A Brown Swiss breeder Andrew F. Baughman & Son, Taneytown Maryland has recently sold the bull Pine Hill Maestro, 137090 to Mark A. Sanders, Taneytown Maryland according to a report from Fred S. Idtse, Secretary of the Brown Swiss Cattle Breeders' Association, Beloit, Wisconsin.

Thirty-nine etchings and wood block prints of trees and landscapes from a larger collection presented to the Carroll County Library by Mrs. Esther Gillette when she retired in 1960 have been arranged as an exhibit in her honor from May 4 to 20, and may be seen at the Davis Library in Westminster during regular library hours.

Mrs. William Ohler came on Saturday to the home of her son-in-law and daughter, Mr. and Mrs. Carroll Shoemaker after spending the past eight months in Eaton, Ohio, with her son-in-law and daughter, Mr. and Mrs. William Geisbert and son. Mrs. Geisbert and son, who brought Mrs. Ohler, returned to their home on Sunday.

Mr. and Mrs. Geo L. Harner accompanied their son and daughter-in-law and family, Mr. and Mrs. Robert Harner to their home in Charlotte, North Carolina, last Friday. Mr. and Mrs. (Geo. L.) Harner returned to Taneytown early Tuesday morning. Clarence, brother to Robert, left this morning (Thursday) for a visit with them.

Announcement has been made by the Civitan Club of Westminster that they will hold an auction on various items from antiques to automobiles at 10:00 a.m. on May 20th at St. John's Catholic Church grounds. The auctioneers will be Mr. Thomas O'Farrell and Mr. Charles Roop. Refreshments will be served on the grounds. Come one and come all. (Continued on page four)

HIGH SCHOOL HIGHLIGHTS

Report cards for the 5th marking period were distributed last week. Parents are urged to have understandings with their children in regard to these particular marks. Only one more grading period exists in which to make appropriate changes. The importance of hard work is essential during the short times remaining in this school year.

The P.T.A. met on Monday May 3, 1961. The officers of the P.T.A. were elected for the school year of 1961-62. The officers elected were Pres., Mr. Frank Dunham; Vice Pres., Mrs. Gilbert Stine; Sec., Mrs. Thomas Phillips and Treas., Mrs. James Fair.

A Safety Program was given by Sergeant Mytee on the Maryland State Police.

After the meeting a party was held for the Senior class.

The Junior-Senior Banquet and Prom was held on Friday May 12, 1961 at 7:00 p.m.

Our Tigers were victorious over Robert Moton in a dual track meet, Friday May 5. The score was 74½ to 39½.

On Thursday May 11, 1961 the track team traveled to Western Maryland College to participate in the Carroll County track meet.

PUBLIC MEETING HELD MONDAY

6 Persons Named for Candidates for City Councilmen

The annual town meeting was held on Monday, May 15th at 7:30 p.m., in the Firemen's Building. This meeting is called annually for the purpose of nominating candidates for the office of City Councilman. Three Councilmen are elected one year and on alternate years a Mayor and two councilmen are elected. This year three Councilmen must be elected.

Mr. Doty Robb chairmaned the meeting and honored the following nominations. The names of the incumbents, Messrs. George Motter, Neal W. Powell, and James Baumgardner were first placed into nomination. Then the following names were offered to complete the slate: Messrs. Edwin Baumgardner, George Kiser, and George Naylor, Jr.

The following ballot committee was elected: Messrs. Norville Shoemaker, Doty Robb and Harry Reindollar. Following the annual meeting the Mayor and City Council met briefly to appoint the election officials: Clerk of the election: C. G. Bowers; Judges, N. P. Shoemaker and William Baker.

The election will take place on June 5th. A good turnout is desired and encouraged. The qualifications for voting in the town election are repeated here for those who may not be familiar with them.

1. Qualified to vote for members of the Maryland General Assembly. (This means simply that you must be 21 years of age and a registered voter.) This refers to the National registration - The City of Taneytown does not require a separate registration.

2. Resident of Taneytown for one year.

3. And/or own property in Taneytown.

Meeting of Firemen's Auxiliary

The meeting of the Taneytown Firemen's Auxiliary was held May 11. President, Pauline Vaughn presided at the meeting. Mrs. Hubert Null pronounced the invocation.

Plans were completed for the Alumni banquet June 3rd at Taneytown high school. The following committee was appointed for frying chicken: Pauline Vaughn, Mollie Crouse, Elsie Reindollar, Madeline Reifsnider, Mattie Hahn, Edna Hess, Gladys Null, Margaret Senft, Beulah Sauble; for the kitchen vegetables etc., Ethel Garber, Nellie Lambert, Ethel Harmon, Grace Rodger's Edna Lookingbill, Margaret Ohler; tables, Virginia Fink, Shirley Clem, Grace Putman, Margaret Echard, Florence Flickinger, Hazel Lambert, Catherine Clingan, Louise Riffe, Helen Smeak, Olive Welty, Joan Ohler, Emma Reifsnider, Catharine Baker.

We will also attend the Carroll County Firemen's Convention, May 20, at Hampstead.

Under new business it was decided to serve food at the Community Sale on May 20th at 10 o'clock on the Carnival grounds, there will be on sale sandwiches, soup, coffee, soft drinks, also pies and cake. We are asking each member of the Auxiliary to give something in the food line for this sale. Please bring to the Carnival grounds or call Mrs. Pauline Vaughn or Ethel Garber, and we will pick it up. Committee, Ethel Garber, Ethel Harmon, Catherine Clingan, Helen Overholzer.

We are also making plans to help with the Firemen's Carnival June 12 thru June 17, and a Public Fried Chicken and Ham Supper on June 17 to be served at the Firemen's building on the Carnival grounds. After the business meeting there was a Memorial Service for our deceased member Lillian Baker. Mrs. Putman had prayer; Mrs. Null, scripture reading; Elizabeth Hawk, Grace Putman, Emma Reifsnider, also had part in the service. The group then sang "Near My God to Thee."

The Mothers Day program, Gail Crabbs sang "My Mothers Prayer" Book accompanied by Mrs. Null, Mrs. Harry Crouse, a reading "My Mother" Charles and Virginia Null sang a duet, "Wonderful Mother of Mine," accompanied by Mrs. Null. The Oldest Mother present, Mrs. Russell Eckard was presented a flower. Helen McNair, the youngest Mother, a flower. Janet Parrish, the mother present with the most children, a flower.

2 sick members reported, Mrs. Edwina Welty and Mrs. Fouché. The meeting closed with the Lords Prayer in unison.

Delicious refreshments were served by the committee Helen Overholzer, Madeline Reifsnider, Mrs. Harry Crouse, 32 members and guests present.

Our next meeting will be changed from June 8 to June 1, 8 o'clock due to other Community Activities. June Committee, Margaret Senft, Flora Leister, Mrs. Putman.

TANEYTOWN VOL. FIRE CO. WEEKLY REPORT

There wasn't any fire alarms reported this week.

Ambulance Transports:
Wednesday 10 at 12:45 p.m.—Mrs. Emma Lambert was taken to the Gettysburg Hospital and returned to her home.

Sunday 14 at 9:30 p.m.—Mrs. Fred Rosenbaum was transported to the Maryland General Hospital in Baltimore.

Interest Rising in Taneytown Activities Center

The ABC (Activities Building Committee) of Taneytown, comprising representatives of all civic organizations, have not embarked upon their construction venture with any uncertainty of success, for already they are assured, once the fund raising campaign is begun, of some \$12-15,000 in pledges or monies actually designated for such a project. With so fine a beginning, the drive to put it over should be a relatively reasonable possibility.

Jaycee Backing
The Junior Chamber of Commerce are also withholding any further promotion of their plans to build a meeting hall and are giving their energetic backing to the construction project of the ABC of Taneytown. Their annual budget right now earmarks a minimum of \$600 for community betterment, and they have wholeheartedly endorsed the Activities Building which is in the process of launching by the ABC. They have a vital stake in the erection of such a structure, since at the moment they lack a regular meeting place for those occasions when they schedule dinner sessions. It has been remarkable to hear of their numerous committee and board meetings, and what better place to hold informal or more formal get-togethers than in a Taneytown Activities Building?

Contest to Give the Structure a Name

Delegates to the ABC of Taneytown have considered a city-wide contest among all citizens to choose a name for the proposed edifice. Shall it be called the Activities Building, the Community Center, the Memorial Recreation Hall, or what? When the contest and the rules for it are formally announced, be ready with your entry, so as to win the prize and the honor of naming this monument to the enterprise and vision of the people of Taneytown, contributing further to the utility and beauty of their much-admired Memorial Park.

Memorial Services

The Annual Memorial services of the Barts Evangelical United Brethren Church will be held Sunday afternoon at 2:30 p.m. The Sunday school period will be held at 1:30 p.m. The Men's chorus of the Gideon Grange of Hanover will bring gospel songs and Mr. Ray Christ, of Shoemakersville, Pa., will furnish music on different instruments. The Rev. Harold V. March, pastor of the New Cumberland E.U.B. Church will bring the message from the Word of God. Following the service in the church there will be a short service in the cemetery. The public is cordially invited to these services.

The Annual Memorial service at the Harney E.U.B. Church will be held on Sunday evening. There will be a short service in the Sunrise Cemetery at 7:30 p.m. The main service will be in the church at 8:00 p.m. The choir of St. James United Church of Christ will sing and Mr. Ray Christ will furnish special instrumental music. Mr. Raymond Edwards, of Frederick, Md., will bring the message of the evening. Mr. Edwards' wife, Annie, and Raymond used to conduct the Anna and Raymond Edwards program over the Frederick broadcasting station. The public is invited to attend these services.

Letter to the Editor

Citizens of Taneytown:

I know many of you remember a few years ago when there were rumors that Black & Decker Mfg. Co. was going to locate here and also Fairchild Corp. These companies could have been of great benefit to our community. But somehow it did not materialize. Perhaps they would have paid more wages than our community fathers could afford, and thus were turned away. Also, a couple of years ago we had the opportunity to avail ourselves of some entertainment in the form of stock car races. But, someone dug up an old blue law which most everyone had forgotten. And literally ran this company out of business. Who is to blame for these things? Perhaps someone in the community can answer this question.

No doubt you have read or heard of the community building which has been proposed by the A. B. C., which is the local civic clubs united. This building will in effect be for these clubs to hold their meetings and we the people of Taneytown are supposed to foot the bill.

Now, on our dollar an hour (or perhaps a little more) wages, we are expected to build a community building halfway out in the country. It seems to me these clubs are getting a "little big for their britches." I say let's build the living standards of the community, which means better wages and working conditions and perhaps more places to work. Then and only then should we consider building this community building.

Perhaps I am just one little animal in this zoo called Taneytown, but its about time we little animals start to rattle the cage. How about it Taneytown?

Signed: FOR Taneytown

Bennett Cerf reports seeing these two neat cards tied to tiny, compact foreign sports cars in a New York display room: Says one: "Stamp out tail dogs." Says the other: "I've been sick."

Recollect that trifles make perfection, and perfection is no trifle.—Michelangelo.

PLANS FOR INDUSTRY IN TANEYTOWN

Interesting Dinner Meeting Held at Taney Inn Monday Evening

The Taneytown Chamber of Commerce met Monday evening, May 15, 1961, at 6:30 p.m. at Taney Inn. The meeting was opened with invocation by Rev. William Hendricks with President Merle Ohler presiding. The business meeting was opened with reading of the minutes of previous meeting and approved.

Reports were requested from the Roads Committee with no new business being reported. Mr. Murray Baumgardner of the School Committee reported that his committee had talked with one of our political representatives concerning the school situation and he was advised that stopping any action by the school board is quite difficult, however, the committee chairman stated that close watch would be kept concerning any transfers from our school and any possible action would be taken to stop these transfers.

The meeting was then turned over to the Industrial Committee Chairman, Mr. Frank T. Dunham, who presented Mr. J. Karl Meyer of Potomac Edison Area Development Office. Mr. Meyer spoke on industrial development with particular reference to Taneytown. Mr. Meyer stated that without looking into a crystal ball he could tell us some of the things to expect in the next ten years. Continuing growth and enormous change has been predicted for the United States from 1961 to 1970. Half the counties in the U.S. lost population in 1950 - 1960 while Carroll county and Taneytown continued to grow, by 9% to be exact. Industry, like communities must continue to grow and prosper. It needs HUMAN RESOURCES to keep its machines running. With economists predicting continued exploding growth in the Baltimore - Washington areas, Taneytown certainly will begin to feel the impact of this larger population. Able, willing workers are the key to Taneytown's future. With more leisure time being placed on place of residence. Nearness to water has become a big factor in considering a place to live. Here Taneytown has a full-house in this game....Chesapeake Bay only 45 minutes away; Caledonia State Park; Cowens Gap; Cunningham falls; the Monocacy River; Seneca on the Potomac; and Starners.

In addition to recreation, said Mr. Meyer, there are a number of other factors which influence people and industry in locating in your town. This would be called COMMUNITY DEVELOPMENT. With good Community Development a favorable "Business Climate" is achieved....this Climate affects present industry, new industry, commercial and retail business, the farmer, etc. A "Favorable Business Climate" consists of: Good Government, Reasonable Taxes, Productive Labor, Good Labor History, Transportation, Community Livability, Good Churches and good Schools. An attractive community attracts industry. New modern shipping areas, more off-street parking, attractive housing developments, and planning and zoning.

Mr. Meyer admonished us not to overlook TOURIST DEVELOPMENT. He cited our nearness to Gettysburg, the valley of Civil War History. He noted that a town ready for tourists is a town ready for industry. Also important, he said, are NATURAL RESOURCES and RAW MATERIALS.

Another part of the Jigsaw puzzle, continued Mr. Meyer, is INDUSTRIAL DEVELOPMENT. This is another field in which the Area Development Department can help, according to Mr. Meyer. His department is broken down as follows: 5 men to help communities, 3 for Industry, 1 community planner and 1 civil War consultant. He then reminded us that competition is really rough with over 14,000 communities out for new industry. Mr. Meyer outlines several ways to attract industry—noteworthy ways to attract industry that we, as other communities have done successfully, construct a shell building or buildings. This way you are ready to almost immediately house new industry. There is no delay while sites are being secured and the building being constructed. Immediate availability of quarters seems paramount to most industries interested in relocating.

A PLAN must be developed, stated Mr. Meyer, and then everyone in the community must help to put over your plan of action, for you all share in the benefits of industrial development.

YOU are needed to help put over this program, continued Mr. Meyer. Everyday, Industrial prospects visit this area, many have talked to some of you—we must equip ourselves with the facts when talking to these people. Mr. Meyer concluded by stating, You are still the most important element in Taneytown's future success or failure, for remember: "If you want to live in the kind of town, like the kind of a town you'd like....You needn't pack your clothes in a grip and start a long, long hike....You'll only find what you left behind....There's nothing that's really new, you hurt yourself when you hurt your town; it isn't the town....IT'S YOU."

Mr. Meyer distributed to the Chamber members present a brochure containing very complete Industrial and Community Information on Taneytown, and Carroll County. Your correspondent is confident that you could borrow one of these brochures from a Chamber of Commerce member if

"SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning a smile that shall last until the next day's dawning. I wish you health—life's greatest wealth; I wish you always near so that I may help to cheer. Each future day and in some way—help to bring you happiness!

This past week was surely the week of flowers! First it was the grand showing of "The Sherwood Gardens" in Guilford as each year where thousands attend and all for free! Then, it was the entire week for the Hecht-May Company "Festival of Flowers" in honor and in memory of our Mothers and it was with loud "Oh's" and "Ah's" that people entered the glamorous store with the gorgeous display. Frankly I thought I was looking at a scene from one of the old Operas. I stood there speechless until Members of the store called my name.

The entire first floor was decorated most beautifully with all types of flowers and it was those trees and shrubs that made one gasp in excitement! It is truly fantastic with all the beauty and color. It took six months to prepare and the imported flowers and plants were kept in a hot house until this week. What a delight to work with such a store which I think excels any in Philadelphia and New York City. I observed there was as many men gazing around and enjoying it all as much as the ladies. There was a Hindu girl from Ceylon, a lovely Polynesian girl from Tahiti and a torrid Mexican dancer. But of course, the girls are forbidden to speak but they are beauties. Each had on their typical traditional costume of her country. People just stand like statues and look drinking in all the beauty. Of course, there was music with the Spanish numbers although it had the Spanish atmosphere in a balcony nevertheless the one playing the guitar was Italian even if the hat tried to impress one that it was all strictly Spanish it is of the Latin race! C h a r m i n g is the word for that grand store that does it up brown and I think you know what I mean.

From that store after parking the car, I walked to the Flower Mart. Well, folks—NEVER, never underestimate the POWERS OF A WOMAN!

The entire affair was bigger and better than ever before and I really felt guilty not being able to do my part for that wonderful organization!

That of Reading Astrology as in other years as it means all clear profit for the Civic League. This is the 49th year and in the wee hours of the morning in fact it was up until 3 A.M. I walked from window to window praying that it would not rain. Congratulations to Mrs. Karl M. Levy and all the ladies. God bless them in all their wonderful efforts for such a fine cause. So many things were added this year and it was interesting to note the old flags telling the story of each one. The "Constellation" will be opened on the 4th of July to the public so be sure and attend. That is worth while. There was the grand "H A M M O N D with several organists and other music during the day. And as to the girls—well—the most beautiful girls in the world were right there.

Each year many more men spend a few hours and even the day and are as interested as the ladies. The Cover on the Flower Mart Magazine had so much more oomph! Gay is the word and much credit should be given to the President, Mrs. Russell C. Wonderlic as it means grand cooperation with all.

As I turned the corner of Lexington and Charles to walk up Charles to the Flower Mart what did my wondering nose smell but those Crab cakes which those ladies were frying! I said to myself, "Just think of it all the way down here!" When I arrived on the scene there were huge signs reading—"Stand in line for 1 Crab cake" and so on up to four or more! Never will I forget that walk up Charles Street for it was so different today—made one think of Chestnut Street in Philadelphia.

Well, folks—all I can say is, "WOMEN ARE WONDERFUL!" See you next week D. V. and until then have a grand week-end and never, never put off for tomorrow what can be done today.

I am, Faithfully,

Your Observer.

FEDERATION OF REPUBLICAN WOMEN MEETING MAY 19

Federation of Republican Women of Taneytown will meet in Taney Inn, Friday, May 19, at 8 p.m. Mrs. William A. Hepburn, Rockville, President of Federation of Republican Women of Maryland, Inc., will be the speaker. Hampstead Republican Club will visit us at this time. Welcome ladies! Members bring your additional guests to hear the President speak.

Some circumstantial evidence is very strong, as when you find a trout in the milk.—Thoreau.

you are desirous of equipping yourself with the facts in order that you might assist in Taneytown's Industrial Development.

Mr. Dunham, after thanking Mr. Meyer and offering some very inspiring remarks of his own, suggested we participate in some way in the Civil War Centennial. In order that we might know just how we might effectively participate it was decided unanimously to have Mr. Harry L. Decker of the Potomac Edison Area Development Office in charge of Civil War Centennial programs as our speaker for the next meeting.

The next meeting will be a dinner meeting at Taney Inn on Monday, June 19th, at 6:30 p.m.

The label on paper contains date to which the subscription has been paid. Entered as Second Class matter in the Postoffice at Taneytown, Md., under the Act of March 3, 1879.

All articles on this page are either original or properly credited. This has always been a fixed rule with this office. All advertisements for 2nd, 3rd, 4th and 5th pages must be in our Office by Monday morning of each week; otherwise, insertion cannot be guaranteed until the following week.

The publication in The Record of clipped or signed editorials does not necessarily mean that such editorials are endorsed by The Record. In many instances they are published in order to show varying opinions on public topics.

FACTS AND OPINIONS

Dr. E. Vincent Askey, president of the American Medical Association, says: "It is not enough that a doctor upgrade his knowledge, sharpen his skill, work endless hours in behalf of his patients, and provide leadership in the broad and technical field of medical practice. He must also demonstrate leadership in helping to retain the freedom of individual opportunity, the voluntary system of medical care and the high standards of that care which he has helped to build and to which he is dedicated to protect."

According to the Chamber of Commerce of the United States, in a release based upon an analysis of U. S. government statistics, labor unions averaged one work stoppage every two days at 21 Atlas, Titan, and Minuteman intercontinental missile bases during the eight-month period of July-February. This was double the rate for the year ending June 30, 1960.

A warning from J. Edgar Hoover of the FBI: "There exists today in our land a vital 'rift' which the communists are exploiting. Unfortunately, this involves certain people across the country who engage in reckless charges against one another. The label of 'communist' is too often indiscriminately attached to those whose views differ from the majority. Those whose lives are not led according to what one segment or society might decree to be the 'norm' are too frequently challenged as 'Red'. Attributing every adversity to communism is not only irrational, but contributes to hysteria and fosters groundless fears."

Fortune predicts that in the next 18 months the gross national product (which is the value of all goods and services produced in this country) will reach an annual rate of \$545 billion—\$40 billion more than the recent rate.

The Health Information Foundation observes that one of the most important results of medical progress crease in the average American's working-life expectancy. An American male baby born in 1958 had a working-life expectancy of 42.3 years—11.2 years over the comparable figure for a baby born in the 1900-02 period.

Following the Soviet achievement in putting an astronaut into space, President Kennedy, speaking at a press conference, said: "I do not regard the first man into space as a sign of the weakening of the free world, but I do regard the total mobilization of men and things for the service of the Communist bloc over the last years as a source of great danger to us, and I would say we are going to have to live with that danger through much of the rest of this century....Our job is to maintain our strength until our great qualities can be brought more effectively to bear."

As of last June, the Department of Defense had about 100,879 acres of airfield pavements, about 166,155 acres of roads and streets, and approximately 13,200 acres of covered depot storage space. Cost of this acreage was \$6.9 billion.

Jno. G. Pew of the Sun Oil Company remarks: "To our critics I say: 'If you think the oil producing industry is getting the preferential break as compared with other industries, why don't you get in the producing business yourself and enjoy the advantages you think we get?' The industry is not a closed fraternity. Ours is the most exciting and challenging business in existence. It has its heartbreaks but it also has its joys. The only drawback is that many people try it and go broke."

ITCHY SKIN

HOW TO CHECK IT.
 IN JUST 15 MINUTES.

After using ITCH-ME-NOT, get your 48c back at any drug store if the itch NEEDS SCRATCHING. Apply instant-drying ITCH-ME-NOT day or night for eczema, insect bites, ringworm, toe itch, other surface rashes. NOW at Taneytown Pharmacy.

FOR ATHLETE'S FOOT

Use instant-drying T-4-L for 3 to 5 days. Watch fresh, healthy skin replace the infection. Ease aching, swelling, perspiring in the 36 joints of the feet by bathing them with T-4-L twice daily. If not surprised and pleased, your 48c back from any drug store. NOW at Taneytown Pharmacy.

LET US GIVE YOUR ENGINE A

Screen
 Test

WITH OUR NEW...

This Electronic Marvel locates engine ignition troubles — Fast — Accurately — with an actual performance picture. We're proud to be one of the first to offer this new foolproof testing. Stop in today and let us tell you about it — See it operate on your own car!

CURRENT EVENTS FIFTY YEARS AGO

The United Brethren parsonage on Middle St. is being improved by a coat of paint.

The annual statement of the corporation of Taneytown appears in this issue.

Wm. E. Thomson of Sebring, Ohio spent Sunday last with his home folks in Taneytown.

Robert S. McKinney left on Wednesday morning for Atlantic City where he will attend the General Assembly of the Presbyterian church, as one of the lay delegates from the Baltimore Presbytery.

Population of Maryland Distributed according to color. The Director of the Census has issued the population of Maryland, as follows: White, 1,062,644; Negro, 232,249; Chinese, 376; Indians, 55 and Japanese, 22.

Gist—Miss Mary Fringer, Edna Mehning and Grace Witherow spent Saturday and Sunday with Miss Irene Fringer who is teaching at Bird Hill—There was an Ice cream and Strawberry festival held at Bird Hill School on Saturday evening, and which was large attended, it being held for the purpose of getting an organ for the school.

Tyrone—Luther Zimmerman and wife, of near Taneytown; Miss Bessie Nussbaum and Raymond Roser of Medford spent Sunday with Chas. Phillips and wife—Grant Yingling and wife spent Sunday with Jacob Maus—Sterling Zimmerman and wife entertained the following persons on Sunday; Arthur Angel and wife, Misses Bessie, Grace and May Zimmerman, Walter Myers, Lloyd Lambert, Harry Freet and Master Walter Powell—The following persons were entertained at Lewis Myers on Sunday; Marshall Myers and wife and son Ivan; Irvin Myers and wife and daughter Margaret; Mrs. Harvey Halter, son and daughter, John and Carrie; Abram Dutro and Raymond Rodkey—Guy Haines and wife and daughter, Blanche spent Sunday afternoon with Guy Formwalt near Uniontown.

Fads of Fashion—Children of all ages are wearing sashes of striped ribbon that tie in a square or lengthwise bow—Coats are short but there is no definite length. One can have a bolero, an Eton, a Jacket to the hips or one six inches below—From the hat to the boots, including all types of dresses and their accessories, the fact that stripes are paramount is indisputable.

It is a great deal more satisfactory and respectable to bury a husband than to get a divorce from one. Forgiveness may be divine, but there is a state of affairs much more heavenly; to be able to get along without needing it.

WITH THE ARMED FORCES

Southern California (FHTNC)—Leslie R. McGrew, seaman apprentice USN, son of Mr. and Mrs. R. Paul McGrew of 17 High St., Manchester, Md., serving aboard the escort vessel USS Charles Berry operating out of San Diego, Calif., will take part in the Second Phase of Exercise "Green Light", April 21-27, off the Coast of Southern California.

This phase of the exercise will involve aircraft carriers, cruisers, destroyers, submarines, auxiliary ships, and a variety of carriers and shore-based aircraft. It will be conducted by Vice Admiral Charles L. Melson, Commander First Fleet.

A carrier task group and submarines will attempt to launch an undetected attack against various land and sea targets. Opposing them will be a hunter-killer anti-submarine group composed of air and sea units, along with shore-based aircraft.

Three units from the Royal Canadian Navy will join with the U. S. Forces in this phase of the exercise.

WITH THE ARMED FORCES

GREAT LAKES (FHTNC)—Mitchel B. Livesay, son of Mr. and Mrs. Charles B. Livesay of Kump Station Road, Taneytown, Md., was graduated from recruit training, April 1, at the Naval Training Center, Great Lakes, Ill.

The graduation exercises, marking the end of nine weeks of "boot camp", included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the "raw recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

WITH THE ARMED FORCES

GUANTANAMO BAY, Cuba (FHTNC)—James H. Hardesty, seaman apprentice, USN, son of Mr. and Mrs. John H. Hardesty of Route 6, Westminster, Md., is serving at the Guantanamo Bay Naval Air Station in Cuba.

Says U. S. Health Is Improved

The contribution of three B vitamins and iron to the general diet, through the enrichment of bread, has been an important factor in improved health in the United States, according to Dr. W. H. Sebrell, Jr., Director of the Institute of Nutrition Sciences, Columbia University.

Speaking at a meeting held in New York City recently to commemorate the 20th anniversary of the enrichment of bread and flour, Dr. Sebrell pointed out that all vital statistics have been improved in the past 20 years.

"Infant death rate is Dr. W. H. Sebrell, Jr. lower, average length of life is increasing, children are taller, heavier and stronger than they were in the 1930's," he said.

"Athletic records are shattered regularly by high school and college students. While numerous factors have contributed to this improvement, we feel sure that they could not have been attained on an average intake of thiamine, niacin, riboflavin and iron as low as we had in this country prior to enrichment."

Dr. Sebrell, former director of the National Institutes of Health, cited records in Newfoundland where also vital statistics showed a vast improvement within four years

after an enrichment program was started there.

"Wherever nutritional studies have been made, better nutrition has been shown to improve the vital statistics most prominently in the infant death rate, which in Newfoundland decreased by 60% during the first ten years of the enrichment program."

"Studies by the United States Department of Agriculture have shown that the added thiamine and niacin provided by enriched bread and flour brought many otherwise deficient U. S. diets up to adequacy and in recent years constituted the most significant improvement in the nutrient intake in the U. S. diet."

"Deficiency diseases such as pellagra and beri-beri, virtually are unknown in the United States today, although these were quite prevalent in the 30's."

"It may well be said that bread has always been a good food. It has contributed to mankind's well being for more than 8,000 years. When enrichment came along it made a good food better. Nutritionists today can recommend and use enriched bread in all diets as a good nutritious food."

52 phone calls over two-week
period save Gove family \$61.20...
771 miles of travel

Mrs. Gove, of Frederick, discusses plans for a parish supper with a friend.

We asked Mrs. Chase C. Gove, Jr., to help us find out how much the telephone can do for a busy family. Mrs. Gove kept a two-week record of all her family's outgoing telephone calls—estimating the time, traveling and money, if any, each call saved.

At the end of two weeks, the Goves' telephone record showed the phone had saved more than 33 valuable hours and \$61.20 in car

expenses. Visits and errands that would have meant an estimated 771 miles of travel were accomplished quickly and easily by telephone.

Mrs. Gove, the mother of three, serves her community through a number of organizations including the P.T.A., and the Frederick Community Chest. She is also President of The Women's Auxiliary of Frederick Memorial Hos-

pital. For her, the telephone gives more time to devote to both her family and neighbors.

What does the telephone do for you? A record of your phone calls would probably show, too, that few things do so much for you... at so little cost... as your telephone.

John D. L. Beegle, son of Dr. and Mrs. D. Luther Beegle, West Main St., Emmitsburg, Md. received his doctor of Chiropractic degree on Friday, May 12, 1961 from the National College of Chiropractic in Chicago, Ill.

He is a graduate of Gettysburg High School in 1953. Was on the Track Team and broke the mile record of eighteen years standing and which has not been broken.

Attended University of Maryland and is a member of the Theta Phi Epsilon Fraternity.

Attended Palmer School of Chiropractic in Davenport, Iowa.

Interned at Chicago General Health Clinic for past year.

Served in the United States Army for two years and during most of that time was Assistant Instructor at Fort Jackson, Columbia, S. C.

Dr. John Beegle is married to the former Saranna Miller, daughter of Mr. and Mrs. Floyd Miller of Camp Hill, Pa., former residents of Emmitsburg, Md. They have two daughters, Karen aged 3 and Cynthia Ann aged two. After June 15th, they will reside at 253 Baltimore St., Gettysburg, Penna. and John will be associated with his father Dr. D. L. Beegle in his Chiropractic Health Offices in Emmitsburg.

BOARD OF EDUCATION

A regular meeting of the Board of Education of Carroll County was held in the Board Offices on May 9, 1961, at 9:30 a.m. with Mr. DeVries R. Hering, presiding.

Mr. Hering received on this date and qualified for his commission as a member of the Board, appointment to be effective for six years from May 1, 1961.

The Board reorganized by electing Mr. DeVries R. Hering, President and Mr. Clifton W. Warner, Vice President, for the ensuing year.

The Board considered the minutes of the April meeting and approved the minutes for inclusion in the records. Current financial transactions for the month were reviewed and approved.

The Board approved teaching contracts for the following teachers: Ingrid E. Ewertz, Mrs. Alice J. Smith, Carroll Lee Utz, Mrs. Constance C. Lee, Mrs. Arlene Hamilton, Warren M. Eshbach, Mrs. Shirley M. Musari, Douglas T. Chilcoat, Mary J. Williams, Mrs. Elizabeth H. Finckel, Karen E. White, Patricia A. Scott, Barbara M. Holland, Mrs. Beatrice G. Harmon, Shelia J. Bixler, Thomas W. Giles, Barbara G. Hans, Mrs. Virginia A. Stenley, Mrs. Mary V. Beck.

Consideration was given to a number of resignations of teachers effective at the close of the current school year and the resignation of Mrs. Shirley J. Grover effective April 1961 was accepted.

The Board took action in connection with sick leave for calculation in the cases of several teachers.

A joint meeting was held by the Board with the County Commissioners and the respective attorneys for the two Boards. Recommendation was made by the Superintendent that a basic salary schedule for 1961-62 be approved to permit negotiation and employment of teachers to staff the schools in 1961-62. After discussion, a motion was made and passed to establish an eleven-step salary scale based on \$4300 in the beginning year of experience for teachers with Bachelor's degrees and continuing over an eleven-step interval to a maximum of \$6400 for teachers holding Bachelor's degrees in the eleventh step and beyond. This was made possible through additional State assistance in connection with the support of school costs resulting from legislation enacted in the 1961 session of the Maryland General Assembly.

The Board also approved, upon the recommendation of the Superintendent, the appointments of supervisory and pupil personnel—visiting teacher staff as follows: Mr. John F. Wood, Jr., Director of Instruction and Supervision; Mrs. Margaret M. Baier, High School Supervisor; Mr. Evan P. Bowers, High & Elementary School Supervisor; Miss Ruth E. DeVore, Supervisor of Elementary Schools; Mr. John W. Manspeaker, Supervisor of High Schools; Mr. Charles E. Reck, Supervisor of Elementary Schools; Mrs. Josephine D. West, Supervisor of Home Economics and School Lunch Program; Mr. Philip S. Royer, Supervisor of Music; Mr. Charles I. Ecker, Supervisor of Transportation; Miss Mary E. Grimes, Supervisor of Pupil Personnel; Miss Mary E. Huber, Visiting Teacher; and Mrs. Dolores J. Snyder, Visiting Teacher.

The Board considered a number of proposals in connection with personnel for instruction and in the field of school operations.

Approval was also given for the use of the pupil insurance plan proposed by the Pilot Life Insurance Company of Greensboro, North Carolina. The Board directed that this insurance be handled through the office of Paul K. Dell, authorized representative of the Pilot Life Insurance Co. for 1961-62.

The Board took additional action in connection with assistance to certain schools in connection with the purchase of equipment.

A brief report was heard on progress being made in connection with new building construction at Westminster and Taneytown. The Westminster building is proceeding as per schedule and foundations are fairly complete at this time, and work is going forward in connection with the erection of walls.

The Board designated June 5, 6, and 7 as the dates on which the Superintendent is authorized to receive requests for transfer of pupils from schools presently attended. It was directed that proper publicity be given to these dates and that the Superintendent be available to receive requests and act on same.

The Board took action to adopt a recommended proposal for fire and extended coverage insurance on the public institution plan as recommended by the insurance supervisor, Mr. Edward Bollinger. This change in insurance coverage is made by the Board to effect savings in premium payments and the insurance will be written by one company and covered by one policy. Substantial savings are made by the Board in the amount of about \$8,000 annually in changing to this type of coverage.

The Board adjourned at 2:15 p.m. to reconvene for a regular meeting in June at which time action will be taken in connection with the awarding of Western Maryland District Tuition Scholarships, and further consideration will be given to organization and planning for 1961-62.

A BIRTHDAY PARTY

On Saturday afternoon, May 13th, a surprise birthday party was given by Mr. and Mrs. John S. Harney in honor of their daughter, Brenda, who was celebrating her 6th birthday anniversary.

After playing several games, she opened her gifts, which were very beautiful and useful.

Refreshments were served to the following: Rhonda and Sidney Naylor, Pattie Ann Bowers, Debra and Terrie Ann Hess, Karen and Kim Mehl, Susan and Michael McKinney, Debbie and Pamela Sholl, Dottie and Debbie Lowman, Sharon Brake, Libby Coskun, Beth Wilhide, Patricia Ward, Edward Sauble, Dennis Harner, Jerry Jay and Jody Waddell, Steven and Brenda Harner, Mrs. Donald Brake, Mrs. Carroll Wilhide, Mrs. Robert Waddell, Mrs. Jean Lowman, Mrs.

Edward Sauble, Mrs. Everett Hess, Mrs. Dean Sholl, Mrs. James McKinney, Mrs. Horace Worley, Mrs. Wm. E. Ritter, Mr. and Mrs. John H. Harner and Mr. and Mrs. Lloyd B. Wilhide.

The balance of the afternoon was spent riding ponies which was enjoyed by all.

Everything is funny as long as it is happening to somebody else.—Will Rogers.

It's nice to be important, but more important to be nice.

OUT OF THE OVEN

By Mr. B:

WHY WORRY?

The greatest waste of time, of course, is worry and we can't endorse it as a cure for anything...no matter what this life may bring. When trouble seems too much to bear, your first recourse should be to prayer. Then face the facts; do what you can...and you'll emerge a stronger man.

An outdoor picnic is a sure cure for the post-winter blues. For all those outdoor events, make it a habit to stop here for delicious picnic rolls. For large amounts, you can order your frank and hamburger rolls in advance to be sure of getting what you want. Baumgardner's Bakery, Taneytown. Phone PL 6-6363.

Sizzling Summer Nights Needn't Be Sleepless Ones

Scientific studies show that human bodies and minds suffer seriously from lack of sleep.

But who needs a scientist to describe how we feel when we don't sleep well? We wake up with tired bodies and fuzzy minds. We can't concentrate, our appetites are off, and tempers flare. Babies fuss, children are grouchy, adults "drag" through the day, and everyone is more vulnerable to illness. Nobody looks his best when he hasn't slept well.

One of the prime causes of sleeplessness is a hot, stuffy bedroom. Sizzling summer nights no longer need be sleepless nights, however. Modern electric room air conditioners now create an ideal climate for sound sleep. They cool the air, dehumidify it, and filter out dust, pollen, and lint. Windows in air-conditioned bedrooms remain closed, shutting out disturbing street noises.

New electric room air conditioners are quiet and comfortable. In many models, cool air can be directed anywhere in the room—up, down or sideways—

Fully refreshed after a sound sleep in her air-conditioned bedroom, milady makes ready for a busy summer day.

never directly at the occupants. Each room is kept at the temperature set on the individual thermostats.

Some room air conditioners include an automatic clock timer that turns the unit on at the time set. Some others have remote controls that can be operated from the bed or an easy chair.

PRESENT PERFECT FOR DAD

He's the man of the hour, king for a day—
June the eighteenth is coming his way.

If you've yet to consider the gift for dear Dad,
A camera is something for which he'd be glad.

From Brownie to models ultra-refined,
The selection is varied—the choice unconfined.

A book or a viewer can also be bought,

And film is a wise and snap-happy thought.

Whatever you choose, however you lean,

This is the time to get Dad in the scene—

In front of the camera "on stage" with you—

And posing, as well, with his presents on view.

As producer-director he's hardly surpassed,

But Father is also a part of the cast!

—Jeanne Cole

Prepared by National 4-H Service Committee, Chicago

SURE I MADE IT! says Miss 4-H'er. And she can make many more goodies guaranteed to please any young male's appetite—and female, too. She's learning all about foods and nutrition in a 4-H Club project of the same name.

At least three-quarter million 4-H Club members are participating in the project this year which has a new name and a new awards sponsor. It's called the 4-H Foods-Nutrition program and offers incentive awards for best project achievement at county, state and national levels. The National 4-H Service Committee has announced. The new awards donor is General Foods Corporation of White Plains, N. Y. While local 4-H support is already established in some areas by GF people, the foods program marks the firm's first national 4-H educational program sponsorship.

The Cooperative Extension Service supervises the work done in fulfilling the program's eight objectives. Local volunteer leaders teach the young cooks. Beginners start a project with simple, familiar things such as listing what they like to eat, what they don't like, and foods they've never tasted. They apply the same technique to cooking know-how, and try to enlarge and improve both areas. The more advanced members practice meal planning, cooking, serving and efficient shopping, the Extension Service reports.

Outdoor cooking and party fare, and the three-meals-a-day routine are examined and explored, making the entire project an exciting experience. The member who does the best job will be named state winner, and will be a delegate to the 40th National 4-H Club Congress in Chicago next fall. All expenses will be paid for by General Foods.

National \$400 college scholarships are awaiting the six highest scoring individuals selected from all state winners.

Air Conditioners In Walls Make Comfort A Breeze

Many new homes are being built today with "holes" in them—holes to accommodate through-the-wall electric air conditioning units.

These are similar to the familiar window room air conditioners but are installed in metal sleeves in the walls of a house.

Through-the-wall air conditioning units offer home owners and home buyers some distinct advantages:

1. They can be installed anywhere—under a window, in the middle of a windowless wall, or high on a wall to allow for better distribution of air.

2. They permit control of temperature and humidity in individual rooms throughout the house. For example, bedroom units can be turned off during the day, and living-area units turned off during the night.

3. They are designed to look like part of a room. They fit flush or nearly flush with inside walls, and many have front panels that can be painted, papered or covered with fabric to harmonize with room decor.

4. When a house is equipped during construction with metal sleeves to accommodate through-the-wall air conditioners, the home owner can air condition

his house gradually—one unit at a time.

In many parts of the country, builders are offering homes completely equipped with enough through-the-wall air conditioners to provide comfort throughout the house. Others provide only the sleeves and leave it up to the home owners to install air conditioners when they can.

Shelter Boosts Livestock Output

Agricultural engineers at South Dakota's State College of Agriculture have recently designed a practical 12 feet by 12 feet shade shelter to protect livestock during summer months. Lightweight, inexpensive, and easy to store, move, and construct, the steel shelter covered with galvanized steel sheets is expected to meet the requirements of farmers who raise sheep, hogs, poultry and other livestock.

The Committee of Galvanized Sheet Producers said the shelter is constructed by driving four steel tee fence posts into the ground at the corners of an eight feet by nine feet rectangle. These posts slant slightly outward, so that the tops are six inches off the vertical. Two twelve foot 2 by 4's are then fastened with hook bolts to the eight-foot-apart post tops.

Twelve-foot lengths of light gauge corrugated galvanized steel sheets are then laid across

the tops of the 2 by 4's and secured with lead-headed screw-drive roofing nails. Four loops of #9 wire are now looped around the 2 by 4's at equal intervals, so as to connect the two wooden stringers. Uniform twisting of the four loops will "draw them up" until the four tee posts are vertical and the roof is arched to a height of about one foot in the center. The arch adds rigidity. The galvanized steel sheets add strength, economy and corrosion resistance.

Relocation of the shelter is easy. Loosening the four hook bolts permits removal of the entire roof section; tee posts are pulled up and driven in elsewhere. For winter storage, removal of the four tightening wire loops will permit flat storage.

A coat of white paint on the outside surface will further reduce the temperature under the shelter.

Anglers will be feeling a touch of fishing fever now that Spring is just around the corner, and the trout, bass, bullhead, and crappie will soon be skittering along the bottom of favorite fishing haunts free, at last, of icy winter.

March means time to unpack the rods and reels and to sort out last year's "old favorite" lures and see what new ones will be needed. It's time, too, for the purists among us to unzip their fly packs and check on the beloved and bedraggled array of Black Knats, Dunns, and Cahills, and to finger fondly the tiny Caddis' and Grey Nymphs. If you plan to fill out your fly patterns, stick closely to the small sizes for early spring fishing. The best ones to choose are the 12's, 14's and 16's with a 20 thrown in for good measure.

Old hands will not only be checking on new equipment but the old as well. Here are a few tips on tackle that will make your summer-long fishing fun trouble free:

1. Check boots and waders with a flashlight. The light will reveal tiny holes and thin spots that need a patch.
 2. Rods should be checked to see that the ferrules are firmly cemented to the rod, that guides and tip tops are smooth and not worn or grooved from heavy use last year. There is no quicker way to lose a big one than to have the line break due to a rough guide or tip top.
 3. Check the guide wrappings for wear. Snip back worn edges and touch up with clear finger nail polish.
 4. Reels, if properly cared for last Fall, need only be lightly oiled before use. If neglected, they should be stripped, washed in solvent, and lightly greased before re-assembling. Worn gears, bails, or level winds should be replaced—you can send them back to the company for expert repairs.
 5. Nets can be checked by lifting a 5-lb. box of sugar. Worn or broken netting should be replaced.
 6. Spoons and spinners can be shined with scouring powder, and the shine protected with a light coat of lacquer or finger nail polish. Make sure that the points and barbs are honed needle sharp.
 7. Cut back old lines 10 or 20 feet to eliminate worn line and protect your new catches.
- Get into the mood to check your tackle by picking up the new Fishing Annual put out by The Garcia Corporation for a half hour. It offers an exciting series of articles by such headliners as Tom McNally, Vic Dunnaway, and Johnny Dieckman as well as a handy, year round, 100-page reference catalog of new tackle and parts. If you can't find a copy at your local dealer's, send and parts. If you can't find a copy at your local dealer's, send fifty-cents and your return address to Department "C", Box 249, Madison Square Station, New York 10, N.Y. — but don't forget to give your return address.

SWIFT HOME of the Month

THE CAPRI—

Refreshing, Efficient Living

Here is efficiency of interior space utilization... plus an interesting exterior that fits into city, suburban, or rural living. The "Capri" split-level home is adaptable to a level or hillside lot and offers a choice of basic floor plans that meet the needs of today's active families.

The versatile "Capri" may be had with three extra large bedrooms or three bedrooms and a nursery. The useful family room is just steps away from the kitchen. Yet, with all its modern convenience and usable floor space, the "Capri" is designed especially for the dollar-minded family that wants a better home for less money. It's ideal for families willing to erect their own home or have the basic home erected and finish the interior with do-it-yourself labor.

For detailed description, full-

color views, and floor plans of the "Capri," write to Swift Homes, Inc., Elizabeth, Pa.

Breezy Way's Best For Junior Guests

Lucky is the child who can have his birthday party outdoors on a patio or porch. His mother is fortunate, too, because with the formality of damask and china packed away with winter woolens, spring and summer parties are easy to plan, give and clean up after.

Indoors or out, the children's party should be set with hi-jinks in mind. Melmac dinnerware is bright and break resistant; paper decorations and serve-yourself trays also allow for the bounce-about habits of small diners. Party finery can be covered with tea towel "lapkins" or ponchos snipped from chintz.

When young ladies as old as 11 or 12 yearn for an exotic party, transport them to the Orient with the table setting pictured above. Old-like criss-cross on the table is blue sailcloth to match the blue chrysanthemum plates. Suspended parasol and fans are paper. The wooden dolls are take-home favors, always a must at children's parties.

An authentic Oriental menu is easy to prepare with frozen foods and canned, and let there be chopsticks for the adventurous and fortune cookies to add to the merriment. At the meal's close, pass "oshibori"—hot, damp, rolled up towels, for a real Oriental finish, one the mothers of your small guests will appreciate.

International Uniform Sunday School Lessons
BY DR. KENNETH J. FOREMAN

Sabbath Material: I Kings 4:23-34; Proverbs 6:6-9; 22:29; 24:30-34; Ecclesiastes 3:22; II Thessalonians 3:6-13.
Devotional Reading: II Thessalonians 3:6-13.

Diligence

Lesson for May 21, 1961

"DILIGENCE! what a dull word!" Yes, it has certainly come to be dull-sounding. It's like a coin that hasn't been used much, it just gradually gets tarnished even if kept in a glass case. Yet we know what it means

and we admire what it stands for even if we personally leave being diligent to other people. "On the job," "on the ball," "on his toes," "in there pitching," "always after it," Dr. Foreman "never lets grass grow under his feet,"—we have all heard such expressions and we know they are intended to be compliments. So let us not shy away from that word "diligence." It is simply a somewhat more formal way to say what all those expressions like "on the ball" are trying to say.

Ants
To save questions, let us agree, right at the start, that diligence by itself is not necessarily a good thing. Let us take for instance, out of the book of Proverbs, the example of ants. Lazy people (sluggards) are told to go study the ant—"consider her way and be wise." In other words, it is hinted that even those little insects have more sense than some people. Most animals are diligent, especially when it comes to gathering food; but ants are known everywhere. It would have made just as good sense to say, "Consider the ichneumon wasp, and be wise." But more people know what ants are than could tell you about ichneumon wasps. Ants are always working. They do attend our picnics, to be sure; but to work, not to play. Every picnic is Harvest Day for the ants that live around there.

Ants, furthermore, seldom work alone. They work in gangs, in armies. They do a great deal this way that solitary ants cannot so easily get done. There is no virtue whatever in doing things the hard way. Even ants know better than that. Now, most ants are harmless. But all through the south a new invader is spreading from the insect world: the fire-ant, more destructive, and more painful and dangerous too, than any other ant in this country. Victims of this insect only wish he were not so diligent! So the Devil (next to God, perhaps) is the hardest worker in the universe. But that is a most gloomy thought. For the devil is diligent only in evil.

"Diligence" Means "Love"
The English word "diligence" comes from the Latin word "diligentia" and that comes from a verb "diligere" which in the Latin Bible is used to translate the strongest Hebrew and Greek words for "love." This suggests something, doesn't it? Diligence isn't mere hard work, it is not drudgery done in a drudging sort of way. It is not forced labor. Diligence is work lovingly done, work done for the joy of it. The writer of Ecclesiastes speaks of enjoying work. And why not? A bus driver one day was talking with an old friend, while driving his bus route. They got to talking, as men of sixty-plus will, about retirement. "What are you going to do when you retire?" asked the driver. "Don't know," said his friend. "I'd like to get two jobs with a 6-month vacation apiece. . . . What would you like to do?" The driver answered promptly, in one word, "This." The friend was astonished. "You don't mean to tell me you LIKE your work?" "But like it he did. That's diligence, that's the root of it."

The Slacker
The opposite of diligence is not doing something else, it's doing nothing at all. He that is slack in his work, an Old Testament proverb says, is brother to him that is a destroyer. The slacker in war is a traitor. The slacker in peace is a traitor likewise. What do you do to let a farm go down? You don't have to scatter rocks in the fields, set fire to the woods, plant loco-weed in the pastures and poison the cattle. All you have to do is nothing. Let everything slide, never do today what you can put off till tomorrow, never finish any job, just don't care. A farm doesn't have to be pushed downhill, it will run down if you just leave it alone.

60 MILLION WOMEN CAN'T BE WRONGED!

AMERICA'S 60 MILLION WOMEN HAVE THEIR DANDER UP—AND U.S. CONGRESSMEN ARE BEING WARNED TO TAKE COVER. WOMEN ARE FED UP WITH THE LEFT OVER "WORLD WAR II" FEDERAL EXCISE TAX THAT SOAKS THEM 10 PERCENT EVERY TIME THEY BUY A JAR OF HANDCREAM, LIPSTICK, NAIL POLISH, ETC. THEY ARE ON THE WARPATH AGAINST THE WARTIME TAX WHICH CONTINUES AFTER THE WAR HAS BEEN OVER 15 YEARS.

A TWIN PATÉ FOR A PARTY

The modern hostess has learned how to enjoy her own parties, for she is secure in her knowledge that a glamorous buffet table is the keynote for a successful affair.

One of our favorite ideas for a beautiful table is to serve a Twin Pate as the center of interest. It goes with beverages, soup or a fruit course.

For too many years the American hostess was scared to death to break away from the run-of-the-mill recipes, and as a result her party foods were dull and trite. But once the girls snapped the shackles of conservatism in cooking, and timidly ventured forth to try the delightful foods from other countries, American cooking took on a new interest and intrigue.

As practically all parties today are built around a buffet table, we offer our Twin Pate recipe for color, texture and palate tingling taste. The blue cheese of Denmark is the tangy mystery ingredient that makes the pate an instant success. (P.S. Don't give your friends the recipe.) Recipe follows:

MOLDED DANISH BLUE CHEESE SPREAD

1 lb. Danish Blue Cheese, crumbled
1/2 cup chopped parsley
1/4 cup chopped nuts
1 8 oz. package cream cheese

1/2 teaspoon Worcestershire sauce, dash cayenne
1/4 teaspoon salt
1/4 cup real Mayonnaise

Prepare mold by generously greasing a 16 ounce custard cup or individual pie dish. Press parsley around the sides and sprinkle nuts on the bottom.

Combine cream cheese, blue cheese, Worcestershire sauce, cayenne and salt. Blend well. Stir in real Mayonnaise and mix until well blended. Spoon gently into prepared dish. Chill. Unmold and serve with crackers.

FAMOUS FIRSTS

First nation to play golf was Scotland, where the game was played on public fields called "commons"—also used for bleaching clothes in the sun, picnicking and drying fishnets. Sometimes all of these activities went on at the same time.

First tees were made of sand scooped out of the nearest hole. Holes often became so deep that the caddy had to reach in a full arm's length to retrieve the ball!

First refreshment choice among golfers at the 19th hole is satisfying Antique Bourbon—on a golf with top golfing pleasure at every course!

IN THIS WORLD

MAN'S DESIRE FOR A MECHANICAL MEANS OF WRITING DATES BACK TO THE BEGINNING OF RECORDED TIME... HOWEVER, IT WAS NOT UNTIL 1714 THAT QUEEN ANNE OF ENGLAND GRANTED A PATENT TO HENRY MILL FOR A "WRITING MACHINE". THE THOUGHT WAS STIMULATING...

DURING THE NEXT 100 YEARS 51 MEN TRIED TO INVENT A PRACTICAL TYPEWRITER...

IN 1872 CHRISTOPHER L. SHOES SUCCEEDED AND BECAME KNOWN AS FATHER OF THE TYPEWRITER.

TO PERFECT AND PRODUCE THE MACHINE, HE TURNED TO E. REMINGTON & SONS OF MOHAWK VALLEY, N.Y., THEN MAKERS OF SEWING MACHINES... THUS IN 1873, THE REMINGTON, FIRST COMMERCIAL TYPEWRITER, RESEMBLED A SEWING MACHINE.

IN 1893, THE "REM-BLICK," FORERUNNER OF THE REMINGTON PORTABLE WAS INTRODUCED...

TODAY, PORTABLE TYPEWRITERS PLAY A VITAL ROLE IN OUR MODERN SOCIETY AND ARE HELPING MILLIONS OF STUDENTS TO GAIN AND RECORD KNOWLEDGE.
