#### McIntire Reports Extortion Operation

The office of State's Attorney has recently received reports of numer-ous extortions which have occurred in surrounding Pennsylvania and Maryland counties. One such incident occurred late last week in this county and resulted in the taking of \$1,600 from one of our elder citizens. The mode of operation was as follows:

The extortionist represented him-self to be a bank examiner from the Federal Reserve System. In a telephone conversation with the victim, he stated that he had been checking he stated that he had been checking the accounts in a certain bank and had discovered that her account had been tampered with and that funds were missing from it. In order to catch the person tampering with the account, he requested that she write a check on her account in the amount of \$1,600 and then go to the bank and obtain cash for this check. He then stated that he would have a conthen stated that he would have a constable meet her, pick up the cash and hold it until the person taking the money from her account was caught. The "constable" was in reality the extortionist, who showed up on schedule, displayed a badge, and left with \$1.600 cash.

It is hoped that the public will be on the alert for such a scheme and that any attempts or incidents will be promptly reported to the State

# City Council Reorganizes

The Mayor and City Council met in special session on Monday night of this week for the purpose of rerganization.

Several items of old business were transacted before reorganization. The contract for installing the new water ine was awarded to George Harner. Council voted to take over the alley running from the George Motter property to Middle Street as soon as property holders along this right of way deed it to public use. Several property holders still have not mowed their lots within the compared line. their lots within the corporate limits. Property holders are reminded that Ordinance 180 requires all to keep lots in an orderly manner in residential areas — these unmowed lots being very unsightly to all living near them and creating a nuisance to same. We urge these property holders to consider those living near areas involved and to receive the near areas involved and to mow lots

After the transaction of all old business, incumbents Neal W. Powell, and George Naylor, Jr., along with newly elected Thomas Smith were sworn into office as Councilmen for four-year terms. The Council reor-ganized for the year 65-66 with Neal ganized for the year 65-66 with Neal Powell being re-elected President of the Council. Other appointments were made as follows. Congress to repeal section 14(b) of a gain of almost a third. The other the Taft-Hartley Act, which permits side of the picture shows, however, the states to pass Right-to-Work laws prohibiting compulsory unionism as ers with less than five years of grade a condition of employment. In the school and 5.8 million others with 19 states which have done so, every worker voluntarily decides whether to join or not, and is protected from coercion by either the union or the employer.

The unions argue that Right-to-Work is, in effect, a union-busting tactic and is designed to play havoc with union membership and the effectiveness of the unions in obtaining benefits for labor.

In the light of that, some information provided by James R. Wason, Specialist in Labor Relations, Legislative Reference Service, Library of Congress, is extremely significant. He says: "For the period 1958 to 1962, at least, the trend in (AFL-CIO) membership in major union states without Right-to-Work laws is more unfavorable than in Right-to-Work states." Specifically, union 2000 membership went up in 40 per cent of the Right-to-Work states, as against 30 per cent in the non-Right-

to-Work states. One reason for this, perhaps, is that the unions must do a better job where membership is voluntary rather than compulsory. They must sell themselves on the basis of service and Yes, why buy a used washer when make joining up a more attractive you can now buy a proposition to the worker. And they must be far more responsive to the

wishes of the rank-and-file. Finally, if a man can't hold a job without joining and paying dues to an organization, irrespective of his wishes in the matter, an absolutely - heavy duty wringer is no room for that kind of coercion - oversized motor for longer life in a truly free society.

# "FACTS AND OPINIONS"

Testifying before the Senate Finance Committee on the medicare proposal, Dr. Donovan F. Ward, president of the American Medical Association, said: "The American system \$10 DOWN-\$5 MONTHLY of medicine for generations has been a system of quality medicine practiced full price . . . only \$115.95 through a voluntary relationship be-

tween patients and physicians, with doctors free to make decisions based TANEYTOWN AND COMMUNITY on the patients' specific needs and nothing else. Forget for a moment the staggering, though unpredictable, cost of the pending program. Ignore the administrative problems that it would create, and the burden it means for wage earners at the low end of the income scale. Look only at the intrusion of Government in the field of medicine, which cannot be avoided if this measure is adopted. With the quantity of care thus restricted for the sake of controlling costs, the quality must deteriorate. The patient is the ultimate sufferer."

The National Industrial Conference Board reports that in 1950 the median income of American families was \$3,-319. In 1963, it had reached \$6,249, an increase of 88 per cent.

According to the head of the Standard Oil Company (New Jersey), nuclear energy now supplies one fifth of one per cent of the free world energy market; in 1971 its share will probably be about 1 per cent. Hydroelectric now supplies about 7 per cent; its share should be about the same in 1971. Coal now supplies 29 per cent; by 1971 its share will probably fall below 25 per cent. Oil and gas supply 63 per cent today; by 1971 this is expected to rise to 67 per cent.

# "Ahoy! Ahoy!"

January 1, 1879-Maryland's first telephone exchange opened for business. Chances are the Operator would have greeted you with the words "Ahoy! Ahoy!"—the very first telephone greeting, the expression used by Alexander Graham Bell himself in his experiments.

As shown above, Operators had to hand-connect all calls. But at that time there were only a few phones in use. Today, Marylanders make five million calls a day. If they had to be hand-connected, there wouldn't be enough women of working age in the state to fill the need for Operators.

Today's modern telephone equipment lets your calls go through much faster. And it has relieved the Operator of many purely mechanical jobs, leaving her more time to perform her most important one-helping you.

Sure, her job has changed over the years. So have most jobs at the Telephone Company. The only thing that will not change is the way all of us at C&P are working to bring everyone in Maryland the best possible telephone service.

As the "sort of unofficial" chair-man, I would like to have some candid opinions from those of you who send your children to Bible School: on such things as the paying for the material, for example. If you have any opin-ions at all, please let me know for I'm trying to get together some ma-terials to use for future records so that each year, getting ready for the school will not always be such a confusing job. Just because things "were always done that way" doesn't mean they can't (or possibly shouldn't) be changed. One thing now in our favor is that this new material is planned on a three-year basis. In other words, every three years we will use the same materials. This will help fi-nancially in that we can reuse teachers' books, any left-over pupils' books and all aids such as records and film strips. This is good. It also enables the teachers to become better acquainted with the materials and possibly do an even better job. let's hear from you and you and you and perhaps we can do an even better job next year. No one can carry the load alone: it takes working together. —Dharlys Fleharty

I am not quite sure if I have ever used this article in my letter or not. But I am giving it to you; perhaps it will cheer you and help you to cheer others. Sometimes we get so involved in the everyday things of life we forget to smile. This article says: "A Smile Costs Nothing, Gives Much.

A smile costs nothing, but gives much. It enriches those who receive, without making poorer those who give. It takes but a moment but the memory of it sometimes last forever. rich by it. A smile creates happiness | in the home; fosters goodwill and friendship; it brings rest to the weary; cheer to the discouraged; sunshine to the sad and is nature's best antidote for trouble—yet it cannot be bought, begged, borrowed or stolen for it is something that is of no value to anyone until it is given away. Some people are too tired to give you a smile, give them one of yours, as no one needs a smile so much as he who has no more to give.

# ORDINANCE NO. 2K

County Commissioners of Carroll County, Maryland

WHEREAS, by petition properly presented to the County Commissioners of Carroll County, by a majority of the property owners whose properties abut Fairground Avenue, First, Second, Third and Fourth Streets situate on the westerly side of Maryland Route 97 near Taneytown, (1st) Election District of Carroll County, Maryland, requesting said County Commissioners to construct or improve said Fairground Avenue, First, Second, Third, and Fourth Streets and thereafter to accept the same into the County Roads System for maintenance, in accordance with the provisions of Ordinance No. 2 of the said County Commissioners which was approved September 11, 1962, and as amended April 29, 1963; and

WHEREAS, at a public hearing thereon held in the County Office Building, at Westminster, Maryland, on June 4, 1965, at which the details of the construction and benefit assessments under said Ordinance were reviewed and explained, by a secret ballot, sixty-six and two-thirds per cent (66-2/3%) of said property owners voted in favor of such construction and assessment; and and assessment; and

WHEREAS, all other requirements for the approval of said petition and the adoption of an ordinance for such construction and assessments have been fully complied with and properly certified; and

WHEREAS, after the conclusion of said hearing the said County Commissioners of Carroll County did unanimously approve the said petition. NOW, THEREFORE, the said The County Commissioners of Carroll County, Maryland, a body corporate, by virtue of the authority aforesaid, do hereby RESOLVE and ORDAIN, as follows

1. That the construction and improvement of Fairground Avenue, First, Second, Third and Fourth Streets proceed and be made in accordance with plans and specifications for said improvement and construction as heretofore prescribed by the County Commissioners as follows:

a. Fairground Avenue south of Maryland Route 97 for a distance of 1537 feet, more or less b. First Street north of Fairground Avenue for a distance of 300

Make Dad Your 'Father Of The Year'

It took a woman to start "Father's Day."
Mrs. John Bruce Dodd of Spokane, Wash., originated the now famous day in 1910.
It was more than 25 years later, in 1936, that the day became

recognized nationally. A national Father's Day Committee met in New York that year to elect a "Father of the Year," an honor which is bestowed annually as a symbolic recognition of all fathers.

Famous "Fathers of the Year" have included former presidents Harry S. Truman and Dwight D. Eisenhower, Dr. Ralph J. Bunche and the late Gen. Douglas Mac-Arthur. These statesmen and military leaders participated in the signing of historic

documents. Allough most fathers today sign mainly family checks and report cards, they do a lot of writing. Scripto suggests you consider giving Dad for Father's Day in June, or his birthday, either a handsome ballpoint pen or mechanical pencil, to show him that he's your choice for "Dad of the Year."

Scripto Wordmaster pen and pencil sets are only \$2. The chrome cap Wordmaster pen alone is just \$1. Refillable model Scripto ball pens start at 29 cents. The famous Scripto mechanical pencils range from 39 cents to \$1.

If Dad is a smoker, you can make him happy with a gift boxed Scripto Vu-lighter at \$3.95. Leading drug, stationery and tobacco stores carry a wide variety of the scenic see-through Vu-lighters, which feature a vis-

ible supply of fuel. For Dad's desk, at home or office, you may wish to select a Scripto ball point pen desk set at \$2.50 or a combination write and light set, including the Vulighter, two ball pens and a handsome base, which sells for \$15.

Fine Arts and Faith

What would a worship be without hymns? The congregation cannot join actively in the preaching, but in the hymns, hymn-time, each person has as much active part as choir or minister. How many persons have left a church service renewed in spirit by the hymns which were sung there? An ideal church will not only be clean from attic to cellar, it will be housed in a place where artists have been at work. Poetry, and everything beautiful in a church, such as lighting, the chancel and stained glass windows, speak to us of the eternal glory of God. Deauty, the gift of God can lead men to him. Once in the busy and wicked city of Milan there lived a rather wild young man. His mother feared she might never see him again. This young man had seldom been a churchgoer. He thought religion was for sissies. His mother had often sissies. His mother had often talked religion with him, but in Milan he was attracted to a cathedral church of the great Bishop Ambrose. The services there were strikingly beautiful; and in time the young man was converted and he became a Bishop and wrote many books, many of which are still fresh. His mother had talked with him about religion, but Ambrose talked beauty and religion and it got under his skin, - and in Christ he became another man, one of the most influential for good and for God that Europe has ever seen. When this lover of all lovely things discovered that Christian life and faith are the loveliest of these, this marked the turning point, his conversion from darkness to light.

Two Dangers

But there are dangers in thinking of "art's sake," having some element in the worship which can hardly be called Christian. Beautiful isle of Somewhere" has a singable tune and soothing words: but it is not easy to read Christian meanings into it. Or again, some architects in planning a church sanctuary either forget or have never understood what it is they are building.

Is God In There?

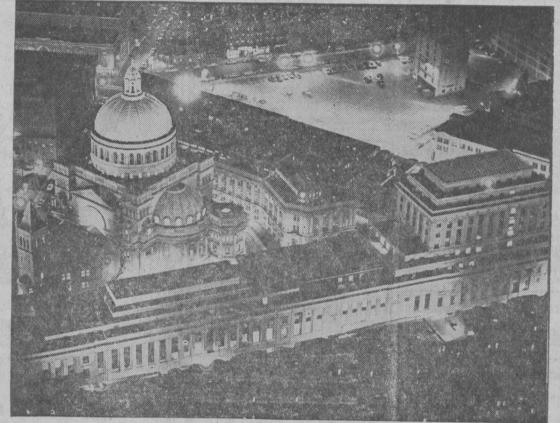

It is well known that King Solomon was a great builder. Of course he called in foreign experts. This can scarcely be wrong. Christian churches have at times called in experts and architects from all over. Churches have been built looking like gingerbread castles. They have been dimmed with expensive but inefficient lighting. But after all, what is a church or chapel? Solomon called his great temple a house of prayer. Dr. Charles Leber told of seeing a little girl sitting on the stoop of a church which he was entering. "Mister," the child said, "is God in there?" (Dr. Leber afterward wrote a book with that title.) If that question cannot be answered in the affirmatuve, if God is not in there, it makes no difference whether you have the highest paid choir, the most eloquent preacher, the best equipped rumpus room and kitchen in town. If God is not there, beauty will do no good. If God is not there then this congregation fits one of the best definitions of hell: being separated from God. Beauty and religion go hand in hand; but when beauty becomes an end in itself, a substitute for religion, the church takes a downward

The CRUSADERS MEN'S QUAR-TET from Philadelphia College of Bible will present a special program of sacred music at the Wakefield First Church of God on old Route 31, between New Windsor and Westminster on Tuesday, June 22, 1965 at 7:30 P. M. This program is part of a 10-week, 9,000 mile Summer tour which will cover many of the Southeastern states. The program will consist of challenging hymns, spirituals, and gospel songs, personal testimonies, a brief inspirational Bible message, and a pictorial presentation of the ministry of Philadelphia College of Bible.

The group consists of five young men, all students of the college. Norman R. Lawson, first tenor, of Westwood, Mass. Glenn A. Dundore, second tenor, of Palmyra, Penna. John R. Bair, baritone, from Elwood, N. J. C. Michael Reed, bass, of Bangor. Maine. John Barron, accompanist, of Leesburg, Virginia.

The Board engaged in a discussion with Mr. Maurice Wolfe, Director of School Maintenance, in connection with planned purchase of materials and planning of organization for roof repairs in many of the county school buildings. Action was taken to consider and give approval to the purchase of materials of instruction for 1965-66. After consideration of the bids, the award for the materials of instruction was made to Kurtz Brothers. Similar action was taken in convention with items when it the side of the convention of the bids. nection with items submitted for bid in the field of janitors' supplies and fluid for use in school duplicating machines. Contracts for furnishing these materials were awarded to Tony Bennett and Baer Paper Company.

The Board was informed regarding negotiations between the Carroll County Association for Retarded Children and the transfer of some unused land for the use of the association in connection with future development of their program.

The Board took important action to approve the plan for furnishing information and cooperating with a consultant to be employed for a study of school needs and facilities under provision of federal legislation authorizing support for this type of work The report was made to the Board of Education in a jointly prepared statement by Dr. Charles Ecker and Mr. George Grier. The Board authorized an application to be prepared for approval of federal authorities in connection with providing these services and it is hoped that approval can be granted and the survey completed so that publicity can be given to studies early in 1966.

The Board was advised of continued activity in connection with the en-rollment of employed personnel in the school lunch program and the Employees Retirement System. Action was taken by the Board to approve financial participation by the Board of Education in the implementation of the retirement plan system for cafeteria employees. This favorable action resulted from the appreciation of the Board of the important contri-butions made by employees in the school lunch program to the total

Consideration was given to the issues related to the organization of community college and after discussion the Superintendent was directed, with his staff, to plan for a public meeting to which any persons interested will be invited for an explanation of the organization and purposes of the community college and the support needed from local sources. (The Board was advised by the Superintendent that he would appear before the Economic Development Commission later in the day to present the community college issue and answer questions. Superintendent Jenness did appear at the regular meeting of the Economic Development Commission in the afternoon on June 9 and presented the information and issues of the junior college and answered questions from members of the commission. After this presenta-tion a request was made by the Superintendent for the Economic Development Commission to go on record as favoring the community college project. Action was taken by the commission to pass such a resolution unanimously. The Economic Commis-sion was advised in this conference that the Superintendent had appeared on June 8th before the Planning and Zoning Commission to present the same information, especially as related to the consultant project. Action by both commissions was favorable.

The Superintendent was further directed by the Board to prepare additional publicity on needs and issues related to the community college, especially those which would answer some of the questions posed in recent press releases published in the county and other newspapers.

# Swimming Pool Dedication Held

Under cloudless skies and bright sunshine Sunday afternoon, the Tan-eytown Community Swimming Pool was dedicated and officially opened in a 45-minute ceremony. About 250 persons attended the rites which began at 1:30 in Memorial Park in front of the bathhouse. The events marked the culmination of 15 months' research, planning, promotion and fi nancing for the pool project by the Taneytown Junior Chamber of Commerce and its auxiliary, the Jaycettes

"This is an important part of Tan-eytown's history," commented Neal Powell, President of the City Council, in his dedicatory address. He reviewed major events in the community's past—rich in historical significance since they include a visit from George Washington, encampment by Gen. George Meade during the Civil War, the residence of Francis Scott Key, and founding of the town in 1754. Climaxing Mr. Powell's speech was the dedication of the pool to the youth of greater Taneytown, "those that represent our future." A temporary black and white place at the pod white place of the pool plack and white plaque stating dedi-

cation facts was then unveiled.

Appreciation was expressed to the co-sponsoring clubs, the city government, the citizens, organizations, busi-nesses and industries of the area by all program participants.

Executive Committee Chairman

Wayne Baumgardner, paraphrasing the famous Gettysburg Address, said, "In a larger sense, we cannot dedicate this ground. The men and women, boys and girls who toiled for this project have dedicated it far above our poor power to add or detract. We . . . can never forget what they did here."

Miss Brenda Smeak, Miss Catherine Sanders and Miss Deborah Wiley responded to the dedication for the youth of the community, expressing their gratitude for this addition to recreational facilities.

recreational facilities.

Ceding pool ownership to the municipality, Dean Brown, President of the Jaycees and Mrs. Wayne Baumgardner, President of the Jaycettes, presented the keys to Mayor Raymond Perry. Harry Dougherty, Sr., Chairman of the Park Board, officially opened the pool.

The invocation, prayer of dedication and benediction were pronounced by the Rev. Howard Miller, Father Joseph Kenney and the Rev. William Wiley, respectively. Musical selections

Wiley, respectively. Musical selections were provided for the ceremony by the marching band of Taneytown Junior-Senior High School.

Master of ceremonies John M. Skiles, immediate Past President of the Lynge and the Lynge School of the Lynge Scho

the Jaycees, conveyed greetings from Governor J. Millard Tawes and dis-played the Maryland State flag awarded the pool by the chief executive. In commenting on the present impossibility of measuring how great an asset the pool will prove to be to Taneytown, Skiles said, "The project . . . can best be summed up as a

critic once reviewed a film: 'It's like holding an elephant on your lap and then realizing that it couldn't be measured, but knowing that it left a definite impression

The project's Executive Committee believes that the pool will prove to be a major asset to Taneytown, and, as stated in the printed programs for the dedication, hopes that the facility will be a landmark in the town's progress. "The pool stands as a symbol of total cooperation and of the spirit of the people it serves."

The Board heard a report from Attorney L. Pearce Bowlus regarding the submitting of a demur to the recently publicized injunction and its relationship to the building progress at the southern high school location.

The Board also heard a report regarding the planning of additions to the schools at Winfield and Mechanicsville. It is expected that projects will be ready for submitting to bidders during the month of June. It is A very special word of appreciation

A very special word of appreciation should go from each reader — as it comes now from us who guided the project — to this newspaper. The pages of the CARROLL RECORD have been our most valuable forum promotion and information While at times pool news may have seemed ponderous to many, it has been printed through necessity. We apologize for taking up so much "space"; in the future, pool news will be confined to a special column.

Thank you, Taneytown, for per-

mitting us to serve you. Very truly yours, The Jayces and Jaycettes June 15, 1965

The Board was advised of the successful completion of the outdoor cessful completion of the outdoor school project operated during the months of September, October, April and May. Reactions from this program were almost unanimously favorable and it is planned to continue the project in 1965-66.

The Board was also advised of the successful completion of twelfth grade attendance and graduation of pupils from county high schools the

pupils from county high schools, the total number being graduated, 829; 69 from the Taneytown High School, 114 from Sykesville High, 21 from Robert Moton High, 137 from North Carroll High, 89 from Francis Scott Key High, 315 from Westminster High and 84 from Mt. Airy High. The total enrollment in the county schools at the end of May 1965 is 12,374 pupils. Of this number 829 will graduate and an estimated 1300 will enter the first grade, which will be an expected enrollment for September 1965 of 12,845.

The Board adjourned at 1:00 P. M.
