GREAT LAKES, ILL. (FHTNC)—William E. Smith, son of Mrs. Lillian D. Smith of 131 N. Main St., Manchester, Md., graduated from recruit training May 16 at the Naval Training Center, Great Lakes, Ill.

The graduation exercises, marking the end of nine weeks of "boot camp" included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instructions, the Navy Bluejacket, ready for duty with "raw recruit" is developed into a fleet.

"SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning a smile that shall last until the next day's dawning. I wish you health—life's greatest wealth! I wish you always near so that I may help to cheer. Each future day and in some way—help to bring you happiness!

Nothing delights me more than just walking in the rain especially when I am dressed for that type of weather. The other day, Your Observer was going to town and although the busses pass my door, a number rolled by and I still kept on walking and the rain was really coming down (if you recall that delightful first summer rain that just about pleased everyone). Finally, I got on the next bus as I had to do many errands down town all within walking distance. I had purchased a raincoat about a month ago which was supposed to be water-repellant. B U T—I felt the rain coming through! The first store I entered, I took off the coat and there I was with a real wet dress! I quickly placed the coat on again and walked briskly to the store from which it was purchased and made inquiries for the Buyer of that department. He came forward and was quite surprised to see my dress so wet and said to me that he would give me credit for it to which I replied, "But I must have a rain coat!" So, it meant purchasing another a much more expensive one and not one 'on sale'—so you see what I mean. Folks, You really get what you pay for and pay for what you get!

Just like that Arthur Murray Studio of which I have written so much about. It may be more expensive than other Studios but you pay for what you get and get what you pay for! And that reminds me, I have seen a number of elderly people who have had lessons and who dance beautifully right there and appear much younger than their years!

Now, Ladies, girls these days are not the only ones who comb their hair in public! Returning on the bus that rainy day, a gentleman sat in front of me—elderly, too and he brought out a comb and started combing the hair which was "left" on his head with a mirror in his other hand! All the rest of the passengers were ladies and we all gave each other a great big smile! And did you ever see so many men with real waves as today? The little Mrs. is really give him the "Tony"! And that is a fact.

The Queen of Movies, nice Joan Crawford told Louella Parsons "she does not have a S O U" Could be, you know and exactly like that. Hope you did not miss on T. V. "Summer on Ice!" Now, you see why Your Observer always tells you to see "Ice Capades"—always charming.

Those S & H Green Stamps can be redeemed for the most delightful gifts. For instance, one book will buy a gift that is valued up to almost five dollars! Fabulous! Start saving now and don't forget to ask for the stamps when you purchase gas, too. That way with the grocery store, your book is filled before you realize it.

Instead of cooking fancy desserts which requires any baking—don't forget to ask for "Royal". Being a guest at lunch the other day, this type of desert was served with no Calorie Whipped cream. I immediately asked the Hostess if it was not "ROYAL" instead of another brand. She was quite surprised and replied that it was, and wanted to know how I knew, because Royal is the only one which has such a delightful aroma and sweeter!" And when you do make that, Mrs. Housewife be sure you add more water than it states on the package for then it won't be stiff or tough and it goes further, too and tastes much better.

The other day, I painted the entire front porch trimming plus the doors and was almost finished when the cloth fell down from the ladder and as I stooped to pick it up, over the bucket of paint on the porch went floor! The neighbors ran to me and finally one said, "Lestoin!"—and after wiping it up, I used that wonderful ingredient and there is not a sign this very day that any paint was spilled at all. Grand for cleaning the brushes, too.

A delightful letter arrived from Mrs. Arthur Murray in answer to mine as I suggested a different type of hair-do for her as she is too thin to have a high hair-do which makes her face even appear thinner. Parted on the side would do much for her and she said she would submit it to her hairdresser.

Next week, folks—the third Sunday in June is "FATHER'S DAY"—you know that best man in your life who lives in your house and pays the bills! Be sure you make it a real day for him and whatever you do be most affectionate not just for that day but keep it up 365 days of the year! Have a grand week end. Drive carefully. Will be seeing you next week D. V.

I am,
Faithfully,
Your Observer.

STILL A GOOD IDEA

President Eisenhower reiterated to his press conference that "this country is hurting itself by too much spending". A balanced budget was, he said, "the minimum target". He thought that "we ought to be paying off something on our debt. If we could have these surpluses," he said, "and begin gradually, even a little at a time, reducing this debt, we would be cutting down our expenditures for interest." He expressed the hope that the interest item could be kept to \$8,100,000,000.

This sounds like the 1952 Eisenhower. It also brings to mind the possibility that Congress was hasty in passing that no-third-term. Just possibly, he might be better able to swing the axe the third time around - if it were not for his enthusiasm over foreign aid, school aid, plenty of Government workers to ovate for visiting foreign dignitaries, extravagance knick-knacks like the Air Force Academy and atomic reactors.

FACE SAVER

If the world were to select a patron saint for Fathers' Day, the choice might be difficult. For instance, there's George Washington, Father of his Country; George Feltman, Father of the Hot-Dog; Johannes Gutenberg, Father of the Printing Press (real name, Gensfleisch); James Selden, Father of the Automobile; Robert Fulton, Father of the Steamboat; Frank Woolworth, Father of the Ten-Cent-Store - and countless others. Still, we wouldn't be too surprised if a New England inventor who died many years ago won the nomination.

Better known than kings or presidents or dictators, the memory of the man whose face has been reproduced 100 billion times on his products, is cherished by women for making men clean-shaven, and by men for taking bloodshed out of the bathroom.

Yet few now know or remember that Fame very nearly by-passed this man - King C. Gillette. The idea of a "safety" razor with a replacement blade came to him in 1895, but it took eight years of trial and error, failure and frustration, before the idea became a product. The first of these revolutionary shaving devices appeared on the market in 1903. In that year, only 51 men were brave enough to try it. In all, 168 blades were sold. It seemed unlikely that King C. Gillette would change the face of the world.

But in 1904, the year the Panama Canal was undertaken, the first New York subway opened and auto racing initiated in America at the first Vanderbilt Cup Race, men began shaving in earnest-and in safety-and the Gillette name was secure for posterity.

And, by way of keeping his memory green, his company - whose researchers have discovered that fathers' faces are like finger-prints, and no two out of all millions have identical beards - presents the newest version of the founder's original idea as its annual Fathers' Day premium. This is an inexpensive adjustable razor so that, instead of making faces, Father will only have to turn a dial to get the right one of nine different blade angles for the kind of shave he likes and to take proper care of the extra-sensitive and hard-to-shave spots.

Thus, it would appear that, thanks to the genius of Mr. Gillette and his successors, all any father needs for a really Super-duper Fathers' Day is a face and a smart family.

BE IT RESOLVED by the County Commissioners of Carroll County, under the authority vested in them by Sections 2 and 3 of Article 25 of the Annotated Code of Maryland, as follows:

1. That before any person, firm or corporation shall construct or begin the operation of a trailer camp or park within the limits of Carroll County, but outside the limits of incorporated towns and cities of Carroll County, for the purpose of renting parking space therein, with or without utilities, for mobile homes or trailers for residential occupancy and use, he, they or it shall give appropriate notice to the said County Commissioners of the intention to construct or operate such trailer camp or park indicating therein the exact location thereof, the trade name to be used, if any, the approximate size of the area to be occupied, and the number of units that will be accommodated.

2. That any person, firm or corporation that operates any such trailer camp or park within the limits of Carroll County, but outside the limits of incorporated towns or cities of Carroll County, shall obtain a license for such operation from the County Commissioners of Carroll County, on a form to be provided by them, and for which the annual license fee shall be as follows:

(a) For camps or parks with a maximum capacity of ten (10) units, the sum of One Hundred Dollars (\$100.00)

(b) For camps or parks with a maximum capacity of twenty-five (25) units, the sum of One Hundred Fifty Dollars (\$150.00).

(c) For camps or parks with a maximum capacity in excess of twenty-five (25) units, an additional license fee of Twenty-five Dollars (\$25.00) for each ten (10) units, or fraction thereof, in excess of twenty-five (25) units.

(b) That the owner or operator of any such trailer camp or park shall report in writing to the County Commissioners of Carroll County twice annually, on or before June 15 and on or before December 15, in each year, the number of trailer spaces or units then occupied in such camp or park, with a description of the trailers or other vehicles so occupying such units, with the names and addresses of the several owners thereof, such reports to be made on forms to be provided by the said Commissioners.

3. That upon the failure or refusal of any such owner or operator, to secure a license as herein provided, or to make the reports herein required, and if such failure or refusal shall continue for a period of one month, such owner or operator shall be liable for the operation of such camp or park revoked, and any sum of money due the County as the result of the operation of such camp or park without the requisite license, shall be recoverable in an action by the County Commissioners against such person, firm or corporation.

4. That this resolution shall be effective July 1, 1959, and the license fees herein provided for any camp or park then in operation in said Carroll County, outside the limits of the incorporated towns and cities of Carroll County, shall then be due and payable, and if not so paid, shall be collectible by the said Commissioners by appropriate legal action at any time after the first day of August, 1959; and thereafter such licenses shall be renewable from year to year from the first day of July in each year; provided, however, that for any camp or park beginning operations after the first day of January in any year, the license fee collectible for the remainder of the licensing year subsequent to the date of beginning of such operation shall be one-half the fees herein provided.

5. That any person violating any of the foregoing rules and regulations for the construction and/or operation of a trailer camp or park within the limits of Carroll County, outside the limits of incorporated towns and cities of Carroll County, shall be guilty of a misdemeanor, and upon conviction thereof, shall be fined not exceeding Twenty-five Dollars (\$25.00) for any such violation; and

BE IT FURTHER RESOLVED, that the matter of said proposed resolution be set for hearing at the Office of the County Commissioners of Carroll County, in Westminster, on Tuesday, June 23, 1959, at ten o'clock a.m., provided a copy of said proposed resolution be published in one or more newspapers of general circulation in said County at least once a week for three weeks, at which time and place any person shall have the opportunity to appear and be heard thereon.

Proposed and dated at Westminster, Maryland, this 19th day of May, 1959.

CHEVY BESTS

Independent experts and official facts and figures prove Chevrolet's ahead of its field in seven big ways.

BEST BRAKES . . . In direct competitive tests of repeated stops from highway speeds, conducted by NAS-CAR*, Chevy out-stopped both the other leading low-priced cars—and why not: Chevy brakes are far larger, built with bonded linings for up to 66% longer life. **BEST TRADE-IN** . . . Check the figures in any N.A.D.A.† Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two." **BEST STYLE** . . . Popular Science magazine sums it up: "The fact is, in its price class the Chevy establishes a new high in daring styling . . ." It's the only car of the leading low-priced three that's unmistakably modern in every line. **BEST ECONOMY** . . . No doubt about this: two Chevrolet Sixes won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car. **BEST ROOM** . . . Official dimensions reported to A.M.A.‡ make this clear. For example, Chevy front seat hip room is up to 5.9 inches wider than comparable cars. **BEST ENGINE** . . . Every motor magazine has given Chevy's standard and Corvette V8's unstinted praise. As Sports Cars Illustrated puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price." **BEST RIDE** . . . You'll be able to tell this yourself, instantly. But Motor Trend magazine expresses it this way: ". . . the smoothest, most quiet, softest riding car in its price class."

FEESERSBURG
(A Voice from Carroll)

If the dairy farmers are in trouble (and they are) the chicken farmers are in double trouble. It is pathetic to see the mounting difficulties that

beset all the small farmers and it is even more pathetic to see no constructive programs being initiated by agricultural experts to save the small family type farm. Is there no place in the American economy for the small independent farmer? We see first hand that a farmer with a flock of 5,000 hens cannot compete with the commercial enterprises equipped to produce grain and feed one-million-bird flocks. Is bigness, now so prevalent in business, going to overtake farming too? No one can deny that the small farmer made this country of ours by hard work and thrift. Now that it is the richest country in the world, is there no place for those who once were the pioneers and backbone of the United States? What is to become of the man who has contributed so much but at 50 he must see all he has worked for vanish like the thundering buffalo from the western plains? There is no place in industry for him because of his age and lack of technical skills. Is this the way for a great country to treat one of its most deserving group of citizens? When we buy 2 frying chickens for \$1.60 and two dozen eggs for sixty cents while at the same time paying higher prices for manufactured goods, we know full well that there is something radically wrong with our economy and our sense of values. What is wrong with people that they cry to high heaven about the price of food which is necessary to maintain life, but never murmur a whisper of objection to the price of cigarettes, gasoline or beer? Just think about this for a while: A carton of cigarettes cost more than two frying chickens at the present time. One is a food containing the best vitamins for health; the other is a weed containing the best ingredients for lung cancer but the weed is valued more highly than the chickens. This is what we mean by having the wrong price tag on things. This is one of the reasons the small farmer is fighting for his existence and it looks like he is just about to lose the battle.

The "Fair" which was held at the Historical House in Westminster last Thursday (June 4) was the most successful event ever sponsored by the members of the Carroll Historical Society. The weather was perfect, contributions to the various tables were plentiful and the visitors from all sections of the county and out of the county were in a buying mood. Over one thousand dollars was realized from the fair with the rummage sale taking in \$277.58; jewelry sale \$75.65; Bake sale \$210.90; book sale \$73.00; and the auction conducted by the inimitable Charles Roop took in \$248.98. Personal contributions of money were \$38.00. The success of the fair was due to generosity of the community and the untiring efforts of Mrs. E. Miller Richardson, chairman of the event and to her able assistants. Dr. Theodore Whitfield is president of the Historical Society and at the present time must feel very proud that the citizens of Carroll took such an interest in the fair.

Fifteen years ago this month D-Day happened. When we try to describe our feelings on that unhappy day to our daughter we are surprised to learn how much we have forgotten in such a short time. Like everyone else, D-Day was very personal as we had a brother in the midst of it and we remember listening to the radio hour after hour to learn whether our soldiers were going to hold the beaches or be thrown back into the English channel. But now, 15 years later all it seems like something we read in a book, and yet on that day, like millions of other people we spent the time doing everyday things with a prayer on our lips and an ache in our heart. But the human mind cannot carry forever the tragedy and despair of one day for it must carry on for many other days. Still we should always remember the courage and the fear and the compassion that made up D-Day on a bright June day just fifteen years ago.

Over three hundred people visited Trevanion Sunday afternoon when Dr. T. H. Legg held open house to the public at his country estate. One of the most picturesque mansions in Carroll County its history is as interesting as its architecture. The rooms of the house are large with high ceilings from which hang beautiful chandeliers. The rooms are furnished with fine early American antiques and Jacobean pieces blended together in simple good taste. Outside the beautifully kept lawn and colorful flower beds makes a perfect setting for Big Pipe creek as it flows by on its way to the sea. Dr. Legg greeted the visitors and then they were shown through the mansion by Mr. and Mrs. William Leitz. The history of Trevanion is too long for me to include it in this column but it is very interesting and can be found in a number of books. We can remember Trevanion when it was over run with weeds and was weedy with neglect. Few people saw it because the road was often impassable due to mud or ruts. Now that it has been restored it has created a great deal of interest. Old homes have a great attraction for people, especially the people that like history and want to learn something about how people lived a hundred years ago. Judging by the example of Trevanion, some of them lived pretty well.

HAMPSTEAD YOUTH FOR CHRIST

Last Saturday (June 6) was like graduation day for the six teenagers who successfully survived two elimination divisions and were named as the official 1959 Hampstead, Md., Youth for Christ Bible Quiz Team. As one of their awards they will receive an expense free eight-day vacation at the Eastern Regional YFC Conference in Ocean City, N. J., June 19-26, where they will compete against 15-20 other Eastern rally teams.

Members of the team are: Betty Hamp, team captain; Valerie Nushbaum, assistant captain; Donna Deal, Jack Arzant, Norma Rodgers, and Larry Martin, team substitute.

These six teenagers originally entered the 10 week inter-school team competition during February and March. Only the 10 highest scorers from this Competition were eligible to continue in the second phase of the quiz program. The six teens who made the final team not only excelled in their scores but also had to meet rigid standards of memorization, reading and study, which required at least 25 hours weekly.

To be prepared mentally, physically, and spiritually for the eastern competition, this official team will face a much more demanding study and memorization schedule during the next two weeks. Should they win the Eastern championship, they would receive an expense-free trip to the Youth for Christ International Convention at Winona Lake, Ind. in July where they would compete against the 14 regional winners from across the nation, which would represent at least 1400 teams which have been studying the Gospel of Luke and the Epistle of Galatians this year.

After arriving we had a tour of the Bureau of Engraving and Printing Bldg., then dinner and afterwards saw Cinerama "South Seas Adventure" at the Reg. Near Wheaton we stopped at the cat and dog cemetery. The cemetery is pretty big, had lots of boxwood and trees and many of the graves had flowers on them. On the stones, besides the names, there were tributes to their pets. On one stone there was a white open Bible. Many of the stones were as large as for humans and there was a mausoleum. It was interesting, but — The driver of the bus said, "I heard a lot cost \$1,000." That may be true and it may not be. It is an expensive cemetery to care for because around many lots there were bricks to separate them.

CONSTRUCTION IN MARYLAND

Our Committee on Armed Services completed its work on military construction authorization. A listing of the projects, State by State, shows that Maryland fared well. Maryland, with its military projects to cost a total of \$28, 664,000, ranks second in the United States.

Commissioner Hazeltine of the Community Facilities Administration has informed me that he would approve a loan of \$500,000 to the Church Home and Hospital of Baltimore to build a dormitory to house 117 student nurses, and a loan of \$357, 000 to the Carroll County General Hospital at Westminster to build a new three-story 62-bed general hospital building.

Commissioner of Education Derthick tells me three Maryland counties are to receive Federal funds for school construction: Calvert, \$29, 550; Anne Arundel, \$678,330; Montgomery, 1, 258,560.

Any person, firm or corporation adversely affected by said Rules and Regulations and desiring to be heard in opposition thereto may appear before the County Commissioners at their office in Westminster, Maryland, on Tuesday, July 14, 1959, at 2:00 o'clock p. m.

RESOLUTION

WHEREAS, the County Commissioners of Carroll County were authorized and empowered by Chapter 807 of the Acts of the General Assembly of Maryland of 1959, in order to safeguard the health, safety and public welfare of the residents of Carroll County, to pass rules, regulations or resolutions for the purpose of carrying out certain powers vested in them by said Act, particularly to provide for the appointment and compensation of Dog Wardens, the sale of dog licenses, the keeping of records of such sales, the designation of persons to make such sales, and the taking into custody and the disposition of any dogs found running at large within said County; with power to delegate by written contract the enforcement of such rules, regulations or resolutions, the establishment of a Dog Pound for the collection, disposition and destruction of stray, injured and sick dogs; and for the use of the revenues arising out of the sale of dog licenses.

NOW, THEREFORE, BE IT RESOLVED, that the County Commissioners of Carroll County, Maryland, in order to safeguard the health, safety and public welfare of the residents of Carroll County, and in accordance with the authority granted by Chapter 807 of the Acts of 1959, do hereby make and establish the following Rules and Regulations for the purpose of carrying out the powers vested in them by said Act.

RULES AND REGULATIONS

1. SUPERVISION AND ENFORCEMENT
 - A. Appointment of Dog Wardens

The County Commissioners of Carroll County, in accordance with the provisions of Sections 191 (b) and 194 (c), (e), and (f) of Article 56, of the Annotated Code of Maryland, as enacted by Chapter 807 of the Acts of 1959, shall appoint such number of persons as in their judgment may be necessary to serve as Dog wardens in Carroll County, Maryland, who shall on behalf of the said County Commissioners be charged with the supervision, control and licensing of dogs in Carroll County.
 - B. Qualifications

Any applicant for the position of Dog Warden must be an adult male who is a resident of Carroll County, and who shall have had at least two or more years of police, dog training, and/or animal welfare experience.
 - C. Duties

The said Dog Wardens shall have all the powers of a Constable or Peace Officer, including the right to request the issuance of a summons; the serving of a warrant of arrest, or for the replevin of a dog; to make arrests, prosecute charges in connection with unlawful acts or violations of these Rules and Regulations; and it shall be the duty of the duly appointed Dog Wardens diligently to seek out, pursue and to deliver to the County Dog Pound, all unlicensed dogs found in any part of Carroll County; to collect all dead dogs found on public grounds or highways and either to bury or otherwise effectually dispose of all such carcasses; to destroy critically sick or injured dogs found on public grounds or highways, or whose destruction is requested by their owners; and to respond promptly to all requests directed to them by the Carroll County Health Department, The Carroll County Humane Society, Inc., the Mayor or City Council of any of the incorporated towns of Carroll County, or a member of the general public, relating to the proper enforcement of these Rules and Regulations.
 - D. Salary

The Dog Wardens so appointed shall receive for their services such compensation as may be determined by the County Commissioners.
 - E. Equipment

The County Commissioners shall furnish said Dog Wardens with such vehicles and other necessary equipment as may be required for the execution of their duties as herein set forth.
 - F. Jurisdiction

The jurisdiction of each of the Dog Wardens appointed hereunder shall be County-wide; but the County Commissioners may assign certain areas or districts of the County to each Warden within which he shall carry on his principal activities hereunder, and shall be responsible for the enforcement of these Rules and Regulations within his particular area or district.
 - G. Supervision

The Dog Wardens appointed hereunder shall be County employees subject to the supervision and control of the County Commissioners of Carroll County, and such other agencies as the County Commissioners may hereafter designate. They shall serve at the pleasure of the County Commissioners, and their services may be terminated at any time upon one month's notice, or they may be removed for cause, after due hearing, without the requirement of notice.
2. LICENSING OF DOGS
 - A. Dog License Requirements

It shall be unlawful for any person to own or harbor a dog unless licensed in accordance with these Rules and Regulations. Licenses shall not be required for dogs under the age of six months which are not at large. The license period shall run for the calendar year, namely, from January 1 to December 31, inclusive; except, however, that any license issued under the provisions hereof as of July 1, 1959, shall be valid until December 31, 1960. Thereafter all licenses shall be issued as of January 1 for the ensuing calendar year.
 - B. Individual Dog Licenses

Every person owning or harboring a dog within Carroll County shall apply either orally or in writing to the County Treasurer, or to a Dog Warden, or to such other person or organization as may be designated by the County Commissioners, for a license certificate and tag for each such dog owned or harbored by him, excepting dogs kept under a kennel license as provided for in the following sub-section, and such application shall state the name, sex, breed, age, color and markings of each such dog and be accompanied by a fee of \$3.00 for each dog regardless of sex. The persons or organizations designated by the County Commissioners to issue such licenses, except the County Treasurer and the Dog Wardens shall be entitled to receive for their services in issuing licenses the sum of 50¢ for each such license issued by them and shall report all license sales and remit all license fees collected at the end of each month to the County Treasurer on report forms furnished by said Treasurer. The license fee above provided is due and payable as follows:

 - (1) On or before January 1st and not later than March 1st in each year, the owner or harboring of any dog six months old or older shall pay the license tax as herein prescribed; except, however, that any license issued under the provisions hereof as of July 1, 1959, shall be valid until December 31, 1960. The license tax due as of July 1, 1959 shall be paid not later than August 31, 1959.
 - (2) If a dog shall become six months of age or an unlicensed dog of licensed age shall come into the possession of any persons at any time during the first six months of any license period, the full license tax for the current calendar year or current license period shall be paid forthwith by said owner.
 - C. Kennel License

A kennel license is meant to cover one pack or collection of dogs kept on a single premises, however owned, whether maintained for breeding, treatment, boarding, sale, training, hunting or other purposes and including pet shops where dogs and other animals are on sale and the one tag securely fastened at a prominent place on the enclosure shall cover all dogs kept there within the limit of the license issued. Such license permits, when under close supervision, hunting dogs, or dogs for breeding purposes or sale, to be taken from the kennel to the hunting field and hunted or taken for exercise or showing, and returned to the kennel in similar manner but does not permit any dog kept at the kennel otherwise to leave its limits without an individual license and the wearing of an individual license tag.

For protection and identification of Kennel dogs in transit between the kennel and the field as above provided they must wear collars or harnesses with kennel identification marks by name or number attached thereto and furnished by the kennel, which may be removed only when under supervision in the exercise or hunting field.

- D. Penalties and Fines

Every dog license, either individual or kennel, shall be procured before January 1st or within sixty days from the time when by the provisions of these Rules and Regulations it is due and payable, and any person violating either by failing or refusing to comply with any of the provisions of Section 2 (A.) hereof, shall be liable to prosecution and punishment in accordance with the provisions of Section 199, of Article 56 of the Annotated Code of Maryland (1957 Edition).

Payment of the license tax subsequent to the issuance of a summons or warrant by a Magistrate or other court for failure to do so within the time required shall not operate to relieve said owner from the penalties provided. Any dog not wearing a license tag of the proper calendar year shall prima facie, be deemed to be unlicensed and in any proceedings under these Rules and Regulations the burden of proof of the fact that such a dog has been licensed, or is otherwise not required to wear a tag at the time, shall be on the owner of said dog.
- E. Disposition of License Fees, Penalties and Fines

The County Treasurer shall keep receipts of dog license fees, penalties, and fines, and expenditures incident to operation and enforcement of these Rules and Regulations in a separate account, and all receipts shall be expended only for the proper operation and enforcement of the provisions of Sections 191 to 199, inclusive, of Article 56 of the Code, as amended, for no other purpose.
- F. License Certificates

The County Commissioners, not later than November 1st each year, shall furnish the appointed persons with a supply of license certificates together with the corresponding metal tags and dog census books, in sufficient quantity to cover all requirements for the following year. Certificates shall be serially numbered in books of 100 each with triplicate stubs all of which shall provide spaces in which shall be recorded the following data: Election District, full name, home address with street and house number, or rural route and box number, telephone number of owner, and the name, sex, breed, age, color and markings of the dog. In case of loss of a license tag the owner thereof may procure a duplicate license for use during the balance of the year by surrender of the old certificates and the payment of fifty cents (50¢).
- G. License Tags

The County Commissioners shall prescribe and furnish annually to the County Treasurer to accompany the license certificates, metal tags to be issued as herein provided. Such tags shall be of different shape each year, not over one inch in size and on one side shall bear the name of the County, number of the corresponding certificate, the words "Dog License", and the year of issue underneath.

Only one tag shall be issued for one individual dog or one kennel license and no tag shall ever be transferred from one dog to another dog or from one kennel to another kennel. Excepting as provided under Section 2 (c) hereof, governing kennel license, no dog shall be permitted to be at large without wearing a collar or harness with its individual license tag attached thereto and no person, except the owner of a dog or his duly authorized agent, shall remove such tag from a dog unless such removal be necessary because of accident or injury to the dog, or to permit hunting dogs to pursue game during hunting or training seasons.
- H. Seizure and Disposition of Unlicensed or Untagged Dogs

A Dog Warden or other duly authorized officer shall seize any unlicensed dog. Every dog so seized shall be properly cared for and fed at the expense of the County until disposition is made thereof as hereinafter directed. Provided, however, that said officers shall not be required to take to a pound or shelter any dog suffering from serious injury or wounds or from contagious or infectious diseases, and they are hereby given full authority in their sole discretion immediately to dispose of such afflicted dogs in the most humane manner possible under the circumstances.

The owner of any dog seized as above provided may redeem it from the Warden or Dog Pound within 96 hours from the time of its apprehension by presenting current license certificate and tag and paying a pickup charge of Two Dollars (\$2.00), and the board bill at the rate of One Dollar (\$1.00) per day for the time the dog is held at a duly established public pound or shelter.

If not so redeemed within the time stated or while it is still being held and not actually sold or otherwise disposed of by the Warden, it shall be the duty of the said Warden to dispose of said dog either by sale to any person wishing to adopt it, or by destruction in the most humane manner possible. Provided, however, that the Warden shall not release to an owner a dog that is known to be vicious, or one having an infectious or contagious disease; the same shall be forthwith destroyed; with the exception that if any such dog is suspected of having rabies it shall be held for a period of at least ten days for observation before it is destroyed or otherwise disposed of.

It shall be the duty of the Warden upon learning of a dog being suspected of rabies immediately to investigate the case, confer with the owner, and if in the Warden's judgment or the judgment of any licensed veterinarian called in consultation there is reasonable ground to believe the dog may have rabies, he shall immediately impound the dog at the owner's home if satisfactory facilities are available, or at a public pound or shelter, and keep it completely isolated from all persons and animals for a period of at least ten days; and if at the end of the period of observation the dog seems fully recovered of its malady or shows that it has no further symptoms of rabies, the Warden shall then release the dog to its owner who shall be liable for the board bill for said dog at One Dollar (\$1.00) per day for the period of its detention at any public pound or shelter.
- I. Disposition of Dead Dogs

The owner of any dog which has died from disease or any other cause shall forthwith provide for the cremation or burial of same. If he fails to do so, a justice of the peace or police officer, after notice to said owner, shall direct the Warden to dispose of the carcass, for which service the said justice of the peace shall require the owner to pay to the County the sum of Two Dollars (\$2.00) in full settlement for the services rendered, after a hearing before the Trial Magistrate.

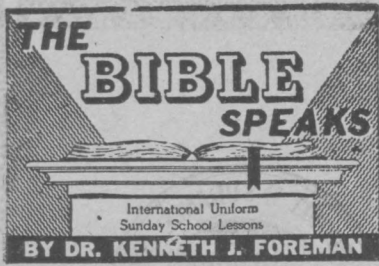

If the owner of any dead dog is not known and after inquiry cannot be found, the Warden shall dispose of said carcass by cremation or burial.
3. DOG POUND OR SHELTER

The County Commissioners may provide for the construction of a dog pound or shelter, or may contract with Carroll County Humane Society, Inc., or any other competent agency, for the use of a suitable dog pound or shelter, to which every dog seized in accordance with the provisions of these regulations shall be taken and cared for at the expense of the County.
4. The provisions of Sections 191 to 199, inclusive, of Article 56 of the Code of Public General Laws of Maryland (1957 Edition) shall be rigidly enforced in Carroll County and it shall be the duty of the Dog Wardens as well as other public officers charged with responsibility by said statutes to effect such enforcement.
5. SEVERABILITY

If any section or part of a section of the above adopted Rules and Regulations is held by any Court to be invalid or unconstitutional, the same shall not invalidate or impair the validity, force and effect of any other section or part of a section of these Rules and Regulations, unless it clearly appears that such section or part of a section is wholly or necessarily dependent for its operation upon the section or part of a section so held invalid or unconstitutional.

Passed and dated at Westminster, Maryland, this first day of June, 1959.

Across Borders

Lesson for June 14, 1959

"THEY'RE NOT OUR kind of people." How many times that is said, and has been said! That one sentence is enough, in many people's minds, to end the question: Shall we take them in? Shall we have anything to do with them that is not absolutely necessary? In particular, that one sentence is used as a bar at the church door, where no such bars ought to be.

Dr. Foreman

We have to be the Old Testament a story about two men who were as different as two men could be. Just about all that goes into that phrase, "—not our kind of people," could have been said by either of these men against the other. It is pretty certain that the friends of either man would not have "accepted" the other man. And yet these men found a way across the border, a way that is always to be found when men look for it.

Race Barriers

It is not only in America, still less only in the "Deep South," that differences of race bring up the expression, "Not our kind of people." Wherever two races meet and compete, there is a race problem. The ancient Jews knew all about it. Of course a modern American might smile at the difference between Elisha the Jew and Naaman the Syrian. They were both orientals, weren't they? But Elisha's friends, and Naaman's friends, would not have smiled about it. Jews felt pretty grim when they thought of Syrians, and Syrians felt pretty contemptuous when they thought of Jews. They would not for a minute have considered themselves of the same race. The Syrians at that time were much the stronger people. They thought of Israelites or Hebrews (as Jews then were called) as a weak, stupid, dirty,

inferior race. The Hebrews on the other hand by no means looked up to Syrians as noble examples and benefactors. They thought of them as cruel men, oppressing the weak and living by power, not by justice. The two races might be related as enemy and enemy, or as master and slave; but not as friend and friend, not as equals. Yet Naaman and Elisha crossed the border of race.

Barriers of Position

Another difference between people which leads to the thought, "Not our kind—" is the difference which is caused by position in society, including difference of occupation. You can take twin babies and bring them up in separate homes, one the home of an illiterate manual laborer, and the other the home of a banker or a college president; one boy will have no education and the other a very fine one; then follow the boys through life, and by the time they are 30 each one would be saying about the other (if he didn't know they were brothers) "Not my kind of people."

Elisha and Naaman were not only different by race, they were different by occupation and position. Elisha was a prophet of God, his specialty was religion. Naaman had a kind of religion, a very different one, but he didn't take even that very seriously. Elisha was a poor man, Naaman was wealthy, and a slave-owner. Elisha's most spectacular labors had been the saving of lives (and saving Naaman's was right in his line); Naaman's business, as a general, was killing (including killing Israelites).

High-Altitude Crossing

And yet Elisha and Naaman crossed the border-line drawn by the contrast between their social positions and work in life. How did they do it? They did it the way modern armies, or peacetime fleets of commercial planes, can cross borders which once upon a time were formidable and all but impassable to cross.

In the same way, the road across the barriers caused (for example) by race or by position or occupation or money or education, is seldom a road through these borders. It is above them. And the name of this high dimension is religion. It was at last in the bond of a common faith that Elisha and Naaman met, "two strong men face to face."

Boy Of Year Model Of Juvenile Decency

John Drupa, a crew-cut, 15-year-old, Binghamton, N. Y., lad, has climaxed a modern-day Horatio Alger story by being chosen from half a million Boys' Clubs of America members as the national youth organization's "Junior Citizen" for 1959.

Young Drupa won the top Boys' Clubs award just eight short years after his arrival in this country as a refugee from Soviet oppression in Latvia.

He was selected from candidates submitted by the nation's more than 500 Boys' Clubs for his "outstanding service to home, church, school, community and Boys' Clubs."

Herbert Hoover, the Boys' Clubs of America's board chairman, will officially present the "Boy of the Year" award to John during ceremonies in New York City. While there, the youth will also be greeted by Mayor Wagner, make numerous radio and television appearances, and take part in press conferences.

When John was only an infant, his mother was forced to flee Latvia with him, a brother and sister before the reconquering Russians. His father and older brother, not so fortunate, were taken prisoner and sent to Siberia. After years of constant moving throughout Europe, John, his mother, sister and brother arrived in Binghamton in 1951. Shortly, at seven, John joined the Binghamton Boys' Club, where he took an active part in community service projects, eventually becoming a director of the Mayor's Youth Council. For the last five years he has been an

John Drupa

honor student and has also won many honors in sports. Young Drupa's hobbies are skiing, skin diving, swimming, electronics and chess.
