CARROLL COUNTY GENERAL HOSPITAL ACCREDITED

Joseph R. McFerron, Administrator of Carroll County General Hospital, announced that the Board of Commissioners of the Joint Commission on Accreditation of Hospitals granted full accreditation to Carroll County General Hospital. This is the result of the evaluation of the hospital survey conducted on May 19, 1965, by Charles H. Morhouse, M.D., a field representative of the Commission.

Carroll County General Hospital was commended for maintaining the high standards of a well-organized, well-equipped, and well-staffed hospital which provides a high quality of patient care.

The Joint Commission is made up from The American College of Physicians, The American College of Surgeons, The American Hospital Association, and The American Medical Association.

The seal of accreditation is a symbol of confidence to the people we serve, confidence in your hospital and the people who are concerned with it. The certificate of accreditation gives the community assurance backed up by the medical and hospital professions that the welfare of every patient is entrusted to competent and dedicated hands.

Carroll County Planning Commission Reports

The Carroll County Planning Commission this week is finalizing its report on proposed zoning regulations preparatory to forwarding it to the County Commissioners. Chairman E. Miller Richardson indicated the report would be completed shortly and that draft three of the proposed ordinance would be made available to the County Commissioners and the general public for further study prior to any adoption.

Mr. Richardson noted that the Commission has now been engaged in six months of detailed study on the ordinance along with its Advisory Committees. Five public hearings were held in May by the Commission and it has since been in the process of reviewing all comments received at the hearings and since that time.

Members of the various advisory committees serving the Commission are as follows: Industrial, Clifton W. Warner, Leonard E. Sherman, Lloyd M. Elderice, Russell B. Morgan, Gerold S. Brickett, Frederick G. Schell, Edward Willard, Charles Schaffer, Joseph Beaver; Agricultural, John Bixler, Frank Bushey, Jonathan Dorsey, Lloyd Wildie, George Tracy, Francis Barnes, Edgar Sellers; Historical, Mrs. Edgar G. Barnes, Miss Elizabeth Billingslea, Edwin Englar, Homer Twigg, Stanford Hoff; Public Relations, Charles Mooshian, Charles Stonesifer, Pearce Bowlius, Mrs. Virginia Minnick, Dean Minnick, W. F. Church, Malcolm Rakestraw; Public Parks, Dr. James Earp, W. Teroy Stegman, James M. Shriver, Thomas R. O'Farrell, C. Read Hodnick; Residential, Mrs. Laura E. Miller, Mrs. William P. Atwater, Mr. Russell Ebeling, Mr. Carroll Crawford, Mrs. Raymond A. Rogers, Mrs. Ridgely Lee; and Signs, Harley E. Croft.

The Zoning Ordinance proposed by the Commission includes nine districts — conservation, agriculture, three residential, two business and two industrial districts. Special regulations are included on parking, trailers, signs, planned business centers (shopping centers), industrial parks, extra-active industries, cluster subdivisions and planned unit (residential) development.

In addition to the regular advisory committees, Mr. Richardson indicated that Ralph G. Hoffman, the Planning Commissions Counsel, along with representatives of the Bar Association, including T. Bryan McFirtire, A. W. Weller, and James W. Davis have spent considerable time on legal aspects of the regulations proposed. Members of the General Assembly, Wilbur Magin, William B. Dulany, Jacob Yingling, Preston Hale and Senator Thomas R. O'Farrell have also participated in the review of the proposed zoning measure.

Under enabling legislation which governs zoning regulations, the County Commissioners must review the ordinance and hold a public hearing before contemplating its adoption. It is anticipated that the Board of County Commissioners will announce a hearing date after receipt of the report from the Planning Commission.

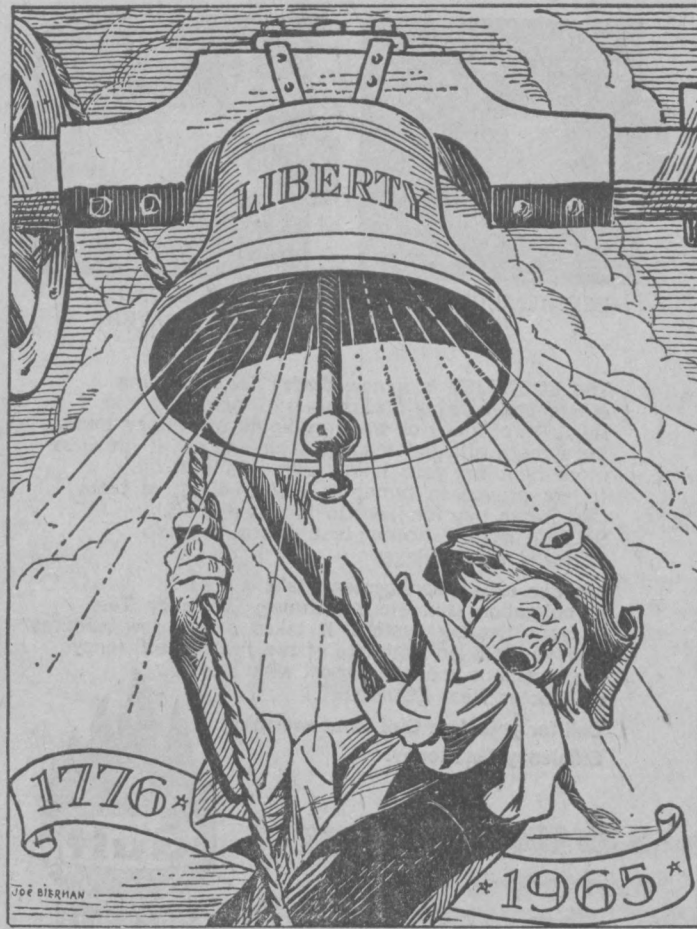

When supper was served Helen refused a second helping of ice cream with a polite but wistful, "No thank you."

"Do have some more, dear!" her hostess urged.

"Mother told me to say, 'No, thank you,'" Helen explained naively, "but I don't think she could have known how small that first helping was going to be!"

Thought for those who yearn for the good old times: one thing that isn't like it used to be is the older generation.

MAY IT RING FOREVER!

BELLS TO RING JULY 4

Maryland will join with the other 49 states for a simultaneous ringing of bells on the Fourth of July.

Governor J. Millard Tawes has issued a proclamation to focus attention upon our national heritage by the ringing of bells from public buildings, churches and schools starting at 2:00 P. M. Eastern Daylight Time and continuing for four minutes.

The hour was designated to symbolically commemorate the ringing of the Liberty Bell in 1776, and it provides a practical range in local time for all 50 states.

The Freedom Bells Committee is distributing copies of a folder containing information on the bell ringing campaign to radio and press groups, state officials, Chambers of Commerce, Historical Societies, American Legion Posts, D.A.R. Chapters, Ministerial Associations, Boards of Education, V.F.W. Posts, Boy and Girl Scout Councils, Maryland Municipal League, and other interested groups.

This is the third year in which Maryland will participate with the other states of the nation in observing the bell ringing program.

The Freedom Bells Committee is also urging the proper display of American flags from homes and public buildings on Independence Day.

TANEYTOWN JAYCEES ATTEND NATIONAL CONVENTION

Five couples from the Taneytown Jaycees attended the National Jaycee convention last week in Buffalo, N. Y. Mr. and Mrs. C. Dean Brown, and Mr. and Mrs. Harry Dougherty, Jr., Mr. and Mrs. James Fair, Mr. and Mrs. Ronald Hopkins, and Mr. and Mrs. Leonard Wantz, Jr. were among the more than 150 Marylanders in the "City of Good Neighbors."

Leaving Sunday morning, June 20, they joined the Maryland delegation near Harrisburg, traveling from there in caravan. The group stopped over in Corning, N. Y., Sunday night where they were hosted to a film and program at the Corning Glass Center.

After touring the plant Monday morning, the delegation drove on to Buffalo where official functions began with the "Get-Acquainted Party" Monday night. Featured were such top-flight entertainment as the Buffalo Bills quartette, the "Honey Girls," Cab Calloway, and the Glenn Miller Orchestra under the direction of Ray McKinley.

Among the important business conducted at the convention was the official changing of the name from the U. S. Junior Chamber of Commerce to the U. S. Jaycees. This should end the popular misconception that the Jaycees are connected with the Chamber of Commerce.

With a near deadlock between five contenders, the new National President was finally elected and installed at 6:00 A. M. Friday morning after balloting all night. The group returned home Friday.

COUNTRY MUSIC

The automatic washer vibrates rebelliously, a bereaved cow bawls for her calf, and the telephone rings incessantly. And yet, none of these rather distracting sounds can drown out the delightful melody of country music which I hear all around me. No matter where I go, upstairs or down, or what task I perform, it is always there, penetrating every nook and corner of our old house.

The music of course, varies with the season. In Spring, it is a hymn of victory over the fierce, bitter trummings of Winter. The little stream rushes merrily along, exalting in its freedom from ice and snow. Soft, pattering showers coax the frozen earth back to life, as the first spring peepers sound their magic notes. Robins chirp and red-wings and meadow larks take up the happy song.

In Summer, the warm scented air rings with numerous other bird calls — the loud whistle of a Cardinal, the liquid tones of wrens and song sparrows, the unmistakable call of the Baltimore Oriole and the distinct one of the bob-white, the high, strident song of the indigo bunting, the crowing of a pheasant. Even at night, a wide awake mocking bird may serenade us. On every side, the air throbs with the full-throated roar of tractors and the busy click-clack of balers, as the fragrant hay is brought in, and the fast-growing corn is cultivated.

Autumn brings the honking of wild geese and a lively chorus of katydids and crickets, as the curtain descends on another Summer. We hear the harvest sounds of corn pickers and silo fillers as once again the crops are safely gathered in.

This rich varied country music has become a part of me and I, in turn have become a part of it.

—ZOLA CANTWELL.

"SPICE 'N' EVERYTHING NICE" (Your Chatty Column)

With all my heart, I wish you every morning
A smile that shall last until the next day's
I wish you health—life's greatest wealth;
I wish you always near so that I may help
to cheer
Each future day and in some way—help to
bring you happiness!

Now, Summer has started and as always July is the hottest month and when those awful Japanese Beetles arrive!

Mrs. Housewife, in the Column previous, I stated as to that grand Cheese and wrote to the "Purity Cheese Co." in Wisconsin, to make inquiries just where it could be purchased. You know that State of Wisconsin is, "The Cheese State" and that Diet Snack — The Calorie-wise spread is just different. It is rich in milk protein — low in calories — full of the true cheese flavor — smooth to spread and is available in zesty Cheddar or Onion and is packed in plastic cups. It has only been on the market for the last 6 months. It is available in Giant Supermarkets. Ask your grocer to stock up on it immediately and give him the address. I know he will oblige you and you. A Mr. Royer, just 26 years ago started this business having been a dairy farmer. He started with one helper with his eight-year-old son to assist him! You should see pictures of the big business now! There is a big write-up in the March 1963 issue of "Telefood" Magazine.

Have easy desserts in your house that of "ROYAL" in the various flavors in the Summer for they will keep you cool!

The passing of the great man, Bernard Baruch was quite a shock to everyone. I will always keep the two beautiful letters he wrote to me!

"The Yellow Rolls-Royce" at the "Mayfair" with much glitter and dazzle and there will be the S T A R S in your eyes throughout the entire picture and here they are: Rex Harrison, Shirley MacLaine, Jeanne Moreau, Edmund Peadar, Ingrid Bergman, Wally Cox, George C. Scott, Alain Delon and Art Carney. It truly is all about a car. First it is owned by an English Nobleman, then a Gangster who vacations in Italy. It is taken to New York where the Marquess of Frinton (Rex Harrison) purchases it for his adored wife. Again Miss MacClaine is perfection as to her role in this picture. It seems strange to see Ingrid Bergman in comedy! It is just different and you will enjoy it.

Ladies, short, short hair is with us again which makes it nice for the hot Summer months. Eh? Then it will have time to grow for the Fall. Delayed answers for the following: Dear Observer:—I have a friend who is not really an invalid but always asks me to come to her house of an afternoon and I go about once a month and during that time the TV is on. I await thinking she will turn it off at the end of the story but she does not. Don't you think this is rude? I really do not feel like going there again. Do you blame me? Signed—Sincere Friendship.

Answer — Dear S. F. I do think that is very rude as TV can be turned on when guests are not present. That sure is a good way to lose one's friendship. I would not go back and when this friend asks the reason, be frank and tell her. —Your O. Dear Observer:—My husband and I (no children) live in a very old house with furniture we have had for many years (nothing wonderful) and we are up in years. I have begged my husband to sell our house and dispose of our things to go into a very modern new apartment, as we are financially able to do so but he will not budge, stating he is satisfied right where we are. I am sick of it all at my age of almost 70. Are there any suggestions? Thank you! Mrs. P. P.

Dear Mrs. P. P. There is a man in Frederick and his wife living in a lovely farm home and the wife wanted to do the same thing and exactly your story. The Doctor said to her just this:—"Do you want your husband or a new house or apartment? If you move, it will kill him so take your choice!" They are still there! Your O.

Dear Observer:—We are moving into a lovely apartment and I do have a fine pedigree dog and it would break my heart to give him up as I do not know if this apartment would accept him. Is there anything I can do about that? Signed — Constant Reader.

Dear Constant Reader:—Be sure and state the facts to the company who owns the apartment building and they will tell you if dogs are allowed. All New York Apartments permit it and I never was able to understand why they do not allow it in many of the new places in Baltimore. However, there are a few places here that do permit pets. I know fully how you feel. Nothing can take the place of a Pet! Good luck. —Your O.

Have a grand week-end, Folks. Be sure and love one another. Will be seeing you next week D.V.

I am,
Faithfully,
YOUR OBSERVER.
And—a P.S. —Just met a little lady of 87 years of age who has been to the Fair 4 times! I asked her what gives her so much pep and she replied quickly, "I am a very small eater!" Her appearance is of a woman about 60!

Would-be employer: "Young man, do you have references from your last place of employment?"

Applicant: "Yes, sir. Here's their letter. It reads: 'To whom it may concern. We had Sam Jones working for us for three weeks and we can truthfully say we are satisfied.'"

THURSDAY, JULY 1, 1965

INDEPENDENCE DAY

Independence Day will soon be with us. And many a person will wistfully and nostalgically wonder, "Whatever became of the old-time Fourth of July?"

There are various answers. The urbanization of the country is one. Mobility which, whatever its attractions, makes for family rootlessness is another. The enormous distractions of the present age are still another. And so is a preoccupation with material things which tends to obscure simpler and often more profound virtues.

At any rate, the Fourth our fathers knew was a special and unique observance. It was a happy combination of fun and reverence for the men and principles that make up our rich history. The flag flew everywhere. The speakers' stands in the town squares blazed with bunting, and the bands tirelessly played patriotic airs. Fireworks exploded endlessly, ranging from the ubiquitous firecracker to stunning set pieces celebrating great events of the past. It was a wonderful day for young and old.

Not the least of its attractions were the fiery addresses, made by well-known public figures of the time. Some of these, needless to say, were of a low oratorical level. But all of them had one thing in common. They paid tribute to freedom, and how it was won, and what was needed to maintain and defend it. The theme was patriotism—dedicated, unabashed. And every listener went away with a little better knowledge of our inheritance as a people and a little more determination to keep the spirit of the founders alive.

The old-time celebrations will be few and far between this year. But, whatever we do, wherever we go on that day, let us take a moment to think what freedom and independence, in the fullest sense of those words, mean—and let us determine that our heritage shall never be lost.

These schools will be under the direction of Mr. Franklin Gilds, Principal, who will be assisted in the administrative duties by Mr. Yohn. Mr. Yohn has a long period of service in the schools of Carroll County, having begun his teaching in 1930. He served as a teacher in the Mt. Airy Schools, the Woodbine School, and has been Principal of the Winfield School since 1942. He is a graduate of the Frostburg Normal School and has his Bachelor's degree from the University of Maryland. Mr. Yohn has studied at the University of Maryland and Western Maryland and has participated in a number of in-service workshops.

Other action was taken to approve the assignment of Mr. Louis Pecoraro, now Principal of the Sykesville Elementary School, to the position of principal in the Winfield School. Mr. Pecoraro is a graduate of the Duquesne University in Pittsburgh, Pa., and has served as a teacher in Carroll County since 1954. He has studied in the graduate field at the Towson State College and Western Maryland College.

The Board approved a proposal that continued work be devoted by the Superintendent and his staff toward the organization of the Community College. This was discussed and passed with the understanding that this work should begin following a general meeting open to the public at which time the issues related to the Junior College and its support will be presented. It is planned by the Board of Education that, if work is to proceed toward the community college organization, preliminary organization work for the college shall be in charge of John F. Woodson, Jr., now Director of Instruction for the Carroll County Schools. Further announcement regarding these plans will be made as soon as possible.

I don't mind people looking me up in Dun and Bradstreet, if they'll just promise not to ask the little woman.

BRIGHT IDEAS

FOR DELIGHTFUL FIRST IMPRESSIONS

The lighting in your entrance halls can introduce the distinctive personality of your home. For an effect both decorative and safe, install miniature fluorescent tubes in a row beneath the curved banister and a 20-watt fluorescent strip mounted under each tread.

Light scenic wallpaper and murals from above, as all natural lighting comes from that direction. A row of 40-watt fluorescent tubes mounted in back of a cornice provides soft general illumination for the entire area.

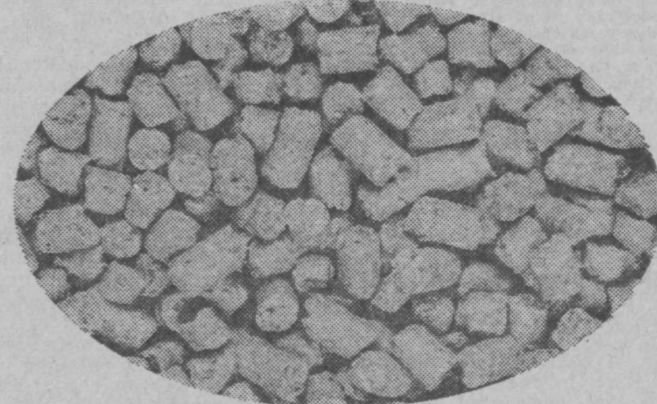

For interesting corner accent lighting, Sylvania's 48-inch, 40-watt fluorescent fixture shielded by four vertical baffles and a perforated central panel gives an even distribution of soft indirect light. A recessed fluorescent fixture with two 20-watt tubes supplies overhead light.

Old-fangled star-spangled savings scheme

There's nothing new about U. S. Savings Bonds. Millions of Americans have built their savings plans around them for years.

And that's the beauty of it. Bonds are a proven way to save—and they carry a guaranteed rate of interest. You'll get back \$4 for every \$3 you invest when your Bonds are held to maturity.

Just the tax angle alone is pretty enticing. You pay no state or local income tax on E Bond interest—and you can defer federal tax until you cash your Bonds. What's more, your Bonds convert easily into cash when you need it.

There's nothing old-fashioned about the way your Bonds go to work for your country. Every penny invested helps to keep America

strong and promote the cause of freedom.

Make U. S. Savings Bonds a regular part of your family's savings scheme. It's the old-fangled, star-spangled way to insure your future.

**Quick facts about
Series E Savings Bonds**

- ✓ You get back \$4 for every \$3 at maturity
 - ✓ You can get your money when you need it
 - ✓ Your Bonds are replaced free if lost, destroyed or stolen
 - ✓ You can buy Bonds where you bank, or on the Payroll Savings Plan where you work

There were 18 scouts and two leaders who enjoyed the camping over the week-end at Caledonia State Park in Pennsylvania. The Union Bridge troop were among the first to arrive and so were able to choose a good camp site. Seems there were a couple hundred other scouts who also decided to camp the same area the same week-end. The boys all seemed to have a fine time.

Special thanks are extended to all those who helped in any way with the Vacation Bible School held the past two weeks at Keysville: teachers, helpers, those who supplied transportation and refreshments and also the three ladies who took care of the picnic on Friday and their helpers.

There was an average attendance of 55. Several good ideas have been suggested for future schools and it is hoped to incorporate them into the program next year.

Hope they all enjoy their special day.

Guest speaker at Keysville Lutheran Church on Sunday was William Hauser, a student at the Seminary in Gettysburg. Mr. Hauser talked of the three letters of John being written during a time when heresies were prevalent among the people and a "don't care" attitude in the early Christian church. John asked the people to back their love for God with their actions. Their religion, Mr. Hauser said, was inherited—as it is with us today—and it was "taken for granted." The church was in danger because of their attitude and it is again today. We must change our ways and show our love for God in more than talk: in actions! Here, he said, a pastor has done all he can for us; now it is up to us to go into action and follow through on what we know needs to be done. This, in turn, will lead to a more satisfying relationship with God.

Keysville Lutheran Church Women will meet on Monday, July 5, with Mrs. John Blanchfield and Mrs. Roy Baumgardner as leaders. Mrs. Lloyd Wilhide and Mrs. John Harner have specials and Mrs. Carroll Dougherty, Mrs. James Coshun and Miss Vallie Shob will be hostesses.

Flower committee for July at Keysville Lutheran Church will be Mrs. John Blanchfield, Sr., chairman; Mrs. Ralph Shildt, Mrs. James Coshun, Mrs. Fred Scheller and Mrs. Roland Koons.

It was my privilege to attend the Convention of the Maryland Lutheran Church Women at Gettysburg Col-

lege last Wednesday and Thursday as the delegate of the Keysville LCW. It was truly a most rewarding experience. I have enjoyed the District Assemblies but the talent in this Synod is just amazing when one has the opportunity to see it displayed.

Some examples are the art work, the creative art displays, the pre-convention booklet itself, the symbols shown on the stage, the Spotlight on Missions presented Wednesday evening, the marvelous speakers: I could go on and on. The meetings moved right along; only one speaker had to have time called on her and each and every speech had good points and they were well made. The speaker I most enjoyed was Mrs. Ruth Grieg Horting. I don't know when I have heard a speech so precise and to-the-point and no excess wording. She talked on "The Role of the Christian Woman in Social Action." Our own Mrs. Markley and Mrs. Howard Miller, wife of the pastor in Taneytown, were very much a part of this convention and the work involved and they truly deserve a lot of credit for it. I enjoyed it so much and feel I received so much from it that I'm already looking forward to the next one. Hope you can go also.

Don't forget to get your newspapers, magazines and rags ready for the paper drive July 10 by Boy Scout Troop 330 and Cub Pack 459. Call Jack Harris 775-5393 or Berman Weeks 775-2215 for pickup outside Union Bridge. Please tie bundles securely.

A New Church in Carroll County

The Evangelical Methodist Church of Carroll County will hold its first worship service at the Bird View Hunt Club on July 4, 1965, at 2:30 P. M. The Hunt Club is located on Bird View Road just off Rt. 32 between Gamber and Smallwood, Md. The public is cordially invited to attend this as well as subsequent meetings.

The formation of the new church is under the leadership of the Rev. J. Franklin Burke, Jr. The Rev. Burke has studied at Fort Wayne Bible College in Indiana; is a graduate of Eastern Baptist College, St. Davids, Pa.; and has been working toward his Bachelor of Divinity degree at Reformed Episcopal Seminary in Philadelphia and Wesley Theological Seminary, Washington, D. C. Rev. Burke has been licensed by the Evangelical Methodist Church of America and retains the rights and privileges to perform all phases of the ministry.

The Evangelical Methodist Church is dedicated to the maintenance of "the faith once delivered to the saints." Briefly, this entails the belief that the Holy Scriptures are the verbally inspired Word of God; that the Lord Jesus Christ was the Virgin-born son of God; that man is totally depraved and lost and needs a saviour; that the Lord Jesus Christ was that substitute sin offering by which man can be restored to fellowship with God; that the Lord Jesus Christ becomes the Saviour of all who come to Him by faith; that the resurrection of the Lord Jesus was literal, bodily; that the Lord Jesus Christ is coming again soon to receive the redeemed unto Himself.

DONALD LAWYER, left, new President of the club receives gavel from the retiring President, Thomas Smith, right.

LETTER TO THE EDITOR

Dear Editor, You might call it a "State of the Union" address that Otto E. Passman of Monroe, La., a very worried Democratic Congressman in his 19th year of service in the House, made to a group of business people in Chicago recently. What he said should have been heard or read by every American—but all too few had the opportunity. And, in any case, the following excerpts will bear repeating: "Our country is at a crossroads. The November election brought many changes to Washington. Nevertheless, I do not believe that the voters have given a mandate to the President to bankrupt America and destroy our sovereignty, or to the Congress to rubber-stamp any and all proposals submitted by the President.

"Most of the legislation being rammed through the Congress at this time is as socialistic as any legislation to be found in an acknowledged socialistic state. . . .

"We hear much about the 'Great Society' planned for this age. It would be more appropriate . . . to refer to the President's proposals as the 'Great Socialistic Society'. The one word 'Socialistic' makes the difference between the label on the Administration's programs and what we will have in the end. . . .

"The spirit of self-reliance that animated the earliest settlers and which for more than a century and a half inspired Americans to exercise their initiative and develop this country through hard work while preserving their independence from too much government is disappearing. . . .

"My friends, we are not creeping—we are running—toward a socialistic form of government in America. "May I say to you that under the first 16 months of operation of the 'Great Society' calendar year 1964 and four months of 1965, the Executive Branch, dealing with an extremely responsive Congress, secured the adoption of more socialistic legislation than during the previous 176 years of existence of our Government. Here are some of the new programs approved or pending:

"Manpower Development and Training, Youth Employment, Accelerated Public Works, Community Facilities, ARA Amendments, Mass Transit, Appalachian Aid, War on Poverty, the Food Stamp Plan, Federal Aid to Education, Medicare, socialized medicine, subsidizing of rents.

"It is estimated that the first year's cost of these super-duper programs will exceed \$8 billion, and at the end of the tenth year will have exceeded

\$100 billion. And it would appear that the programs to be submitted during the remainder of calendar year 1965 to promote the 'Great Society' will make the cost even greater.

"... I predict the people's reward will be a complacent society, with free private enterprise shackled with government control . . . incentive deadened and initiative paralyzed, and with the Government controlling the individual's life from the cradle to the grave. . . . In the end, our reward for complacency: A socialistic form of government in America. Can it happen?"

Amen, Bob Taylor

BANK MERGER BILL

The Maryland Bankers Association at its annual convention adopted a Resolution in support of Senate Bill 1698 which was introduced by Senator A. Willis Robertson and passed by the Senate several days ago.

The bill would restore the original intent of Congress as contained in the Bank Merger Act of 1960 that regulation of bank mergers be in the jurisdiction of the appropriate banking supervisory agency. The bill also provides that no proceeding shall be instituted or prosecuted by the Department of Justice under the general anti-trust laws with respect to any bank mergers heretofore or hereafter approved by the appropriate Federal regulatory agency pursuant to the Bank Merger Act of 1960, which were approved by the appropriate state or Federal bank supervisory agency.

The tests are given to determine the combat readiness of each soldier and his unit.

Weaver, a combat construction specialist in Company D of the 8th Infantry Division's 12th Engineer Battalion near Dexam, entered the Army in December 1962. He was last assigned at Fort Knox, Kentucky.

Weaver, who attended Taneytown, Md., H. S., was employed by Teeter Stone, Inc., Gettysburg, Pa., before entering the Army.

HARNEY BREAKS SHUTOUT STRING, BUT TIGERS WIN 6-2

The Harney Bombers broke the Tiger's 40-inning scoreless skein in the first inning but Taneytown came from behind to win, 6-2, last Wednesday on the losers' diamond. Ernie Combs lashed a double and triple and Graham Wildasin belted a double to lead the Tiger attack. Morgan Storey was the winner with a two-hitter.

Taneytown got on the scoreboard in the third inning when Don Favorite singled with the bases loaded for one run and Ernie Combs hit a two-out single for three more tallies. In the fifth, Wildasin doubled for another score and the Tigers wrapped it up in the seventh on a triple by Combs, who scored on a wild pitch.

The Tiger's ace leftie, Walt Donohue, avenged his only season's loss as he struck out 17 and allowed only five hits in turning back Littlestown under the lights on Saturday at Memorial Field. Walt lowered his earned run average to 0.95 and he lost his shut-out in the eighth frame when Jimmy Myers lost a fly ball in the lights. It was the first time in 35 innings that a run crossed the plate on Donohue. The final score, 8-1.

As before, the Tigers scored a run in the first on a passed ball. In the second frame, five tallies were recorded on a bases loaded walk, a single by Jimmy Myers, a ground out and Ernie Combs' single.

The fourth inning was spotlighted by Don Favorite's homer with a man on for two more runs. It was Taneytown's seventh straight win to set a modern club record for consecutive victories.

DID YOU KNOW?

"Summer squint" is the name given to the uncomfortable reaction to glare. Squinting itself often causes daylight automobile accidents while night vision can be reduced 50% or more by exposure to glare.

Your whole system is drained when eyes compensate for the abnormal condition of glare. Distorted lenses found in most "bergain" sunglasses also cause a drain on energy which leads to overall fatigue.

Thus, a good pair of sunglasses should be considered an essential part of the dress of anyone who is in the sun or driving an automobile. Bausch and Lomb makes Ray-Ban sunglasses which are scientifically correct and, at the same time, in the midst of the fashion swing.

BRIGHT IDEAS

FOR KITCHEN LIGHTING

Lighting in today's kitchen should be both functional and decorative. For instance, incandescent bulbs in ceiling fixtures provide good local or general illumination, and—with an attractive lamp shade—can add just the right touch to your kitchen decor theme.

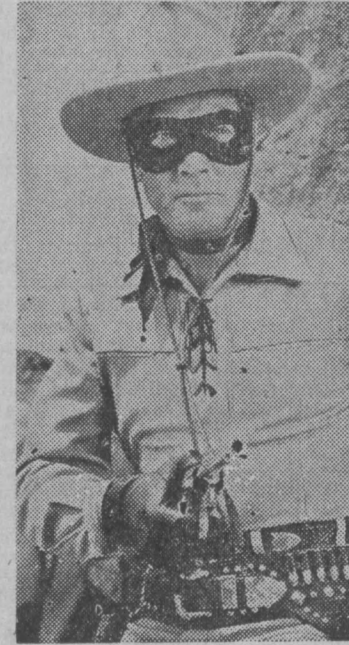

Instead of a light source in the middle of the kitchen, surface-mounted or recessed fixtures can be arranged off-center. Completely shielded Sylvania single or double-lamp fluorescent fixtures can be built in square or rectangular patterns to conform with the overall plan of the kitchen.

Separate lights for the popular kitchen dining area or nook can—together with under-cabinet lights—create as much atmosphere in the kitchen as in a formal dining room. Fixtures should be properly shielded and give both upward and downward light distribution. They can be in period or contemporary styling.

THE BIBLE SPEAKS

International Union Sunday School Lessons

BY DR. KENNETH J. FOREMAN

Extraordinary Men
Lesson for July 4, 1965

Background Scripture: I Corinthians 3: 11
11 Corinthians 3:11-20
Devotional Reading: John 3:16-21.

A YOUNG GIRL from the city was having her first visit to a farm. The calves interested her; she had never seen a live one before. An idea struck her and she said to the farmer: "Do you think it really pays to have cows as small as that?" No, of course it wouldn't, if the cows grew no larger. In the farmer's eye those calves had a future. The farmer did not expect Dr. Foreman them to grow into saleable cattle overnight. The same goes for other crops. There's many a crop that hasn't been gathered by the fourth of July. The farmer is very much interested in what the casual observer can't see at all. The farmer counts on growth. He judges his success by an invisible standard, the perfect cattle, the perfect crop.

Sharecroppers
Saint Paul was a city man but he uses figures of speech that show he was interested in what goes on in the countryside. He speaks of himself as a planter, and of his friend Apollos as the man with the watering can. He and Apollos, Paul suggests, are not the owners, they are simply sharecroppers in the fields of the true Owner who is God.

But what was the crop for which these men worked and waited? Men. And where were these men? You might see all Paul saw with your physical eye and miss what he saw with his inner eye. You might have seen a city parish and a little group of worshipers, but anyhow all grown-ups. What Paul saw in his mind's eye was a lot of babies. Now babies are lovable and "cute," but if a person is still a baby at an age when he should be an adult, it is nothing to smile about. Paul knew the people he was talking about. They were all saved — he had no doubt of that. They were mostly grown persons to the observer's eye; but as Paul saw them, they were no more than a batch of retarded Christians, Christians who had never grown up. A modern church likewise can be a discouraging sight to the minister, or any one with eyes to see beneath the surface. The church building may have developed the latest architecture and the church's parking lot may have many Cadillacs in it; but that's not what makes a church. The question is: Are these people growing as Christians, or are they still babies?

Growing from . . .
There are basic foods for animals and plants. Selecting these foods and using them wisely is a useful science. There are many reasons for wanting little children to grow up, and one is: a lifelong baby is a pitiable sight. Such a creature needs to be helped whereas normally he should be able and willing to help others. He doesn't know his own condition, he has nothing to contribute but confusion.

Growing To . . .
Whether you are raising babies or barley, the things you are working on don't offer you much help. If babies and barley were left to themselves, they would soon be destroyed. Now those people at Corinth, whom Paul knew so well, might have had the impression that since growth is God's gift, they needed to do nothing at all about it. Quite the contrary. A pianist grows more skillful by practice. Every art is the same way; real progress cannot long be made if the growing artist never practices what he knows. You don't grow by wishing, you don't grow by being inculcated with virtue. The Christian life begins with Christ, in what God has done through him, his life and death and resurrection. But while Christ is the foundation, we have to add to that foundation if we are going to grow. God will never force us to grow; he lets us be babies if we insist!

What's New At The Fair?

The second year of the New York World's Fair promises to be more exciting than 1964. Some of the leading pavilions have made changes, additions and, in some cases, presented something entirely new for this year's visitors.

New fashions, costumes, songs and dances in the 1965 "Wonderful World of Chemistry," musical revue at the New York World's Fair are celebrating what's new at Du Pont—in the Du Pont Pavilion, 48 times a day.

Waiting for GE's popular Progress-Land promises to be easier this year. A bright blue and white canopied waiting area, called "Progress Lane", has been erected to protect visitors from the heat and rain.

A new musical show, Holiday With Light, will be presented at the Tower of Light, the investor-owned electric utility companies' exhibit. At night, celebrities will turn on the 12-billion candlepower Tower of Light.

Dressed Up Muffins
There's nothing ordinary here! Oh, yes, that box of corn muffin mix is probably an "old hand" around your kitchen — that is, if you really know how to streamline work and get fabulous results. Just see how a bit of dressing up makes these corn muffins even better.

To please every member of the family would be quite a feat for any mom, but with Orange Glazed Date-Nut Muffins you should be able to come through with a big blue ribbon. Added to the good corn flavor of this muffin mix are those favorites of everyone from junior to dad — peanuts and dates inside and a scrumptious orange glaze atop. Mmm, so good!

Wow — watch them go, glazed 'n hot from the oven. It's a good thing you've another box of Corn Muffin Mix in the cupboard, mom. The family will be waiting on breakfast if you drop a hint about serving Orange Glazed Date-Nut Muffins. Try them and see!

Public Hearing Scheduled on Carroll Community College

A public hearing has been scheduled for Wednesday, July 7, 1965 on the proposed Community College for Carroll County, according to a notice of the Board of Education. The hearing is scheduled to be held at the Westminster Jr. High School.

Delegate William B. Dulany had requested the hearing in a letter addressed to the Board of Education on June 1, 1965. He stated that a number of questions had been raised in the County about the proposal, and asked for an informal hearing at which interested citizens could be heard and questions answered. (See excerpt of questions below. —Ed.)

Dulany stated that he was pleased that a hearing had been arranged, and urges all those in Carroll County who have an interest in the project, as well as all those who may have questions about the plans, to attend the hearing.

It is expected that the results of studies or surveys that have been made will be available. Dulany indicated that some of those present may have alternative plans that should be considered by the Board of Education before a final determination is made.

Vocational educational facilities and adult education courses are also of concern to many citizens of Carroll County. Some feel more emphasis should be placed in these areas at this time. Also, the possibility of a regional community college might be considered.

Some of the questions which have been raised are as follows:

1. Has a survey or study been made to determine the approximate number of students of this County who would attend such a college? There are about 45 Carroll County students attending Community Colleges elsewhere. Studies indicate that a Community College should have about

500 students to be of optimum practical size. How many Carroll Countians are interested in attending such a college?

2. Has a survey or study been made to determine whether such a college can be adequately staffed? More schools and more colleges may definitely be needed, but the shortage of teachers and qualified personnel to staff the facilities can cause serious problems. If we are to have a Community College in this County, we want a first rate school, adequately staffed.

3. Has any consideration been given to the forming of a Regional Community College in conjunction with Howard or part of Baltimore County? A regional facility can divide the costs and bring in more students. The cost per student is usually less with a larger facility. Also, faculty could be drawn from a larger area.

4. Have existing facilities for students of this County wanting to go to college been exhausted? Are Western Maryland College facilities for day students being used to the fullest extent? We are in close proximity to many schools in Baltimore. Perhaps it would be more economical for the County to pay a part of the expenses of County students going to college elsewhere until a sufficient potential student body is established.

5. In what part of the County should a Community College be located? With Western Maryland College already in Westminster, and the County's growth developing very rapidly in other areas as well, serious consideration should be given to another location.

6. Should the burden and responsibility of a Community College be assumed by our County Board of Education or should the facility be operated by a semi-autonomous group?

7. Should the Community College be tied into a vocational school or operated in conjunction with vocational and job training facilities for high school graduates in this County.

Very truly yours,
WILLIAM B. DULANY.

A Welcome Spring Sweet:
Sunny Strawberry Chiffon Pie

Welcome Spring with a delicious new dessert that's lovely,
light and luscious! Pretty pink strawberry filling swirls high in
a crunchy pie crust of crushed vanilla wafer crumbs, flavored
with mace and bordered by a scalloped edging of whole wafers.
Serve it as the main attraction at afternoon tea or a grand finale
at family dinner. Either way, this easy no-bake pie will have
guests calling for encores. And here's how to make it:

Sunny Strawberry Chiffon Pie

- | | |
|---------------------------------|---|
| 1 1/4 cups Sunshine Vanilla | 4 eggs, separated |
| Wafer crumbs | 1/2 cup sugar |
| 3 tablespoons sugar | 1 tablespoon lemon juice |
| 1/4 teaspoon mace | 1/8 teaspoon salt |
| 6 tablespoons melted shortening | 1 package frozen sliced strawberries, 10 ounces, thawed |
| Whole vanilla wafers | 2 to 3 drops red vegetable coloring, optional |
| 1 envelope gelatine | |
| 1/4 cup cold water | |

Roll wafers into fine crumbs between two pieces of waxed paper. Mix with 3 tablespoons sugar and mace; add melted shortening and blend well. Press mixture evenly and firmly over bottom and sides of 9-inch pie plate. Press whole wafers on edge around sides for scalloped border. Refrigerate for about an hour. Sprinkle gelatine on cold water in small saucepan; stir over very low heat until dissolved; set aside to cool. Lightly beat egg yolks and place, in top of double boiler with sugar, lemon juice and salt. Stir over hot, not boiling water, until sugar is dissolved and mixture thickens slightly. Remove from hot water, stir in the thawed berries and coloring if desired. Blend in melted and cooled gelatine, chill, stirring occasionally, until mixture is the consistency of unbeaten egg whites. Meanwhile, beat egg whites until stiff but not dry; gently fold into chilled gelatine mixture and pour into chilled crumb shell. Refrigerate at least 2 hours before serving. Yield: 6 servings.
