"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children." DR. G. C. OSGOOD,

"Castoria is the best remedy for children of which I am acquainted. It appears that a crowd of Washingtonians, who had been playing ball near the scene of the fight, started the trouble, and four are now lodged in the Rockville jail, charged with murderous assault, while two others were shot and badly wounded. Nathan Dorsey, a watchman at the power-house, was badly beaten by the prisoners, and is now in a critical condition. Deputy Sheriff Mullican, in trying to quell the disturbance and protect Dorsey, fired into the mob, and two bullets took effect, one lodging in Michael Hussey's hand and another in the stomach of an unknown man. A flour covered battalion of small boys moved along the Western boulevard, near Ninety-second street, yesterday afternoon, that would have proved an inspiration to any artist. A little chap of five years had been commissioned to purchase a paper bag of flour at the corner grocery, and as he was on his way home he and as he was on his way home he dropped the parcel, and his wails ADVERTISING summoned a flock of sympathizing and diminutive friends, who rallied to the rescue. There were only three pounds of flour in the bag to begin with, and perhaps never since flour was invented has so small an amount covered such an area. Every chap scooped up what he could in his liftle grimy hands, and during the operation the 5 year-old looked on hopefully. Flour never looked so JOBPRINTING white before, and he had no idea there was so much flour in the world, for although there were six friends and with renewed wails he directed his erring and flour tipped toes home-

ward. Spectators gathered all along the line as this miller's brigade moved up the street. The loud cries testified to the boy's distress and were responded to by the mother, who grasped the situation at once. When she laughed everybody laughed, and then everybody threw away flour, and everybody brushed everybody, and the wind blew the rest of it
