It is this very charm of tone that Kemmerer, Wyoming, was attend. ed with serious loss of life and property. There were some fifty miners entombed and all perished but John Anderson, who was working near the mouth of the level. When Anderson realized that the mine was on fire he threw a heavy overcoat over his head and shoulders, and with much difficulty [pushed his way through the flames and reached the mainland completely exhausted and terribly burned, but will recover.

On the Wool Exchange people thought that broker mad when they saw him buying up all the wool on the market and wiring offers all over the colonies. He made a "corner," at any rate, purchased all the wool in Australia and looked happy. Sure enough, in a few late. The eyes are placed side by side man. "It's all out now. It wasn't much weeks' time out came the news by the in the bed, skin side upward, and cov- of a fire, but I thought you'd like to mail steamer, and up went prices. The American Lever Watches, broker sold out for 3 shillings and more a pound and realized some £4,000,000

on the deal. Sarah Bernhardt said that one night | He gave the intelligent immigrant his "tip," and this set the poor chap up

An Ample Kitchen.

What is said to be the largest kitchen feet square, having three chimneys, one for the grate, a second for the stoves, and the third for the great small cupola in the center. It has five windows, from each of which steps floor, and a gallery runs round the whole interior of the building. The

Vast as this kitchen is, it must have been sometimes taxed by the hospitality of former ages, for in one of the ONLYONE DOLLARAYEAR A POWERFUL engine cannot be apartments of the great castle 700

There are only two directions in which the muzzle of a guncan safely be ing an idea of contemporaneous Spanpointed; these are up or down. A shot | ish humor: fired in air can scarcely injure any one or anything and one discharg-How a Grateful Wool Broker Be- ed into the ground is equally harmcame a Millionaire and an Intelli- less. Therefore, in all the different gent Immigrant Became a Tavern positions which the gun assumes, see

Sometimes a man will be seen who carries his gun reversed, holding it by | make my creditors rave!" the muzzle while the fore end rests on the shoulder and the stock projects | behind. Happily, this practice is not dent of the Society For the Prevention common, for it is extremely dangerous, and many men have been killed by carrying their guns in this way. If a man stumbles or steps in a hole or catches his foot on a root and falls, his gun will very likely be thrown forward with the muzzle directly toward his body and may easily enough be discharged.

Sometimes one may see a boy or even a man who will carry the gun across the back of the neck, with one you know I'm a barber?" arm over the stock and the other over livered at the water police station, the to give a very uncomfortable feeling to marry me." dread man eaters from the harbor, by the side of the person carrying his muzzle end. While the danger of a discharge is perhaps not great, it is un. Herald. pleasant to be walking along with a gun pointed at your neck or head .-Forest and Stream.

They Were Forming Opinions.

The club was full. Evening papers chair." After patiently waiting for were at a premium. An atrocious crime some time, another tramp joined him, had been that day committed, and eva table could be the cause of a fire.

Some time, another train joined in and this changed the luck, for he immediately got a fine "bite." It took the of the tragedy and eagerly discussing impoverish themselves to keep up with

A foot had been found in the East cause, noticed a tiny wreath of smoke rising from the counter. Setting aside long. They cut off his fin—15 shillings' of a body in the park.
