### "Calling All Girls"

How would you like to spend an enjoyable evening of laughter and entertainment at a real live comedy? The Future Business Leaders of America Club of Taneytown High School invites you to do just that.

"Calling All Girls," a three-act comedy by Vivian Mayo, is guaranteed to please the audience. Young, handsome David Ricker is more interested in the stars of heaven than in young women of marriageable age. His rich uncle, George Ricker, decides that David must marry at once or forfeit his inheritance. David's three maiden aunts, Polly, Molly, and Dolly are not quite in harmony with George's plan, and they conspire to get David married in their own peculiar way. After much confusion, and seven girls later, it appears that David has married three girls. Everything ends on a happy chord, and even Uncle George sees the error of his ways.

Why not bring the entire family to see this play? Production dates are March 6 and 7th at 8:00 P. M. in the high school auditorium. There will be an admission charge. Refreshments will be on sale.

An assembly featuring two foreign exchange students has been arranged by the Student Council to be presented to the student body March 11. The assembly program will include: comments on the American Field Service by Miss Ramer of the Gettysburg High School Guidance Department; a discourse by each of the exchange students; and a question-and-answer period.

His very informative discussion included slides, important facts on alcohol and alcoholism, and questions asked of and by the students.

Informative, enjoyable, and thought provoking, Mr. Smith presented the facts and dangers as he saw them, working on the premises that each individual must, in the final analysis, make up his own mind as to the use of alcohol in their daily lives.

## The Appointment of Mr. Bushey is Rejected

Article 25, Section 16 of the Annotated Code of Maryland provides for the filling of a vacancy in the office of County Commissioner. It provides that the Governor, if such vacancy shall occur during the session of the Senate, shall, by and with the advice and consent of the Senate, make the appointment. It further provides that the Governor shall appoint the person to fill such vacancy whose name shall be submitted to him in writing by the State Central Committee of the political party with which the County Commissioner, so vacating, has been affiliated.

The name of Mr. James L. Bushey was submitted to fill the vacancy on the Board of County Commissioners of Carroll County created by the untimely death of the late Mr. Edmund L. Carr. The appointment of Mr. Bushey was rejected by the Senate.

This rejection should, in no manner, reflect discredit upon Mr. Bushey personally. He is obviously a gentleman of high standing in the community and well respected. The rejection was made for the reason that a majority of the Republican State Central Committee of Carroll County completely overlooked, or disregarded, the fact that there are already 2 County Commissioners from Woolerys and Franklin Districts neighboring Districts to Mr. Bushey's District of Berrett. These three Districts have a combined population of 8,453. Mr. Bushey's appointment would result in 100% of the membership of the Board of County Commissioners coming from three neighboring Districts containing only 16% of the County's population.

It has long been a practice of both of our major political parties to make every effort to have as candidates for County Commissioners individuals from different geographical areas of the County. It is inconceivable that this important consideration should be wholly ignored in this instance.

With the northern two-thirds of the County now unrepresented on the Board of County Commissioners, it appears grossly unjust to that large and populous area to foster this inequitable situation. It is surprising that the majority of the Republican State Central Committee should have recommended an appointment so callously indifferent to the obvious rights of that large segment of the County upon which the Republican Party relies so heavily at election time.

Edward O. Weant, Jr.  
State Senator  
Carroll County.

## Children's Pictures Taken Free And Published In The Carroll Record

It is an undisputed fact that the responsibilities of tomorrow's world, our Nation, and Community will rest upon the shoulders of the children of today. Since this is true, the publishers of this newspaper would like to give you a good look at these future "World Builders."

The only way we can do this is by publishing pictures of them in a feature series. To assure the latest and best reproduction pictures they must all be of uniform size and quality.

An expert children's photographer with all the necessary equipment for this specialized work will be here Friday, March 13. Pictures will be taken at the Fire Hall, Taneytown, and the Studio will be open from 10 A. M. to 6 P. M.

### No Charge to Parents

There is no charge to the parents. There are absolutely no strings to this invitation. It is bonafide in every sense of the word. Parents do not have to be subscribers, nor even readers of this newspaper to take advantage of this feature. Neither are they obligated to purchase pictures after they are taken. Those who want some additional prints may obtain them by arrangement with the Studio representative when they select the pose they want printed in the paper. It is entirely up to them.

### The More Pictures, the Better

The Record simply wants pictures of all the youngsters and the more, the better. Children who have been photographed for this feature in previous years are especially invited to return, so that we may see how they have changed. So the Mothers and Fathers of the community should remember the date, Friday, March 13, at the Fire Hall and not fail to bring their children to the photographer. You will be mighty glad, afterwards, if you did, and very, very sorry if you do not permit your children to participate in this event. The kiddies will have much fun and both Mother and Dad — and the youngsters, too — will be very proud to see their pictures in print later. No appointment is necessary. There is no age limit.

You may come at any time during Studio hours. All children must be accompanied by a parent or guardian. Photography will be handled by the Dansville, New York office of Woltz Studios of Des Moines.

## ATTENTION YOUTH LEAGUERS AND PARENTS

No plans will be made for the upcoming baseball season until all uniforms have been turned in to Doc Hopkins at the drug store.

If we are to participate in this program, your cooperation is needed now.

Too many people confuse emotionalism with calculated foreign policy.

## "SPICE 'N' EVERYTHING NICE" (Your Chatty Column)

With all my heart, I wish you every morning  
A smile that shall last until the next day's dawning.  
I wish you health—life's greatest wealth:  
I wish you always near so that I may help to cheer  
Each future day and in some way—help to bring you happiness!

Like that song, "Younger Than Springtime," "June in January" will be just like that if you go all the way with "JACUZZI!" It is the best thing that ever appeared for everyone and you do not have to be ill in any form to give you that Lifter-Upper and stay that way throughout every year of your life! Now, I know that that Ancestor of mine did not find the "Fountain of Youth" in Florida for it can be right in your home this very day or night. It is a "WHIRLPOOL Bath" by a man named Jacuzzi. Here is the story. There were 5 brothers who came over from Italy. One came over first and then sent for his brothers. All with the interest of the last arrival. A young son—a small boy whose needs were greater than most boys his age due to the affliction, the doctors had ordered Kenneth Jacuzzi, hydromassage which was only obtainable in hospitals. The concern of the boy's father, Candido Jacuzzi for the welfare of his son led to the development of today's portable "Jacuzzi Whirlpool Bath"—now being used by thousands all over the world! Mr. Jacuzzi is general manager of Jacuzzi Brothers, Inc., world famous manufacturer of Jacuzzi turbine and jet pumps. After consulting doctors and his own engineering staff, Candido Jacuzzi built a simple hydromassage pump which doctors agreed was equally as effective as the one used in the hospital!

Thereafter, Kenny, his son received the prescribed daily massage at home with hydromassage. Then, the other members of the family began to use this portable whirlpool massage unit themselves and found it wonderful for relaxation and much else.

Mr. Jacuzzi decided then that this whirlpool bath unit should be made available to others. Now, after years of refinement and testing by physicians, this wondrous "JACUZZI" is available for you and you and you — all because of one little boy!

It relieves minor aches and pains, conditions the body, helps bring almost instant sleep for the night and from tension, helps relieve muscular soreness and simply marvelous for circulation! It is truly the 20th century of The Fountain of Youth! Every family should have one.

You and you will never install a "Shower" in your bath room when once you have tried "Whirlpool Jacuzzi!"

Before, I entered the bath, I had for days a pain in the ankle that was broken a few years back and that pain left me in five minutes with Jacuzzi which really startled me by the quickness of it all. I thought to myself, "No doubt the pain will come back after I get out of the bath," but it has not so far. I held a bar of that nice cold cream soap, "Dove" in my hand and as the water whirled around, the bath became full of bubbles and the entire 2nd floor had a wonderful scent!

The manufacturing plants of this great Whirlpool is in Canada, Mexico, Arkansas, Richmond, California, Mo., and their offices are in the following places: Memphis, Penna., Wisconsin, New Jersey, Oregon, Boston, Denver, Texas, Florida, Washington State, Arizona and many others.

Jacuzzi also can be bought in the color to match your bathroom.

To contact the nearest office write or phone as I stated in last week's column 5219 — B, York Rd., Baltimore (12), Md., or phone 435-5734. Jacuzzi would be a grand Easter gift to each other.

Due to my enthusiasm for The Jacuzzi Whirlpool bath, this Column simply had to be all out about that wonderful invention.

Have a grand week-end. Give the flowers and compliments right now. (And I think you know just what I mean.)

Until next week D. V.

I Am,

Faithfully,

YOUR OBSERVER.

## "GRASS ROOTS OPINIONS"

**WORCESTER, N. Y., TIMES & MONITOR:** "Here is a good indication of the 'progress' being made in extending government supervision and attempts at control over the agricultural industry of the U. S. This is a fact to ponder: While the number of farms and farm workers in the U.S. has dwindled considerably since 1935, the Department of Agriculture has jumped up the number of its employees by quite a margin. Back in 1935 the Department hired one employee for 80 farms while at present there is one person engaged for every 28 farms in the U.S. Fewer farms but more folks on the payroll! That seems to be a familiar pattern in Washington."

**CANTON, N. C., ENTERPRISE:** "This is the time of the year when a person has to start that annual battle with the taxes. As sure as January 1 rolls around, you can depend on getting reminded by every form of government that it's time to consider what you owe 'them' for the services you receive."

**WINNSBORO, S. C., NEWS & HERALD:** "One of the employees admitted he worked only half an hour a day on a county job.—From a news story. A whole half-hour? Gosh, he must not have much political pull!"

**ROSHOLT, S. D., REVIEW:** "Too often forgotten in the emphasis on collective protests is that progress for a nation or a race is made up of individual successes — persons who work diligently to develop an innate talent, to acquire a marketable skill, to overcome handicaps. . . . So, in spite of all the loud protestations heard and read about the so-called do-gooder and one-world planner, progress is still a step by step process. Only when individuals advance in a community can a group take another step forward."

**ST. CLAIR, MO., CHRONICLE:** "It is amazing that there are still millions of Americans who are proud of working, proud of a job well done, proud of using their intelligence and who spurn the welfare graft. Indeed, those under 30 years old can remember nothing but the welfare state."

## "FACTS AND OPINIONS"

Pointing out that the American owner-manager-operator type of farming has produced the most bountiful food supply ever known to man and that it has likewise made the efficiency of the U.S. agriculture the envy of all the world, the National Grange declares, "More than any other single segment of the American economy, this type of agriculture has demonstrated the superiority of democracy over communism."

Commenting on the ability of petroleum pipelines to go virtually anywhere, "Oil Facts" notes that a single system in Pennsylvania "crosses seven rivers, one canal, 445 streams, 550 roads, 65 railroad tracks — and the Allegheny Mountains."

Predicting that U.S. railroads will spend upwards of 20 per cent more than last year's \$1 billion outlay for the purchase of new equipment, a railroad spokesman declared that 1964 "could prove to be a turning point for the nation's freight car supply outlook."

American Red Cross staff and volunteers are working round-the-clock with military authorities to provide help for some 900 dependents of American servicemen now being flown home voluntarily from Panama following the outbreak of trouble along the Canal Zone.

Therefore, we ask the co-operation of all the parents (and grandparents, too!) to help make this a success. The Studio hours and location are shown below. Just take your children there and several poses will be taken free of charge by a nationally known children's photographer who specializes in feature photography for newspapers. All proofs will be shown and you select your favorite pose for publication. There is no charge or obligation. You may, if you wish, order photographs for gifts or keepsakes from the studio, but this is entirely up to you.

## CHEVELLE! by CHEVROLET—a great highway performer

Malibu 4-Door Sedan

Malibu Super Sport Convertible

Chevelle 300 6-Passenger Station Wagon

### Chevelle balanced performance is best!

Passing, cornering, threading through traffic, sudden stops—Chevelle excels all around! Chevrolet's new surprise package has what it takes to meet any driving challenge: Six or V8 engines, hefty brakes, Full Coil suspension—and a trim size that makes the most of them!

Chevelle means performance aplenty—standard 120-hp Six or 195-hp V8—and optional at extra cost, a 155-hp Six, a 220-hp V8, a new 327-cu.-in. V8! But Chevelle's performance means more. Chevelle's a foot shorter than the big cars. And the space Chevelle saves in size comes off the ends, not the middle. So it rides like you want a car to ride.

Chevelle lets you choose Powerglide\*, 4-speed manual\* or 3-speed manual transmission. Knowing how people like the custom touch, we wrote out a long list of extra-cost options.

Knowing all this, what's keeping you from a test drive? Certainly not your Chevrolet dealer!

## KEYSVILLE-DETOUR

Greetings to you:

Friday the 28th was rather a sad day in the home of Mr. and Mrs. Carroll Dougherty of Detour for this was the day their son Larry had to report for duty in New Jersey and go from there to England. Larry, who is with U.S. Air Force, has a new address now: A3C Larry K. Dougherty AF 13804214, 81st Sup. Sq., APO 755, New York, N. Y.

I reported last week that five young ladies who are affiliating with St. Elizabeth's Hospital in D.C. visited with the Carroll Wilhide family for the week-end. On that Sunday they were all joined at dinner by Mrs. Richard Wilhide and Susan and Mr. and Mrs. Myron Wilhide, Denise and Renee, also.

A number of relatives have been visiting with Mrs. Maurice Wilhide while she is staying with her daughter and son-in-law, Mr. and Mrs. Charles Minnick, in Union Bridge. She does so enjoy company.

Lenten Service on the 11th at the Keysville Lutheran Church at 7:45 P. M. Sermon will be "Guilty Hands."

The William Fleharty family near Detour were Sunday afternoon visitors with Mr. and Mrs. Clyde Wilhide and family of Keysville-Taneytown Road.

Happy Birthday wishes this week to Mrs. Hugh (Becky) Engel on the 5th; her dad, Clyde Wilhide, on the 7th, and his brother, Lloyd Wilhide, on the 9th. David, son of Mr. and Mrs. Vernon Schaffer, also has a birthday on the 9th.

Certainly hope Mrs. Vernon Schaffer (Thelma) of the Keysville Road is feeling back-to-normal again by now. I understand she has been having a bout of the flu.

Mrs. Carroll Wilhide, Mrs. William Fleharty and Diane accompanied Mrs. Richard Wilhide and Susan on Thursday to Clear Spring for a visit with Cassie's parents, Mr. and Mrs. Daniel Seibert.

Mr. and Mrs. Edgar Currens of Hampstead were visitors with the Clyde Wilhide family of Keysville-Taneytown Road from Thursday until Sunday. They all had a grand time being together.

On Sunday evening Mr. and Mrs. Cecil (Bob) Priest of Forest and Stream Club Road were given a surprise 25th Wedding Anniversary party by their daughters and their families: Mr. and Mrs. Walter McWilliams and their three foster children of Mt. Airy, Mr. and Mrs. Hermann Schott and Martha of Starnes's Dam and Mr. and Mrs. Newell Devilliss and Jeffrey of New Windsor. ## FRIZZELLBURG

Spring is not too far off. Some of our folks report hearing Spring birds singing and wild geese flying North.

We extend our heart-felt sympathy to the family of Sterling Bixler who met a tragic death while operating a tractor along a stream in an effort to clean the snow from the bank. The tractor slid into the stream and upset. Sterling was pinned beneath the machine in about 2 ft. of water and was drowned. We often ask why such things will happen.

Mr. and Mrs. Robert Coleson of Westminster; Mr. and Mrs. Harry Berwager of Hanover, Pa., were Sunday visitors at the home of Mr. and Mrs. John Berwager and family.

A number of our children are home from school with the virus. At this time Brenda Haines is suffering with Bronchitis.

Mrs. May Cashman spent Sunday with her son and daughter-in-law, Mr. and Mrs. Edmond Cashman, Baltimore.

A very pretty wedding was solemnized in Emmanuel (Baust) Church on Sunday afternoon when Fay Bare, daughter of Mr. and Mrs. David Bare and Kenneth Frock, son of Mr. and Mrs. Sterling Frock, were united in marriage by the bride's Pastor, Rev. Robert V. Johnson. Mrs. Virginia Smith was the soloist with Mrs. Denton Wantz at the organ. A reception was held in the parish house. The bride and groom will spend their honeymoon in Florida, and after their return they will reside at East Green St., Westminster. We wish for this happy couple a long and pleasant wedded life.

When good friends walk beside us . . . On the trails that we must keep . . . Our burdens seem less heavy . . . And the hills are not so steep . . . The weary miles pass swiftly . . . Taken in a joyous stride . . . And all the world seems brighter . . . When friends walk by our side.

About a month ago a car accident happened on the New Windsor Rd. leading to Westminster above the Wakefield Church. When we stopped we turned around at the lane that goes up back the church. A billboard was found at the entrance of this lane, it contained no money but two pictures of a boy of about 12 or 14 and one of a boy 6 or 7 years. There were no names so I don't know who it belongs to. If any little boy or girl can identify it they can get it from the above correspondent. Our phone No. is PL 6-4763. This should have been done before but it slipped my mind.

Visitors in the home of Mr. and Mrs. Claude Selby were, Mr. and Mrs. Charles Adkins and children and Mrs. Russell Adkins.

A correction in Mrs. Grace Smith's address, it is 2211 W. Rodgers Ave., Baltimore, (9), Md., instead of 2511 as stated in last week's column.

## A VOICE FROM CARROLL

Some weeks ago in this column we expressed the desire to learn how the car perched on a mountain top used for advertising a popular make of car ever got on the mountain since there were no roads of any kind. This week we received the answer from a reader from Ohio. He sent me the magazine "Friends" in which was explained that Chevrolet's advertising agency hired a twin-rotor cargo helicopter for the job, then they found that atmospheric conditions on top of Castle Rock mountain reduced the copters capacity to 1,000 lbs. The car had to be flown in sections. Strong cross-winds and a hot sun added to the difficulty, but with luck and ingenuity, the 16-man crew, including mechanics, directors, pilots, photographers and one model . . . made the film and brought the car back from the mountain in just five days. Incidentally the model was Shirley Rumsey and she had a beautiful tan from her exposure on Castle Rock. Many TV viewers must have wondered just like we did how it was possible to put a car and a girl on top of a pinnacle where even eagles would have a difficult time finding landing space. Not once did we think of helicopters. Did you?

Are we as civilized as we think we are? No, we are not, for this past week the citizens of Maryland were disclosed to the world as people who try to settle differences of opinion with clubs and dogs instead of compromise and reason. We should have learned the lesson of two violent wars that violence begets violence, but we still insist on using our emotions instead of our logic. It's the easiest way but not the best way. The events on the Eastern Shore are placing Maryland in the same focus before the eyes of the world as Alabama and Mississippi? Does our beautiful State deserve that? Just because we do not live on the Eastern Shore does not excuse our own responsibility in this grave matter. The old saying, "Silence gives consent," holds true when you disagree with events but say nothing. Public opinion can be as strong as a tornado and equally effective, but silence and fear can be as deadly as an undetected virus.

The English Beatles have come and gone but have left behind all sorts of controversy. We have noticed that the young love them; the twenties can tolerate them but anyone older has very unkind words for them. We find them amusing because we can recall our own youth when we had some strange fads and fancies which almost drove our parents crazy. The Beatles are a fad of the young. Let them enjoy the group without criticism because next year it will be a new fad. Furthermore music in any form is good. And if the young wish to scream and get rid of some of their energy why make such a big production of it? And as for the Beatle's hair style, it isn't one bit more outlandish than when our youthful heroes wore their hair parted down the middle and plastered on both sides with that greasy kid stuff. So, you see, it's all in the point of view.

Isobel I. Royer, professor of biology at Western Maryland College, who recently was visiting professor at the University of Hue, Vietnam returned home after a year of teaching there, convinced of sharing our system of education with undeveloped countries to help these countries develop their resources and become politically stable. Miss Royer is firmly convinced that, in spite of all its faults, our system of education which provides equal opportunities for success for those who have the ability and apply themselves and which emphasizes understanding and not just rote memory is the superior one, not just for us, but also for undeveloped countries that are struggling to attain better living conditions. It is nice to

hear kind words for our educational system once every so rarely since most people look for the flaws in it and not the good points. We believe that persons like Miss Royer, teaching in other countries will do our educational system a great service by learning by actual experience its short-comings and its great potentials in relation to helping all peoples to a better tomorrow.

A friend from Penna. sent me the following human interest story: When a young mother got on a local bus with her small son, the driver automatically asked the customary question, "Not over five?" (the age limit for riding without paying a fare). "No," she said firmly. Whereupon Junior, as you might know, stopped dead in his tracks and protested loudly, "I'm not five, Mommy, I'm six." Hearing the burst of laughter that followed and seeing the young woman turn brilliant red, the chivalrous driver turned to the boy, gently patted him on the head, and said for all to hear, "Quiet, Sonny, your mom knows how old you are better than you do."

Miss Tammy Davis, the sixteen year old track star from Frederick, Md., smashed the in-door 50-yard hurdles record by three tenths of a second, bringing the mark down to 6.4 in the Sunpapers All-Eastern indoor games at the Civic Center, Baltimore, last Saturday night.

They had been married for five months and the period of adjusting had set in. One evening after the usual not-too-interesting dinner the young husband blew his top and expressed his ill-humor in no uncertain words. After the verbal explosion, his wife walked over to him, held up her hand to show him her wedding ring and calmly said: "Remember dear, that I am always on your side."

Three things that never come back . . . the spoken word . . . the past life . . . the neglected opportunity.

RUTH ROELKE

## What Is A Good News Club?

An open letter to Mrs. Ruth Roelke, correspondent for the Carroll Record. Dear Mrs. Roelke,

As one of the four teachers in the Taneytown area, I would like to take this opportunity to enlighten you concerning the Good News Club, about which you recently wrote in your column. We are happy to know of your interest and hope you will visit one of our meetings in the near future.

The Good News Club is a weekly Bible teaching class for boys and girls, sponsored by Child Evangelism Fellowship International, with the purpose of supplementing Sunday School teaching and making known the "good news" that Christ not only died for adults, but is just as interested in boys and girls. As we meet, we seek to instill in boys and girls the importance of learning to know Christ as Saviour and friend while they are young, and then instructing them in Christian growth. We seek to teach them by visual aid that the Bible characters we read about were people just like us, with the same temptations and sorrows and joys that we experience, and how God was ever present with them to help and give courage.

Usually our lessons are taught in a series of 6 weeks study on one character, such as David, whom we are currently studying; or we may have a 12-week series on the life of Christ, or the apostle Paul, or on Learning to Grow the Bible Way, another current series. Our meetings are usually held after school beginning October 1 and continuing through April.

Since our clubs are made up of boys and girls from many denominations, we do not attempt to teach church doctrine, but keep our lessons simple and to the point, remembering that we are dealing with children and not adults. We have had many favorable comments from parents of the boys and girls concerning their knowledge of the word of God. Sunday School teachers have also been impressed with what their scholars have learned in Good News Club.

As teachers, we try to make our time together as interesting and profitable as possible with gospel singing, Bible memory work, quizzes on the Bible lessons, missionary emphasis and even parties for special occasions. Our meetings are never closed to parents—we invite them to visit whenever they can. If we are extended an invitation, we are glad to provide an evening program for any interested church.

Yes, Mrs. Roelke, we're happy to be associated with the Good News Club, and if we can help boys and girls become ambassadors for Christ in these difficult days, then we have been richly rewarded.

Sincerely,

Mrs. Kenneth Nusbaum.

## 4-H AUTO PROGRAM TO ROLL

Can you change a flat tire if you were caught out on the road? One of the goals of the 4-H Automotive Program this year is to have everyone learn how to safely change an automobile tire. The meetings will run from 7:30-9:00 P. M. with the first two sessions being held at the County Office Building, Westminster, and the third at a local tire dealer's.

## THE WAY I SEE IT . . .

Observations on the World of Sports

There may be one or two dissatisfied people connected with the Kansas City Athletics but Jim Gentile is not one of them. Jim is the muscular first baseman whom the A's acquired this winter from the Baltimore Orioles. The A's gave Norm Siebern for Gentile and Baltimore put a little icing on the cake, \$25,000 to be exact. Gentile has been rated a formidable long-ball man for years, although the smart pitchers usually are able to handle him in the tight spots. He is something of a specialist in grand slam home runs, although last year he seemed to specialize in striking out.

Jim recently signed his contract with Kansas City and was happy about the terms, and also over the fact that he considers the ball park there better suited for him than Baltimore. Gentile said, "I've always hit well in Kansas City, except for last year when I didn't hit anywhere. The Kansas City ball park is good for a hitter. The background is good and the ball carries well."

Discussing the Baltimore park, Gentile said: "At Baltimore if you hit a long ball into 'Death Valley' in right center or left center it simply died. In Baltimore the outfielders would give you the foul lines and play in left center and right center. In Kansas City they can't do that. They'll have to play me normally there." Looking back to last season when he batted only .248 with 24 home runs batted in, Gentile mentioned the fact that the fans in Baltimore were on him most of the season. He said he didn't resent that too much but would not say it didn't bother him. Here is Jim's opinion of that familiar part of big league baseball: "They say that booing never bothered guys like Stan Musial and Willie Mays. That may be so because they never got very long without getting a hit. The rest of us are just scrambling. When you're not hitting it's pretty tough."

This reporter asked Jim if he held any grudge against the Orioles and would try extra hard to hit against them? Jim said no, but naturally he would like to get that "extra hit" against the Birds. You mark my words, the first time that Gentile wins a ball game for the A's with a homer (and he will at least once during the season) against the Orioles, the Baltimore fans will yell bloody murder and say that the Orioles made a bum deal when they traded "Diamond Jim" away. Gentile will return to "Haunt" the Orioles probably many times during the coming season. But one thing that Jim told us was that if he had a good year with the Athletics, the Orioles management told him that they would make every effort to get him back next year in a trade. Time will tell.

Dick Ellsworth, Chicago Cub southpaw, has dusted off Billy Loes' old gag and gone one better. When Billy was entertaining the customers at Ebbets field in Brooklyn when the Dodgers held forth, there he always claimed it was silly for a pitcher to win 20 games. He claimed that if you did it one year they expected you to do it again the following season. Ellsworth did win 20 in 1963, in fact he won 22 games while losing only ten. It was the greatest number of games won by a Cub southpaw in more than 40 years.

As a result of that, Dick insists his friends are demanding he win 25 or 30 this year. Ellsworth will settle for 22 again and it's a cinch the Cubs will also. Ellsworth gives a lot of credit to his teammates, whom he says worked wonders for him both in the field and at the bat. He says certain other Cub pitchers — Larry Jackson and Bob Buhl, to name two — were not so fortunate. Dick claims they were much better than their records, 14 and 18 for Jackson and eleven and 14 for Buhl, but were unlucky in many games.

However, despite his modesty, the record book hints that with a little bit of luck Ellsworth might have won 25 games instead of 22 last year. On four occasions the Cubs did not score a run for him and two of those losses were by a score of 1 to 0. In his ten losing games he surrendered more than three runs only three times. Ellsworth was hit hard only twice all year. Once was against Pittsburgh where the ball grew eyes for one afternoon and ordinary grounders eluded the Cub infielders. The other time was in a game against the Los Angeles Dodgers, won by the Dodgers, eleven to eight. Ellsworth was pounded out of the box in that game but he had distinguished company. Sandy Koufax was also.

**REMEMBER WHEN DEPT.** — The "rookie-of-the-year" in the International league in 1955 at Rochester and later traded to the Giants for Al Dark in 1956 was Jackie Brandt.

**TODAY'S SPORT LAUGH** — Because of an injury, New York Yankee pitcher, Bud Lemon, hurled one-one inning last season. He figures that fact will help him get "comeback of the year" honors this year. Daley explains: "All I have to do is pitch two innings and I'll be twice as good as last year."

— JOHN BRETH.

**MEETING OF PAST CHIEFS CLUB** — Miss Grace Hahn entertained the Pythian Sisters Past Chief Club at her home on Tuesday night. The meeting opened by singing "The Old Rugged Cross." The 100th Psalm was read by the hostess. All repeated the Lord's Prayer in unison. Roll call was answered by 16 members; several guests were also present. Five members having birthdays in March were each given a gift from the Club. District Deputy Mrs. Thurston Putman thanked the Club for her lovely gift. Mrs. Virgie Ohler also thanked the Club for the shower given her. Guess box was given by Mrs. Virgie Ohler and won by Miss Grace Hahn. Door prize was given by the hostess and won by Mrs. Fred Shank. Meeting adjourned by singing "Columbia the Gem of the Ocean," followed by the benediction. Delicious refreshments were served by the hostess. Next meeting will be held at the home of Mrs. John Harmon at 8 P.M.

## SCOUTS TO COLLECT PAPER SATURDAY IN TANEYTOWN

The second 1964 drive for rags, magazines and newspapers will be made Saturday, March 7th, by Boy Scouts of Troop 348, Taneytown, who are under the sponsorship of Hesson-Snyder Post 120 of The American Legion. Bundles securely tied are urgently requested and much appreciated, especially in windy weather, contributing to the speed and successful carrying out of the collection in the short time available. Scouts gladly pick up, however, from garret or basement if their attention is called to such need while the drive is in progress.

Besides Taneytown itself, the roads to Mayberry, Copperville, Crouse's Mill, Keymar (as far as the Keysville cut-off), Bridgeport, and the Baptist Road as far as Starner's Dam will also be covered. Should bad weather force postponement, a new date will be chosen and publicly announced.

## Program Highlights

The Flaming Arrow patrol led by Thomas West, with Samuel Fleming as assistant and consisting of patrol members Brett Feagle, Richard Greene, Jack Howarth, Robert Howarth, Harold Wantz and James West, was awarded a prize trip to Clipper-Bear ice hockey game for having placed first in the 1963 patrol contest. Also eligible because of having been assistant in that patrol until formation of the new Eagle patrol was Robert Miller, Eagle leader, but he could not attend on this occasion.

The second-ranking patrol, the Foxes, were also permitted to participate at half price, namely James Frock, patrol leader; Philip Martin, assistant, and patrol members Ricky Airing, Paul Althoff, Robert Eckert, Edward Thompson and Richard Tracey. Transportation was provided by Mr. and Mrs. Edward M. Howarth, Mr. and Mrs. Wilbur O. Thomas, and Assistant Scoutmaster G. Samuel Bower.

At the February Board of Review conducted by Chairman Francis E. Lookingbill, assisted by Troop Committeemen Clarence A. Harner and Robert F. Wantz, Douglas Dayhoff and Tracey were advanced to Second Class rank, while Airing and Althoff attained the honor of First Class Scout. Merit badges in their chosen subjects have been earned by Airing (Animal Industry, Citizenship in the Home, and Fishing), Eckert (Pigeon raising), Feagle (Agriculture and Beef production), Frock (Citizenship in the Home, Personal Finances, and Pets), and Martin (Painting).

Twenty Scouts and leaders attended in a body for Scout Sunday the services at Trinity Evangelical Lutheran Church in Taneytown, where the Rev. Howard W. Miller is pastor. Besides them, five Scouts were present in uniform at their own services, and two of the group attended both.

Scoutmaster Wilbur O. Thomas was a guest of Cubmaster Myron R. Tracey at the Blue and Gold Dinner of Pack 718 in St. Joseph's Roman Catholic Parish Hall February 27 and brought greetings to boys about to graduate from Cub Scouting. A cordial invitation is extended to them to continue their Scouting with Boy Scout Troop 348, which meets Thursdays at 7:00 P.M.

The troop's own Open House for new boys during Scout week went off successfully, attracting some 10 boys, parents and visitors for a special program of Scouting contests and games conducted by Assistant Scoutmaster Bower. Stanley F. Frock, Adviser of Explorer Post 84, Littlestown, Pa., showed slides of a Canadian canoe trip, and refreshments were served by the Green-Bar leaders' council.

Meeting themes since the last report have included knot tying, Morse signaling by buzzer, First Aid bandages and poisoning, measuring for Second Class, and Semaphore signaling by flag; while the game schedule called for Crosses in the circle, British bulldog, ball-passing "mounted" football (a creation of Eagle assistant patrol leader Donald Hahn), and steal the bacon.

Patrol hikes were taken by the Foxes and also by the Raccoons, the latter patrol now led by Airing, with Althoff as assistant. Patrol contest standings are: Foxes 111, Raccoons 104, Flaming Arrows 61, Panthers 54, Eagles 53, and Leaders 44. A nice job of cleaning up the equipment closet has been done by Airing and Althoff, the former also acting as troop quartermaster. A tryout for troop bugler is being made by Michael McKinney. New handbooks for learning their Tenderfoot test have been issued to Jack Alexander,

## Steps to Faith

Lesson for March 8, 1964

Background Scripture: John 9:1-41.  
Devotional Reading: 1 John 1:5 to 2:6.

**NOBODY KNOWS** how many miracles Jesus performed during the few years between His baptism and His crucifixion. The writer of the Fourth Gospel says that the world could not contain the books that would have to be written if anyone tried to write up all that Jesus did.

John himself makes no effort to tell the whole story. The first three Gospels tell of many miracles; but the Fourth Gospel tells of the Fourth Gospel.

### A Man named Jesus

So, we are not going off on the wrong foot, but following the evangelist's example, if we take one of the simplest of these stories and see in it a picture of the way faith grows. In itself the story is indeed simple. The man whom Jesus cured must have been a well-known beggar, for the disciples knew he had been born blind. Jesus made "clay" out of spit and dust, put it on the man's eyes, told him to go to a certain pool and wash. The man washed as directed, and "came seeing." Just like that. The story of the miracle is told. But now begins the part (one of many aspects of this story) that brings us meanings, not simple facts. The particular meaning here now for us is the way this man advanced in faith. What did he think of Jesus? is the question. The ex-beggar's first thought about Jesus was just this: "The man called Jesus." Just a man with a name. But the next was: the man called Jesus had cured his blindness. That much the man knew. You may not think this was a very lofty faith, indeed you might argue that it was not faith at all. But it was. He knew Jesus had cured him.

### A prophet

A little later, the ex-beggar told the Pharisees (it really was none of their business, they only wanted to "get" Jesus somehow) that in his opinion Jesus was a prophet. This did not mean a soothsayer, a fortune-teller; it meant one who speaks God's truth, a Revealer. A prophet was like a window into the mind of God. Prophets were not supermen, they were quite ordinary men in fact. But they were self-emptying men, they let the Spirit of God have his way with them, they were sensitized to the will of God. Many have come only this far on the way to a full faith. But who shall call them unbelievers? Jesus did not denounce this man for coming short of the belief which the disciples of Jesus had towards him. He did not condemn him at all. So we should be slow about denying the name "Christian" or "believer" to men and women of our own time who think of Jesus simply as a teacher, first among teachers or even as one of many teachers. The Lord took this man where he was and helped him to a still higher faith.

### The one Lord

Jesus asked the man, finally, if he believed in the "Son of Man." You and I might not understand that question, but this man did. "Son of Man" was one of the common expressions meaning "Messiah" or "Christ," both of which words were never in the plural. There was to be only one Son of Man, in a class alone by himself. This was more than Prophet, for prophets were many. At its height, faith looks at Jesus not as a mere man, not even as one among other revealers of God, not even as the First Saint; but as God's "only begotten Son." God focussed in a single man, the meeting point of the human and the divine. So the man who had been blind, in more ways than one, has his eyes opened at last to what Jesus said he himself was: the Light of the World. And so he did what no man has a right to do to another man: he worshipped Jesus. His heart had found its home at last, in God.

## QUICK COVERUPS

Especially in a new garden there often is need for a plant to grow quickly and cover up an eyesore of some sort. The annual vines will do this so it's well to become acquainted with those which grow most rapidly.

Morning glories with white, pink, red or blue flowers are well known. Scarlet runner beans may have white or scarlet flowers and have edible beans. Cup and saucer vine has lavender-blue blooms. Climbing nasturtiums have yellow or orange blossoms and cardinal climber has red ones. Take your choice.

## GOOD ENOUGH TO EAT

The petunia on the left is a pale, baby pink named Peppermint. That on the right is a scarlet and white called Strawberry Tart. Both of them have many blooms on mound-like plants.

Described as a "delicious visual dessert" is the petunia shown above on the right, a scarlet and white double multiflora named Strawberry Tart. And, on the left, is a light, baby pink double multiflora petunia named Peppermint. Don't you think they look good enough to eat?

Both of these petunias are first generation hybrids, sturdy and floriferous. Both have flowers about 2½ inches across. However, Strawberry Tart is an exceptionally dwarf petunia, of its type and grows only 10 inches high and about the same in width. For this reason it is especially useful growing in pots or used as an edging for a driveway, path or flower bed.

Peppermint, on the other hand, grows to 18 inches in diameter, with the profusion of fluffy flowers almost hiding the foliage of the mound-like plants. These grow a foot high. A solid bed of

Peppermint is a lovely sight.

It isn't only new petunias that bear names of luscious foods. There's a new flowering tobacco or nicotiana named Lime Sherbet; a single-flowered multiflora petunia called Peaches N' Cream. A new strain of galliardias is called Lollipop, a verbena Candystripe; and a mixture of white with pink and red shades of bachelor buttons is named Pink Julep.

Do you think that the gardener who plants these new flowers in his garden this year might be said to have exceptionally good taste?

## In Our Time

AMERICANS USE ABOUT 65 BILLION GALLONS OF GASOLINE A YEAR, TO MEET THIS CONSTANTLY GROWING DEMAND, OIL SCIENTISTS HAVE LEARNED TO "SQUEEZE" MORE AND MORE GASOLINE FROM CRUDE OIL.

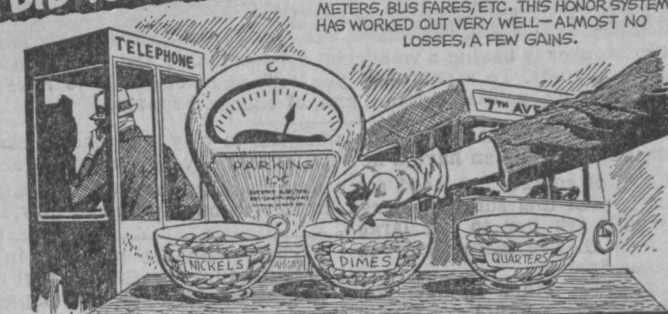

FOR EXAMPLE, IN 1920 WHEN A BARREL OF OIL WENT INTO A REFINERY, ONLY 26 PERCENT OF IT CAME OUT AS GASOLINE.

TODAY THE AVERAGE GASOLINE YIELD IS UP TO NEARLY 45 PERCENT, WITH ONE MODERN REFINERY REPORTING A YIELD OF 90 PERCENT.

WITHOUT THESE TECHNOLOGICAL ADVANCES, THE NATION WOULD NEED 2.5 BILLION MORE BARRELS OF OIL PER YEAR TO MEET TODAY'S DEMAND FOR GASOLINE.

## ANNAPOLIS REPORT

STATE SENATOR  
E. O. WEANT, JR.

**CRUELTY TO ANIMALS** — This bill, as originally introduced, Senate Bill 199, would have provided that any authorized representative of a State Chartered Humane Society, after having given prior written notice of the time and date, could visit and inspect the premises where any person is engaged in the business of buying, selling, trading or breeding dogs or the premises of any kennels where 25 or more dogs are kept. However, the bill was amended to except veterinarian hospitals and to provide that the representative of the Humane Society must be an authorized director and be accompanied by the sheriff or one of his deputies. The purpose of the inspection is to determine if there is inhuman treatment of dogs on the premises which is prohibited by law.

**MERIT SYSTEM** — Senate Bill 193 would provide that any employee who works more than 8 hours per day or 40 hours per week shall be compensated for the overtime at 1½ times his weekly pay.

**MERIT SYSTEM** — Senate Bill 194 would provide that sick leave for employees will be extended after 100 days accumulation and will be accumulated at the rate of 30 days per year with the provision that this extra sick leave must be converted to annual leave at the rate of 3 sick leave days for one annual leave day.

**REVENUE AND TAXES** — This bill, Senate Bill 156, provides that certain tools and implements would be exempted from State taxation. This bill was amended to include the exemption of agricultural equipment.

**FIREARMS** — Several bills have been introduced to regulate the sale and use of firearms. Various methods of registration of the sale, transfer and possession have been suggested. However, most of these seem to violate our Constitutional right to bear arms and would not keep firearms out of the hands of those who wish to use them illegally.

**RAFFLES** — House Bill 287 would repeal all sections of the Maryland Law which permits certain bingo, raffle, carnival and bazaar gaming and gambling operations in the State of Maryland.

**MOTOR VEHICLES** — A bill was introduced in the House of Delegates which would provide that every person applying for a motor vehicle driver's license in Maryland would be required to complete a satisfactory driver education course. A State Driving School would be established along with the continuation of driving programs in the public schools. It is proposed that the State Driving

School would be self-sufficient, the courses being paid by the students.

**VETERANS BONUS** — House Bill 325 was introduced on February 24, the last day for the introduction of bills, to authorize a State bond issue of \$60,000,000 to pay a bonus to veterans and to finance payments by increasing the tax on alcoholic beverages. This seems to be much the same bill that has been defeated from time to time in the past.

**DRIVERS LICENSES** — A bill was introduced to provide for the inclusion of a photograph of the operator on the operating license. Some felt that this requirement should be limited only to the photographs of the fairer sex.

**INCOME TAX** — In addition to the proposed 1% increase in our State Income Tax, a bill was introduced as House Bill 365 which would include capital gains in amounts subject to taxation and to permit the deduction of capital losses from these gains. The State Income Tax Law does not now require the capital gains tax, although our Federal Income Tax has this requirement.

**SCHOLARSHIPS** — At this writing, we understand that the Scholarship Bill which would have taken away from the students of Carroll County 28 scholarships to Western Maryland College has been killed. The law now provides for 2 scholarships for each Election District of Carroll County to be awarded to Western Maryland by the Board of Education. The current legislation would have abolished these scholarships and would have provided for less scholarships, though possibly of more monetary value.

By the time this column is published the Maryland General Assembly will probably have adjourned or will be very close to doing so. Although this has been the so-called "Short Session," over 200 bills were introduced in the Senate and over 375 introduced in the House. There being only 30 days in this Session, some of which were Sundays, it can easily be seen that it is humanly impossible to give careful consideration to all of the proposed matters. It is hoped that changes in the procedures of the General Assembly which were recommended during the current Session will help alleviate this problem and allow more careful consideration to be given to the matters at hand. Next week we will attempt to summarize some of the more important matters that were passed by the Legislature.

E. O. Weant, Jr.,  
State Senator for  
Carroll County.

## PEANUT PUPPETS.

Christopher is having a wonderful time—making and playing with peanut puppets. To make them yourself, you need only to have a pen, black ink, pointed scissors and, of course, peanuts.

Finger puppets made of peanuts are fun to play with and so easy to make that you can have a new set of them every time you want. First, of course, you need some peanuts. You can grow these in your garden this summer or ask Mother to buy you some now. If she will, ask her to get large ones as they're more likely to fit your fingers.

The only other things you need besides peanuts are a pair of sharp-pointed scissors, a pen and some black ink. The deep black kind called India ink shows up best on the peanuts, but it won't wash out if you get spots on your clothes.

When you have these few things all together, put them on a piece of newspaper on a table and begin to make a puppet by choosing a nice big peanut. One of its two parts will be "fatter" than the other.

With the tip of the scissors cut off the tip of the thinner part of the peanut and keep snipping, just a tiny bit at a time, until the hole is large enough so the peanut can be slipped onto one of your fingertips.

Then, with the pen and ink, draw features on the top part of the peanut. If you want a puppet to be smiling, curve the mouth upwards. One might have round, wide open eyes; another might be sleeping. Still another could be frowning—a few lines across the "forehead" will show that.

By pasting a pair of paper ears on a peanut and drawing a face with whiskers, you can make a rabbit puppet. Or you can wrap a tiny piece of red cloth around the head of a puppet and call her Little Red Riding Hood.

There's no end to the kinds of faces you can make on peanut puppets. Nor is there any end to the fun you can have making puppets on the fingers of one hand bow or curtsy to those on the fingers of the other.

### WITH THE ARMED FORCES

**SCHOFIELD BARRACKS, HAWAII (AHTNC)** — Army Sgt. Philip E. Kauffman, son of Mr. and Mrs. Ralph Kauffman, Route 4, Westminster Md., and other members of the 25th Division's 35th Infantry, are participating in Exercise HIGH TOP II, a five-week field training maneuver in Hawaii. The exercise is scheduled to end March 6th.

The men of the division moved from the Island of Oahu to the rugged lava beds of the volcano Mauna Loa, on the Island of Hawaii, for the live-fire and combined arms training exercises.

Sergeant Kauffman, a forward observer in Headquarters Company of the 35th Infantry's 2d Battalion at Schofield Barracks, entered the Army in September 1961.

The 24-year-old soldier is a 1958 graduate of Westminster H. S.
