Church Celebrates 75th Anniversary

St. Paul's Lutheran Church celebrated its 75th anniversary on Sunday, October 17, beginning with the morning service. The Jr. Choir sang a special number. The Rev. Dwight Putman gave a very inspiring address. Greetings were given by Rev. Charles E. Held and Rev. Mervin Fryer, Jr. The congregation was very glad to have them and their families with them; also, all other guests.

Following this service the ground breaking ceremonies were held for the new Sunday School rooms.

The Ladies Aid Society then served lunch for all members and friends in the parish hall. Everyone enjoyed an afternoon of fellowship.

An evening service was held at 7 P. M. with the Senior Choir singing a special number and also the Men's Chorus from Taneytown favored us with two very fine selections. The address was given by Rev. Howard Miller of Taneytown, which was also very inspiring. Greetings were extended from Rev. Held and Mr. Mervin Fuss. Rev. John Fry closed the service with prayer.

The congregation was very glad to have these ministers, former members of the church, and all friends help celebrate this anniversary.

State Scholarships Available to Students

The Maryland State Scholarship Board today announced plans for conducting the State-wide competitive examination for the three State Scholarship Programs. The examination will be held on Saturday, November 20, 1965 in test centers throughout the State. Testing will take place in Carroll County in the Multi-Purpose Room at the Westminster Junior High School.

A student who takes this competitive examination may qualify himself as an eligible candidate for a General State Tuition, a Teacher Education, or a Senatorial scholarship. A student who has not previously attended a school or college rank may compete for any one or all three of these State scholarships. Students already attending college may compete only for a Teacher Education or a Senatorial scholarship.

Registration for the examination will take place during the month of October at all public and nonpublic high schools in the State, and at all institutions eligible to participate in one of the scholarship programs.

Further information may be obtained from the counselor or principal in each high school. A pamphlet describing in detail the Three State Scholarship Programs may be obtained from the State Scholarship Board, 301 West Preston St., Baltimore Md. 21201 or from any local high school.

Senatorial scholarship vacancies for Carroll County students for the 1966-67 academic year will be available at the eligible institutions listed below. A full scholarship covers the cost of tuition, room and board. A tuition scholarship pays for tuition fees only. One full scholarship vacancy exists at each of the following institutions—College of Notre Dame, Johns Hopkins University, Loyola College, Mt. St. Agnes College, Mt. St. Mary's College and Saint Joseph College. There is a tuition scholarship vacancy at Maryland State College.

Airport Facility for Carroll County

The Carroll County Economic Development Commission at its meeting on October 13 adopted a report indicating that an airport facility for Carroll County is "feasible, practicable, and desirable." The Commission action also recommended its immediate presentation to the County Commissioners who requested the study be made in 1964.

The special study was conducted by a special committee of the Economic Development Commission, headed by Charles D. Schaeffer. Included on the Committee in addition to Mr. Schaeffer was Scott S. Bair, Joseph H. Beaver, Jr., Landon C. Burns, Frank T. Dunham, Lloyd M. Elderdice, Dr. Earl Griswold, Walter T. Haines, Jr., Nelson J. MacLeod, Weldon C. Wilkinson, Edward L. Williar and Geo. A. Grier.

The findings and recommendations as submitted to the County Commissioners further stated—

Summary of Conclusions and Recommendations

The special committee assigned by the Carroll County Economic Development Commission in 1964 to conduct a feasibility study on the need of an airport facility in Carroll County presents herein the following general conclusions and recommendations. The report itself will bear out these conclusions and recommendations in greater detail and, if adopted by the Economic Development Commission, can be used as a guide for the County Commissioners of Carroll

MRS. FIFE TO SPEAK

The Carroll County Chapter of the Woman's League of Gettysburg College will hold its annual Fall meeting at Grace Lutheran Church, Westminster, Monday, October 25, at 7:30 P. M. Members are urged to attend.

Mrs. J. Frank Fife, an able and enthusiastic speaker, will bring the message. Election of officers will be also held at this meeting. The public is cordially invited to attend.

ZONING ORDINANCE EXPLAINED

This is the fifth in a series of weekly discussions on the Comprehensive Zoning Ordinance adopted for Carroll County. Future discussions will be included in this newspaper on each of the vital phases of the zoning regulations.)

The administration of any set of rules and regulations is one of the most important features governing the effectiveness of such rules and regulations. This is true of a zoning measure and will be the item of discussion in this part of the series on the new zoning ordinance.

A Zoning Administrator is responsible for administering and enforcing the provisions of the Zoning Ordinance. He is a person who is appointed by the County Commissioners after the receipt of recommendations from the County Planning and Zoning Commission. The ordinance requires that he be a resident of the county and be qualified by education, previous experience, or training for the work in zoning administration.

One of the key features in Article 16 under "Administration" is the requirement that any department, official, or employee of Carroll County who is vested with authority to issue permits or licenses may not do so if there would be a conflict with the provisions of the zoning ordinance.

All uses of buildings, structures or land or parts thereof, converted, created, erected, changed, converted or enlarged require the issuance of a zoning certificate. Applications are made in the Building Permit Office, County Office Building, Westminster and request plans drawn approximately to scale showing lot size, size and location of the buildings.

If all requirements of the ordinance are met as to use, height and yard requirements, lot size, parking as well as other conditions required in the ordinance, a zoning certificate is approved conditioned upon compliance with health, roads, planning and other requirements. Records of all zoning certificates issued are on file in the Office of the Zoning Administrator.

If a violation is noted or called to the attention of the Zoning Administrator and is verified, the owner or responsible person is notified by certified mail, indicating the nature of the violation, and ordering the correction and compliance. Unless, within a reasonable time, the violation is corrected, the Zoning Administrator is required to take the necessary legal steps to insure compliance with or prevent violation of the provisions of the ordinance.

Zoning Certificates issued are void in one year after issuance if such use or construction has not been started. At present, no fee is being charged for zoning certificates or building permits, however, the County Commissioners are completing a study on all administrative costs preparatory to determining the advisability of charging a fee to cover part of the costs of administering the building permit office and zoning administration.

Next week the Board of Zoning Appeals will be the subject of the series.

LOCAL FEED MEN ATTEND MERCHANDISING CLINIC

Mr. Leroy D. Crowder, Mr. Harry Hahn, Mr. Kenneth Airing, Mr. Donald Baker and Mr. Raymond Carbaugh employees of Southern States Taneytown Coop. at Taneytown, Md., has just returned from a special merchandising clinic held by Southern States Cooperative for its retail personnel at Manassas, Va.

The session covered advertising, radio, direct mail; proper use of facilities; telephone courtesy; use of merchandise display equipment and the influence of people in making sales. The climax of the meeting was an actual sales room laboratory held in a local Southern States retail outlet.

The session was one of 12 held by the cooperative for its personnel at selected points in its five state operating territory.

GLEE CLUB AT MT. SAINT MARY'S COLLEGE BEGINS REHEARSAL

The Mount Saint Mary's College Glee Club has begun rehearsals for the 1965-66 concert season at the Emmitsburg, Md., campus according to Rev. Dr. David W. Shaum, director and moderator.

Father Shaum reported that this year's group has been selected from the largest number of aspirants auditioning in the club's history. This year's schedule will include a joint concert with Molloy Catholic College for Women, Rockville Centre, N.Y., and Rosemont College, Philadelphia; and also with the Deutscher Damenchor, Baltimore.

A highlight of the season will be a proposed concert series for members of the armed forces and their families in Puerto Rico. In addition to the soloists, a close harmony group and a folk singing quartet again lend variety to this year's repertoire.

Trick or Treat Night — October 30

Saturday night, October 30, has been officially designated as "Trick or Treat" night in Taneytown. This announcement comes from the Mayor and City Council. Officer Boone will keep close watch on youngsters ringing door bells other nights of the week. Parents are urged to cooperate with this notice.

The Town Office will be closed during the week of October 25 due to the Town Secretary being on vacation.

The citizenry is reminded of the Open House to be held this Friday evening, October 22, from 6:30 P. M. to 9:30 P. M. Light refreshments will be served. It is hoped many will visit their new City Offices and talk with their representatives serving on the City Council.

DISTRICT REPRESENTATIVE OF SOUTHERN STATES COOP.

William T. Milleson

William T. Milleson of Springfield, W. Va., has been re-elected to the Southern States Cooperative's Board of Directors for a three-year term at a meeting of the representatives of the cooperative's members held October 14 at the Lee-Jackson Hotel in Winchester, Va.

He will represent a district comprised of western Maryland, eastern West Virginia, and northern Virginia. He will be confirmed at the annual stockholders meeting of the cooperative to be held November 11-12 in Richmond, Va.

Milleson, a livestock farmer, is a former member of the West Virginia Legislature, from 1937 to 1942. A Farm Bureau member since 1940, he has been a director of the West Virginia Farm Bureau for several years and is active in the Hampshire County Farm Bureau.

He is vice president and a director of the First National Bank of Romney; vice president and director of the Farmers Livestock Exchange at Winchester, Va., and vice president since 1962 of the Hampshire Development Corporation, a group formed under the Rural Development Program.

Milleson is a member of the Springfield Methodist Church where he has served as chairman of the board and as trustee. He is a past master of the Masonic Lodge in Romney and a member of the Springfield Ruritan Club.

In 1963, he led a group of West Virginians on a People-to-People tour of the Soviet Union and other European countries.

Approximately 81 persons, including the official delegates, local board members and Southern States Agency managers, were on hand for the day-long session.

The program included an address by L. O. Brumback, director of membership relations for Southern States Cooperative, who discussed the "managers and directors role in member relations of Southern States Cooperative."

Martin Zimmerman of Taneytown was chairman of the meeting while Fred G. Butler of Inwood was secretary.

Delegates to the meeting also elected a nominating committee to serve a three-year term. Members of the committee are Martin Zimmerman, vice chairman, of Taneytown; Raymond Keilholz of Emmitsburg, Md.; Samuel Donley, Jr., of Shepherdstown, W. Va.; and H. H. Ankers, chairman, of Vienna, and William H. Cockerill of Purcellville, Va.

LETTER TO THE EDITOR

Dear Sir:

I saw the letter in The Carroll Record about the "PTA and the John Birch Society."

I believe it would pay all parents and teachers to get the book, "The Life of John Birch," and read it, then they would know why the society called by this young man's name was started and that it does not mean to take away any of our rights but to try to protect our rights.

"SPICE 'N' EVERYTHING NICE" (Your Chatty Column)

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth;
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

Did you know that all school children in Japan wear red hats so as "Traffic" will see them and there won't be any accidents?

Now, here is a cute one which I heard visiting a dear friend whose daughter of 30 was at home due to the "Columbus Holiday." The bell rang and she went to the door and I saw her face turn scarlet as she took in the packages delivered from a department store. Her hair was up in curlers, a blue net cap tied under her chin, white make-up for her lips (which I was told after that, that was to make soft lips)—well, she appeared hideous in the eyes of that delivery man. She said as she accepted the packages, "Oh! I am a sight," to which he quickly replied, "Well, I see some Lulus getting around!" Ugh!

Years ago, Folks it was so different for those who did not have naturally curly locks. An invisible fancy cap was placed over the (kids) on which your hair was wound. No husband never saw his wife in this get up—so sweet and modest were women! When I go into the market, I really am ashamed of my own sex, the "get-up" with the curlers, no make up, and those awful, awful PANTS! No wonder men do not have the respect today of the Feminine Gender!

The sweetest little performer is Merv Griffin. He surely is a natural! Betcha, he is a "Leo!"

If you want to taste something delicious try "SPAM" on crackers, which is a spread and the best tasting I have ever known of any other prominent make. Not hot and salty as other makes and it is a grand TV snack. Ummmmmmmmmm good! And if you want your husband to tell you what an excellent cook you are the next time you fry chicken just add and pepper lightly and roll in not just any crumbs but "KELOGG'S CORN FLAKE CRUMBS"! It is especially prepared for cooking, for it adds crispness and flavor which melts in your mouth! You will never eat chicken any other way. Fry or bake. Such flavor you never have tasted, so be sure and place it on your shopping list as it is sold in all grocery stores.

Many have asked me about the precious Cairn that I had. Well, "No Dogs" are allowed in these apartments and I gave him to a wonderful couple in Harford County who have many acres for him to run. I get so homesick for him that adjectives fail me! That is the nice part as to owning your own home! There is only one apartment that I know who will accept dogs. In New York City the most swanky apartment houses will accept your dog along with you!

Whatever you do—don't go to see "Ship of Fools" at the Town Theatre. It truly is the worst movie of the year and to think such prominent stars in it, but one surely does not see "STARS" in that hideous film. It really is a trial to sit through. Don't waste your money—that's all!

Will be writing in my next Column as to the "Sagitarius" individual, (one of my favorite Signs) those born from November 20th to December 20th, inclusive.

Have a grand week-end, Folks. Everything is just glorious as to the scenery and the weather after the rains. It is a splendid time for vacationing. Until next week, D.V.

I am,
Faithfully,
YOUR OBSERVER.

NATIONAL NEWSPAPER WEEK

If any American institution is entitled to sing its own praises—all questions of false modesty aside—it is the American newspaper. And National Newspaper Week, which was observed October 10 through 16, provided that opportunity.

There is nothing quite like the U.S. press. In many countries, the newspapers are propaganda organs of government and willingly or unwillingly abide by the wishes and orders of those in political power. In others, a few papers of vast circulation blanket their countries, and there is little exchange of varying views. In others, corruption and venality have destroyed the public's faith in the worth and honor of its press.

Here, however, the newspaper, with few exceptions, has been faithful to its trust. It has stood for that in which it believes, regardless of the shifting winds of politics and of the pressures of power. It stands, however difficult it may be at times, for the freedom of the press and of the right to defend and advocate policies and philosophies it considers vital to the public interest.

We have, of course, newspapers of great circulation and international prestige. And we also have—of the utmost importance—thousands of smaller newspapers, weeklies and dailies, which serve their communities and their audience in a way nothing else can. These are, each in its own independent way, guardians of a free United States.

BE PREPARED TO PAY

When you pick up your newspaper each day, you look to see what new shooting war has started.

Then you turn to the latest strike news to see how many men have been added to the unemployed list.

The issues involved in strikes seem as complicated as those affecting cease fire decisions. Rulers hate to give up power for peace.

In strikes, it is no longer a question of just wages or working conditions but of grabs for power and control just the same as between nations.

If you think you don't pay for gun shooting warfare and labor warfare, just watch the prices edging up steadily for commodities and check your total tax bills (hidden and direct) for the past ten years.

Increased taxes force increased wages and the two force increased prices. No fine spun reasoning of the economists can change this hard fact.

As long as it is necessary to tolerate wars and strikes, be prepared to pay for them.

CURRENT EVENTS
FIFTY YEARS AGO

Percy L. Mehring has been elected treasurer of the Senior Class of Gettysburg College and is alternate on the Class Debating team.

George W. Baumgardner left Tuesday morning to spend the Winter in Dayton, Ohio and Texas.

Edward Gettier, who has been a huckster for the past 25 years, has sold his route to Nelson Bankard, and retired from the business.

Our Burgess, Judson Hill, has been housed-up, this week, with rheumatism, an enemy that has been attacking so many recently.

Announcement has been made of the approaching marriage of Miss Margaret Elliot, formerly of Taneytown, and Mr. Edward Franquist, of New York City. After marriage they will reside in Cuba. Miss Margaret is a sister of Dr. F. T. Elliot, of Harney and of Lewis H. Elliot of near York Springs.

On account of the death of his brother, which occurred suddenly, last week, in Hereford, Baltimore County, Charles E. Knight, jeweler was absent from his place of business for a week, but is now at home serving his trade.

SHRINER—Mr. J. Wm. Shriner, 48, died October 6, near Glencoe, Okla. He was a son of the late James L. and Sarah C. Shriner of Taneytown district. He leaves a wife and two daughters; three sisters and two brothers, Charles E. H. Shriner of Taneytown; Samuel Shriner of Wakeeney, Kansas; Mrs. John D. Forney of Philadelphia; Mrs. C. A. Parrish of Union Bridge and Mrs. Ida I. Landis of Taneytown.

HARNEY—On Tuesday afternoon, while George Aulhouse was hauling hay that he bought at the late S. C. Shoemaker's sale, he had the misfortune to fall from the wagon, and it is supposed that he suffered a broken collar bone, and perhaps a fractured shoulder. . . . This Sunday morning, St. Paul's Lutheran congregation will celebrate their 25th anniversary. . . . R. G. Shoemaker and wife, visited their daughter, Elsie Valentine, of Wilmington, Delaware, over last Sunday.

How to build a port for a storm

A little stockpile of U. S. Savings Bonds can turn into a mighty snug harbor in an emergency.

If an emergency never crops up (and we hope it doesn't), you're ahead considerably more than your Bonds cost you.

Bonds earn interest at a guaranteed rate. At maturity, you get back \$4 for every \$3 you invest. And your investment is backed by the United States of America.

And there's that quiet satisfaction that comes from knowing your Bonds are helping Uncle Sam build the cause of freedom throughout the world.

So get with the millions of Americans who have found Bonds a safe port in a storm. And a solid base for the future of their families.

**Quick facts about
Series E Savings Bonds**

- ✓ You get back \$4 for every \$3 at maturity
- ✓ You can get your money when you need it
- ✓ Your Bonds are replaced free if lost, destroyed or stolen
- ✓ You can buy Bonds where you bank, or on the Payroll Savings Plan where you work

**Buy E Bonds for growth—
H Bonds for current income**

Cub Pack No. 459

The monthly meeting of Cub Pack #459 of Union Bridge was held on October 15 with Uniform Inspection made by Assistant District Commissioner Earl Myers and Scoutmaster William Fleharty. This Pack, which had just 11 boys five years ago, now numbers 34.

Cubmaster Berman Weeks introduced the new pastor and his wife, Pastor and Mrs. Bowser, for the Church of the Brethren which sponsors the Pack.

Opening was held by Den 1, with everyone joining in the Pledge to the Flag and the singing of the Star Spangled Banner.

Awards were made: shoulder strap for Den Chief to Sam Fleming, who works with Dens 4 and 5; Denner badge to Ray Conway and Assistant Denner to Jeff Yingling for Den 3. Jeff also received his silver arrow under Wolf Badge, his Bear Badge and gold arrow under Bear; Tony Yingling and David Edwards, Wolf Badge; Eddy Stultz, Lion Badge; George Eckard, gold and silver arrow under Wolf; Danny Johnson, silver arrow under Wolf. Six new members were presented their Bobcat pins: Perry Rosebrook, Bruce Fleharty, Michael Stambaugh, Glenn Edwards, Billy Currans and Louis Broman. Kenneth Yingling is now working with the Pack as Assistant Cubmaster.

Den 3 put on a skit for the program with the scene being an old haunted house on Hallowe'en night. A witch on a broom, a skeleton, a ghost and a black cat wondered who would receive the prize for the

scariest disguise," when along came a mouse and scared them all away. Sam Fleming asked the boys to volunteer their fathers to go through an abbreviated version of the 12 requirements for a badge. Jim Plympton of Middleburg, completed the "course" and received a paper wolf head to wear around his neck for the evening.

Den 2 closed the meeting with poems about Autumn and Hallowe'en being said by David Edwards, "Kit" Plympton and Bobby DePew. Refreshments were served by Mrs. Roger Stambaugh and Mrs. Thelma Ricketts.

FAIRVIEW

What beautiful weather we are having; it is too nice to stay indoors. The farmers are making another crop of hay which seems almost unbelievable for this time of year.

Mr. and Mrs. John Williams and family moved over the week-end from Trevanion to the Mayberry Rd. and Gun Club property, Mayberry, Md.

We were sorry to learn of the death of Mr. Clifford Green of Belcamp, Md., who passed away on Friday evening at the age of 34. Our deepest sympathies are with his wife and two sons, Jr., as he was known by all his friends will be missed very much. He always had a smile for every one he met, even though he suffered quite a bit he was jolly with it. He was a friend to everybody.

Mr. and Mrs. Wayne Helman of Leesdale, Pa., called on the latter's brother and wife, Mr. and Mrs. Levi Frock on Saturday evening. They spent the night in Gettysburg, Pa., and on Sunday they went to York Springs, Pa., where they spent the day with her step-brother and wife, Mr. and Mrs. Ross E. Kooztz.

Misses Hazel Frizzell and Shirley Eyer spent Sunday evening in the home of their uncle and aunt, Mr. and Mrs. Grant Baker, near Keymar.

Mrs. Elmer Vanfosse of Taneytown, who had been visiting in the home of her son-in-law and daughter, Mr. and Mrs. Richard Blacksten and family of Ohio and helping care for Mrs. Blacksten and their young son was called home on Friday evening due to the death of her brother-in-law, Mr. Clifford Green. It was quite a shock, as he was not ill when she left.

Mr. and Mrs. Kenneth Lentzner, near Uniontown, enjoyed a few days vacation in Fawn Grove, Penna. They left Wednesday night and returned on Sunday night. They had a wonderful time, in spite of losing one of their dogs. We all hope the dog will be found and returned to them.

Mrs. Levi Frock and grandchildren, Steven and Debra and little friend, Doris Laughman, spent Thursday afternoon in the home of Mrs. Joseph Morley and family, near here.

Mr. and Mrs. Richard Laughman and family spent Monday evening in the home of Mrs. Russell Frock of York, Penna., spent from Saturday, October 9th till Sunday, October 17th visiting relatives in Virginia and on their way home visited their niece and family, Mr. and Mrs. Richard Adkins, near Keymar, Md.; also, in the home of his brother and wife, Mr. and Mrs. Levi Frock of this place.

I Have Found Today

I've shut the door on yesterday; its sorrows and mistakes I've locked within its gloomy walls, past failures and heartaches; and now I throw the key away to seek; another room, and furnish it with hopes and smiles and every springtime bloom.

No thought shall enter this abode that has a hint of pain, and every malice and distrust shall never therein reign; I've shut the door on yesterday and thrown the key away—to-morrow holds no doubt for me since I have found today.

Mr. and Mrs. Roland D. Wilson and children, Robert, Harold, Barbara, Diana and David, of Taneytown, spent Sunday afternoon with her parents, Mr. and Mrs. Harvey M. Pittenger, Sr., also her sister, Mrs. Charles H. Setherly and family.

Mr. and Mrs. Donald Myers and sons, Vincent and Anthony of near Emmitsburg, visited her parents, Mr. and Mrs. James R. Saylor and family.

Mr. Harvey M. Pittenger, Sr., spent Sunday with Mr. William Rogers of Oak Hill.

Planning New Fire Hall at Rocky Ridge

A building permit was granted the Rocky Ridge Fire Co. last week to construct a \$30,000.00 fire house and community hall on Md. Rt. 76, 500 ft. North of Md. Rt. 77. The 60 x 82 ft. fire company building, basement and built up roof will be constructed of concrete block with a brick front. It will be located on a two-acre lot, Charles Mumma of Rocky Ridge is in charge of the project.

About the time we get around to seriously considering saving for a rainy day, it is already raining.

SHOEMAKER REUNION

The 13th annual reunion of the descendants of John and Catherine Beacher Shoemaker, was held Sunday, October 10th in the social hall of Messiah Lutheran Church, Berrett. The meeting was called to order by the president, James Bushey; prayer was offered by Robert Shoemaker; after which the 27 persons there enjoyed a basket lunch.

During a business session the group elected the following officers for the ensuing year: president, Norman Hull; vice-president, Nevin Ridinger; secretary, Mattie Shoemaker, historian, Virginia Bushey.

The group voted to send a remembrance to the shut-ins of the clan and to meet in 1966 the second Sunday in October—place to be announced later. Social conversation was enjoyed by all. The reunion ended by all singing the hymn, "Blest Be The Tie That Binds."

Relatives from Salisbury, Taneytown, Harney and Westminster were present in addition to those of the local vicinity.

NOTICE

I wish to express my thanks to my friends and business associates for their cards and expressions of concern during my recent illness.

The report of the sale of my gas station is untrue. I still own the business.

EUGENE EYLER

CARD OF THANKS

We deeply express our thanks and appreciation to our many friends and relatives for prayers, floral tributes and kind expressions of sympathy at the sudden passing of my husband and our father. Special thanks to Rev. Whalen for his kind services.

MRS. CLIFFORD GREEN, SONS EDDIE AND LARRY

DIED

CLIFFORD C. GREEN

Clifford Commodore Green, 34, Belcamp, near Aberdeen, died Friday, October 15, at the Hartford Memorial Hospital, Havre de Grace.

He was a former resident of Taneytown, having moved to Belcamp a year ago. He was born in Thurmont, a son of the late Clifford and Hazel Fuss Green.

Surviving are his widow, Mrs. June Bledsoe Green; two sons, Edward and Larry, at home, and a sister, Mrs. Mervin Eyer, Thurmont. He was a member of the Freewill Baptist Church, Perryman.

Funeral services were conducted Monday at 2:30 P. M. at the C. O. Fuss and Son Funeral Home, Taneytown. The Revs. Donald Swearingen and Wilbur Whalen officiated. Burial was in Fairfield Union Cemetery, Fairfield. Pallbearers were Stanley Parnell, Dale Goins, Clyde Settle, Charles Livesay, Richard Fuss and Russell Adkins.

MRS. THEODORE KOONTZ

Mrs. Sarah Koontz, 83, widow of Theodore B. Koontz, Taneytown R.D. 1, died at her home Saturday, October 16, at 8:30 A. M. Her death was unexpected, but she was under the care of a physician.

She was the daughter of the late Jerome and Mary Ellen Hull Dutterer. Her husband died in March, 1960.

She is survived by two children: Vernon L. Koontz and Mrs. Norman R. Houck, both of Taneytown R.D. 1; three grandchildren; three great-grandchildren; two brothers and four sisters: Mrs. Annie Bankert, Irvin Dutterer and Oliver Dutterer, all of Silver Run; Mrs. Lillie Slifer and Mrs. Bessie Humbert, Littlestown; and Mrs. Elmer King, Union Mills.

She was a member of St. Mary's United Church of Christ, Silver Run, Women's Bible Class and Women's Guild.

Funeral services were held Tuesday at 2 P. M. at the Little funeral home, Littlestown. Her pastor, the Rev. Christopher J. Noss, officiated. Burial was in St. Mary's United Church of Christ Cemetery.

HERBERT G. MYERS

Herbert Guy Myers, 80, Union Bridge, died at 3:15 A. M. Tuesday in Frederick Memorial Hospital after an illness of several days.

Born in Carroll County, he was a son of the late David and Ellen Copersmith Myers. Mr. Myers, a member of the Union Bridge Church of the Brethren, was formerly employed by Yingling Brothers, meat packers, retiring several years ago.

Surviving are his wife, Mrs. Ada Myers Myers; a daughter, Mrs. J. Howard Fox, Union Bridge; three grandchildren, eight great-grandchildren and a number of nieces and nephews.

The funeral service will be held at 2 P. M. today (Thursday) at the Union Bridge funeral home of D. D. Hartzler and Sons. The Rev. Harold Bowser, his pastor, will officiate. Burial will be in Pipe Creek Cemetery, near New Windsor.

NORMAN F. REAVER

Norman Franklin Reaver, 82, died Monday afternoon at his home, Taneytown R.D. 1-M. He was a son of the late Franklin and Sarah Jane Shriner Reaver.

Mr. Reaver is survived by a brother, Charles M. Reaver, Taneytown R.D. 1-M.

The Rev. William F. Wiley will conduct funeral services today (Thursday) at 10:30 A. M. at the C. O. Fuss and Son Funeral Home, Taneytown. Burial will be in the Reformed Cemetery, Taneytown.

CARD OF THANKS

I wish to express my sincere thanks to my friends, neighbors and relatives for their cards, flowers and visits while I was a patient in the Hanover Hospital and since my return home. I also want to thank Rev. Wiley for his visits and prayers. All of these were greatly appreciated.

WILLIAM F. AIRING

County Roads Department Reports

Carroll County Roads Department is now engaged in the application of calcium chloride to some of the dirt roads. At the present time, we are applying 40,000 gallons. The following roads have been treated with calcium chloride: Brown, Tank, Hollingsworth, Patapsco, Bankard, Study, Walnut Grove, Teeter, Ruggles, Bear Run, Unger, Stumptown, Arters Mill, Baucher, Hodges, Martz, Fannie Dorsey, Baker, Kate Wagner, Dr. Stitley, Gist, Sams Creek, Greens Mill, Murray, Bell, Niner, Bollinger Mill and Nicholson.

The surface treatment program has been completed. About 70 miles of roads have had their surface revitalized by the application of tar and chips. The stone base is protected from water which permits the road to hold up better.

The maintenance forces of Carroll County are now engaged in the rebuilding of the edges of roads.

Construction work has been progressing satisfactorily.

The grading and drainage of Franklinville Road is about completed. The crusher run base course will be applied in the very near future.

The grading and drainage on Nicodemus Road is about completed and the base surface course will be applied in the very near future.

The grading and drainage on the first section of Halter Road is about completed and the base surface course will be applied in the very near future.

The contractor is making rapid progress on the construction of Halter Road Bridge. The approach fills should be completed within the next month and it is hoped that the base and surface course will be applied before winter weather sets in.

The widening and reconstruction of Bollinger Mill Road is about completed and we are now shaping the shoulders and banks in order that we may seed them.

On Louisville Road, all drainage structures have been completed and the fills will be completed over the multi-plate arch pipe within the near future. Part of the base course has been applied and the rest will be completed in the very near future.

On the Arnold Road, we have taken off the steep banks from Old Baltimore Road south for a distance of about 1000 feet. This work was done to prevent snow from drifting and filling up these banks.

The County forces are also relocating a stream along the Mary Clemson property along Otterdale Mill Road. This work was made necessary because the stream was eroding the roadway and in order to make the road much safer, it was necessary to relocate the stream and fill in the old stream bed.

An old wooden bridge on the Carrollton Road at Sandymount Road was replaced with corrugated metal culvert pipe and a bad turn was modified to provide a better sight distance and a more satisfactory approach. Also on the Carrollton Road, banks were removed on the northeast side near Bethel Road.

The bridge on Sam's Creek Road between Buffalo Road and Marston Road was rebuilt. The original steel I-beam stringers had completely rusted through and several of the beams were broken transversely.

On Travenon Road, the award has been made by the County Commissioners to W. P. Campbell Construction Company of Frederick and as soon as the State Roads Commission concurs in the award of this contract work will be ordered to proceed. This bridge should be completed sometime in the spring of 1966.

Under the Private Street Ordinance where the County pays 25 per cent of the cost and the local residents 75 per cent of the cost, work has been completed on Dixon Avenue, Cutsail Avenue and Bomek Circle and Fairground Avenue, 1st, 2nd, 3rd and 4th Streets.

At the old Mill Race at Union Mills on the Deep Run Road an old wooden bridge was replaced by a corrugated metal culvert pipe and the turn widened to improve the safety of this road.

On the Gist Road, the storm drains have been completed and the surfacing on Gist Road from Smith Avenue to a point south of Winchester Drive should begin in the very near future.

C. & P. Reports

The board of directors of the Chesapeake and Potomac Telephone Co. of Maryland has approved during the past 12 months expenditures amounting to nearly \$83,000,000 according to L. Mercer Smith, vice president.

This total includes more than \$18,700,000 authorized at the board's regular meeting on September 27. The largest single amount approved in the September meeting was nearly \$10,500,000 for the number of projects throughout the state for the construction and expansion of telephone facilities.

To expand and improve service in the Baltimore Metropolitan area, about \$1,650,000 was approved for ten projects. Additional dial switching equipment is planned for Randallstown, Parkville and Fork; and for the northeast sections of both Baltimore City and the Cockeysville exchange areas, additional outside cable will be placed. Also included were expenditures for providing TOUCH-TONE facilities in the Edmondson, Wolfe and York Road wire centers as well as installing amplifying equipment in the Downtown wire center to meet transmission objectives on private branch exchange trunks in the area.

For the Eastern Shore, \$89,000 was allocated to provide outside wire and cable at Still Pond, together with the provision of additional dial central office switching equipment at Federalburg and Willards.

An expenditure of \$124,000 was approved to provide outside wire and cable along Virginia Ave. in South Cumberland and establish additional interoffice facilities between Frostburg and Lonaconing.

For the Hagerstown area, the board approved three projects totaling more than \$1,000,000. At Williamsport, new crossbar dial equipment will replace the present equipment at a cost of \$696,000. To provide additional interoffice trunks between Hagerstown and Smithsburg, an expenditure of \$240,000 was approved and authority to spend \$133,000 to place outside cable in Keedysville to meet expected growth there was granted.

For the company's Westminster district, \$131,000 was allocated to erect a building to house the plant test center and commercial offices at Havre de Grace. Also, \$434,000 will be spent to place outside wire and cable in various sections of Buckeysville, Elkton, Parkton, Sykesville and Westminster. For Damascus, \$20,000 was approved for the installation of additional dial central office switching equipment.

For Southern Maryland, allotments of \$71,000 to provide additional central office lines and associated dial equipment at Galesville and North Beach, with \$263,000 for placing outside wire and cable in the Hollywood, Indian Head and Solomons exchange areas were approved. Also, approval was given to spend \$31,000 to enlarge the wire center at Waldorf to provide space for the installation of the necessary equipment to provide 216 additional interoffice voice channels. The in place cost of these facilities will be \$275,000.

An expenditure of \$516,000, to provide various offices in the Annapolis area with additional voice channels between these offices and Baltimore and Washington was also approved. For the fast growing Maryland area suburban to Washington, projects totaling more than \$2,000,000 were authorized. An expenditure of \$1,118,000 will provide 1,056 additional voice channels to interconnect various offices throughout Montgomery and Prince George Counties. To provide additional dial central office equipment in the Temple Hills wire center to take care of growth in the fast growing Allentown, Congress Heights and Suitland areas, \$742,000 was approved. The board also earmarked \$289,000 to furnish additional outside wire and cable in the areas served by the Bethesda, Gaithersburg, Landover, Silver Spring, Suitland and Wheaton wire centers.

THE WAY I SEE IT . . .

Observations on the World of Sports —by John Breth

Bill Russell and Wilt Chamberlain each will receive \$100,000, and Oscar Robertson will be paid approximately \$70,000. By handing out those kind of salaries this season, the NATIONAL BASKETBALL ASSOCIATION has finally received the recognition it has been looking for since it began in 1946.

The 20th NBA season started last week. During the five-month season, which closes March 20, each of the nine teams will meet each of the eight other clubs ten times for a total of 80 games. Then, the three top teams from each division—Eastern and Western—will compete in the playoffs.

Although the Boston Celtics have not been winning with anything resembling their usual regularity during the exhibition campaign, they are favored to win the championship for the eighth straight year.

The Celtics still have their leaning tower of defense, the acrobatic six-foot-nine Russell; the Jones boys—sharpshooting Sam and ballhawking KP. C., and reliable players like John Havlicek, Tom Sanders, Willie Naulls and Larry Siegfried. But they will be hard-pressed to replace hard-working Tom Heinsohn, who has retired, and overcome an abundance of injuries that have plagued them so far.

Among the injured are Mel Counts, with a broken arm, and Ron Bonham, with a dislocated right thumb. Havlicek, Sanders and Siegfried also have been beset with injuries and are causing coach Red Auerbach many worries.

The Cincinnati Royals, usually Boston's closest pursuers in the Eastern division race, are entering the season with a sub-par super-star in Robert Smith. He held out for several weeks before signing his contract and was about 15 pounds overweight when he reported to training camp.

But Robertson is such a natural athlete that he probably will get in shape quickly and again lead the Royals in virtually every department. The former Ohio State All-American, Jerry Lucas, and the burly veteran, Wayne Embry, give the Royals two strong men under the boards. Jack Twyman and Adrian Smith are the other starters.

Philadelphia still has the incomparable scrapper, Chamberlain, but the 76-ers are short in backcourt men since Larry Costello retired. Big Wilt could become the NBA's all-time scoring champion this season. He needs about 2,000 points to better the career record held by his coach, Adolph Rupp.

Vying for the other backcourt spot alongside jump-shooting Hal Greer are veteran Al Bianchi, rookie Bill Cunningham from North Carolina and Wally Jones, acquired in a trade with Baltimore. Aiding Chamberlain up front will be Lucius Jackson, Dave Gambee, Chet Walker and Ben Worley.

The New York Knickerbockers, trying to escape the Eastern Division cellar for the first time in several years, will try to do it with youth. They are relying on four second-year men, Willis Reed, Jim Barnes, Howard Komives and Emmett Bryant, and two rookies, Dave Stallsworth from Wichita and Dick Van Arsdale from Indiana. Tom Gola, Bob Bozler, Len Chappell and Johnny Green are among the Knick veterans.

The usually reserved Los Angeles coach, Fred Schaus, says unequivocally that this year's Laker team is the best one in his six years with the club. Elgin Baylor has made a fine recovery from a knee injury that has hampered him in recent seasons. Jerry West has been displaying his usual great shooting. And youngsters Walt Hazzard and Gail Goodrich, former teammates at UCLA, have been playing above expectations.

St. Louis will be greatly weakened by the retirement of their classy pro, Bob Pettit. But Hawk coach Richie Guerin feels that his club will be in contention all season. He says he has eleven players who he can use at any time and all will do a good job. They are Zelmo Beatty, Cliff Hagan, Bill Bridges, Gene Tormohlen, Len Wilkens, Jeff Mullins, Jim Washington, Paul Silas, Mike Farmer and Charley Vaughn. The eleventh man is Guerin himself.

Baltimore also had a long holdout problem with its big man, Walt Bellamy. But now that Bellamy has signed and reported, the new Bullet coach, Paul Seymour, is confident that the team will start moving. Backing up Bellamy will be veteran Johnny Kerr, obtained from Philadelphia for Wally Jones. The Bullets have a strong forecourt with Bellamy, Gus Johnson and Bailey Howell. The backcourt also is well protected with Don Ohl and Kevin Loughery. Two rookies—Jerry Sloan from Evansville and Thales McReynolds from Miles College—have been very impressive.

Before the season started, the Detroit Pistons suffered two critical setbacks. First, Terry Dischinger was called into the Army for two years. Then, center Reggie Harding was suspended permanently for his off-the-court behavior. The losses of Dischinger and Harding leave two big gaps in his starting lineup. Ray Scott, Rod Thorn, Joe Caldwell, Debuschere and rookie Bill Buntin are expected to carry the load for the Pistons.

San Francisco also has been hit with a key injury. Rookie Fred Hetzel from Davidson will be out one month with a torn tendon in his left hand. However, three other rookies—Rick Barry from Miami, Wilbur Francis from Grambling and Keith Erickson from UCLA—have helped improve the Warriors. The club's holdovers include Guy Rodgers, Tom Meschery, Nate Thurmond, Paul Neumann and Al Attles.

COUNTY ROADS DEPT. REPORTS

Continued from page four the attention of the Roads Department along several roads in Carroll County. It has been necessary for us to remove trash from the Alesia-Lineboro Road, Harney Road and several other roads in the County. As the necessary landfills have been established in Carroll County, it would be appreciated if the people that have trash to dispose of would use these landfill areas. These landfills are open to the public six days a week from 7 A. M. to 6 P. M.

At the suggestion of the PTA Association of Francis Scott Key High School and the County Commissioners along with the members of the State Legislature, the State Roads Commission agreed and have placed shoulder widening on Maryland Route 84 from Maryland Route 75 to Uniontown and also on Maryland Route 31 from the Frederick County Line to New Windsor. By the addition of these shoulders, these roads have been made fairly safe for two-way traffic.

THE FAMILY LAWYER

TO MEET CRIMINAL CHALLENGE

Viewers-with-alarm have always found much to criticize in our system of criminal justice. How outrageous it is when criminals escape the punishment they deserve! How monstrous it is when an innocent man is convicted by mistake!

But such criticism often skips blithely over the toughest question of all: which man is guilty, which innocent? Everyone wants to be hard on the guilty and easy on the innocent. But, of necessity, we must start the law's wheels turning before we really know which one we are dealing with.

For example: Should we strictly limit the right of policemen to search a private home? Should we keep questionable evidence out of the courtroom? Such rules will protect many an honest citizen from unjust harassment. Yet, the very same rules will also protect many a hardened criminal from being caught.

This basic dilemma, of having to deal with persons whose guilt or innocence is not yet settled, has always bedeviled the administration of criminal justice.

And in recent years, two major developments have added fresh stress and strain to the whole problem. 1) Important methods of law enforcement, long used in many sections of the country, have been held unconstitutional by the United States Supreme Court. Landmark decisions have left confusion and disarray in their wake.

2) Crime—brutal, sinister, sophisticated—has reached a record high. Thus it has become urgent public business to both clarify and modernize our entire apparatus of criminal justice. To that end, a massive, unprecedented project is now under way.

Eighty of the nation's most eminent experts, assembled by the American Bar Association, are drawing up detailed guidelines—a set of national minimum standards—for lawyers and judges, prosecutors and police.

These guidelines, to cover everything from original arrest to final plea, should provide us with a system of criminal procedure that is both fair and effective. Such a system is, in itself, one of the mightiest weapons in the war on crime.

It is of course fitting that we should view with alarm any coddling of criminals or oppression of innocents. But with alarm only, not with despair. Solid progress is afoot. —An American Bar Association public service feature by Will Bernard. —Distributed by the Maryland State Bar Association, Inc.

You've a right to feel proud!

You've both worked hard to assure a good life for your family. You've done your best to give them the best. And so, it's only natural that you should think about changing to flameless electric heat for their comfort and convenience. It's really the finest... clean, safe, controlled from each room. Highest in performance, but certainly not in cost. Converting your home is quick, easy and economical. Takes only 3 or 4 days with little or no disturbance to your home and family. But that's not all. Your electric company can now handle your entire conversion with 10-year financing at low interest rates. And you get a full 10-year guarantee, parts and labor, on all electric heating units and thermostats. Call your electric company's conversion heating department now... absolutely no obligation... just facts.

When you're ready for the best... only electric heat is good enough

Old Age Problems
Lesson for October 24, 1965

Background Scripture: Numbers 13:1 through 14:38; Joshua 14:6-15; 15:13-19.
Devotional Reading: Joshua 1:1-9.

Geriatrics is a word I don't remember seeing or hearing when I was young, but now everybody seems to be talking about it, from the President on down. The name may look fancy like the name of a new unheard-of disease. But it's just a new name for an old problem: Old age. Doctors and medicines have given us health much longer than our ancestors enjoyed. One result of this, of course, is the much larger proportion of older people in American society. Year by year the roll-call of persons between the ages of 65 and 100 grows longer. Two kinds of problems arise: the problems of those who care for the aged; and the problems of life as the aged themselves have to struggle with them.

Dr. Foreman of this, of course, is the much larger proportion of older people in American society. Year by year the roll-call of persons between the ages of 65 and 100 grows longer. Two kinds of problems arise: the problems of those who care for the aged; and the problems of life as the aged themselves have to struggle with them.

Retirement

Three of this latter class of problems meet us in the story of that Old Testament hero, Caleb. He was one of the men who reported favorably on the question, a year or two after the Israelites came out of Egypt: Shall we invade our Promised Land now, or not? The majority said No, we would only fail. Caleb and Joshua alone said, Yes: the cities are well fortified and the inhabitants look like giants, but God will be on our side if only we have the courage to start. Well, the Israelites panicked. They refused to advance. So God had to let them die one by one in the wilderness, until of all the thousands who left Egypt, only Joshua and Caleb were left alive to enter the land of Canaan. By that time Caleb was 85 years old, and he claimed to be just as strong as he had been forty years before. The question was: What could this old man do with the rest of his time on earth? He might well have retired. Instead, he kept right on going. A soldier 40 years, a soldier still. The answer to the problem: What shall I do after I retire, is — Don't retire! Some one will say, But I have to retire. My pay stops at 62 or 65 or 70 or whatever the age is. This puts the problem on another footing: How shall society be organized so that even the older people can be productively active? Caleb's generation did not have to face that problem; but we do.

Strength for old age

Another problem is strength. Caleb at 85 felt fit as he had ever felt in his life. Most of us are not so fortunate at 70. Old persons are generally all too clearly aware that their strength is limited.

Younger generation

The younger generation make one of the older generation's most exasperating set of problems. So it often is, but so it need not be. One kind of older person, man or woman, sits around complaining that the young people act like young people. Another kind simply pays no attention to young people, does not know them and doesn't want to know them. They live in a world inhabited entirely by the aged. Our man Caleb belongs in neither of these classes of aged persons. From what we know of him, he kept up with the younger generation. He knew, for example, that what grumpy-type grandparents sometimes complain about as silly sentimental foolishness is really serious business: falling in love with the right person for the right reasons. So he was interested in seeing his daughter married to the right young man. He made certain the young man would be congenial in a family of fighting men, for he got her married to another soldier. He made sure also that the young son-in-law would be a brave and persistent man (how do we know this?). Best of all, he gave his daughter for a wedding present something much better than land or water; he left to youth the inspiration of a brave and generous old age.

NOW! A WHOLE NEW SERIES OF ULTRA-LUXURIOUS CHEVROLETS

'66 CAPRICE

BY CHEVROLET

Caprice Custom Coupe—with exclusive formal roof line that comes on no other Chevrolet.

Caprice Custom Sedan—with superb new Body by Fisher elegance inside and out.

Caprice Custom Wagon—with fine new look of hardwood paneling on sides and tailgate.

Everything it takes to create a distinguished luxury car has gone into these new Caprices.

Beneath the formal styling elegance that sets the Custom Coupe apart, for instance, you'll find thick wall-to-wall carpeting, comfort-contoured seats and the look of hand-rubbed walnut on the instrument panel, glove compartment and inside door panels. You can order a finely instrumented console, together with new Strato-bucket front seats.

In the Custom Sedan, a new Strato-back front seat is available with bucket-type contours separated by a fold-down

armrest. And in the equally opulent Custom Wagons, offered in 2- or 3-seat models, you can even order carpeting for the cargo area.

Each model rides super Jet-smooth. And for incomparably smooth power, you can specify Chevrolet's advanced Turbo-Jet V8 in either a 396- or 427-cubic-inch version.

The price of it all? Somewhat more than you're used to paying for a Chevrolet. But less, as your dealer will happily confirm—than the select class of fine cars these new Caprices invite comparison with in every detail.

AIR FORCE FACILITY FOR CARROLL COUNTY

(Continued from Page 1)

County in implementing such a facility.

Primarily, this Committee is determining that an airport facility is feasible, practicable and desirable, provided it is constructed within the limits of size and financing ability suggested herein.

The basis for feasibility is both direct and indirect in determination. Those items measuring a direct basis for feasibility are as follows:

1. Based on an over-all estimated and assumed cost of \$600,000, one-half, or \$300,000, can be financed by both the State and County without cost to the taxpayer provided a lease can be secured for an operator based on approximately \$1800 monthly.

2. A permanent airport facility, if constructed to good standards can be leased without difficulty.

3. A Federal grant for 50 per cent of the cost of land acquisition, planning, engineering, and construction is available under the Federal Airport Program.

4. A total of 26 industries and businesses in Carroll County have indicated that they would definitely use the facilities of an all-weather airstrip.

5. There are no permanent small airport facilities north or northwest of the Baltimore Metropolitan Area to serve the needs of this portion of the region.

6. Existing airport facilities are inadequate in Carroll County.

In addition to the above, several immeasurable advantages can be attributed to the construction of an all-weather surfaced airport facility. Among these are:

a. Such an airport facility will, if properly located, be the nucleus of an industrial park.

b. An airport facility is a natural attraction and serves as an economic asset in itself. It, therefore, will complement other business uses in the area.

c. An airport facility serves as an educational benefit in the form of an instructional facility for individuals, organizations and institutions of the County.

d. Provides a service to present businesses and industries for use such as air express, air freight, and charter flights.

e. Would act as a measure of progressiveness and improve the prestige and public relations of the County.

f. Serves as an incentive for attracting of new industries to the Carroll County area.

The Committee further considered and recommended a double check for the County on the feasibility aspect of the general aviation airport proposed for Carroll County. Several steps are suggested to determine such assurance prior to actual purchase of land or construction of the airstrip facility. These included (1) selection and optioning of a site, (2) developing a preliminary plan under guidance of an engineering firm and securing bids from experienced airport operators based on the facilities as proposed, (3) programming the project for Federal funds after approval of a preliminary plan, (4) securing bids on the airport project based on a detailed engineering plan and thereafter making the final purchase of the land if all estimates and the bond market are favorable, and finally (5) construct the airport and award a contract based on the original bid for an operator.

A total of 50 businesses and industries were surveyed in Carroll County to determine the need for a general aviation all-weather airport facility. In addition, numerous officials, institutions, and development engineers were canvassed for further thoughts relative to such a facility. A majority of those organizations, institutions, and persons contacted expressed a desire to have Carroll County develop an airport facility for year-round use.

UNICEF SERVES CHILDREN OF THE WORLD

The appeal for UNICEF contributions in Carroll County by United Church Women raises the question, "Just what does the United Nation's Children's Fund do?" The services of UNICEF may be summed by in six headings:

(1) Health Services — Through channels established around the world, advice to mothers, technical equipment, medical supplies, provisions for safe drinking water are made available to children of all nations.

(2) Disease Control — UNICEF gives assistance in the control of such diseases as yaws, leprosy, trachoma, tuberculosis and malaria which take such large toll among children.

(3) Nutrition — UNICEF gives assistance to food production in lands where food is scarce. Community gardens, poultry raising, fish culture, milk processing plants are developed for the special benefit of children.

(4) Family and Child Welfare — UNICEF provides social services to improve family life and provide homes for children of broken homes. Mother's clubs and day-care centers are provided.

(5) Education and Vocational Training — UNICEF gives assistance to teacher training and provides vocational guidance for young people. The training of doctors and nurses for children's work is also promoted.

(6) Emergency Aid — UNICEF steps in where other aid is not available in the case of children who are victims of earthquakes, floods, and other natural disasters.

Children in our community will go out Friday evening, October 29, and will call only once for a contribution for this project. Miss Margaret Shreeve is the chairman of our area.

GIVE TO UNICEF AND JOIN IN THE WORLD'S WORK OF COMPASSION.

"Tips by Tootie"

When you use an artificial sweetener instead of sugar in canning fruit, you eliminate about 800 calories for every cup of sugar ordinarily required to achieve the same sweet taste.

To make a 3% brine to drop fruit into while peeling a large amount, dissolve two tablespoons of salt in one gallon of water. This is helpful in preventing discoloration before packing.

Learn good work habits. For example: assemble all of the ingredients, bowls, spoons and pans needed before starting to bake. Keep the dishes washed up as you go along.

Keep spices on a tray. Lift out of cupboard all at one time.

Put cleaning supplies in a basket and carry from room to room while cleaning.

Think of something pleasant while working. It helps make every task seem lighter.

When making thin, crisp cookies, store in a can with a loose cover. Soft cookies should be put in an airtight containers! Slices of apple help moisten cookies. Change fruit frequently.

Keep coconut tightly covered in the refrigerator. Renew softness of coconut by heating over hot water.

Whether you are cooking for prizes or praises there are some rules to follow for a well planned meal. They are:

Something soft and something crisp. Should always go together. And something hot with something cold.

No matter what the weather, something bland needs the complement.

Of something with tang and nip. Follow these rules and all your meals will have taste appeal and zip.

Serve and remove all dishes at the left. Beverages are served and removed at the right.

Make mealtime a real pleasure for your family.

Radish roses and carrot curls add color. Keep them crisp in ice water until serving time.

—Until next time, H. H.

PUBLIC INVITED TO TOUR CATHOLIC CENTER

The public is invited to tour Baltimore's eight-story Catholic Center at 320 Cathedral St., on Sunday, November 7.

Bishop T. Austin Murphy announced today that the cornerstone of the archdiocesan office building will be blessed at 2:00 P. M., November 7, with an open house following from 2:15 to 4:00 P. M.

At 8:00 P. M. the dedication of the building will be marked by a free public performance by a string quartet from the Baltimore Symphony. The performance will be in the auditorium of the Catholic Center, and no tickets will be required.

The Catholic Center houses the offices of Lawrence Cardinal Shehan, who is in Rome attending the Ecumenical Council; Bishop Murphy, Auxiliary Bishop of Baltimore; the Baltimore Catholic Review, and most other agencies of the archdiocese.

The Cardinal's office and many other offices will be on view during the open house.

WITH THE ARMED FORCES

FORT HOOD, TEX. (AHTNC) — Army Cpl. Charles M. Ellenberger, whose mother, Mrs. Beatrice J. Donnelly, and wife, Sandra, live at 48 John Street, Westminster, Md., qualified as expert in firing the high-powered M-14 rifle at Fort Hood, Texas, October 1.

The expert rating is the highest mark a soldier can achieve in his rifle qualification test.

Corporal Ellenberger, a squad leader in Company B, 2d Battalion of the 2d Armored Division's 50th Infantry at Fort Hood, entered the Army in November 1962.

The 19-year-old soldier attended Franklin H. S. in Reisterstown.

From DuPont Research! New way to beat the Blister Problem

A new system that gives you greater protection against moisture blistering than traditional linseed oil paints:

If the old paint has blistered, remove old paint down to bare wood.

Prime with Du Pont Blister-Resistant Primer.

Cover with one or more coats of "Lucite" House Paint.

Dries in one hour. Clean hands and brushes with water.

Result—a lovely, rich, low-luster finish of far longer life than old-style linseed oil paints!

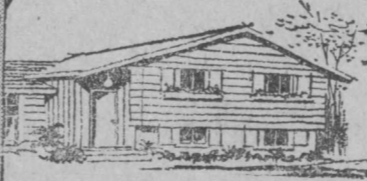

For previously painted surfaces in good condition: apply one or two coats of Lucite House Paint—no primer needed.

New DuPont LUCITE House Paint

For Wood, Stucco or Masonry — 12 colors

ONLY \$6.99 gal.
