## Letters We Like To Receive

Dear Sir:  
We are strangers, and yet I feel I know you—and have decided to send on to you this little note.

Probably this will help introduce me. I, and my husband, board our horses with Mr. and Mrs. Lester Baust, who, along with their folks before, have been subscribing to "The Taneytown Carroll Record" for 60 years. They are well-known, I gather, as they lived so near Taneytown for many years before moving up here. Now I—never knowing or even seeing Taneytown, have listened to their many stories and I, too, found myself looking forward to their "Taneytown" paper arriving—and we read it together and so you can see how I came to love Taneytown.

You're wondering what all this is for?

Well, June 17, our lovely little Apalooosa mare, "Little Mohe," foaled a darling filly; and in honor of our friends we've decided to call her "Taneytown Carol."

These Bausts are wonderful friends, and I know they'd be so happy if you'd find a spot in your heart and paper for a small "writing." This I have done, hoping to surprise them, if it could really happen. So, please... surprise them. They are on in years, and are still very proud of this little town and paper.

I am, very sincerely,  
Mrs. Winfield F. Korn,  
4234 Lawnside Road,  
Philadelphia 14, Pa.

P.S. Their address is Mr. and Mrs. L. Baust, 3155 Richlieu Road, Cornwells Heights, Pa.

(If our local Chamber of Commerce would have an "Honorary Membership" Roster we feel that the above folks are eligible for this honor and we would highly recommend them for membership—seldom do we hear of an endorsement such as this, for Taneytown. —Editor.)

Dear Sir:  
I am enclosing \$2.00 for your paper, The Carroll Record, for 1 year due July 5, 1964. We have been getting this paper for over 60 years and do not want to be without it.

As ever,  
Edw. M. Wantz,  
Westminster, Md.

Dear Editor:  
Enclosed please find my check for \$4.00 for two 1-year subscriptions to "The Carroll Record," your fine paper. I would like one sent to a lady who is in her early eighties. She lived in our town when her father was our minister in Virginia. When I was a little girl, she was my Sunday School teacher and music teacher. She likes your paper very much. I am subscribing to it for her for her birthday which is July 29.

The other lady was a neighbor more than sixty years ago. She was very kind to me then. She, too, likes your paper very much.

## MAYOR AND CITY COUNCIL MEET

Due to vacation time, the regular July meeting of the Mayor and City Council was held on Monday evening, June 29, at 7:30 P. M. in the Town Hall. All members were present for the meeting.

Officer Boone reported 29 Warnings and 19 Parking Violations.

The Clerk-Treasurer reported a balance of \$15,005.61 in the General Account and \$5,222.18 in the Parking Meter Fund.

After the transaction of all old business, incumbent Delmont Koons and newly elected George Hemler were sworn into office as Councilmen for 3 year terms. The Council reorganized for the coming year of '64-'65 with Neal Powell being reelected President of the Council. Other appointments were made as follows: Town Clerk, Henry Reinhold; Superintendent of Utilities, Carol Frock; City Attorney, Stanford Hoff; and News Reporter, George Naylor, Jr. The City Policeman, James Boone, Sr., was retained as town officer.

Town Committees were appointed as follows: Street Lighting Committee, Mayor Raymond Perry; Sewer and Water, Glenn Bollinger, Chairman; George Hemler, Snow Removal, Delmont Koons, Chairman; Glenn Bollinger, Town Officer; Weed Control, Neal Powell, Chairman, and George Hemler; Street Committee, George Naylor, Jr., Chairman, and Delmont Koons; Public Relations, Neal Powell, Chairman, and George Naylor, Jr.

The citizenry is reminded that when problems arise to contact the appropriate committees so that proper action may be taken.

A delegation of Jaycees consisting of Mary Alice Myers, Barbara Baumgardner and Carleen Skiles appeared before Council to present information regarding a Proposed Swimming Pool Project for the Taneytown area. The Mayor and City Council voiced their approval of this worthwhile goal and will help in any way possible to make this a reality.

Councilman Naylor and Mayor Perry reported on the recent Conference of the Maryland Municipal League held in Ocean City June 6-9, 1964.

Action was taken to paint the outside of the Municipal Building.

At the recent town election, the question — "whether or not one who resides outside of the Corporate Limits of Taneytown should be permitted to vote in the City election by reason of ownership of a business or real estate located in the city" came up. The following excerpt is quoted from a letter as received from the Municipal Technical Advisory Service, Bureau of Governmental Research, University of Maryland, College Park:

"In regard to your question concerning the registration for voting of persons who do not reside within the City, your charter specifically provides that persons must reside within the city limits in order to be eligible for registration as a qualified voter. Voting rights are traditionally associated with place of residence. As you may recall, the question of property qualifications was discussed with respect to voting requirements in your charter, and it was decided that no property qualifications would be included. In this respect should a person owning property have more rights than a person who does not? Perhaps a person residing in the county owns property in several cities; should he have a vote in each city? If he lives in Westminster and owns property in Taneytown can he vote in both places? If a partnership or corporation owns property in a town, are the principles or stockholders eligible for voting in that town regardless of place of residence? If they are, several million more persons could vote in Detroit than currently do so! A person who owns property in Taneytown has a financial interest in the city; this may be in the form of rents, anticipated gain through sale of property, or in the form of income through the operation of a business. In any of these cases, however, he is receiving or expects to derive income through such ownership which is not wholly different from the person who lives outside the city and derives his income by merely working inside the city. Payment of property taxes does not constitute the right to vote any more than payment of income taxes to another State would give you the right to vote in two States. In summary, we feel your current charter provisions are appropriate."

The meeting adjourned at 11:15 P. M.

The announcement of Mrs. Stonesifer's appointment was made Sunday, June 28, at a meeting of parents interested in enrolling their four and five-year-old children in the proposed kindergarten by the Christian Day Kindergarten Steering Committee. The meeting took place in the adult Sunday school room of the church.

Mrs. Stonesifer recently retired from public school teaching after serving for 29 years in Carroll County; 26 of these years were spent in the Taneytown District. Brochures and application forms may be secured from Pastor Howard Miller at the parsonage or church office of Trinity Lutheran Church. Completed forms should be returned by July 15, 1964 for children of members of the congregation; completed forms will be accepted July 10 from the community. All forms may be returned to Mrs. John M. ## Fireworks Can Damage Eyesight

"Permanently impaired vision or loss of sight are often the result of fireworks eye injuries," Dr. Hoover, President of the Maryland Society for Prevention of Blindness, stated in a Fourth of July warning issued recently.

A marked reduction in the number of eye injuries due to fireworks has been observed nationally as almost all states have enacted legislation controlling their sale and use, according to this Community Chest agency.

Violations of both state and federal law are responsible for the accidents now occurring," Dr. Hoover explained. He urged parents to guard their children against such tragedy by observing and supporting the state and federal safety regulations governing fireworks.

## SPECIAL MEETING OF CARROLL COUNTY BOARD OF EDUCATION

A special meeting of the Board of Education of Carroll County was held at 1:00 P. M. on Tuesday, June 30. The meeting was called for the purpose of discussing next steps in the planning of the proposed southern high school. Members of the Board of County Commissioners attended the meeting.

The Board heard an explanation of the features to be included in the new high school presently planned for the accommodation of between 800 and 1,000 pupils. Representatives of the architects, Good, Long & Associates of Harrisburg, Pa., attended the meeting and presented studies and sketches related to the facilities to be included. These facilities briefly were enumerated to include regular classrooms, science and language laboratories, business education and business machines, automotive repairs, machine tools, wood and metal working, agriculture, home economics and selected vocational offerings for girls. It is hoped that the building may be planned so as to take advantage of the federal aid in the construction of the vocational facility along lines suggested by recent federal legislation.

Pupil activity areas include a large gymnasium with bleacher seating and stage, to be used also as an auditorium for groups up to 2,000. The smaller auditorium is planned for pupil assembly, visual aids, team teaching and other purposes. The estimated cost of the building was said to be approximately two million dollars.

Many questions were asked in connection with courses to be offered and facilities to be provided. The Superintendent was directed to carry on full planning as soon as possible with the architects and to bring to the Board more definite ideas with respect to the location of the building on the tract and the athletic field and parking facilities, as well as water supply and sewage disposal.

The County Commissioners assured the Board of Education of their willingness to support the building project and planning is to proceed as promptly as possible. It is expected that working drawings will be ready for bids by March 1, 1965, and that the building can be completed for occupancy in September, 1966.

Members of the Board of Education expressed themselves as extremely gratified to be permitted to plan the building which, it is hoped, will serve the secondary education needs for the southern part of the county for many years. The Board expressed its regret that delays in the project apparently made it impossible to assure completion before the beginning of the school year 1966-67. Further consideration and more definite planning is expected to be a part of the next regular meeting agenda.

Adjournment was at 2:30 P. M.

## PUBLIC DEBT GOES UP

The second vital matter the House considered was the increase in the debt ceiling (H.R. 11375). This is the authorization for the Secretary of the Treasury to sell more government bonds thereby raising the debt of the United States as represented by bond issue. Since I have been in Congress there have been 11 previous roll call votes on this question of increasing the national debt. Ten times out of the eleven I have opposed it. The one occasion I felt it justified was during the Berlin Crisis of 1961 when it was obviously necessary to borrow money that had not been anticipated because of the nature of that crisis.

This time I again voted not to increase the national debt. The action approved by the House will bring the debt to 324 billion dollars—an increase of 15 billion over the June 30 limit and an increase of 31 billion dollars since this Administration took office. I believe this growth in our national debt is not warranted by any aspect of our economy or our society and I shall continue to oppose it.

—Cong. Charles Mathias

## FIVE GENERATIONS

## 'SPICE 'N' EVERYTHING NICE' (Your Chatty Column)

With all my heart, I wish you every morning  
A smile that shall last until the next day's dawning.  
I wish you health—life's greatest wealth;  
I wish you always near so that I may help to cheer  
Each future day and in some way—help to bring you happiness!

The 4th of July! If you are a real American be sure and show your true colors by displaying the flag! If you do not have one, you still have time to purchase one, so hurry! No American household should ever be without our RED, WHITE and BLUE!

What a time with the chain stores and as to food! Well, folks when I saw the mob in each place or store for this Column, I was truly amazed. I had heard so many wives state, "Well, I won't go back to the chain store any more for I am perfectly satisfied where I am dealing now!"

People soon forget! Eh? As I stood there and watched and observed the crowds and the frightfully filled baskets, I just could not understand it for it appeared as though those people had not eaten since the stores had closed!

Such a sweet letter arrived from little Luci B. Johnson. She is truly such a real feminine girl and who does not like that! Also a letter from Mrs. Douglas MacArthur in reply to my letter.

Don't forget that big book is coming out by the General in September, published by McGraw-Hill and you and you will love every word of it.

Due to so many hot days, there are many who are having "air conditioners" installed and making themselves most comfortable right at home. One can take day trips and then return to their own comfortable bed at night and this means a lot.

There are so many good movies in town, too and all the theatres are fully air-conditioned. And thinking about theatres—the Stanton where once the Academy of Music stood is being opened as a theatre—doing away with the movies and that will please all Baltimoreans. We surely do need one good theatre in our city and not that Civic Centre. The buildings of the Civic Center and the Charles Center are truly eye sores! Why-oh-why, something beautiful was not built right there is beyond me. The Charles Center looks like a big chocolate box and the Charles Center has no beauty at all either. From what I have heard there will be the finest shows at the Stanton. Something to look forward!

Don't forget, Mrs. Housewife, make your meals c o o l this hot Summer. Always have juices in the refrigerator (especially lemon) for the guests when they arrive to make a call. Don't forget the postman and when he is due at the hour, have a cold drink ready for him.

Did you know that the Mill End Co. will make your draperies free if you purchase the material from them? I think eventually all the stores will be doing just that.

What a surprise the other day to receive a card from my brother who had been in the Navy, crossing the sea 11 times during World War I, taking the soldiers over and bringing the wounded back and it was a photo taken from the Northern Pacific of the U.S.S. Liviathan, formerly Vatterland German vessel, taken over by the U.S.S. Great Northern Sister Ship of the Northern Pacific! That meant thrills and more thrills and chills!

Have a grand week-end, folks. Have a nice family affair on your own lawn. Don't drive unless you really must do so. Play safe this 4th all around! Until next week-end D. V.

I am,  
Faithfully,  
YOUR OBSERVER.

## NEW POST OFFICE FOR NEW WINDSOR

Plans to acquire a new post office in New Windsor, Maryland, were announced today by Postmaster General John A. Gronouski.

"The new building," Mr. Gronouski said, "is designed to carry out the Post Office Department's objective of a more efficient postal service combined with improved working conditions for our employees."

"President Johnson has asked us to exercise frugality in conducting our governmental operations, and we are doing so. New construction, therefore, is being authorized only when it is demonstrated that the need is urgent and no other alternative is available."

The alternatives, Mr. Gronouski explained, would involve remodeling of the existing building or moving into other suitable quarters in the same community.

The building in New Windsor will be located on the North side of Maple Avenue, approximately 175 feet East of High Street. Preliminary plans call for 12,500 square feet of floor space, with ample area for parking and movement of postal vehicles.

The Postmaster General said the building will be constructed under the Department's Lease Construction program, with the government's capital investment limited to postal equipment. While leased to the Government, the building will remain under private ownership and the owner will pay local real estate taxes. Plans and specifications for the new building, as well as bidding forms and other pertinent data, will be made available to prospective bidders at an early date, at which time the Department will advertise for bids. The site option will be assigned to the successful bidder, who will purchase the land, construct the building and lease it to the Department. Postal space in the present building will be available for other purposes.

Books teach us very little of the world.—Oliver Goldsmith.

THURSDAY, JULY 2, 1964

### FOURTH OF JULY

The traditional Fourth of July our fathers and their fathers knew has largely gone from the land. Fireworks, save for organized, licensed displays, have been widely outlawed on grounds of safety. With them have gone the orations, once commonly held in town squares and fairgrounds in which leaders in government and enterprise paid their tributes to those who founded the nation, and who gave us the powers of mind and spirit which made possible the maintenance of our freedoms and the creation of material abundance.

These orators, needless to say, were often naive and flamboyant. But still, there was a profound merit in what they said and meant no matter how inept the choice of words might have been. They did paint a picture of the American ideal, the American philosophy, the American tradition. And even those who stayed but briefly to hear them felt stirrings of pride in our heritage.

All this is gone or generally so. The Fourth has become just one more holiday. And something vital, something that was at the heart of things, has gone out of American life.

It needs to be restored if we are to save this nation from lethargy and cynicism within, as well as from our enemies without. And it can be—if, on this and every Fourth, we give a quiet moment to reflecting on the values our forebearers bought for us with blood and treasure. We must determine to do all we can to defend those values and pass them on, untarnished, to our children and our children's children.

—Industrial News Review.

### "FACTS AND OPINIONS"

Henry Hazlitt writes in Newsweek: "A popular argument of the industrialization-at-any-cost advocates is that it is impossible to point to a purely agricultural country that is as wealthy as 'industrialized' countries. But this argument puts the cart before the horse. Once a dominantly agricultural economy becomes prosperous (as the early United States) it develops the capital to invest in domestic industries and therefore rapidly becomes a country of diversified production—both agricultural and industrial. It is diversified because it is prosperous rather than prosperous because it is diversified. It is the great superstition of economic planners everywhere that only they know exactly what commodities their country should produce and just how much of each. Their arrogance prevents them from recognizing that a system of free markets and free competition, in which everyone is free to invest his labor or capital in the direction that seems to him most profitable, must solve this problem infinitely better."

Export licenses are now required for shipments of foods and medicines to Cuba following attempts by the Castro regime to make a multimillion dollar purchase of prescription drugs from U.S. firms. The firms involved and the Pharmaceutical Manufacturers Association promptly reported this effort to the Department of State and Commerce. Analysis revealed that tenders for many of the wanted medicines were in excess of or inconsistent with needs.

From Public Service Magazine: "It is said of administrative law that no way has yet been discovered for carrying out modern governmental functions without the exercise of discretionary power. When discretionary power is granted to an administrative agency of government, there has been a delegation of legislative authority by the legislative body. Congress, in enacting laws, generally speaks in

broad terms. The interpretation of the law is left, largely, to the administrative agencies, which 'fill in the gaps.' As a result, a law as passed by the Congress is not the law which will confront the citizen on the street."

According to the Health Insurance Institute, insurance companies paid an average of \$5.6 million a day last year to insured persons to help them pay hospital bills. Including health insurance payments for other than hospital care, insurance companies distributed benefits of nearly \$4.2 billion in 1963, a 10.3 per cent increase over 1962.

Railroad passenger travel in 1963 was equivalent to a 98-mile trip for every person in the United States. To put it another way, the railroads produced some 18.5 billion passenger-miles of service—the equivalent of carrying 15,540 people from New York to San Francisco every day of the year.

The boating season is here again. And good manners and common sense can prevent most of the accidents that have marred past years. The American Medical Association offers some simple rules: Don't overload the boat; have life preservers for each occupant; don't stand up or change seats in a small boat while underway; keep a watchful eye out for other boats, swimmers and fishermen, and give all a comfortably wide berth.

Cash dividend payments by companies listed on the New York Stock Exchange topped \$5 billion during the first quarter of this year. That was an 8.8 per cent increase over disbursements made by the same companies in the equivalent period of 1963 and represented a new record. It also was the 22nd consecutive year in which first quarter dividends reached a new high.

Federal agencies spent \$113,700,000 in 1963 gathering and handling statistics.

### It pays to feed heifers, dry cows the Purina Way!

Grain feeding of heifers and dry cows is an accepted practice by leading dairymen. They do it to make more milk . . . and more money. Many report 1,000 pounds more milk during the next lactation when a dry cow is properly conditioned on Purina D & F Chow. You feed it according to body weight . . . a thousand-pound cow, for example, needs only 10 pounds a day. Purina D & F—full name, Dry and Freshening Chow—is specially designed to help build body condition, which later converts to low-cost milk. You'll find D & F in coarse or pellet form, whichever fits your feeding situation best.

Either way, it's one of the smartest feed buys on the market today. Ask for it by name—"Purina D & F"—at our Store.

Do you have the idea that those things we think of as convenience foods are more expensive to prepare than their old-fashioned counterparts? A recent USDA study showed that such things as instant coffee, frozen orange juice concentrate and cake mixes are actually less expensive than ground coffee, fresh orange juice and homemade cake.

Whether you're counting pennies or calories or food values, you can count on cottage cheese. Just three-quarters of a cup gives you about half the protein you need for an entire day, the Fairmont Food people remind us.

Ever wonder how much of the American food supply comes from abroad? Last year, 13 per cent of the total food supply used by civilians in the continental United States was imported. Coffee accounts for more than half the imports.

Americans are eating twice as much sausage today as they did just 20 years ago, according to Armour and Company. Franks, weiners and bologna lead the popularity parade, but with more than 100 varieties being marketed, it's not hard to find one for every taste.

Are you aware that vanilla ice cream and chicken have replaced apple pie and hamburger as the most popular American menu items? The abundance of low-priced broilers and fryers accounts for the latter replacement.

Speaking of chicken, the Shenandoah Valley Produce Company supplies us with some information on those inspection and grading marks that you see on so much poultry. They're two different operations, both carried on during slaughtering and processing. Inspection is required by law for all poultry in interstate commerce, to determine its wholesomeness. Poultry grading determines its level of quality and about half of all poultry sold is federally graded.

You may want to stock up on beef for the freezer in the near future. The number of cattle on feed January 1 was less than a year ago and prices may be expected to advance by March.

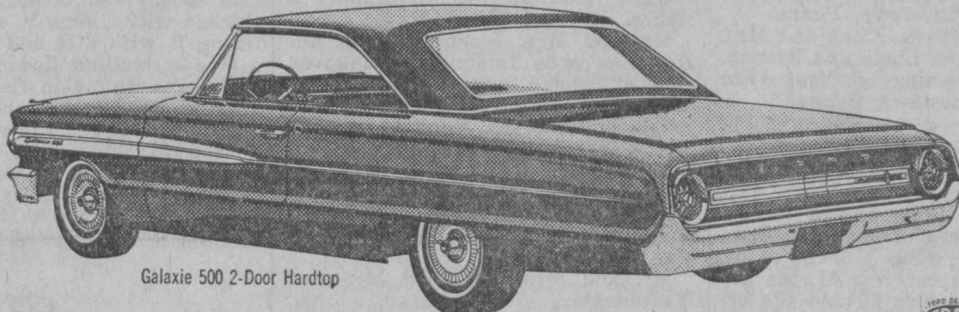

Potato processing operations continue to grow. One of the largest processors in the country, Ore-Ida Foods, Inc., says that only 73 per cent of today's potato crop is sold in its natural unprocessed state. Potato chips, frozen french fries and other frozen forms and dehydrated products take better than a quarter of the crop.

The National Cotton Council reports that more all-cotton stretch fabrics will be seen in ready-to-wear sportswear this year. A number of major manufacturers are featuring garments made of such fabrics in resort and summer lines.

It appears that 1963 was a record year for tree nuts. The crop of the four major edible nuts — almonds, filberts, walnuts and pecans — was estimated at 308,000 tons, 80 per cent higher than 1962 and 38 per cent higher than average.

### KEYSVILLE-DETOUR

Greetings to you:  
Congratulations to Mr. and Mrs. Melvin Baile of New Windsor upon the birth of a son, Anthony Bruce, on Thursday afternoon (25th). Mrs. Baile is the former Patricia Grimes of New Windsor. Anthony has a brother, Melvin, Jr., and a sister, Lisa. Happy Birthday wishes to Beth Wilhide on July 5.

Bible School at Keysville ended last Friday with a picnic. Each child and teacher brought a bag lunch and were treated to iced tea and an ice cream dixie cup with Mrs. Carroll Kiser, Mrs. Roy Baumgardner and Mrs. Eugene Glass serving on the Picnic Committee. Special thanks to them! With 71 enrolled there was an average attendance of 64. Thanks are extended to all those who took part in the School in any way and also to those who furnished transportation.

Another foster child for the Edward Coshun family of Redland near Detour, Newest member of the family is Miss Elizabeth Yox, who is 17.

New front porch and steps for the "Jimmy" Coshun's in Detour.

The new materials which will be used by Keysville Lutheran Sunday School starting with the fall quarter have arrived and were distributed to teachers on Sunday. This material will be used by children in the 3rd, 5th, 7th and 10th grades and by the adult groups.

Have you ever wondered . . . Why people build homes with big picture windows—presumably for light and air—and then put a lamp on a table or stand and sit it right "spank" in the middle of it? — Or why people who call columns such as this one "gossip" bother to read them? — And why they don't realize that these are like letters from home for "out-of-town"ers? — Also why so many people say "I can't" when asked to help with a project instead of "I'll try" when they have no other commitments?

Guest speaker at Keysville Lutheran Church on Sunday was Dr. Jacob Myers, who is Professor of Old Testament Studies at the Seminary in Gettysburg. He spoke of the steadfast love of God and took his text from Lamentations. Love is never complete, he said, until it is answered with love. God's love is always there and we are the beloved of God. How, he asked, do we respond? The altar flowers were lovely red carnations with white pom-poms and baby's breath.

Mrs. Lloyd Wilhide of Keysville and her daughter, Mrs. John Harner of Taneytown, were among those who attended a kitchen shower for her niece, Mary Ritter, daughter of Mr. and Mrs. Luther Ritter, in Littlestown on Saturday evening.

Flower Committee in July at the Keysville United Church of Christ will be Miss Miriam Doble, Mrs. Mildred Long and Mrs. Maude Eyley.

Flower Committee in July for Keysville Lutheran Church will be Mrs. Anna Haifley, Chairman; Miss Val Shorb, Mrs. Richard Ohler, Mrs. Carl Haines and Mrs. Marian Austin. Make an innocent statement and get some information! You may remember I mentioned the telephone number changing taking place recently in the Taneytown and Union Bridge areas? It seems this was necessary for better service; better equipment is now in use and this in turn will allow for the nationwide dialing service that is due the Westminster area mid-July of 1964. I'd like to add that having had my own telephone number changed, I can understand that side of the issue for it can be most inconvenient and a nuisance but I also know it doesn't last too long and then, too, the new directory will be delivered in July. That will be a big help. Also, I spent 3 1/2 years in the business office of the C&P Tel. Co. in Silver Spring entering at the time numbers were being changed from Shepherd and Silver Spring exchanges and four numbers to the Juniper exchanges and five numbers as well as the Wheaton area numbers to Lockwood. So you see I also know the other side of the issue (for many a "ruffled feather" I "smoothed" by explaining the very good reasons for the telephone number changes). So take the changes with a smile and you'll soon be reaping the benefits of the necessity for those changes.

Keysville Lutheran Church Women will meet on Monday, July 6, with Mrs. Thelma Schaffer and Mrs. Florence Blanchfield as the Leaders. Specials will be presented by Mrs. Valie Baumgardner and Mrs. Agnes Roop with Mrs. Cassie Wilhide, Mrs. Marian Coshun and Mrs. Marian Austin as the hostesses.

—Dharlys Fleharty.

Keysville-Detour Homemakers Club "Getting the Most Use Out of Porch or Terrace" was the program presented to the Keysville-Detour Homemakers Club on June 24 at the home of Mrs. Maynard Ausherman of Forest and Stream Club Road by the Home Furnishings Leaders, Mrs. Mae Baumgardner and Mrs. Robert Stine. Does your porch earn its keep? was the first thing mentioned, and some of the suggestions made were for children's play area, storage, eating and just plain relaxing. How to make a hanging basket for your porch was also shown and is made by forming chicken wire, lining it with moss and filling it with dirt and then planting a vine or trailing flower in it. It can be hung with nylon fishing line.

Eighteen members and four visitors answered roll call. It was decided to donate \$18.00 to the Terra Rubra Girls' 4-H Club to be used by a member to go to summer camp in Garrett County from August 15 to 22. There

was disappointment in missing a report about Rural Short Course by Mrs. David Watkins, who won the scholarship, but she was unable to attend due to a death in her family. Mrs. Reifsnider told of the graduates of "Short Course" having a luncheon every fall and asked the club members if they would like to serve it this time. Plans will be made at the September meeting which will be held at the home of Mrs. Donald Stanley in Keysville.

A Dutch-Maid demonstration was given by Mrs. Walter Robertson with the proceeds to be given to the club treasury.

### FAIRVIEW

Mr. and Mrs. Vernon Frock of Mechanicsburg, Pa., and Mr. and Mrs. Levi Frock of this place called on Mrs. Richard Grindler of Union Bridge Saturday afternoon.

Some years ago a friend of ours was telling us of something that had happened to some of her relatives and of course we were surprised and she asked us if we had not read it in the paper. We had to say no, so in a friendly way she said if you would read your paper you would have known. As it so happened we still or rather I should say I still do the same when the paper comes I will glance at the obituary column to see if any one I know has passed away and if the name does not sound familiar I will not read it all the way through and when I was asked on Sunday morning if I had seen where a Mr. Earl Welty had died I had to admit I had seen his name in the paper. I was informed it was her brother; and on June 1 she had buried her mother. Burials taking place just 27 days apart. So if I had read the full account I would of known. So our deepest sympathies are with Mr. and Mrs. Walter Eckard and all the rest of the family in the loss of their mother and brother, who were taken from them so close together.

Mr. and Mrs. Richard Adkins and family entertained to dinner on Sunday Mr. and Mrs. Russell Frock of York, Pa., Mr. and Mrs. Levi Frock, Mr. and Mrs. Donald Carl and sons, David and Daniel, Lois Smith, Robert Frock and Charlene Shorb. Mrs. Martha Winters of York, Pa., spent Sunday with her sister and husband, Mr. and Mrs. David Forney of Copperville.

After attending the joint congregational meeting at Frizelburg on Monday evening, Mr. and Mrs. Levi Frock called on Mrs. Bessie Flickinger and granddaughter Joyce.

Mrs. Delta Baker and grandson, Charles Baker, were dinner guests of Mr. and Mrs. Grant Baker. In the afternoon, Mrs. Delta Baker and Mrs. Grant Baker called on Mrs. Mable Smith of Keysville while the great-grandsons stayed with granddad Baker, Mikie Doble and Charles Baker.

Mr. and Mrs. Thomas Baker called on the former's sister, Mrs. Levi Frock on Monday morning.

Mr. and Mrs. Charles Frock and children, Steven and Debra, are enjoying a few days in Atlantic City.

Mrs. Marie Maus of Pearl River, N. Y., spent a couple of weeks with her mother, Mrs. Mae Buffington, New Windsor, and with relatives and friends. She returned to New York last Tuesday. Those visiting Marie and her mother while she was home were Mrs. Richard Adkins and children, Mary C. Joyce and Kevin; Mrs. Donald Carl and son Daniel, Mrs. Levi Frock and granddaughter Debra Frock.

Mrs. Kathryn Corbin called on Mrs. Levi Frock and grandchildren one day last week.

Mr. Franklin Baker called on his parents, Mr. and Mrs. Grant Baker, on Sunday afternoon. Mrs. Mable Smith is spending today (Tuesday) in the same home.

Mrs. Hilda Flickinger of Taneytown, who has been a patient at the Maryland University Hospital, Baltimore, for the past 10 days, expected to return home the first of the week but she has suffered a setback and does not know when she will be able to come home. She says she is enjoying all the cards she has received and there is nothing like getting a card when you are sick; and more so when you are so far from your loved ones, so anyone wishing to send her card, her address is Maryland University Hospital, 9th Floor, Ward 212, Baltimore. We hope she can soon be able to come home.

### MARRIED

#### GRIPPI — NUSBAUM

The marriage of Miss Charlotte Louise Nusbaum to Nathan Francis Grippi, Jr., took place Saturday afternoon, June 27, at two o'clock at St. Francis Xavier Church, Gettysburg, Pa. Rev. Joseph P. Kealy officiated at the double ring ceremony in a setting of altar bouquets of yellow gladioli, white chrysanthemums, blue delphiniums and palms on the chancel. Traditional wedding selections were played by the organist, Mr. Joseph Hamilton. Mrs. Bernard Frazer, soloist, sang "Ave Maria," "O Perfect Love" and "The Lord's Prayer."

The bride is the daughter of Mr. and Mrs. Claude Nusbaum, R.D. 1, Taneytown. Mr. Grippi is the son of Mr. and Mrs. Nathan Francis Grippi, Sr., 1 Stuyvesant Oval, New York 9, New York.

The bride, given in marriage by her father, wore a long white gown of pure silk organza fashioned with a sabrina neckline, long tapered sleeves and princess waistline. The neckline and waistline were embellished with appliques of embroidered jeweled lace. The floor length skirt was belted. Her chapel length train fell from a flat bow just below the back of the shoulder. Her bouffant veil of imported pure silk illusion fell from a crown of double tier orange blossoms. She carried a white orchid surrounded by carnations and baby's breath.

Maid of honor was Miss Cynthia B. Nusbaum, sister of the bride, wearing a gown of romance blue. Bridesmaids were Miss Nanabeth Hull, Westminster, and Miss Barbara Wells, Silver Spring, both college classmates of the bride, wearing gowns of sky blue. All attendants wore identical floor length gowns with scoop necklines, short sleeves and full skirts, wearing matching headpieces with circular tulle veils. All carried cascade bouquets of yellow chrysanthemums and baby's breath.

Mr. Thomas Costigan, New York City, was best man. Ushers were Larry Boyd, New York City, and L. C. Ronald Nusbaum, Cherry Point, N.C., brother of the bride. Ringbearer was Kenneth Garvey, New York City, cousin of the groom.

A reception following the ceremony was held at Taney Inn, Taneytown, after which the couple left for a wedding trip to Miami, Fla. For travel, the bride chose a green print sheath with white accessories and the orchid lifted from her bouquet. Upon their return the couple will be residing at 44-16 MacNish St., Elmhurst, New York City, N.Y.

For her daughter's wedding, Mrs. Nusbaum wore a dress of aqua blue with white accessories and a corsage of pink roses.

Mrs. Grippi, mother of the groom, was attired in a beige lace dress with white accessories and a corsage of white roses.

Out-of-town guests attending the wedding were from New York, Washington, D.C.; Baltimore, Silver Spring and Frederick.

The bride is a 1960 graduate of Taneytown High School and a 1964 graduate of Frostburg State College. Mr. Grippi was graduated from St. Ann's Academy and attends City University of New York. ## MAY SAVINGS BOND SALES SHOW GAIN IN MARYLAND

A rise in U. S. Savings Bond sales in Maryland during May was reported by Charles P. McCormick, State Savings Bonds Chairman. Statewide sales of Series E and H Bonds for May were \$6,862,710 — an increase of \$183,975, over sales for the same month a year ago.

Savings Bond sales in Maryland so far this year total \$34,190,805, as compared to \$33,277,688, for the January — May period last year, and reflected a 44.6 per cent achievement of the State's yearly goal of \$76,600,000.

Carroll County continues in first place with 58.3 per cent achievement; Worcester and Kent Counties follow second and third, with 57.3 and 55.3 per cent achievements, respectively. Baltimore City sales for the five months were \$17,162,828, exceeding last year's five months sales of \$16,933,337.

The May 1 — July 4 "Operation Security Campaign" got off to a good start with payroll savings drives being launched by State and Federal Agencies, and Industrial and Business Firms. Both Mayor McKeldin and Bond Chairman Thomas J. D'Alessandro, III, enthusiastically encouraged the City of Baltimore Employees to actively participate in the Operation Security campaign by signing payroll cards to increase their own Series E Bond allotments.

In addition to their regular day-to-day services, Banks and Savings & Loan Associations are also generating interest in Bonds through advertising and by messages to their depositors. All forms of media are contributing valuable advertising space to the bond program and providing the public with important information on Savings Bonds.

The May 1st opening date of the campaign, in addition to being the 23rd birthday of the E Bond, was the first day of sale for the new \$75-denomination Bond bearing the portrait of the late President Kennedy. President Lyndon B. Johnson purchased the first Bond of the new denomination in ceremony at White House.

## RESOLUTION NO. 64

## CARROLL COUNTY, MARYLAND

(TO DIMINISH IN EQUAL RATIOS OVER A TEN-YEAR PERIOD, BEGINNING IN THE YEAR 1965, THE VALUATION AND ASSESSMENT OF STOCK IN BUSINESS, RAW MATERIALS ON HAND, AND MANUFACTURED PRODUCTS IN THE HANDS OF THE MANUFACTURER, OF EVERY PERSON, FIRM, OR CORPORATION ENGAGED IN MANUFACTURING OR COMMERCIAL BUSINESS PRIOR TO JANUARY 1, 1965 AND TO PROVIDE EXEMPTION FROM VALUATION AND ASSESSMENT OF STOCK IN BUSINESS, RAW MATERIALS ON HAND, AND MANUFACTURED PRODUCTS IN THE HANDS OF ANY MANUFACTURER, PERSON, FIRM OR CORPORATION FIRST ENGAGED IN MANUFACTURING OR COMMERCIAL BUSINESS AFTER JANUARY 1, 1965).

WHEREAS, under and by virtue of Chapter 19 of the Laws of Maryland of the 1964 Special Session of the General Assembly of Maryland, the County Commissioners of Carroll County are authorized by resolution and in regular progression over a ten-year period beginning in the year 1965, to change the manner of valuing and assessing stock in business, raw materials on hand, and manufactured products in the hands of the manufacturer, of every person, firm, or corporation engaged in any manufacturing or commercial business, to be entirely exempt from valuation and assessment; and

WHEREAS, the County Commissioners of Carroll County have deemed it desirable and in the best interest of Carroll County, its citizens, and the future economy of the county, to provide such relief from assessment and taxation for existing industry and business, and to provide for complete exemption of all new manufacturing or commercial business from such assessment and taxation as authorized herein.

NOW, THEREFORE, BE IT RESOLVED BY THE County Commissioners of Carroll County, that pursuant to the authority granted in Chapter 19 of the Laws of Maryland enacted in the 1964 Special Session of the Maryland General Assembly, the following change in the manner of valuation and assessing for purposes of county taxation in Carroll County, is hereby made relative to any manufacturing or commercial business.

1. ## THE WAY I SEE IT . . .

## Observations on the World of Sports

Most great hitters in major league history have been guys who made the pitchers worry about them. They refused to worry about the pitchers. An early favorite for Rookie-of-the-year honors in the American league, Tony Oliva of Minnesota, follows that philosophy even though he has been playing in the Major leagues for only a few months. Says Tony: "If you swing the bat you get hits. Sometimes you don't hit the ball good and somebody catches it. Sometimes you don't hit it as good and it goes for a hit." Tony has hit very well for the Twins during the early part of the season and if he keeps it up he may give the Club the lift it needs to challenge the Yankees. Oliva is only 22 years old and by the way, his real name is Pedro, not Tony. It seems he used his brother Tony's passport to get out of Cuba, his native land, when the Twins signed him three years ago. His parents, five sisters and four brothers, still live in Cuba. He hasn't seen his family in three years but occasionally he talks to his mother on the telephone. For a time Tony had the reputation of being a hard man to interview. The story was that he couldn't talk English very well. But that story has been exploded. It did inspire a classic wisecrack, however, by a fellow Cuban, Zoilo Versailles. Zoilo once said: "Tony talks so bad he even says ain't in Spanish."

Johnny Klippstein, Philadelphia Philly right-hander, has been all over the Major leagues. At the age of 36 you might expect that he has had it as a big league pitcher. But Johnny isn't holding still for that. At the age of 36 he seems to be doing better than he ever did before. He currently is rated as one of the more reliable workers in the bullpen of the Phillies, who think they have a chance for the whole ball of yarn this year. The Phillis bought Klippstein from the Cincinnati Reds one year ago and thought they were getting a mop-up pitcher, which is baseball slang for a guy you put in to pitch the last few innings of a game considered lost. Johnny won five games and lost six for the Phils in 1963, which is something less than an outstanding record. This year he got the call several times in the opening part of the season and was brilliant in his relief pitching. One of the things that Philly manager Gene Mauch likes about Klippstein is his control. Mauch says: "A walk or two in a tight situation can ruin you. John can throw strikes and he has been getting the hitters out." Mauch has used Klippstein a lot in the first two months of the season and it's all right with John. He says: "I am happy. Gene has that much faith in me. The most important thing is that we have been winning. I think everybody on the team feels we have a chance to win this year."

The rest of the New York Mets may be running for cover — or make that should be — but not Al Jackson. He stands there like a stone wall. The Mets have won a few ball games and Jackson has won most of them. Two of his three victories are shutouts. The other was a 3 to 2 decision over the Cincinnati Reds. All three of Jackson's victories have been routine performances. Only two other Met pitchers have gone the route, Tracy Stallard, in a four to one loss to the Philadelphia Phillies early in the season, and Jack Fischer's win over the Cubs, 19 to 1.

Jackson is one of the lightest pitchers in baseball. He says he weighs in at 160 pounds and weighs out at about 157. That is, when he goes nine.

Alvin has gotten a quick hook a couple of times this year. The slight left-hander is about the best trade bait the Mets have and they must have been tempted along the line to ship him elsewhere in return for a package of young players. Don't rule that out later this year, especially with a contending team which decides it needs pitching help. The San Francisco Giants, for one, might start looking Jackson's way if Billy O'Dell doesn't come around soon. O'Dell, bothered by arm trouble, has been no help to the Giants at all this year so far. The Giants have some good-looking farm talent and even some players on the bench who could be bound up in a handsome package for a guy like Jackson. Of course, the Mets will want something good before they let him go. And what may be offered may not be good enough.

REMEMBER — the deadline is today for you to get those nominations for our very own ALL-STAR team picked by you the readers. We also want your opinions as to the starting pitchers. Leave them off at the Record Office or mail them in care of this column.

**TODAY'S SPORT LAUGH** — Former light heavyweight boxing champ, Slapsie Maxie Rosenbloom was asked if he ever threw a fight. "Never," replied the champ, "But once some gamblers made me a very attractive offer to take a dive in the second round, but I turned them down — I couldn't go the distance."

—John Berth.

## SOUTH PENN LEAGUE

Taneytown closed out the first half of action in the South Penn League by bowing to McSherrystown on the winner's diamond, 8-1.

Elsewhere in the League, Arendtsville captured the first half crown by shutting out the Brushstown team, 4-0. Cashtown beat Harney 7-3; New Oxford defeated Mummaburg, 8-3, and Littlestown topped Bonneauville, 7-2.

Again the bats of Taneytown were silent as they managed to score only one run; as they have in their last three games. Walt Donahue, starting pitcher, had the only extra base hit for the locals, a double. Walt, who went all the way, had nine strikeouts and walked but two.

Taneytown thus ends up the first half of play in a five-way tie for second in the league with McSherrystown, New Oxford, Mummaburg and Cashtown.

McSherrystown—8 runs, 8 hits, 3 errors

### Ups and Downs

Lesson for July 5, 1964

Background Scripture: Genesis 46:1 through 47:12; Exodus 1.  
Devotional Reading: Psalm 37:1-11.

WHAT HAPPENS to you isn't usually so important as what you learn from what happens to you. That is why, sometimes, a simple backwoodsman has a wiser philosophy of life than some men with a much wider experience.

Dr. Foreman history of an ancient people, ancestors of what we call the modern Jews. We shall not try to do as the historian does, lay this out like a textbook in history. If we did that, we should hardly begin our first chapter by the time we reach the end of the column. For we should first have to answer the question: When did these things happen? Who was the Pharaoh of Egypt at that time? Nobody knows for certain. All we know is, it was a long time ago. You can look it up in dictionaries of the Bible if you like. But what we shall be doing is only to offer hints on what we can learn from the story, and you can read the story for yourself in the Bible. Maybe the story suggests other meanings to you. If so, we shan't quarrel about it!

#### Life's ups and downs

What is the most disturbing thing about life? As you go on growing older and older, one of the most distressing features of life is that it won't stay put. Just when it seems to be fixed to suit you, something happens that turns your life upside down and inside out.

#### Blessings in disguise

Those Hebrews, as they had begun to call themselves, went into Egypt as free men, welcomed and cared for by his Royal Highness the Pharaoh. In a few years (as history's years go) those happy Hebrews' descendants had become slaves, their lives made bitter by brutal slave-drivers, and living on the edge of starvation. They were in actual danger of extinction. No Egyptian would intermarry with them, and the Pharaoh made a determined effort to destroy all the boy babies. For how long a time the Hebrew people had been shut off, as they were, from all the outside world, we do not know. But we do know this was a blessing in disguise. Unable to live a free life, they developed in slavery a sense of kinship that was much stronger than it might have been if each clan had gone off to live by itself in Egypt or elsewhere. No doubt also their sense of their need of God was stronger, at least in some of them, than it might have been if they had suffered no misfortunes. The disorganized tribesmen who had come into Egypt so happily, now were less happy, but more closely knit.

#### Shade and shine

There's another thing: life's ups and downs aren't just that. When you are climbing a mountain you may be slipping a good deal too. Perhaps it would be better to speak of life's shade and shine. No shade is absolutely black; no brightness on this earth is as bright as brightness can possibly be—say on the sun; otherwise we should all go blind. So the experiences we call "bad" may have good concealed in them, and the experiences in life we call good may not be wholly good as we look back on them. If the Hebrews hadn't gone into Egypt, they might not have become slaves either. When they became slaves, it's a safe guess that not one of them thought it was a good thing; yet as has been just suggested, some good came out of it. In fact, if they hadn't led such a wretched existence as slaves, who knows whether they would have been willing to leave Egypt at all? God sometimes makes things so uncomfortable for us that we are willing to make changes we would be too lazy to make without being prodded!

"You might as well fall flat on your face as lean over too far backward." — William L. Zeigler, New Oxford (Pa.) Item.

"If Patrick Henry thought that taxation without representation was so terrible, he should see it with all this modern day representation." — John W. Moore, Plains (Tex.) Record.

Some businesses succeed in spite of the methods and manners in vogue.
