

WASHINGTON LETTER.

(From our Regular Correspondent.)

WASHINGTON, Jan. 21.—Once more little Hawaii is almost monopolizing the attention of Congress.

One of my children had a very bad discharge from the nose. Physicians prescribed without benefit.

Price of Cream Balm is fifty cents.

RIOTING IN BROOKLYN.

The city of Brooklyn, N. Y., was placed under military control early last Saturday morning and the strike of the 6,000 electric street railway employes still continues.

The strike has not yet been settled. Several persons have been killed and a number wounded.

TO FIGHT A WILD OAT.

He proposes to go into a log pen, 6 by 8 1/2 feet, and fight a wild cat, and his name is Sam McGraw.

Last Saturday was set for the battle at Dundee, Ky., but when the hat was passed around among the 5,000 persons who had gathered only \$14 could be raised, and Sam wouldn't fight for that.

The animal weighs twenty-seven pounds and is three feet long. McGraw is to use his bare hands and is to be bareheaded. The money is up this time.—Sun.

Mrs. Susan E. Forrer was found dead Sunday afternoon about 3 o'clock at her home in Hanover, where she resided alone.

Although some of the members of the House Pacific Railroad Committee say that Committee will report favorably a bill for the settlement of the debts due from those companies, and that it will be alike satisfactory to the government and the railroad people, few believe that this Congress will legislate on the question, although the town is full of people directly interested in it.

The decision of the House Judiciary committee to reopen the case of Judge Ricks, of Ohio, after having once ordered an impeachment resolution to be reported to the House, is regarded by nearly every-body as indicating that the committee will not report the impeachment resolution at all.

An enormous amount of pressure has been and is being brought to bear on members of the committee in behalf of Judge Ricks, and it is said that Representative Bailey of Texas, who has been pushing the impeachment and who is now very much disgusted, may make some sensational disclosures on the floor of the House concerning the matter.

Beware of Ointments for Catarrh that contain Mercury, as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces.

THE Mexican Colonization Company have opened an office in Birmingham, Ala., and promises the negroes free transportation to the State of Durango, Mexico, and corn and cotton lands there.

ON Wednesday afternoon, Herman Wooters, a student at St. John's College, Annapolis, was drowned while skating.

The only way to cure catarrh is to purify the blood. Hood's Sarsaparilla purifies the blood and tones up the whole system.

NOTWITHSTANDING the discouraging reports recently set afloat that the German colonists in Dorchester had become dissatisfied, there is every indication that even larger numbers will seek homes there in the spring.

In Olden Times.

People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently cure habitual constipation, well-informed people will not buy other laxatives, which act for a time, but finally injure the system.

St. Mary's College, whilst coasting slipped and fell, striking his head against a sled, fracturing his skull. Dr. J. B. Maryland Beneficial Association.

A petition was filed in Hagerstown Wednesday by Walter D. Wilson and others, policy-holders in the Maryland Beneficial Association, asking the court to pass an order authorizing and directing M. L. Keedy, trustee of the association to bring suit against the Hagerstown Manufacturing, Mining and Land Improvement Company to recover \$1,085, paid by the Maryland Beneficial Association for seven building lots on the Land Improvement Company's addition to Hagerstown, at a time when the Beneficial Association was insolvent. One of the allegations is that some of the officers of the Beneficial Association were also officers of Land and Improvement Company and that the purchase was in violation of the rights of the policy-holders. It is further alleged that the purchase was made as a speculation and not as a safe investment. C. W. Sebald is president of both companies.—Sun.

It fortifies the system against disease, promotes appetite and sleep, and hastens convalescence after debilitating and death-wasting diseases.

He Would Steal, But He Would Not Lie.

At a hearing before Justice M. L. Middlekauff, in Hagerstown, Wednesday, George Marshall confessed that he and "Dish" Ernede had robbed J. D. Rutledge's house, in Hagerstown, January 14. He was held for court and put in jail in default of \$300 bail. "Dish" Ernede and Mrs. Mollie O'Connor are also in jail on the same charge.

At a special meeting of the Choral Union held in the new public school house on Thursday evening of last week, the choral was reorganized and is once more in an excellent working condition. A regular meeting of the organization was held on Tuesday evening of this week and the attendance was quite large and the interest that is now being manifested by the members, gives evidence of the Choral Union being in a better working condition than at any time in its previous existence. Twelve new members were enrolled on Tuesday evening, making a total membership of forty active members. An agreement has been entered into by the Choral Union and the teachers of the public school, which enables the school to use the organ for practicing purposes. The regular meetings of the Choral Union will be on the second and fourth Tuesday evenings of each month at 7:30 o'clock.

Strikers to Resume Work on Old Rates.

The strike of the weavers at the Maryland Silk Mills, in Hagerstown, has ended, and all hands the company choose to take back went to work Monday morning at the old rate of pay. There are fifty-one looms, three-fourths of which will be in operation. The managers have blacklisted some of the strikers, and told the committee that waited on them that under no circumstances would they ever reinstate them. One striker wrote a letter to the manager, in which he said he would divulge everything for \$10. The letter was not heeded. The men were very anxious to get back, after being out just one week. Some will operate looms that will pay them much less than heretofore, their old looms having been taken by others who returned first. The rule is—first come, first served, and there will be quite a scramble. The company has \$20,000 worth of unwound silk now on hand. Numerous improvements were made at the mill during the strike.—Sun.

An Emmitsburg Musician's Success.

Miss Teresa Lansinger, daughter of Mr. Wm. Lansinger, of this place, who went to Baltimore several weeks ago to act in the capacity of organist at the Immaculate Conception church, has been quite successful in her efforts and has, up to the present time, acquitted herself most admirably at the organ, and judging from her present success, Miss Lansinger bids fair to become, in a short time, a first class organist.

In speaking of the improvements now being made at the Immaculate Conception church, the Baltimore American of a recent date, says: "The choir space of the Immaculate Conception Catholic Church, Mosher and Division streets, has been considerably enlarged and improved. The railing has been placed forward six feet and run in a semicircle, the floor has been raised four inches and new seats provided. The organ has also been thoroughly repaired. Mr. Frederick Furst has succeeded Mr. A. C. Leonard as leader of the choir, and Miss Teresa Lansinger, of Emmitsburg, has been selected as organist."

Joined His Brother.

On Thursday of last week, Mr. Wm. K. Black, of this place, took Edward Mayhew, a twelve year old son of John Mayhew, to the St. Mary's Industrial School, at Baltimore. The Baltimore American of last Friday, speaking of the little fellow's arrival at the Industrial school, says:

"William K. Black, a retired merchant, of Emmitsburg, Md., arrived in Baltimore Thursday morning having in charge a boy named Edward Mayhew, aged twelve years, who he placed in St. Mary's Industrial School on a commitment signed by Justice Kerrigan, of Emmitsburg. Mr. Black became interested in the little fellow about three years ago, when with his father and an elder brother he frequented the town, playing musical instruments and picking up a few pennies. Through Mr. Black's influence the older boy was then taken from his father and sent to St. Mary's Industrial school, but the father disappeared with the younger boy. He was afterward heard of in Bedford, Pa., then in Johnstown and Pittsburg. At the latter place the smaller boy was taken away from the father and brought to Emmitsburg, where he was also committed to his present home. The little fellow was overjoyed to find his elder brother. Both the boys are remarkably good musicians, and gave a very creditable impromptu concert in honor of their reunion. Mr. Black was formerly a member of the building firm of Black & Klunk. They built the old Concordia Opera House on South Eataw street, and a number of prominent business houses."

Paradise of the Geologist.

Dr. James A. Mitchell, professor of geology at Mt. St. Mary's College, delivered the first of his series of illustrated lectures before the college on the 16th inst. His subject was "The Secondary Volcanic Phenomena in the Yellowstone Park." He gave a scientific description of the geysers, hot springs, carbonated springs, lime depositors, sulfataras fumaroles and mud volcanoes. Views were shown and comparisons made between the New Zealand Terraces and those of the Yellowstone; also geysers in Iceland, where primary volcanic action is at work, with the secondary volcanic action in the Yellowstone. The plateau region, with its great canyons, was also described. The professor expressed his surprise that our tourists direct their journey through Europe and other countries, and neglect to visit the magnificent country justly styled the "Paradise of the Geologist."—American.

TOOK HIS OWN LIFE.

MR. H. E. HANN, Constable, Committed Suicide by Hanging Himself.

Between four and five o'clock on last Saturday afternoon, while laboring under a strain of temporary insanity, Mr. Hilary E. Hann, committed suicide by hanging himself in his barn in the rear of his residence, on East Main street, in this place. He went to the barn and committed the deed by placing a hitching rope over a joist and then fastening the loop around his neck. It is supposed that he stood on the hub of a road cart, which was near where he was found hanging, and when he had everything in readiness, stepped from the cart and death soon followed. He died from strangulation.

He was found by his youngest son, who had been sent to the barn to look for his father, and, although greatly overcome by finding the lifeless body of his father, gave an alarm, and within a few minutes a large crowd of people had gathered at the scene where the awful act had been committed.

Messrs. Peter F. Burket and Samuel Overholzer were the first persons to arrive at the barn after the news of the sad affair had been made known, and finding that life was extinct, sent for Mr. C. T. Zacharias, at whose suggestion the rope was cut and the body carried to the house. Dr. Robert L. Annan was summoned, but could render no assistance, as all signs of life had disappeared and all efforts to resuscitate the unfortunate man would have been of no avail.

No inquest was held, as it was deemed unnecessary.

What could have been the direct cause of Mr. Hann taking his own life is involved in mystery, and will in all probability, never be known, as he had never intimated to any person that he intended using any such means in ending his career, and unlike many other persons who pursue such a course to end their existence, he left no papers that can be found, stating his reasons for committing the deed.

At times during the past several weeks, Mr. Hann complained of feeling unwell, and it was noticed by his family that he was in a melancholy mood, but would not hear to consulting with a physician. It appears that some great trouble was worrying him, but what it was could not be ascertained. His family knowing his condition, kept a close watch over him, and on last Saturday morning he went to the garret in his residence, and his wife noticing that he was in very low spirits, soon went to the garret after him, and on asking what he was doing, he replied that he was looking around. He came down stairs and remained in the house the greater part of the day. In the afternoon, while Mrs. Hann was fitting a dress on a lady, he left the house and walked up to the barn, where he was found, as already stated, not more than fifteen or twenty minutes later.

Mr. Hann was born in Adams county, Pa., on the fourteenth day of April, 1845. He had resided in this place for a number of years. He was married to Miss Laura Koontz, who with five children survive him.

Mr. Hann's daughter, Miss Catharine, was married to Mr. Harry Lingg on the preceding Thursday, and was in Baltimore on a wedding tour. They were to return home on Saturday evening when a reception was to be held at the residence of the bride, and the home which in a few hours later would have been a scene of joy and happiness, was changed to one of sorrow and grief.

At a meeting of the Town Commissioners on June 5, 1894, Mr. Hann was appointed town constable, tax collector and lamp lighter. He was also county constable for several years, all of which positions he held at the time of his death. While in good health he discharged the duties involved upon him by the several offices he held in such a manner as to gain the confidence and good will of all who intrusted business in his hands. Much credit is due him for the excellent manner in which he attended to the street lamps.

In regard to collecting the corporation taxes, he filed that office to the best of his ability. While the report circulated that his accounts with the corporation were somewhat mixed, it is true to a certain extent, they had been straightened out sometime ago. This difficulty was caused by crediting the same person two or three times with the amount received for taxes. Up to the present time no deficit has been found in his accounts with the corporation and it is thought that they are all right, so far as is known.

Thus it can be seen that no plausible reason can be given at this time for his action.

The funeral services took place at St. Joseph's Catholic Church on Monday afternoon at 4 o'clock. His remains were interred in the cemetery adjoining the church. Rev. P. V. Kavanaugh officiated.

A Farmer's Attempt at Suicide.

Mr. G. F. E. Crumbaugh, a prominent farmer of near Dublin, this county, aged fifty-five years, made a determined attempt on Monday to commit suicide. He has been in a state of despondency for several weeks over losses that he recently sustained by endorsing notes, and his family, fearing he might attempt to kill himself, have kept close watch over him. On Monday he went to the barnyard, and, lying down in the horse-trough, tried to drown himself. He then got out of the trough and crawled to a shed nearby, in which he was afterward discovered in a nearly unconscious state. He had made himself very ill, and it was only with the greatest difficulty that his life was saved.

There was a wild cat scare in Fairfield. Some of our citizens in Fairfield did not only track a wild cat, but they heard it mew. They were somewhat scared. They saw tracks in their yards, several boys heard the mew of the cat and some getting up only half dressed went to help to hunt the cat. After all, it seems that there was a young man who had a whistle that he could blow, making a noise like a cat. They were pretty well "sold," however.

MONTEVUE HOSPITAL NEWS.

FREDERICK, Jan. 23.—The Frederick City Electric Light and Power Co., is now engaged in placing wires in Montevue Hospital for the purpose of introducing the electric light, which will be a great improvement to the hospital.

Last Tuesday afternoon, Charles Adams, a boy of about 18 years of age, was brought to Montevue suffering from injuries of the head and face received on the B. & O. R. R. last Monday night. It appears from the statement of the boy that he boarded the Washington train near Adamstown, bound east, and was riding on the rear platform of the train; some one in the car opened the door, the boy imagining that the conductor was after him became frightened and fell from the train, striking his head and face. He became unconscious, and after recovery walked to Adamstown and had his wounds dressed. The next day (Tuesday), he was committed to Montevue by Justice of the Peace Jerningham Boone.

A Young Man Lost.

Mr. Wm. Boyer, of Liberty, this county, called at the Mayor's office in Frederick, Wednesday morning, and asked Mayor Fleming to keep a lookout for his son, who left home Tuesday and up to Wednesday morning had not returned. The young man is described as being about 26 years of age and about 6 feet tall. Before coming to Frederick the young man told his father that he did not care to drive in, but would ride horse back. Wednesday morning Mr. Boyer found the horse at one of the hotel stables, but could not ascertain the whereabouts of his son. When the latter left home he had a check on the First National Bank for \$100, but this he did not have cashed Tuesday. Mr. Boyer also stated to Mayor Fleming that the young man was mindless, the result of an accident which happened to him some time ago. It is supposed that while in this subject to temporary spells of absent condition he left the farm and that he is probably in Frederick or the neighborhood of his home.

The lost man's name is Thomas S. Boyer. He is 26 years old and has a wife and one child.—News.

A Robber Wounded and Captured.

John Valentine, who lives near Carrollton, in Carroll county, was the hero of the occasion in and about Westminster Wednesday. Through his plucky behavior in attacking a trio of desperate characters who Tuesday night robbed the store of James E. Evans, postmaster and station agents at Carrollton, one of them is now safely lodged in the county jail, wounded in the leg by a well-aimed shot from Mr. Valentine's Winchester rifle. Wolfe is the name the robber gave when arrested by Sheriff Arnold, and it is generally thought that he is a confederate of Charles Wells, who broke out of Westminster jail on the 15th of December, and a partner in numerous bold robberies which have occurred in Carroll and Baltimore counties since that date.
