Reverend Fathers, College Companions: I am honored in being permitted to speak on a subject concerning which, no doubt, all have very pronounced opinions. However, the veil which partly covers the terrible tragedy shall not be ruthlessly torn aside. We know, if not from history at least from the remarks of Mr. Kessler, '92, that in extent and stability our country is grand. Never the less, for four years peace was regained, not at the expense of thousands of brave Northern men and thousands of brave Northern men.

But now all feeds are forgotten; all breached, and I call upon you students of Mt. St. Mary's College, to coast the country which knows neither North nor South, East nor West.—In aven't that happy facilty of making after-dinner speeches such as is possessed by Chauney Depew, neverlized countries is only represented course and disappear.

However it may be effected; but unjust prejudice often prevents people from 'trying a 'proprietary medicine,' until other remedies prove unavailing.

J. H. Ritchie, Commission Agent, Kingston,

Australia, writes:

"For years a confirmed sceptic as to the merits of proprietary medicines, I was at last converted by the use of Ayer's Cherry Pec-toral. For months a bottle of this medicine, of which I had come into possession through the kindness of a friend, remained unopened in my closet, till one night I was seized with a violent cold accompanied by a racking cough. Having none of my usual remedies at hand, I thought of the Cherry Pectoral, and determined to give it a trial. The result was truly magical. Relief came almost instantly, and after repeating the dose, certainly not more than half a dozen times, I found myself thoroughly cured. Subsequently my daughter was cured of a severe cough by the use of the Cherry Pectoral. I recommend this preparation to all sufferers from throat and lung troubles." For croup, whooping cough, bronchitis,

asthma, and consumption the best remedy is Ayer's Cherry Pectoral, PREPARED BY Dr. J. C. AYER & CO., Lowell, Mass.
