"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

DR. G. C. OSGOOD,

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves.

DR. J. F. KINCHELOE, Conway, Ark. | ALLEN C. SMITH, Pres.,

Castoria.

" Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

This claim, daily arrogated in the columns of the daily press by the proprietors of medicines far inferior to it as specifics, has in a thousand instances disgusted the public in advance by its absurdity, and the prospects of other remedies of superior qualities have been handicapped by the pretentions of their worthless predecessors. But the American people know, because they have verified the fact by the most trying tests, that the bitters possesses the virtues of a real specific in cases of malarial and liver disorder, constipation, nervous, rheumatic, stomach and kidney trouble. What it does it does thoroughly, and mainly for this reason it is indorsed and recommended by hosts of respectable medical men.

The Fountain Head of Strength.

When we recollect that the stomach is the grand laboratory in which food is transformed into the secretions which furnish vigor to the system after entering and enriching the blood; that it is, in short, the fountain head of strength, it is essential to keep this important supplying machine in order, and to restore it to activity when it becomes inactive. This Hostetter's Stomach Bitters does most effectually, seasonably, regulating and reinforcing digestion, promoting due action of the liver and bowels. Strength and quietude of the nerves depend in great measure upon thorough digestion. There is no nervine tonic more highly esteemed by the medical fraternity than the Bitters. Physicians also strongly commend it for chills and fever, rheumatism, kidney and bladder trouble, sick headache, and want of appetite and s'eep. Take a wineglassful three times a day.

AT THE BREAKFAST TABLE.

Each Member of the Family Should

Allow Time for Courtesies. One cannot but regret that the ne cessity of business and household duties compels breakfast to be so often a hurried meal; in most homes it becomes itself part of the necessary business of the day, says a writer in the Outlook. And yet much of this might be prevented by a determination on the part of each responsible member of the family to allow one a half hour's time to what might be

called the courtesies of the breakfast Every member of the family knows how much pleasanter it is to have the breakfast table bear some signs of the touch of a mistress' hands, when each member comes in as if he were coming to enjoy the companionship as well as the food, and not as if he were coming to the lunch-counter of a way station on a railroad-forced to eat and run.
