that city:

"Some persons" observes Mr. Kershaw, "says a newspaper is good, not for what it contains, but for what it can wrap."

"However, the Courier learned this week that it has had a distinctive and honorable use which few other papers may have had.

"While workers were reshingling the Evangelical United Brethren Church parsonage in East Warham last Saturday, they found copies of the Courier dated 1907 between the singles and the wall boards.

"The COURIER, while not advocating our use as tar paper, suggests that the COURIER is useful far beyond our own expectations."

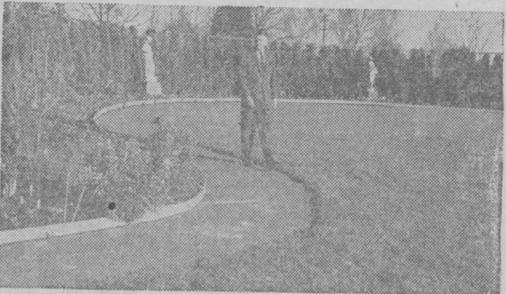

These two reports, taken together, provide a nice weekly newspaper sermon on cause and effect. The prayerful attitude expressed by Mr. Spilman and brought to attention by the MARSHALL N. C. NEWS-RECORD, together with the indications of regard and permanence discovered by Mr. Kershaw, should tell their own story.

Certainly no category of publication the world over is put out with quite the same devotion and at the expense of the same exhaustion as the great American weekly. And once it is out, it is cherished for every page, every column, every word—and by all the family. We point out in this connection that the carpenters at East Warham did not find copies of any of the great Boston dailies devoted to the protection of the U. B. parson.

Sincerely,
BOB TAYLOR.

Just Roll It Out

Low-Cost Walk for Garden Made of Tough Roll Roofing

Andrew B. Lambert, president of Lambert Gardens, in Portland, Ore., strolls along one of the thousands of feet of garden walks that border the Gardens' displays. The walks are made of 90-pound mineral-surfaced asphalt roll roofing, and have been in use for years.

Want a low-cost garden walk you can put down yourself in practically no time and without a lot of back-breaking work?

Then make it out of 90-pound mineral-surfaced asphalt roll roofing. The entire job consists of merely leveling and tamping the ground, and rolling out the roofing material in the direction you want it to go.

Does it work? Does it take wear and tear? It does, and here's the proof:

Asphalt roll roofing has been in use for years as walks at famed Lambert Gardens, in Portland, Ore. All year around, thousands of visitors give these paths of mineral-surfaced asphalt a pounding as they walk through the Gardens' floral displays.

Here are some important advantages:

- 1. Less labor, time, and ex-

pense. There's no need to buy, haul, and handle heavy sand, concrete, gravel, and stone, and no digging is necessary in most cases.

2. Color. Like asphalt shingles, the material used to protect most of the nation's homes, asphalt roll roofing comes in many colors. One of these can be chosen to match or harmonize with the garden scheme or color of the house.

3. Toughness. Asphalt roofing has millions of rock granules embedded in its surface. On roofs, these protect the asphalt from the sun and wearing effect of rain, snow, and ice. In roll roofing used as a walk, the granules resist wear from traffic and help provide a sure-footed surface.

4. Mobility. An asphalt roll roofing walk can be moved to a new location by simply rolling it up.

The Great Crippler Arthritis Pains Plague Millions Of Americans in All Age Groups

Editor's Note: This is the first of three articles on the nature, causes and prevention of arthritis by Dr. William S. Clark, director of medical care of the National Foundation.

By **WILLIAM S. CLARK, M.D.**
Director of Medical Care, The National Foundation

Despite the prevalence of arthritis, most people are uninformed or misinformed about it. Here are three facts they usually don't know:

- Children sometimes have it. In fact, the disease plagues all ages from the infant to the very old.
- Causes and cures are mainly unknown. There are no "miracle" drugs. Diet neither starts nor stops it. Expensive remedies and devices are often no more helpful than the simplest and most economical ones.
- Nevertheless, there is hope for the arthritis sufferer and he need not despair. Aspirin and hot baths relieve pain. Systematic exercises under proper supervision reduce stiffness and restore joint movement. By early treatment crippling can be prevented.

By the same techniques of rehabilitation used on polio patients, those disabled can, in most cases, be returned to useful life.

Dr. Clark

In this first of three articles I shall tell what arthritis is. The second will discuss what can be done about it; the third will outline hopes and prospects for the future.

Arthritis, a name popularly given to a group of related rheumatic diseases, is one of the oldest ailments known to man. It afflicted prehistoric animals. It cruelly plagued the Egyptians, Greeks and Romans.

The Greatest Crippler

Today in the United States arthritis or rheumatism tortures, cripples and deforms more people than any other illness. Nobody knows the number of its victims but estimates range from 11 to 30 million. Though few cases are fatal, homes are disrupted, businesses wrecked, careers ruined.

that they can no longer work. The resultant loss to the nation in working hours and production, cost of maintaining victims and decrease in income taxes tops a billion and a half dollars a year.

Yet despite the magnitude of this disease and its costly ravages, the United States has only about 400 arthritis clinics, mainly in large cities. Only 700 beds are specifically set aside for it in hospitals. Research funds are woefully inadequate and the number of young doctors and researchers recruited as specialists is far below the need.

A New Impetus

The entry of the National Foundation (originally the National Foundation for Infantile Paralysis) into this field gives impetus to research, treatment methods and the training of additional skilled manpower. Since it was the National Foundation that conceived, organized and financed with March of Dimes funds the research that led to the Salk vaccine and a whole galaxy of vital breakthroughs in medical science, we may expect its grantees to make important new discoveries concerning the cause, cure and prevention of arthritis.

Arthritis is primarily a disease of the joints. Usually chronic (i.e., long lasting), it is apt to flare up and subside unpredictably. There are many kinds of arthritis. They commonly attack the connective tissues of the joints, often causing inflammation, swelling of the fingers, hands, arms, shoulders, legs, feet or spine. Some forms of arthritis result in fever, general weakness, loss of appetite and weight. In addition to the joints, the heart, lungs, blood vessels, kidneys, muscles, skin and eyes may likewise be affected.

The two most prevalent types are osteoarthritis and rheumatoid arthritis. Together they account for 70 per cent of all arthritis victims.

Persons Over 60

Osteoarthritis is the milder of the two. Some 80 to 90 per cent of all persons over 60 are afflicted by it in greater or lesser degree. A so-called "degenerative disease" due to aging, it results from wear and tear of joint surfaces. The ends of the fingers and the weight-bearing joints—back, hips and knees—are most commonly involved. Men engaged in heavy physical labor, like farmers and industrial workers, are especially prone to it. The disorder usually begins in the third decade of life, but injury or abnormal use of a particular joint

may precipitate earlier joint damage. It is not usually accompanied by inflammation or fever. Though it is painful, its victims are seldom immobilized; except for discomfort, they are not really "sick." Overweight may be a contributing factor.

Osteoarthritis victims in the U. S. probably number many millions, variously estimated from 10 to 25 million. Of these, a million and a quarter may require medical treatment in any given year.

Rheumatoid Arthritis

More serious by far is rheumatoid arthritis. Called the No. 1 crippling of the nation, it is an insidious, progressive disease that affects the whole body and may last a lifetime. During acute attacks, rheumatoid arthritis patients are genuinely sick. People of all ages are vulnerable, many in their most productive years of life—35 to 50. Three times as many women get it as men. Young mothers often get it badly, especially after the birth of the first child. Symptoms include fever and general weakness, loss of appetite and weight, muscle aches, inflammation, pain and swelling in the joints. These symptoms may abate from time to time, but they usually return, often aggravated form.

At least one million persons in the United States have disabling rheumatoid arthritis and require medical care. Probably another four million persons have a mild form of this disease. Severe cases end in deformity and crippling. Even the eyes, heart, muscles, lymph glands and spleen may be damaged. Sometimes the joints become permanently rigid.

Afflicts Children

Contrary to popular belief, children suffer from rheumatoid arthritis. The number is estimated at 30,000, with 16,000 a year sick enough to need medical care. About 5,000 or 6,000 of these may require treatment as intensive as the rehabilitation needed by paralyzed polio patients. As soon as feasible, the National Foundation will give patient aid to arthritis children and adolescents through age 18.

The very young are subject to a particularly severe kind of rheumatoid arthritis called Still's disease, which can impede normal bone growth and may, as the child matures, cause severe crippling.

Beside arthritis, other areas of March of Dimes activity are polio, birth defects and virus diseases.

(The second article in this series on arthritis by Dr. Clark will tell what to do about it.)

NEW ROADS COMMISSION CHAIRMAN TAKES OATH

Left to right—Governor Tawes, newly appointed State Roads Commission Chairman John J. McMullen of Cumberland and James F. Carney, Clerk of the Superior Court of Baltimore City.

JOHN J. McMULLEN, prominent Cumberland newspaper publisher and business man was sworn in as Chairman of the State Roads Commission, Monday, February 16.

Mr. McMullen was administered the oath of office in Baltimore at the Superior Court of the Court House in the presence of a group of friends and State officials. Governor J. Millard Tawes who recently made known his appointment for this high office was present.

Mr. McMullen's duties as Chairman of the Roads Group will commence immediately. He replaces Robert C. Bonnell, who held that post for over 2 years.

Nation Salutes 4-H Alumni

Over 14,000 Maryland 4-H Club members will observe National 4-H Club Week, February 28 - March 7. They "learn by doing" through their approximately 26,000 4-H Club projects, ranging from beef and swine raising to food preparation and baby-sitting.

According to Sherard Wilson, State 4-H Club Agent, there are nearly 800 4-H Clubs in Maryland, guided by 1,544 voluntary leaders. The slogan of 4-H Club Week is "Salute to 4-H Alumni" for there are now nearly 20 million 4-H Club alumni throughout the United States.

Wood Keeps Its Vital Role As Home Building Material

In an era when science is constantly coming up with new "miracle materials," why is nature's oldest building product, wood, still so vital in home construction?

Here are a few of the most important reasons:

1. Beauty. The texture, grain, and color of wood can't be duplicated in the laboratory. These qualities help give the home the warmth and richness of appearance it should have.
2. Warm to the touch. In windows of ponderosa pine, for example, the inside of the sash and frame stay warm, even in the coldest weather. This keeps moisture from collecting and running down to damage interior paint and wallpaper.
3. Decoration. Wood can be painted, enameled, stained, or given a clear, natural finish.

This is important to home decorating, inside and out.

4. Low labor costs. Windows of ponderosa pine are available in units with frame and sash fitted together at the factory. The unit is simply slipped into the opening, and nailed in place.

5. Long life. Wood will last as long as any other component of a structure. Wood windows and doors of ponderosa pine are scientifically treated with preservatives to strengthen their natural resistance to weather.

6. Variety of design. Wood windows and panel doors are available in stock from building material dealers in numerous styles and sizes.

7. Versatility. The easy workability of wood makes it possible to manufacture stock windows, and panel and louver doors of ponderosa pine to suit any architectural design.

Mr. and Mrs. Scott Sullivan and daughter, Lamore, are enjoying a new bath room just recently installed in their home.

Years ago it was unlawful to take a bath in winter then people talk of the good old days.

Services this Sunday morning at Emmanuel Baust Lutheran Church, worship at 9:30; church school following at 10:30. Rev. Joseph F. Callahan, pastor. Mr. Kenneth Lambert, superintendent.

Lenten services each Wednesday evening throughout the Parish have been well attended.

Advice For Lent by Emma Gerhardt, N. Y., thought you would like to read, as follows:

Fast from criticism, and feast on praise.

Fast from self-pity, and feast on joy.

Fast from ill-temper, and feast on peace.

Fast from jealousy, and feast on love.

Fast from pride, and feast on humility.

Fast from selfishness, and feast on service.

Fast from fear, and feast on faith.

Services at Emmanuel Baust United Church of Christ, church school at 9:30, morning worship at 10:30 in the Parish House. Lenten service on Thursday evening at 8 o'clock. Rev. M. S. Reifsnider, pastor. Mr. Noah Warehime, superintendent.

Jerry and Jay Waddell are spending this week with their grandparents, Mr. and Mrs. Allen Morelock.

UNIONTOWN

Mrs. Howard Hymiller and Mr. and Mrs. Mellor son Dick, of Harmon and Severn were dinner guests of Mrs. John Heck, Sunday.

The family of Mrs. Charles Cartz-Edenauer have our deepest sympathy.

The March 4th Union Bridge Parish Lenten Service will be held at the Union Bridge Lutheran Church at 7:45.

Quite a few friends and relatives have visited with Mrs. William Weishaar at her home, Forest and Stream Club Road since she has come home from the hospital.

Jake, Joan and Jr., children of Mr. and Mrs. Harold Thomas, Hollow Rock Farm, near Detour, have been on the sick list. Others who have been on the sick list are Libbie and Jimmie Coshun, children of Mr. and Mrs. Edward Coshun, Beth Wilhide daughter of Mr. and Mrs. Carroll Wilhide, Mrs. John Cosden is better. Mrs. Cosden was taken ill while she was on a visit in Baltimore. She is now at home, located on Naylor's Mill Road, near Detour, but is having to stay inside quite a bit in order to get completely well.

Mr. and Mrs. Maynard Ausherman held a reception on Sunday in honor of their son, Lamar and his bride, the former Barbara Buckingham, of Westminster. Congratulations and best wishes to the newly-weds.

Sympathy is extended to the Wm. Weishaar family, Forest and Stream Club Road, in the death of Mr. Weishaar's father of Hapes Mill Road, Mt. Union.

Sunday supper guests of Mr. and Mrs. Wm. Fleharty and family, Forest and Stream Club Road, were Mr. and Mrs. Larry Tuley and children, Paul and Susan of Silver Spring.

The Flower Committee for the Keysville Lutheran Church for Mar. is Helen Dougherty, Hazel Cluts, Beatrice DeBerry and Emma Devilbiss.

Mrs. Carroll Lee of Annapolis, and her mother, Mrs. Oden Pagle, of near Union Bridge, visited with Mrs. Lee's sister, Mrs. Edward Coshun and Mr. Coshun and Libbie, one day last week.

The Simplicity Pattern Company is putting on a style show for the 4-H Clubs of Carroll County on March 7 at 7:30 at the Ag. Center. I'd like to urge as many mothers as possible to go with their girls to this event. A square dance sponsored by the Older Youth of 4-H is being held after the Style Show.

Mrs. Wm. Fleharty and Mrs. Mary Ausherman are the leaders in presenting the topic, "Faith - the answer to Fear" at the United Lutheran Church Women's meeting on March 2. Mrs. John Cosden and Mrs. Steve Dennis have charge of the specials.

Jean Stonesifer, leader, of Keysville, helped the following 4-H girls to make stuffed toys for the "Child Care" project on Saturday: Mary and Debbie Sappington and Marion Priest.

Mrs. Dennis Overholzer and young daughter, Kathy, of Harney, Md., spent one day last week with her mother, Mrs. Virgie Ohler, in Keysville.

Robert Hood, who is in the Navy, spent some time this week end with his wife, Betty, and young son, Bobby, Keysville.

Larry Weishaar, son of Mr. and Mrs. Wm. Weishaar, Forest and Stream Club Road, was taken into the Army last Wednesday. Word from him reveals that he is now at Ft. Jackson, South Carolina.

The Terra Rubra Girls 4-H Club is to attend the Middleburg Methodist Church in a body on March 1. The service begins at 9:45. I understand all are welcome to stay for the Sunday School session. There are 21 girls and 2 leaders in this group.

Roy (D. L.) Sharrer, of Rocky Ridge, has been quite ill since Xmas. Carroll Wilhide called on him—he is better but there is still room for improvement.

Quite a number of people have been making use of the Bookmobile when it comes to Detour on Saturdays at 12:45. Last week a number of people made use of it at Keysville when it arrived there at about 1:15. Until further notice, the Bookmobile will be at these places each Saturday at about these times. For Sunday School scholars who are interested in the Dead Sea scrolls which are mentioned so often, there is an excellent book in the Bookmobile concerning them. This book should be read with the December issue of the National Geographic. Ask Mr. Davidson or Miss Hinkle about it. Another book, "Each One, Teach One", by Frank C. Laubach, the man who has taught a billion people to read, is available.

Mrs. John Harner, Education chairman of the Keysville United Lutheran Church Women, is planning to hold a meeting soon in order to plan for the Mission Study to be held some time this spring.

Richard Wilhide, son of Mr. and Mrs. Carroll Wilhide, has received orders to leave for Albany, Georgia, on March 14.

Sunday supper guests of Mr. and Mrs. C. E. Priest and family, Forest and Stream Club Road, were Mr. and Mrs. Arthur Stone and daughters, Barbara and Janice of Fork, Md. These families knew each other when they were residents of Baltimore.

The son-in-law of Mr. and Mrs. Lloyd Wilhide, Keysville, John Harner of Taneytown, injured his arm at the elbow last week. I understand that he was grinding feed and a piece of the belt lacing is presumed to have broken off and punctured the arm.

Quite a number of changes in residences are being contemplated in this section this spring.

Mrs. Charles Munnick, of Union Bridge, visited on Tuesday with her mother, Mrs. Maurice Wilhide and her sister, Mrs. Francis Fry at 3028 East Avenue, Baltimore 14. She found her mother much better after she has had to take some time to get over an attack of virus.

Mrs. Lloyd Wilhide, of Keysville, and her mother, Mrs. Emma Ritter, of Taneytown, last week called on Mr. Harry Cluts who is in a convalescent home in Gettysburg. They also visited Mrs. Harry Cluts in the Gettysburg Hospital. Mrs. Cluts had the misfortune to break her ankle.

Mr. and Mrs. Clyde Wilhide gave their son, Danny, a birthday party on his 11th birthday on Sunday, the 22nd of February. The weather man favored these children with good weather and they had real fun playing outdoor games.

Too many of us take for granted the work and interest that the volunteer fire companies have in protecting a community. The information given by Ray Wilson, of the executive committee of the Elmer Wolfe School, revealing plans of the Union Bridge Fire Company to make and run a Fire Plan on the school, was very interesting. Why not ask some fireman what this making a fire plan means—and ask how it is done—sounds like a lot of work but certainly a plan like this could mean that many buildings could be saved which otherwise would be destroyed which Carroll Wilhide last week mixed business with pleasure and visited his cousins, Mrs. Bertha Funk, Mr. and Mrs. Ralph Mumper and Bonnie at Neffsville, Pa., after getting repairs for a silo unloader at Lancaster.

Mr. and Mrs. Harold Thomas have another niece, a daughter was born to Harold's sister, Mary Sue and Richard Grossnickel on Feb. 20.

Mrs. Lloyd Wilhide, Keysville, and her mother, Mrs. Emma Ritter, planned to help Mrs. Wilhide's sister, Mrs. (Herman) Olive Baile, New Windsor, celebrate her birthday on Feb. 25. Mr. and Mrs. Baile recently returned from a western trip which included a trip to Mexico City.

HOOPER'S DELIGHT

Congratulations to Mr. and Mrs. John Newhouse of Westminster on the birth of a daughter, Deborah Kay, on Friday, Feb. 20 at Md. University Hospital. Mrs. Newhouse before marriage was Erma Farver, daughter of Wm. Farver and the late Mrs. Farver.

Mr. and Mrs. Harry O. Farver and Mr. and Mrs. Willard Barber and son Ricky spent Saturday evening with Mrs. Jos. Snyder and sons of Middleburg.

Recent visitors in the Farver and Barber homes were Mr. and Mrs. Edw. Haines and children, Mr. and Mrs. Sterling Green, Mrs. Warren Gravel and daughter, Mr. and Mrs. John Newhouse, Mr. and Mrs. Harry J. Farver and daughters Mr. and Mrs. James Boone, Mr. and Mrs. Fred Farver and sons, Mr. and Mrs. Jas. Barber and sons, Larry Toland, Wm. Farver, Robin Diehl and Mr. and Mrs. James Boone, Jr.

Larry Toland spent the week-end with his aunt and uncle, Mr. and Mrs. James Boone of Hampstead.

Mr. and Mrs. Harry J. Farver and daughters and Mr. and Mrs. Willard Barber called on Mr. and Mrs. Fred Farver and sons recently.

Mr. Thomas Stultz of Tyrone, who had been a surgical patient at Church Home and Hospital, returned home from the hospital on Saturday.

Mr. and Mrs. Willard Barber and son, Ricky, were recent dinner guests of Mr. and Mrs. Edw. Haines and children of near Union Mills.

FEESERSBURG (A voice from Carroll)

Carroll Countians will be reminded that crippled children are their responsibility too, when they receive their Easter Seals this week. Mr. Fred Wehenberg, Easter Seal campaign chairman for Carroll County, announced that two colorful designs for the Easter Seals will appear this year. One Easter Seal features the lily insignia of the National Society imposed upon a church window to emphasize the religious aspects of the Easter season and to signify renewed faith for our Nation's crippled. The other Seal pictures the head and shoulders of a boy on crutches, symbolizing all crippled boys and girls who need help to become active children and later useful adults. At least thirty thousand dollars will be needed in 1959 if the hundreds of crippled children and adults in Western Maryland are to continue receiving rehabilitation services from the Easter Seal Center in Frederick. This center extends its services to three counties, namely, Carroll, Frederick and Washington counties. All together there are seven of these Centers in Maryland. In addition to the treatment Centers, the Easter Seals help maintain resident and day camps, physical, speech and occupational therapy, parent education, scholarship and research. Where ever there are crippled children, there are Easter Seals at work. To realize how vast and important the seals are, crippling strikes one family in five every year in the United States.

Easter Seals are there to help when it strikes. Carroll's Easter Seal Society is dedicated to serving the crippled regardless of race, religion or cause of crippling. When you receive the Easter Seal this year, look at them carefully and realize that behind every Seal lies a hope of some crippled child that he will be given the chance to run and play and speak like normal children. Don't put aside this silent plea for help.

The ringneck pheasant, prized bird of sportsmen originally came from China and was first successfully introduced into the U.S. in 1800. Twenty-two cocks and twenty hens were liberated in Oregon and there the pheasants thrived so well that in 1892 a ten weeks shooting season was allowed. There after the popularity of the birds grew and Oregon began shipping them to all parts of the United States. But this didn't prove too successful due to the drastic climate changes. Attempts to breed the pheasants in Maryland have not been encouraging. They seem to want colder climates and any state below Pennsylvania seems to be a poor habitat for the ringneck pheasant. The ones found in Maryland are of a different species than the true ringnecks.

We would like to recommend a book that was loaned to us by a friend. The title is "On the Beach" and it was written by Neville Shute. The book is fiction but with so much truth in it that it is frightening. The story is about a handful of people in Australia that survived the Cobalt bomb war in 1961 and have only five weeks to live before the radioactive fallout kills them. The story primarily deals with how the people spend their last few weeks. The book is not intended to frighten the reader because it is written in a calm, detached and unemotional style. But after reading it the reader suddenly realizes that 1961 is not very far away and that with the world leaders acting like frightened children all that Mr. Shute says in the book could very well happen. Every American should read it, not to become frightened but to become alert to the real dangers that surrounds us.

Toothpaste ads tell us how to take care of our teeth but none of them tell us how to get to see a dentist every twice a year. Getting a dentist appointment is more difficult then seeing one's senator. The reason is quite obvious...there aren't enough dentists. But this situation could be helped if some of the refugees from European and Asiatic countries were permitted to practice their profession in this country. Even though they are qualified there are certain restrictions put in their path that forbids them to even try to obtain permission to practice dentistry in the United States. For instance to practice dentistry here a dentist must pass examinations. But first he must be eligible to take them. But to be eligible he must first graduate from an American School of Dentistry. One can readily see how difficult if not impossible for a dentist from another country to get past all these roadblocks. It isn't as if there were too many dentists. A PHS expert says that there is one dentist to every

2600 persons. Judging by the length of time it takes to get an appointment with a dentist the ratio is even greater than that. One of the main troubles is that the population is expanding by leaps and bounds while the number of dentists being turned out by the different schools remain the same year after year. If we are going to continue to take in refugees, we should give them the right to earn their living in whatever profession they are trained for. If a man can fill teeth in Europe and Asia we are sure he can fill teeth in America. There is not that much difference in teeth or dentists.

Two catty models met in a show-room. The first was of the ultra-thin fashion school, the second was the full-blown buxom type. "To look at you, one would think there was a famine in the United States" said the buxom one. "And to look at you", the thin one retorted, "one would think you were the cause of it".

Beginning Tuesday Western Maryland College is offering a course in the Russian language to all interested persons. If you are interested get in touch with Dr. Bailer at the college.

Since this month is the month that fate chose for George Washington's birthday we cannot let it pass without mentioning the Father of our country. George Washington was the first President and the first to refuse a salary for being President. But he also was the first to present to Congress an expense account. At the end of his second term, he presented a bill for \$197.00 to the Congress, just \$3,000 short of the salary he refused. Unlike many and through his bank and stock health and wealth. And in view of all he had accomplished for his fellow Americans he fully deserved both.—Ruth Roelke.

GET YOUR AUTO TAGS

James B. Monroe, Commissioner of Motor Vehicles, announces that license plates for private passenger cars and motor cycles are now on sale at the Department of Motor Vehicles, and may be displayed on and after March 1.

In addition to signing the application, the two questions must be answered. Although you must state whether or not you have insurance for liability and property damage to others, it is not necessary to remit an additional fee for the Unsatisfied Claim and Judgment Fund.

If your application has not been received by February 27, notify the Department of Motor Vehicles in writing, giving your full name, new and old address, and title number given on the last line of your registration card—to the far right, together with present tag number.

Applications for trucks and other classes will be mailed out March 31.

National FFA Week

During February 21-28, the Future Farmers of America hold National FFA Week. It is held during the week of George Washington's Birthday because he was a very famous American as well as a successful farmer. The purpose of FFA Week is to focus attention on the Future Farmers of today who will become the business men of tomorrow.

The National FFA organization was started at Kansas City, Missouri, in November, 1928. The organization was patterned after the Future Farmers of Virginia who attracted the most attention and made way for the Future Farmers of America Organization. In 1958, the total membership was 377,922 active members in 8,993 local chapters located in farming areas throughout the United States, Hawaii, and Puerto Rico.

The Elmer A. Wolfe Chapter of Future Farmers of America have prepared speeches to be given at a school assembly and have made some speeches and short announcements to be given over WTRR radio during FFA week. The purpose is to tell the listeners more about the FFA. We also presented an assembly at New Windsor High School February 9, to stimulate an interest in the Vocational Agriculture course. The FFA is connected with the Vocational Agriculture course in the school program. The boys learn how to conduct meetings, learn to make public speeches, develop aggressive, rural, and agriculture leadership, participate in worthy undertakings for the improvement of the farm, and community, practice thrift and participate in a cooperative effort.

A Surprise Party

On Monday evening, a surprise party was given Mrs. Ralph Toms, in honor of her birthday.

Not knowing anyone was around, Mrs. Toms went out to sweep the front porch and in the walk came friends and relatives singing Happy Birthday and each carrying refreshments.

Mrs. Toms received lovely gifts. Among the guests were three of Mrs. Toms' sisters and one of her brothers.

Pleasant Valley 4-H News

The meeting of the Pleasant Valley 4-H Club was held at the home of James Stonesifer, on Feb. 17.

We opened the meeting with the 4-H pledge. The minutes and treasurer's report were given. There were 15 4-H members present, 4 parents, and James Smith, local leader. Mr. John Sibert, assistant county agent, was also present.

We saw a movie called "Green Gold" which was on grassland farming. Mr. Sibert showed it for us.

It was reported that there were 2 4-H members working on the 4-H booth for National 4-H Club week (Feb. 28-March 7). We also worked on the 4-H float and name signs.

We discussed the 4-H jackets and are ordering several. There is a Hearst's Dairy picture quiz judging contest which James Stonesifer is entering. We also discussed the possibility of having a parents' night in November.

Mr. Sibert reported on the hog judging contest at Frederick Fair Grounds on Feb. 21. There will be a 4-H square dance at the Ag. Center, a poultry club meeting, Wednesday, Feb. 24, a Fashion Show at the Ag. Center on March 7 at 7 p. m. and a square dance workshop at the Ag. Center on Feb. 19 at 8 p. m.

We have a new member in our club whose name is Wayne Drabiec, 15 years old.

Kiwanis News

Taneytown Kiwanians George W. Crouse, George Showar, Robt. Smith and Felix Westine were guests of the Kiwanis Club of Frederick, on Tuesday, Feb. 24 at a luncheon meeting in the Francis Scott Key Hotel. United States Senator J. Strom Thurmond, of South Carolina, was the speaker. He stated the U. S. is heading for dictatorship under present invasion of state rights by government. Exhibiting the charm and personal magnitude that has made him a national figure as a "States Rights" man, Sen. Thurmond received the processes of limited powers, with checks and balances, and demonstrated the manner in which those powers are being expanded at the expense of the individual states, he declared them unconstitutional.

The speaker enumerated the powers authorized for the legislative, executive and judicial branches of the government as set forth by the "deputies" of 12 of the 13 original states (Rhode Island not participating) when they met in 1787. "Our forefathers envisioned only those mentioned, all other control should be by individual states," he asserted. There would be more harmony in the country if the constitution were followed... The Federal government has entered so many fields that the national debt has now reached an average of \$5,200 for every citizen," he said.

"We have reached a terrible plight which will exist while the government continues to expand its authority," Thurmond stated. Referring to Federal aid to education and the ensuing control which he said is bound to follow, Thurmond said, "control the youth of a nation and you get a dictatorship," pointing to the Mussolini and Hitler regimes, of recent times.

"Education would be up to the individual states if the Constitution were followed... the only constitutional authority for the government to enter the housing field is for national defense," Thurmond said, as he named many other fields, such as with-holding information which should be made available to congress... the Supreme Court's definition of the right to trial by jury... telling the Bar Association who is eligible for admission, as well as the better known controversial issues in which it is involved, were discussed.

At the conclusion of the talk a rising ovation was accorded the speaker, who at 20 was the youngest teacher in his state, at 25 youngest superintendent of education, at 29 youngest state senator, at 35 the youngest judge and at 44 one of the youngest of state governors.

Sen. Thurmond was escorted as a speaker by his brother-in-law, Kiwanian Dr. Robert D. Crouch. He was introduced by Vice-President Geo. B. Delaplaine, program chairman.

Fatal Traffic Potion

"Take pedestrian errors and mix a little alcohol with speed, blend in darkness and you have a fatal traffic potion," says Robert L. Zentz.

This is the ruinous recipe used in 1958 by too many persons throughout the country. PEDESTRIAN ERRORS: Pedestrian deaths totaled 7,850 victims, of which 3000 were 65 or older. Forty-one percent of all pedestrian victims were crossing between intersections. Eleven per cent were killed walking on the roadway. Six per cent stepped from behind cars.

ALCOHOL: Thirty per cent of all fatal accidents involved drinking drivers. Twenty-three per cent of adult pedestrians killed last year had been drinking.

SPEED: Thirty-eight per cent of fatal accidents in 1958 involved speed too fast for conditions.

DARKNESS: Fifty-five per cent of all fatal accidents occurred at night; the mileage death rate is two to three times as great at night.

In the new year the Kemper Insurance group prescribes the following antidote for such a foolhardy formula.

FOR DRIVERS: Drive alertly according to conditions — take your time in bad weather. Don't follow other cars too closely. Yield right-of-way to pedestrians wherever they are. Keep in your own lane except when you positively can pass safely. Don't drink, then drive.

FOR WALKERS: Watch for cars in all directions before and while crossing streets. Cross at intersections only. Obey all traffic signals, and signs as if your life depended on them... it does. Don't walk on roads unless you absolutely have to — then face oncoming traffic. Wear or carry white or light colored objects at night.

WITH OUR ARMED FORCES

ZUARA, Libya, (FHTNC)—Marine Cpl. Kenneth K. Frock, son of Mr. and Mrs. Jennings V. Frock of Route 1, Westminster, Mayberry, Md., is serving with the Second Battalion, Sixth Marine Regiment, which took part in amphibious landing exercise Jan. 26 at Zuara, Libya.

Members of the Battalion later enjoyed liberty Feb. 6 at Barcelona Spain, following a short visit to Tripoli.

GREAT LAKES, ILL. (FHTNC)—David L. Mason, son of Bernard C. Mason of 18 W. Green St., Westminster, Md., and Charles C. Barnes, son of Mrs. Helen M. Barnes of Rt. 4, Poole Road, Westminster, Md., graduated from recruit training Feb. 7 at the Naval Training Center, Great Lakes, Ill.

The graduation exercises, marking the end of nine weeks of "boot camp" included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the "navy recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

4-H Leader Training Session

New Carroll County 4-H Local Leaders (with less than 1 year's experience) are attending training sessions to help them guide their 4-H community Clubs. Many leaders have commented that these meetings are so valuable that older leaders should have the benefit of this training.

The next 4-H Leader will be held on Thursday, February 26th, at 7:30 p.m. at the County Extension Office in Westminster. Miss Charlotte Conaway, Assistant State 4-H Club Agent, will be on hand to conduct part of the session. Another highlight will be a skit presented by the new 4-H leaders.

All new 4-H leaders are urged to attend this special information meeting.

Silver Fancy Garden Club

Mrs. F. M. Butler, President of the Silver Fancy Garden Club, held the February meeting of the club at her home in Taneytown.

The Club voted to have their Annual Bridge Party, the time and place to be announced.

Following the business meeting Mr. P. Donofrio, of the Carroll Gardens Nursery, showed colored landscaping and the selection and care of annuals and perennials in the garden. A question and answer period followed.

Co-hostesses were Mrs. A. A. Koswick, and Mrs. Hewitt MacPherson. Mrs. MacPherson presided at the Tea.

Next meeting to be at the home of Mrs. A. A. Koswick on March 11, 1959.

How much money does insulation save home-owners in reduced heating fuel consumption?

The table and map show the results of a study on the effects of varied thicknesses of mineral wool in three average small house types in four heating zones.

The study was conducted by the Minneapolis-Honeywell Research Center, with portions based on the American Society of Heating and Air Conditioning Engineers Guide.

Although all costs are approximate, the table shows, for example, that in Zone 3 the sample house with 6 inches of mineral

wool in the ceiling and a minimum of 3 inches in walls could be heated annually at a total savings of \$136 on fuel. This means that the cost of wall and ceiling insulation installed—\$420—would be compensated for in three heating seasons.

MARYLAND MOTORISTS

Soon we will be ordering our new auto tags, and again must remember the extra fee of \$1.00 and \$8.00 to conform to the new Unsatisfied Claim and Judgment Fund Law which will become operative on June 1, 1959. How does this new law effect me if I do not have in force auto liability insurance? How does it effect me, and what are my obligations, if I have in force auto liability insurance when ordering my new tags but during the year let my insurance lapse? These are important questions to understand under the new law and no motorist will be excused from not fully understanding the law. For information, on this and low-cost liability insurance call—

BUILT FOR PEOPLE!...

Just one standard was used by Ford in designing its 1959 car — people! First, Ford made the door openings wider, so it's easier to get in and out. Next they made sure that six big people—not just four or five—could stretch out on seats that are padded their full width. Result? More room for everybody's legs, elbows, hips and hats... more solid comfort than ever before.

BUILT FOR SAVINGS!...

Savings start the moment you buy a Ford. A price tag comparison with major competitive cars will prove it! And you go right on saving. Ford's standard engines that thrive on regular gas save you a dollar each tankful. Ford's Full-Flow Oil Filter means oil changes only each 4000 miles. Ford's aluminum mufflers last twice as long. And new Diamond Lustre Finish never needs waxing!

The Great Refusal

Lesson for March 1, 1959

A DOUBLE meaning can be found in some of Jesus' parables. A triple meaning, if you include the simple literal words of the stories. For instance, take the parable which in old-fashioned English is called the parable of the Wicked Husbandmen. In more modern English it would be the story of the Wicked Tenant Farmers. The first and simple meaning is just the story. Like so many that Jesus told, this one both sounds as if it might have actually happened, and as if it were too fantastic ever to happen. It is the story of a farm owner who tried to collect from his tenants. But they beat up all his agents, one after another. Finally the owner sent his son. But this only stirred the tenants to murder. If we kill the man's only son, they said to each other, then the vineyard will be ours. So they killed him.

Dr. Foreman

Shadow of Calvary

Jesus ended his blunt, ugly tale with a question. What will the owner do next? His hearers knew. The least the tenants could expect would be to lose their places. But more likely the owner would destroy them. Their murder would come back on their own heads.

So much for the story itself. But it was more than a story; that is, there was a meaning under its surface. It is on record that the leading citizen to whom Jesus told this tale of brutality and madness, immediately made plans to arrest him. They saw that Jesus was speaking about them. This was no simple rural Who-done-it. It was a sword-thrust, a stern prophecy, and they did not like it, nor him. These men, you might say, were parable-experts, parabolists (sic) themselves. They saw in a flash what the Man from Galilee was

driving at. The owner of the vineyard was God; the tenant farmers were themselves. The vineyard was the Kingdom of God, with all its powers and privileges. God had entrusted the Jewish people, and especially their leaders and teachers, these chief priests and scribes among them, with his truth, his laws, the knowledge of his will. But instead of blessing the earth with these his gifts, they had tried selfishly to keep them for their very own. They had mistreated God's messengers the prophets. Now God's son was in their presence... but murder was in their minds.

One of the most chilling things Jesus ever said was his last word to those men who were plotting his death. "The Kingdom of God will be taken away from you," he said. That was a shocker. Every Jew grew up believing that his people had the exclusive right to the Kingdom and to the favor of God. Gentiles were no better than dogs. But here Jesus pronounced sentence on their failure. Not "may be taken away," but "will be taken away." By rejecting him they proved themselves unworthy. But then what? Who would be the Bearers of the Kingdom? It will be given, Jesus said, "to a nation producing the fruits of it." What nation? Rome, the Roman Empire, the United States? One thing is clear: No race and no nation have any exclusive rights to the Kingdom; no exclusive right to be the Headquarters of God?

The Tragic Pattern

But with this last word of Jesus a third depth of meaning in this parable comes to light. Jesus was not only predicting his own death at the hands of those who should have made him most welcome; and not only predicting the passing of the Kingdom of God out into the world. He was suggesting a tragic pattern which has been repeated over and over again in history. Those wicked tenants are not merely certain priests in long-ago Jerusalem, they are the Refusers of God everywhere and at all times. God gives to man so much, and demands (comparatively) so little; like the owner in the parable. But man, confronted by God, makes over and over again the Great Refusal. Man wants the earth for himself, he does not want to share it even with the Creator. But men who refuse God are in reality not destroying him; they are destroying themselves.

First 10,000 gallons @ 60c per 1000 gallons
Next 20,000 gallons @ 50c per 1000 gallons
Next 30,000 gallons @ 40c per 1000 gallons
Over 60,000 gallons @ 25c per 1000 gallons
Minimum: \$3.00 per quarter
All service furnished outside of corporate limits @ 60c per 1000 gallons.

SERVICE CONNECTION CHARGES

Service Connection Charge for 3/4 inch pipe \$ 50.00
Service Connection Charge for 1 inch pipe 75.00
Service Connection Charge for 1 1/2 inch pipe 100.00
Service Connection Charge for 2 inch pipe 150.00

SECTION II: That the rules relating to water service furnished by the Mayor and City Council of Taneytown shall be as follows:

RULES

These rules shall be a part of the contract with every customer.

1. DEFINITIONS

a. The word "Corporation" shall mean the Mayor and City Council of Taneytown or its duly authorized officers or agents.
b. The word "Customer" shall mean the applicant for service, receiving water at one household or place of business.
c. The word "Main" shall mean the Corporation owned piping and fixtures in or along public highways and streets, or along privately-owned right-of-way, used for the transmission or distribution of water to customers.

2. APPLICATIONS FOR SERVICE

a. All applications for water service must be made in writing.
b. No application for service will be accepted by the Corporation until the applicant has paid, or made satisfactory arrangements to pay, all arrears and charges due by the applicant for water service used at any premises now or heretofore occupied by him in the area served by the Corporation.
c. The accepted application shall constitute a contract between the Corporation and the applicant, obligating the applicant to pay to the Corporation its rates as established from time to time and to comply with the rules of the Corporation.
d. Applications for service installations will be accepted subject to there being an existing main in a right-of-way abutting on the premises to be served.
e. When a prospective customer has made application for a new service or has applied for the reinstatement of an existing service, it is assumed that the piping and fixtures on the applicant's premises are in good condition and the Corporation will not be liable in any case for any accident, breaks, or leakage arising in any way in connection with the supply of water or failure to supply same, or the freezing of water pipes or fixtures of the customer, nor for any damage to the property which may result from the usage or non-usage of water supplied to the premises.

3. SERVICE CONNECTIONS

a. The Corporation will furnish and install the following equipment: corporation stop, service pipe to the property line, curb stop and box; except that the Customer shall bear the expense of digging and properly backfilling the trench for the service pipe.
b. Title to all services from main to property line, are vested in, and the same shall at all times remain the sole property of the Corporation, and shall not be trespassed upon or interfered with in any respect. This property shall be maintained by the Corporation.
c. The service pipe from the property line to the building shall be installed at the expense of the owner of the premises. For this installation the owner or applicant shall employ a competent plumber to do the work. The minimum size and cover shall be the same as that used from the main to the property line. Materials and method of construction shall be approved by the Corporation, and if the service pipe has not been installed in accordance with the Corporation's requirements, water will not be turned on until such defects have been remedied. The service pipes between the property line and the building and all piping and fixtures on or in the building of the owner or applicant, shall be maintained by him and the work performed by a competent plumber in a manner satisfactory to the Corporation.
d. All service pipes to the building shall have a minimum cover of three feet. Service pipe shall be "K" type copper tubing. All service pipes shall be at least three-fourths inch (3/4") inside diameter.
e. No service pipes shall be laid in the same trench with gas pipe, sewer pipe or any other facility of a public service company, nor within three feet of any open excavation on fault.
f. Every service pipe must be provided with a stop and waste cock on the inside of the cellar or foundation wall adjacent to the location where the pipe passes through it, easily accessible, fully protected from freezing, and all pipes in the building must be laid in such a way that they can be fully drained by that waste cock.

4. METERED SERVICE

a. All meters will be furnished by and remain the property of the Corporation, which reserves the right to stipulate the size, type and make of meter to be used, as well as the location of the setting.
b. When possible, the meter will be set at the property line or some other location designated by the Corporation on the delivery side of the curb cock. In the event the customer desires any change in the location or position of the meter, meter box or vault, such change in location shall be made by the Corporation at the expense of the customer.

5. PAYMENT OF BILLS

a. If payment in full is not made within thirty (30) days after date of bill, the Corporation reserves the privilege, after five (5) days' written notice, to discontinue rendering service.
b. Whenever a customer desires to have his service contract terminated or his water service discontinued, he shall so notify the Corporation in writing. Until such notice is received by the Corporation, the customer shall be responsible for the payment for all service rendered by the Corporation. A reasonable time after the receipt of such notice shall be allowed the Corporation to take a final reading of the meter or meters and to discontinue service.

6. DISCONTINUANCE OF SERVICE

a. Service may be discontinued for any one of the following reasons:
1. Misrepresentation in applications.
2. Wilful waste of water.
3. Failure to comply with restrictions imposed under Rule 7-e.
4. Molesting Corporation property or seals on meter or piping.
5. For vacancy.
6. Non-payment of bills when due.
7. For cross-connecting the Corporation's service pipe with any other supply source.
8. Refusal of reasonable access to property.
b. When water has been turned off from any premises for any of the above reasons, or for any other violation of the Corporation's Rules, a charge

will be made for restoring service in the amount of the actual cost of turning on the water, except, however, that the minimum charge shall be two dollars (\$2.00).

7. GENERAL

a. Curb stops shall not be used by the customer or his agent for turning on or shutting off the water supply. The control of the water supply by the customer shall be by means of a separate stop, located just inside the building wall. Curb stops are for the exclusive use of the Corporation.
b. No water will be furnished to any premises where any possibility exists of the mingling of the water furnished by the Corporation with water from any other source. Nor will the Corporation permit its mains or service pipes to be connected to any piping or apparatus containing any substance which may flow back into the Corporation's service pipes or mains.
c. The customer shall not permit anyone, except an agent of the Corporation or someone otherwise lawfully authorized to do so, to remove, inspect, or tamper with the meter or other property of the Corporation on his premises. The customer shall notify the Corporation, as soon as it comes to his knowledge, of any injury to the Corporation's property.
d. The authorized agents of the Corporation shall have the right of access to the premises supplied with water, at all reasonable hours, for the purpose of reading meters, examining fixtures and pipes, observing the manner of using water, and for any other purpose which is proper and necessary in the conduct of the Corporation's business.
e. The Corporation reserves the right to impose reasonable restrictions on the use of water during periods of shortage of supply, excessive demand or other difficulty which results in the impairment of normal service to any group of customers.
f. The Corporation reserves the right to place restrictions on customers who consume large quantities of water (swimming pools, etc.) and thereby create conditions which prevent the Corporation from supplying satisfactory service to that customer, or to other customers.

8. MAIN EXTENSIONS

a. The Corporation will extend its mains in the public streets and highways a maximum distance of sixty (60) feet for each new applicant for water service provided that said applicant shall have first assured the Corporation that he will be a reasonably permanent customer.
b. Whenever service to an applicant involves the extension of a main for a distance in excess of sixty (60) feet, the customer shall deposit with the Corporation the estimated cost of such part of the extension as exceeds the sixty (60) feet allowance. The Corporation reserves the right to determine the size of pipe necessary in making such extensions, but in no case will pipe smaller than two (2) inch be laid, nor shall any customer be required to deposit a sum in excess of the estimated cost of four (4) inch pipe. If the Corporation deems it advisable to install pipe larger than four (4) inch, the excess cost of the larger pipe will be borne by the Corporation. Deposits covering main extensions will not bear interest. Title to, and ownership of, all main extensions made under this rule shall be vested in the Corporation.
c. When additional customers attach directly to an extension of main upon which one or more deposits are held by the Corporation, refunds will be made as follows:
1. A connection charge of one hundred and fifty dollars (\$150) will be collected by the Corporation from each additional customer and refunded to the depositors, except that if the additional customer can be served from that portion of the main which has been acquired by the Corporation through the free extension allowances then the connection charge will not be collected.
2. In addition to the amount under (1) above, for each additional customer the Corporation will refund to the depositors an amount equal to the original cost of sixty (60) feet of the main.
d. When a new extension is added to an extension upon which there is an unrefunded deposit, the new customers will be required to deposit the entire estimated cost of the further extension. The new customers must also make the connection charge specified in (b) above which will be used to make refunds to the depositors on the first extension, except that if the amount of the unrefunded deposits on the first extension are less than one hundred and fifty dollars (\$150) each then the new customers will not be required to pay the connection charge.
e. In case of accidents, break-downs, shortage of water supply, or any causes beyond its control, or because of any act or omission on the part of the public authorities, or their agents, or any of them, or in case of the making of repairs, renewals or replacements, the Corporation reserves the right to shut-off the water supply, from any one or any number of premises, without notice, and shall in no manner be held responsible for any consequences of such shut-off.
f. The Corporation will give notice, in the manner deemed in its discretion to be most effective, of any shut-off of the water supply, wherever and whenever the giving of such notice is practicable, but nothing in these rules contained shall be construed to require the giving of such notice under any circumstances.
g. Nothing in these rules contained shall be construed as a guarantee or covenant or agreement of the Corporation to give such continuous and uninterrupted service.
h. The Corporation in no manner guarantees to furnish a proper quantity of water for fire protection, nor does it undertake to guarantee anything relative to any service, but it will make every effort to maintain the efficiency of its service under all conditions. The Corporation will not be responsible in any manner for failure of its water supply during a fire, or at any other time.
i. All fire hydrants or plugs, whether installed by the Corporation or otherwise, are to be used for fire protection purposes exclusively. All use of fire hydrants or plugs for sprinkling, sewer flushing, filling, sprinkling, watering or other carts or receptacles, for fire drills or fire company testing, other than for strictly fire protection is prohibited, unless any such other use is permitted by the Corporation as evidenced by a written permit signed by its President, which permit shall be exhibited to any and all employees of the Corporation at their request.
j. Permits for use of water from fire hydrants or plugs for any purposes other than for fire protection, will not be granted by the Corporation except in cases where such use is deemed by the Corporation to be urgent and other means of obtaining water are not available; but all permits so granted shall be revocable at the pleasure of the Corporation in every instance and without regard or reference to any terms or provisions in such permits to the contrary.

SECTION III: And be it enacted and ordained that any person who shall, without written permission, open any main or service pipe owned by the Corporation, or damage or open any fire hydrant except for its intended purpose, shall be subject to a fine of not less than Fifty Dollars (\$50.00) nor more than Two Hundred and Fifty Dollars (\$250.00).

SECTION IV: And be it further enacted and ordained that this Ordinance shall be and become effective on the first day of April, 1959.

Enacted and ordained by the Mayor and City Council of Taneytown, Maryland, this 2nd day of February, 1959.

HENRY I. REINDOLLAR, JR., Clerk.

Approved this 16th day of Feb., 1959.

RAYMOND J. PERRY, Mayor.

THE BIRNIE TRUST COMPANY ANNUAL MEETING

The annual meeting of the Stockholders of The Birnie Trust Company will be held at the office of the Company in Taneytown, Maryland, on Monday, March 9, 1959 between the hours of 9 and 10 o'clock A. M. (E.S. T.) for the following purposes:

1. The election of eleven directors to serve for the term of one year, and until their successors are elected and qualified.
2. To consider and act upon the question of changing the time of the annual election of the directors from the Second Monday in March to the Second Monday in January, by amending Section 4. of the Articles of Incorporation, by striking out the first sentence of said Section down to and including the word March, and substituting in lieu of said first sentence down to and including the word March, the following: "And be it enacted, That the directors shall be elected annually by the stockholders on the Second Monday in January." Said Section 4 in all other respects to remain unchanged.
3. The transaction of such other business as may properly come before the meeting.

(Continued from First Page)

on the ground floor and have you for my Valentine!" Richard, the youngest has a position with the Mercantile Trust Co. in Baltimore and will also graduate in June for Law duties! So you see, folks why my heart is glad! And the last Valentine gift from my Minister was an oblong locket for four pictures held up by a pin with an Amethyst front.

If you have any Hobby, Folks why not come down to the next meeting of The Maryland Hobby Club and be just in time for their Annual Show. The Show will be held April 12 and the enthusiasm is running high due to a bigger planning than previous years. The Hobby Club originated in the year of 1952 and keeps growing all the time. Of course there are prizes presented at the Show. The next meeting will be the second Sunday in March at the Jr. OUAM Temple—100 N. Paca Street. Do come down and present your Hobby so as you will be just in time to enter it. There is a grand sociable crowd and many from Carroll County. You may become a Member so do join right now. There are 21 States represented right now and also from Foreign shores. Remember the date—the second Sunday at 1.30 and the dues are \$1.25 a year.

Am wondering, Folks if you were watching the Panel of "What Do You Think?" at 1 o'clock on T.V. when Your Observer was right there and then being the WINNAH!

Those questions were most interesting and many phone calls came upon my return home to tell me they called over on the phone to quickly tune in! How nice!

Don't forget to remember Mr. Foster Dulles in your prayers. He is another man who is loved this world over like the late Pope.

Thinking of great men and well known men—heard from Mr. Ed Morrow to whom I suggested a personality for his T.V. "At Home" one from our nice brand new Governor, one from John Daly, one from a man named "Grady" and a sweet note from Katherine Murray.

Here is one I did not quite understand. Met lovely woman who has three sweet adult children and she told me that she smokes but she does not want her children to indulge and so far they have not! Ugh

A young girl writes that she and her boy friend continually argue and what did I think of this as they are planning to marry. My answer to that one is just this—Don't marry this young man. If you do you will regret it for if these awful arguments are taking place now what will it be after your marriage when you are together most of the time?

Another Reader asked me about the purchase of carpet for her home and as to the make and color. To this I can frankly state "M O H A W K" is perfect especially if you get the 100% all wool. I cannot advise you as to colors due to the fact that I do not know the color of your walls. Please write me again as to that. And if you do not desire wall to wall an excellent idea is to have the largest size fit the rooms so as you can turn them around and this saves much wear and tear as the saying goes. Write to "Calvert Rug Co."

If you desire a special treat, Mrs. Housewife and you do not have a home freezer just try any frozen brand of corn on the cob directions. Ummmmmm you will think it is the good summer time!

Now, I hear after parking today that the "Lexington Garage" is having built a Laundry for your car plus selling gas so that will mean with the parking, too it will be real luxury all at one time while you shop and as for the grand place to eat is the "DUTCH GRILL" on Eutaw Street just below Lexington across from Schriber's market. The Cook to whom I talked is the daughter of a wonderful Southern Cook who has inherited the art and as to the treat—never have I tasted anything so delicious—no matter what you order. Sea Food is delicious. Order that famous 85 cent Sea Food dinner—here it is fried shrimp, fish, scallops, crab cake, French Fries, salad or choice of two vegetables of your liking. Fit for a King! You will go back for more each time you are in town.

Will be seeing you at the Orchid Show at Hochschild's next week, Folks.

Will then attend the Minister's Wives Luncheon right there. Until then D.V.

I am, Faithfully, Your Observer.

American Legion Meets

The regular monthly meeting of Hesson-Snyder Post No. 120, The American Legion, Taneytown, was held Thursday, February 19, 1959 at 8 P.M. in the Post Home.

Clarence Harner, Heart Fund Drive Chairman, reported that the Red Plastic Hearts were placed at the beginning of the month to receive contributions to the Heart Fund. It is hoped that everyone in our community will give generously to help in the fight against our No. 1 killer, Heart Disease.

Adjutant Powell reported the receipt of our Commissions check from the National Organizations Service for the recently completed Magazine campaign. The Post wishes to again thank the members of the community for their generous support of this campaign. As everyone knows, the primary purpose of this campaign was to secure funds for the purchase of some useful item of Hospital equipment such as a Hospital Bed or Wheel Chair which would be housed in the Legion and loaned out on request. During discussion it was noted that one Hospital Bed and two Wheel Chairs are presently available to the community through the Fire Company. In view of this it was thought wise to consult the local Doctors before purchasing equipment to determine if there might be other equip-

ment that would be more badly needed. This will be done and report made at the next meeting at which time a final decision will be made on just what equipment will be purchased. The Post would welcome suggestions on equipment needed from anyone in the Community. Our chief desire is to spend the money in the wisest possible way.

Francis Lookingbill, Boy Scout Troop Committee, reported that the Troop Charter for 1959 has been accomplished and forwarded.

A reply was read from the Department Adjutant on the matter of selling the new 49 star flag when it becomes official in July. Prices and other details are not yet available but will be forwarded to us when received by Department. For the benefit of Legionnaires and non-Legionnaires as well, we would like to quote, in part, from the newssection of the monthly Adjutant's Letter, Department of Maryland: "Some Posts have asked about the forty-eight star flag as the possible official flag of The American Legion. It is true that the three wars under which the Legion operates were all fought under the 48 star flag. It is also true that other societies, (for instance the 1812 Society uses the 15 star-15 stripe flag) use the flag that was specially keyed to their formation. Nothing official has yet occurred but perhaps a resolution will be submitted to the Dept. Exec. Comm. or the Dept. Convention on this subject. How do you feel about it??? The one sure thing is that you should not use a 49 star flag until July 4th and may continue to use the 48 until it wears out after that date." The latter part of this quotation means that persons displaying the flag in front of their homes, etc, on holidays, need not purchase a new flag until the old one becomes worn. It might be noted that it is a violation of flag etiquette to repair a worn flag.

It was reported that the Maryland State Legislature is now conducting preliminary hearings on the Bonus Referendum Bill. It is important that everyone know that the bill before the Legislature does not pay the Bonus, it merely provides that the question be submitted to the voters on referendum. This will remove it from politics for all time since the voters of Maryland will directly decide whether or not a bonus will be paid. If passed by the Legislature and signed by Gov. Tawes the voters will pass or reject a bonus of \$10 per month stateside, \$15 per month overseas with maximum of \$300.00. It would be paid to Spanish War vets, WW 2, and Korean. Widows, minor children and dependent parents may inherit in that order. Whether or not you want a bonus we urge you write to your State Senator and member of the House. Tell him clearly, so there is no misunderstanding, that you insist that the Bonus be withdrawn from politics and placed on the Legislative floor.

It was decided to show the Legion film "We Who Serve" at the legion meeting March 19, 1959. If it cannot be procured for this meeting it will be shown at either the April 16th or May 21st meetings. This is a Hollywood produced movie and portrays the dramatic story of what the American Legion is, What it Does, and Why! It stars Tom Brown, Marjorie Reynolds and George Niese. Free refreshments will be served at this meeting. All Legionnaires and Veterans' reading this article are invited to attend. Our meeting starts at 8:00 P.M. Watch your newspaper for an ad near the March 19th date.

The annual Easter Egg Hunt committee was appointed as follows: Francis Lookingbill, Chairman; Clarence Harner, Robert Wantz; Donald Sell; Stanley King; Harry Baker; and Neal Powell.

The Memorial Day Committee this year will again be chaired by Stanley King. Serving with him on the committee will be Robert Wantz; Neal Powell; Francis Lookingbill; Harry Baker; Harold Anders; Donald Sell; Russell Crouse; and Samuel Harner.

After considerable discussion, it was decided to consider going into the American Legion School Award this year instead of the Citizenship award that we have been giving for the past several years. We feel that the school award would have much more meaning because Scholarship plays a big part in winning this award. Also it would have more permanency as a plague is hung in the school bearing the names of the winners. Each successive year the new winners names are added. Stanley King was appointed to contact the Principal of the Taneytown High School to get his reaction to this proposal before the next meeting so that final action can be taken at that time.

The meeting closed with the Post Chaplain leading the membership in prayer.

WITH OUR ARMED FORCES

CAMP LEJEUNE, N. C. (FHTNC)—Marine Pfc. Roger A. Lindsay, son of Mr. and Mrs. Roger E. Lindsay of 41 1/2 Liberty St., Westminster, Md. graduated Feb. 19 from an intensive four-week infantry training course at Camp Lejeune, N. C.

During this period Marines live primarily in the field and take part in bivouacs, marches and muscle building exercises.

This training, followed by two weeks leave completes the basic Marine Corps training. Graduates are then assigned to specialist schools or a permanent duty assignment.

FORT McCLELLAN, ALA. (AHT NC)—Rec. Ruth N. Myers, daughter of Mr. and Mrs. Edgar J. Myers, Rt. 1, Westminster, Md., recently completed eight weeks of basic military training at the Women's Army Corps Center, Fort McClellan, Ala.

Recruit Myers received drill and physical fitness training and instruction in Army history, traditions and career fields.

She is a 1955 graduate of Westminster High School.

Easter Seal Campaign

The 1959 Easter Seal campaign will get under way Friday, February 27, and continue through Easter Sunday, March 29, Fred Wehenberg, campaign chairman for Carroll County announced today. Sponsor of the local appeal is the Maryland Society for Crippled Children and Adults, one of 1700 affiliates of the National Society for Crippled Children and Adult conducting simultaneous campaigns in behalf of the physically handicapped. Gary Moore, the popular television emcee is the National chairman.

This campaign is Carroll County's only drive for funds to aid the handicapped and on its results the Society for crippled children must largely depend for financial support for the work it does among the crippled and handicapped of this area.

"It is to the generosity of our citizens that these children must look for a chance to live as normal a life as it is possible to live," Mr. Wehenberg said, "Give these children a chance to make it on their own."

There are still many handicapped children and adults in our community who need rehabilitation services. Buying Easter Seals will help give them the needed services.

Other current officers serving with the chairman, Mr. Wehenberg are: Kenneth Bohn, vice-chairman; Mrs. John W. Bankert, Jr., Elwood Baumgardner, Howard Koontz, E. Miller Richardson and Mrs. T. E. Robbins.
