## SUMMER RECREATIONS.

Nature reposes in the winter to be ready for the activity of summer which is the time to work, and whilst it produces with unstinted abundance the productions necessary to the sustenance of men and animals, the active industry of man is necessary to gather and secure the products. To the husbandman, harvest time is the culmination of his patient waiting in the long months preceding it. He must go forth to his toil at the dawn of the day, continuing through the torrid temperature of noon and resting not until the shades of evening fall. Every department of life finds its energies taxed in the last degree in carrying forward the work that is at hand ; the merchant in his counting room, the professional man in his office, are all more or less subject to the enervating effects of the season, and they all need relief betimes, from work and care, that nature may find restoring energy.

Happily, the researches in physiology point out the need of this relaxation, and the advances of mechanical ingenuity have brought to bear the appliances and the inventions that facilitate its enjoyment. The railways provide excursions ment. that reach everywhere, into the mountains, the valleys and the seashores, quiet nooks and public resorts. Of these those whose resources permit may avail themselves, and yet amid the quiet scenes of rural life there are but few that cannot go forth to the woodlands, the brooks and everywhere, and enhas become an institution that recurs as regularly as the season, and timation, that he would be a bold with it. What were summer now "Hessian Fly" depredations in without pic-nics? SAN FRANCISCO AND NEW YORK. FAGTS vs. PREJUDICE

AVINIARAK BILLIAKS

R. H. McDonald Drug Co., Proprietors.

Prejudice is hard to combat. It cannot be overcome in a day. More than likely it wasn't formed hastily. Indeed it may have been gradually strengthening its hold for years. For instance, some folks believe Rheumatism cannot be cured. Their fathers believed so before them. So did their grandfathers. W, RHEUMATISM CAN BE

CURED, notwithstanding this prejudice, but the trouble is to make people think so. The only way we know to meet popular un-belief is to state the **PLAIN FACTS**, and then present the POSITIVE PROOFS that they are facts. It is a fact that the RUSSIAN RHEUMATISM CURE not only relieves but banishes Rheumat Pain. There is positive proof of it too. It comes from those who have suffered untold agony with Rheumatism and have been completely cured by this remedy. All who have tried it have had this experience. Some of them permit us to print their testimony. It makes quite a little book, which we send free to any who are interested enough to ask for it. A complete Russian Rheumatism Cure, costs \$2.50. If mailed, 10c. additional. If registered, 10c. more. You'll never need but one, so the price isn't high. Who wouldn't give \$2.50 to get rid of Rheumatism? As yet it cannot befound at the stores, but can be had only by enclosing the amount as above, and addressing the American Proprietors,

PFAELZER BROS. & CO., 819 & 821 Market St., Philadelphia
