#### Church Women Meet

The Keysville ULCW met Monday evening with Miss Vallie Shorb and Mrs. Elizabeth Myers as leaders. The topic was "By Way of Our Offerings". The opening hymn used was "Savior Like A Shepherd Lead Us".

"Savior Like A Shepherd Lead Us". The scripture lesson was read by Miss Vallie Shorb and the prayer offered by Mrs. Rachel Bostian. Mrs. Myers conducted the program.

Those representing the various boards of the church were Mrs. Helen Dougherty, Mrs. Vallie Baumgardner, Mrs. Hazel Cluts, Mrs. Ruth Wilhide, Mrs. Doris Harner, Mrs. Edith Wilhide and Mrs. Mary Ausherman Ry these discussions we were erman. By these discussions we were informed about the budget adopted by ULCW. Over 50 per cent of the \$1,500,000.00 budget is met through Thankoffering. This money is transformed into values money cannot buy. Each member was given a mimeographed sheet to help personalize the budget figures. Mrs. Gilbert Stine gave a reading, "Food For Thought". The last hymn used was "When I Survey The Wondrous Cross".

For a special the "Stine Sisters" presented a Fall Fashion Hat Show. Mildred Stine modeled the hats while Kathryn was the narrator. Am sure we will be seeing the women wearing many of the hats in church this fall. A lot of time and effort was put into

the show.
Mrs. Robert Stine conducted the regular business meeting. The min-utes were read by Mrs. Doris Harner and the treasurer's report given by Mrs. Clara Clabaugh. Discussions by

various committees were held.

Those on the social committee were Mrs. Marion Austin, Mrs. Marion Coshun and Mrs. Edith Wilhide. ## MEETING OF MAYOR AND CITY COUNCIL

## Plans for the Increase Taneytown's Water Supply

At the meeting of the Mayor and City Council Monday evening, the deed for the plot of ground for the water tower was received. The erection will take place the latter part of September.

A letter was presented to the council and read from Mr. and Mrs. Wilson Utz with a few restrictions stipulated, which the council after dis-

cussion, approved.

The Mayor was instructed to get

the soil bearing for the erection of the piers at the water tower.

Bids by McDermitt, Inc., Gettys-burg, and Thomas, Bennett and Hunter Westminster, were received. After due consideration the bid of McDermitt, Inc., Gettysburg, was accepted. Theirs was \$2,660.00 plus \$150.00 per foot, if we have to go beyond 5 foot to solid bearing.

The Mayor was instructed to macadam an apron of approximately 10 feet in the alley off the side walk on the Simmons and Myerly property; also to make some temporary repairs to the pump house road, which has washed considerably during the past few months.

The council also met Tuesday evening at the site where the new water tower will be erected, to spot the new location of the tower. Police Officer Emory Hahn in giv-

ing his report mentioned the giving of 35 parking tickets last month.

The Mayor in his report told the council that the ten inch water main for the line to the water tower has been ordered. Delivery will be made in two or three weeks.

He also reported that the sprayer is working fine, after being repaired. Clerk-Treasurer Henry I. Reindollar gave as his financial report the following: receipts, \$7,194.49; expenditures, \$5,127.22; balance in general fund, \$10,624.64; parking meter fund balance on hand, \$4,326.97.

#### **Boy Scouts Will Conduct** Paper Drive

Rags, newspapers, and magazines will be solicited by Boy Scouts of American Legion Troop 348 when they conduct their regular September collection in Taneytown and vicinity on Saturday, September 12. Besides Taneytown itself, the roads to Mayberry, Copperville, Crouse's Mill, Keymar (as far as the Keysville road), and Bridgeport will be covered, and rural residents on the usual col-lection list. In the event of early and continuing rain a new date will be announced! Troop members gladly pick up direct from your cellar or your attic if their attention is drawn to this need while the drive is in progress.

Advancements During the summer camping week at Tumbling Run leanto clearing on the Appalachian Trail near Old Forge Park in August James Tracey finished up his merit badge in cooking, while a new bridge over the run enabled the following scouts to complete Pioneering merit badge along with its lashing, knot tying, rope handling, and splicing requirements: Byron Baer, Stuart Dom, Donald Koontz, Robert Shaffer, Gerald Tracey, and James Tracey. The Tenderfoot test was accomplished by Ronald Airing and John LesCalleet save for review before the troop. Others present for the entire week or the major portion thereof were Terry Bell, Samuel Bower, Rickey Clingan, Arthur Eyler, David Hopkins, Charles Mason, Rob-ert Miller, Wayne Staley, Michael Tracey, Thomas West, and James Wojtkowiak, as well as recruit Joseph Fleischman, Scoutmaster Wilbur O. #### **TAXPAYERS**

Because the press serving Carroll County either did not report, or failed to give proper emphasis to the tax-payers' suit (filed 7/22/59) against the County Commissioners and George A. Grier, to enjoin them from appointing a Technical Assistant at a salary of \$14,000 a year, and because the press has proclaimed in headlines that this man has started to work as Technical Assistant, many people feel that this League has not been sufficiently active or done anything

While this suit is still pending in the court, the County Commissioners have seen fit to employ this man Grier and start him to work, not only as Technical Assistant to the County Commissioners, but also by appointing him as a Supervisor of County Roads (at \$6,000 a year), creating a Carroll County Planning and Zoning Commission and appointing him as Director of Planning (at another \$6,000 a year), and further appointing him "to undertake, supervise and make certain surveys and studies" for Feeser on Friday Sept. 25. the County Commissioners (at a salary of \$2,000 per year). ## PRESBYTERIAN CHURCH REMODELING

## Extensive Improvements Being Made at Taneytown Church

A remodeling work of more or less major proportions is taking place at the Presbyterian Church on York St., Taneytown. The church has been raised three feet so that a basement may be constructed underneath.

It is a work of major proportion because of the problems involved in raising a brick building as old as this one, having been built in 1883. The work of raising was difficult because of the type of mortar used in those days. The mortar was apparently made of native red clay mixed with lime. This does not adhere to the brick. But so long as the brick wall remained undisturbed, the mortar would last for many decades.

Builders were good craftsmen in those days, too. This is evidenced by the old foundation wall of stones laid and still better done in the "Ovenette" up without any mortar yet straight of which I wrote in last week's Coland even. The work was done by plain human strength and contained many large stones.

The credit for successful raising of the building is due to the patience and care of the workman in seeing that the bricks in the wall were well secured before any attempt at lifting

was made. The remodeling will provide a basement under the entire church. There will be washrooms, a kitchen and an entire new heating system.

Enlargement of the sanctuary will provide for a choir loft.

The remodeling program will give

some, though not adequate, additional room for the Church School which has been needed for a number of

The local congregation was organized in 1828 under the Presbyterian Church in the United States of America. At that time this congrega-tion jointly with the Reformed Church (now The United Church of Christ) built an edifice which both congregations shared. Then in 1883, the Presbytrian congregation decided

to build their present structure.

In June 1958, the local congregation became a part of the United Presbyterian Church in the United States of America through merger with the United Presbyterian Church of North America of North America.

I recall when I was a little girl that my Dad used the same preparation but it was called "POMADE" and he had beautiful hair all his life. It is really none other than a nicely per-fumed vaseline. One tube will last a year or more as you only place a tiny bit in the palm of your hand and then rub it into your scalp plus all over your head and hair. If you have curly hair it will be even more curly and if there are waves those waves will stay in longer. Notice, Girls how all the men appear with their curly hair on T. V.? "Tonies" if you ask me no doubt by the little Mrs. Eh? One Announcer lately did not have the wave and—oh—such a difference!

Nuff Sed. It is so strange to hear all the time either by Radio or T.V. "SHOP DOWN TOWN". Yet as the city grows, the many additional shopping centers are built further out and they still continue. One just recently op-ened called, "The Alameda Shopping Center" yet there is the "Northwood" not too far away. If it continues as the years go on there won't be any downtown stores at all. I heard a lady state who deals at "Northwood" that she has not been down town for

three years! You must admit after seeing Carey Grant in his latest picture "North by Cooperatives throughout a six+state Northwest" that the actor grows and area will attend the session, which grows on 'acquaintance'! Carey Grant is truly a lover in this picture and more demonstrative than vertising excutive but is mistaken for a U.S. Intelligence agent by a number of people from behind the Iron Curtain. There is so much of excit-ment to the story with driving and drink and murder. But, then that's Hitchcock for you. I'll leave the rest to you for those goose pimples n'

#### A BETTER JOB

Farmers often complain about the price of tractors and other mechanized equipment. That's only human rature. We all tend to kick when the cost of anything we want and need goes up.

Farm equipment is an intensely competitive industry, with a long list of producers vying for the farmer's favor and patronage. No manufacturer raises a price out of choice. But the makers of farm machinery have been caught in the same inflationary spiral as the rest of us, with wage rates and material costs soaring. And it speaks well for their productive efficiency that, percentage wise the selling prices of their products i has risen substantially less than wage and material costs.

Moreover, the machines are more efficient, longer-lasting, and more trouble-free than used to be the case -and that in itself is a form of price reduction to the user. Then, to cap the climax, farmers, as agricultural economist Karl D. Butler puts it, want" . . . equipment and accessories that will help them do a better job faster and with less backache."

For instance, a poll was recently taken in the key farming state of Iowa. It was found that 79.8 per cent of farmers wanted power steering on their tractors; 76.4 per cent wanted lights; 75.3 per cent wanted independent power take-off; 73 per cent wanted hydraulic controls, and so on down the list, with varying percentages wanting automatic transmissions, heaters, radios, etc.

Equipment of this nature is expensive. And, as with anything else, those who want it and get it must pay the

#### FACTS AND OPINIONS

Henry Hazlitt writes in Newsweek: "In the four major postwar steel strikes (excluding the twelve-hour strike of 1955) the total direct loss in wages to all the strikers, it can be calculated, came to more than \$830 million, most of which was never recovered by the strike 'gains'.

"Nobody wins a prolonged strike. The strikers lose most of all, even when 'victorious'. The union leader, of course, gets in the headlines. He strikes Napoleonic poses and displays his immense power. But if the union members kept a score card, it would considerably change their attitude toward melodramatic strike calls."

The chairman of the American Medical Association's Committee on Aging told a Senate subcommittee that physicians have yet to find an antibiotic for loneliness and rejection- - and that these two factors, plus a lack of useful things to do, emphatically affect the overall health of the aged. He added that society has a responsibility toward the aging to stimulate in them a will and to encourage them in their desire to be be self-reliant and useful.

Total defense spending in the last fiscal year came to \$41,217,000,000. U.S. News & World Report shows how it was divided: Army, \$9,350,-000,000; Navy, \$11,704,000; Air Force, \$18,993,000,000; Defense Department, \$1,170,000,000.

Time forecasts that during the last quarter of this year the U.S. economy"...will pass a long-awaited milestone far ahead of schedule." We will be producing, earning, spending and investing at the rate of \$500 billion- -half a trillion- -a year. This works out to the production of about \$11,000 worth of goods and services for each of the country's 45 million

The idea that the owl is a wise old bird has been rudely shattered. A New York Times article quotes a biologist as saying that owls are even dumber than chickens, if that is pos- tels sible. Following two years of owl studies, he is convinced that the bird is almost completely unable to learn by experience.

From Nation's Business: "Despite the significant rise of profit totals from last year's low profit rate, some economists doubt that business will be able to absorb many more (wage) increases that exceed productivity.

"The principal influence of business apon the price level lies in productivity changes. Rapid productivity gains often permit substantial wage increases with little price increase or even a decrease.

"Federal tax policy, however, now ment and in many lines has slowed down or stopped productivity gains.

"Thus it appears that future inflation trends will depend a great deal Ext. Monday evening, September 14, more upon action by the federal gov- 1959 at 8 p. m. The club will be host more upon action by the federal government and labor than upon what to their ladies and friends. business does."

How many tears were shed Tuesday when mothers waved good bye to their baby going to school on the bus for the first time?

My thoughts go with you on the bus, see the brightness ow your hair, How small your hands are, and-to

How wide with trust your eyes. I dare Not think too far beyond this day, But work away with cloth and broom, Your Daddy went to load the hay— He could not stand these quiet rooms. We lunch in silence, wait and watch The hours go inching like a year. We'll soon get used to this, but now You seem so young. What's this I hear?

As proud as when you came to us-Your Daddy shouts, "Here comes the bus! -Constance C. Fraley.

A VOICE FROM CARROLL COUNTY

In the United States the first Mon-

day in September is celebrated as La-

bor Day. It is a legal holiday in most states and is observed by parades, family pienies and traffic jams. In 1882 the Knights of Labor paraded in New York City on this day; in 1884 another parade was held, and it was decided this day should be set aside for this purpose. In 1887 Colorado made the first Monday in September a legal holiday and in 1909, Labor Day was observed as a holiday throughout the United States except in about four states. In Maryland it is not a holiday by stature, but may be proclaimed as such in any year by the governor. This year Labor had little reason to celebrate. The congress has just passed the Landrum-Griffin labor reform bill and the steel strike is in its 8th week with no settlement in sight. To the public the constant friction between management and labor seems stupid. One de-

pends upon the other to keep our

economy going. It doesn't seem log-

ical or necessary that one should want to antagonize the other or to gain

ings then the celebbration of Labor Day doesn't have too much meaning.

To all the amateur artists of Mary land, the National Tuberculosis Association, is offering them the chance of winning \$500 in cash and national prestige by designing Christmas Seals for the future use by the Association. The seal design is reproduced billions of times during the six-week Christmas Seal sale. It is impossible to estimate the value of the publicity and prestige to the winning artist. What is wanted is a design for the seal that conveys the spirit of the organization's nation - wide work in the control of tuberculosis. Design specifications are available at the Maryland Tuberculosis Association office at 900 St. Paul St., Baltimore 2. Designs are to be submitted to the Christmas Seal Sale Division, National Tuberculosis Assoc., 1790 Broadway, New York 19, N. Y. They must be submitted by October 1. The local tubercular assoc. located in the Medical Center in Westminster have previous year's Christmas Seal designs available for those who wish to see them. We hope artists from Carroll will enter some designs as our county is one that takes a great deal of pride in contributing so much in the fight against tuberculosis. We have often wondered how dis-

carded glass bottles could be put to good use instead of cluttering up the garbage each week. Now we have found the answer but to be honest it is not our own original thought. It comes from East Germany and it is this: Make glass containers in shape of a brick. After using the contents of whatever is first put into them, then use them to build a wall, divide a room or line a bathroom. It's also nice tidy way of getting rid of mustard, peanut and pickle jars.

The very things that Americans adore abroad they destroy systematically at home. Old buildings are broken up in the United States as fast as used packing cases, to make way for new ones. The loss we endure is not merely sentimental. What we lose is our heritage. Architecture is Wednesday evening they visited with an art whose master pieces cannot be Mr. and Mrs. George Itnour and son George, near Westminster.

Mr. and Mrs. George Sanner and art lives on in used buildings; they alone can carry it. Without them we are perpetual juveniles, starting over and over again. . . . a people without a memory.

A group of soil conservationists was making a tour through a badly eroded, rocky section of the hill country. At one stop, a farmer told the visitors, "My forefathers fought for this here land." Then looking out across the bleak, barren fields, he added with disgust, "They was the hotheaded type, I guess."
Miss Deanne Warner returned to

The making of handmade lace has been going on since the 14th century and there are no indications that women will ever grow tired of it. There is something elegant about the beautiful art that attracts women of each generation and so year after year they make all kind of articles from lace. Queens as well as peasant women have learned the skill of needle art and many works of art have been made with a simple needle, some thread and a pair of nimble hands. Business is never so healthy as when, like a chicken, it must do a certain amount of scratching for what Henry Ford it gets.

There is nothing as dangerous as Ruth Roelke

#### Crumbacker Reunion

The annual reunion of the Crumbacker Clan was held Sunday, Sept 6, 1959 at Big Pipe Creek Park, near Taneytown. There was a large number in attendance with everyone enjoying their basket lunch.
The president, Mrs. Emma Upper-

co, called, the business meeting together at 2 p. m., by having Mr. Evan Crumbacker reading the Scriptures. All sang the ever-familiar hymn, "Blest Be The Tie That Binds". Mrs. Jeanette Bankard, the secretary, and Mrs. Doris Lindsay, the treasurer, gave their routine reports. Silent prayer was observed for Mr. John Crumbacker, of Salisbury, Md., who passed away since the last reunion.

Prizes were awarded to the following: oldest man, Mr. Wm. E. Frock, 82 years; oldest woman, Mrs. Elsie Zile, 87 years; youngest child, Myron Frock, 9 months; largest family, Mrs. Gertrude Henry; traveling fartherest, Mr. and Mrs. David Con

gleton of Pa., 140 miles.

A book on "The Genealogy Of The Crumbacker Family" is being written by Mrs. Grace Knauss of Balti-Md. She gave a very interesting talk on the progenitor of our clan, Hans Grumbacher (John Crumbacker) who came to America in 1733, and of his descendants.

The entertainment in charge of Mrs. Grace Crumbacker presented the following program: poem, "Are All The Children In", read by Mrs. Eva Frock; hymns, "Great Is Thy Faith-fulness", and "Grant Us Wisdom", sung by a quartet consisting of Mr. Marshall Crumbacker, Mrs. Irene Crumbacker, Mr. Maurice Bankard, and Mrs. Gertrude Henry; monologue, "Minnie At The Skating Rink" Miss Lina Crumbacker; recitation by little Donna Jean Derr; reci-"Hardships" by Miss Bonnie reading, "Teasing' by little Main; reading,

Debbie Crumbacker. The program drew to a close by singing the hymn, "God Be With You", and the repeating of The Lord's Prayer. Plans are already being made for next year's reunion. Hope everyone will make every effort pense of the other. But thats the way to be present with 100% attendance

#### York Interstate Fair

Still the greatest entertainment bargain after more than a century of providing top notch thrills and pleasure for county fair patrons, the York Interstate Fair has scheduled an all-star array of attractions for the week beginning Tuesday, Sept. 15 and continuing daily afternoon and evening through Saturday, Sept.

Heading the group of outstanding artists booked are, Tommy Sands, popular 'Pops' singer; Art Linkletter, Radio and Television emcee; Alice Lon, formerly Welk's "Champagne Lady"; Guy Lombardo and his Royal Canadians Orchestra; and Art Swenson's Thrilleade Swenson's Thrillcade.

Tommy Sands, teen-age idol, has been booked for the special added attraction on the grandstand program at the York Interstate Fair on Tuesat the York Interstate Fair on Tuesday, Sept. 15, Children's Day, both afternoon and evening. The 21-year-old Sands skyrocketed to fame two years ago following a television appearance. His first record, "Teen Age Crush," has been awarded a "gold record" for selling more than a million conies lion copies.

On Wednesday afternoon and night Sept. 16th, Art Linkletter, popular master of ceremonies of television's "People Are Funny" program will appear. Linkletter, 25 years in show business, has announced almost every known type of special event and stars in two-coast-to-coast television programs.

Alice Lon, formerly Welk's "Champagne Lady" will be featured afterand Mrs. Harman Albaugh last week noon and evening on Thurs., Sept. 17,!

sings for your entertainment. Back for their fourth appearance, Guy Lombardo and his Royal Canadians Orchestra, rated tops in its field for more than a quarter of a century, will augment the grandstand program on Friday, Sept. 18.
Art Swenson's Thrillcade will fur-

nish the special added attraction on Saturday. This show, which plays on-ly the major cities in the country was recently presented here for the first time last year, was regarded by fair officials as the finest of its kind ever to be offered in York.

Harness and running races will be presented in the afternoon, Tuesday through Friday, and running races only on Saturday. Frank Wirth's colorful Broadway revue, "Rhythm & Melody" is scheduled for presentation every evening only on the big all-weather covered stage.

#### Rev. Morgan R. W. Andreas Honored

The congregations of Taneytown United Church of Christ charge honored the Rev. Morgan R. W. Andreas upon completing 10 years as pastor of the churches at Taneytown and Keysville.

The surprise celebration took place on Thursday evening in the parish hall of Grace Church, Taneytown. The program opened with the piano prelude by Mrs. Romaine Motter who served at pianist for the evening. Mrs. Charles Stonesifer read a poem "The Parson's Prayer" following which the congregation sang the hymn "The Church's One Founda-tion" A responsive reading, "Psalm 24", was led by Mrs. Fred Shank, after which Frank Wargny offered the prayer. The special musical number was a vocal solo, "The 23rd

ber was a vocal solo, "The 23rd Psalm", sung by Kenneth Reifsnider. The guild of the Taneytown church then presented a Life Membership into the Womens' Guild of the United Church of Christ, to Mrs. Morgan Andreas. This presentation was made by the president, Mrs. Marion

The remainder of the program was a take off on "This is Your Life". based on Rev. Andreas' 10 years in Taneytown. Neal Powell acted as Master of Ceremonies and introduced the program with a brief biographical sketch of the honored guest, following which Rev. Andreas' parents, Mr. and Mrs. Walter Andreas of Lehighton, Penn, were brought on the stage. After listing the many improvements of both churches during the past 10 years, Mr. Powell intro-duced the following pastors as special guests: Dr. Guy B. Bready, former astor of the Taneytown charge, now living in Frederick, Md.; Dr. Frederick Eyster, President of the Potomac Synod of the United Church of Christ, who brought the greeting and felicitations of the synod; Rev. Miles Reifsnyder, pastor of Baust Church; Rev Arthur Garvin, pastor of Messiah United Brethren Church, Taneytown; Rev. Wm. Hendricks, pastor of Taneytown United church; Rev. Stanley Jennings, pastor of Trinity Lutheran, Taneytown; Rev. Lawrence Strunk, pastor of Christ United Church of Christ, Hagerstown; Rev. Nevin Kirk, pastor of St. Paul's U. C. of C., Westminster, and finally the Rev. Alton Leister, pastor of the home church of Rev. Andreas at Lehighton, Penna. Rev. Leister, a roommate of Rev. Andreas at Lancaster Seminary, presented the main address for the eve-

Concluding the program was the singing of Rev. Andreas' favorite hymn, "Jesus, I Live To Thee", by a mixed quartette composed of Mr. and Mrs. George Motter, Mrs. Murray Mrs. George Motter, Mrs. Murray Baumgardner and Mr. Delmont Koons, Sr.

A reception was held after the conclusion of the program. At this time two more pastors were welcomed, The Rev. John Chaklos, pastor of the United Church of Christ at Emmitsburg, and the Rev. Edmund Welker, pastor of Carroll Charge, Westmin-

Gifts of money were given to the pastor by both churches, and Mrs. Anna Morelock presented Mrs. Andreas with a corsage of red roses.

## DIED

MRS. WILLIAM HOCKENSMITH Mrs. Effie Celesta Hockensmith, 80, widow of William Hockensmith, Taneytown, died at the home of a son-in-law and daughter, Mr. and Mrs. Loy Hess, near Emmitsburg, Saturday at 9 p.m. A daughter of the late Andrew and Emma Jane Byers Stonesifer, she was a member of Trinity Lutheran Church, Taneytown, Adult Bible Class of the Sunday school, the Mite Society of the Church and the United Lutheran Church Women. She also belonged to the auxiliary of the National Lutheran Home at Washington. Mrs. Hockensmith's husband died three years ago and she had resided with Mr. and Mrs. Hess for the past five months. Surviving in addition to the daughter with whom she made her home, she leaves a daughter, Mrs. Walter Weybright, Denver; two grandchildren and five great-grandchildren and three half-brothers, the Rev. Wade Stonesifer and Ernest Stonesifer, Baltimore, and Walter Stonesifer, Hagerstown. The Rev. Stanley B. Jennings, her pastor, conducted services Wednesday at 10 a. m. at the Fuss Funeral Home. Burial was in Trinity Lutheran Church Cemetery.

#### **Annual Reunion Held**

The thirty-seventh annual reunion of Company B, 311 Machine Gun Battalion was held at Big Pipe Creek Park, Sunday, Sept. 6. The 1959 officers were: president, Mr. Roy Phillips, Taneytown; vice president, Mr. Geo. Clabaugh, Harney; secretary-treasurer, Mr. C. H. Bunting, Newtown, Pa. Members and families present were 106. They were from Georgia, Massachusetts, Pennsylvania, Maryland, West Virginia and New Jersey. New Jersey.
The late Mr. George Shriner was

a member of that company. A picnic lunch was enjoyed by all.

## THOUGHT'S FOR THOUGHT

Now that school has begun, some mothers have also begun telephoning teachers that Johnnie was denied the privilege of sharpening his pencil. Is it any wonder there is a shortage in the teaching profession!

Not only spinsters are able to tell parents how to rear children but others with as little experience in other fields are as generous with their wisdom. It is not unusual for those who know the least to give the most advice.

It isn't the size but the color of the collar that separates people socially.

## For All People

Lesson for September 13, 1959

JONAH is a strange sort of book. It was placed by the early Hebrew editors among the prophets; but there is nothing to indicate that Jonah wrote a line of it. It is a story about a prophet rather than sermons by a prophet. It is strange, moreover, that something

good is said about every one mentioned in this book - all except Jonah. Further, while prophets were expected to proclaim God's word and will, this man Jonah argues with God

and shows very Dr. Foreman plainly that he does not think well of God's attitude. Indeed, except when inside the fish, where the man was very pious indeed, Jonah's remarks are with one exception rather peevish.

#### Blind Prophet

Nevertheless the reader learns a great deal from this book. Jonah is generally wrong, but God is right. The trouble with this fractious prophet was that he could not see things as God saw them. Maybe this makes him no prophet, some one will ask. To be sure, he is never called a prophet in this book, but he must be counted one, for he did finally say what the Lord told him to say. And still, his stubborn peevishness is much more in the picture than his obedience.

For one thing, Jonah could not see the repentance of Nineveh. Nineveh was the capital of Assyria, a nation which brought great disasters on the Israelites. Jonah evidently shared the general opinion of his fellow-Israelites at that period, that the only good Assyrian was a dead Assyrian. The sins of Nineveh were plain enough to Jonah. What he could not see was the people's repentance and faith. It is a strange contrast we have here: the people of Nineveh who believed God, and Jonah who did

not; the people of Nineveh who repented and Jonah who (so far as the story goes) never did repent of his attitude to Nineveh. Jonah had what is now called a "stereotype" in his mind when he thought of a Ninevite, that is, a fixed picture which he could not change, a picture of a hopelessly godless and wicked man. A repentant Ninevite, weeping for his sins, was something so strange to Jonah that he could not see it.

#### No Eye for Children

At the end of the story, where God is explaining to Jonah why he (God) took pity on the great capital city, 120,000 persons are mentioned who "do not know their right hand from their left." It is generally supposed that this refers to children. God even speaks of the cattle; the divine interest in animals comes out in this book as nowhere else in the Old Testament. It is clear that Jonah had never thought of the children, much less of the cattle. What he wanted to see was fire from heaven, a burning city. That there would be innocent sufferers in the flames does not seem to have occurred to the man. Again Jonah had his stereotype of Ninevites.

#### "For Our Instruction"

"These things were written for our instruction," said a New Testament writer about the Old Testament. Certainly the book of Jonah has something strong to say to us here and now; so strong that it is hard to take. (The Israelites never did "take" the message of the book of Jonah.) We also have our favorite stereotypes, we think of people in certain fixed ways and we seldom think they could be otherwise. Let the reader test himself. What do these words suggest to you?-Negro, Russian, boss, farmer, banker, congressman, socialist, N. A. A. C. P., scientist, German, European, union organizer, bureaucrat? It is safe to say that many readers have fixed ideas about some of these, and perhaps some fixed hatreds. In war especially, we always think of the enemy, as Jonah did of Nineveh, in terms of the harm the enemy has done to us. It is a hard pill to swallow, and we don't know whether even Jonah managed to swallow it, but the fact is, we love everybody except our enemies, but God loves our enemies too. Peace will never come till Gods people begin to love the people God loves.

Minneapolis, Minn.—Measuring muscular force in pounds of pres-sure by electronic devices to aid in the diagnosis of various neuro-muscular diseases is one of the newest methods of determining the ravages left by disease on the muscular system, according to physiatrists.

physiatrists.
At Elizabeth Kenny institute, here, such a measuring unit, a myodenometer, the only one of its kind now being used for medical research in the country, is turning up useful facts regarding muscle development or deterioration, according to physical therapists there.

Prior to introduction of the myodenometer as a testing device by Dr. Willis C. Beasley, Bethesda, Md., doctors had no better guide in determining the effects of dis-ease on a patient's muscular sys-tem than the personal impression they got from actually feeling the muscles. Previously, individual judgment, said physiatrists, whether expressed as a percent rating, a numerical scale or such descrip-tions as "normal" or "poor" made

uniformity and accuracy impossible.

Testing has been carried on among some 2,000 normal and handicapped persons at Kenny institute to date. Among these were "pledge" classes from fraternities and sororities at University of Minnesota who volunteered their services as "guinea pigs" or nor-mals in order to establish a base for normal muscular force.
