## FAIRGROUNDS SOLD

### Model Village Will be Built on this Piece of Land

In 1954 Taneytown celebrated its 200th Anniversary and part of the celebration centered on the spacious acres at the Fairgrounds. This week due to the rapid progress of the town and the demand for new homes, in line with the times, the Fairgrounds ceased to exist and no more will carnivals, county affairs, and races thrill the old folks and furnish candy and games for the kiddies. This property consisting of 141 acres, was sold by L. L. Hubble & Co., Realtors, 1300 St. Paul Street, Baltimore, to Mr. and Mrs. Russell Ellsworth Feesser, who will immediately proceed to make a model village out of it. Taneytown will take another step forward in its growth toward being an industrial city in the center of Maryland's richest farm country.

### Taneytown Scouts to Collect Paper Saturday, Sept. 17th

The Taneytown Boy Scout paper collection which was to have been conducted by members of Troop 348 Saturday, September 10, has been postponed until one week later, Sept. 17th.

### Summer Camp

The 1960 week's summer camp was an outstanding successful one, starting from Tumbling Run leanto on the Appalachian trail near Old Forge Park, Pennsylvania, all gear and food packed along the trail through Raccoon Run leantos, Caledonia park (where swimming was enjoyed), and thence to Quarry Gap leantos about 2 1/2 miles beyond Caledonia, this lap amid a driving rain. Camp was set up here preparatory to going on to Pine Grove Furnace the next day, but it was decided to use Quarry Gap as a base, and six members only want the full distance, with lightened packs, since they were eager to finish off hiking merit badge. Samuel Bower, Stuart Dom. Ralph Hoffman, Donald Koontz, Robert Shaffer, and Gerald Tracey made this full journey and completed the test, while Rickey Clingan, Samuel Fleming, James Frock, Thomas West, and the scoutmaster kept the home fires burning and dried out equipment at the base camp, and Frock and Scoutmaster walked back to Tumbling Run to pick up the car that had been left there. Besides the hiking merit badges above mentioned, Cooking merit badge was earned by Rickey Clingan, Hoffman and Tracey, and numerous 2nd and 1st class tests were passed including second class observation by Fleming, Frock and West from a trail laid by Bower and Shaffer. The menu plans worked out August 1 by Bower, Dom, Hoffman, and the scoutmaster and the session devoted to packing on the meeting night of August 3 proved worthwhile, the physical examination being given on the ensuing days by Drs. McVaugh and Thompson. A highlight of the expedition was the swimming at Caledonia State Park, where the reasonable cost and the new heating and filtration system made it a veritable mecca for water lovers.

### Summer Program

Natural Dam sportsmen's area has provided recent meetings with a nice swimming spot, usually followed by a wiener roast, and once by an individual fire building contest, while on August 20 a trip to the Lincoln Speedway stock car races proved enjoyable, if somewhat lightly patronized. Meetings beginning with September 1 have returned to the accustomed Thursday night, and that of Sept. 8 will feature a swim, some outdoor cooking project, and a contest among the patrols to be planned by the scoutmaster under the outside lights of the Sportsmen's cabin. The patrol contest now sees the Panther patrol (Donald Koontz patrol leader and Samuel Bower assistant) capturing the lead at 165 from the long-leading Foxes at 160, with the Flaming Arrows 126, and the Raccoons trailing at 114.

### Board of Review

With scout advancement given a shot in the arm by the ambitious hikers, a Board of review will shortly be scheduled under the direction of the Troop committee, headed by Francis E. Lookingbill, chairman, and Clarence A. Harner, institutional representatives, of the sponsoring American Legion Post 120.

Now that school starts and extracurricular activities and jobs of the summer season draw to a close, attendance should also pick up and the patrol contest take on new life. At present candidates Samuel Fleming and Larry Yelton are working towards admission dependent upon completing their Tenderfoot tests. To push advancement progress another overnight camp will be scheduled during the month of September.

### Scrap Drive

Scouts able to assist with the paper drive Saturday, Sept. 17, are requested to report promptly by 8 a. m. In the event of early and continuing rain, the collection will be held one week later.

### Special Request

A request has been made to the Carroll County Chapter of the American Red Cross for used playing cards and pencils for patient's use at Perry Point Veterans Hospital. If you have either of these items, not in use, you can help us fill this request by bringing them to Red Cross headquarters, 194 E. Main Street, Westminster.

## MEETING OF MAYOR AND CITY COUNCIL

### Tax Rate of .85 per \$100. Retained

The regular monthly meeting of the Taneytown Mayor and City Council was held on Tuesday, Sept. 6, 1960, at 7:30 p. m. with all members present.

The Treasurer's report was given as follows: Receipts \$17,519.37; Expenditures, \$18,221.29; Balance \$6,300.01. Parking meter fund balance \$3601.10. Numerous items of business were discussed and disposed of. Those of interest to the general public are reported herewith.

A tentative report was received from the Council Committee designated to survey the town relative to violations of the "weed" Ordinance. As soon as their survey is complete letters will be sent to the offenders by the Clerk. It was observed that many properties, obviously in violation, have been recently moved and cleaned up. The Council wishes to express its gratitude for this action on the part of the property holders concerned.

Delinquent tax accounts were discussed. It was unanimously decided to turn these accounts over to the Sheriff for collection. The Council regrets having to take this action but it should be noted that most of the accounts in question are in arrears three and four years.

The final item of business was the setting of the Taneytown Tax Assessment for 1960. The need for increase appeared quite obvious however, the Council felt that by close adherence to our trial budget it would be possible to leave the tax rate unchanged. Therefore, the Council is happy to report no change in the tax assessment—it will remain at 85c on the \$100.00.

## Girl Scout Troop Camping at Camp Shawnee

Members of Intermediate Girl Scout Troop #723 and their leaders spent Monday, Tuesday, Wednesday and Wednesday night, Thursday and Thursday night, and part of Friday of last week troop camping at their camp-site, Camp Shawnee. The girls present were Carol Rensburg, Cynthia Andreas, Karen Fiscus, Joan Clingan, Vicki Cutsail, Robin Fair, Nancy Wiegony, Fay Hilterbrick, and Carol Piezonki. The leaders present were Mrs. Jean Fiscus, Mrs. Melba Fair, and Mrs. Zola Cantwell. The camp schedule was very similar to that of day camping. The day began at 9:30 a. m. with a flag ceremony, the Lord's Prayer and the Girl Scout Promise or a song. Kaper charts were distributed from 9:45 to 10. From 10 to 11:45 the girls engaged in unit house-keeping wash-up-time followed at 11:45 lunch and rest period took from 12 to 1 p. m. At 1:30 the girls and their leaders assembled for camp meeting. From 2 to 2:45 another period of unit house-keeping and unit planning followed. The Scouts broke camp at 2:45. At 3 p. m., the closing flag ceremony was held at the camp entrance.

On Wednesday and Thursday, in addition to these duties, supper was planned and cooked. Mrs. Ruth Chaplain, District Advisor, was a guest at luncheon on Thursday, Mrs. Linda Hopkins, neighborhood chairman, also visited the camp site on Thursday.

The Scouts worked in three units —The Red Birds, the Squirrels and the Pine-Trees. All the meals, with the exception of a rose-bag lunch on Monday, were planned and cooked by the girls. This camping experience will enable the Scouts to attain their camp-craft badge. One Scout, Cynthia Andreas will attain the Pioneer badge. This proved to be a very happy experience for the Scouts and leaders alike. The troop is indebted to the Boy Scouts for the use of tents and to Mr. James Fiscus and Mr. Theodore Fair for erecting a Flag pole and cleaning away branches, etc.

## "SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning  
A smile that shall last until the next day's dawning.  
I wish you health—life's greatest wealth;  
I wish you always near so that I may help to cheer  
Each future day and in some way—help to bring you happiness!

The recent storm surely frightened "Little Eva" although I tried to convince her that I was not afraid but she stuck close to my side wanting to be on my lap every second. And then I heard the little heart beat so fast and I really knew she was frightened. I often wonder what it is that causes a dog of any breed to be so timid when there is a storm? And now this from (continued on page four)

**THE CHANGING FACE OF FARMING**

An editorial in the Antigo, Wisconsin, Daily Journal, muses on some of the changes that have taken place in American farming. It says: "In past generations, the farmer depended heavily on his neighbors. His church, his school, and his cheese factory were local community institutions, every one of which he helped to build and he felt he had definite responsibilities to them.

"But today local institutions mean less to him or are gone entirely. His markets are broader, his contacts are wider, yet he may know little about the neighbors across the road."

This means that the farmer has become more and more dependent on others—even as others have become more and more dependent on him, in the complex society in which we all now live. The Antigo Journal points to various instances of his, one being: "He no longer grows 'fuel' for horsepower in the form of oats and hay but gets it from the city in the form of tractor gasoline and oil."

There is no doubt that there have been losses because of the inevitable changes that have overwhelmed agriculture. But the gains outweigh them by far. mechanization of farm work, in which gas and oil for the tractor have replaced oats for the team, is a top example. It has eliminated a vast amount of drudgery. It has cut costs. It has made possible land reclamation and conservation practices that would have been impossible in former times. And it enables a smaller farm population, working a more or less fixed acreage, to meet the needs of a swelling total population.—Industrial News Review.

**GRASS ROOTS OPINIONS**

**WEST POINT, MISS., LEADER:** "It's a pleasure to comment on good news now and then, though the opportunities, sometimes seem far between. Today's glad tidings are that the Labor Department has turned thumbs down on the idea of setting up a new bureau to force employers to hire older workers.

"The reason is that employers are solving the problem voluntarily at a faster clip than a new law might be expected to do the job."

**DENISON, TEXAS, PRESS:** "After studying and working with juveniles for a period of over fifty years, and having ourselves reared a family of nine, we have come to the conclusion (long ago) that a great mother, along with a fairly decent father, can get the job done without any court action, clubs to fence them in, community houses or youth centers."

**DANIELSON, CONN., TRANSCRIPT:** "In the next ten years, 26 million youngsters will enter the labor force for the first time. The outlook: Thirty percent of them will not have a high school education. During their best years, most will be averaging less than half the pay of those who have been trained in skills.

"Every effort must be made to encourage our young people to obtain the best education possible—for their sake and for the sake of our entire space-age society."

**LISBON, N. D., GAZETTE:** "If people don't make proper arrangements for their mail, an otherwise pleasant vacation can be a mighty frustrating experience," says a note from the postoffice. "The careless preparation or handling of vacation mail can easily result in the traveler's having fewer friends when he returns than he had when he left."

"There, that ought to explain something you've been wondering about."

**BEAVER FALLS, PA., NEWS-TRIBUNE:** "The Government paid commercial storage warehouses \$411 million for grain storage last year. Controller General Joseph Campbell said some warehousemen made a profit of as much as 265 per cent, because of the policy of setting a single rate for all warehouses, regardless of operating costs or capacity. The Agricultural Department has begun studying storage costs as a basis for setting future rates locking the barn after the horse has fled."

**NEOGA, ILL., NEWS:** "Our small voice in the wilderness has said many times, 'Why send it all to Washington to be divided up? Each time we accept a new service from the government, we foot the bill, and the less fortunate states receive the lions share of our money after the bureaus have extracted their share for handling.'"

**LOS ANGELES, CALIF., INDUSTRIAL NEWS:** "Most of the nation's major inventions come from private inventors, small to medium sized companies or from small companies within a big industry. This is the report of Dr. Daniel Hamberg, professor of economics, University of Maryland."

**The York Fair**

The annual York Interstate Fair opens next Tuesday September 13th and will continue all week day and night through Saturday, September 17th. No effort or expense has been spared by the management to secure the customary wealth of outstanding entertainment and exhibits. The displays of livestock, agricultural and farm products, machinery and exhibits of every nature will more than live up to the usual high standards. And as usual there will be keen competition among the 4-H girls and boys for the premiums and special prizes.

Tuesday as usual will be School Children's Day with Johnny Ringo-Tall, Handsome Don Durant... Star of Television's exciting Western series.

The grandstand vaudeville acts this year contain many outstanding circus and international features. Among them are The NOVELLOS - A New High in Thrills; GEORGE HANNEFORD COMPANY, Sensational Riders featuring Tommy Hanneford the Comedy Riding Marvel; SANGER, ROSS and ANDREE, the Famous Terpaichorians; PAT PATERNA, with the Golden Voice; The 7 STANEKS - Whirlwinds of the Teeterboard; HUGO ZACCHINI - Sensationalist; are just a few of the featured attractions which will be presented daily, afternoon and night.

The nightly revue will be Frank Wirth's glamorous new Broadway musical "STARS IN YOUR EYES" presented with the Manhattan Rockets in beautiful costumes, colorful scenes with electrical effects and new scenery. The gigantic all-weather covered stage insures a complete performance every night, rain or shine.

Special added features have been booked for the grandstand audience. On Wednesday afternoon and night, LIBERACE - "Mr. Showmanship," himself... World's Foremost Pianist and Recording Artist. On Thursday afternoon and night, PAT BOONE Popular Teenage Record, Motion Picture and Television Idol. On Friday, ARTHUR GODFREY - One of the best known and most-listened-to personalities in American entertainment history.

On Saturday afternoon and night the climax of the grandstand attraction will be JACK KOCHMAN'S Hell Drivers - Racing, smashing automobiles and motorcycles - just one chill and thrill after another.

There will be a full program of harness racing on the fast, half-mile track on Tuesday, Wednesday, Thursday and Friday afternoons. The miles of well lighted, paved midways will be occupied by the James Strates Shows and Rides.

The same admission for reserved grandstand seats will prevail as last year. Grandstand reserved seats may be obtained at Fair Offices, or by telephoning York 8-2033 and 8-2086.

The York Interstate Fair is noted nationally for its fine entertainment, displays and exhibits and hospitality. Make your plans now to take the family and friends and enjoy this, the big Blue Ribbon Fair of the East. It's the season's biggest event.

**NATIONAL SAFETY WEEK SEPT. 7-14**

Police Chief Presents Safety Rules to School Children

Schools opened at Taneytown, on Tuesday, September 6. Together with thousands of other communities across the nation, Taneytown will observe National Child Safety Week, September 7-14, inaugurating an educational campaign for both school children and the general public aimed at making Taneytown a no-accident community.

"Opening of the schools always poses new problems for parents, school authorities and teachers, public safety officials and the drivers of automobiles", Chief Emory Hahn commented in reporting the program being sponsored by the Department of Police.

"To kindergartners and to many first graders, it is their initial experience in going to the school and returning to their homes. They must be taught to stay on the sidewalks, to cross streets only at the proper crosswalks to obey schools of officers or traffic lights and they must be especially warned of the dangers of careless disregard of such precautions". Chief Hahn continued. "In this important task, mothers and teachers carry the greater portion of the load but every citizen must be alert to do his or her share."

Older children, also must be reminded that they are back in school and that with great numbers of pupils on the streets at certain times each day, careful observance of the good travel rules of the Junior Safety Patrol must replace the independence and freedom of the summer days.

"National Child Safety Week focuses the attention of parents, teachers, P.T.A. groups and all motorists on the need for cooperation in making our highways safe for young and old. "It is not enough to teach a child the proper way to use our streets, only to have the youngster mowed down by some impatient and careless motorists". Chief Hahn concluded. "We would have no problem if each and every driver of a car or truck would be courteous and considerate of pedestrians, especially at crosswalks, in school zones or where children are at play. I hope all our citizens will take this very seriously, not only through National Child Safety Week but throughout the entire year, and cooperate with our police department to make this a no-accident year in our community."

This program is under the direct sponsorship of the Taneytown Police Department with the cooperation of a group of public-spirited citizens.

**Tips on Touring**

By Carol Lane  
Women's Travel Authority

**Be Prepared**

A motorist who has the best driving record is usually the one who's prepared for the worst. If an emergency does arise, he knows just what to do to prevent an accident.

Here are three tips to help you meet driving emergencies.

1. Your car is forced off the road onto a soft shoulder. Your first reaction might be to accelerate, swing back sharply to get up on the road again. Don't! You might zoom right across the highway into oncoming traffic. Or you might be hit by a car coming from behind. Instead, slow down, check your rear and side view mirrors, and ease gently back onto the highway.

2. Your gas pedal jams. Turn off your ignition. Apply the hand and foot brakes simultaneously—gently but with steady pressure. If you start to skid, turn the wheel in the direction you're skidding.

3. Your brakes get wet in a sudden, summer downpour and won't hold. Easy. Dry them by keeping your left foot gently on the brake pedal while you're driving. In a very short time, friction will dry the brakes. Test them easily before going back to regular driving.

Be prepared for any emergency. Remember—your car has built-in safety: YOU.

They fell like teardrops, one by one, as life came to it's close. To earth their beauty they returned, from whence they found their source.

Silently and peacefully 'twas Nature's chosen course. As from the rose, the petals fall when season's hour is nigh; So from our lives we drop the days, As years go fleeting by.

MARRIED

Miss Pauline Carmen Stitely became the bride of Mr. George Shower, Jr. at eight o'clock on Friday evening, August 26th, at the Trinity Reformed Church in Manchester. Rev. Harvey G. Schlechter performed the ceremony. Given in marriage by her father, the bride wore a pink chiffon gown of ballerina length and she carried a bible decked with rose buds, carnations and flowing streamers. The bride was accompanied by Mrs. Belva LaMotte who wore a pale blue gown. Mr. Earl LaMotte acted as best man for the groom.

The bride is the daughter of Mr. and Mrs. Roland Stitely, of Taneytown. The bridegroom's parents are Mr. and Mrs. George Robert Shower, Sr. of Manchester.

After the wedding, a reception was held at the home of the groom's parents. Besides the bride's and the groom's families, those in attendance included the following: Mr. and Mrs. Joseph Clemm and daughter, Mr. and Mrs. John Clemm and daughter, Mr. and Mrs. Ralph Bollinger and family, Mr. and Mrs. John Althof and family, Mr. and Mrs. Truman Stitely and family, Mr. and Mrs. William Stitely, Mr. and Mrs. Donald Detwiler, Mr. Raymond Coe, Miss Patricia Fowler, Mr. Francis Smith, Mr. and Mrs. Roger Rebert and daughter, Mr. and Mrs. Frank Leppo, Mr. and Mrs. Joseph Hunter and son, Mr. and Mrs. Jeth Leister and son, Mrs. Ross Shower, Mr. and Mrs. Russell Yingling, Mr. and Mrs. Henry Main and family, Mr. and Mrs. Luther Fleming and sons, Mr. and Mrs. Vernon Lippy and sons, Donald Lentzner, Kenny Lentzner, Patricia Flanker, Susie Gunn, Sam Carr, Esther Myers and Mr. and Mrs. John Schaeffer.

The newly weds will reside on Fairview Avenue in Taneytown.

"SPICE 'N' EVERYTHING NICE"

(Continued from first page)

"The Farmer's Almanac"—There will be more rain and storms the first part of September.

For my readers, I have made inquiries as to the Olson Rug Company—the company who has been in business in Chicago for many years. They accept your old rugs and clothing and replace them with new any size you desire. You send them by express at their expense—just roll them up and tie them securely without wrapping them in paper! I phoned to the local number and asked the gentleman who is the salesman to call here with his samples as I did not want to write about them without examining them thoroughly. All are wool—never cotton and if you send for the catalogue you can read for yourself and follow directions.

"Hush Puppies" are the delightful fried biscuit of which all Florida knows but in Baltimore they are soft shoes for men made of pig-skin and most comfortable sold by The Hess Shoe Company!

Now, here's a new one and believe it or not on Lexington Street by Hochschild Kohn Co. A "PET SHOP" called "Pet Center" carrying a complete line of Tropical Fish, Exotic Birds and all AKC puppies and—a "POODLE PARLOR" just like the stores in New York city where you can have your dog so beautifully groomed! Guess they will do a landoffice business as Christmas approaches. It will be Confidence all the way with that store when you purchase any pet. Eh? And thinking of that store, the most beautiful ZIRCONS are again on sale. At times even the experts cannot tell them from a real diamond! They always are most fascinating and remember what I have stated in previous Columns "DIAMONDS ARE NOT A GIRL'S BEST FRIEND". Just try to pawn one and you will see the little money you are offered! That is one thing I never could understand about the saying, "No finer investment than a diamond!" Even if you try to sell one which may be most valuable, you will get far below the price you have paid.

A grand letter came from President Dwight Eisenhower. Another to add to my famous collection!

Ladies, when you go to the drug store the next time be sure and ask for "Evening in Paris" bath. It is not a bubble bath but a delightfully oil preparation which makes your skin truly the one you will love to touch! For an introductory offer the price is one dollar and you place only the cap full in the bath water which means it will last a long time. The aroma is of course their own scent and always delightful!

There are children now returning from Camp where they have spent the summer. Never will I forget when I sent my three boys to one right outside of Baltimore for six weeks of which they faithfully did I promised them someday they would go to a camp. That came to a realization and although I think they enjoyed it to a certain degree, folks you should have seen the expressions on the faces when I called for them at the expiration of that time! The eldest cried and clung to me embracing me and that I never will forget! I do not believe that a child should go to any camp unless he or she really desires to go. And never for all summer! Country children do not enjoy a camp as much as city children as they have everything in the country which they have at camp. Of course, there is the constant amusement almost each hour of the day but that eventually becomes very monotonous. Thinking of a vacation. I was talking to a lady the other day who had just returned from a real vacation and she said to me "Think of it, I actually paid to go away to be miserable and unhappy just to get away from home and the city and here I have every convenience and enjoy it so much where I can be most comfortable any hour of the day!"

Yesterday, I went to see "Let's Make Love" with Marlyn Monroe as the Star. "The New Theatre" was as jammed to standing room just as in comparison to "Can-Can". Throughout the entire picture this popular Frenchman—Yves Montand. In the show appears to everyone's surprise Gene Kelly, Bing Crosby and Uncle Miltie! Getting back to Monroe—she's the gal that is always "Brassiere Less" never having worn one in her life so that alone makes her different from any other actress. Now, then she does not wear one piece of jewelry throughout the entire picture and she is stunning in all her gowns which are truly glamorous! The story is cute—a millionaire falling for the Star of the show and who has kept her in ignorance of his wealth until the very very end when he springs that on her. It is a lively affair—not a dull moment and the coloring is beautiful.

Won't say more for now. Much is taken back stage for all rehearsals of course. Have a grand week end and if it continues to be hot by all means keep cool by relaxing as much as possible. Until next week D. V.

I am Faithfully,  
YOUR OBSERVER

Letter to the Editor

Middleburg, Md, Brookfield Manor Dear Sir:

I have a local for you to use in your paper concerning old, old families once of this town and vicinity.

Recently Mrs. Georgia D. Reaver had a very pleasant surprise at the Middleburg Nursing Home when Miss Edith Currens, Oak Park, Ill., visited her for a day.

Miss Currens is a daughter of the Robert Currens who was born and raised in Taneytown and vicinity and well known saddle and harness maker of this town which was later turned over to the late Stanley C. Reaver, a nephew, all of many, many years ago.

Neither Miss Currens or Mrs. Reaver remembered ever meeting but Mrs. Reaver soon recognized Miss Currens. The day was very pleasantly spent driving into Pa. back to Westminster and the home hoping to soon meet again. Her time later was spent visiting her near relatives in Thurmont and her aunt, Margaret also at a Home.

MRS. G. L. REAVER.

Prepared by American Foundation for Animal Health

An alarming increase in rabies among farm animals has been reported by authorities.

There has been a 400 per cent rabies increase in swine, a 300 per cent increase in sheep, and a one-third increase among cattle. The disease has spread to wild animals, and that has made it more difficult to control. Rabid wild animals bite the livestock, spread the disease, and the cycle continues.

Rabies is spread to farm livestock by the bites of wild animals; or by other rabid livestock.

What symptoms of rabies should a farmer watch for?

In cattle, rabies symptoms may include loss of appetite, a sudden stop in milk flow, restlessness and aggressiveness. The sick animal may bellow loudly, paw the ground, or butt violently. Among sheep the signs are much the same as in cattle. Hogs become very excitable, and may attack other animals... even their own pigs.

If the farmer even suspects that livestock have been bitten by a rabid animal he should have a veterinarian make a checkup as promptly as possible. If rabies vaccination is done soon enough after the animal has been bitten, it may be saved. If any unusual bite wounds appear in livestock, the veterinarian should check, also, because this is the way in which rabies is transmitted.

The farmer and his family should be careful about dealing with livestock showing aggressiveness or other such rabies symptoms. These animals may transmit rabies, by their bites.

Farm children should be warned, also, that any wild animal which appears "tame" may be rabid.

Summing up... rabies in farm livestock is increasing sharply; the wise owner will watch for signs of it, and take prompt action if such signs appear.

Robert L. Vaughn, executor of Finnetter M. Vaughn, deceased, filed report of sale of real estate with order for immediate ratification, inventories of debts due and current money and settled his first and final account.

J. Edward Webster, et. al. administrators of Robert M. Webster, deceased, received order to sell goods and chattels, filed report of sale and received order to transfer title.

Mix & Match Summer Desserts

COOL, REFRESHING AND DELICIOUS is this delicate lemon frozen pudding topped with the magenta of raspberry sauce. The pudding—one you can make ahead and keep in your freezer—is particularly good when a half cup of flaked coconut is folded into the mixture before freezing. To make the sauce, combine 1 cup of maple-blended syrup with about 1 1/2 cups of frozen raspberries, thawed and drained... or with the same amount of mashed fresh raspberries. Chill before serving. Good on pudding, cake and waffles, too. Serve the pudding with a bowl of toasted coconut for a "textured topping."

FROZEN LEMON COCONUT PUDDING

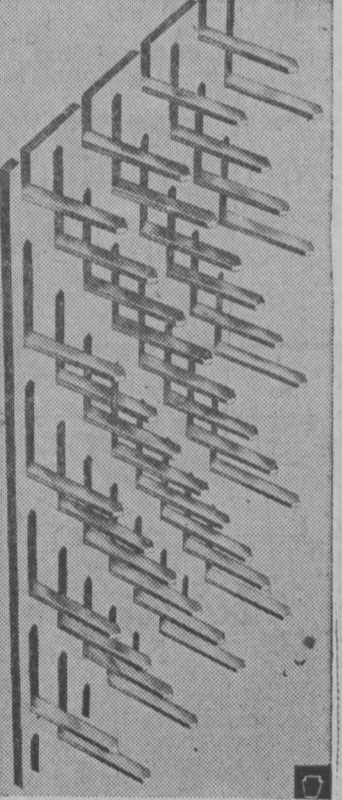

- 1 package lemon pudding and pie filling mix
2 egg whites
Dash of salt
1/2 cup sugar
4 tablespoons sugar
2 cups water
1/2 cup light cream
2 egg yolks
1/2 cup Angle Flake Coconut

Combine pie filling mix, 1/2 cup sugar, and 1/4 cup of the water in saucepan. Add egg yolks and blend well. Then add remaining 1 1/2 cups water. Cook and stir until mixture comes to a full boil and is thickened. (This takes about 5 minutes.) Remove from heat.

Beat egg whites with salt until foamy throughout. Add 4 tablespoons sugar, 2 tablespoons at a time, beating after each addition until sugar is blended. Then continue beating until meringue will stand in peaks. Fold in hot pudding. Then fold in cream and flaked coconut. Turn into freezing tray of refrigerator, setting control for coldest freezing temperature. Freeze until firm. Freezing time: 2 to 3 hours. Makes about 1 1/4 quarts.

Bed of Nails

Pre-punched galvanized steel sheet clamps are spurring a shift in residential home construction, from conventional roof framing to the use of prefabricated trusses. J. Calvin Jureit, president of Gang-Nail Sales Co., Inc., Miami, Fla., reports that a complete roof truss connection can be completed every 20 seconds with these clamps, using a single production press. He cites the high strength-to-weight ratio, durability, and corrosion resistance of galvanized steel as key factors in the rapidly increased use of these connectors. The Committee on Galvanized Steel Sheet Research predicts that well over 12,000 tons of galvanized steel will be required during 1960 for the fabrication of these connectors.

Pears for Future Pleasure

RIPE GOLDEN PEARS OFFER RICH DIVIDENDS for your jelly shelf now, and ready rewards for the breakfast table later on this winter. Simply follow today's easy recipe, and you will have 11 medium glasses of golden Pear Jam in less than 15 minutes after the fruit has been prepared.

PEAR JAM

Yield: about 11 medium glasses (5 1/2 lbs. jam)

- 4 cups prepared fruit (about 3 lbs. ripe pears)
1/2 cup lemon juice (2 lemons)
7 1/2 cups sugar
1/2 bottle Certo liquid fruit pectin

First, prepare the fruit. Peel and pit about 3 pounds fully ripe pears. Grind or chop very fine. Measure 4 cups into a very large saucepan. Squeeze the juice from 2 medium-sized lemons. Measure 1/2 cup juice into saucepan with pears.

Then make the jam. Add sugar to fruit in saucepan and mix well. Place over high heat, bring to a full rolling boil, and boil hard 1 minute, stirring constantly. Remove from heat and at once stir in liquid fruit pectin. Skim off foam with metal spoon. Then stir and skim by turns for 5 minutes to cool slightly, to prevent floating fruit. Ladle quickly into glasses. Cover jam at once with 1/2 inch hot paraffin. If jars are used, seal. Note: This jam may set slowly—allow about 2 weeks.

PORTRAIT PHOTOGRAPHS - A NEW DECORATING TREND

We pretty up for them, have them taken—yet few of us know what to do with portrait photographs of our families. This year interior decorators are displaying professional photographs on the walls of halls, family rooms, living rooms and the most popular place of all, the bedroom—and they're doing it in fresh new ways. Ideas that put the tasteful homemaker in the same league with these fashionable decorators include hanging a direct color photograph of the man of the house over the fireplace—an idea copied from the days when only kings could afford a likeness of themselves. Or hanging large sepia-toned portrait photograph—on wide ribbons suspended from a bedroom or family room wall. A series of photographs of a small child is stunning matted in blue checked gingham for little boys or pink for girls. So is a hall furnished in early American style with portrait photographs framed in maple. Or a whole wall covered with pegboard hung with sculpture, antique mirrors and family photographs of impressive size. The logical person to consult on matting and framing of portrait photographs is the neighborhood professional photographer. Frames can range from standard gilt models to ornamented antiques bought at auctions, and mats from silk shantung to pastel matboard.

Why No Peace?

Lesson for September 11, 1960

ASK ANY ten or one hundred people the same question: If you could have, tomorrow, an ideal world, a world made to your order, what kind of world would it be? You might get ten or a hundred different answers, but it is safe to say that one feature would be found in all of these ideal worlds: it would be a world at peace. Nobody—nobody in America, nobody anywhere in the world—wants to live in a warring world. Everybody is in favor of peace.

Dr. Foreman

Why We All Want Peace

Turn to the Bible and you find the same thing. Every prophet who looks down the long vista of time to God's Golden Age, see a world at peace. Some of the best-known passages from the Bible are those from Isaiah selected for this week. So if human beings want peace, at least to this extent they are on God's side. Why we hope for peace is plain enough. Reasons may vary from low (bad) to high (good). The prophets' reasons are certainly high ones. The reason why war is bad is what it does to people. Nowadays, of course, war means total destruction; but even when that is not true, war means the slow or swift degeneration of human beings. "All's fair in love and war" is not true but most people think it is, and the longer war goes on, the more people believe it. Lying, cruelty, theft, murder, adultery become commonplace. The enemy looks to us less than human (and so do we to the enemy), so that we make excuses for our beastly treatment of him by calling him a beast.

Why We Don't Get Peace

Now, why is it that something we all want, and that God wants, we don't get? The history of western Europe, and of the United States, is one long series of wars. We scarcely get over one before the next one comes off the assembly line. If it isn't a hot war it's a cold one—and the "cold war" is no 20th-century invention. Only the name is new.

Of course one reason we don't get peace is that we want it for wrong reasons. One of the commonest of wrong reasons is that we want peace in order to establish our own nation (whatever nation that is) as "top dog." There have been such periods of peace in the world, when Egypt, or Macedonia, or Rome, or the British Empire, just sat on the rest of the world and maintained peace by threat of force, maintaining its own position at the top of the heap. The trouble with that kind of peace is that nobody likes it except the people on top of the pile. Sooner or later the people who have been sat on decide they've had enough—and the fight starts all over again.

The Things That Make For Peace

There are other bad motives for desiring a world at peace, but you can think of them without too much trouble. Let us look at another point. We do not hear of Jesus weeping often; but one of the rare occasions when he did cry was when he looked on his own capital city and wept over it. He saw in his minds eye "the days . . . when your enemies will . . . surround you . . . and dash you to the ground" (Lk. 19:41-44). And why? "The things that make for peace are hid from your eyes." Peace does not glide down from heaven on a moonbeam. Peace has to be made and kept.

Prince of Peace

Nations neglecting these things are going down the road to war. But the most important thing remains to be said: The nation that neglects Christ is shutting itself off from peace, while the nation that is Christian is a strong force for peace. This is not just a matter of theology. It is not saying that if you believe articles one, two, et-cetera, you will never have a war. It is saying that the nation with an increasing number of citizens whose lives are truly Christlike, who honor him and follow him, is a nation which is more and more able to lead other nations in the way of peace.

SAFETY AT THE SHORE

by CAROL LANE WOMEN'S TRAVEL DIRECTOR SHELL OIL COMPANY

WILL YOUR NEXT TOURETTE TAKE YOU TO A LAKE OR THE SHORE? HERE ARE TIPS FOR A SAFE AND PLEASANT SEASON.

AT BEACHES SWIM ONLY IN "LIFE-GUARDED" AREAS. AT LONELY LAKES, SWIM "BUDDY SYSTEM". IF YOU GET TIRED WHEN SWIMMING, DON'T PANIC. ROLL OVER AND FLOAT. WHEN RESTED, HEAD FOR SHORE. STAY OUT OF THE WATER FOR AN HOUR AFTER EATING.

FOR A NEW TREAT TRY SNORKELING—BUT GET GOOD DIRECTIONS FIRST.

WHEN WATER SKIING, ALWAYS HAVE TWO PEOPLE IN THE BOAT. ONE STEERS; THE OTHER WATCHES THE SKIER. KEEP AWAY FROM SWIMMERS.

PLAY IT SAFE AND ENJOY YOUR SEASON AT THE SHORE!

Health of Americans Making Great Progress

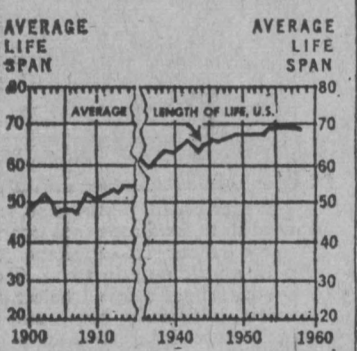

The health of Americans is making such progress that a new population explosion is taking place at the other end of life's cycle. Back in 1900, the average span of life in the U.S. was about 47 years. Today the average lifetime is nearly 70 years. Americans 65 years or older today number 16,000,000. By 1980, these "senior citizens" will number about 26,000,000.

Facts such as these are forcing a closer look at many un-founded and unsubstantiated "health scares" that occasionally hit the headlines.

They have led, for instance, to the issuance of a report called "Tobacco and the Health of a Nation" by The Tobacco Institute, Inc. This leaflet cites facts and figures from U.S. Government and other authoritative reports to show the great advances in health made since the turn of the century. Death rates from all respiratory diseases have plummeted in the past 60 years to about one seventh of the level in 1900. The height and weight of young people has increased. The death rate from heart ailments has declined, when the age of the population is taken into account.

Reprinted from the leaflet, the following chart shows the trend in the longer life of citizens of the U.S.

ESTIMATED AVERAGE LENGTH OF LIFE IN YEARS

Source: U.S. Vital Statistics

"These facts and figures show the tremendous advances made in the health of our people," said Edward F. Ragland, vice-president of the Tobacco Institute, Inc. "Tribute should certainly go to the medical profession and the drug industry, as well as to our high standards of nutrition, for helping to give us a longer, healthier life."

"Those who attack cigarettes by blaming them for all kinds of health problems seem to overlook the fact that these health improvements also have occurred during the same period that the cigarette was constantly gaining widespread favor as the most popular form of tobacco use.

Other points covered in the leaflet include these:

1) In 1900 death rates from major lung ailments were 700 per cent higher than today, lung cancer included.

2) Death rates for major heart diseases, when age-adjusted to allow for more people living into older age brackets, now are lower than at any other period since 1900.

3) The average height and weight of young men has shown a steady increase since 1900. Physical measurements of freshmen at one major university have gone up more than two inches in height and more than 20 pounds in weight since the turn of the century.

Copies of this pamphlet, which are obtainable free from The Tobacco Institute, Inc., 910 Seventeenth Street, N. W., Washington 6, D.C., also reveal how hundreds of doctors and scientists, here and abroad, continue to seek more knowledge about lung cancer, known to be a complex disease that cannot now be explained by any simple cause and effect answer. This work is supported by millions of dollars from public and private agencies. An extensive program in this area is supported by the Tobacco Industry Research Committee which by 1960 has provided \$3,700,000 for independent scientific research into such problems as cancer and heart disease. Grants are made to research scientists who then independently conduct their work and publish their findings. Scientific studies show that much more research needs to be conducted into many possible factors before definite answers to cancer, including lung cancer, will be forthcoming.

LAWRENCE A. THOMAS 108 Westminster Street Manchester, Maryland Solicitor

ROBERT F. CARR Route No. 3 Sykesville, Maryland Complainant

MARGARET WINTERS CARR 401 Cottage Avenue Elizabethton, Tennessee Respondent

9684 EQUITY In the Circuit Court for Carroll Co. ORDER OF PUBLICATION

THE object of this suit is to procure a divorce a Vinculo, by the Complainant, Robert F. Carr, from the Respondent, Margaret Winters Carr. THE BILL recited the marriage of said parties on September 14, 1949 at Towson, Maryland. That the Complainant has been a resident of Carroll County and the State of Maryland for more than one year immediately prior to the filing of this Bill of Complaint and that the Respondent is a non-resident of the State of Maryland, her last address being Tennessee. That three children have been born as a result of this marriage, viz, Bobby, age 9; Richard, age 6; Delbie, age 4. That at various times, the length and period unknown, the Respondent has contacted divers other men for adulterous purposes and has committed same, and the Complainant has never condoned these acts and that on or about May 28, 1960, the Respondent without just cause or reason did also abandon and desert the Complainant and that the above were the deliberate and final acts of the Respondent. That ever since the said marriage the Complainant has always conducted himself as a faithful, affectionate and dutiful husband towards the Respondent and a loving father toward the children. That the Complainant has lived separate and apart from the Respondent ever since and that reconciliation between the parties is without hope of reasonable expectation thereof. IT is thereupon, this 24th day of Aug. 1960, by the Circuit Court for Carroll County.

ORDERED that the Complainant, Robert F. Carr, by causing a copy of this Order to be inserted in some weekly newspaper printed and published in Carroll County, once a week for four successive weeks before the 26th day of Sept. 1960 to give notice to the absent non-resident Respondent, Margaret Winters Carr, of the object and substance of this Bill of Complaint and warning her to be and appear in this Honorable Court in person or by Solicitor on or before the 12th day of Oct. 1960, next and file a plea, answer or other defense within 15 days thereafter, showing cause, if any, why a decree ought not be passed as prayed.

SECTION 4. And be it further enacted and ordained by the Mayor and City Council of Taneytown that this ordinance shall become effective thirty (30) days after the date of its passage provided a copy of this Ordinance shall be inserted in The Carroll Record on two successive weeks prior to the expiration of such thirty (30) day period. Passed by the Mayor and City Council of Taneytown this 8th day of August, 1960. HENRY I. REINDOLLAR, Clerk. Approved this 8th day of August, 1960. RAYMOND J. PERRY, Mayor.

**The 1960 Christmas Seals for Carroll County Arrived this Week**

Beginning the second week in October Senior High School students all over Carroll County, as well as Girl Scouts, Women's Clubs and other organizations will participate in stuffing parties. These volunteers pitch in to stuff over 13,000 envelopes, each envelope containing Christmas Seals, a letter and a return envelope. These are sorted to post offices, bagged and made ready for mailing on the 14th of November which is the opening day of the 54th Annual Christmas Seal Campaign all over the United States. These envelopes are mailed to every family in Carroll County, so that they may determine of their own free will, in the privacy of their own homes, how much or if they want to contribute. There is no pressure from their place of work. There is no payroll deduction.

In a recent interview, Preston G. Coffman, Chairman of the 1960 Christmas Seal Campaign, said "throughout the 53 years that Christmas Seals have been in action they have led the way in the long and costly fight against tuberculosis." "In spite of the miracle of modern drugs and the latest surgical methods, which save lives of so many TB patients," Coffman said, "there is as yet no sure vaccine which will prevent tuberculosis from striking at you, or me, or our neighbors."

**MARYLAND'S 70th C. E. ANNIVERSARY CONVENTION**

The Christian Endeavor Convention will be held in the midst of the beautiful mountains of our state at the Claggett-Diocesan Center, Buckeystown, Frederick County, September 16-18. With Rev. Cronise H. Barr, opening speaker and conference leader, Dr. Clyde W. Meadows, Pres. of International C. E. will speak at the banquet, Saturday evening. Mr. Albert Copenhaver and Gary Lushbaugh, Hagerstown will be song leader and pianist. Other leaders will be Mr. Herbert Wilson, Frances Becker, Virginia Hopkins and Rev. Harry L. Angle. Plan now to attend this inspiring week-end convention long to be remembered for Christ and the Church. The Alumni tea will precede the banquet on Saturday evening at 4 p. m. All C. E. Alumni are invited. Banquet at 6:30 p. m.

**Taneytown Kiwanis Club**

On Wednesday evening, August 24 the Kiwanis Club of Taneytown, Inc., traveled to Boiling Springs, Pa., where they had dinner in the beautiful dining room of the Allenberry Tea House. After the dinner the play, "The Tall Story," was witnessed by about forty Kiwanians and friends in the Allenberry Play House.

**MAKE A MEMENTO BOARD WITH SNAPSHOTS AND SCHOOL SOUVENIRS**

Poster board, plastic tape, snapshots and a few souvenirs are all you need to make a memento board. Cut an ordinary piece of poster board to the desired size and shape. Add a bright touch by trimming the edges with plastic tape in two different colors. (It's good fun and sense to choose school colors.) Select snapshots not only of school friends and scenes, but family, home, and pets as well. The actual arrangement of the pictures is largely a matter of personal taste. But it's a good idea to place them so the subject matter faces toward the center of the board. A few enlargements here and there will serve as eye-catchers. And for variety and interest, include some snapshot cutouts. All may be mounted easily enough with double-faced tape. The cellophane tape is sticky on both sides and will adhere to either paper or cloth without buckling or staining. Too, the tape can be easily removed so you can re-arrange the snapshot gallery with minimum effort. Intersperse pictures with special mementos—such as class play programs, tickets to football games, dance cards—and you'll have a memento board that's interesting, fun and a real conversation piece.
