### State Geological Survey.

Dr. William B. Clark, state geologist, of Johns Hopkins University, paid a visit to Dr. James A. Mitchell of Mt. St. Mary's College faculty, this week. Drs. Clark and Mitchell were making preliminary arrangements for a geological survey, especially of Frederick, Carroll and Montgomery counties, to which part of the state, Dr. Mitchell will give his chief attention.

### Literally Cooked.

Jacob Dayhoff, aged about fourteen years, was seriously and perhaps fatally scalded on Saturday while working in the Antietam Paper Mills, near Hagerstown. He crept into a hole in the side of the mill for the purpose of scraping rust off of pipes saturated heavily with oil and took fire from a torch which was introduced to afford light. Water was thrown into the hole to put out the fire, and being converted into steam literally cooked young Dayhoff, who was pulled from the hole, which barely admitted his body, in an unconscious condition.

## OUR LETTER FROM FREDERICK.

FREDERICK, Md., June 24.—On Saturday evening the court heard the argument of counsel for the respective parties, in the case for an injunction by the Frederick and Middletown Railroad company to prevent the latter from laying its tracks on Patrick street in this city.

Several hours were occupied in the argument, in which the counsel for the railroad and the counsel for the city were heard. The court, Judge McSherry, on Monday morning filed his written opinion in which he held in favor of the railroad. The city had no interest in the subject matter of the injunction and consequently no standing in the case.

The application for an injunction was therefore refused and the tracks will be laid along Patrick street as the original purpose was to do. An accident occurred on the new railroad a few days ago and one again on Saturday. A truck loaded with coal fell upon the tracks, and the person in charge going down a grade and jumped the track.

The load was upset but the workmen escaped with a few bruises in each instance.

Brigadier General Ridges, of the State Militia, has issued further orders respecting the encampment to be held near this city from July 18 to 20.

Strict discipline will be enforced. A general court martial will be convened in camp for the trial of military offenses.

The chief commissary will furnish subsistence for the troops, and the commissary of the State Militia will be supplied by the city.

Cooks will be employed by direction of the commissary. Medical stores will be supplied by the city.

Pay rolls will be made out and delivered on Friday, July 19th when the troops will receive their pay.

Frederick promises to be very gay during the encampment.

At a recent meeting of the Agricultural Society Mr. Augustus L. Wilson of Urbana was chosen president in place of A. C. McCordell, resigned. Mr. Wilson will probably be chosen president in place of A. C. McCordell, resigned.

The present membership of the year term which expires with the current year.

Dr. S. T. Haffner, president of the Frederick and Middletown Railroad, has returned home. He was greatly pleased with the trip and of course considers McKelvey and Robert and his trip.

The Male and Female High Schools of this city, and the Academy of Visitation B. V. M., respectively, held their closing exercises during the past week. The exercises were very successful.

At the recent examination of applicants for graduation, the following numbers were successful in securing first grade certificates: In the male school, the following numbers were 2, 5, 6, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

Two numbers are held for further consideration. General applicants were not of the age required by law to receive certificates.

Wm. G. Baker, Jr., of Buckeystown, who obtained a first grade certificate, was elected to the School Board of this city in 1890, has just graduated with honors at Yale. Young Baker is also a graduate of Western Maryland College.

Gen. James C. Clarke, of Mobile, Alabama, has been spending several days with friends in Frederick. The general is a strong advocate of militarism and favors the free coinage of silver.

Dr. H. H. Haffner, of Frederick, Md., is still in the city. He is not altogether improbable that he converted some gold into his way of thinking, before leaving Alabama.

## NOW FOR VACATION.

### TWO YOUNG LADIES GRADUATE.

At St. Euphemia's School.—An interesting program of the closing exercises of the school, which was held in the large Music Hall at the school building, on Green Street, Tuesday afternoon at 4 o'clock.

The hall was decorated with potted plants and evergreen, presenting quite an inviting appearance. The large hall was filled to its utmost capacity with the parents and friends of the pupils, and interested spectators, standing-room being almost at a premium.

The entire program was rendered in an excellent manner, showing that the pupils had been thoroughly drilled in their respective parts, and also reflecting great credit upon the Sisters, who have so faithfully labored in behalf of the scholars under their charge.

To the sweet strains of the Entrance March, from *St. Louis*, which was rendered in a very creditable manner by Misses May Kerrigan, Helen Zacharias, Annie Keim, Alice Baker, pianos; Miss Alice McCarren, violin; Master Clarence McCarren, clarinet, while Miss Sallie Hoke gracefully rang a little bell, the Sisters in charge of the different departments of the school entered the hall. The first of the scholars, who marched through the aisles until they arrived at their respective seats.

The next number on the program was "Welcome," which was sung as a full chorus, with Miss Alice McCarren presiding at the piano. This was followed by the overture, "Semiramis," which was rendered in a pleasing manner by Misses A. Baker and S. Hoke. "What Will You Take For Me, Papa," greatly amused the audience and was received with rounds of applause from the appreciative spectators.

It was rendered by twelve little tots, giving an exhibition of their gesticulating ability, and judging from their countenances, they were very much pleased. At certain times their papers would not ask a very high price for them.

This was followed by a well-written essay by Miss Alice McCarren, one of the graduates. Her subject was entitled, "The Mother's Love." The subject was well handled, and the paper was well received.

"Come Where the Rippling Waters Flow," was creditably rendered by the Vocal Class, composed of girls and boys, with Miss Maggie Tyson presiding at the piano.

"Birds," was a recitation by the girls of the intermediate class, and was followed by a Motion Picture entitled "Fly, Little Children Fly," by boys and girls, who performed their parts in a highly pleasing manner, and the same time going through all kinds of manoeuvres. Trio, "Little Beginnings," was next rendered by A. Rosensteel, B. Florence and E. Tyson, piano and M. Nusser, violin, and was well received.

"The American Citizen," by the boys of the Senior Class, "With the Tide," a song by the Senior Class girls, was an enjoyable feature of the entertainment. "Under the Mistletoe," was rendered by the girls of the Junior Class, and was well received.

## Happy Graduates

### Five Young Ladies Graduated at Saint Joseph's Academy.—The Closing Exercises Were Presided Over by Archbishop Elder.—Fine Music and Singing.—Large Attendance.

Notwithstanding the threatening condition of the weather, the eighty-seventh annual commencement of St. Joseph's Academy was held in the Academy Music Hall, yesterday, under the most favorable conditions. The rain, which was just enough to make traveling disagreeable, did not interfere in the least with the plans of those who had previously arranged to attend these exercises which are always of a highly pleasing nature, and the large distribution hall was well filled the parents and friends of the young lady students.

The program was rendered in an excellent manner, showing that the pupils had been thoroughly drilled in their respective parts, and also reflecting great credit upon the Sisters, who have so faithfully labored in behalf of the scholars under their charge.
