Ki-Wives Interclub Luncheon

Twelve ladies from the Taneytown Ki-Wives Club braved the wintry weather on Thursday to journey to Wilmington, Delaware, to attend the Ki-Wives Interclub luncheon held in the Gold Ball room of Hotel Du Pont.

Despite the weather there were representative groups present from almost all of the thirty-five clubs, making a grand total of three hundred women in attendance.

The theme of the luncheon was "Moon Maidens". Seventeen models, representing as many clubs, wore outfits that they thought might be indicative of what midday will wear for moon travel. The outfits were designed and made by members of the various clubs, and indeed the imagination ran riot—some were beautiful, some humorous, and some were well—"startling". Cash prizes were awarded the three best ones, the prizes going to the Seaford, Salisbury and Wilmington Clubs.

The first Ki-Wives Club was organized in Bethesda sixteen years ago by Mrs. Marion Wallace, wife of Mr. Milton Wallace who at one time served as Kiwanis Governor of Capital District.

In sixteen years Ki-Wives has grown, from one to thirty-five clubs, thus far reaching into only three of our fifty states, Maryland, Virginia and Delaware. Our name is now copyrighted and we are looking forward to becoming "Ki-Wives International".

Ladies attending the luncheon from the Taneytown Club were: Mrs. D. Leonard Reifsnider, Mrs. Charles Hopkins, Mrs. Edmund Nusbaum, Mrs. Oliver Leakins, Mrs. Carol Frock, Mrs. Elwood Baumgardner, Mrs. Ned Musser, Mrs. Clyde Hesson, Mrs. Norman Graham, Mrs. Charles Gartrell, Mrs. Paul Rodkey and Mrs. George Crouse.

Miss Taneytown Contest

The Taneytown Fire Company is having a Beauty Contest to select "Miss Taneytown", again this year. This contest will be held in connection with the carnival, on Thursday June 16, 1961.

This event was such a tremendous success last year, and we are looking forward to an even better contest than that of last year.

Last year there were thirteen girls who entered the contest. The queen last year received a satin banner, an engraved trophy, a crown which she has in her possession for one year, an interview over WTTN, a chance to ride in various parades throughout the area. The queen also is a contestant in the Carroll County Fireman's Queen Contest. Each additional contestant in the "Miss Taneytown" contest will receive a gift.

Any girl who is single and is at least sixteen years old, and lives within a ten mile radius of Taneytown is urged to contact Mrs. Harry Dougherty, Jr. for additional information and application blanks.

"Miss Taneytown of 1961" will be crowned by last year's queen, Virginia Hahn, who will relinquish her crown this June.

FIREMEN CONVENE IN TANEYTOWN

Booster Meeting Held Last Sat. Afternoon and Evening

Last Saturday afternoon about ninety firemen converged on Taneytown to hold their Spring Booster Meeting. The organization known as the Cumberland Valley Volunteer Firemen's Association, is composed of members of Volunteer Fire Companies from Pennsylvania, Virginia, West Virginia and Maryland. Mayor Raymond J. Perry extended a welcome to the firemen and expressed his best wishes to them for a successful meeting.

The meeting, held on the second floor of the Firemen's Building, was called to order by the President, Ralph Myers of Middletown, Pa. A number of items of business were transacted.

W. F. Miller, Jr., chief of the Taneytown company, is 2nd vice-president of the association.

Charles D. Baker, who served 12 years as chief of the Taneytown Firemen now heads the local company as president.

Raymond Davidson, a member of the Taneytown Volunteer Fire Company, was recognized at the meeting for his service as chief of the Company for 17 years.

After the meeting closed Trooper J. Crout of the Maryland State Police demonstrated the Drunk-O-Meter as a means to determine the amount of alcohol a driver has in his system after being caught driving after drinking. Actual tests were given to two men who admitted having drunk intoxicants. The meter proved to be very reliable and conclusive.

At six o'clock the firemen, their wives and guests were served a delicious fried chicken dinner, on the first floor, of the Firemen's building, by the Ladies Auxiliary of the local company. Father Francis Wagner of St. Joseph's Catholic Church gave the invocation. Delmar Riffle provided organ music during the meal.

Following the dinner the speaker of the evening was introduced. He was Thomas Slater of Hyattstown, Md. He is a member of the Hyattstown Vol. Fire Co., a past chief of the Rockville Fire Co., taught Fire School in Carroll and Montgomery Counties and at present is the Assistant Fire Marshall of Montgomery County. His topic was "Fire Fighting", and he covered the subject in a very authoritative and conclusive manner.

The evening program was brought to a close with the presentation of a legendarist, Mr. Daniel Hagan, of Frederick, entertained those present with a number of jokes of magic. The evening closed with the visitors expressing their appreciation for the courtesies extended them during their afternoon and evening in Taneytown.

CHAMBER OF COMMERCE MET

Many Items of Business was Discussed at Dinner Meeting

The regular monthly meeting of the Taneytown Chamber of Commerce was held at Taney Inn on Monday, April 17th at 6:30 p. m.

There was very little business on the agenda, however, considerable discussion did develop on the following items.

It was noted that construction is progressing at a highly acceptable pace on the new building which will, when completed, house the Taney Sewing Co.

The possibility of city mail delivery for Taneytown was again discussed as well as the possible placement of a letter box on the square. We have been informed that a population of 2400 is requisite to the securing of city delivery. Even so, some way may yet be found. Efforts will be continued on both matters.

Strong disappointment was expressed over our loss, at the hands of the County School Board, of the eight room addition to the Elementary school versus the approved four room addition. The School Committee of the Chamber is quite active on all other aspects of our school situation; particularly, their efforts are directed toward preservation of our existing facilities.

It was reported that the Carroll County Industrial Committee will have the new County brochure available, through the County Commissioners, in a day or so. This brochure has been compiled to serve as a guide to industrial concerns who are seeking new locations or locations on which to expand their facilities. The brochure covers the entire county giving details, such as, schools, churches, water supplies, sewerage, access routes, railroads, population and other items which would be of interest to potential industries in our county.

President Oehler announced he will endeavor to obtain a speaker for the next meeting. This meeting will be a dinner meeting at Taney Inn on May 15th at 6:30 p. m.

Recent Chamber meetings have not been attended. You, the members, are the Chamber of Commerce. If you are absent from the meeting, you are denied your rightful voice in the affairs of Taneytown.

"SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning.
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth; I wish you always near so that I may help to cheer.
Each future day and in some way—help to bring you happiness!

Hope you did not miss the Exhibition of The Maryland Hobby Show for this year it appeared even more glamorous than the previous year with all types of Entries. There were antiques, Souvenir glass pitchers, aprons, photos, ash trays, ceramics, church Bulletins, coins, dolls, cigarette cards, funny face pillows, Lincoln statues, Maryland items, Novelties, old cars, oil paintings, old photographs, ovals, paper weights, State Glasses and last but not least the lovely hand made furniture which I exhibited and which was made about 15 years ago by Mr. T. Velnoskey of Westminster and which I purchased in the Shoemaker's store right there. Again it won a Blue Ribbon and First Place and this year I added the tiny dishes to fit on the shelves which I had a difficult time locating in fact that took about three years! I had the pieces all standing on an oval shaped red braided rug to go in with the atmosphere. "Penna. Dutch" Then all the visiting guests were surprised with a grand show—first with Tom Beam's Indian Group and then by Mr. Francis Reese in Pantomime and he was without a doubt excellent and belongs on the professional stage. His costumes were perfect—all of girls of different types and the audience actually screamed when at each time he made his appearance for the numbers. That I would not have wanted to miss for anything, never have I seen anything done any finer. Hope he gets on the Amateur Show Co. to which I wrote immediately.

The "Home Show" at the Army seems more interesting than other years and all the booths are displayed beautifully. Perhaps it is the Swimming Pool right there and the "ALPHA" weekend made of California Redwood. They stated it can be built by three persons in a single day but it is so very substantial looking, to me it would appear a much longer time than that. This type of a house is (Continued on fifth page)

ADD IT UP

Some lay-offs and some price increases would follow an increase in federal minimum wage from \$1 to \$1.25 an hour and its extension to retail and service trades, members of the Chamber of Commerce of the United States report.

Here are some of their replies to a questionnaire from the National Chamber:

A retail farm equipment dealer in Wyoming would raise prices five per cent.

A retail grocer in North Dakota would raise prices one per cent.

A department store in California would boost prices two per cent.

An auto dealer in Illinois would increase prices five per cent.

A jeweler in Massachusetts would raise prices five per cent.

A laundry and dry cleaning firm in New Jersey would lay off 15 out of 290 employees to help offset a \$75,000 wage increase.

A small hotel chain foresees an annual wage increase of \$975,000, requiring lay-offs of 150 of its 1,400 employees.

A department store in Ohio says the legislation would add about \$400,000 to wage costs, and that it would lay off 90 of its 1,500 employees.

What does it all add up to? You can answer that question very briefly: More inflation and more unemployment.

Industrial News Review

FACTS AND OPINIONS

Senator Barry Goldwater writes, in National Review: "Armament races throughout history have always been a symptom of international friction—not a cause of it. Friction does not disappear by rival nations suddenly deciding to turn their swords into ploughshares. No nation in its right mind will give up the means of defending itself without first making sure that hostile powers are no longer in a position to threaten it. The Communist leaders are, of course, in their right minds. They may preach general disarmament for propaganda purposes. They may also seriously promote mutual disarmament in certain weapons in the knowledge that their superior strength in other weapons would leave them, on balance, decisively stronger than the West... If all nuclear weapons suddenly ceased to exist, much of the world would immediately be laid open to conquest by masses of Russian and Chinese manpower."

According to Newsweek, Americans will spend more money on or because of the four-year Civil War centennial than the \$9 billion the North and South spent to fight the war itself. Advertisers are finding Civil War "tie-ins" for everything from frozen foods to jet planes and souvenirs for all, near its shooting stage. The first official shots will be commemorated on April 12 with a 15 minute holocaust over and around Fort Sumter.

From The Wall Street Journal: "...we wonder what a vista would open up for the American economy if, every single year, the Government let the people keep a few more billions of dollars to spend on their homes, their cars, their clothes and their pleasures. Might we not find that this enlargement of the private-income stream would not only speed up the factories but keep them humming?"

Once a child has indicated he is left-handed he should be encouraged to develop his left-handedness. He should not be prodded into becoming right-handed or ambidextrous. That is the consensus of a number of experts quoted in an article in the April

issue of Today's Health, the American Medical Association's magazine of general circulation. Forcing a left-handed child to use his right hand may lead to serious emotional disturbances.

The Chamber of Commerce of the United States says that an increase in the minimum wage would cause lay-offs, inflate prices, step up imports, and slow down exports. Also, it adds, the increase would hurt employment, dollar stability, and economic growth.

During a debate on federalization of the unemployment compensation system, Senator Lausche (D-Ohio) said: "We already see the signs which indicate what will be proposed. Uniformity, straitjacketing, no difference anywhere, a monolith. It sounds rather close to the philosophy of monolithic government that has dominated nations in Eastern Europe and Middle Europe—the peoples under the control of Russia. Nothing different, all must be identical, and if they are not equal by nature, the Congress will make them equal."

The Tax Foundation tells us that we Americans paid twice as much in taxes in 1960 as in 1950—and will pay something like \$8 billion more this year than last.

The Standard of Elkton Kentucky, says: "People who frequent cabarets and night clubs were given a pleasant surprise: Congress passed a law cutting the twenty percent on night club entertainment to ten percent. People who drive cars and trucks got a different kind of surprise. Their last surprise was a boost in the Federal gasoline tax that shot the rate up to four cents per gallon. Now the combined state and Federal taxes on a gallon of gasoline average—nationally—about 50 per cent of the retail price of the fuel itself."

No. 9784

ORDER OF PUBLICATION

The object of this bill is to obtain a divorce a vinculo matrimonii by the Complainant, James Denver Hansbrough, from the Respondent, Mary Lee Hansbrough.

The bill recites the marriage on February 28, 1949, in Uniontown, Maryland, and that the parties lived together until August 10, 1954; and there were two children born as issue of the said marriage; that the Complainant behoved himself as a good, kind, and dutiful husband to the Respondent; that the Complainant is a resident of Carroll County, Maryland, and has been such for more than one year prior to the filing of this Bill of Complaint; that the Respondent deserted and abandoned him on August 10, 1954, without just cause or reason; that the said abandonment has continued uninterruptedly since August 10, 1954, that her action is deliberate and final, and the separation of the parties is beyond any reasonable hope or expectation of a reconciliation. That the Respondent is a non-resident of the State of Maryland, and her last known address is Clupper, Virginia.

It is thereupon, this 24th day of March, 1961, by the Circuit Court of Carroll County, ORDERED, that the Complainant, James Denver Hansbrough, by causing a copy of this Order to be inserted in some weekly newspaper published in Carroll County, Maryland once in each of four successive weeks before the 1st day of May, 1961, giving notice to the Respondent, Mary Lee Hansbrough, of the object and substance of this Bill, and warning her to be and appear in this Court in person or by solicitor on or before the 17th day of May, 1961, and file a plea, answer or other defense within fifteen days thereafter and show cause if any she may have, why a decree ought not be passed as prayed.

**HOW TWO MEN
AND THIS TELEPHONE
SAVED A LIFE**

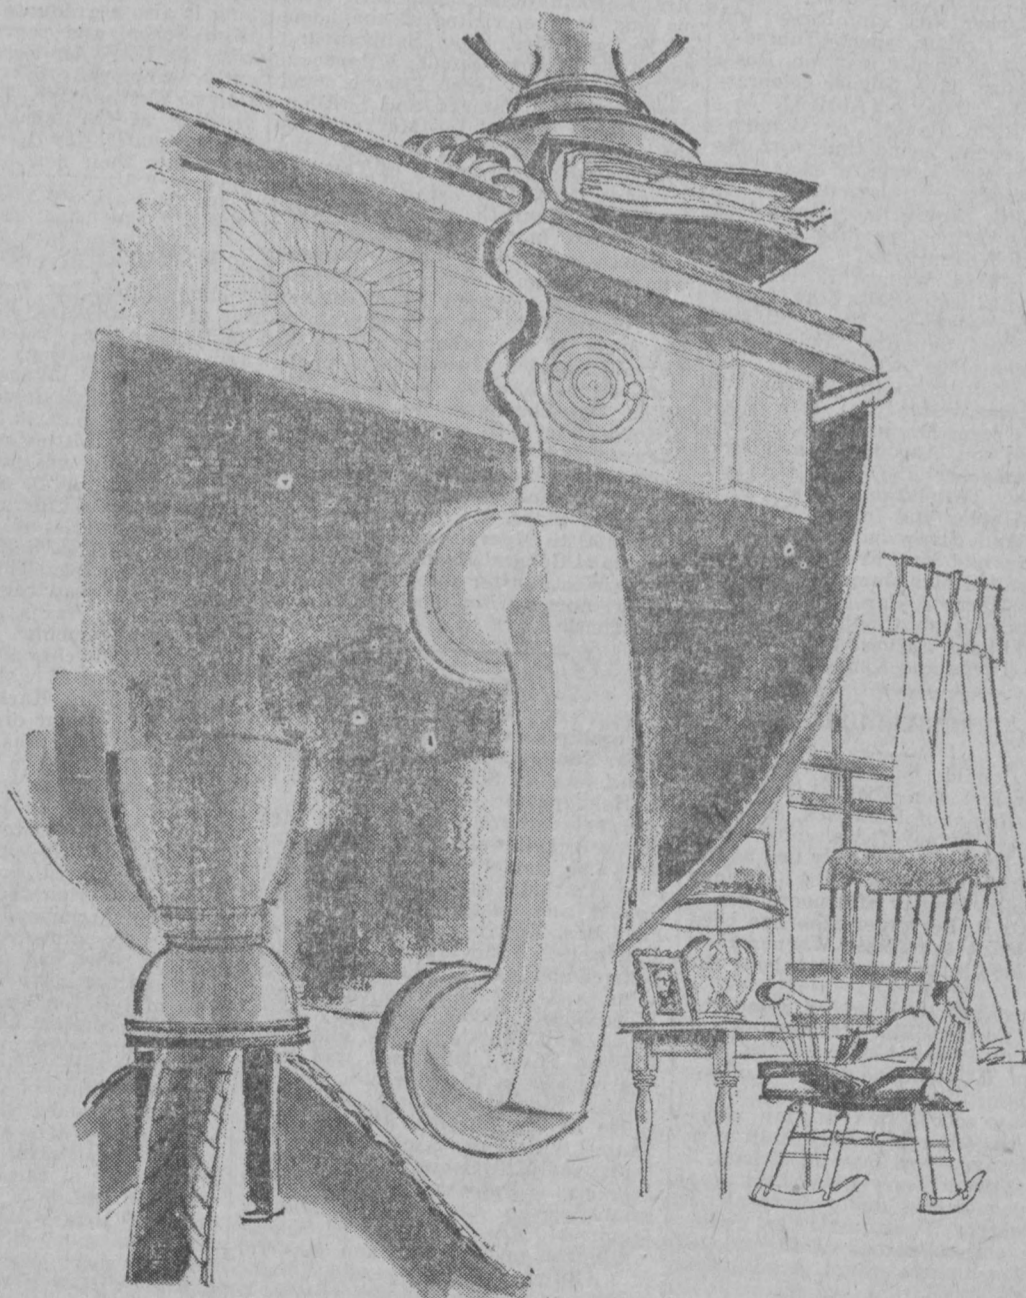

It was 8:45 A.M. Clyde Taylor, telephone maintenance man, worked at his test desk trying to trace the cause of a continuous busy signal on one of the telephones in his exchange. As Clyde ran a series of trouble checks, he suddenly thought he heard a low moaning sound.

He immediately dispatched one of his repairmen, George Daniels, to the home where the telephone was located. When no one answered the doorbell, Mr. Daniels looked inside the house through a window. Lying prostrate on the floor was an elderly man. Beside him on a table was his telephone, the receiver hanging off the hook.

Later, at the hospital, authorities said that the quick action of this telephone maintenance team saved this heart attack victim's life.

We're happy that the desire of telephone people to be of service so often results in even more than good telephone service.

How much influence does the moon have on our daily lives? The first man must have looked at the sky and wondered to himself just what that big ball in the night was up to. Ever since, man has secretly longed to get to the moon and see what is on it. Today we are assured that very soon someone will ride to it on a space ship and we humans will know for certain whether man's fate is woven into the moon's secrets. In the past all kinds of fantasy was connected with the moon and moonlight and all of it wasn't romance. The Alaskan, as well as other Eskimos, consider the sun and moon as sister and brother. The moon being merely a hole through which the light shines from land where the supplies of game is inexhaustible. All a thamus has to do for his tribe is to go up and throw some down through the hole. Dante, the great Italian poet, makes the man in the moon, Cain. In Egypt, he is Horus, held to the breast of his mother. In France, he is Judas. Woodmen say that if trees are cut with a waning moon, they speedily decay. This belief is still alive. We personally know one cabinet maker who will not use wood in his fine furniture unless he is certain that the trees were not felled in the wrong sign of the moon. That the moon has a great influence on the earth is certain. Sit beside the seashore and watch the tide come in and go out as regular as the days come and go and one is convinced that the moon has a powerful influence on man's domain. But not through superstition, through scientific facts.

Two weeks ago we had visitors from Baltimore City and they brought with them clippings from the city newspapers. All the clippings told about the beauty and the virtues of Carroll County. Evidently someone has hired a public relations man and he is doing a pretty good job in convincing the people in the city that our county is the Garden of Eden that city dwellers are looking for. But will it be the nice place that it is now if we don't get some good zoning laws on the books before the city extends its real-estate death grip on Carroll. We don't want the same thing to happen in Carroll that happened in Montgomery county. Some years ago, a Montgomery County Council hired experts to make a master zoning plan. The planners decided to cut the land up into agricultural, country home, residential, commercial and industrial areas to protect the county's economic stability. Particularly, they were interested in preserving the rich dairy industry as a stabilizing influence, and to limit the spread of the kind of box-on-slab developments. Naturally, all this brought cries of anguish from the real estate element and they fought it with all their vigor and cunning. You would have thought that every one interested in the future of their own county would have joined in the fight, but this was not the case. The newspaper, Montgomery County Sentinel sent out 2,000 blanks to sample public opinion on the zoning proposition and exactly 120 people bothered to fill them out and return them. There are now "BUILDING SITES FOR SALE" dotting the county farms. In the normal course of things Montgomery County will become a place of match-box houses crowded around a shopping center, all looking alike and the people in them thinking alike and finally filled with the same tensions and frustrations. Don't let this happen to Carroll. It will, if citizens don't bestir themselves and take an active interest and make their interest felt with the zoning commission. The real-estate men are active, cunning and beguiling. Before their eyes is the dollar sign. No trees, streams, rolling meadow land, contented families in beautiful communities. We are not saying that all real-estate men and contractors are cynical of the public's good. But they just look at land as a place to bury a bulldozer shovel and erect a house in the least possible time at the least possible cost. . . . to themselves. The community has the right to plan the use of its land on a rational basis. See to it that the Zoning committee does just that.

The trial of Adolph Eichmann is not a trial of just one man, it is the trial of civilization. How could this thing for which he is being tried have happened in the 20th century? Why did civilization stand by and watch men debate the whole concept of religion and decency? Every man, woman and child living in this era of tragedy must bear this guilt. For history will point a finger of scorn and shame at those who stood by and watched unmoved and without courage while man debased man. A part of civilization died and it may take forever to give it birth again.

Nothing much has been heard lately of that staple item of the used-car business: the automobile sworn to have been driven by a little old lady who never took it over 30 m.p.h. But time marches on. The following is an ad from the Regional Review, official publication of the Sports Car Club of America in the New York area: "1957 fuel injection Corveta. Bought 6-14-57. Has about 8500 miles. Four speed transmission, 4:11 rear, competition shocks, four Michelin tires, tubes and wheels. Never been driven over 115 miles per hour." Sports Illustrated.

"SPICE 'N' EVERYTHING NICE"

(Continued from first page)

a grand one for the apartment dweller who desires to "get away from it all" every week end. It is simply ideal and if you cannot go on a lengthy vacation this would be it. Purchase a little ground in some nice secluded spot near the water if you like and that is all there is to it. A large living room which means one of those Hide-a-Beds, bath and kitchen. There is room for a sleeping lift overhead. If you have a real handy man for a husband this would be the biggest and best treat—ever! Nothing could compare! Write direct to the Chesapeake Homes Division, Maryland Housing Corp. 5715 Southwestern Blvd., Baltimore 27, Md. for all information. You would really say it was your second honeymoon and the best thing you ever did. Many men cannot leave their business too long of a stretch and this plan would work out beautifully.

Letters—Dear Observer: I am an R. N. and recently in fact it was in ways send a Condolence card to the family when that happens and to my surprise a lovely card came back also with four children. I am a Widow has become very serious telling me that he never believed in love at first sight and I know he is planning from all the niceties he is doing—buying flowers, taking me to meet his married children and etc. I like the guy very much but am not really in love with him. Do you think that I should permit him to call? I have my own home and car and work daily as my children are grown, too. Signed Name and R. N.

Dear R. N. Why not? Sometimes that kind of love is deeper and especially if it is a growing one which would be substantial. Like that song you know from South Pacific, "I'm Falling in Love with a Wonderful Guy!" Best wishes to you both! Sounds wonderful to me especially the rest of your letter! Your O.

Dear Observer: I am 17 years of age and wish you would answer the following quickly. My parents do not think that girls of my age should date alone and this has caused many arguments in our family. I don't quite get it as my friend is a wonderful boy of the same age. Thank you!

Dear Teen-ager: Always listen to your parents and take advice from them for that is the reason that God Gives Parents. It would be nice if you could go out in a group either of two or three other couples for you can have a nice time that way. If I only could let you know of the real heartaches from Teen agers who have stated they did not listen to their parents! Always be good, My Child and never be sorry tomorrow what you have done today! The rest of your letter was very sweet and thoughtful I am wondering if you talk as sweetly to your parents as you have written me so they, too can see how precious you are! Your O.

Dear Observer: We are a bunch of adults and looked on the T. V. Show called, "Here Cometh The Ice Man!" We all agreed that you would not look at it. Were we correct? Signed 8 Housewives.

Dear S: Yes, I must admit you were all correct as it thoroughly disgusts me seeing intoxicated men wasting their lives and laying all over the tables as it started out. And that is where I switched off that knob immediately. Going on a Bus Tour a few years ago, the Bus stopped right at the Bowery in New York City and that was enough for me! There are so many beautiful things in life, why waste even any time with that kind of thing? Your Obs.

Dear Observer: So many are commenting upon the dress of our First Lady. Would you please give me your opinion? Thanking you! T.R.N. and Sister.

Dear Sisters: I do not admire anything that Mrs. Kennedy wears. First of all she wears her skirts entirely too short—above the knees and such thin-thin legs, no shape to any of her dresses and that awful pill box hat on the back of that awful hair-do. I think our First Lady is a dear otherwise and she is born in that favorite sign of mine but unusual for "Sagittarius"! I have often thought how I would dress her if I had anything to do with it and she would be charming with a full skirt, semi-size hats always, dresses below her knees. Everyone was shocked to see how she appeared from church recently. Have a grand week end. Will be seeing you next week D. V. Until then, I am Faithfully,

YOUR OBSERVER

National Library Week Celebration of National Library Week for the Carroll County Library began auspiciously Monday with the announcement of a substantial gift of 448 books having an estimated value of more than \$1800.

Donors of the fine collection are the Honorable and Mrs. James Bruce, Lawndale Farm, Cedarhurst. Mr. Bruce is a former United States Ambassador to Argentina, and the collection includes many books in Spanish.

Also included are many useful reference books such as International Who's Who, Cosmopolitan World Atlas, Britannica World Language Dictionary which gives the equivalent of commonly used English words in six different languages, according to Miss Margaret J. Hofer, County Librarian.

Standard works, both fiction and non-fiction, were included too, Miss Hofer added. This valuable gift from Mr. and Mrs. Bruce will reinforce the steadily growing collection of reference books available to all Carroll County citizens through the Davis Library in Westminster and the Bookmobile which brings library service within three miles of everyone in the county.

Nearly 20,000 volumes are owned by the Library system now, Miss Hofer stated. More than 85,000 books and magazines were borrowed from the Library during 1960.

Middle age is when you feel Saturday night like you used to feel Monday morning.

Kiwanis News

The regular meeting of Taneytown Kiwanis was held on Wednesday, at 6:30 p. m., at Taney Inn, with the President, Robert C. Neal, presiding.

The program for the evening was in charge of George W. Crouse, entitled "An Irrepressible Conflict"—the 100th anniversary of the Firing on Ft. Sumter, a subject on the Civil War Centennial observances. Mr. Crouse showed more than 90 color slides of historic sites, battlegrounds, historic homes, and other places of interest.

The Kiwanis guests included two key clubbers, John Rinehart and Byron Baer, of Taneytown and Messrs. Lawrence T. Crouse, Don Stiner and Ross Morgan from Gettysburg. These three men from Gettysburg are part of a group of 20 men from the First Pennsylvania Reserve of Company K and belong to the North-South Skirmish Association, a group of soldiers who will skirmish various places during the Centennial Celebration and reenact scenes from the Civil War. Mr. Lawrence T. Crouse is the Commander of the group. They appeared in full battle dress and original equipment, all in working condition. This created quite a bit of interest to all members present. On Saturday, April 22, they are planning on participating in a pageant to be held shortly after moon, on the square in Gettysburg, Pa., "The First Independent Blue", in memory of the first 296 who volunteered. The pageant will consist of 20 cavalry men and approximately 60 women and children.

The material for this program was prepared with the help of "Ford Times", Ford Motor Company publication which is read by 5,000,000 persons each month. The popular magazine is devoting its March, April and May issues to illustrations and stories connected with the Centennial observance of the Civil War. The material runs to more than 100 pages and will be read by persons throughout the United States.

"The special Centennial issues of 'Ford Times' will be a powerful influence for motorists to travel to our State, Mr. Crouse says, "We and other Ford dealers are wholeheartedly supporting the Civil War Centennial observances both for their historic interest and for the benefits our communities will gain from the visitors."

The attendance at this meeting was very good, approximately 28, and it is hoped our future meetings will be just as well attended.

The meeting was adjourned after the regular activities.

Meeting of Historical Society

The Historical Society of Carroll County will meet at the County Office building, Westminster, at eight o'clock on the evening of April 27. The speaker will be Mr. Porter Hopkins, chairman of the special projects committee of the Maryland Historical Society. Mr. Hopkins is a graduate and post-graduate of the Johns Hopkins University. He will speak on the important role which the Historical Society should play in the life of the community.

The Arthur G. Tracey collection of highly prized historical material will be on exhibit. Of especial interest will be the unique collection of Tracey maps now on display in the county office building.

Success is more or less relative: the more successes—the more relatives.

Three Rules for Carpet Care

DAILY

WEEKLY

TWICE A YEAR

To the housewife with brand new carpeting on the floor, home never looked more beautiful. Keeping it that way is, of course, a continuing problem—but one easily handled.

The Bissell Home Service Institute at Grand Rapids suggests three rules to assure continued beauty and lasting usefulness.

- 1) Use the carpet sweeper daily to keep rugs clean and fluffed up, free of dust, ashes, lint, crumbs and grit.
- 2) Vacuum once a week for the heavier dirt and grime which inevitably accumulates. Dirt particles have minute, sharp edges which work into fibres, shortening the life.
- 3) Shampoo the carpeting every six months which in most cases doubles the life of the floor covering. Bissell's shampoo master and rug shampoo cleans carpets and rugs with as little effort as it takes to use the carpet sweeper or vacuum.

Empty Nothings

Lesson for April 23, 1961

IF YOU have never read the book of Job in the Revised Standard Version, you have not been able to appreciate all the truth and power there is in this tremendous book.

Dr. Foreman in your answer there remaineth falsehood? The better recent translation gives the meaning more forcefully: "How then will you comfort me with empty nothings? There is nothing left of your answers but falsehood."

"You Can Pray Your Way Out Of Trouble"

In the story of Job, three of his friends came to visit him when he was in pain and destitute, sitting on a pile of ashes. Why had this good man suffered so much? What could he do now to get over his troubles?

It is all too easy, when we visit friends in trouble, to hint that maybe they ought to pray more. Suppose they have been praying all they can?

"You Can Repent Your Way Out Of Trouble"

Zophar, another of Job's friends, has a somewhat different suggestion. Quit your meanness, repent, put away iniquity and wickedness, set your heart right, and then you will be secure.

Job got the impression after another speech by Zophar that his friends knew that sin and suffering do not always match; but they suggested that the sins and virtues of a father are visited on the children.

Job Says NO

Job says a loud and distressed NO to his friends' suggestions. They are not real answers. They are wrong because they don't fit the facts and they don't admit the real problem.

THE LAST 100 YEARS: (HOW GOD WORKS)

This Book tells about things in the last 100 years—The ages it tells about use paraboles—(has no peers) 1800 and 1900, the records of Time, all say, Have never had an equal up to this day.

In all such records had been kept, oldsters say We would know God better than we do today; God made this earth to be man's home some day; And, a model, to show all countries His way.

All of God's creations, alike, seems to be— (This earth is a model for the stars we see); God trains us here their Rulers to be; For, through us, He shall reign in Eternity.

This may seem like idle talk, as some say; But, to show how God works, it tells the way; The Christ we read about, too, is God's Son; And, we all shall be like Him—everyone.

God only sent Jesus to show how we must be At the end of Time, and, through all Eternity; He represents the Christ to show you and me How God intends we all shall be.

The ideal Christ is God's potential Son— (That statement is true of every one) But, we must grow to be like Him—every one In that way, only, do we become God's Son.

God sent Jesus to show how we all must be At the end of Time, and, through all Eternity; He represented the Christ, to show you and me How God intends we all shall be.

There are things we all must learn to know Before, to Paradise, God permits us to go; For that very reason Jesus came; they say; "God sent Him here to show us the way.

When man learns to know God he is made free From the ills which pester humanity; So, learn to know Him, and do as Jesus did; And from such worries, you shall get rid.

There are many secrets in God's Great plan, Some of which have been divided to mourn; So, study the Scriptures, try your best to be Like the Boy God sent to Galilee.

What a wonderful place this earth shall be When we all are like God wants us to be; Death, from this place, shall flee When it is ruled by God through you and me!

Jesus was the pattern God gave you and me— (That is why God sent Him to Galilee!); "If a man keep My word he shall never die" Is one of the things He said in days gone by.

We all come here God's work to help to do— (He is making things perfect through me and you) So, let us all help to carry out His plans The Bible tells us that we are God's hands.

Before God sent man to this Earth of ours, He made the birds, trees and flowers; They all play a big part in this Great plan To make a perfect Earth, woman and man.

This is another poem about God and His plan To make earth the future home of man; I wrote it in a few hours one day; To tell how God works hard, about His way.

I wrote these lines without thinking, because I know How God works, and how He wants us to go; So, do as Jesus did, and, God shall tell you Through the Real you, how He wants you to do.

When we all are made perfect, like Jesus we shall be— (That is why God sent Him to Galilee) So, as Jesus was and did we must do and be; For, through us, God shall reign in Eternity.

Jesus told us about God, and, of many things— (Of how it shall be when all men are kings); So, try to be like Him—(like Him try to do); For, God shall reign on the stars through you.

(That is how God wants things here to be; For, in a body, we shall spend Eternity; So, because we listen to men, and, do as men say The life is prone, for some, grows shorter each day.

Since God and man always together shall be, The body must be perfect in Eternity; Through it, God tells us all what to do; And He does all the talking, through the Real you.

Today some are getting ready to go to Mars— (In fact, some would visit all the stars!) But, to take that journey, the only way Is to be born again, the Scriptures say.

All who even came to visit the Earth Came, they tell us, through physical birth— That is how Jesus, the prophets, all of us came; So, to visit other stars we must do the same.

In no other way, they tell us, shall mortal man Learn to know the secret in God's Great plan; Experience is the name of His teacher, they say; So, learn to be like God, there is no other way.

Red Cross Drive Nearing Completion

James Fair, chairman of the Red Cross Drive for funds in the Taneytown District, announces that all but a few of the nearly 50 workers have made their final reports. To date, over \$750. has been contributed in Taneytown to help continue the many worthwhile services offered by Red Cross. This is approximately the same amount which was contributed last year in the same area.

There is no doubt still many who were missed who wish to contribute, and they may do so by calling the chairman or by leaving their contribution at either bank. It is feared that the Swimming program or some other services may have to be curtailed unless contributions improve over the County.
