SOLID SILVER

American Lever Watches, WARRANTED TWO YEARS, ONLY \$6.

G. T. FYSHER.

GETTYSBURG, PA. CARPETS.

Some carpets are cheap—cheaper in quality and pattern perhaps than in price—instead of being good for five, six or ten years they wear half as long, consequently cost twice as much as the dependable sort. Our carpets are bought from makers whose established reputation will not allow them to sell us a roll of carpet not all right. They are sold by us at a close profit on their merit and beauty. From the carpet business done by us this Spring we infer that a right price—the lowest possible on goods bought right—takes better than trashy stuff at trashy prices.

THEN BESIDES,

We have carpets to show. We have room to show them. We don't try to worry you into buying something you don't like. No matter how much or how little you want to pay. We have them to fit your contemplated outlay. No matter how little you pay, it will be worth the money.

A Terrible Visitant.

Pain is always a terrible visitant, and often don't feel it with one for life. This affliction is presentable, in cases of rheumatism, by a timely resort to Hostetter's Stomach Bitters, which checks the encroachments of this obstinate and dangerous malady at the outset. The term "dangerous" is used advisedly, for rheumatism is always liable to attack the vital organs and terminate in death. No testimony is more convincing and convincing than that of physicians who testify to the excellent effect of the Bitters in this disease. Persons laboring with rheumatism, or who are exposed to draughts, should use the Bitters as a preventive. Malaria, dyspepsia, liver and kidney troubles, nervousness and debility are also among the ailments to which this popular medicine is adapted. For the infirm, the weakness and stiffness of the aged it is highly beneficial.

Warfare Between the Smithsburg Progressives and Conservatives. The newly elected town officers of Smithsburg having been refused access to the books and records of the town, the new burgess, David Winter went to Hagerstown and qualified before the clerk of the Circuit Court, and, armed with the clerk's certificate, returned to make a further demand. There is quite a lively contention in Smithsburg between the progressive party and the conservative party. Last spring, when the progressive party was in office, they refused to turn over the records to the conservatives. This spring the conservatives are trying to get even with the progressive party, who recently won. The conservatives opposed the issuing of bonds for street improvements and the changing of the town's name.—Sun.

Plenty of Music.

Our town was visited this week by a number of traveling musicians, who carried away with them many pennies. The instruments by which the music was furnished were, three hand organs, guitar, banjo and triangle, the last three instruments were played by three darkies from Westminster. Fortunately these musical knights of the road, did not visit the town on the same day.

A Cat Nursing a Rat.

Mr. Joshua Slifer, of near Bolivar, this county, has a cat which is at present nursing a young rat as carefully as if it was one of her own offspring. The cat has two kittens, and one day last week she killed an old rat and then caught a young one and carried it alive to her nest, presumably for the kittens to eat. Instead of devouring it, however, the kittens made friends with the rat, and since then the old mother cat has treated the rodent as if it was one of the family. Strange to say, the rat will not leave the kittens even when the cat goes away from the nest. The cat fondles and nurses the rat in the most natural manner.

Death of Mrs. Frank Brown.

When she was twenty years old she became the wife of Horatio Wyman Preston, of Boston, who died one year after their marriage. In December, 1879, she married to Governor Brown. She leaves two children, Miss May Brown and Master Frank Brown. The flag was half-masted on the State House at Annapolis Saturday, as a mark of respect to the memory of Mrs. Brown.

Shocks From a "Live" Electric Wire.

Messrs. Noah Thomas, Albert Newcomer and C. C. Biser, of Keedysville, Washington county, Md., had an exciting experience Thursday with an electric-light wire in Baltimore. They were walking along Lombard street, when Mr. Thomas saw a "live" wire dangling in front of him at the corner of Sharp street. He put up his hand to push the wire aside and received a shock that burned his face and hands, threw him violently to the pavement and cut his head. His companions caught hold of him to pick him up, and they also received shocks that threw them down, but did them no further harm. Mr. Thomas was sent to the City Hospital, where his injuries were dressed, and he was able to go home.

Dramatic Performance.

Henry IV, one of Shakespeare's most famous historical plays, was produced at Mt. St. Mary's College Monday evening by the students, under the auspices of the senior class. The scenic arrangements were all that could be desired and the acting was up to the usual standard of the students of the Old Mountain.

Messrs. T. J. McTigue, '95, A. J. Malone, '95, as Prince Henry and Falstaff, were quite at home in their characters, while Messrs. L. J. Gilboy as Douglas and Leon J. Curley as Sir R. Vernon took their parts creditably. The role of Hotspur was maintained by Mr. M. F. O'Brien, '97. The music, under the direction of Prof. R. Eitz, was delightful. The performance was attended by the members of the faculty and several visitors.

Exposition Endorsed by the G. A. R.

At a meeting of the Department of Maryland, G. A. R., held Thursday night, May 9, at 32 South Holiday Street, Baltimore, Maj. O. A. Horner, Department Commander, presiding, with Capt. Louis M. Zimmerman, assistant adjutant-general, the following resolutions endorsing the Baltimore Centennial Exposition, submitted by Col. Theodore F. Lang, were unanimously adopted:

WHEREAS, Upon the occasion of the 28th National Encampment of the Grand Army of the Republic, held at Pittsburg, on the 12th and 13th of September, 1894, the Department of Maryland, through its commander, Myron J. Rose, and the official delegates, who were ably sustained by Maj. Fred Brackett, Capt. Frank Suplee and Francis C. Maxwell, Esq., of the centennial committee, represented to the members of the said National Encampment that there would be held in the City of Baltimore during the year 1897 a great exposition to commemorate the centennial anniversary of the incorporation of said city; and

WHEREAS, The aforesaid officers of the G. A. R. and the citizens' committee did invite and urge upon the national representatives at Pittsburg to hold their annual encampment in 1897—the centennial year—in the City of Baltimore; and

WHEREAS, The friendly expression of preference of members of the National Encampment in naming Baltimore for this high honor greatly encouraged our delegates and citizens' committee, and it is believed that it is only necessary to keep the question fairly before the national body in order to insure their acceptance of the invitation; and

WHEREAS, As these annual encampments have heretofore been held from 200,000 to 400,000 comrades and their friends, who expend during the session about \$7 per capita, making a grand total of at least 1,000,000 that goes to enrich the merchants, manufacturers, hotels, railroads and wage earners of every branch; and

WHEREAS, We feel assured that should the exposition be inaugurated, the Grand Army of the Republic will hold its annual encampment in our city, and we believe that the success of the event justifies a public expression of our views upon any plan for its promotion; therefore,

Resolved, That we respectfully and earnestly request the Mayor and City Council to favorably consider the ordinance now before them, praying the subscription to the \$500,000 of the capital stock of the Baltimore Centennial Association, subject, of course, to the approval of the Legislature and the vote of the people.

The department proposes to go to Louisville, Ky., where the Grand National Encampment will be held this year, and work to bring the meeting to Baltimore in 1897. At the meeting on last Thursday night resolutions endorsing the Key Monument Association, of Frederick, movement, were also unanimously adopted, particularly that part of the undertaking that refers to a national children's collection on national flag day, June 14.
