"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children." Da. G. C. Osgood,

Lowell, Mass. "Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

DR. J. F. KINCHELOE,

Conway, Ark.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ARCHER, M. D.,

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

FRANK L. STANTON. In a garden's red retreat Bloomed this rose for you, my sweet! Caught the sunshine and the dew, Dreaming of the lips of you. Heard your sweet voice in the rills And the song of whippoorwills. With the tenderest unrest Yearning ever for your breast, Withered, is it worth a sigh? Do love's roses ever die?

Say not that its charm is fled; Say not that its sweets are dead; Sunlight, moonlight, winds that sing, Lured it into blossoming! In its drooping diadem Some sweet memory lives of them; Still each fading petal seems Fragrant with love's sweetest dreams Will his lips a kiss deny? Do love's roses ever die?

Other roses climb and creep Softly to your curtained sleep; Lingering your lattice near, Glad to die as roses there! Yet, to this one rose that grew In the night and dreamed of you-Death for love its dearest bliss-Give love's sweetest, holiest kiss! Sun and stars fade from the sky, But love's roses never die. -Atlanta Constitution.

A NEW trial in the case removed from Washington county to Frederick county of Samuel A. Rowe against the Baltimore and Ohio Railroad Company was granted by the court Tuesday. At the last term a jury gave a verdict of \$5,200 for Rowe against the railroad company for damages received by a stone falling on him while driving along a new road made by the railroad company while the county road was blocked to travel by reason of the construction of the tunnel between Sandy Hook and Harper's Ferry. The railroad company Inflammation Removed and Wound claimed the damages were excessive. and upon this ground asked for a new trial. Mayor Keedy, of Hagerstown, represented Rowe, and Charles W. Music that once across it swept Today about it clings.
The threnodies of souls that wept
Their grief above the strings
And hours of passionate appeal
So gift it with sensation
That such as lift it now may feel
A thrill of sad vibration.

And still it wakes the note of strife, Of gladness or distress,
Playing on hidden chords of life
That words may not express.
Some strange desire, some vague delight,
That sets the soul a wondering,
As when men hear throughout the night
The restless ocean thundering.

Surely our wondrous modern wit Surely our wondrous modern wit

Hath something yet to learn,
Though progress leap to welcome it

At each triumphant turn;
Something, while that frail pinewood toy
Lies there upon the table

Naming the Day. To name the day of the week of a given date divide the number of the year by 4, rejecting the remainder if any. To this dividend and quotient add the number of days in the year to the given date, inclusive, always reckoning 28 days in February. Divide the sum by 7, and the figure will be the number of the day of the week, 0 signifying Saturday. For THE DAILY HERALD.
