Meeting of Taneytown Business Men

At the Taneytown Businessmen's monthly meeting at Taney Inn Tuesday, plans were formulated for the 3rd Annual Spring Parade of Values Sale. This event will be held on the 29th and 30th of April and nearly every business is expected to participate as in the other years.

At next month's meeting to be held at 1:00 p. m. April 5th at Taney Inn, final plans for advertising the event will be made. Efforts of the association are hampered when the attendance is small so each retailer, regardless of the type of business, is urged to be present for this meeting.

All stores will be closed Good Friday from 1:00 P. M. to 3:00 P. M. as in previous years, to enable merchants and employees to attend the Good Friday church services.

Ki Wives News

On Monday evening at 6:30, the Ki Wives and their husbands met at Taney Inn. Pres. Stonesifer opened the meeting with the singing of our National Anthem and flag salute. Mrs. Charles Cluts led the invocation. After dinner Mrs. Mohney inducted Mrs. Margaret Villard into the Ki Wives Club. Mr. George Crouse, Pres. of Kiwanis, read a letter announcing the contemplated visit of the Oriole Baseball Club to Taneytown.

The program committee had a card party planned for the evening's entertainment. There were 3 tables of "500" with Mr. Clyde Hesson winning the "500" prize. Refreshments were served during the card playing.

The next meeting will be on Monday, March 28, at Taney Inn. This will be an inter club meeting with Mt. Airy.

ORIOLES TO VISIT TANEYTOWN Tentative Day for The Event June 13

A meeting was held at the Town Hall on Monday evening, February 29th, with two representatives of the Baltimore Oriole Club, Messrs: Jerry Sacks and Robert N. Winsett, present. The purpose of this meeting was to discuss the possibility of having the Baltimore Oriole team visit Taneytown in the very near future, with various business and service clubs participating in the entertainment. Mr. George Crouse, introduced the two representatives to the interested group and then called on the different organizations to introduce their members present which were represented as follows: Mayor and Town Council, Mayor Perry and George Motter; Jaycees: Harry Dougherty, Dean Nusbauer, Robert Boone and Kenneth Crouse; Kiwanis Club: Thomas Albaugh, Bruce Villard and Robert Neal; Chamber of Commerce: Robert Dunham; American Legion: Robert W. Wantz; Town and County Gas Service: James Hays; Carroll Record Company: Charles Stonesifer. Also letters assuring their cooperation had been received from Cambridge Rubber Company.

Mr. Winsett spoke briefly on the opportunity of having the "Birds" come to Taneytown, impressing upon everyone present that it would be something wonderful for the town to participate in playing host to these wonderful players; that the boys would feel they could thank the people of the town and Carroll County, as they feel down in their hearts these people have made this ball club popular and they would like to make the people proud of them. He stated that most of these boys are on their way to a very successful business, very well educated and are always glad to carry on a cordial conversation with everyone. Mr. Winsett remarked, he has been asked this question many, many times, if they hear the applausment from the crowd when they are playing and he stated they can be assured if they see a good crowd at the games, it gives them a good instinct to play; the desire is there when they see a good crowd and makes a good ball game in helping to bring a winner. He said Mr. Crouse's son might be an Oriole player some day as well as some of the younger players of the town. I feel confident that the people of Carroll County and Taneytown would get a great thrill out of seeing these boys and it would do a great deal for the town and the community, especially the young ball-players of the town. It would also be an opportunity of getting a closer look at the players that one can not do when they see them at the Baltimore Stadium. He says he is willing to work with Mr. Crouse and everyone concerned on whatever grounds will be suitable with us—he can assure us we will get cooperation from the team—down to the last player. He also told of the kindnesses of the people when they had visited Westminster several years ago and what an interest it created.

Jerry Sacks, spokesman for the team, working in the business relationship department, stated they were gratified to find out about this invitation and assured us they will give their full support from the whole Oriole organization; that it is the public like us, that make the success of the club possible. They will come up here at our invitation with the possibility it will stir up enthusiasm for the town, for our ball clubs and we will have more Carroll County people in the Baltimore stadium.

A question was raised as to the cost of having the players up here and Mr. Winsett assured everyone as far as the players were concerned, the cost would be nothing as they were going to do this on their own good will, however, the part of entertainment would be entirely up to we people and what we desire to do would be entirely up to us.

As to the time when they could come, Mr. Winsett pointed out there are but two dates available, one on the 13th of June and the other on the 11th of July. It is impossible to have them up here on a Saturday or Sunday as they are usually playing ball. It was then unanimously voted on to set aside the date of June 13th as a tentative date for Oriole Day in Taneytown with the exception that all interested organizations and business places will accept this date. The above date, or course, is pending, depending on the approval of all organizations concerned.

Please let Mr. Crouse know of your desires by March 7th. If enough interest is shown a written invitation will be forwarded to the Oriole General Manager, Mr. Lee MacPhail, for the Orioles to visit Taneytown on June 13th.

Local Students on T. V.

Friday, March 4th at 5:15 P. M. Channel 2, Baltimore, three of our High School students from the 10th grade will appear on Mrs. Eleanor Nash's T. V. Program called "Youth Speaks." The topic for this program will be "The Sort of World you would like to live in." This should be very interesting getting the view point directly from the youth of today. The three students participating in this discussion will be Cherie Phillips, George Rue and David Hopkins.

Elementary School Registration

Children whose names appear below may be expected to enter the Taneytown Elementary School in September, 1960. Some may have moved from the community while others, new to the district may not be listed.

Will parents please contact the school, either by phone or letter, confirming the entrance of the child, at the same time, letting us know of those departed and new ones who may be entering in the fall.

Parents are asked to be conscientious in letting the school know of expected registrants as the number on roll will determine the number of first grade sections provided in the fall.

Pythian Sisters Past Chief Club Met

The Pythian Sisters Past Chief Club met at the home of Mrs. Donald Hess, of Harney the past Tuesday night. Meeting was opened by singing "Battle Hymn of the Republic" followed with scripture reading by Mrs. Hess, she read the 23rd Psalm with all repeating the Lord's Prayer in unison. Minutes of previous meeting were read and approved as read. Roll call was answered by 15 members, also several guests were present. A Happy Birthday was sung to five members; each received a lovely gift. Mrs. Fred Shank gave a very lovely talk in remembrance of a departed member Mrs. Maude W. Norton, who passed away Feb. 7, 1960 at her home in Brockton, Mass.

The guess box was given by Mrs. John Harman and won by Mrs. Rhoda Dahoff. Meeting adjourned by singing, "Church in the Valley by the Wildwood" followed with all repeating the benediction. Lovely refreshments were served by the hostess.

Mrs. Paul Hilbert will entertain the Past Chiefs Club at her home on April 5th. President, Mrs. Chas. D. Baker presided.

GRAY LADIES

The Carroll County Red Cross Gray Ladies had a very enjoyable and successful pot luck supper Monday evening, at 6 o'clock at the home of Mrs. Blanche Conaway, Westminster, with Mrs. Edward Haines and Mrs. Robert Shipley as co-hostesses. There were Twenty-eight and three visitors present.

A short business meeting was conducted by the Chairman, Mrs. Robert Baumgardner.

Lots of fun was had by acting-out Garry Moore's "I've Got a Secret" TV program.

Friday, March 11th, the Gray Ladies, in uniform, will assist at the food sale sponsored by the Red Cross at Hollander's Store at the Shopping Center. There will be another sale the same day at the Red Cross Headquarters.

MARYLAND GENERAL ASSEMBLY ENDS

Senator Weant Reports Closing Procedure

At the time this is printed the 1960 session of the Maryland General Assembly will no doubt be history and will all settle down to consider the effects of the legislation passed during this Session. While at this writing we do not know the fate of all of the bills introduced into the legislative hoppers, we do know that some very important matters have successfully negotiated the various pitfalls of the legislative routine.

Among these we find that the bill providing for a seven-judge Court of Appeals passed with flying colors. This change in our judicial system must be made by constitutional amendment and consequently the provision for this amendment will appear on the ballot this fall. It will then be the duty of the voters to decide whether or not they desire this change. This proposed amendment will be submitted to the voters for their adoption or rejection in pursuance of the directions contained in Article XIV of the Constitution of this State and at that time the proposed amendment shall be presented by the printed words "For the Constitutional Amendment" and "Against the Constitutional Amendment".

The James Bill for the teachers' pay raise was passed in compliance with the wishes of the Administration. It is our understanding that further study of this problem is to be carried on by a special committee in the hope that some satisfactory solution can be found.

It appears as though a slightly amended version of the Senate Bill on radiation control will pass both Houses. We spoke of the importance of this Bill in a previous column.

The bill providing for more stringent educational requirements for Certified Public Accountants will not pass during this session but further study of this matter will be made by the Legislative Council.

An important bill effecting the State Roads program has been passed by both Houses. This bill modifies certain provisions of the "12-year Roads Program" (1953) so that it may be completed at the earliest feasible date and in orderly fashion, thereby reflecting the impact upon the Program of the Federal Highway Act of 1956. It gives to the Commission greater discretionary powers in the Construction Program.

Several Workmen's Compensation Benefit Bills were passed by the Legislature, the most important of which appears to be the one that raised the existing ceiling of \$20,000.00 to \$30,000.00 on benefits that are available to persons who are permanently totally disabled. Another bill makes definite the fact that medical and surgical treatment, as well as medicines, crutches and prosthetic devices shall be provided for an injured employee "for such period as the nature of the injury may require."

In our final column next week we will attempt to discuss other important bills which have survived the legislative process and which will at that time be awaiting the Governor's approval or veto.

E. O. Weant, Jr.
State Senator for Carroll County.

Trinity Mission Study

Final plans have been made by the committees in charge of the special program Sunday, March 6th, from 3 to 8 p. m., at Trinity Lutheran Church, Taneytown. On this date the United Lutheran Church Women are sponsoring a study of Christian missions in Liberia, Africa.

It is hoped sincerely, that all members of Trinity, men, women and children, will take advantage of this wonderful opportunity to hear Mrs. Chas. Hauser, of Harrisburg, Penna., tell us of life in Africa. Mrs. Hauser is a most dynamic speaker and has made the study of missions her life's work. She promises a most interesting program.

Two sessions of study are planned. The first from 3 to 5 p. m. and the second from 6 to 9 p. m. Between sessions, from 5 to 6 p. m., a light supper has been planned for all. No reservations are necessary to attend.

Mrs. Martin Zimmerman, chairman of the food committee, announces the following menus, in the African tradition. Rice, loam, roast chicken nso, corn, loam, sweet potatoes, baenge, coffee, cocoa bananas, mankondo and peanuts nguba.

The Nursery will also be open from 3 to 8 p. m. with supervised activities for the small children.

Plan now to attend what promises to be a delightful and most informative afternoon and evening at Trinity.

Harney 4-H Club News

The regular Harney 4-H club met at the home of Merle Weant. The meeting was called to order by the president followed by Pledge Allegiance to the flag and the 4-H pledge.

Some of the boys are going on the Citizenship tour which will be held March 12. National 4-H club week is from March 5 to March 12. On March 12 the Carroll County Older Youth Group will hold a social dance consisting of square and popular dancing at the Agriculture Center at 8 p. m.

On March 15, 16, Clyde Weant and Merle Weant are going to the spring hog show at the Baltimore Union Stock yards.

"SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth!
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

The day of Washington's Birthday was a delightful one as to the weather and even a more joyous one for the shop Owners in Baltimore regardless of the size of the store for sales were plentiful due to mark-downs. The biggest bargains which I discovered was in the Oscar Caplan & Sons Jewelers (creators of artistic jewelry) since 1905—trays and there were just five of them from one to five dollars filled with superb jewelry which had previously been up to \$60.00 and that all types. I browsed around at a late hour when much of the glitter was gone!

Girl Scout News

The three Intermediate Girl Scout Troops of Taneytown jointly observed Thinking Day on Wednesday afternoon, Feb. 24, at the Trinity Lutheran Church. Thinking Day is a very special day that is celebrated throughout the Girl Guide and Girl Scout world. It is an occasion to observe not only the birthday of George Washington, the father of our country, but also that of Lord Baden-Powell, the father of Scouting. It also reminds us of the friendship that exists among the countries that have Scouts and Guides.

The girls of Troop #370 greeted the guests as they arrived. Troop #723 led in the Lord's Prayer and conducted a flag ceremony, after which they took part in a program called "On Thinking Day." This program was based on the International Campfire that closed the 1959 Senior Round-up. In July, 1959, eight thousand, five hundred girls camped together in a Senior Round-up in Colorado Springs. Delegates came from many lands, some as far away as Finland and Israel. Each girl brought with her a written wish expressing hope for peace and justice for everyone in the world. Some of these wishes were read in the "On Thinking Day" ceremony.

Mrs. Marjorie Zent then introduced the speaker, Mrs. Ellen Weant, dressed in a lovely Japanese costume. Mrs. Weant gave a most interesting and informative talk on life in Japan. She described a typical day as a school girl there. The Scouts asked many questions concerning Japanese food, transportation, festivals, religion, games, songs and even pets. It was very apparent that despite the difference of race, color or creed, young girls are basically alike all over the world.

The girls of Troop #370 had on display a very attractive exhibit of various Scout uniforms worn in the different countries. They also had found and marked on the globe the nations that have Scouts or Guides.

The girls of Troop #1202 then served delicious refreshments of cookies and punch. The Scouts baked the cookies themselves. This was part of their badge work in homemaking.

Mrs. Charles Hopkins, Miss Liza Carpenter, and Miss Vivian Stitt were our guests. Leaders and assistant leaders were Mrs. Jean Chenoweth, Mrs. Melba Fair, Miss Nancy Keefe, Mrs. Jean Fiscus, Mrs. Marjorie Zent, and Mrs. Zola Cantwell.

Brownie Troop 588 met at the Trinity Lutheran Church on Wednesday at 5:30. The girls are busy at work knitting pocket books. They started the project in January. Their leader Mrs. Pauline Ford, reports that one or two girls have almost finished the work. Mrs. John Skiles was a visitor at Wednesday's meeting. We neglected to say that Mrs. Helen Laird is an assistant leader of Troop #588, along with Mrs. Naomi Smith. We regret this oversight. Mrs. Laird was formerly the troop leader.

Brownie Troop #820 met on Wednesday afternoon at the United Brethren Church, under the leadership of Mrs. Maxine Bowers and Mrs. Betty Hess. The group is engaged in some interesting handicraft. The Brownies are making Octopus dolls of yarn. This project will take 2 or 3 more weeks to complete. On February 17, nine girls received membership stars. They are as follows: Brenda Clem, Bonnie Bowers, Sharon Kelly, Susan Miller, Kathy Parrish, Linda Eckenrode, Connie Foreman, Teresa Zent and Ann Thompson.

When our Brownies and Girl Scouts sell cookies, they are helping all Girl Scouts have better scouting. This is another kind of service to others as well as to themselves. Sometimes it is easier to think of rolling bandages as a service project, but our cookie sale is service, too. Through her troop's service a girl is helping to take care of the maintenance of our camp properties so that camp fees can be lower than would otherwise be necessary. She is making it possible for more individual girls to have camping experience by making additional campership funds available. She is also helping to provide a wider variety of Girl Scout camp opportunities and better camp facilities for years to come.

In addition, the troop commission can be used to help balance her troop budget or be used by her troop to carry out additional service projects in the community. We heard of a troop that bought a flowering crabapple tree and planted it in front of a new Jr.-Sr. High School. This was in conjunction with a village improvement project. Imagine what fun it will be for these girls to pass this tree in future years and say "There blooms my Cookie Money." Taken from the "Cookie Bulletin".

WHEAT INTO MEAT

The American Farm Bureau Federation has offered an admirable proposal for dealing with the surplus wheat problem.

In a statement made to the Senate Agriculture Committee by Charles Mitchell, a farm bureau director, it is pointed out that "from a practical standpoint there are only about four things that we can do, with wheat. We can eat it, export it, feed it to livestock and store it." At present, he went on, Americans are eating all the wheat they want and about all that can be sold goes into export, which takes care of two of the possibilities. Therefore: "We obviously cannot go on building storage stocks indefinitely. The remaining alternative is to increase the use of wheat for livestock feed."

This is in complete consonance with the long-held view of leading agricultural economists. The wheat surplus problem would be minimized and perhaps ultimately eliminated if the country embarked on an aggressive program of animal agriculture, and turned the wheat into meat. Practically everyone likes meat, and desires it once or more each day. Because of its protein content, it is among the most valuable of foods from the standpoint of both physical and mental vigor. There is small doubt that per capita consumption could be substantially increased.

Meat has another vast virtue over wheat in this surplus age—being perishable, it must be consumed, and quickly. It can't be stored indefinitely.

FACTS AND OPINIONS

Time magazine reports on Cuba: "Cuba's revolution now seems aimed at taking over every institution, business and property of note in the country. Fidel Castro's National Institute for Agrarian Reform (I.N.R.A.) has blanket authority to seize land, and it is doing just that at a hectic pace. His Ministry for the Recovery of Stolen Government Property grabs all possessions of 'counter-revolutionaries,' real and imagined. To this pair of communizing agencies, Castro... added a third: the Labor Ministry, which got decree power to take over any business or labor organization."

President Canham of the Chamber of Commerce of the United States urges that retired citizens plunge into politics—and says that they will find it active, rewarding, exciting, productive and engrossing work. He points out that retired people can serve the political parties of their choice by working at the precinct level, and that they do not have to become candidates for office. As he sees it, "We need more doorbell ringers."

The 1959 tax bill of Class I railroads amounted to \$960 million, about \$82 million above 1958, and almost double the industry's net income, according to the Association of American Railroads.

Newsweek says, under the title "The Great Bank Robbery": For Americans wondering why the U. S. soil-bank program has not been more successful in holding down the staggering farm surpluses, U. S. Comptroller Joseph Campbell had an answer.... Of all the 23 million acres that have gone into the soil bank, nearly one-quarter (or 5.4 million acres) of 'idle' land had not been producing crops anyway.... Campbell

said owners of fallow acreage have been paid \$54 million a year for five years. Thus the government, now moving to halt the abuses, spent a total \$270 million to reduce crops that never existed."

Automation Note: Before the installation of dial phones, Norvin R. Greene writes in National Review, the American Telephone & Telegraph Company employed 375,000 operators. Now, with the dials in general use, the number of operators has more than doubled. He quotes a company officer as observing that "had the dial not been invented there would not be enough woman-power available in America to handle the telephone operator requirements."

According to the American Medical Association, in 1939 the average U. S. factory worker worked 15 hours and 54 minutes to buy \$10 worth of medical care. In 1958, on the other hand, it required only nine hours and 24 minutes of work to purchase—even at a higher price—the same quantity of care.

There has been much controversy over the Administration proposal to raise the legal interest rate on long-term government bonds. In an article explaining why the rate is now too low, Time says: "Every economist agrees that the U. S. Treasury is in a tough spot to refund Government issues that are constantly coming due. With top-grade corporate issues bringing more than 5 percent, the Treasury cannot sell long-term bonds limited to a 4-1/2 percent ceiling. The Treasury is forced to get its money by short-term issues, has to keep going to the market to raise cash, thus disrupting short-term borrowing for business and helping to drive up rates."

CURRENT EVENTS
FIFTY YEARS AGO

Chalk rings for marbles are appearing on the sidewalks—an indication of the coming of Spring.

Mrs. Jacob Wolf and little daughter, Helen of Baltimore, visited her parents, Mr. and Mrs. C. O. Fuss, this week.

Mr. Edward W. Null, postmaster at Niantic, Ill., is on a visit to the family of Mr. Samuel S. Null, this district. He has been west a number of years, but will be remembered by many.

Harry A. Allison and J. W. Withrow, under the firm name of H. A. Allison & Co., have bought out H. K. Koons, and will continue the stove and general plumbing business at the old stand, in Opera House building.

Mr. Judson Hill, one of our Representatives in the House of Delegates, voted in favor of the Woman's Suffrage bill for Baltimore city. In the light of corrupt political methods in our cities, Mr. Hill no doubt decided that voting by women could not make conditions worse.

Frizellburg.—Noah Miller, a farmer living near here, met with an accident on Wednesday, while in Westminster. A wheel of his wagon passed over his leg and broke it above the ankle. Mr. Miller has many friends here and his misfortune is deeply regretted.—The post card contest still continues among the little tots. Dorothy Grace Myers, daughter of Mr. and Mrs. Herbert Myers, whose birthday was quite recently received 98 cards.

William Arthur is having work done preparatory to building an addition to his dwelling house here, before he occupies it April 1.

Uniontown.—The Uniontown Savings Bank will hold its annual election at its banking rooms, on Saturday and the usual banquet afterwards at L. F. Eckard's cafe.—Harry Haines left on Tuesday for Philadelphia where he hopes to find employment.—William Rodkey is improving the property recently purchased by him from Mrs. Mary Cover, and occupied by his son Charles.—Charles O. Fuss of Taneytown spent Sunday with his mother and sister, Mrs. Mary Cover.

GLASS HAS STIRRED THE CREATIVE URGE IN MAN EVER SINCE HE FIRST LOOKED UPON THE FUSION OF INORGANIC MATERIAL BY LIGHTNING AND VOLCANIC ERUPTIONS...

GLASS MAKING WAS KNOWN BY THE EGYPTIANS AS EARLY AS 2,500 B.C.

DURING THE COURSE OF EVENTS GLASS BLOWING BECAME AN ART IN THE BEGINNING OF THE FIRST CENTURY A.D. WHEN IT WAS DISCOVERED THAT GLASS ON THE END OF A HOLLOW TUBE COULD BE BLOWN INTO A MOUND EASIER THAN WHEN PRESSED IN...

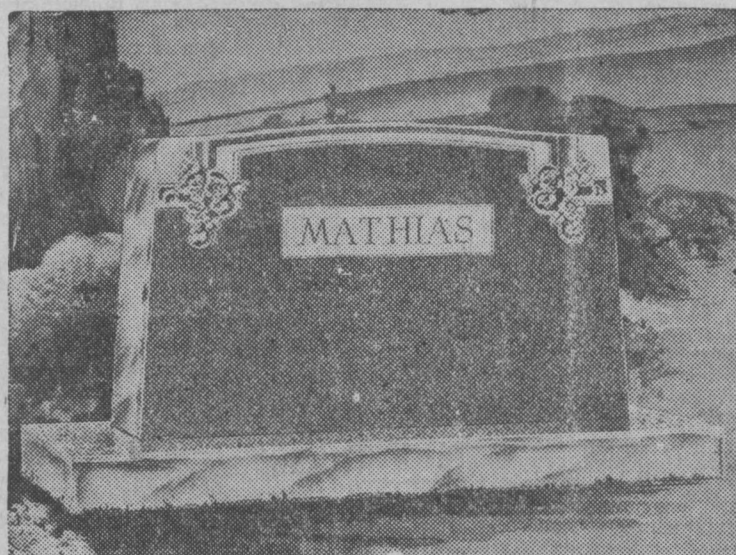

SO SKILLED DID THE ARTISANS BECOME THAT GLASS BLOWERS WERE KNOWN BY THEIR GLASSWARE AND RECOGNIZED IN EARLY DAYS AS "LORDS OF THE TRADE" CATERING TO NOBILITY.

"HAZELWARE"

THE MACHINE AGE IN GLASS MAKING BEGAN IN 1893 WHEN HAZEL-ATLAS GLASS CO. DEVELOPED THE FIRST COMMERCIAL SUCCESSFUL SEMI-AUTOMATIC MACHINE FOR MAKING GLASS CONTAINERS... TODAY HAZELWARE HELPS TO BRING THE FINEST TABLE SETTINGS WITHIN THE MEANS OF EVERY AMERICAN HOME.

NOTICE

There will be a meeting of the Ambulance Committee, and drivers on Wednesday night, March 16, 1960 at 8 o'clock, in the Taneytown Firemen's Building.

Attention Farmers:

After many years of purchasing farm separated cream we are now expanding our operations to include the purchase of whole milk also.

This milk which is used for manufacturing sweet cream butter and milk powder will not require any farm inspection. The only requirements are that the producers have good milk cans, a milk strainer and an electric milk cooler.

We are interested in hearing from any one in this area who would be interested in this type of milk market. No producer too small to take advantage of our market. We expect to receive milk from distances up to fifty miles or even further from Hagerstown, Maryland.

The price of this milk will be based on the value of butter and milk powder as established by the Government support program.

We are also interested in contacting any one who feels he would like to work up a milk route from this area.

Address all inquiries to Potomac Creamery Co. Inc., P. O. Box 124, Hagerstown, Md. Phone RE 9-6380.

The above photograph shows the rapid progress that is being made on the construction of the new Carroll County General Hospital.

As a result of this activity inquiries are coming in almost daily at the Hospital office, at the First National Bank Building, Westminster, concerning Hospital Memorials that are still available.

The hospital authorities are pleased to announce, therefore, that there are still many very desirable

Memorials that can be obtained in all the various price ranges beginning at \$500.00.

It is gratifying to report that a very handsome gift was received by the hospital staff last week from a family living in New Jersey, which had previous Carroll County connections.

In as much as hospital construction and equipment costs are continuing in an upward spiral, the public is urged to make further Memorial

reservations, and thereby directly contribute to this great humanitarian enterprise which will operate for Carroll County, Reisterstown - Glyndon and their neighbors, twenty-four hours every day.

If you wish any further information about Hospital Memorials, kindly phone Mrs. Darthean Fox at the Hospital Headquarters, Tilden 8-8521 and she will be pleased to give you complete details.

Sympathy is extended to the family of Mrs. George Dohm. Mrs. Dohm died last Thursday at the home of her sister, Mrs. Arthur Clabaugh, Mr. Clabaugh and family. The burial service and burial were in Hanover, Pa.

Among those from this section who attended the milk meeting in Baltimore on Saturday were Mr. and Mrs. Charles Stonesifer, Mr. and Mrs. Clarence Stonesifer, Mr. and Mrs. Lloyd Wilhide, Mr. and Mrs. Clyde Wilhide, Mr. and Mrs. Glenn Kiser, Carroll Wilhide, Myron and Jane and Joyce Lescalet. I think I am safe in saying that Mr. and Mrs. Earl Roop also attended. Mr. and Mrs. Gregg Kiser usually attended this meeting but they are building a new house—so am not sure about their attendance.

Congratulations to the newly-weds Mr. and Mrs. Robert Bowers. Their wedding took place at Rocky Ridge on that snowy Feb. 14th. Mrs. Bowers is the former Arlene Ahn, daughter of Mrs. Ahn, of the Forest and Stream Club road near Detour, Mr. and Mrs. Bowers reside in Taneytown.

Visitors on Sunday at the home of Mr. and Mrs. Carroll Wilhide were Mr. and Mrs. Lloyd Wilhide, Mr. and Mrs. Clyde Wilhide, Mr. and Mrs. Edward Coshum, Mrs. Lucille Lescalet, Sharon, Allen and Joyce.

Roger Devilliss, of Keysville is better after having taken a long turn on the sick list.

Sandra Keilholtz, of Emmitsburg visited with her uncle and aunt, Mr. and Mrs. Charles Stonesifer and Kathy, Keysville, on Sunday evening.

The Terra Rubra Girls 4-H Club will hold its next meeting at the home of its leaders, Miss Jean Stonesifer, Keysville, on March 10th.

The Union Bridge Lutheran Parish has Lenten Services scheduled for each Wednesday until Easter. This year, for the first time, members of the entire Parish will be joining in a service of Holy Communion on Ash Wednesday evening at Mt. Tabor Church, Rocky Ridge. The service on March 9th will be held at St. James, Union Bridge. All services start at 7:30 p.m.

Friday, March 4, has been set apart by Christian Churches all over the world as World Day of Prayer. To mark this day special services will be held in the Keysville United Church of Christ. This service will be conducted by the Women's Guild of that congregation. Pastor Brake will be the speaker. All members and friends of Keysville are invited to attend this service, Friday, March 4, at 7:30 p.m.

The Union Bridge Parish Lutheran League is scheduled to meet this Sunday evening at Keysville.

Mr. and Mrs. Charles Stonesifer and Kathy, Keysville, were Sunday

ter, Mrs. LeRoy Dinterman, Mr. Dinterman and family of Rocky Ridge. Miss Carol Wolfgang, of Washington, D. C., spent the week-end with her sister, Mrs. William Fleharty, Mr. Fleharty and family of Forest and Stream Club road. On Saturday Miss Wolfgang participated in the celebration of Mrs. Fleharty's birthday. The birthday occurred on the 25th.

Mr. and Mrs. C. E. Priest had a wedding anniversary on Feb. 25th. They celebrated by going to Baltimore on Sunday. They stopped by Hampton House to see Beverly. I am glad to report that Beverly is fine now and went back on the floor at Johns Hopkins last Wednesday.

Congratulations are being received by Mr. and Mrs. Charles Ray, of Detour, upon the birth of a son several weeks ago.

Congratulations are also being received by Mr. and Mrs. Eugene Fisher, Detour, upon the birth of a son on Sunday.

The members of the Terra Rubra Girls 4-H Club will attend Rocky Hill Church in a body on Sunday March 12th. This is part of the Clubs recognition of National 4-H Club week. It is expected that a display of 4-H work will be put in the Clabaugh Store at Detour.

Ross Wilhide of Feersburg was a Saturday evening visitor at the home of his nephew Carroll Wilhide and family, Keysville-Detour road.

A VOICE FROM CARROLL

Of all the countries President Eisenhower is visiting in South America, Chile is the one that fascinates me the most. The reason for this is partly due to its history and partly due to the way it has handled its groups of citizens. The concept of the melting pot is truly American, but nowhere in the Western Hemisphere has it worked as well as Chile. Our own United States is composed of a vast variety of races and racial groups, but their fusion into one homogenous people has been a difficult and often arrested process. We did not absorb the aboriginal Indians; we killed them until they were no longer a menace and then we segregated them. As we have segregated other colored races as well. That problem does not exist in Chile. To a greater extent than any other American nation, has the melting pot worked there to fuse various groups into a homogenous, "new" and truly American race. One reason for Chile's famous progressiveness is perhaps its geographic location. It stretches along the Pacific for 2900 miles, from the South Tropical zone to the sub-Antarctic with the Andes mountains in sight or just barely beyond the horizon, range on range, towering majestically, sometimes clothed in the full splendor of glistening snow, sometimes belching fire and smoke and sometimes capped with pure sulphur. The matchless cliffs of snow, its scenery, and its hotels combine to make the tourist trade as likely a successor to the nitrate trade which is a flourishing enterprise. One of the pleasant things an American visitor finds is that an U.S. dollar goes a long way. For example a room with meals in a luxury type hotel costs five dollars. Right now Chile is having trouble with inflation but the government is taking strong measures to curb it. Mr. Eisenhower's visit will do much to focus world attention on this South American country and it will help to make people visit this fabulous country. We are one of them who would like to fly over the Andes and drop down in one of the small villages and partake of some of their friendly hospitality.

The Winter Olympics are over in Squaw Valley and if Americans learned anything from them it should be the conclusive fact that Americans better get out from under the steering wheel of a car and start making tracks down the mountains on skis. Also stop sitting in front of television so much watching westerns and get out on the ponds and do some ice skating. For a country with so much young talent, money and opportunity to take part in sports we made a very poor showing in the Olympics. If it hadn't been for the hockey team we would not have too much to crow about. The most exciting of the entire met was the

space with just a pair skis is matchless courage and skill and beauty. It is a marvel to watch.

Poor Garrett County seems to be the ice box of Maryland. Another six inches of snow fell there this morning. But the ski runs this year have been better than ever with sport fans flocking up there by the hundreds.

We are most happy to learn that at long last the young people of Union Bridge will have their hopes realized through the kindness of Mrs. Earl Shiner of having a recreation park and swimming pool. No finer gift could have been made as it will give pleasure to all the citizens for many years to come. For a long time many thoughtful people have tried to interest the town in providing a recreational center for the public's use but it never could see the way to furnish a ball park or swimming pool. Now a private citizen with understanding and vision and concern for the youth of Union Bridge comes forward and solves the problem. It is a fine thing to do and we want to be among those who say "thank you for your kindness to our boys and girls."

Experts can be so wrong at times. Just two years ago they said the American public would never accept the small compact cars. Now the makers can't keep up with the demand for they have turned out to the answer the mileage problem, the insurance problem and the parking problem. In short they are what the American public has wanted ever since Ford stopped building the Model A.

Princess Margaret is just like any other girl just engaged...she is eager to show off her ring and her young man. And that is the way it should be. The world needs more love and romance...not less. For love is what keeps the world from getting too dreary or dreadful.

The U. S. Department of Health has indicated that lip stick is harmful because of the coal tar product it contains and could possibly give a user cancer. We are just wondering how much this bit of information will have on the female sex. Many would just as well die if they had to face the world without lipstick. And what about kissing? Nothing here-tofore has stopped this delightful pasime and we doubt very much if any thing will. But what amazes us is that with all the bombs and missiles ready to finish all of us off at a minutes notice the Health Department is trying to scare us to death with lipstick and cranberries. What next?

I will study and get ready and perhaps my chance will come. Abraham Lincoln

In this election year, those persons interested in finding out how congress and the President works will get a great deal of information by reading "Advice and Consent" by Drury. It is a book about Washington Politics, written in novel form by a man that knows of what he writes. Don't expect to read it in a week even if you are a fast reader. After you get through it, you may decide not to vote ever again.

SUNDAY AMERICAN

Guernsey Breeders' Hold Dinner Session

The Annual Carroll County Guernsey Breeders' Association meeting was held at the Carroll County Agriculture Center Thursday Evening February 18. Due to the inclement weather only 49 persons attended the annual affair.

The Invocation was given by Father White followed by a turkey dinner served by the Associated Women of the Farm Bureau. Acting toastmaster for the evening was John Hull, county president. After a short business meeting when William Hibberd and Earl Beard were elected directors for a three year term, a program was enjoyed. Jay Hull and Merle Weant offered an instrumental duet accompanied by Mrs. Howard Devilliss on the piano. Louise Gunther played several selections on the flute. Mary Jane Wharf told of her experience at the recent National 4-H Club Congress in Chicago.

Mr. Robert McLaughlin, secretary for the State Guernsey Association brought us up to date on the Guernsey activities and announced that the State Meeting will be held this year on Friday, March 18th at the Green Spring Inn in Baltimore County. Mr. Robert Schabinger—Extension Dairyman from the University of Maryland awarded the long life time production certificates to the following breeders: Howard Devilliss, Jay and John Hull.

Mr. Maxel Alt, Assistant County Agent recognized Ned Wharf and Patty Roach for their outstanding dairy record books. Mr. Robert Jones announced that the Carroll County Junior Dairy Judging Team placed first at the State Fair while the Senior Team placed second. The recipients of the door prizes were Clyde Weant and Mrs. Vallie Fouche.

Mr. Burns introduced the speaker of the evening, Father White, pastor of the Episcopal Church in Westminster. He delivered a very enlightening subject "Knowledge of Outer Space."

The Mite Society of Trinity Lutheran Church met Tues. evening, March 1st, instead of Wednesday, due to the Lenten Services on Wed. evening.

The devotions were led by Mrs. Martin Zimmerman, President. Mrs. Harry Forney read the scripture, and Mrs. Stanley B. Jennings offered prayer.

The program consisted of the following numbers: vocal solos, "O Savior, Hear Me," "Were You There When They Crucified My Lord," and "Holy City," by Mrs. Marian Rue, accompanied by Mrs. Romaine Motter; Vocal selection, "Praise Him," by the little daughters of Mr. and Mrs. Charles E. Null, accompanied by their grandmother, Mrs. Hubert J. Null; and a vocal solo, "An Evening Prayer," by Mrs. Leonard Fink, accompanied by Mrs. Hubert J. Null.

Since this was the annual social, refreshments, consisting of doughnuts, ice cream, mints, pretzels, and coffee, were served.

The April meeting will be held on Wed. evening, following the Lenten Service. The Program Committee consists of the following: Mrs. Elbert Crum, Mrs. Ernest Dunbar, Mrs. Harry Dougherty, Mrs. Russell Eckard.

P. E. Company Has Best (1959) Safety Year

Employees of the Potomac Edison System chalked up the safest year in PE history last year, according to figures released this month by Raymond E. Beard, Safety Supervisor.

With 11 lost-time accidents suffered last year, employees recorded a 42 percent reduction in lost-time accidents over 1958 and the amazing figure of an 83 percent reduction over 1950.

Five of the System's 11 major operating districts completed the year without a lost-time accident. Winchester, Waynesboro, Martinsburg, Romney and Luray districts recorded a clean slate in 1959.

PE's Substation and Communications Department, with divisions at Frederick, Hagerstown, Cumberland and Front Royal, again came through the year without a lost-time accident, and once again captured PE's Inter-Department Safety Trophy.

"Merit-Rated" Insurance

The Maryland Insurance Department has approved the sale of "merit-rated" auto insurance in the state by Nationwide General Insurance Company of Columbus, Ohio.

Richard G. Chilcott, vice president and general manager, said the program, known as the "Safe-T-Rate" plan, is being introduced in a package contract.

Basically, "merit-rated" insurance is a method of rating where Heltebride the individual motorist Local Agent can earn lower premium levels through careful driving habits.

Nationwide General's plan has 9 rate levels. The entry level — or rate at which the motorist enters the plan — depends on his past driving record, where he lives, how much he drives, and so on. If he has had three years of accident-free driving immediately prior to entering the plan he usually starts at Level 5, which is comparable to rates charged in standard auto policies issued by Nationwide Mutual Insurance, another member of the group.

The rate level the driver can attain — either up or down from where he started — depends largely on him. If he goes along without accidents his premium level goes down. (He can realize nearly 20 percent in savings.)

On the other hand, if he has claims his rate level will rise. Not too much after the first or second accident, but quite a bit after a sustained string of them.

However, if his rate level goes up after a couple of mishaps, he can bring it down one step for each year of accident-free driving.

"In addition to easing auto insurance costs for careful drivers," said Chilcott, "this type coverage can also be an inducement to safer driving practices in general."

Forest Seedling Stock Available

The Department of Forests and Parks wishes to advise property owners in the State of Maryland that tree seedling are available free of charge for forest conservation purposes.

These seedlings must be planted on a spacing of six feet by six feet, and are used to reforest idle land, not suitable for other uses. The trees may not be used for ornamental purposes. Orders for less than 250 seedlings will not be accepted. This amount of seedlings will almost plant one-quarter acre of land.

Property owners are urged to get their tree seedling requests in as early as possible. Distribution is made on a first come, first served basis. The seedlings will be delivered to property owners as soon as possible after frost has left the ground in the spring.

For full details on forest planting stock, contact the District Forester's Office Street, Bel Air, Maryland or your local forester, Mr. Earl Sheble, Jr., Hook Road, R D #4, Westminster, Md. Phone: Tilden 8-9290.

Cake Secrets—Then and Now

Cookbooks of Early America were full of special secrets for cake baking. One was to wash the butter free of salt, and then to flavor it in a bath of rose water. Another suggested that in beating the batter it was better to use your hands in the winter and a wooden spoon in the summer.

A fluted cake pan like the Early American baking dishes known as "Turk's Heads" will make a party dessert from a very simple chocolate nut cake recipe. Prepare a rich dark chocolate batter from a pack-

age of the new Early American Fudge Nut Cake Mix inspired by Duncan Hines. Put it in a cake mold which has been greased and floured and bake. Cool for 5 to 10 minutes before unmolding.

When cake is completely cooled, drip a sugar frosting over the top. For the frosting blend one cup of confectionery sugar with 1 teaspoon of cream, 1/4 teaspoon vanilla and a dash of salt. Before icing sets, sprinkle on 1/2 cup slivered toasted almonds.

HOT BREAD FOR BREAKFAST

Calas, a hot fried bread made with rice, is one of the oldest recipes of New Orleans. Old colored nannies of the last century would sell them right on the streets. Sometimes they made them in saucapans filled with hot lard while their customers waited. Or, they covered the Calas in brown paper while still piping hot and carried them through the streets in market baskets on their heads.

Children delighted in running out to buy them, when they heard the call "Calas" outside. They would carry them home to be eaten, while still hot and delicious, with coffee or milk.

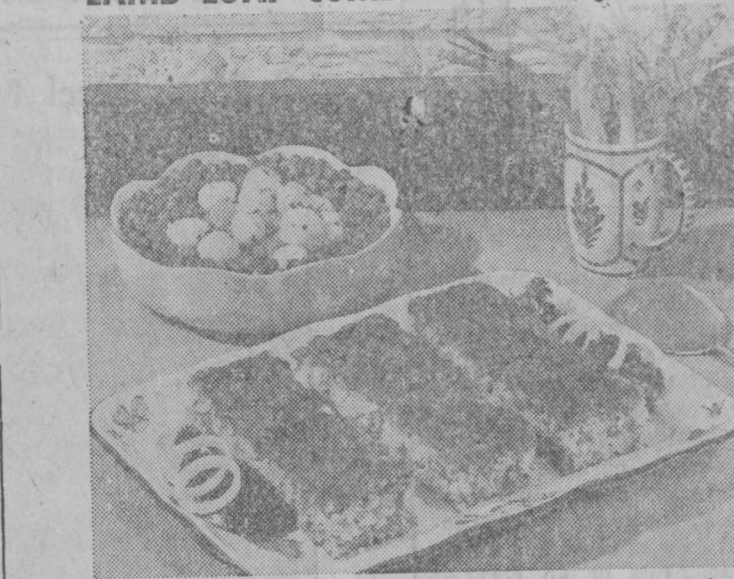

CALAS

1 1/2 cups hot cooked rice (very soft)	3 eggs, beaten
1/2 package yeast, active dry or compressed	1 1/4 cups sifted flour
1/2 cup warm, not hot, water (lukewarm for compressed yeast)	1/4 cup sugar
	1/2 teaspoon salt
	1/4 teaspoon nutmeg

Mash rice and cool to lukewarm. Soften yeast in warm water and stir into lukewarm rice. Beat. Cover and let rise overnight.

The next morning, add eggs, flour, sugar, salt and nutmeg. Beat until smooth. Let stand in a warm place for 20 minutes. Drop by tablespoons into deep hot fat (360° F.) and fry until golden brown, about 3 minutes. Serve sprinkled with powdered sugar or sugar mixed with cinnamon. Makes 2 dozen.

LAMB LOAF COMBINES EASE, ECONOMY

Why not put the adventure back into meat loaf? Here's one that suggests the glamor of the near East, a la Omar Khayyam, since it features traditional lamb and rice, dried apricots and honey.

There are some other surprises in store. To add to its interest, the meat loaf is concocted sandwich-style, so that its colorful rice and apricot filling shows off to advantage. One of the nice things about using rice as a stuffing is the fact that it combines equally well with fruit or vegetable, seasoning or spice and, in addition, it always has that just-right consistency.

Lamb makes a pleasing variation for a meat loaf, and the final touch to the dish is provided by a drizzle of honey spread over the top.

GOLDEN RICE STUFFED LAMB LOAF

3/4 cup diced celery	1 1/2 teaspoon pepper
3 tablespoons minced onions	1 egg, slightly beaten
1 tablespoon minced parsley	3/4 cup water
1/4 cup butter or margarine	1/2 cup crisp rice cereal, rolled into fine crumbs
2 cups cooked rice	1 1/2 teaspoons salt
3/4 cup cut dried apricots	1/4 teaspoon pepper
1/2 teaspoon salt	1 1/4 pounds lean ground lamb
1/4 teaspoon savory	1 tablespoon honey

Saute celery, onions, and parsley in butter or margarine until tender. Add rice, apricots, 1/2 teaspoon salt, savory, and 1/8 teaspoon pepper and toss lightly. Remove from heat.

Combine egg, water, rice cereal crumbs, 1 1/2 teaspoons salt and 1/4 teaspoon pepper. Add ground lamb and mix thoroughly. Spread 1/2 of the meat mixture on bottom of 10 x 6 x 2 inch baking pan. Spread stuffing over meat and press down firmly. Cover stuffing with remaining meat mixture and spread evenly over meat. Bake at 350° F. about 45 minutes, or until meat is done. Cut into squares to serve. Makes 6 servings.

Saves Money And Space For American Consumer

Max Hess, nationally known Allentown (Pa.) retailer, who has been encouraging the creation of more multi-purpose products to save the American consumer money and space since 1951 when he founded the annual Hess Versatility in Design and Use Contest, has revealed that entries in the 1960 competition are now open.

Mr. Hess invites manufacturers, designers and inventors of double duty garments and products, to enter the contest. The items can be brand new or well established products, as long as they serve more than one purpose. A free entry blank may be obtained by writing to Hess Awards Committee, Suite 1019, 527 Madison Avenue, New York 22, New York.

A handy adjunct to a well-organized farm shop is a portable electric generator designed to meet construction and service problems away from power outlets. In other words, if you can't take the work into the shop, take the shop to the work!

This calls for the use of time-saving portable power tools, which can be easily transported to farm areas where they can't be plugged into conventional outlets but can be put to work with the portable generator that supplies power anywhere, any time.

Portable generator provides power anywhere.

A popular size in portable electric generators is one weighing slightly under 100 pounds, offering 115 volts at 60 cycles with a capacity of 1,500 watts. It's powered by a four-cycle, single-cylinder gasoline engine.

With such a portable electric generator as the core, portable farm tools, including an electric drill and its wire brush and sanding attachments or an electric FarmTool, with accessories that make it a 10-in-1 tool, can be used anywhere on your farm.

In just a few minutes you can have the portable generator aboard a pick-up truck or tractor and be on your way to a quick repair on an outlying fence or building.

The generator is just the thing for stand-by service in the farm home and for emergency service, too, in case you're a member of a volunteer fire service or your local civil defense unit. It supplies power for lights, pumps, communication, oil burners, and other needs.

Questions from readers about do-it-yourself problems or projects are welcomed. Send them to Thor Research Center, Marengo, Ill. Answers will be answered in the columns or by individual letters.

Providence

Lesson for March 6, 1960

"GOD WILL take care of you" is the name of a popular song, and is a popular idea. But some of the bitterest experiences of life come when a person discovers that this sentence does not mean quite, or perhaps at all, what he thought it did. The name given in the church to the truth that God watches over us and all things and all men, is "Providence." In fact all that God does, in relation to mankind, and to his universe, is summed up in two words, Creation and Providence.

Dr. Foreman

But the current lesson from the Bible, part of the story of Paul, may help to untangle the truth about Providence, God's care for his creatures, from some wrong ideas about it.

Will God Keep Me From All Harm?

We sometimes say that God will keep us from all harm; but if we stop to think about it, if we see how God has acted in times past and what the experiences of Christians have been, we shall realize that to say that God will keep me from all harm is saying more than the facts will support.

God will not keep you from dying. He has not kept many of his children from death. Even his only Son Jesus Christ actually died on Calvary. We sometimes think a man is peculiar if he keeps a coffin in his house for future use; but while it may be unusual to do that, it isn't crazy. Unless you die at sea, or get vaporized by an H-bomb, or something extraordinary like that, you may as well buy your casket now. What is left of you will need a coffin of some kind. This is true no matter how good you are.

God will probably not keep you from all suffering. Even if you never have an ache or a pain in your body, even if you are as good as new, with all your teeth as good as new, even if your friends all outlive you so that you never have to mourn their deaths—if you have a heart at all, if you share the mind of Christ, you will be torn with compassion, as he was, by the thought of the millions without a shepherd. The more Christian you are, the more the sorrows of the world will weigh on you.

From Final Evil

What God will keep you from, is what we might call final evil. If we think over the lives of great Christians and saints, we can see what God's Providence meant in their lives. Take Paul as a fair example. There at Jerusalem God did not save him from being half-killed, though he did save him from being killed. He saved him from being scourged, but he did not save him from being a prisoner. There is always a worse something from which God spares us.

And what is the worst? It surely is this: that a man be separated hopelessly and finally from God his Creator and Father. Sorrow and suffering may keep us from seeing God; but no darkness need keep us from knowing that he is there. The Christian may have to walk in the valley of the shadow of death—and what greater darkness is there? There is one greater darkness than this, the black night in which man has lost God forever. But this does not come to the man of faith. Paul more than once thought he was going to die, and finally was killed; but he never lost God.

Is God My Bodyguard?

When the President of the United States goes on a trip, even for a few blocks, he does not worry about his personal safety. The Secret Service men do the worrying for him. As his bodyguard it is their responsibility to see that no harm comes to him. He carries no gun; but he is surrounded by guns on all sides.

Is God my bodyguard? Does he take all responsibility for my personal safety? Can I leave all the worrying to him? We can leave the worrying to him, yes; but we have a personal responsibility too. We can say that God kept Paul from the agony and danger of a Roman scourging; but how? If Paul had not spoken up when he did, and told the officer that he was a Roman citizen, he would have been scourged anyway. God's care of us works best when we act in partnership with him.

attend the evening of Organ music which was scheduled for Monday at 8. It was delightful and there were many more seated than the month previous. The Hammond Studios at 524 N. Charles. The public is welcome and all for free and real lovers of music right there listening to the Organs with a Soul!

Last Column, I wrote about Mr. Hause and Mr. Stieff stating I would write the story in this Column. Mr. Hause was employed as a salesman in the Kenny Company Hagerstown, Md., in the year of 1916. Mr. George Stieff came in to purchase his lot of coffee as was his custom each time he made the trip up to his "Piano Store". Approaching, Mr. Hause he said, "Young Man, I am very particular as to the coffee I purchase which must be blended to my satisfaction or I will not accept it. Do you think you could please me?"

"Well, Sir, I think I can" replied Mr. Hause. After the coffee ground was handed to Mr. Stieff, he smiled saying to the young salesman, "Yes, that is the way I like it" running his fingers through it and then smelling it. "Just how did you do it?" "Well, Sir if I am not here just have this knob turned to No. 2 and that will do the trick!" Mr. Stieff thanked the young salesman and beckoned him to the front door as he was walking out, "Young man how would you like to work in my piano store and sell pianos? I'll give you top salary." "I have never sold pianos in fact I do not know anything about them nor can I play a note so I know that I could not sell them!" "Oh, yes you could and I'll show you a few pointers!" The following week, the young Mr. Hause was accepted into business and the very first night he sold a big G R A N D piano! He was with the Stieff Piano company until it went out of business! And he still is selling pianos for the May Co!

When it is cold, Mrs. Housekeeper be sure you draw the blinds down in all the windows plus the venetian blinds and your Draw Draperies—you will save much fuel and your house will be delightfully warm.

Just think—what next? Now, Arthur Murray will bring his Dance Mobile right to your door for your first free lesson! Wow! That man sure has a head for business! Eh? Plus his dancing feet! Hope you learned the Charleston in your home the other evening just by watching the steps of Arthur Murray. Your Observer did just that!

Whatever you do, Mother and Dad—take your children to see Toby Tyler at The New Theatre. Do not want to give the sweet story away but it is about a Youngster who is parentless and joins the circus which comes to his home town and that home town could be "TANEYTOWN" or a town in any state just like it. You will love that Toby right from the very start and especially when he says, "Mr. Tupper!" and "Mr. Stubbs" Such a homey show, folks like those folks back home and I know you know just what I mean. There were even more adults than children at the show. Precious is the word! Don't miss!

"Windjammer" is something to see! When the curtains part there is the big Ocean in blue right before your very eyes and there are "Oh's" and "Ah's"! You are taken to Foreign shores in this big show. Magnificent is the word in every detail! You will be in Norway, Trinidad, San Juan. You will be taken right on the Fire Engine to a fire racing through the city of Philadelphia and it really is "West Philly" You are really taken on a Cruise of 15,500 miles with those nice and mild Norwegians! You will marvel at the roller-coaster ride on wooden sleds down a steep incline of a cobblestone street in Madeira. Nuff Sed! It is truly BREATHTAKING! If you cannot afford to travel—that's it!

"Jack The Ripper" is in town, too but all that is a Murder story.

When I was a little girl there was such a man who was given that name as he would slash the side skirts of women regardless of age and always at night! Almost forgot to mention for the Washington Birthday sales—Grant's on Lexington streets had Hershey's chocolate Kisses for 59 cents a pound! And every one was buying at least a pound!

So long, folks. Will be seeing you on March 2nd at the BOAT SHOW—Have a grand week end. Be most careful when you drive. Until next week D. V.

I am,
Faithfully,
Your Observer.

Elmer A. Wolfe PTA News

The Elmer A. Wolfe PTA met on Monday, February 22. Paul Bowman, President, was in charge of the business meeting. Mrs. Earle Wilhide substituted for both the secretary who were in the play. Rev. P. E. Freeman of the Keyman Holiness Christian Church gave the invocation, group singing was led by the Principal, Mr. Perron. Mr. Perron made some announcements—among them were, that the repair or rebuilding of the school shelter at Keyman, was being worked on the 7th grades of Elmer Wolfe did very well in a National test—the school would present an operetta on March 25th. The room count was made. The play "Wedding Shoes" directed by Mrs. Vivian Dougherty, was preceded by an introduction by the program chairman, Harold Thomas. The play was very well received. Those who took part were, Abbie Liz Tupper, Mrs. Thelma Bohn, Minervy Tupper (an "old maid of 18" (Mrs. (Edward) Kathryn Coshun; Mr. Tupper, Mrs. Ruth Black; Pa. Tupper, Edward Coshun; Parson Flurrie, Lon Edwards; Aunt Epsy, Mrs. Bernice Study (an old woman), Wheeler Greenrye, (a mountain boy), Monroe Clapsaddle; Percy Wolfe, (a bug killer), Earle Wilhide. Mr. and Mrs. Harold Thomas helped to put this play together.

The meeting in April will concern subjects offered to Jr. High students. In May a Bazaar will be held after the May Day program. This PTA was well attended, Mrs. Carroll Wilhide, publicity chairman.

BOY SCOUTS WILL MAKE PAPER COLLECTION

The regular bimonthly drive for rags, magazines, and newspapers will be made by Boy Scouts of American Legion Troop 348, Taneytown, on Saturday, March 5, beginning at 8:00 a. m. Besides the town itself, the collection will cover also the roads to Bridgeport, Crouse's Mill, Copperville, and Mayberry, as well as those rural residents on the individual pick-up list. Scouts gladly gather direct from your cellar or attic if their attention is drawn to this need while the scrap drive is in progress. In the event of weather bad enough to prohibit starting a successful collection, a new date will be announced.

Recent meeting programs and other activities

Compass dash by the scoutmaster and Assistant patrol leader Gerald Tracey (on two separate occasions), a Second class first aid problem by the scoutmaster, map symbols and sketching by Assistant patrol leader Samuel Bower, Morse words sent with light by Patrol leader Robert Shaffer (this was used three different nights), and a dramatics offering of each patrol by Assistant scoutmaster Robert J. Rock have constituted recent meeting themes, usually the bases for inter-patrol competitions in the given activity. Games and their selectors included rooster fight by Assistant quartermaster Ronald Airing, mounted football by Patrol leaders Shaffer, Donald Kointz, and Byron Baer, bull in the ring by Scribe Stuart Dom, various versions of Grab the bacon by Kointz and Assistant patrol leader Wayne Putman, and the rough-and-tumble Antaeus rush by Bower and Baer.

Occasionally an item of novelty or special interest would add to the programs, such as the time when each member was required to imitate a TV comedian by Assistant scoutmaster Robert L. Bowers, a demonstration of making the turk's head neckerchief slide by the scoutmaster, jokes by Baer, scavenger hunt by Kointz, an estimating problem by Quartermaster Ralph Hoffman, a new type of knot tying relay by the scoutmaster, or a brand new game, Sleeping pirate, by Kointz.

One outstanding result of the Morse code signaling emphasis has been a noticeable increase in general proficiency at this requirement, so often a stumbling block for Scouts in quest of the First class badge.

Awards of rotating plaques to the patrol standing first in the evening's main activity are given weekly. A new plaque for mapping was presented to the troop recently, the work of Assistant scoutmaster Rock, and Terry Bell of the Panthers promises to have another shortly to recognize skill in games and athletics. Such contributions also mean appropriate credit in the annual inter-patrol contest.

Patrol Prize Trip

March 12 has been set by the Green-Bar leaders' council for the prize trip to Hershey to see an ice hockey game, for the annual contest won by the Foxes for 1959 under Larry Six and James Tracey, patrol leader and assistant. Allowed to attend also at half-price will be the Panthers led by Kointz and Bower, who placed second.

Patrol contest hotly fought

The 1960 patrol race continues to be a hotly contested one, last Thursday's scores being 42 for the Flaming Arrows (Shaffer and Putman leaders), 36 for the Foxes (James Tracey and Dom leaders), 32 for the Raccoons (Bear and Gerald Tracey patrol leader and assistant), and 30 for the Panthers (headed by Kointz, patrol leader, and Bower, assistant). Advancement points count largely, and during the past week the Safety merit badge was completed by Shaffer and Bower. The former is also ready on First Class for the next Troop board of review to be conducted by American Legion members of the Troop committee. The contest has also been made more exciting by a recent shift in patrol line-up, some members of the popular Flaming Arrows being assigned to other patrols so as to even up each group's total roster. Only the Raccoons are now a little short-handed and in need of one or two worthy recruits, but are doing handsomely even so.

Green-Bar activities
Another round of bowling at the Emmitsburg alleys was enjoyed Saturday evening by members of the Green-Bar leaders' council as one of their special activities of an Explorer nature pending possible formation of an Explorer Post here.

Paper drive Saturday
Scouts able to help with the scrap collection Saturday are requested to report promptly by 8:00 A. M.
