

THANKSGIVING DAY.

Thanksgiving Day though the weather was anything but bright and pleasant was enjoyed, apparently, to the fullest extent by the people of this neighborhood.

The attendance at the union services in the Reformed Church, though not as large as it should have been, was still quite large enough to show that our people appreciate the value of such observances.

The sermon, by Rev. Dr. Simonton, from 1 Kings, 4:25, was an eloquent and touching presentation of the claims upon us as individuals as well as citizens of this favored country, for hearty, fervent and practical thankfulness to Him from whose hands all our blessings come.

The music was unusually fine, the choir of the Reformed Church being assisted by members of the choirs of the other churches represented. The Gloria from Farmer's Mass was beautifully rendered, as was also the 148th Psalm, the music of which was composed by the gifted organist, Dr. J. K. Wrigley.

TERRIFIC STORM.

The storm of Monday was very violent and extended over a wide space of country. In this neighborhood it commenced with thunder and lightning about 12:30, and continued for about half an hour, during which time there was a terrific gale, and for a few minutes the rain descended in torrents. Considerable damage was done to fences and buildings in the neighborhood. One of the walls of Stony Branch school house, a brick building only erected a few years ago, was blown in, and the wonder is that no one was hurt, as a number of scholars were in the house at the time. The roof was blown off Allison Brothers' barn, a few miles east of town, part of Mr. Samuel O. Ohler's carriage house was destroyed, and other lesser damage was reported. In Frederick the storm was very heavy and considerable damage was done to buildings, etc., the most being at the Fair Grounds, where the Machinery Hall, which cost the Society \$2,600, was completely wrecked. At Jefferson, the cable end of the Reformed Church was blown in. The pipe organ was destroyed and surrounding buildings damaged by flying debris. Slight damages are reported from nearly every section of the county.

GO YOU 105 PER CENT. BETTER.

The Mechanicstown *Clarion* of last week says:

On Saturday 7 shares of Mechanicstown Water Stock were sold at public auction. They brought \$12.00 per share, par value \$10.00. It has not been long since we remember seeing S. M. Birely, the secretary trying to induce our people to subscribe for stock at par, in order to get the necessary capital to build the works; he and others of our citizens, succeeded in getting \$8,000 subscribed in this town, the balance, \$2,000, was secured by S. M. Birely for Frederick city people. We urged our people to take all the stock at home, believing that it would be a good investment, which has been fully demonstrated.

Your head is level, Brother Cassell, as it usually is, and in view of the fact that your people already had the experience of Emmitsburg to profit by, shows shortsightedness on their part in not taking all the stock at home. The last Emmitsburg Water Stock sold at public sale brought \$22.50 per share, par value \$10, a premium of 125 per cent., and the beauty of this is that the stock was all taken by our own people. The Emmitsburg company now pays a semi-annual dividend of 6 per cent.

Balmaceda's Ministers Indicted.
VALPARAISO, Nov. 25.—The feeling of uneasiness caused in certain circles by the decision of congress to authorize the execution through Procurator Fiscal of Senor Jose Encina, recently a member of the late President Balmaceda's congress, on charges of fraud has increased greatly and has caused considerable excitement and consternation in certain circles. The cause of this renewed trepidation is the fact that it was announced yesterday that all of Balmaceda's former ministers were to be prosecuted, and that some startling disclosures may be expected when the public ventilation of their affairs is made. These ministers were indicted yesterday, and their trials will be rushed at the earliest possible moment.

BLUE RIDGE SUMMIT ITEMS.
The following is taken from the *Waynesboro Gazette* of the 23d inst.

The December number of the *United Service Magazine*, published by Hamersley, of Philadelphia, prints a letter in rhyme from Edward L. Keyes, of Blue Ridge, to Captain Jack Crawford, "The Post Scout." The *Gazette* credits the verses to the *Gazette*, which was an unmerited honor.

Some weeks ago the daily *Gazette* printed the letter referred to above. This was the first time the lines ever appeared in print. A few days later the *Weekly Gazette* re-printed it. A copy of these newspapers was forwarded to the publisher of the *United Service Magazine* with the request that he print it and credit the lines to the *Gazette*. Mr. Hamersley obligingly did as requested, and the December number of the *Magazine* contains the lines precisely as they were printed in the *Gazette* some weeks ago.

After several perusals of the paragraph of the *Gazette*, which is quoted above, we fail to see any impropriety in the action of Mr. Hamersley or of the unfortunate individual who requested him to credit the letter to the *Gazette*. We are forced to conclude that the error lies in the fact that the *Magazine* made no complimentary comment on the "Live railroad man of the South Mountain."

We regret that in our endeavor to return a civility we quite unexpectedly provoked censure.

This is another of the many obligations the citizens are under to the B. & H. R. R., Western Extension.

The twenty guests now at the Clermont will enjoy their turkey and plum pudding there on Thursday.
