General subscription rate, \$2.00 a year;
6 months, \$1.25. Subscriptions west of
the Mississippi River, \$2.50; to Canada,
\$3.00. Advance payment is required in
all cases.

ADVERTISING rates will be given on
application, after the character of the busi-
ness has been definitely stated together
with information as to space, position and
length of contract. The publisher reserves
the privilege of declining all offers for
space.

The label on paper contains data to
which the subscription has been paid.
Entered as Second Class matter in the
Postoffice at Taneytown, Md., under the
Act of March 3, 1879.

All articles on this page are either origi-
nal or properly credited. This has always
been a fixed rule with this office.

All advertisements for 2nd, 3rd, 6th and
7th pages must be in our office by Mon-
day morning of each week; otherwise, in-
sertion cannot be guaranteed until the
following week.

The publication in The Record of clipped
or signed editorials does not neces-
sarily mean that such editorials are en-
dorsed by The Record. In many instances
they are published in order to show
varying opinions on public topics.

THURSDAY, NOVEMBER 17, 1966

FACTS AND OPINIONS

Commenting on economic and social
developments, Robert G. Wingarter,
executive vice president, Rockwell-
Standard Corporation, comments: "To
build a great society requires a tremen-
dous output of goods and ser-
vices. It could utilize all the strength,
skill, ability, talent, and energy of
every able-bodied citizen. Yet we are
excusing more and more people from
being on the contributing side and
adding them to the receiving side of
the economy, and the burden on the
doers become greater and greater as
we add to the list of receivers..."

According to the American Petrole-
um Institute's publication, Oil Facts,
the average manufacturing employee
in the United States could buy 31 per
cent more gasoline with one hour's
wages in 1965 than in 1955, even after
allowing for sharp increases in gaso-
line taxes. During the following decade,
average gasoline prices declined and
average wages increased. As a result,
an hour's wages in 1965 paid for
8.4 gallons of motor fuel.

A recent issue of The Atlantic
magazine says Washington, D.C., "...
looks a little weary, slightly stale,
and even sad these days. It has lost
its ring of freshness, particularly in
the foreign policy field. The official
dialogue consists of worn-out cliches
and inadequate explanations on prob-
lems ranging from the war in Viet
Nam to allied division in the Atlantic
community."

Last year, independent businessmen
created almost 4 million new jobs, at
an investment cost of around \$7,000
each, according to statistics compiled
by the National Federation of Inde-
pendent Business.

"A Department of Consumer Af-
fairs would simply be another move
toward an overly paternalistic gov-
ernment, conceived in political expedi-
ency and administered through a
bureaucracy not directly responsible to
... voters," says Norman H.
Strouse, board chairman of the J.
Walter Thompson Company.

In Today's Health magazine, Dr.
William H. Stewart, surgeon general
of the U.S. Public Health Service,
says: "... half of the nation's teen-
agers are regular smokers by the
age of 18."

Government spending has been the
principal cause of inflation, and, ac-
cording to Nation's Business, the fed-
eral government this year is "...
spending at a rate about 30 per cent
higher than last year's pace."

Michel Halbouty, president of the
American Association of Petroleum
Geologists, says: "The people of this
nation must understand, and be con-
cerned, that in the next ten years,
our industry will be required to find
in this country 55 billion barrels of
oil and 300 trillion cubic feet of gas
just to maintain an adequate reserve
position against increases in demand.
... In Kuwait, just slightly larger
than the state of Rhode Island, there
is one field which has more oil re-
serves than are known to exist in the
entire United States."

Nothing can be taken for granted.
Clair Callan, U. S. Representative
from Nebraska, observes: "The future
can hold nothing but increased de-
mand for water. It is estimated that
by 1980, the demand for water will
double over the demand in 1960 and
we will be using 2,300 gallons of water
a day for every man, woman, and
child in the United States."

"This is the age of the economic
genius who can spend money he hasn't
got and money he is not going to
get." — Geo. B. Bowra, The Aztec
(N. Mex.) Independent-Review.

**Directory of
TANEYTOWN AND COMMUNITY
ORGANIZATIONS**

**A
MEMO
TO THOSE
WHO
THINK**

This is the most difficult ad to
write. I must admit defeat, yet I
don't feel defeated. It is true I
lost an election, but I won many
new friends.

Let's look at these new friends.
In the main they are community
leaders. They read more than the
average man and they think more
than the average man. I'm proud
that I had their support.

I'll always have a warm spot for
Taneytown in my heart. I hope
that you'll continue to invite my
wife and myself to your com-
munity affairs. I got my best
vote percentage out of my home
area, Union Bridge and Taney-
town, we must have things in
common.

I can't express my appreciation
to those of you who worked so
hard for my election. The fact
that we came so close is proof we
are not alone — lets keep work-
ing together for a balance of
representation.

The margin of 167 votes proves
that many people now want pos-
itive programs and information,
not popularity polls. We haven't
lost... we just begun to fight!

**CURRENT EVENTS
FIFTY YEARS AGO**

Martin L. Buffington has been pretty well incapacitated this week, due to a fall from his wagon one day last week, but he is getting around now.

The first snow of the season fell Tuesday night starting with flurries shortly before 10:00 o'clock and about a half hour later the storm increased when a quantity of snow and rain fell. The roofs were white Wednesday at a number of places in this county.

HESS - BOWERS — A wedding took place on Tuesday evening at 7:30 o'clock, at the home of Mr. and Mrs. Filmore S. Bowers, Kump's Station, when their daughter, Miss Mary E., was united in marriage to Mr. Melvin T. Hess, by the bride's pastor, Rev. George F. Bowers, according to the rites of the Brethren Church. After supper the old-time serenaders came and before leaving the home they gave them their hearty congratulations.

ANGELL — Miss Anna Belle Angell, 23, daughter of Ida Angell died at Copperville, Nov. 12. Funeral services were held at the home on Tuesday by Rev. Guy P. Bready, Interment following in the Reformed cemetery, Taneytown.

CROUSE — Mrs. Ellen C. Crouse, 69, died at her home on Baltimore St., Taneytown, Tuesday, Nov. 14th, 1916. For many years she kept a confectionary store. The last member of her family (Harner), she is survived by her husband, and two sons, Samuel and Archie. Funeral services were held at the Lutheran Church on Thursday in charge of her pastor, Rev. L. B. Hafer.

FLEAGLE — Mr. Ellsworth Scott Fleagle, 54, died very suddenly at his home in Mayberry on Nov. 13th, 1916. He leaves a wife, two brothers and one sister; Charles and Harry E. Fleagle and Mrs. O. E. Dodrer. Funeral services were held at the home and at Baust Church Friday by his pastor, Rev. Paul D. Yoder.

DETOUR — A surprise pound party was given Mr. and Mrs. Floyd Wiley on Thursday evening. Nearly 70 guests were present. . . . Most all of our farmers have finished husking corn. . . . A birthday dinner was given Master Carroll Troxell on Sunday by his parents. Those present were: Mr. and Mrs. Lester Troxell, Master Carroll Troxell, Mrs. Lewis Troxell, Calvin and Karl Troxell, Lotie Troxell and Emily Boyer.

TRUSTEE'S SALE

FARM PROPERTY

Located near Taneytown, Carroll County, Md., being the premises formerly owned by WILLIAM M. HOUCK, deceased

Pursuant to a Degree of the Circuit Court for Carroll County passed in No. 10679 Equity wherein Clarence L. Ohler is Plaintiff and Guy R. Ohler and others are Defendants the undersigned Trustee will offer for sale at public auction on the premises approximately one-half mile South of Taneytown (entrance to buildings is from the Taneytown-Uniontown State Road opposite Taneytown Elementary School) on

**SATURDAY, DECEMBER 3, 1966
at 1:00 O'CLOCK P.M.**

79½ acres, more or less, improved with a 6-room frame house, metal roof, tool shed, wagon sheds, barn, adjoining the following properties: Antrim on the North, A. W. Feeser, Inc., on the West, Marjorie Van Fossen on the South. Also adjoins property of Walter Harner and the Motter farm. Nearly 500-ft. of road frontage on Uniontown-Taneytown State Road. About three acres of woodland.

TERMS OF SALE: One-third part of the purchase money shall be paid by the purchaser or purchasers to the Trustee on the day of sale, if required in whole or in part by the Trustee, or upon the ratification thereof by this Court; and the residue shall be paid in two equal payments, the one to be paid in one year, and the other in two years from the day of sale, with interest from the day of sale, if on credit terms, and to be secured by the notes of the purchaser or purchasers with security to be approved of by the Trustee, or all cash at the option of the purchaser or purchasers. A deposit of 10% of the purchase price will be required from purchaser on day of sale. Current taxes to be adjusted to date of settlement. Federal Revenue Stamps to be paid by Trustee and all other expenses of transfer will be borne by the purchaser.

ACROSS THE FENCE

by ROBERT L. JONES
County Extension Agent

Most Americans take agriculture and food for granted, and always have. We've had plenty. But what about the future — the next thirty years when our population will jump from 200 to 400 million, and the world's from 3.6 to 6 billion?

Dr. John Curtis, head of the Agricultural Economics Department at the University of Maryland, says that Americans need not worry about hunger. Our agriculture will continue to fill our needs and provide for many friends overseas, but we can't feed the world.

We'll continue to keep the balance while building food production overseas. Meanwhile we'll export over \$7 billion of agricultural products, which is 44 per cent of our total export earnings.

Perhaps this agricultural abundance that we're taken for granted should cause us all to pause and reflect on our blessings as we approach this Thanksgiving season.

September rains don't bring flowers but they do give chickweed growth a fast send off. Neal Hering, Bachman's, Valley says he's got a good crop started and wants to spray as soon as possible.

Since germination and growth begins in the fall, it's easiest to control by spraying anytime now but before Christmas.

Chloro IPC is recommended for pure alfalfa stands at two pounds (acid equivalent) per acre. Dinitro (Sinox or Fremerge) should be used for alfalfa with grass mixtures at 1 1/2 pounds per acre.

Of course both sprays should be applied when there's no snow cover

and dinitro does best when the temperature is above 60 degrees.

The spotlight on 4-H'ers will shine brighter than ever this coming Saturday, Nov. 19. This year's Achievement Night, proceedings presided over by Susan Wright and Bob Ensor, both of Manchester, will get underway at 7:30 P. M. in the Westminster High School auditorium. The nearly thousand Carroll County 4-H'ers join in their 48 clubs to give recognition to outstanding members and their local leaders.

While 4-H began as a farm organization for boys and girls, it now presents the 4-H challenge to boys and girls, ages 9 to 18, from all walks of life. Perhaps your boy or girl would like to be a part of 4-H.

Leaves in the yard can be disgusting, but they can also be useful. Leaves, lawn clippings, and other organic materials can be composted and returned to the soil much the same as manure.

Use a bin like arrangement about 4 feet wide and 4 feet high and long enough to hold all your leaves or other material.

About 5 pounds of garden fertilizer (5-10-10, 10-6-4) should be mixed to every 100 lbs. of material. Wet thoroughly and keep the top of the compost flat to catch plenty of rain-water. A layer of soil on top will help the decomposition process and prevent nitrogen gases from escaping.

After about three weeks, turn and mix the compost. When spring comes this should be mixed again at three-week intervals for about 3 to 4 months when the decomposition is completed.

FEMALE HELP WANTED

Under our new expansion program, we need experienced operators; and we also have several openings for inexperienced workers.

Spray In A Style

Many a girl has found to her dismay that a watched phone never rings—especially if she's perfectly dressed and coiffed—with not a hair out of place. But, just let that same girl lounge at home, dressed in blue jeans and Dad's old shirt—with her hair straggling every which way—and there's sure to be last-minute invitations from the Boy of the Moment to go to a movie or dancing.

What to do? You can't always be well-groomed, especially on hairwashing or eyebrow-tweezing and manicuring nights—but there are some last-minute measures you can take so you can go out with confidence.

If your hair is limp and lifeless try this five-minute reviver. Using a brush, tease hair gently and judiciously—never pulling or yanking. Then, while it's still teased, spray it lightly with Miss Breck Hair Spray, and comb or brush the set into place. Formulated by Beautiful

Hair Breck, this hair spray is designed to hold young hair in today's modern hair styles. And it's fast drying, non-sticky so you can spray your hair and be ready for that date in a jiffy. There's nothing so distressing as having nothing to wear when you want to make a particularly smashing impression. To make sure that you're never caught in this trap, keep a "life-saver" outfit hanging in the closet. This can be a dress or a skirt-and-sweater duo that's always freshly-pressed and looks especially good on you.

Play it cool with a little foresight—and you'll turn last-minute dates into a cause for cheers, rather than a matter of tears.

Prophet, Go Home!

Lesson For November 20, 1966

Background Scripture: 2 Kings 24:18-19; Jeremiah 27.

Devotional Reading: Romans 12:9-21.

Imagine that you are a member of a Christian minority in a land that has been overrun by the Communists. Although they have not succeeded in destroying the faith, their persecutions of the Church have taken a heavy toll. The faint-hearted have defected and the brave minority grows ever smaller and weaker. The word "revolt" begins to be heard frequently among the faithful.

Rev. Althouse faithful. Then an important letter arrives. It is from the exiled leader of the Church, a man greatly respected throughout the nation. The letter is smuggled through the Iron Curtain and a secret meeting of Church leaders is called to hear his counsel.

Unwanted Advice

What will the letter say? You hope that it will be a call for an unrelenting campaign of underground harassment, sabotage, and eventual revolt against the godless rulers of your land. You anticipate a ringing denunciation of the Church's enemies and a promise of God's help in throwing off the yoke of tyranny. Surely this is what God will say through this prophetic leader!

But he says none of this. The letter begins rather with an admission of guilt: your country is captive because it deserted God. It continues with unbelievable counsel: you and your fellow Christians are to settle down into a normal, peaceful pattern of life — there is to be no revolution. You are to work for the welfare of your nation as constructive citizens, even praying for it and its godless leaders. It counsels patience: this tyranny will not soon end. It closes with a promise: God will bring great good even out of this tragedy.

This is not the message you expected or wanted! You are indignant, disappointed, and furious with this man and his traitorous advice. What kind of Christian is he? Has he no faith? No patriotism?

All Part Of Plan

This is, of course, an imaginary situation. Perhaps, however, it may help us to understand how the exiled Jews in Babylon felt when they received Jeremiah's long-awaited letter. What they wanted from this prophet, who so often had proven correct, was encouragement and a call for resistance against their captors.

Jeremiah did not tell them what they wanted to hear, but what he believed God had placed upon his heart: (1) It was God Himself who permitted them to be carried into exile; (2) "Build houses and live in them; plant gardens and eat their produce"; (3) "... seek the welfare of the city ... and pray to the Lord, for in its welfare you will find your welfare"; (4) the captivity would last for no less than seventy years; (5) this was not an evil fate, but within the plan and purpose of the Lord. The letter exploded like a booby-trap!

How eagerly we wait for the word of God until we discover that the Lord, more often than not, sends us a message we do not want to hear. Like many who go to professional counselors, we ask for his help but what we want is not his counsel, but his blessing upon our own point of view. Even if we're on the wrong track, we want him to tell us we are on the right one.

The French critic, Vinet, once observed: "Most friends of truth love it as Frederick the Great loved music. It used to be said of him that, strictly speaking, he was not fond of music but of the flute, and not indeed of the flute but of his flute." Is it not that way in our friendship with truth: not Truth, but our truth?

Prophet, go home! Do not confuse me with the truth. My mind is made up.

Its new look is just one nice thing about the '67 Chevy pickup

'67 Fleetside Pickup

THERE ARE LOTS OF OTHERS.

For instance, new durability: New sheet metal construction discourages rust. Eliminates exposed joints on cargo box and tailgate. Provides self-washing wheelhousings with special splash shields. Inner cab is specially treated against rust.

Also, added comfort, safety and convenience: Improved visibility all around. Dual master cylinder brake system. Telescoping lower steering shaft. Energy-absorbing instrument panel. Interior color-keyed to go with exterior paint. One-hand tailgate latch.

And extra strength: Full-depth double-wall side panels (Fleetside models). Double-wall steel in cab roof and other important areas.

Plus famous Chevrolet truck features: Independent Front Suspension that gives a smooth ride—like a car. The most popular truck 6's and V8's. (And there are lots more, as your Chevrolet dealer will show you.)

See the brand new breed of Chevy pickups at your Chevrolet dealer's

MEETING OF BOARD OF EDUCATION

The regular monthly meeting of the Board of Education of Carroll County was held at 9:30 A. M., Wednesday, November 9, 1966. The meeting was presided over by the Vice-President, Thomas A. Raver, with the following members in attendance: Mrs. Margaret R. Marsh, Mrs. Virginia Minnick, and Mr. Neal Powell. Attorney L. Pearce Bowls was present, as were Superintendent Geo. E. Thomas and Assistant-Superintendent Dr. Charles I. Ecker. Visitors were: Mrs. Richard Kipke, Mrs. Clarence Crickler, Mrs. Arnold Joseph, Mrs. Ernest Day, Mrs. Philip Lerner, and Mr. Sam Tilghman.

The minutes of the previous meeting were approved and read. Following discussion, bills and the financial statement for the month of October were approved. Contracts were awarded to the following persons: Mrs. Aiden S. Jackson, teacher; Mr. Wm. Humphrey, maintenance department; and Mr. Garry Duwall, custodian. Resignations were accepted from: Mrs. Nancy Friend, teacher Taneytown Elementary School; Miss Matilda Frisch, teacher North Carroll H. S.; and Mr. W. Burke Crosby, teacher Westminster Jr. H. S. The Superintendent read from Mr. George E. Baker, Supervisor of Transportation, a letter requesting his release as of January 1, 1967, in order that he might accept the position of Director of Transportation for the public school system of Montgomery County, Maryland. Superintendent Thomas also read to the Board a letter from Mr. Philip S. Royer, Supervisor of Music, indicating his desire to retire as of June 30, 1967, after 43 years of service in the public schools of Carroll County. The Board accepted with regret the resignation and approved Mr. Royer's retirement plan. Further, the Board directed that the minutes of the meeting of this date should contain a statement of recognition of the long, efficient, and progressive services of Mr. Royer in his service in public education in Carroll County. It was directed that a resolution recognizing this service should be prepared and distributed to the press and a copy forwarded to Mr. Royer. The Board directed the superintendent to begin planning for replacement in the positions of Supervisor of Music for the next school year and Supervisor of Transportation as of January 1, 1967.

Leave of absence was granted to Mrs. Jane Bryan, Mt. Airy H. S., for the period November 1, 1966, to January 1, 1967. Leave was also granted to Mrs. Carole B. Samios, Francis Scott Key High School, for the remainder of the current school year beginning December 1, 1966.

A list of salary modifications as required under existing regulations for professional personnel was studied and approved. Reimbursement for certificate renewals were also approved for 37 professional employees.

Mr. Paul Smith, Radio Station WTR, appeared before the Board to suggest, as a result of conferences between Superintendent Thomas and himself, a use of time of the radio station for broadcasts on matters of public education in the county. Mr. Smith indicated that the station would make available a five-minute period at 6:45 P. M. each Wednesday. The material prepared for this presentation would be rebroadcast on Sunday morning at 7:45. Mr. Smith proposed that the program be called "Report Card on Education", and that the Superintendent and staff might report on Board meetings, items of major interest and concern in public education, and items suggested by the listening audience. The Board voted unanimously to accept the proposal, noting that it is very desirous of keeping the public informed about education in the county, and having the public react to educational developments.

Mr. Louis Dollenger, Purchasing Agent, discussed with the Board a financial statement of public schools of Carroll County. The financial positions of the individual schools of the county, fund raising activities by schools, Board of Education allotments to schools for specific purposes and cafeteria funds within individual schools were included in the discussions.

The Superintendent reported that he and Dr. Ecker were speaking frequently to adult groups of parents, service clubs, and civic organizations on the Engelhardt Survey of Physical Facilities. It was noted that the comprehensive report had been distributed to organizations requesting copies, and that individuals and organizations had made requests for copies of the summary of the report, expected to be received from the Engelhardt firm about November 15. It was emphasized that it is very desirable for the public to react to the recommendations of the report. The Board decided that it should have an additional meeting in the near future, this one in the evening, in which it and members of the central office staff would study further in detail the Engelhardt recommendations. The time of this meeting was to be determined by the Superintendent and communicated to the Board members. Notice was made that the Board and the Planning and Zoning Commission would meet with Dr. Nicholas L. Engelhardt, Jr. within the next two months for detailed discussion and analysis of the recommendations of the firm.

With Dr. Ecker leading the discussion, the matter of the engaging of a qualified landscape architect to plan the lay-out, including a running track, for the South Carroll Senior High School outdoor physical education facilities was considered. The Board approved the involvement of such an architect to present plans for its approval, modification, or disapproval.

Mr. Herbert E. Ruby, Jr., Supervisor of Health and Physical Education, reported to the Board on his formulation of questionnaires to be used with students and adults in surveying interest concerning public and student interest in football programs in the senior high schools. The Board approved Mr. Ruby's questionnaires and directed him to conduct

the survey. The formation of the questionnaires results from the work of Mr. Ruby, Dr. Ecker, and Mr. Neal Powell, Board representative.

Dr. Ecker reported favorably on progress at the South Carroll H. S. He also reported that land parcels near Winfield Elementary School and near Mt. Airy Elementary School (Tabler property) had been surveyed and plats presented. He indicated that he was awaiting appraisal figures on these parcels of land. No further report was available at this time with respect to the Manchester property.

The subject of data processing equipment for South Carroll H. S. was discussed. Dr. Ecker reported that, after numerous consultations and visits, he would propose that data processing equipment for South Carroll H. S. be leased. This equipment would be used by the Business Education Department of the school for general and vocational-technical training of students. He indicated further that adult education classes could also make use of this equipment. The course of study for students being trained on this equipment in the first year could include the areas of: introduction to data processing; key punch; principles of operation and function of sorter, adding and reproducing machines; and case studies. In the second year the course of study might be extended to include: card design; filing; machines/functions and operations; writing panels; and case study method. It was indicated that, in addition to instructional use, certain administrative functions could be performed by the equipment, thereby relieving the classroom teacher of clerical duties in order to devote more time to the actual teaching processes. Dr. Ecker indicated that the Vocational Education Act would pay approximately one-half the cost of leasing such equipment. The Board, after discussion, unanimously acted affirmatively on the matter further stipulating in the motion that the central office staff give due consideration to inclusion of such training for students of other senior high schools in the county, as well as to the new high schools that might be built.

Superintendent Thomas reported on the general curriculum evaluation survey. He indicated that organization for such a survey on a county-wide basis had been under way since the beginning of the school year. He said that, at the present time, considerations were being made for the use of consultants services beyond those of the central office staff and the Md. State Department of Education. Mr. Thomas expressed his desire that complete organization for such a survey be furnished during the current school year and that such a survey be completed during the next school year, involving central office professional personnel not presently included in this year's staffing.

The Superintendent also reported that the development of curriculum for Mt. Airy and Sykesville Schools, grades 1-8 and South Carroll H. S. were major items in this year's work along with the maintenance of effectiveness of instruction in all other schools of the county. He expressed his pleasure at his appearance at the Sykesville PTA meeting on November 7, at which time he defined for all interested adults of the community those steps that had been taken in this point in the development of schools of the area, and the projections made for the future. The date of December 5 had been set for another meeting at the Sykesville School at which time Mr. Chester Elder, principal of South Carroll H. S., secondary school supervisors and other personnel would present to the community the proposed curriculum for the new high school. Following this subject presentation and discussion, subject election sheets would be presented to students in Mt. Airy and Sykesville who in the next school year would attend South Carroll.

Also, at the Sykesville meeting, progress on the curriculum for the Sykesville School (grades 1-8) was presented and projections for the future development made. The Superintendent expressed a desire to meet with persons in the Sykesville community at a date to be set following January 1, 1967, for presentation and discussion of the curriculum on these grades. Mr. Thomas stated to the Board that the opportunity to make the same presentation for grades 1-8 and the senior high school grades 9-12 had been extended for Monday, November 21, at 8:00 P. M. in the auditorium of the Mt. Airy H. S.

The Board received a report on the meeting of educational personnel with representatives from business and industry in Carroll County in a meeting at the Black and Decker Hempstead plant on October 20. This meeting was arranged by the Westminster Chamber of Commerce. The education personnel present included central office administrators and supervisors, as well as school principals and counselors. In the discussion the business and industry representatives expressed their points of concern about education's preparation of school youth for entry into occupations in the business and industry openings in the county. It was agreed at this meeting that Board of Education representatives would assume the initiative for planning future meetings. Included in considerations at the moment are visits by business and industry representatives to schools, discussion on present school programs and information on projected school programs.

A letter from Mrs. Ernest V. Day, representing the League of Women Voters of Carroll County, was read. In it, Mrs. Day expressed appreciation for the courtesy extended her and another representative of the League at the time of attendance at the October meeting. She indicated that the league would have members attending future Board meetings because of the organizations interest in education in the county, now involving so many new and vital areas. Through Mrs. Day the League also indicated its desire to help in disseminating information about education throughout the county. The Board made recognition of Mrs. Day's letter for the League indicating its de-

sire to have future attendance of members at Board meetings and continued interest in education on the part of the membership.

In executive session, Mr. Paul Wooden, Wooden, Benson & Walton, Certified Public Accountants, Baltimore, discussed with the Board the Report for the Board of Education of Carroll County, for Fiscal Year Ended June 30, 1966.

In executive session, the Board approved action to publish in the county newspapers, approximately one week in advance of Board meetings, the then-known major items on the agenda of the forthcoming Board meeting. The Board also approved, following preliminary work on the Budget, the presentation of the budget to interested adults at a regular Board meeting prior to the presentation of the budget to the Board of County Commissioners. Also, a policy on Board use of citizens' advisory committees was adopted.

The Board adjourned at 1:15 P. M. The December meeting was scheduled for December 14, at 9:30 A. M., Room 307, County Administration Building.

WITH THE ARMED FORCES

SAN ANTONIO — Airman John B. Martin, son of William B. Martin, of R. R. 2, Woodbine, Md., has been assigned to Dyess AFB, Texas, after completing Air Force basic training. The airman, a 1966 graduate of Saint John's H. S. in Frederick, Md., will be trained on the job as a metal repair specialist with the Strategic Air Command.

FT. GORDON, GA. (AHTNC) — Private Aaron C. Perkins, Jr., 20, son of Mr. and Mrs. Aaron C. Perkins, Sr., Rt. 6, 272 Westminster, Md., completed a radio teletype operation course at the Army Southeastern Signal School, Ft. Gordon, Ga., Nov. 10.

He received instruction in the operation of radio transmitting and receiving sets by voice and Morse code.

Harold Wilson, Prime Minister of Britain: "Of course there are doubts about us. There were doubts about us in 1940 which proved to be doubts of small-minded men."

The reason that some people doubt is because they do doubtful things.

Jaycettes Christmas Dance December 3rd

Our local chapter of Jaycettes are at it again. Another project — a dance — proceeds going for community betterment.

The dance is to be held December 3rd at the Union Bridge Community Center from 9:00 until 1:00. Dancing will be to the gay sound of Art Taylor and his orchestra, surrounded by the enchantment of Winter Wonderland; the theme chosen by the decorating committee.

Mrs. JoAnn Dougherty, project chairman is working enthusiastically with committees as follows: decorations, Cathi Hawn, Elaine Wentz, Ravina Hopkins, Bonnie Becker, Joyce Dell; publicity, Gianna Lambert and Doris Crouse; tickets and reservations, Nadine Brown and Carlene Skiles; set-ups, Mary Jane White and Barbara Baumgardner; door prizes and raffle, Beatrice Sauble.

A limited number of tickets are to be sold, due to the size of the dance hall; so get yours now from any Jaycette. Reservations call 756-6414.

Which side of life do you watch, the inside or the outside?

Money is a good servant but a poor master.

It is alright to use a hammer if you are building something.
