COMMUNITY GOOD FRIDAY WORSHIP

To Be Held in Trinity Lutheran Church

Next Friday the community of Tan-eytown will mark Good Friday with the meditation on the 7 Words of Jesus from the Cross in a worship period from 1 to 3 p. m. in Trinity

Lutheran Church.

In this period of worship the ministers of the Taneytown Churches will present meditation on the last words of our Lord while on this earth as he died for the sins of mankind on the Cross. The congregation will share in the singing of the hymns and the worship experience should be most beneficial to all who would be in attendance.

The ministerium has suggested to the business establishments of the community that their proprietors give serious thought to keeping their places of business closed from 1 unrush or general exodus of the worsh-ippers before the conclusion of the meaningful program which should be well attended by all of the community and area.

period of study based on Africa, South of the Sahara.

Mrs. Charles Hauser, of Harrisburg, Pa., was the capable leader for the afternoon and evening. Through her enthusiastic leadership, all those who heard her were led into a vital interest in Africa as a fascinating and exciting country and as a land where there are many souls who must be told about and brought to Christ.

Every moment was "filled to the brim" with awakening insights into many of the conditions in the country, and the humorous sidelight made the entire session not only educa-tional and inspirational, but enjoyable as well. Two film strips were shown, one

on Sumo, a little African boy, and the other based on our own United Lutheran Church field of missions in Liberia, Africa.

A delightful meal was served featuring foods typical of Africa—

chicken, corn, sweet potatoes, bananas and peanuts. A nursery was supervised during

the afternoon and evening by some of the young people of the church. The program was sponsored by the United Lutheran Church Women. Plans were made and carried out very capably by the Education Committee of the ULCW, Mrs. Benjamin Cutsail, chairman, together with the assistance of additional members of the organization.

FACTS ABOUT SCHOOLS

In view of aggressive efforts to pass federal aid-to-education bills, a statement made last September by Senator Goldwater, ranking minority member of the Senate Labor and Public Welfare Committee, deserves national attention:

"During the past 5 years, the Senate Labor and Public Welfare Committee has held many days of hearings on bills which would provide Federal aid to the States for the construction of schools. And yet, there has never been one State school officer, when closely questioned by member's of the committee, who admitted that his State could not adequately take care of its own classroom shortage. This point is well illustrated by the fact that during the past 10 years, 500,000 classrooms have been built in the United States, 71,600 alone in the school year of 1957-58. It is obvious that the States and local communities are doing an excellent job in maintaining the pace required to house adequately our growing school-age population and they are doing this job without the help of the Federal Government. It is also obvious that the States and local communities can continue to meet their school building requirements without any assistance whatsoever from the Federal Government. - Industrial News Review.

"GRASS ROOTS OPINIONS"

"The 40,000-mile inter-state highway program was a glittering dream -one worthy and appealing. But, like others before it, it has turned into a spending nightmare.

ROSEBURG, ORE., NEWS-RE-VIEW: "We find that more and more taxes are being imposed upon the workingman to provide low-cost housing to great numbers of people, to keep hordes of people in idleness on welfare, to extend unemployment benefits in which widespread chiseling has been indicated, and to spread doflars in many other ways designed to capture votes, although every dollar must come out of the pockets of taxpayers and principally from the pockets of working men. Yet the liberals contend to be friends of the laboring man while, at the same time, turning his pockets wrong side out.'

BOONE, IOWA, NEWS-REPUB-LICAN: "Almost \$12 of every \$100 you will pay in taxes in the next eighteen months will be used for interest on the national debt. This is an all-time high-and should push our spirits to an all-time low."

CURRENT EVENTS FIFTY YEARS AGO

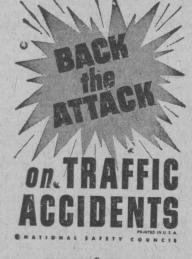

Our stores are filled with Spring goods, and at prices which add nothing to the cost of living" which we hear so much about. We are informed that except in a very few prices are lower, rather than higher, than last year. The tariff seems to have affected the prices of things that grow, rather than things manufac-

Legislature Adjourned. On Saturday, the Digges negro disfranchising bill was put through the House, which places it in the Courts to determine the status of the 15th. Amendment, but not until the fall of 1911 can the test become a fact. It is clamied that such bills, involving amendments to the Constitution are not subject to the veto power of the Governor, but as there are four of the bills, partly legislative, they will go to the Governor. The most important bills passed were the following: The Public Service bill, which aims to regulate all public corporations in their dealings with the people.—The Pure Food Law said to be the equal of any in this country.—The Digges Proposition to disfranchise negroes at all state and county elections, by refusing them registration. This bill will go to the Supreme Court of the U. S. as a test case.—The Consolidation of the Roads Commissioners the Shoemaker Road Law,—another \$1,-000,000 for raad improvement includ-\$300,000 for a boulevary between Baltimore and Annapolis.—A bill for better care of the insane of the state.

A Service Of The Thor Research Center For Better Farm Living

A reader who has been experiencing difficulty with slippage and inefficient operation on his tool grinder's V-belt says, "I never thought a V-belt could give trouble. What could be wrong to cause this sudden slipping? I'd appreciate any suggestions you may have."

V-belt drives require little attention for the most part but they do need occasional inspection for the following factors:

Keep the pulleys and belt free from oil, dirt, and grease by occasional cleaning. Make sure the belt has the right tension-from 1/2 to 3/4 inch for every foot of belt between the pulley shafts.

Correct tension will eliminate V-belt slipping and inefficient op-

Check the pulley grooves to make sure they aren't bent or worn. Such pulleys wear out the belt rapidly. Check pulley alignment by placing a straightedge against the two pulleys. Make sure the alignment is as near perfect as possible.

Be sure the top (wide section) of the belt is flush with the top of the pulley. If the belt is so worn it is riding the bottom of the groove, it should be replaced. There should be clearance at the bottom of the pulley groove and bottom (narrow section) of the belt. If not, friction properties of the side of the groove and belt are lost and slipping can occur.

This looks like a long list but actually all of these factors can be checked in but a little timeand the checking should be done periodically to catch defects before slipping and inefficiency

Since V-belt drive mechanisms are widely used in general farm and home shop applications with portable motors, it is important to be alert to the simple rules of maintaining them.

(If you have any problems relative to farm and home mechanics, write to the Thor Research Center, Marengo, Ill. We'll answer your questions by letter and in these columns.)

CAN'T BUY ANY CAR FOR LESS

Anyone who's looked around knows the majority of Chevrolet models-6's and V8's together-list for less than comparable models of other low-priced cars. But the price tag alone is only one of a whole raft of reasons a Chevy does better by your dollars.

Nothing near Chevy's size and price can match the Full Coil cushioning of its ride, or the fine, finished workmanship of its Body by Fisher. That even applies to some cars that cost a lot more. You're up in the higher price brackets before you find a car that moves as quietly as a Chevrolet or offers the inner space that Chevrolet does.

Or look at the extras Chevy gives you —at no extra cost—that others in its class can't offer at any price. Shock-eushioned steering. Safety <u>Plate</u> Glass in every window. Keyless locking of all doors. Crank-operated vent windows. Chevrolet offers the widest choice of power teams, too. Drive a Chevy just once. You'll have a tough time CHEVROLET

> THURSTON E. ENSOR, President E. LOUISE BECK

Vice-Pres. JOHN D. WHITMORE Sec.-Treasurer

Board of Election Supervisors for Carroll County, Maryland

Robert O. Cooke, Atty. Lorens P. Rudigier, Clerk YOUR BODY AND YOU-

Nine-tenths of the world thinks your body is you—
(They have thought it so long they think it is true),
But, according to God's plan, that can not be;
For, on earth, we prepare for Eternity.

Man is a spirit being—(Don't you see?)
Just like God, the real you is said to be);
God only uses a body to carry out His plans, And, to make a perfect woman or man.

The physical body is only a machine;
Each separate organ shows what I mean;
When I speak to you, your ear catches my word;
And, by the real you, it is always heard.

Before I can run, I must prepare to go-(That, every school boy knows is so!);
And, that it true of both you and me,
Whether we throw a ball or climb a tree.

There is only one Life, the Scriptures say;
And that Life propels all mortals to-day;
That is why those who know God never fear death;
They know He shall continue to give them breath.

They know that Christ, your real self, never dies-That God has many mansions (bodies) in the skies; And, with Him, they know we shall always live; But, we must build a body for Eternity.

So far as Satan is concerned, they never fear; For, God, alone, they all know, is here; So, if in Time, such a monstrosity can not be; They know he shall not exist in Eternity.

But here is something for mortals to understand-(It too, is a part of God's great plan!)
There are two billion people on earth to-day;
And, God lives in each one of them, they say.

Those teeming millions of whom I now tell Each has a separate body in which to dwell—And God, they say, is the Life of them all—No matter how great—no matter how small!

In Eternity, there is no such thing as Time or space;
So God, they tell us, is in every place;
As an example, He shows us, in this our day,
Now light travels the very same way.

Just imagine?—While you spell the word light; Light could cross the earth 5 times in its flight; Such speed is a lesson in "Greek" to man; But, God includes all such things in His plan.

God does not speak to physical man;
To speak to the real you, in your body, in his plan;
For, it is he who knows just how things must be
When you go from Time to Eternity.

If you would learn to know God, try like Him to be; And, in time, His likeness we shall see; Jehovah is your personal God, the Scriptures say; So. try to be like Him in every way.

The song the angels sang shall continue to be Until God's face on every mortal we shall see; But until we love all races as Jesus did, they say, The bells of peace shall not ring in our day.

Love Thyself Last

Lesson for April 10, 1960

JESUS shocked his listeners then, and shocks his readers today, by many statements which are plain enough, so far as the language goes; but unbelieveable. That is, we can understand every word in the statement, or we think we can. What we find hard to take

is the sentence as a whole. Take those three sentences with which the Sermon on the Mount begins: "Blessed are

the poor in spirit Blessed are the meek .

Blessed are they Dr. Foreman that mourn . . ." "Blessed" means happy, or rather the Greek word translated "blessed" means happy. All the other words are commonly used, we have no trouble understanding what Jesus said. But could he have meant it? The thing sounds upside-down, backward. quite the opposite of real life.

What Jesus Is Driving At

Well, it is the opposite of the way most people do live. There is an old saying, "Look out for Number One." Who is Number One? Why, I am Number One. We have other proverbs much like that. "Self-preservation is the first law of life." "Every man for himself and the devil take the hindmost." Jesus means to say that these proverbs are clear out of line with God's will and his kingdom. Either they are right or "Blessed are the meek" is right; you can't have it both

That word "meek" needs some explanation, to be sure. The word in the Greek language, in which the New Testament was first written, does not mean just the same as our word "meek" has come to suggest today. The word Jesus used did not mean humble-cometumble, lacking self-respect and self-reliance, it did not mean a lishrag sort of character. What he

meant by the word can be expressed by the words "not insisting on one's rights," "not demanding first place,"-the opposite of proud, conceited, demanding, aggressive. The old-fashioned word "gentle" as used in the words "gentleman" or "gentlefolk" comes closer to it than "meek." You might translate Jesus' sentence this way: Happy is the man who is not alw sisting on his rights! Happy is the man who loves himself last!

Another word is "humble," and many scholars think that all these first three "beatitudes" are driving at the same point: Happy are the humble, those who really love themselves last. This is one of the many teachings of Jesus that are practical two ways, for this life and for the next, for everyday situations and for eternity too. Jesus himself has suggested how this works. He was once a guest at dinner, and he called the attention of those sitting next to him to the 'polite" but persistent scrambling for the best places. In an oriental dining room as in our own, some places at the table are more "honorable" than others. Jesus gave the down-to-earth advice, in effect: If you must scramble, scramble for the lowest places, not the top ones. It is much better to be invited to take a better place than to be asked to get out of one! The man who is always insisting on his rights, standing on his dignity, is generally unhappy and envious, for he cannot take any pleasure in the success of others. It is the unselfish who really get the fun out of life.

Payoff In Eternity

Jesus' parable of the rich man and Lazarus has a good deal to do with all this. The rich man in that story, while he was living, seems to have seen nobody much but himself, thought of nobody's welfare but his own. If he ever saw the beggar, he made no move to help him. His brothers needed wise counsel, but he never thought about them either. He aimed to get his share of the big melon of the world . . . and he got it. He discovered his mistake too late. So we have another light on what Jesus meant. The man who is the opposite of meek—the selfish, greedy man is a man who hardly even sees any one but himself. He cannot put himself in the other man's place. He learns at last what Dickens' character Mr. Marley learned, too late: "Humanity was my business." Only the meek know that without being told.

W. Glenn Haines of Westminster (left) was named a county corn growing champion at a recent banquet. Haines had the high yield of 138.19 bushels per acre for Carroll County in the 1959 National Selected 5 Acre DeKalb Corn Growing Contest. The runner-up champion, Sterling J. Leister of Hampstead (2nd from left) had a yield of 137.27. Joseph Mullhausen of Westminster (3rd from left) ranked third with a yield of 132.03. The fourth place winner was G. Vincent Rill of Hampstead (4th from left) who had a yield of 130.80 bushels per acre.

BREAKFAST AROUND THE WORLD

No matter how you spell it, pronounce it or eat it, breakfast is a world-wide nutritional necessity and perhaps the most important

Breakfast is called by many | al, toast or muffins and jam, a names in many countries, and beverage, and a main course the foods served are as varied which could be kippered herring, as the names. In quite a few countries the breakfast is similar to that served in the United States. Pineapple Party Molded Salad

Year-Round Favorite For Buffet Menus

Combining golden crushed pineapple, cream cheese, celery, chives and chopped pecans, this molded salad is the perfect choice for a buffet menu featuring ham or turkey. It can also be the main attraction at a special-occasion luncheon. The mold is decorated with tiny "diamonds" of pimiento for a gay color.

The picture-pretty garnish of pineapple half slices and ripe olives would be attractive on any molded fruit salad.

Pineapple Party Salad 2 No. 2 cans crushed pineapple 2 envelopes unflavored gelatin 3 tablespoons sugar

Dash of salt 2 tablespoons chopped chives 2 cups finely chopped celery 4 (3-oz.) packages cream cheese 1½ tablespoons lemon juice 1/2 cup diced canned pimiento,

1 cup coarsely chopped pecans 3/4 cup whipping cream, whipped Salad greens Pineapple rings and ripe olives, for garnish

Drain syrup from pineapple and heat to boiling. Mix gelatin, sugar and salt thoroughly. Add boiling syrup and stir until gelatin is melted. Blend in pineapple, chives, and celery. Chill till thickened but not set. Soften cream cheese with lemon juice. Add a small portion at a time to the gelatin. Stir each time until mixture is smooth and well blended. Fold in pimiento, pecans and whipped cream. Pour into lightly oiled 2-quart mold. Chill firm. Unmold on serving plate. Decorate with tiny "diamonds" of pimiento, crisp greens, pretty pineapple rings and ripe olives. Makes 12 to 16 servings. Cut recipe in half for small mold or individual molds.

Tractor Demonstration

Six teams and three individuals roll County 4-H Tractor Demonstra-tion Night last week, according to Maxel D. Alt, Assistant County

This event was the climax of the 1960 4-H Tractor Care Program in which 48 members participated in 5 tractor clubs throughout the county. The first place team demonstration was given by Merle Weant of the Harney 4-H Club and Taneytown Tractor Club and James Stonepifer of the Placeant Valley 4-H town Tractor Club and James Stonesifer of the Pleasant Valley 4-H Club and the Taneytown Tractor Club. Their demonstration was on "Servicing the Air Cleaner". Second place went to Richard Pool and John Myers, Jr. on "Servicing the Air Cleaner". Third place went to Clyde Weant and Carroll Hahn on "Packing Front Wheel Bearings". The forth place winners were Wayne Shipley and Arnold Weeks, Jr. on "How a Generator Works". Fifth place went to Lewis Green, Thomas Edwards, Norman Pittinger, and Charles Stam-Norman Pittinger, and Charles Stambaugh on "Oils". Sixth place went to Lon Edwards and Dennis Bowman on 'Keeping Shields in Place'

The first place individual demonstration was presented by Kenneth Stonesifer of the Taneytown Agri-cultural 4-H Club and the Taneytown Tractor Club. His demonstration was "Proper and Improper Second place went to Jones on "Power Shaft Laverne Jones on "Power Shaft Shield Safety. Third place went to John Weeks on "Oil Contamination".

James Stonesifer of the Taneytown Tractor Club had the first place record book. John Myers, Jr. placed second and Lon Edwards third.

The evening proved to be very educational as the demonstrations were very good. The participants and their leaders certainly deserve a lot of credit for a job well done.

Farm Activities Start with a Bang

Spring is here with a stepped-up tempo as far as farm operations are concerned. As farm work gets underway and crops are planted, farmers everywhere will begin a constant battle with the bugs and insect

Corn borers last year did considerable damage throughout the State and County. In order to guard against similar damage now, it is important to get all last year's corn stocks, old weeds, and filth turned down at the very first opportunity.
