(continued on page four)

#### HIGH SCHOOL HIGHLIGHTS

F. B. L. A. Members make good at F. B. L. A. Convention.

Darlene Shaffer was elected second vice president of the State F. B. L. A. on April 8th and 9th at the Convention. Mary Ellen Stonesder won the public speaking award Frances the public speaking award. Frances Shoemaker and Jeanne Myers won, second and third place in the spelling

The following F.B.L.A. members attended the F.B.L.A. Convention held at the Univesity of Maryland, College Park; Darlene Shaffer, Judy Koontz, Jeanne Myers, Mary Ellen Stonesifer, Frances Shoemaker, Judy Utz, Linda Bowers, Kenneth Weishaar and Robert Lawrence, Mr. and Mrs. Homer Myers were chaperones.

The Student Council has been very active this year. The purpose of the Council is to give the students a chance to be represented and have a voice in some of the decisions of governing the school. It is an organization which aims to sponsor activities which will help the school and public

As in years before, the Student Council is operating a school sup-plies store so that students may have access to supplies at any convenient time. An auction of unclaimed lost and found articles was also held. The Council sponsored pep meetings for the basketball games, a Variety Show at Christmas, the giving out of litter bags for the Safety Campaign, a Brotherhood assembly, a Slave Day,

and a Dance.

Plans for the future include an exchange assembly, a school picnic and an election of Student Council officers which will permit all of the students to vote. The Taneytown High School Student Council is a member of the Regional Student Council and of the National Association of Student Councils.

Sixty-three students from grades 7 through 12 will go to Baltimore on April 23 to see the movie, Ben Hur. Through the cooperation of the Towne Theatre, students are able to see it at reduced prices. This is a picture that will not be shown locally. Four members of the faculty will accompany the group. pany the group.

The High School orchestra presented its annual Spring program for the elementary school, Tuesday morning, April 19. The program featured the violinists, Susan Jennings, Miriam Reindollar, Joyce Zentz and Eleanor Haines

The following prizes were given 50 dozen colored eggs, 2 stuffed dogs, 2 colored rabbits 2—1 lb. chocolate eggs, 2 fruit and nut eggs, 3 live rabbits, 3 small baskets.

# Taneytown Volunteer Fire Co. No. 1 Will Start Their Annual Drive for Funds April 25th thru May 25th

The Taneytown Volunteer Fire Company No. 1 will again conduct their annual solicitation in Taneytown and the surrounding district. It is only through the generosity of the people in the community that the fire dept. can keep its equipment in top class condition.

During the past year the fire dept. was called upon over 300 times for fire, ambulance service, and rescue calls. The Volunteer firemen who miss a lot of meals and many interrupted nights of sleep while responding to your emergencies ask for your support to help them give you the best protection possible.

The Taneytown Fire Department is a proud one with a long history and a tradition of dependability and swiftness in time of emergiencies. Firemen will continue to use every possible method of raising funds but we must still depend largely upon your individual contributions to carry on our essential and worthwhile work.

BE SURE YOU KNOW YOUR FIRE AND AMBULANCE NUM-BER PL. 6-6565.

The Board expressed its appreciation for this long last group to participtate was the and important service and the Super-Tonette Band of 3rd graders. intendent was directed to prepare a The meeting was then adjou resolution to be given to the news-papers and to Mr. Pfoutz.

The meeting was then adjou followed by refreshments by committee.

Announcement was made to the Board that Mr. Arthur H. Griffee, Mr. Ollie P. Jones and Miss L. Naomi Derr had applied for retirement. It was directed that an appropriate resolution of appreciation and commendation be prepared and made a part of the minutes and sent to the teach-

mous opposition to the construction of at Miller's Dining Room on April 25 an airport near the Mechanicsville at 6:30 p. m.

School. Representatives of the Board were in attendance at the hearing held by the County Commissioners and advised the group officially as to TB control, it is still a threat. Durthe action of the Board on this matter. ing 1959 13 patients were admitted to TB hospitals and 10 new cases of

current school year. Adjustments were pitalized and 10 known cases of TB necessary because of lost days due to inclement weather. It was recommended and approved that the schools be officially closed on April 14, 16 and 18 for the Easter holidays and that May 30 be designated officially as a school holiday. It was further directed that regular school sessions be held on the school of the school sessions be held on the school of the school sessions be held on the school of the school holiday. It was further directed that regular, school sessions be held on June 13, 14, and a short session on June 16. June 15 was designated as a special day for clerical and report teer worker will be especially welcomed at the meeting. A volunteer work connected with the closing of schools. Schools will officially close for the summer at about 11:00 a. m. on Thurs., June 16. Regular sessions will be continued through the 13 and will be continued through the 13 and 14 of June.

The Board accepted resignations from the following employees, most of the resignations being effective at the end of the school year: Louise Clark, Donald Gottshall, Gloria Jones, Blanche Brozina, Shirley Hayes, Maryelyn Hoover, James Norris, Ruth D. Frizzell, Mildred Alexander, Anne Cartzendafner, Patricia Gatzke.

New contracts were approved for New Contracts were approved for will be organized at that time under-

The meeting was then adjourned

#### T. B. Association Annual Dinner

Plans for the 10th Annual Dinner Meeting of the Carroll County Tuber-Action was taken by the Board to nounced by Mrs. A. Millard Roelke, pass a resolution expressing unani-mous opposition to the construction of at Miller's Dining Room on April 25

Important action was taken with to TB hospitals and 10 new cases of respect to adjustments in the school TB were reported in the county. 16 calendar for the remainder of the persons from Carroll County are hospitals and 10 new cases of the persons from Carroll County are hospitals.

# MIDGET LEAGUE BASEBALL

New contracts were approved for (Continued on alth page)

The two teams, Cards and Cubs, will be organized at that time under coaches Charles D. Baker and Myron R. Tracey.

#### Carroll Districts First Girl Scout Exposition

On Saturday, April 30, Girl Scouts from all over Carroll District will have a wonderful opportunity to display to the public just what Scouting have a wonderful opportunity to display to the public just what Scouting has enabled them to learn and to accomplish. Scouting has grown by leaps and bounds in this area. The Scouting program covers such a wide variety of interesting projects—ranging from cooking to knot tying—that more and more girls are joining the ranks. There are at the present time 5 troops in Taneytown alone. All together, 54 troops from Carroll District will take part in the Exposition. There will be a wide variety of facinating demonstrations, displays and exhibits. These will include outdoor Camping, Indian lore, knot-tying and folk-dances. In addition to these, the Scouts plan to set up booths, where they will sell attractive articles.

where they will sell attractive arti-cles. Refreshments will also be offered for sale.

The proceeds will be used to help raise Carroll District's part of the 1961 Council Budget, since Carroll County is not included in the Baltimore Area Communication. more Area Community Chest. Admis-

sion is 50c.

So keep the date in mind — April 30, from 12 noon until 9 p. m. and the place — Westminster at the National Guard Armory. Plan to come early and have a thoroughly enjoyable

#### Grace Church's Easter Decorations

THURSDAY, APRIL 21, 1960

KNOW WHAT YOU'RE VOTING FOR

THURSDAY, APRIL 21, 1960

Newsweek, in urging all citizens to vote, says: "If you can spend a few minutes each day using hair tonic to save your hair, can't you spend a few minutes each year at the polls to save your scalp."

Every vote is important. Many elections have been decided by a mere handful of votes. And, in instance after instance, this has amounted to election by minorityfor the reason that only half the qualified voters or less troubled to go to the polls.

Another thing needs to be added. An ignorant vote is as bad or worse than no vote at all. Study the candidates and their platforms. Consider their integrity, character, sincerity. Measure their ideas in terms of freedom, opportunity, and the traditions and principles on which the American system of government has been built.

Yes, vote-in every election, minor or major, that is open to you. And make sure it is an informed vote.

- Industrial eNws Review

#### FACTS AND OPINIONS

David Lawrence writes in U. S. News & World Report: "Cuba is not just Castro and his clique. Cuba has 6,500,000 people—and they are in serious trouble. Cuba is a nation in bondage....If the facts were given now to the people of Cuba, they would insist on free elections. They would choose a sane leadership to rescue them from the economic and political chaos into which they have been plunged by selfish men who have been duped by Communist influences. Let's help the Cuban people by giving them the whole truth." Mr. Lawrence suggests that the radio be used to provide a "people-to people expression of sympathy and concern."

The Economists' National Committee on Monetary Policy reports that our national debt has increased approximately thirteen fold since abandonment of the gold standard in March 1933-from \$21.4 billion as of that date, to over \$291.5 billion as of last January 28. in the same interval the population has risen by only 42.2 per cent.

From Congresswoman Edith Green of Oregon: "At this most critical time in our history, one of my colleagues commented: The great American concern today is 'losing five pounds, and finding a place to park."

California collected more taxes last year than any other state, for a grand total of \$1,812,567,000. Second was New York with \$1,586,066,000, while Pennsylvania took third spot with \$901, 608,000. Highest per capita tax was in Nevada-\$311.

In 1959, the railroads' return on their net investment was only 2.8 per cent\_about one-third the average rate in manufacturing. But, according to the Association of American Railroads, they managed to spend about \$830 million for capita improvements of plant and equipment.

According to Chain Store Age, chain-store companies air conditioned 13,220 stores last year, at a cost of \$115,800,000.

Time reports that Russian watches are our newest imports. They are called the Majak, and carry an \$18.95 price tag.

We, the undersigned having sold our farm will sell at public sale on the premises located ½ mile east of the Taneytown and Littlestown highway turn east at the Phil Gas Station, one mile north of Taneytown, Md. Watch for sale signs, the following live stock and Household Goods:

BEAUTY TIP FOR CAREER GALS

Any girl who uses a typewriter, for homework, college thesis, a club report, short stories, ad copy or merely for the boss's letters, well knows the havoc which such chores can wreak on finger nails and hands... when changing ribbons, carbons, shuffling sharp-edged papers, loosening keys that stick.

The frequent hand washing which becomes necessary, plus exposure to wind and weather, deplete the skin of its natural oils, dry it out. First thing a girl knows is that she is not very proud of her hands.

her hands. A push-button bottle of new Friendship Garden hand and body lotion, kept near your typewriter as well as in your bathroom, and as well as in your bathroom, and used freely every time you soap and water your hands will keep your digits looking delightful. Scented with a young, lighthearted fragrance, this lotion contains six rich moisturizing elements, which restore natural oils. ments which restore natural oils to the skin.

What Fools We Be! People who are hurt, financially, by legislation—or imagine that they are— will vote the other way, while people who are benefitted financially by legislation are ungrate and selfish and make little or no effort to return thanks and work for benefits received. In other words, if you want to stir up a man's interest in politics, you must hurt him; if you give him what he wants he takes it and goes to sleep.

# Degree Days Help Figure Costs of Fuel

Heating costs puzzle you?

One way to tell whether they're high or low is with a variation of the system used by fuel-oil suppliers to compute their requirements—by the degree-day method, a method which works with any fuel.

Engineers of the National Mineral Wool Association have worked out a standard of 2½ cents per degree day as the cost of heating a well-constructed house of 1,200 square feet with oil at 14 cents a gallon or gas at \$1 per 1,000 cubic feet.

By comparing his own cost per degree day with this standard, a home owner anywhere in the United States can figure whether his heating cost is higher than it should be.

Degree days represent the difference between the mean temperature and 65 degrees. If the mean temperature for a certain day is 45 degrees, the day is

mean temperature for a certain day is 45 degrees, the day is figured at 20 degree days.

Check Fuel Bills

To find your own cost of heating per degree day look through your fuel bills and select a period for which you know the exact cost of fuel. Find out the number of degree days in that period by checking with your fuel-oil supplier, a utility company, or the Weather Bureau. Divide the number of degree days into the total cost of fuel. This will give you your cost per degree day. To find your own cost of heat-

This will give you your cost per degree day.

Allowance should be made for the size of your house compared with 1,200 square feet in the above example and for variation in fuel cost from 14 cents per gallon of fuel-oil or \$1 per 1,000 cubic feet of gas.

" Insulation Cuts Costs

Insulation Cuts Costs

If your heating costs are significantly higher than the NMWA standard, you should do something about it. More than likely, you need better insultion. The 2½ cents per degree day cost is based on a house insulated with 6 inches of mineral wool in the ceiling, 3 inches in the walls, and 2 inches in floors over unheated areas.

Houses with little or no insulation cost considerably more to heat than well insulated houses. It would cost about 4 cents per degree day to heat the 1,200-square-foot house in this example without insulation. Insulation permits a saving of up

sulation permits a saving of up to \$90 a year to this homeowner.

DRIVE IT! DEAL!!!

A pair of Corvairs recently recorded 27.03 and 26.21 miles per gallon in the @ 2,061.4-mile Mobilgas Economy Run. That's certified proof that Corvair skimps on gas costs. It saves other ways, too. Corvair is the only U. S. compact car that never needs antifreeze or costly radiator repairs. Come in and drive the compact car that outdoes them all.

Things Corvair gives you that America's other compact cars can't:

Practically flat floor . . . real foot room for the man in the middle. Fold-down rear can expect. But because the cars met every seat gives 17.6 cu. ft. of extra storage space. Four-wheel independent suspension for a smoother, flatter ride.

Rear-engine traction . . . that comes with the engine's weight bearing down on the

You probably realize already that the mileage figures Corvairs recorded in the Mobil-

kind of driving condition—rugged mountain grades, long country straightaways, congested city traffic-those mileage figures prove Corvair's inherent

ability to save. Operating costs take a nose dive the day you take delivery of a Corvair.

# MOTOR MAIDS 'Pro' Drivers

Made Not Born

By Martha Johnson Dodge Safety Consultant

You, too, can be a professional

In fact, it's important that you are as professional about driving as the trained truck, bus and taxicab driver.

To acquire this technique the National Safety Council lists these driving "extras." Obey traffic signals and never

get caught moving in an inter-section when the traffic light is Look both ways before starting on the green light to make certain no cross traffic is coming

through against the light. Allow one vehicle length of following distance for every 10

miles per hour of speed. So you won't crowd the center line, line up a point on the dash or hood of your car with the road edge to keep the wheels safely within one foot of the road edge.

Look to the rear before pulling into the left lane to pass a car to make certain no vehicle is trying to pass you. Slow down for all pedestrians at all times, particularly between

intersections. Don't drive when drowsy and don't relax too much while driving, particularly on superhigh-

On long trips, don't try for speed and endurance records.

And finally, professional drivers are made—not born. Ability behind the wheel depends on knowing the facts about traffic regulations, accident prevention techniques and the human na-ture of traffic behavior. To keep "the professional touch," a driver never should stop learning.

#### BOARD OF EDUCATION

(Continued from 1st Page) additional personnel fill vacancies in the professional staff for 1960-61 as follows: Frank Mayer, Anne Clark, Samuel Harmon, Mabel C. Wurdemann, Janice C. Sheperd, William Franklin Moyers.

Mr. Elmer Gibson was approved as custodian at the Robert Moton School. Reports were given to the Board regarding progress in planning Board regarding progress in planning building improvements at Taneytown High and Hampstead and action was taken to direct the Superintendent to continue to prepare these projects with the hope that they can be advertised and the contracts awarded so as to permit the work to be acvertised and the contracts awarded so as to permit the work to be accomplished during the summer in time for opening in September. The projects include providing additional space at the Taneytown High School by modifications to the existing cafeteria and other changes. Interior renovation of the Hampstead School is planned to bring into a reasonably modern condition.

modern condition.

The Board took official action to express disapproval of and opposition express disapproval of and opposition to the suggested changes in the administration and management of the Teachers' Colleges at Towson, Frostburg, and Salisbury. It was directed that the Superintendent give adequate publicity to this action and that letters be prepared and sent to all partters be prepared and sent to all parties concerned in connection with this plan which, in the judgment of the Board, would hamper the teacher training program throughout the

Important action was taken in connection with the designation of the official insurance carrier for the pupil designating officially the United Benefit Life Insurance Co. of Omaha as the company approved to offer and take care of this insurance for pupils and teachers during the coming school year.

Important action was taken in connection with implementation of certain new state regulations with respect to transportation including enspect to transportation including endorsement of the state plan to retire all school busses in the 11 and 12 year of operation as promptly as possible. The new state regulations requires that school busses be retired at the end of ten years but certain discretions are granted in the elimination of older busses during an adjustment of older busses during an adjustment period. It was further noted that the state authorized for 1960-61 a Supervisor of Transportation and with this in mind, the Board officially designated Mr. Charles Ecker, presently nated Mr. Charles Ecker, presently physical education teacher in the North Carroll School, to be added to the staff of the Superintendent as Supervisor of Transportation. It is understood the Mr. Ecker will devote part of his time to the supervision of physical education and inter-school athletics as well as taking care of the duties related to the transportation system. It was further approved that the employment of Mr. Herbert Phillips as part-time assis-Herbert Phillips as part-time assistant in the field of transportation be

ever steps are necessary to require adherence to the revised regulations related to transportation.

The Board was given information regarding the number of teachers whose certificates expire at the end of this school year and the administrative office was authorized to con-

continued for 1960-61. The Superintendent was directed to take what-

inue negotiations related to renewal Bids were opened at this meeting in connection with the purchase of staff automobiles and decisions was reached automobiles and decisions was reached to purchase two automobiles from the Jameson Barnsley, Co., Inc., for transportation of some of the supervisory staff

The Board was provided with copies of letters and news releases used during the month in connection with administration and members were given copies of the enverget date. as of the current date.

The Board considered several adjustments in personnel in connection with custodial staff and were advised regarding the responsibility for giving consideration to scholarship ing consideration to scholarship appointments at the June meeting.

The Board directed the Superintendent to proceed with negotiations related to the construction of an educational service for the accommodation of service equipment, using the services of the present maintenance staff in the construction of the build-

staff in the construction of the building if it can be financed.

Approval was given by the Board for the purchase of a large quantity of materials of instruction supplies to be used in the school year 1960-61 after bids had been received and tabulated

Important action was taken by the Board in approving a salary scale for professional employees during 1960-61. It was directed that the salaries be established in accordance with prior agreements related to local financing agreements related to local financing and further in accordance with new state legislation permitting the salary schedule for Bachelor degree personnel to be as follows: first year, \$4000; second year, \$4100; 3rd, \$4200, fourth, \$4400; fifth \$4600; sixth, \$4800, 7th, \$5000; eighth, \$5200; ninth \$5400; tenth, \$5600; eleventh and beyond, \$6100. The effect of the school legislation, known as the James Report, is felt in the eleventh Report, is felt in the eleventh year and beyond where the legislation provides for financing an increase for teachers in this area of experience.) It was directed that for teachers of two or three years training, without degrees, the schedule be modified to the extend of \$200 less at each step. Other regulations in connection with salaries were given approval and the Superintendent was directed to make them operative for the coming year.

### Weekly Treatment Cures Clogged Drains

Whether you live in a brand new house in a subdivision, an older house in the suburbs, or an apartment in town, you've probably experienced the "clogged-drain blues" at one time or another. They often occur unexpectedly—late in the evening or when a crowd of company is expected, and it's difficult to find a plumber. But no matter when it happens a clogged-up drain is a nuisance and causes lots of confusion. nuisance and causes lots of confusion.

Happily, there's a remedy for all this and it doesn't require a night-school course in plumbing. Right on the shelves of your nearest grocery store you'll find a can of Drano, the special cleaner for drains, that's so easy to use. Just pour a heaping tablespoonful of the granules into each drain, rinse with a cup of cold water and let stand one-half hour. The drains will be running freely in no time. In fact, the drains probably won't even get sluggish if you adopt the weekly drain cleaning habit. And think of the plumbing bills you'll save.

The bright red "easy-pour" top on the can twists off easily and reseals perfectly. By keeping a can in both bathroom and kitchen it's easy to establish the weekly cleaning habit. There are no fumes or odors with this special cleaner and, besides keeping the drains running freely, it keeps them sanitary and germ-free, too.

#### **New Casserole Treat**

### Salmon Cracker-ole Supreme

A quick and hearty casserole with a difference! That's "Salmon Cracker-ole Supreme", a tasty new main dish with a delicious crunchy texture. Round buttery crackers, rich in flavor, are crunchy texture. Round buttery crackers, rich in flavor, are coarsely crushed and mixed with canned salmon and cream of celery soup as the basis for this special family treat. More of the same rich crackers are used whole, standing on edge, to rim the inside of the dish. Result: a casserole that looks as delicious as it texter. Here's how to make it. as it tastes. Here's how to make it:

2 cups crushed Hi Ho Crack-ers (about 40 crackers)

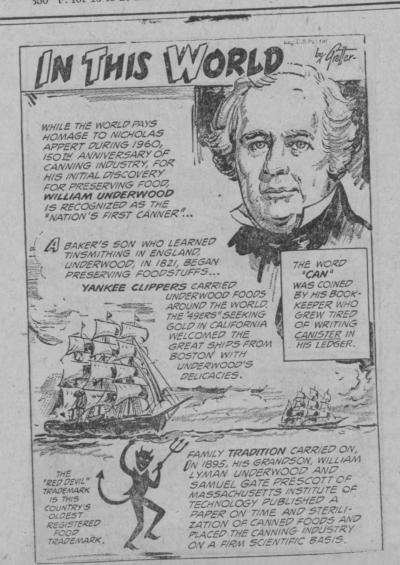

1 1-lb. can salmon
1 small yellow onion, grated
1 teaspoon grated lemon rind 1 10½-oz. can cream of celery

Salmon Cracker-ole Supreme 3 eggs, slightly beaten

12 to 15 whole Hi Ho Crackers 2 to 3 tomatoes, cut into thin

wedges

Crush crackers with fingers into a 2-cup measure. Empty undrained can of salmon into large bowl; remove bones. Add cracker crumbs, grated onion, lemon rind, soup, eggs and salt. Blend well. Grease a 1½-quart baking dish; fill with salmon mixture. Bake at 350° F. (moderate oven) for ½ hour. Then rim inside of baking dish with whole Hi Ho crackers, standing on edge. Push crackers half way down into the salmon mixture. Top casserole with wedges of tomato, and continue to bake at 350° F. for 15 to 20 minutes. Makes 4 to 5 servings.

# PUBLIC SALE

### Small Fry Find Fun And Profits With Iced Tea Stands

School will be out shortly and it won't be long before youngsters are turning plaintively to busy mothers with "What can I do to-day?" Toys, TV and games will have lost their favor.

Well, here's an idea that will occupy both boys and girls all summer and at the same time give them some pin money as well as teach them business princi-ples they can use the rest of their lives. And, all under the guise of

Suggest the youngsters set up iced tea stands in your neighbor-hood. Why iced tea? With the new Lipton Instant Tea, just introduced here, there is no muss for you or them, because it's easier to make. Just cold tap water and ice is necessary be-sides, of course, the jar of Lipton Instant.

Guiding the youngsters into this enterprise is a "fun" way to introduce them to business prac-

Business Lesson No. 1: Choose the best possible product. Iced tea, one of the best thirst-quenchers there is.

Lesson No. 2: How to finance a business. You, as banker, loan them the money for their raw materials — about 50c for a jar of Lipton Instant Tea, 25c for paper cups, 5c for sugar and 10c or lemons.

Lesson No. 3: Buying raw materials. Explain that the trip to the grocery is like that of a restaurant owner buying his supplies from a wholesaler.

Lesson No. 4: Site location. Choose a nearby, well-traveled place to set up the stand.

Lesson No. 5: Merchandising. Show them how to decorate their stands to attract customers. Encourage their ideas too.

Lesson No. 6: Advertising. Put

Lesson No. 6: Advertising. Put up signs. They can probably make them, but you may want to suggest some ideas such as: "Hot? Have a glass of iced tea."

Lesson No. 7: Keep records. Have the youngsters list the number of servings and amount of sales. A 50c jar of Lipton Instant Tea makes approximately 35 to 40 large paper cup servings, depending on customers' preferdepending on customers' preference in tea strength.

Lesson No. 8: Profit. At 5c 2.

cup, therefore, one jar of instant tea will gross around \$2. Less, of course, your 90c loan. A very tidy

\$1.10 net profit.

Lesson No. 9: Satisfaction of enterprise. Let them spend the profit. Some will spend it all on candy or a toy; but if you have an enterprising little business man in the family he'll skim off a dime or two for that and put the rest back into more tea and paper cups for tomorrow's busi-ness day.

#### THIS MEDALLION means a home has met the high standards of modern electrical living with . . .

- . The Full HOUSEPOWER. thru [ertified Wiring you need to run all the modern electric appliances which add to your comfort and convenience.
- Electric heating plus at least three of these: range, refrigerator, freezer, washer, dryer, dishwasher, garbage disposer, water heater and air conditioner.

# The Hungry Heart

Lesson for April 24, 1960

NOT EVERY heart is hungry. Some hearts are not hungry because they are sick, they are not normal. A heart that feels the need of nothing, a mind that has not enough imagination to perceive its own hollowness, not enough sensitivity to detect its own emptiness,

is a human heart that is less than human. It has sunk to the level of the brute. No pig, no cow - or for that matter, no humming-bird -feels any longing for anything except food and

#### They Shall Not Be Filled

The heart of man, by the Creator's design, is made for deeper and more difficult hungers than food and sex can supply. Some of these are insatiable. Let the heart hold all that it can, it is still never enough. The hunger for recognition, for attention, for fame-when does it say, Enough? The actor never finds the applause loud enough, the critics never rave enough, there never are enough newspaper notices, one Oscar calls for more . . . The hunger for power knows no limits. The old story of the fisherman's wife who first began by wanting a cottage and fiinally ended by wanting to be God, is a parable of the human heart that never cries, Enough! The hunger for power is never satisfied till above one's head one sees no greater Power-never till beneath ones feet one sees every living thing . . . and that time never comes. The beart hungry for power shall never be filled.

#### An Appetite for Righteousness

So some hungers of the heart make for unhappiness, One almost envies the contented cattle or the

silent stones. They may not be happy but they are not unhappy, they have no heart at all. No, this is a wrong envy. The way to happiness is not to live without a heart. The way to happiness is one which Jesus has shown us. "Blessed are those who hunger and thirst for righteousness, for they shall be filled." Desire to have brings frustration; desire to be brings ful-

Yet this can be misunderstood. The men whom Jesus most often condemned, the Pharisees, desired righteousness. But the trouble with them was that the righteousness they sought set them apart from their fellow-men. It led them to pray, "I thank thee that I am not as other men." It is no accident that next to the blessing on those who hunger for righteousness, comes the blessing on the merciful. The heart that hungers for goodness in the manner of the Pharisees merely wants to be good. The kind of goodness Jesus meant—since he practiced it in his life - was the kind that is good to others. The Pharisees' righteousness shut mercy out; Jesus' righteousness began with mercy and compassion.

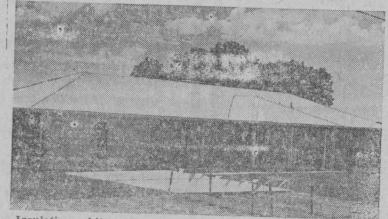

#### They Shall Be Filled

A hungry man does not need to be told he is empty, he knows it, it is a painful fact. Hungering for righteousness begins with a feeling of emptiness. A person at death's edge from starvation may refuse the food that would save him. So those who are empty of goodness and even spiritually starved for the lack of it, may not hunger for what they most need.

Why do you want to be good? There are poor reasons and better ones. Do you want it for the sake of a better reputation? Do you want it so as to have something to be proud of? Or do you hunger for goodness in order to be of more help to others along life's way? Do you desire it as a ladder for climbing into heaven, or as a loaf to share with those in need? There was a man who did not know how to swim. He always rather wished he could, especially when he saw other people swimming. He wanted to do what they could. But then one day he saw a tired-out injured swimmer at the point of drowning, before his eyes. Then he really hungered to know how to swim. And then he began to learn. Those who hunger and thirst to be the kind of person Jesus was, shall be

VEGETABLE GROWERS NEED LUCK, YIELD AND QUALITY

The case was being heard in a County Court, and I had a deep interest because the defendant was a farmer friend of mine who had suffered more than his share of bad luck that

My friend was a vegetable grower, as are most of the farmers in this area, but the case had

little to do bles. It seems he was stand-ing in a field with a hoe when a hunting dog threw a fit and took out after him instead of pheasants.

of pheasants.

The dog owner's lawyer argued that the farmer should pay \$500 for the dog. He said my friend, who dispatched the animal with the sharp end of the hoe, could have defended him self adequately with the handle end. He didn't have to kill the dog.

kill the dog.

I think the case began to favor my friend when his law-yer got up and made this simple statement:

My client is a fair-minded man. He'd have gone after that dog with the other end, if the dog had come after him with the other and."

Anyway, it saved my friend \$500. I like to think I saved him some money, too. My part wasn't so dramatic, but it had

to do with his vegetable crops. My friend had gone through a low-yield year with his vege-tables and the quality wasn't too good, either. I've found that high quality and high yield of vegetables go pretty much hand

The highest quality vegetables result when the crop grows evenly from planting to har-vest. This means avoiding, if

possible, a slow start or sudden spurts of rapid growth.

One of my friend's problems that year was slow starts. Since nitrogen is the growth element which enables all plants to atwhich enables all plants to attain the size determined by their inheritance factors, it is important that it be used at planting time and later as a top or side-dressing to feed the crop evenly throughout the sea-

I introduced my friend to urea which is a 45 per cent nitrogen material that can be used in making complete fertilizers and also as a separate application.

He took my advice and tried the urea applications. He saved enough to buy a special hoe one with a blade at both ends.

#### TANEYTOWN ORGANIZATIONS

Taneytown Chamber of Commerce meets on the 4th Thursday in each month in the Municipal building at 8:00 o'clock. Merle S. Ohler, Pres.; 1st Vice-Pres., Raymond Perry; 2nd Vice-Pres., Frank Dunham; Secretary. Robert Feeser; Treasurer. Murray M. Baumgardner.

## CHICKEN-HAM SALAD RING FOR A SPRINGTIME MEAL

This dramatic red-and-white layered jellied Salad Ring could This dramatic red-and-white layered jellied Salad Ring could well star as the main dish of a springtime meal.

The top layer is all bite and snap and sparkle. ... made of canned apple sauce tinted red, filled with pieces of celery, and with the edginess of horseradish joining the exhilaration of apple.

The bottom layer is bland, smooth, delicate . . a rich, creamy mousse, thick with the good heft of diced chicken and ham.

This is an ideal dish for Saturday luncheon or Sunday night supper . . . or for a buffet party. The ingredients are all pleasant everyday likables (one big reason you can count on the dish being a hit). And it's reassuringly easy to make . . . either in ring mold or loaf pan:

• CHICKEN-HAM SALAD RING

2 envelopes unflavored gelatin

1/2 cup apple juice 2 cups canned apple sauce 2 tablespoons prepared

Few drops red vegetable coloring /2 cup diced celery

1/4 cup cold water 1½ cups diced chicken

1½ cups diced ham 2 tablespoons diced pimento 2 tablespoons minced parsley

I cup heavy cream

Add I envelope gelatin to apple juice, let soften 5 minutes. Dissolve over boiling water. Add apple sauce with horseradish. Tint red with vegetable coloring; add celery. Pour into 9° ring mold, which has been rinsed in cold water. Let partially set. Add I envelope gelatin to cold water and let soften 5 minutes. Dissolve over boiling water. Combine chicken, ham, pimento and parsley. Whip cream until slightly stiff; add to gelatin; stir in meat mixture. Place on top of apple sauce layer in mold. Chill until firm. Unmold id garnish with chicory and radish roses. Serve with mayonnaise or salad dressing. Makes 6-8 servings.

#### Gifts to Historical Society

Among the valuable books recently given to the Historical Society of Carroll County by Mrs. Robert Kerr Billingslea, Sr. is a bound volume of ballads by Stephen C. Foster, Stephen Glover and other well known authors and composers of that day 1855-1856. Many of these songs were especially arranged by Jenny Lind. Adeline Phillips and other noted artists of the period.

Also in this collection is a bound volume of The Maryland Gazette dating from Feb. 9, 1758 through Sept. 22, 1761. This very rare volume belonged to David Kerr Sr. whose

dating from Feb. 9, 1758 through Sept. 22, 1761. This very rare volume belonged to David Kerr Sr., whose descendents in Westminster are Mrs. Wesley C. Brooks, Dr. C. Levine Billingslea, Leeds K. Billingslea and the late Robert Kerr Billingslea Sr. The Maryland Gazette was the first newspaper published by William Parks in 1727 and the first newspaper published South of Philadelphia. The Gazette given to the Historical So-Gazette given to the Historical Society by Mrs. Billingslea was published by Jonas Green. Mr. Green published the paper from 1745 until his death when his wife, son and grandson continued it until Dec. 12, 1839. Jonas Green came from a family devoted to printing and was made the first public printer of Maryland in May 1738. He was the only printer Maryland for twenty-five years In spite of its age the volume is in good condition and is an excellent example of the warly newspapers

"SPICE 'N' EVERYTHING NICE"

(Continued from first page)

niversary and a circular stated that the first President was a Mr. Theodore Von Rinteln who headed the organi-Von Rinteln who headed the organization at its founding and retained his office until 1902. Seventy-five years ago, the President of these United States at the time of the bank history was Grover Cleveland. The statue of Liberty arrived from France in 1885 and the sculptor Frederic August Bartholdi. The statue came in parts in cases and it was not until August Bartholdi. The statue came in parts in cases and it was not until the year of 1886 on Oct. 28 the unveiling took place! Old Glory had only 38 Stars. Five years later..... five states were admitted to the Union and then in 1891 Wyoming became a State then Utah and Oklandary came a State then Utah and Oklahoma were to join in 1908. Finally Arizona and New Mexico in 1912 and Alaska and Hawaii in 1959. The first Alaska and Hawall in 1959. The first electric car to be operated commercially was put into service in Baltimore in 1885. Known as The Hamden Line. It actually consisted of a horse car pulled by a box-like electric locomotive! The circular states that the new President. Grever Cleveland had new President—Grover Cleveland had been bitterly attacked upon his

character!

The beautiful bank today which is air-conditioned plus all the latest methods boasts of the lovely views of early Baltimore and Washington and was done in oils by Paul Roche in 1958. It all is really something fine to gaze upon when entering the bank. When next in town be sure and stop in and take a look as Your Observer did. The present President is Mr. Frank Muller, Jr.

His son is Vice President and secretary. That bank surely has come a long way as one looks at the modest picture of the building which was then at 2000 E. Lombard Street.

How sorry I feel for the Census taker! She said, "It was really WICKED!" Many times she has to go back three and four times!

## SENSATIONAL FAST DRYING LUCO-TEX SPEEDS UP HOUSE PAINTING

- · Use on wood, masonry or asbestos
- · Apply in wet, damp or dry weather
- Blister and peel resistant
- · Quick dryingoverlapping will not show
- Applies effortlessly -no brush pull

Laboratory tested for years, Lucas Luco-Tex is now ready for YOU! Greater hiding power and coverage saves painting costs; applied on almost any exterior surface saves timeand it dries in minutes. Fact is, it dries so quickly you can apply two coats without need of moving ladders. And—no more sticky windows. Screens can be hung immediately after painting. Lap marks don't show—paint won't discolor or darken. Blister and peel resistant on a tight previously painted surface. It's smog-proof and mildew resistant. Just clean your brushes with soap and water. LUCO-TEX takes the "pain" out of painting. Dozens of new, modern colors and white.
