

WASHINGTON LETTER.

(From Our Regular Correspondent.) WASHINGTON, Dec. 10.—It looks as though the House might be on the eve of a stampede in favor of the currency plan proposed by Secretary Carlisle, notwithstanding the indifference with which it seemed to have been received.

All the work that has been done has been under the surface, the idea seeming to have been to secure the support of a majority before arousing any opposition, and President Cleveland has done more than his share of it. Three days ago there did not appear to be a probability that the plan would be seriously considered by the House.

Now, it appears to be certain that the committee on Banking and Currency, which today gave Secretary Carlisle a long hearing on his recommendations, will report a bill within two weeks that will not vary materially from Mr. Carlisle's recommendations. Whether the bill can pass the House is not yet certain; opposition may develop, although there is little that is active in sight now.

The present plan is to have the bill reported before the Christmas recess, and to have it endorsed by a democratic caucus as soon as Congress reassembles, and rushed through the House so as to give the Senate plenty of time to act upon it.

There are several obstacles which may come into collision with this plan, the principal of which is the attitude of the silver men. If they decide to stay out of the caucus and oppose the bill its chances for getting through will be materially diminished, if not entirely destroyed.

Some of the silver men have said that they would be willing to support a bill for an increase of National Bank Currency and for a state Bank Currency, based upon the suggestions of Secretary Carlisle, but others have objected to the plan because it does not provide for the use of any silver.

Among the bills included in the democratic order of business for the Senate which are likely to get through are the Bankruptcy bill; the Nicaragua Canal bill; the Arizona and New Mexico Statehood bills, and the bill providing a Territorial Government for that portion of Indian Territory occupied by the five civilized tribes of Indians.

NOT ENTITLED TO EXTRA PAY.

According to the opinion of Attorney-General Poe, the County School Commissioners and examiners are not entitled to any compensation or travelling expenses in excess of their respective salaries.

The opinion of Mr. Poe was called forth by a series of questions from Mr. Eben F. Perkins, secretary to the school commissioners of Kent county, but as the law is general, the opinion affects the entire State.

Among the bills included in the democratic order of business for the Senate which are likely to get through are the Bankruptcy bill; the Nicaragua Canal bill; the Arizona and New Mexico Statehood bills, and the bill providing a Territorial Government for that portion of Indian Territory occupied by the five civilized tribes of Indians.

The Modern Mother

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

The liveliest dry goods merchants of Gettysburg, Pa., are advertising in all their mediums a unique idea which they call a Good Bye Sale. They have put such a price on goods that they expect to force a month's clearing into a few weeks. We think it would no doubt be of advantage to call to see them during this sale.

Died From Ills Injuries.

Wm. Hawkins, the young colored driver who was fatally injured in the accident to Robert Delander's five-horse team while descending the mountain at Gapland Tuesday of last week, died last Thursday morning without regaining consciousness. His skull was fractured by a bale of hay, which fell upon him when the wagon ran into the bank.

Hagerstown Firemen.

The six volunteer fire companies of Hagerstown are involved in a controversy with the city council over the annual appropriations for fire purposes and the Gamewell fire alarm system, which is being introduced and will be inspected by the city officials. If found satisfactory the town will pay the Gamewell Company \$3,000. At the last meeting of the council the representatives of the fire companies asked that the annual appropriations be handed over. The tax collector reported only \$1,200 on hand to the credit of the fire companies. After considerable debate the council decided to give each company for the present \$100. Firemen generally have expressed dissatisfaction with the fire alarm system. The fireman have concluded to take a hand in the municipal election next spring and nominate a candidate in each ward pledged to use their influence in behalf of the firemen. The council proposes retaining \$300 of the appropriation for the purchase of a bell to sound fire alarms by the new system from the town clock tower.

Denied by Governor Brown.

No action was taken last Thursday at the meeting of the board of directors of the Maryland House of Correction regarding the charges of mismanagement of the affairs of the institution made by Mr. J. H. Ralston, of Hyattsville. All the directors were present at the meeting. Governor Brown in speaking of the charges and their publication said: "They are without foundation, and when Mr. Ralston's communication receives a formal reply this will be shown. The institution has existed for nearly twenty years, and in that time nearly 11,000 prisoners have been within its walls. It seems remarkable that it was necessary to go to the Coxey Army to get charges against the conduct of the institution.

Store Robbed.

When Mr. Chas. Mealey, of Pearl, this county went to open his store last Saturday morning he found that some one had effected an entrance during the night and made away with a number of articles of merchandise. Things were scattered around the floor in a reckless manner, but no trace leading to the identity of the thieves could be discovered. Mr. Mealey was unable to say what his loss would amount to.

Postoffice Revenue.

The report of the auditor of the Postoffice Department, at Washington, just issued, gives a table of gross receipts, total expenses and net revenue of the presidential postoffices in Maryland. There are twenty-nine presidential postoffices in this state, and the gross receipts from these offices for the year, amounted to \$947,209.39; total expenses, \$537,617.75, leaving a net revenue of \$409,591.64. The gross receipts from the Emmitsburg postoffice were \$2,131.58, and the total expenses were \$1,228.22, leaving a net revenue of \$903.36.

More Robberies in Westminster.

Burglars effected an entrance Wednesday night of last week into the store of John W. Nelson, in Westminster. The front windows were secured with shutters and an iron padlocked, but the robbers cut off the padlock with a cold chisel, and after taking out a pane of glass raised the window by inserting their hands and taking out a nail that kept the window from being raised. They then went into the store and unlocked all the doors and went into the store above, but not finding anything in the shape of money they helped themselves to a lot of cigars and different small things, which they put into a basket, and went out the store door, leaving it open. The only thing that was missing in the house was a "money-bank" belonging to a child.

In going around the alley close to Mr. Nelson's they dropped several tools, and upon investigation it was found that these had been stolen from Mr. Shreeves' blacksmith shop, in the same square. This is the second time in two months that robbers have broken into Mr. Nelson's. The last time they got about \$20 in money. Burglars also made an attempt on Mr. Bixler's store, which has been robbed so often lately, but some person must have scared them away, for their tools were found under the same window which has been entered each time, and it lead many to believe that the same parties have been doing all these robberies.

We are glad to report that she is again able to be about and is suffering very little inconvenience from the accident.

For the Sale of a Canal.

Attorney-General John P. Poe filed a bill for the sale of the Susquehanna and Tidewater canal, which was leased to the Philadelphia and Reading railroad. The canal, extends from Havre de Grace in Maryland, to Wrightsville, York county, Pa., and the State of Maryland holds a mortgage on it for \$1,000,000. The State was to derive \$20,000 a year from the canal companies, payable in half-yearly installments on the first days of July and January. Three half yearly payments of \$10,000 each are now in default, and it is expected that the \$10,000 which falls due in January, 1895, will be also in default. In the meanwhile, too, it is stated the canal is idle and easily deteriorating in value and that it has no business or revenue sufficient to pay current operating expenses and interest on debts. The court was asked for a hearing on the second Monday in January, 1895, and that a copy of the order be served on the Susquehanna Canal Company and the Tidewater Canal Company on or before December 20, 1894.

The Pains of Rheumatism

According to the best authorities, originate in a morbid condition of the blood. Lactic acid, caused by the decomposition of the gelatinous and albuminous tissues, circulates with the blood and attacks the fibrous tissues, particularly in the joints, and thus causes the local manifestations of the disease. The back and shoulders are the parts usually affected by rheumatism, and the joints at the knees, ankles, hips and wrists are also sometimes attacked. Thousands of people have found in Hood's Sarsaparilla a positive and permanent cure for rheumatism. It has had remarkable success in curing the most severe cases. The secret of its success lies in the fact that it attacks at once the cause of the disease by neutralizing the lactic acid and purifying the blood, as well as strengthening every function of the body.

Brunswick Improvement.

The street improvement in Brunswick has stopped for this year, the appropriation of \$25,000 being about exhausted. The work done was confined entirely to the old or business portion of the town. Four streets or about one and one-half miles of streets have been graded and stone gutters put in on each side. The parts of the streets which are used the most were covered with a thick dressing of limestone. The rest were covered with cinders. It is a very decided improvement in the appearance of the town. Brick pavements are being laid on both sides of the improved streets. The propriety of buying a stone crusher to be placed at one of the quarries near the town and prepare material for the streets is being strongly advocated.

Assault on a Postoffice Clerk.

Wm. A. Harley, a clerk in the Frederick city postoffice, was assaulted early Wednesday morning. He was within a few feet of the rear door of the postoffice, when some one threw a piece of slate at him, which inflicted a painful cut on his face. The morning was dark and foggy, so that the assailant could not be recognized. Mr. Harley had a similar experience about a year ago, when some unknown person assaulted him and knocked him down. His duty is to open the postoffice about 4 o'clock A. M. and prepare for the departure of the early mail. No attempt was made to enter the postoffice by the assailant, and the cause of the assault is somewhat of a mystery.

WILLIAM BAILEY, one of the parties charged with robbing the residence of Mr. Williams, at Deer Park, Garrett county, on the night of Oct. 21, made his escape from Garrett county as soon as he heard of the arrest of some of the other parties accused and went to Martinsburg, W. Va. Then he went to Cumberland, and registered at the Arlington Hotel as J. C. Clark. The next day he was recognized by a gentleman who knew him at Deer Park and notice was given to the police and he was arrested. He was taken to Oakland where he was given a hearing. He confessed his guilt and in default of \$500 bail was remanded to jail for trial at the March term of court.

Convicted of Manslaughter.

At Hagerstown, on last Saturday night, Jonathan Smith was convicted of manslaughter for the killing of his brother Solomon Smith, which occurred on August 5th. The jury was out for three hours and a half. The extreme penalty for manslaughter is ten years imprisonment. Smith is fifty-four years old, and has a wife and seven children. It will be remembered that Solomon Smith died from the effects of a blow from a stone thrown at him by his brother Jonathan Smith, during a quarrel. The quarrel occurred immediately after church service in Pleasant Valley, Washington county.

Strike Against Ten Hours.

On Thursday morning of last week, at Frostburg forty men employed by the Frostburg Gas Company went on a strike against working ten hours a day. Most of the men were miners who failed to get work in the mines after the strike last summer and had worked two days for the gas company at ditch making for new pipes. They received \$1.25, working nine hours a day.

In His Hundredth Year.

Mr. Daniel Mickle, who is said to be the only survivor in Pennsylvania of the War of 1812, entered his one hundredth year Saturday. He was born in Adams county, and was nineteen years old when he enlisted in Captain Miller's Company A of riflemen, which was in the reserve command in the battle of North Point.

Mr. Mickle returned to the pursuits of peace and lived in Adams county, until 1828, when he moved to a farm in Washington county, Md., which is still in the possession of his descendants. Before leaving Adams county he married Elizabeth H. Settle, who died in 1873, in Waynesboro, to which place the family moved in 1861. There were born to Mr. and Mrs. Mickle twelve children, six of each sex, six of whom still survive. Of those dead Peter was killed by lightning, September 4, 1854, near Greencastle, and John was killed in battle at Charlestown, W. Va., in 1863. He was a member of the Seventeenth Pennsylvania Cavalry.

The surviving children who celebrated the birthday with their father Saturday, are Mrs. Kate Bell, Williamsport, Md.; Mrs. Polly Bell, Hagerstown, Md.; Mrs. Rev. Daniel Good, Waynesboro; Henry Mickle, Upton; Simon Mickle, near Waynesboro; and Daniel W. Mickle, who, with his niece, Miss Mollie E. Mickle, daughter of Simon, resides with and cares for his father. The three daughters are widows.—Sun.

Bogus Collector.

Two strangers have been traveling through Frederick county representing themselves with having the authority to collect premiums on fire insurance policies. Mr. Wm. A. Morningstar, of Lime Kiln, was called on by the men, who told him that his premium was due on his policy and that they had been sent to collect it. Mr. Morningstar, however, declined to pay, and called to see Mr. F. G. Thomas, of Frederick city, the agent of the company in which he is insured. Mr. Thomas informed Mr. Morningstar that he owed no money, and that no one had been authorized to call on him.—Sun.

C. V. Boye, F. R. S., who has done some surprising things in chronometry, has succeeded in perfecting an instrument of the kind alluded to. The instrument was made for the purpose of measuring the time occupied by a bullet in traveling six feet.
