CANDIDATE GEORGE A. PRICE SPEAKS OUT

TOWSON, Aug. 29 — George A. Price, Republican candidate for Congress from the Second District, said today Rep. Clarence Long should be known as "Generous Clarence" since he has been so good to himself this year.

The GOP candidate said Mr. Long voted for a \$7,500 pay raise for himself, boosting his salary to \$30,000, and then added another \$4,500 in staff allowances.

Mr. Price said it appeared Mr. Long subscribes to President Johnson's theory that a three percent pay raise is sufficiently non-inflationary for his constituents "but he voted himself a 30 percent raise, padded his payroll and then comes home on weekends to tell the voters what he thinks is good for them."

"I would like Mr. Long, the economist, to explain how he can vote a fat cake for himself and then exhort the people at home to fight inflation," Mr. Price said.

It's Punt, Pass and Kick Time for 1964

Taneytown area grade and junior high school boys, it is time to start practicing for FORD'S 4th annual Punt, Pass and Kick Competition. Here is your chance to win handsome local prizes and an opportunity to try for a trip to Washington, D.C., and to an appearance at a National Football League championship game.

Punt, Pass and Kick Competition (or PP&K) is sponsored nationally by the Ford dealers of America and the National Football League. Crouse Ford Sales, Inc. and the Taneytown Junior Chamber of Commerce will be your local sponsor to start you off in the nationwide contest.

This year's PP&K contest will differ slightly from previous years. PP&K is now open to boys 8 to 13 years of age. Eligible are boys who reach the age of 8 on or before January 3, 1965, or who do not turn 14 on or before January 3, 1965.

Our Taneytown boys will be tested for their ability to punt, pass and place-kick on the same day as thousands of other boys all over the country. For 8, 9 and 10-year-olds, warm-up jackets, place-kicker outfits and autographed footballs will be given as first, second and third prizes for each age group. Boys 11, 12 and 13 will receive gold, silver, and bronze trophies. There will be 18 prizes in all scores throughout the country then will be compared to determine the six top winners in each of the 362 Ford zones—a total of 2,172 zone winners.

Zone winners will meet in 37 Ford District competitions at which 222 District champions will win trophies. The 222 runners-up also will receive trophies. From these District champions, the best 168 scores will be selected to represent each of the 14 NFL game areas, and declared Area winners.

Area winners, their fathers and mothers will attend a National Football League game in their area to compete for Division championships—the six top eastern NFL division winners and the six top western division winners. These 12 finalists, accompanied by their parents, will go on a "Tour of Champions" to Washington, D.C. They then will travel to the site of an NFL championship game, for half-time competition to determine the six National PP&K champions.

Chairman George B. Crouse of the Taneytown Jayees pointed out that the competition involves no body contact, there is no charge for entering and no special equipment is needed. Registration will be open from September 3 through October 9 with Crouse Ford Sales, Inc., as registration headquarters, and any Jayette member as your registrar for PP&K.

In 1963, PP&K's third year, nearly 500,000 boys entered the competition and received a Presidential commendation that said "Programs of this type will enable our youth to build the energy and strength that is their American heritage."

Mr. Crouse said entrants will be judged on distance and accuracy of their punting, passing and kicking. Points will be awarded for each foot of distance the ball travels on the fly, and points will be subtracted for each foot the ball lands to the right or left of a center line.

The Taneytown competition will be held at Taneytown Memorial Park No. 1 Pavilion on Saturday, October 10, at 2:00 P. M. — Rain date will be October 11—Same time and place.

Any tie scores will be played off on the day of competition. Ties for top spot in the Zone and District standings also will be played off during special contests. District winners will receive trophies. Area winners vie only for the honor of competing in the National PP&K event. The six national winners receive handsome PP&K championship trophies. The other six receive national runner-up trophies. All 12 go on the "Tour of Champions."

SEPTEMBER

Now that August has faded away, September drifts quietly in. This is a delightful time of the year when summer and autumn walk together, hand-in-hand. September days are blazing hot, but they are becoming noticeably shorter. The pleasantly cool evenings feature a full harvest moon and a lively chorus of katydids and crickets. They seem to be singing a farewell to summer.

September is a month of increased tempo, for all of nature seems aware that a new season is approaching. Flower gardens are blooming furiously, and the earth is spilling over with bounty. After all, Jack Frost will put in his appearance before very long, and his icy touch will put an end to growing and harvest. And so the fruit trees bend beneath their load of peaches, apples and pears, and purple grapes hang down in heavy clusters. Sweet corn is at its best, and bright red tomatoes are fairly bursting with summer sunshine. The prudent homemaker, thinking of the long winter months which lie ahead, is hard at work freezing, canning, and preserving. As the freezer bulges and the shelves fill up, she is filled with pride and a sense of real accomplishment.

Yes, the signs of autumn are unmistakable. Goldenrod sparkles along country roads, and the trees are changing color. School buses are once again carrying their precious cargoes and country fairs are in full swing.

Every month is beautiful in its own right, but September is doubly so, since it combines the charms of summer and fall.

'SPICE 'N' EVERYTHING NICE' (Your Chatty Column)

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth; I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

That Democratic Convention!

Well, this Columnist remained up for every bit of it for the entire time! One did not know what was coming up with the shoving and pushing and the Mississippi and Alabama folks on the walk out and that by order! No doubt, you heard the grand old Dame, Mrs. Miller stating it was the most awful managed Convention that she ever attended, which started in 1924 and up to date she is 90 years of age! She truly spoke with a lot of good sense.

It truly was "murder" or what have you to hear H. H. H. blast Senator Goldwater! H. H. H. just loves to talk and if you start him going he won't let up. Notice his little hands?

Why, oh why, must there be mud slinging when these affairs take place? When that nice Lady, Margaret Smith was on the platform in San Francisco, not once did she speak ill of anyone. Frankly, I think if we had a lady President, it would be just that all around for she would state facts what she expected to do and not do any mud slinging at all.

Did you notice that only when the name Kennedy was mentioned as to our former late President there was enthusiasm and some how I compared all this with Evangelist Services and by that I mean just this. Why did it all have to play up to our President Kennedy and that was for sympathy, for votes plus tears, and during such a period promises are always made! Now, we will see what will take place in the next few months. Many times, I have seen a visiting Evangelist visiting a church for a few weeks and—oh—the promises of people in the audience who truly state how different they are going to be from the former life they were leading and much else. It continues to be a good life while the Evangelist is right there but after a time, in many cases it is just as it was previously. Getting the Public's sympathy only for it all to die right out again!

Mrs. Miller stated when asked by the reporter, "Who was the G R E A T E S T of all times and she quickly stated, "Franklin Delano Roosevelt."

Bobby Kennedy was like a spoiled child who refused to say a word just before the birthday party, stating to the reporter at that time, "No, I have nothing to say. No comments!"

The movie, "One Thousand Nights" was not necessary for that was a "Come on," too and it meant a big influence for the ones who hesitated and I think you know just what I mean!

Now, don't misunderstand me Folks for I loved our former President as though he was my own son, although I did not vote for him, but he wrapped himself around this heart of mine! I even loved to watch him "Listen!" The one big thing that I regret is never having even clasped his hand!

When the crowd of Democrats saw the huge \$30,000. picture and sign of Senator Barry Goldwater right outside of the Convention Hall — they stopped and looked and realized that this man is a Leader! Americans never would have fear in their hearts if he was President for he understands thoroughly just how to handle RUSSIA! We would never again have that "Whip" held over our heads constantly for that would stop immediately. However, as the crowds stopped to look at the newly erected sign, there was a lull — a quietness and respect for the picture before them! Not much enthusiasm was displayed until President Kennedy's name was brought forth.

I compare Senator Goldwater with a grand General of our time and that General no other but General Douglas MacArthur!

It is a terrible thing to make an issue out of one word extremism — when all is said and done it meant as Goldwater stated, "OUR FLAG SHOULD NEVER BE SHOT UPON IN ANY PLACE ON THIS EARTH!" Any real red blooded American would think that way!

It was wonderful to see and hear Adlai Stevenson! His words were like pearls—an entire string of them! Well, Folks do a lot of thinking between now and November.

Until next week D. V. when you will read the Column in answer to so many letters of widows and widowers.

I am,
Faithfully,
Your Observer.

LET'S HAVE A SAFE LABOR DAY

Labor Day is a youthful institution, as national holidays go. But its place in the national life is secure and honored. It provides a formal and well-earned salute to all working people, within and without the unions. And this is a tribute that goes beyond the changing problems and controversies that have to do with labor legislation and labor's rights and privileges.

Too, Labor Day has another special characteristic. It gives most of us a three-day holiday in this age of the five-day work week. And millions of people take advantage of it to journey in search of new sights and scenes, or to go again to favored vacation spots. Labor Day has become a day of fun, relaxation and sports.

Unhappily, however, that bright prospect is not realized for an appallingly large number of us. They are the victims of Labor Day's toll of deaths and injuries. The mishandled automobile becomes a killer of almost warlike dimension. The toll of drownings steadily mounts and ignorance or disregard of the rules and precautions that are essential to safe boating are big factors in this.

The tragic part of it all is that the vast majority of these and other accidents are totally unnecessary. They don't just happen—careless, thoughtless and uninformed human beings make them happen. If all of us this coming Labor Day period would use just rudimentary caution wherever we go and whatever we do, the expected accident toll would be reduced spectacularly. How about it?

HELP!

In New York City last week the Welfare Commissioner revealed that a total of 483,573 persons received public aid during the month of June. That almost half-a-million recipients of welfare assistance payments is the total for New York City alone—not the state.

"Don't get the idea that these people don't work for the welfare payments," cautioned a newspaperman friend. "Every election day, they dutifully march down to the polling place and vote for the candidate who promises to continue and increase the payments. And 483,573 votes gives him a pretty good running start in the tally."

Two-hundred years ago a keen-thinking professor in Scotland observed that a democracy could survive only until the public understood that it could vote itself largess out of the public treasury.

One wonders what the good professor would say if he had to help pay the taxes for carrying those 483,573 persons on the dole.

"FACTS AND OPINIONS"

Herbert Hoover, in a statement issued on the eve of his 90th birthday, gave his reason for the unrivaled abundance that characterizes American life: "The key, I am convinced, is that among us there is greater freedom for the individual man and woman than in any other great nation. . . . And the product of our freedom is the stimulation of our energies, initiative, ingenuity and creative faculties. Freedom is the open window through which pours the sunlight of the human spirit and of human dignity. With the preservation of these moral and spiritual qualities, and with God's grace, will come further greatness for our country."

The Chamber of Commerce of the United States points out that the

social security program is the fastest growing and second largest program in the federal government. It ranks only behind national defense from the standpoint of total expenditures.

Robert F. Lorenzen, M.D., editor of Arizona Medicine, says: "In its 1963-64 legislative program the National Congress of P-TA has urged support of 'expanded public health services for all children and youth.' It further states 'the National Congress will support legislation to strengthen the Food and Drug Administration to inspect food, drug and cosmetic establishments, and to ensure the purity and safety of their products.' We would remind the P-TA that it is not the Food and Drug Administration that has developed the means to investigate, develop and market the most astounding array of disease-preventing vaccines and miraculous pharmaceuticals imaginable. Rather, it is the drug industry of this country. . . ."

The chances of finding natural gas in previously unexplored areas of this country are slim, according to the American Gas Association. Nine out of every 10 wildcat wells drilled in such regions fail to produce either gas or oil. Even in producing fields, drillers fail to find gas in one out of every three new wells.

In Senator Strom Thurmond's opinion: "The basic fallacy underlying our foreign aid program is the notion that friendships can be purchased. Another basic fault lies in the gross mismanagement which has been evident in this program since its inception. Then there is also the inordinate leeway which the aid administrators have been permitted to assume. . . . Foreign aid has its proper place when made available to friendly nations in a reasonable amount, preferably through loans, to help them help us turn the tide against communism and in favor of freedom. This is the only justification for a foreign aid program."

Hospital labor costs — the prime factor in rising hospital costs—have increased 545 per cent since World War II, according to the American Hospital Association.

An official of the Montana Power Company points out that 32 cents of each dollar paid this company for services goes for taxes. He added that investor-owned utility rates are set by the Railroad and Public Service Commission and cannot be raised or lowered except on the specific order of the commission.

The St. Louis Globe-Democrat says: "The simple fact is that stubborn union opposition to reduction of rail jobs—when they aren't needed any more—leads nowhere but to public hurt and resentment. Progress can't be stemmed by union fiat. . . ."

KEYSVILLE-DETOUR

Greetings to you:

Monday evening a Farewell Social was held at the Union Bridge Lutheran Church, St. James, in honor of Pastor and Mrs. Donald Brake, Sharon and Donald who are moving to Funkstown, Md., where he will serve. A briefcase was presented to him in appreciation by the Parish Council and a desk set by the Luther League.

Mrs. Brake was given two lovely pieces of Fostoria glass, green, in the coin design while Sharon received a box of M&M candies and "Rollie," a carton of chewing gum from the Lutheran Church Women of St. James. We are sorry to have him leave this parish for he has done a fine job here but six years is a good while for a minister to stay in one place (Lutheran anyway) and we sincerely wish him and his family only the best in any future undertaking and wherever they may go.

Recent Sunday supper guests at the home of Mr. and Mrs. Carlton Catlin and Mrs. Gertrude Warner of Detour were Mr. and Mrs. Henry R. Black and daughter Marie of Baltimore.

Forgot to mention last week that the Rob-Ellen Shop in Taneytown is receiving a face lifting. The door is being moved to the side (it was in the middle) and there will be just one large display window and it will have the small panes, giving it a colonial appearance. Looks good!

Rally Day will be observed at the Keysville Lutheran Sunday School on Sunday, September 6, with Mr. Ivan Cole as speaker. Mr. Cole, who is from Black Rock Road near Hampstead, is a lay minister in the Methodist Church. The following Sunday the new materials will be used in the Sunday School classes from third grade on.

Mr. and Mrs. William Weishaar and Randy of Forest and Stream Club Road visited in Mt. Wolf, Pa., on Saturday with Mr. Charles Myers and her aunt, Mrs. Mary Plaine. Mrs. Kenneth Slenker also visited in the afternoon.

My sister, Carol Wolfgang of Washington did come up last week and we made our trip up to Hershey for their "Dutch Days." It was rather interesting but we were both a bit disappointed. The worst part, we both felt, was having to pay fifty cents to get into the arena where all sorts of things were on display for sale. Now I ask you... There were a few exhibits that were rather old-fashioned such as spinning flax, looms for carpets and one where tobacco was twisted and molded into cigars. There were also two quilting frames set up where church ladies were busy at work and a large number of quilts and afghans were also on display. A number of booths were "manned" by church women's groups and the articles they had on sale were mostly homemade (looked like a bazaar). Some of the other articles on display, and for sale, were painted tinware, jewelry of various kinds, cookbooks of Dutch recipes, brassware, woven handbags, tubes of liquid embroidery paints (that's Dutch?), and so on. Shouldn't leave out the embroidered pieces and crocheted doilies as well as lots of aprons and "things" galore made of plastic bottles. I'd be interested to hear some other opinions from others who have also been to this affair. As Carol said, it is much like a County Fair; they just use a Dutch theme.

Sunday visitors at the home of Mr. and Mrs. Robert Stine near Keysville were Mr. and Mrs. Harry Holish of Muse, Pa., Mr. and Mrs. Byron Stull of Bridgeport and Mr. and Mrs. Gilbert Stine also near Keysville.

Miss Merle Yoder of Towson, who had been visiting at the Carroll Wilhide home, spent last Tuesday visiting Mr. and Mrs. Richard Wilhide and Susan. That evening she and Mr. and Mrs. Norman Lee of Long Green were supper guests of Mr. and Mrs. Carroll Wilhide and Beth and Aunt Ada Yoder. They left in the evening for Hagerstown to visit with Dr. and Mrs. Ralph Gale for a few days.

Mrs. Gale and Miss Yoder are old schoolmates.

Mr. and Mrs. Richard Stonesifer of Rockville were week-end visitors with their parents, Mr. and Mrs. Russell Stonesifer of Keysville.

Mr. and Mrs. Clyde Wilhide of the Keysville Road took a trip for a few days last week. While away they visited Deep Creek Lake and then in Pennsylvania, Mr. and Mrs. Fred Wilhide, Douglas and Debbie in Indiana, where they toured the nursery where Fred works, and Mr. and Mrs. Alvin Metzler in Altoona.

There were Sunday visitors at the home of Mr. and Mrs. Frederick Lynes near Keysville (former Allen-dale home). They were her parents, brother, niece and nephew: Mr. and Mrs. Frederick Thierauf of Jessup, Md., and Mr. Fred Thierauf, Linda and Gary of Hyattsville.

Just goes to show (again!) that you can't keep a good man (or woman) down. Mrs. William E. Ritter of Taneytown who fell and broke her hip on the 23rd and had a pin put in place the next day, was up and getting around on Saturday, the 29th, with a walker. She certainly is a remarkable lady. (Mrs. Ritter was 91 last May.)

Congratulations to Mr. and Mrs. Ronald Keyton of the Sixes Bridge Road upon the birth of a daughter, Teresa Jane, on the 28th. Teresa, who weighed over 7 pounds, has a brother Michael. Mrs. Keyton is the former Miss Janet Stambaugh.

Recent Sunday visitors at the home of Mr. and Mrs. Edward Coshun and family near Detour were Mr. and Mrs. Richard Rioux and family of Baltimore.

Mr. Carroll Wilhide and Beth visited on Sunday in Baltimore with his mother, Mrs. Maurice Wilhide, and his sister and family, Mr. and Mrs. Francis Fry and children.

Mr. and Mrs. Charles Rinehart and Mrs. Helen Wayson of Reisterstown were Sunday visitors with Mr. and Mrs. William Weishaar and Randy near Detour. On Tuesday evening Mr. and Mrs. Monroe Rinehart and children of Taneytown visited with the Weishaars.

September 17 is getting closer. Remember to reserve that evening to see the slides of Pastor Chester Rill of the Washington Grove Methodist Church. Pastor Rill, who took the slides during his trip to the Holy Land, is well-known by many of you for he served the Johnsville Parish while in Seminary.

Mrs. Emory Yoder of White Hall is visiting with her daughter and family, Mr. and Mrs. Carroll Wilhide and Beth. Another daughter, Miss Elizabeth Yoder, brought her to the Wilhide home last Saturday.

There was a fine "get-together" at the Edward Coshun home on Sunday. Visitors were from Annapolis: Mrs. Bernard Hoff, Sr., Mr. and Mrs. Bernard Hoff, Jr., and family, Mr. and Mrs. Douglas Hoff and family, Mr. and Mrs. William Haygood and Billy and Miss Ruth Hoff. In the afternoon Mr. and Mrs. Carroll Wilhide also greeted the visitors.

Don't forget: call me by lunchtime on Tuesdays to get your news items in the paper for that week (775-2155).

A TRIBUTE TO

REBECCA IRENE BEARD HANSEN

Irene was a graduate of Westminster High School and Western Maryland College, class of 1944.

After majoring in music in college, she went to Hartford, Conn., where she studied voice at the Hartford School of Music and sang in many student productions of operas and concerts.

Later, Irene served two years in the Brethren Volunteer Service of the Church of the Brethren. She worked among the children in a farm migrant laborers' camp in Pahoehoe, La., where she supervised recreation. She also taught English to Chinese War Brides of Chinatown in Chicago, Illinois.

She began teaching 4th grade at New Windsor Elementary School during the school year of 1957-58. During the summers, Irene attended Towson State Teachers College and just in the past weeks had completed a course in Modern Mathematics.

She constantly strived to become a better teacher and was always concerned that she might not measure up to the abilities of her pupils. Irene especially wanted her children to love books and tried to have the finest in her room library.

Taking on the triple responsibilities of teacher, mother and housewife, she had little time for her music. Recently, however, she had joined the choir of the Piney Creek Church of the Brethren and was intensely happy to be singing again.

Irene enjoyed the birds and flowers at her countryside home near Taneytown. She knew the songbirds by sight and sound. She cared for her rose bushes and thrilled at each new opening bud.

She saw the beauty in the world around her and was grateful for it.

CARD OF THANKS

We wish to express our sincere thanks to our friends for the cards and letters of sympathy that we received following the sudden death of wife and mother.

MISSION STUDY

Do you know that India has an old and complex civilization and that her population of 400 million live in an area just one-third the size of the United States? That the majority of her people are Hindu and are still governed by caste even though they gained their independence in 1947? Do you know that Pakistan is divided into East and West and the West has 85 per cent of the territory which is arid and treeless? That the people are commonly Muslim and just one-half million are Christian? Do you know that Ceylon has over 10 million people and most of them are Buddhist? That in Southeast Asia they have the highest standard of living? That overall in Southeast Asia the living standard is very low; the people are yellow-skinned and the Kashmir Valley is a "bone of contention"?

These are just some of the facts learned by those who attended the Mission Study on Southeast Asia on Sunday evening at the Keyville Lutheran Church. There was also a filmstrip shown called "Today in Pakistan" which showed many of the improvements being made, especially in the field of education.

The program was opened and closed with piano duets by Mrs. Arthur Claiborn and Mrs. Gregg Kiser. Mrs. Kiser had charge of the program, Mrs. Richard Wilhide and Mrs. Donald Brake, using a map, pointed out ten missions and told something about each one; and Mrs. Gilbert Stine gave a number of interesting facts about the country as well as showing clothing like that worn in India. Mrs. Richard Wilhide sang a solo, "Oh, Father Hear Our Prayer," and there were two duets by Mr. and Mrs. David Reifsnider accompanied by Mrs. Leonard Reifsnider. "Tell It Out," and "Till the Whole World Knows." (Mrs. Wilhide was accompanied by Mrs. Gregg Kiser.)

It was interesting to learn that the famous Madras Plaids originated in the Madras area, and that Bihar has a huge tea estate from which tea is sent all over the world. Other interesting information was presented by a poster made by Mrs. Robert Stine showing many of the products found in the area of Southeast Asia. Among them were camel bells, tapioca, ebony, teakwood, sandalwood, rice, quinine, nutmeg, mace, pepper, cinnamon, lead, gold, silver, copper, nickel, iron, coal, manila hemp, leather, bamboo, coconuts (84 per cent of world's production), pineapples and resins such as used in shellac. There were many other interesting facts given as well but these give an idea of how well presented the program was and how informative too.

Refreshments were served in keeping with the area and featured tea from Bihar as well as ambrosia and cookies. Next monthly meeting of the Lutheran Church Women's group will be October 5.

Observations on the World of Sports

When the New York Giants got R. C. OWENS, the high-jumping end, from the Baltimore Colts in a trade last week they reunited the famed "alley-oop" combination that was so great in San Francisco some years back.

That's when Y. A. Tittle, now the Giant quarterback, was the signal-caller for San Francisco and Owens was an offensive end. In a tight game, especially in the final minutes, it was expected that if San Francisco got the ball in the other team's territory that Tittle would throw the alley-oop. All it consisted of was a long high pass into the end zone for which Owens, usually surrounded by as many as three or four defenders, would jump higher than any of them. He was a good bet to come down with the ball.

The Giant fans can look for some alley-oop tosses from Tittle to Owens this fall.

They also can look for something else. Owens has fantastic spring in his legs. He was amusing his teammates in the Baltimore camp this summer by standing in front of the goal posts and jumping high enough to slap down any low-flying field goal attempts.

On at least one occasion Owens did that successfully in a National League game. It happened in December of 1962 when the Colts beat the Washington Redskins in a late-season game that was played on a Saturday and televised nationally.

The Redskins tried a field goal and Owens stationed in front of the goal posts jumped high and slapped the ball down. Goal-tending may be illegal in basketball but not in football. It isn't easy but it's the kind of talent that may pay dividends for the Giants this year.

An old saying—"There's no place to go but up"—certainly applies to the current SAN FRANCISCO 49'ers.

Last year, the 49'ers had their worst season in the National Football League. They finished last in the Western Division for the first time. They won their fewest games ever — two. They lost their most games ever — 12. They scored the fewest points in their history—198. And they gave up the most points in their history—391.

The only noteworthy thing the 49'ers did last season was to hand the NFL champions, the Chicago Bears, their only defeat of the year.

The usual procedure after such a dismal campaign is to clean house, weed out some old players and bring in new troops. But coach Jack Christiansen has not done that. He is counting on several players who were hurt last season to be back in good working order this year.

Injuries took an extremely heavy toll on the 49'ers in 1963. Halfback Bill Kilmer suffered a severely fractured leg in an automobile accident and missed the entire season. Defensive safetyman Jerry Mertens also didn't play all because of a knee injury. Quarterback John Brodie fractured his right arm in the season's third game and was inactive the rest of the year. Offensive tackle Walter Rock and defensive tackle Charlie Krueger each missed half of the season with knee injuries. And defensive end Dan Colchico had two knee operations.

On defense, the 49'ers will have an all-veteran cast. Colchico and Clark Miller are the ends, Krueger and Roland Lakes are the tackles, Ed Lowe, Mike Dowdle and Matt Hazel-tine are the linebackers, and Jim Morrison, Abe Woodson, Elbert Kimbrough and Kermit Alexander fill out the secondary.

Woodson, an All-League selection, also will run back kickoffs and punts. He led the League for the second straight time last season in kickoff returns.

Tommy Davis again will do all the kicking, including the punting. He has not missed a conversion attempt in five years of NFL competition, having made 156 consecutive attempts. He is tied with former Chicago Bears quarterback George Blanda for the League record.

Christiansen is a realist and knows his team won't win the Western Division title this season. But he says: "If we can stay healthy, we'll be better."

The 49'ers can't be much worse than they were last season.

Remember When Dept. — Coach Billy Hunter of the Orioles played with 12 teams during his 12-year playing career in organized baseball.

Today's Sport Laugh—Back when baseball's trading deadline was drawing to conclusion a newspaperman was kidding Casey Stengel of the Mets about getting Willie Mays from the Giants and that Willie was outside of the locker room waiting to see Casey. Stengel replied: "I told him not to get here too early, I didn't want you writers to know about the deal."

SOUTH PENN LEAGUE

It was a comedy of errors but it was McSherrystown who did all the laughing as they defeated the Taneytown Terror, 6-2, at Memorial Park in the last game of the regular season on Sunday.

A very fine home crowd saw Taneytown lose its bid to win the South Penn pennant by committing six (6) errors to greatly aid the Twins in their victory. They started off in the first inning with two doubles for their first run. Terror starter and loser, Walt Donahue, was in first frame troubles but allowed only the one run.

In the second the Twins were right back at it with two hits and sloppy infield play by Taneytown added another tally for McSherrystown.

Taneytown got its first run in the second on "Skinny" Bollinger's single to score Jim Head who had walked to open up the frame and then stole second.

A three-run outburst in the third made it 5-1 for McSherrystown on three singles and two errors, to put the game out of reach for the locals.

Jim Head opened up the seventh with a single, went to second on a passed ball and scored on a Twin infield error for the second and last Terror run.

McSherrystown added an insurance tally in the eighth on a dropped third strike and a double by Ron Asper.

The only bright spots in the otherwise dull Taneytown attack were the extra base power provided by Walt Donahue with two doubles, a two-bagger by Ernie Combs, and a triple by Don Favorite. These came with no one on base.

As the season now ends, Taneytown is tied with McSherrystown and New Oxford for third place in the league. Some playoffs are now required to straighten out the log jam at first and third place.

Heroes

Lesson for September 6, 1964

Background Scripture: Judges 1 through 3.
Devotional Reading: Psalm 80:1-6, 14-19.

MANKIND has three ideals which cannot harmonize with one another. So says a philosopher. The three ideals are: the hero, the artist, the saint. What makes a proper hero doesn't make a proper saint or a proper artist.

What is good behavior for the saint may not be such for the artist and so on. Men of any one type are likely to shock and repel men of other types. We see this today in the un-
Dr. Foreman easy relations between military men and "egg-heads," between athletes and Phi Beta Kappas. We can find it in the Bible too. One strange part of the Bible is the book of the Judges, in which there are stories so disgusting and terrible that they never yet have been used as Sunday school lessons.

Heroes
The word "judges" as used in the book of the Old Testament by that name does not have its usual meaning either in Hebrew or in English. It is used to refer to certain men, usually counted as twelve in number, who raised armies, carried out assassinations, or in other ways, always by the use of violence, came to the rescue of the Israelites and set them free once more. The judges were all military heroes and honored as such. They were heroes, not saints, and cannot be measured by the yardstick of a saint.

Courage
Yet these men, from the greatest to the least of them, were instruments of God in the world, and were used by the Spirit of God to work out his good purposes. They were not such men as all Christians ought to be; but

they were men with some qualities which all Christians might well imitate. One of these qualities was courage. No man without courage can be a hero. We may expect that a hero will be not only moderately brave, as most human beings are, but (as we put it today) brave "above and beyond the line of duty." We can think of Ehud, going on his mission of death quietly in the very midst of his country's enemies; of Gideon, watching his little army melt away—two out of three of them admitting they were scared, and going home!—of Shamgar, doing great exploits with no weapon but a stick to prod oxen with; of Deborah, a military chief of staff, taking the lead only because she could find no man to do it; Samson, full of good possibilities even if he never used them, certainly no coward in the face of lions or men. One and all they were men who dared to do what other men feared to attempt.

Faith
Centuries later, the writer of the Letter to the Hebrews, in reflecting on these very men and naming some of them, thinks chiefly not of their courage but of their faith. By faith they won their battles. Now the Old Testament does not give details about most of the judges, but where it does give details they are a little surprising. Faith is so often confused with a list of propositions we are asked or commanded to believe, that we don't always recognize faith of the kind these Hebrew heroes had. Theirs was an active faith, the faith of fighters and doers, not thinkers. Not that God has no need for thinkers; but when Israel needed a war of liberation, as they so often did, they were not to be saved by scribes and professors, but by men with weapons in their hands, not afraid to use them. This kind of faith does have some "belief-about" in it but also "belief-in." Men of fighting faith believe in something and some one; their faith is a challenge and a summons, not a meekly received creed. What those heroes believed in was freedom; they fought, every one of them, to set their people free. The Who was the Lord of Hosts (meaning Lord of Armies). They did their great exploits as champions of the Almighty.

WE
SALUTE
the nation's workers

From the axe of the pioneer to the marvelous machines of modern industry, the nation's greatest power resource has been man power. The skill, brains and brawn of our workers have brought this country to its present leading position of industrial greatness. All honor to them on Labor Day and throughout the year.

May we suggest to the worker that he use the protection and the varied facilities of this bank as a "tool" for the building of his financial independence.
